Not open to students with credit for History 2221, Clas 2221, 2221E, 2401, or 2401E. GE lit and historical study course. Cross-listed in Clas.		
2194	Intermediate Undergraduate Group Studies	U	3	2231	The Crusades	U	3
	The investigation of particular problems in various fields of history.				Examines the various European crusades - in the Holy Land, Spain, Eastern Europe, and southern France - from their origins to the late 15th century. Sometimes this course is offered in a distance-only format.		
	Prereq or concur: English 1110.xx. Repeatable to a maximum of 18 cr hrs or 6 completions.				Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.		

226 History

2240 Elizabethan England U 3

The social, political, cultural and religious history of England during the reign of Queen Elizabeth I, 1558-1603, including the darker side of the Golden Age. Sometimes this course is offered in a distance-only format.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

2250 Empires and Nations in Western Europe, 1500 - Present U 3

Comparative study of the Modern European Overseas Empires from the "age of discovery" to the postcolonial present. Sometimes this course is offered in a distance-only format.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

2251 Empires and Nations in Eastern Europe, 1500-Present U 3

Comparative study of the Ottoman, Habsburg, and Russian empires, and their successor states in eastern Europe, from 1500 to the present.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 519.03. GE historical study and diversity global studies course.

2270 Love in the Modern World U 3

History of love in philosophy, literature, and art, focusing on the 19th and 20th centuries.

Prereq: English 1110.xx or permission of instructor. Not open to students with credit for 3278 or 528. GE historical study course.

2271 Happiness in History and Practice U 3

This class uses the framework of the history of emotions to examine the intellectual history of the emotion of happiness in Europe from Ancient Greece to the present, particularly the ways it emerged, evolved, and impacted various historical societies, as well as its indications of social diversity.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

2275 Children and Childhood in the Western World U 3

History of children, childhood and youth in the Western World from Antiquity to the present. Sometimes this course is offered in a distance-only format.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

2280 Introduction to Russian History U 3

Selected topics introducing students to the history of Russian politics, society, and culture.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 336. GE historical study and diversity global studies course.

2301 African Peoples and Empires in World History U 3

A thematic course focusing on African world history, empire building, and commercial and cultural links across the Atlantic, the Indian Ocean, and the Mediterranean worlds before and during the Atlantic slave trade.

Prereq or concur: English 1110.xx. Not open to students with credit for 551. GE historical study course.

2302 History of Modern Africa, 1800 - 1960s U 3

Thematic survey of African history from 1800 to the 1960s.

Prereq or concur: English 1110.xx. Not open to students with credit for 350 or AfAmSt 350. GE historical study course.

2303 History of Contemporary Africa, 1960 - present U 3

Africa from independence to the present. Contemporary African societies, cultures, economics, and politics from independence to the present.

Prereq or concur: English 1110.xx. Not open to students with credit for 350. GE historical study course.

2350 Islam, Politics, and Society in History U 3

Introduction to the manner in which Islam has interacted with politics in the Middle East and vicinity from the rise of Islam through the present.

Prereq or concur: English 1110.xx. Not open to students with credit for 340. GE historical study course.

2351 Early Islamic Society, 610-1258 U 3

Origins and early development of selected fundamental Islamic institutions in their historical and cultural context.

Prereq or concur: English 1110.xx. Not open to students with credit for 540.01. GE historical study course.

2352 The Ottoman Empire, 1300-1800 U 3

Studies the political, economic, social, and cultural power of the Ottoman Empire from its origins, through the highpoint of its geopolitical power in the 16th century, to its further evolution through the opening of the period of European imperialism, and will examine the Ottoman Empire as a case from which to study the developmental dynamics of patrimonial sociopolitical systems.

Prereq: English 1110.xx or permission of instructor. Not open to students with credit for 3356 or 540.03. GE historical study course.

2353 The Middle East Since 1914 U 3

An introductory study of the political, social and cultural history and evolution of Islamic civilization since 1914. The course will examine the impact of outside power on the Middle East, as well as the region's responses to modernity; political, socioeconomic and cultural change; ideological strategy; Islamic identity and globalization; and changes in media of communication.

Prereq: English 1110.xx or permission of instructor. Not open to students with credit for 3358 or 540.05. GE historical study course.

2375 Islamic Central Asia U 3

Introductory survey of the political, cultural, religious, and economic history of Islamic central Asia from the eighth-century Arab conquests to the nineteenth-century Russian colonial era. Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 343. GE historical study and diversity global studies course.

2392 Colonial India U 3

South Asia during the colonial period, from the arrival of Vasco da Gama in 1498 until independence and partition of India and Pakistan in 1947.

Prereq or concur: English 1110.xx. Not open to students with credit for 543.03. GE historical study course.

2393 Contemporary India and South Asia U 3

The political, social, economic, and cultural history of contemporary India and the South Asian subcontinent, focusing on India, Pakistan, and Bangladesh.

Prereq or concur: English 1110.xx. Not open to students with credit for 543.04. GE historical study course.

2401 History of East Asia in the Pre-Modern Era U 3

Introduction to societies and cultures of pre-modern China, Korea, and Japan; the East Asian geographical and cultural unit.

Prereq or concur: English 1110.xx. Not open to students with credit for 141. GE historical study and diversity global studies course.

2402 History of East Asia in the Modern Era U 3

Introduction to the transformation of societies and cultures of modern China, Korea, and Japan from the 17th century to the present.

Prereq or concur: English 1110.xx. Not open to students with credit for 142. GE historical study and diversity global studies course.

2450 Ancient and Medieval Jewish History, 300 BCE-1100 CE U 3

Introduction to the history of Jewish communities, religion, and culture in the Near East from the Greco-Roman period to the First Crusade.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 330.01 or JewshSt 2450. GE cultures and ideas and historical study and diversity global studies course. Cross-listed in JewshSt.

2451 Medieval and Early Modern Jewish History, 700-1700 CE U 3

Introduction to the history of Jewish communities, religion, and culture in Europe during the Medieval and Early Modern periods.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 330.01, 330.02, or JewshSt 2451. GE historical study course. Cross-listed in JewshSt.

2452 Modern Jewish History 1700-Present U 3

Study of the history of Jewish communities and Judaism from the early modern period to the early 21st century.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 330.02 or JewshSt 2452. GE historical study course. Cross-listed in JewshSt.

2453 History of Zionism and Modern Israel U 3

The history of Zionist movement and the modern state of Israel from beginnings to present.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 334 or JewshSt 2453. GE historical study course. Cross-listed in JewshSt.

2454 History of Anti-Semitism U 3

Study of the development of anti-Semitism, the history of anti-Semitic ideologies and practices, and different Jewish responses to anti-Semitism over time.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 333 or JewshSt 2454. GE historical study course. Cross-listed in JewshSt.

2455 Jews in American Film U 3

A study of how modern Jews appear in film compared with historical reality.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 332 or JewshSt 2455. GE historical study course. Cross-listed in JewshSt.

2475 History of the Holocaust U 3

Study of the state-sponsored murder of millions of Jews and non-Jews by the Nazis and their collaborators during World War II.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 331 or JewshSt 2475. GE historical study course. Cross-listed in JewshSt.

2500 20th Century International History U 3

Examines international political, economic, and military relations from the origins of World War I through the break up of the Soviet Union. Sometimes this course is offered in a distance-only format.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

2550 History of War	U 3	2703 History of Public Health, Medicine and Disease	U 3
A survey of the main concepts and issues involved in the study of war in world perspective, using case studies from prehistoric times to the present.		Survey of the history of public health, disease and medicine in a global context. Sometimes this course is offered in a distance-only format.	
Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 380. GE historical study and diversity global studies course.		Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.	
2610 Introduction to Women and Gender in the U.S.	U 3	2704 Water: A Human History	U 3
Survey of women and gender from pre-European settlement to present, with particular attention to differences among women.		History of human use and understandings of water from ancient to modern times, with case studies taken from different geographic locations. Sometimes this course is offered in a distance-only format.	
Prereq or concur: English 1110.xx. Not open to students with credit for 325. GE historical study and diversity soc div in the US course.		Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.	
2610H Introduction to Women and Gender in the U.S.	U 3	2705 The History of Medicine in Western Society	U 3
Survey of women and gender from pre-European settlement to present, with particular attention to differences among women.		Explores the changing intellectual, economic, institutional and cultural relationships that have characterized medicine in the Western world from antiquity to the present, and examines individual roles and trends in the education of practitioners, locations of healing, and expectations that people had of medicine as ideas about the body and illness shifted.	
Prereq: Honors standing, or permission of instructor. Prereq or concur: English 1110.xx. Not open to students with credit for 325 or 325H. GE historical study and diversity soc div in the US course.		Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.	
2630 History of Modern Sexualities	U 3	2710 History of the Car	U 3
In-depth analysis of particular topics in the history of modern sexualities throughout the world; topic varies by semester.		The car has shaped the world we live in today. Ideas of capitalism, technology, and consumerism are inherently linked to its creation and expansion in modern society. This course will examine the development of the car in the 20th century, first in the United States and then how its global expansion has come to define global society today.	
Prereq or concur: English 1110.xx. Not open to students with credit for 326. GE historical study course.		Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.	
2641 Global History to 1500	U 3	2720 Big History	U 3
Examines the major issues that have shaped the human experience from the beginnings of human civilization (ca. 3500 B.C.E.) to ca. 1500 C.E., through comparative study of civilizations within the context of religion, trade, technology, art, culture, and gender relations.		"Big History" attempts to explain history at the very largest scales in the widest perspectives, exploring theories of how the universe, planet, life, and humanity came to be. Students will work to understand the essential state of knowledge about cosmic, earth, evolutionary, and human history.	
Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 1681 (181). GE historical study and diversity global studies course.		Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.	
2642 Global History 1500 to Present	U 3	2750 Natives and Newcomers: Immigration and Migration in U.S. History	U 3
Examines the major issues that have shaped the human experience of various regions since 1500 C.E. through comparative study of civilizations within the context of religion, trade, technology, art, culture, industrialism, imperialism, revolution, and gender relations.		General survey of (im)migration history in the U.S. from precolonial times to the present. Topics include cultural contact, economic relations, citizenship, politics, family, and sexuality.	
Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 1682 (182). GE historical study and global diversity studies course.		Prereq or concur: English 1110.xx. Not open to students with credit for 322. GE historical study and diversity soc div in the US course.	
2650 The World since 1914	U 3	2750E Natives and Newcomers: Immigration and Migration in U.S. History	U 3
Global perspective on major forces that shaped the world since 1914. Provides students with factual knowledge and a critical interpretive framework for responsible global citizenship.		General survey of (im)migration history in the U.S. from precolonial times to the present. Topics include cultural contact, economic relations, citizenship, politics, family and sexuality.	
Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 597. GE historical study and diversity global studies course.		Prereq: Honors standing, or permission of instructor. Prereq or concur: English 1110.xx. Not open to students with credit for 322, 322H, or WGSSt 2750H (332H). GE historical study and diversity soc div in the US course.	
2651 World History before the Modern Age	U 3	2750H Natives and Newcomers: Immigration and Migration in U.S. History	U 3
A thematic approach to exploring selected major processes and events that shaped human experience between the Stone Age and 1750. Specific topics and content can vary.		General survey of (im)migration history in the U.S. from precolonial times to the present. Topics include cultural contact, economic relations, citizenship, politics, family and sexuality.	
Sometimes this course is offered in a distance-only format.		Prereq: Honors standing, or permission of instructor. Prereq or concur: English 1110.xx. Not open to students with credit for 322H, WGSSt 3322H or 2750H. GE historical study and diversity soc div in the US course. Cross-listed in WGSSt.	
Prereq or concur: English 1110 (110), or equiv. Not open to students with credit for 1681 (181). GE historical study and diversity global studies course.		2752 Social Reform Movements in U.S. History	U 3
2675 The Indian Ocean: Communities and Commodities in Motion	U 3	Explores organized movements for social change from 1830 to 1970s, including antislavery, women's rights, temperance, utopias, Populists, Progressives, African-American, American Indian and Chicano rights. Sometimes this course offered at distance.	
This course examines the history of the Indian Ocean world, a dynamic inter-regional arena that touches three continents. The course will explore historical processes as they cross traditional boundaries between geographic regions. With its focus on communities and commodities, this course will expose students to the continuities and change that have created the modern Indian Ocean world.		Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.	
Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.		2797.01 Study at a Foreign Institution	U 1 - 6
2680 It's The End of The World!: Apocalypticism in Christianity, Judaism, and Islam	U 3	An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.	
This course will explore how the end of the world—generally understood to be preceded by enormous wars and disasters as well as the judgment of people and a reckoning of their deeds—was imagined over two millennia by Christians, Jews, and Muslims. The course will cover primary and secondary historical works, as well as fictional bestsellers, about the apocalypse from around the world.		Prereq or concur: English 1110.xx., or permission of instructor. Repeatable to a maximum of 27 cr hrs or 9 completions.	
Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for NELC 2680. Cross-listed in NELC. GE historical study and diversity global studies course.		2797.02 The Western Tradition and Contemporary Issues: From Ancient Greece to the Global Present	U 3
2700 Global Environmental History	U 3	Participating students will have the opportunity to experience, and gain a greater appreciation for, the significance of the Western tradition through Ionian University faculty-led overviews of the various historical eras, beginning with ancient Greece and ending in the modern era, and group excursions to historical sites.	
Global overview of the ecology of the human condition in past time, stressing climate change, earth systems, technology, energy, demography, and human cultural-economic revolutions.		Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.	
Prereq or concur: English 1110.xx. Not open to students with credit for 366.01. GE historical study and soc sci human, nat, and econ resources and diversity global studies course.		2798 Study Tour	U 1 - 6
2701 History of Technology	U 3	Specific content, location, semester(s) of offering, and prerequisites vary; contact department office for details.	
Survey of the history of technology in global context from ancient times.		Prereq or concur: English 1110.xx. Not open to students with credit for 698.01 or 698.02. Repeatable to a maximum of 27 cr hrs or 9 completions.	
Prereq or concur: English 1110.xx. Not open to students with credit for 362. GE historical study course.		2800 Introduction to the Discipline of History	U 3
2702 Food in World History	U 3	Investigation of the methods and analytical approaches historians use to understand the past.	
Survey of the history of food, drink, diet and nutrition in a global context. Sometimes this course is offered in a distance-only format.		Prereq or concur: English 1110.xx.	
Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.			

228 History

2800E	Introduction to the Discipline of History	U	3				
	Investigation of the methods and analytical approaches historians use to understand the past. Prereq: Honors standing, or permission of instructor. Prereq or concur: English 1110.xx. Not open to students with credit for 2800 (398) or 2800H (398H).

Topics such as trial by ordeal; forensic medicine; homicide; sex crimes; clerical criminals; treason; sanctuary; and fear-mongering, will be explored.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

3235 Medieval Europe I, 300-1100 U 3

Study of the development of Western European institutions from the fall of the Roman Empire to the eleventh century.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 508.01. GE historical study course.

3236 Medieval Europe II, 1100-1500 U 3

Study of the growth of Western Europe from the eleventh century to the late fifteenth century.

Prereq or concur: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 508.02. GE historical study course.

3239 Medieval England U 3

Survey of English history from the Roman conquest to 1485.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 508.03. GE historical study course.

3240 History of the Italian Renaissance, 1250-1450 U 3

Study of the society, culture, and politics of Italy, from the communal era until the age of humanism, thirteenth to fifteenth century.

Prereq or concur: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 509.01. GE historical study course.

3245 The Age of Reformation U 3

The history of the Protestant, Catholic, and Radical Reformations of 16th and early 17th century Europe.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 511. GE historical study course.

3246 Tudor and Stuart Britain, 1485-1714 U 3

The social, political, and religious history of England and the British Isles in the age of Renaissance, Reformation, and Revolution.

Prereq or concur: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 514.01. GE historical study course.

3247 Magic and Witchcraft in Early Modern Europe (1450-1750) U 3

Investigation of the history of European witchcraft, focusing on intellectual, religious, and social developments and on the great witchcraft trials of the early modern period. Sometimes this course is offered in a distance-only format.

Prereq: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

3249 Early-Modern Europe, 1560-1778 U 3

A survey of Europe from the late-sixteenth-century wars of religion to the more secular political conflicts on the eve of the French Revolution.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 512.01. GE historical study course.

3250 Revolutionary and Napoleonic Europe, 1750-1815 U 3

A survey of European but especially French history from the crisis of the Old Regime to the end of the wars of the French Revolution.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 512.02. GE historical study course.

3251 History of Europe in the 19th Century U 3

Major trends and developments in 19th century European history.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 512.03. GE historical study course.

3252 People on the Move: Migration in Modern Europe U 3

Study of migration movements in Europe from the age of industrialization to the present.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity global studies course.

3253 20th Century Europe to 1950 U 3

Exploration of the major historical events and issues from approximately 1900 to 1950.

Prereq or concur: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 512.04. GE historical study course.

3254 Europe Since 1950 U 3

Europe from Division to Unification.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. Not open to students with credit for 512.05. GE historical study and diversity global studies course.

3260 Britain in the 19th Century U 3

An introduction to the political, economic, and social history of Britain and the British empire from the eighteenth to early twentieth century.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 514.02. GE historical study course.

3263 France in the 20th Century U 3

Study of the major political, economic, social, and cultural transformations between the Dreyfus Affair and the postcolonial present.

Prereq or concr: English 1110.xx, or permission of instructor. Not open to students with credit for 515.02. GE historical study course.

3266 History of Spain, 1469-Present U 3

Unification of the thrones; the rise and fall of empire; rivalry with Portugal; Napoleon to the Civil War; Franco and the Post-Franco Era.

Prereq or concr: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 532. GE historical study course.

3267 Modern Greece U 3

Greece from 1453 to the present; Turkish rule, War of Independence, emergence of the modern state; focus on political, social, and cultural developments.

Prereq or concr: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 517. GE historical study course.

3269 Eastern Europe in the 20th Century U 3

Survey of East European history from World War I to the post-communist era.

Prereq or concr: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 519.02. GE historical study course.

3270 History of World War I U 3

Origins, conduct, and consequences of the First World War in global context.

Prereq or concr: English 1110.xx, or permission of instructor. GE historical study course.

3273 Modernist Thought & Culture, 1880-1945 U 3

This is a team-taught course that surveys modern Western cultural history and its revolutionary developments in physics, genetics, philosophy, psychiatry, visual art, architecture, music, dance, and literature. History of Contemporary China from 1921 to 2000; emphasis on Communist Party, state and society (politics, military affairs, economics, social structure, and culture).

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 545.04. GE historical study and diversity global studies course.

3410 Studies in Chinese History U 3

Topics and issues in any period of Chinese history contingent on interests of faculty and students; usually this course emphasizes readings and discussions.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 546. Repeatable to a maximum of 9 cr hrs. GE historical study and diversity global studies course.

3411 Gender and Sexuality in China U 3

Introduction to gender and sexuality in China, including Confucian gender ideology, changes in marriage, family, sexual morality, and work from pre-modern to modern period. Sometimes this course is offered in a distance-only format.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity global studies course.

3425 History of Japan Before 1800 U 3

History of Japan to 19th century; emphasis on religion, politics, economic development, social structure and culture.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 548.01. GE historical study and diversity global studies course.

3426 History of Modern Japan U 3

Japanese history since 1800: politics, economics, intellectual change, foreign relations. International scientific, technological and cultural interaction, World War II, Japanese contributions to global culture featured.

Prereq or concur: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Not open to students with credit for 548.02. GE historical study course.

3435 History of Early Modern Korea U 3

Examines the development of Korea from ancient times through the turn of the 20th century. Sometimes this course is taught in a distance-only format.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity global studies course.

3436 History of Modern Korea U 3

Modern Korean History, with focus on the legacy of colonialism, the Korean War, the impact of the Cold War, divided Korea, the growth of competing national ideologies and economic systems, and the recent military crises. Sometimes taught at distance.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity global studies course.

3450 History of Ancient Israel (to 300 BCE) U 3

Survey of the history and historiography of Israel from its origins to the advent of Hellenism.

Prereq: English 1110.xx, and any History 2000-level course; or permission of instructor. Not open to students with credit for 530.01 or JewshSt 3450. GE historical study course. Cross-listed in JewshSt.

3455 Jewish Life from the Renaissance to the Early Enlightenment U 3

Life and thought of European and Mediterranean Jews in the early modern period. Sometimes this course is offered in a distance-only format.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for JewshSt 3455. GE historical study course. Cross-listed in JewshSt.

3465 American Jewish History U 3

Study of topics in American Jewish history from the colonial era to the present. Sometimes this course is offered in a distance-only format.

Prereq: English 1110.xx, and any History 2000-level course; or permission of instructor. Not open to students with credit for 530.04 or JewshSt 3465. GE historical study course. Cross-listed in JewshSt.

3470 Messiahs and Messianism in Jewish History U 3

The history of Jewish messianic ideas and of Jewish messianic leadership from ancient to modern times.

Prereq: English 1110.xx, and any History 2000-level course; or permission of instructor. Not open to students with credit for 531.01 or JewshSt 3470. GE historical study course. Cross-listed in JewshSt.

3500 U.S. Diplomacy from Independence to 1920 U 3

The formulation of U.S. foreign policy and foreign relations around the world from the independence of the republic to the aftermath of World War I.

Prereq or concur: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Not open to students with credit for 583.01. GE historical study course.

232 History

3501 U.S. Diplomacy, 1920-Present

U 3

The formulation of U.S. foreign policy and foreign relations around the world from the aftermath of World War I to the modern day.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 583.02. GE historical study course.

3505 U.S. Diplomacy in the Middle East

U 3

Survey of U.S. foreign policy in the Middle East emphasizing the Cold War, Arab-Israeli conflict, Iran, and wars against Iraq. Sometimes this course is offered in a distance-only format.

Prereq: English 1110.xx, and any History 2000-level course; or permission of instructor. Not open to students with credit for JewshSt 3505. GE historical study and diversity global studies course. Cross-listed in JewshSt.

3525 19th Century European International History

U 3

History of the international relations and diplomacy of Europe from the French Revolution to the First World War.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.

3540 Modern Intelligence History

U 3

This course examines the role of diplomatic and military intelligence in the making of policy in modern history.

Prereq or concur: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Not open to students with credit for 584. GE historical study course.

3550 War in World History, 500-1650

U 3

Study of the causes, conduct, and consequences of warfare around the world, 500-1650. Sometimes this course is offered in a distance-only format.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity global studies course.

3551 War in World History, 1651-1899

U 3

Study of the causes, conduct, and consequences of warfare around the world, 1650-1900. Sometimes this course is offered in a distance-only format.

Prereq or concur: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 580.01. GE historical study course.

3552 War in World History, 1900 - Present

U 3

Study of the causes, conduct, and consequences of warfare around the world, 1900-present. Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 580.02. GE historical study course.

3560 American Military History, 1607-1902

U 3

American military history, 1607-1902; emphasis on the formation of national security policy, war-waging, and the reciprocal impact of society and military institutions.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 582.01. GE historical study course.

3561 American Military History, 1902 to the Present

U 3

American military history, 1902 to the present; emphasis on the formation of national security policy, war-waging, and the reciprocal impact of society and military institutions.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 582.02. GE historical study course.

3570 World War II

U 3

Study of the causes, conduct, and consequences of World War II.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 307. GE historical study and diversity global studies course.

3580 The Vietnam War

U 3

Study of the background, causes, conduct, and consequences of the Vietnam War, 1945-1975.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. Not open to students with credit for 308. GE historical study and diversity global studies course.

3590 Wars of Empire

U 3

This course examines the means, methods, challenges and results of military encounters between modern imperial powers and indigenous forces they met on the battlefield.

Prereq or concur: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Not open to students with credit for 381. GE historical study course.

3600 Studies in Women's and Gender History

U 3

In-depth analysis of selected topics in American, European, and/or Third World women's history; topic varies by semester.

Prereq: English 1110.xx, or permission of instructor. Repeatable to a maximum of 12 cr hrs. GE historical study course.

3612 Asian American Women: Race, Sex, & Representations

U 3

Examines the experiences and cultural representations of Asian American women for insight into race, gender, sexuality, and citizenship in U.S. society. Sometimes this course is offered in a distance-only format.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity soc div in the US course. Cross-listed in WGSS 4401.

3620 Lesbian, Gay, Bisexual, and Transgender History in the United States, 1940-Present

U 3

An overview of LGBT culture and history in the U.S. from 1940 to the present. Students will examine changes in LGBT lives and experiences during the last half of the 20th century and the beginning of the 21st century, as well as the intersections of race, sexuality, and class, and how these categories have affected sexual minority communities and broader US law and culture.

Prereq: English 1110.xx, or permission of instructor. GE historical study and diversity soc div in the US course.

3630 Same-Sex Sexuality in a Global Context

U 3

History of same-sex love and sexuality in comparative geographical and chronological contexts.

Prereq or concur: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Not open to students with credit for 526. GE historical study course.

3640 Medieval Women: Power, Piety, and Production

U 3

Investigation of the lives and experiences of medieval European women, with special focus on political power, religious life, work, and family life.

Prereq or concur: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Not open to students with credit for 523. GE historical study course.

3641 Women and Gender in Early Modern Europe: 1450-1750

U 3

Investigation of the lives and experiences of early modern European women, with special focus on family life, gender, work, education, religious life, and political power.

Prereq or concur: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Not open to students with credit for 523. GE historical study course.

3642 Women in Modern Europe, from the 18th century to the Present

U 3

Study of women's lives and activism emphasizing the ways in which economic position, religion, sexuality, marital status, regional and national differences influenced their experiences.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 524. GE historical study course.

3650 Families in Historical Perspective

U 3

Comparative and transnational analysis of family history. Focus on questions of gender, sexuality, culture, religion, and economy as they intersect with families and households.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for 527. GE historical study course.

3670 Trans-National History of World War II in Europe

U 3

One of three Spring prerequisite courses to the World War II Study Program's May term in Europe. Only students accepted into the program during the October registration period may enroll. This class will deepen the contextual knowledge of students about the different national histories and the specific sites they will encounter in May.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. Students must be accepted into the WWII Study Abroad program for the upcoming "May" term. GE historical study course.

3675 How to Stage a Revolution

U 3

Compares revolutionary movements in order to help explain why some fail and some succeed. Sometimes this course is offered in a distance-only format.

Prereq: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

3680 Religion and Law in Comparative Perspective

U 3

Comparative, interdisciplinary approach to studying religion and law. Drawing on concrete cases, historical studies, and theoretical literature, the course explores how the relationship between religion and law has been configured differently in different liberal democracies, such as the U.S., France, and Israel, and what this might mean for contemporary debates. Team-taught w/ faculty in RelStds.

Prereq: Not open to students with credit for RelStds 3680. GE historical study and diversity global studies course. Cross-listed in RelStds.

3700 American Environmental History

U 3

The history of American ecosystems from the last Ice Age to the present; focuses on historical debates over the causes and consequences of environmental change.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.

3701 History of American Medicine

U 3

Survey of the history of American medicine from the Colonial period through the twentieth century.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for 562. GE historical study course.

3702 Digital History

U 3

This course is a survey of the ways digital technology is impacting history: from the collection and preservation of primary sources, to the analysis of those documents with the aid of algorithms, to the representation of the past through digital means. Students will read and reflect upon important works in digital history, as well as engage in the process of creating digital history.

Prereq: English 1110.xx, or permission of instructor. GE historical studies course.

3704 HIV: From Microbiology to Macrohistory

U 3

This course is an interdisciplinary exploration of HIV/AIDS, tracing the evolution of the virus at both the molecular level and within its global historical context. This course is team-taught by a virologist and a historian.

Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for Micrbio 3704. Cross-listed in Micrbio.

3705 History of Capitalism in Comparative and Global Perspective

U 3

An historical comparison of the development of modern forms of capitalism globally.

Prereq or concur: Any 2000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 587.01. GE historical study course.

3706 Coca-Cola Globalization: The History of American Business and Global Environmental Change 1800-Today

U 3

This course offers an introduction to the fields of environmental history and business history, beginning with the industrial revolution of the early nineteenth century and ending in the twenty-first century. It chronicles the rise of some of America's biggest multinational corporations and examines how these firms, working with governments and other institutions, shaped global change.

Prereq: English 1110.xx, or permission of instructor. GE historical study and diversity soc div in the US course.

3708 Vaccines: A Global History

U 3

This course examines the history and biology of vaccines. We explore the discovery and development of vaccines, along with the political and cultural controversies that have surrounded them for centuries. Team-taught course with faculty member in Pharmacy.

Prereq: Not open to students with credit for Phr 3708. GE historical study course. Cross-listed in Phr.

3711 Science and Society in Europe, from Copernicus to Newton

U 3

A survey of the history of science and its place and relationship to European society in the early modern period. Students will understand the various strands that constitute the scientific revolution in early modern Europe, modern intellectual history, how revolutions in thought occur, and will practice analytical and communications skills in working with both secondary and primary sources.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.

3712 Science and Society in Europe, from Newton to Hawking

U 3

The history of science from the eighteenth through to the late twentieth century. Students will study major developments in the physical, geological, biological and chemical sciences, and the relation of the history of science to social, economic, political and cultural developments in European history.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study course.

3715 Explorations of Science, Technology and the Environment in East Asia

U 3

Case studies in the Development of Science, Technology and Environmental Change in the East Asian context, pre-modern to modern times.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. Not open to students with credit for 587.02. GE historical study and diversity global studies course.

3724 History of the Arctic

U 3

This course will introduce students to the history, geography, culture, ethnic diversity, inter-communal relations, economy, and strategic importance of the planet's Arctic regions, from arrival of humans to the region to the present.

Prereq or concur: English 1110.xx, or permission of instructor. GE historical study and diversity global studies course.

3797 Study at a Foreign Institution

U 1 - 6

An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.

Prereq: English 1110 or equiv, and course work in History at the 2000 level, or permission of instructor. Repeatable to a maximum of 27 cr hrs or 9 completions.

3798.01 Study Tour

U 1 - 6

Specific content, location, semester(s) of offering, and prerequisites vary; contact department office for details.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions.

3798.02 The U.S., Europe, and the Second World War: Intersections in 20th Century History

U 3

Study Tour in Europe exploring the history of World War II, the United States, and Europe. Prereq: English 1110.xx, History 3015, 3570, 4795, and French 3801; or permission of instructor. GE historical study and diversity global studies and education abroad course.

3798.03 Shanghai, 1750 to 2050: History, Culture, and Language

U 3

The Shanghai Study Tour will present students with general empirical information and interpretations about the history of Shanghai and China. Students will study the history, culture, and language of Shanghai "up close and personal" by taking classes at East China Normal University, visiting major historical sites in Shanghai, and by living in China.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity global studies and education abroad course.

3798.04 Global Hotspots of the Early Modern World: Buenos Aires

U 3

Through the study of 18th century Buenos Aires, this course will inform students about the emergence of cities that connected Old and New Worlds and that served as places of innovation in commerce, political structures, and ideas. Students will benefit from international travel experience and exposure, and will acquire new depth of knowledge about the history of global interconnectedness.

Prereq: English 1110.xx and any History 2000-level course, or permission of instructor. GE historical study and diversity global studies and education abroad course.

3798.05 HIV in Context: East Africa

U 4

This course is an interdisciplinary exploration of the real world impact of- and response to HIV/AIDS.

Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for Micrbio 3798.05. GE historical study and education abroad course. Cross-listed in Micrbio.

3798.06 Between France and Morocco: Inclusivity and Diversity in the Francophone World

U 3

This is a Study Abroad course offered in the 4-Week May Session that traces the evolution of plural (cultural, religious, political, and national) identities in France and North Africa, focusing on shared histories and tensions between the two countries.

GE historical study and diversity global studies course.

4000 Readings in Early American History

U 3

Advanced readings on selected topics in Early American History.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4005 Research Seminar in Early American History

U 3

Advanced research and writing on selected topics in Early American History.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4010 Readings in Modern U.S. History

U 3

Advanced readings on selected topics in Modern U.S. History.

Prereq or concur: English 1110.xx, any 3000-level History course, and enrollment in History major; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4010E Readings in Modern U.S. History

U 3

Advanced readings on selected topics in Modern U.S. History.

Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598H, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.

4015 Research Seminar in Modern U.S. History

U 3

Advanced research and writing on selected topics in Modern U.S. History.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4015H Research Seminar in Modern U.S. History

U 3

Advanced research and writing on selected topics in Modern U.S. History.

Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598H, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.

4080 Readings in African American History

U 3

Advanced readings on selected topics in African American History.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4090 Readings in Atlantic World History

U 3

Advanced readings on selected topics in Atlantic World History. Sometimes this course is offered in a distance-only format.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4100 Readings in Latin American History

U 3

Advanced readings on selected topics in Latin American History.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4125 Research Seminar in Latin American History

U 3

Advanced research and writing on selected topics in Latin American History.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4125E Research Seminar in Latin American History

U 3

Advanced research and writing on selected topics in Latin American History.

Prereq or concur: Honors standing, and English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4125H Research Seminar in Latin American History

U 3

Advanced research and writing on selected topics in Latin American History. Sometimes this course is offered in a distance-only format.

Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

234 History

4193.01 Individual Studies U 1 - 6

Individual study in some field of historical development; designed to allow the student to work on a problem of particular interest.
Prereq: English 1110.xx and any History 3000-level course, and permission of instructor.
Repeatable to a maximum of 20 cr hrs or 20 completions.

4193.02 Individual Studies U 1 - 6

Individual study in some field of historical development; designed to allow the student to work on a problem of particular interest.
Prereq: English 1110.xx and any History 3000-level course, and permission of instructor.
Repeatable to a maximum of 20 cr hrs or 20 completions. This course is graded S/U.

4194 Advanced Undergraduate Group Studies U 1 - 6

Advanced Undergraduate Group Studies. Sometimes this course is offered in a distance-only format.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions.

4210 Readings in Greek History U 3

Advanced readings on selected topics in Greek History.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4212 Readings in Late Antiquity U 3

Advanced readings on selected topics in Late Antiquity.
Prereq or concur: English 1110.xx, any 3000-level History course, and enrollment in History major; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4217 Research Seminar in Late Antiquity U 3

Advanced research and writing on selected topics in Late Antiquity.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4218 Research Seminar in Byzantine History U 3

Advanced research and writing on selected topics in Byzantine History.
Prereq or concur: English 1110.xx, any 3000-level History course, and enrollment in History major; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4230 Readings in Medieval History U 3

Advanced readings on selected topics in Medieval History.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4235 Research Seminar in Medieval History U 3

Advanced research and writing on selected topics in Medieval History.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4235E Research Seminar in Medieval History U 3

Advanced research and writing on selected topics in Medieval History.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4240 Readings in Early Modern European History U 3

Advanced readings on selected topics in Early Modern European History.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4245H Research Seminar in Early Modern European History U 3

Advanced research and writing on selected topics in Early Modern European History.
Prereq or concur: Honors standing, and English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4250 Readings in Modern European History U 3

Advanced readings on selected topics in Modern European History.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4250H Readings in Modern European History U 3

Advanced readings on selected topics in Modern European History.
Prereq or concur: Honors standing, and English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4255 Research Seminar in Modern European History U 3

Advanced research and writing on selected topics in Modern European History.
Prereq or concur: English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4255E Research Seminar in Modern European History U 3

Advanced research and writing on selected topics in Modern European History.
Prereq or concur: Honors standing, and English 1110 or equiv, and course work in History at the 3000 level, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4285 Research Seminar in Russian, E European and Eurasian History U 3

Advanced research and writing on selected topics in Russian, E European and Eurasian History.
Prereq or concur: English 1110.xx, any 3000-level History course, and enrollment in History major; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4300H Readings in African History U 3

Advanced readings on selected topics in African History.
Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4350 Readings in Islamic History U 3

Advanced readings on selected topics in Islamic History.
Prereq or concur: English 1110.xx, any 3000-level History course, and enrollment in History major; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4400 Readings in Chinese History U 3

Advanced readings on selected topics in Chinese History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4425 Readings in Japanese History U 3

Advanced readings on selected topics in Japanese History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4430 Research Seminar in Japanese History U 3

Advanced research and writing on selected topics in Japanese History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4525 Research Seminar in International History U 3

Advanced research and writing on selected topics in International History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4525E Research Seminar in International History U 3

Advanced research and writing on selected topics in International History.
Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598H, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.

4550 Readings in Military History U 3

Advanced readings on selected topics in Military History.
Prereq or concur: English 1110.xx, any 3000-level History course, and enrollment in History major; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4575 Research Seminar in Military History U 3

Advanced research and writing on selected topics in Military History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4600 Readings in Women's/Gender History U 3

Advanced readings on selected topics in Women's/Gender History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4600E Readings in Women's/Gender History U 3

Advanced readings on selected topics in Women's/Gender History.
Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598H, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.

4625 Research Seminar in Women's/Gender History U 3

Advanced research and writing on selected topics in Women's/Gender History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4650 Readings in World/Global/Transnational History U 3

Advanced readings on selected topics in World/Global/Transnational History.
Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.

4650E Readings in World/Global/Transnational History Embedded U 3

Advanced readings on selected topics in World/Global/Transnational History Embedded.
Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598H, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.

4650H Readings in World/Global/Transnational History Honors U 3

Advanced readings on selected topics in World/Global/Transnational History Honors.
Prereq or concur: Honors standing, any 3000-level History course, English 1110.xx, and enrollment in History major; or permission of instructor. Repeatable to a maximum of 6 cr hrs.

4675	Research Seminar in World/Global/Transnational History	U	3	5010	Special Topics in Modern U.S. History	U G	3
	Advanced research and writing on selected topics in World/Global/Transnational History. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.				Advanced course in Modern U.S. History. Topics Vary. Prereq or concur: Any 3000-level History course, and English 1110.xx; or Grad standing; or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions.		
4675E	Research Seminar in World/Global/Transnational History	U	3	5080	Special Topics in African American History	U G	3
	Advanced research and writing on selected topics in World/Global/Transnational History. Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598H, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.				Advanced course in African American History. Topics Vary. Prereq or concur: Any 3000-level History course, and English 1110.xx; or Grad standing; or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions.		
4700	Readings in the History of Environment, Technology, and Science	U	3	5194	Combined Undergrad and Grad Group Studies	U G	1 - 6
	Advanced readings on selected topics in Environmental History, Technology and Science. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.				The investigation of particular problems in various fields of History. Prereq or concur: Any 3000-level History course, and English 1110.xx; or Grad standing; or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions.		
4700E	Readings in the History of Environment, Technology, and Science	U	3	5210	Special Topics in Greek History	U G	3
	Advanced readings on selected topics in Environmental History, Technology and Science. Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Not open to students with credit for 598, 598H, 598.01, or 598.02. Repeatable to a maximum of 6 cr hrs.				Advanced course in Greek History. Topics Vary. Prereq or concur: Any 3000-level History course, and English 1110.xx; or Grad standing; or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
4705	Research Seminar in the History of Environment, Technology, and Science	U	3	5229	Special Topics in Ancient Christianity	U G	3
	Advanced research and writing on selected topics in Environmental History, Technology and Science. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.				Advanced course in the History of Ancient Christianity. Topics Vary. Prereq or concur: Any 3000-level History course, and English 1110.xx; or Grad standing; or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
4790	Readings in History	U	3	5710	History of Anatomy	U G	3
	Advanced readings on selected topics in history. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.				This course examines the history of anatomy as a way of categorizing and explaining the relationships of parts to wholes in once living creatures, notably human beings. We focus on the history of anatomical observations, education, modes of communication, and professionalization. Team-taught course with faculty member in Anatomy. Prereq: Anatomy 2220, 2300, or 3300; or Grad standing; or permission of both instructors. Cross-listed in Anatomy.		
4795	Research Seminar in History	U	3	5900	Introduction to Quantitative Methods in History	U G	3
	Advanced research and writing on selected topics in History. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.				Prepares students to use quantitative methods in historical research and to take intermediate courses in statistics and data analysis. Prereq or concur: Any 3000-level History course, and English 1110.xx; or Grad standing; or permission of instructor. Not open to students with credit for 596. GE data only course.		
4795E	Research Seminar in History	U	3	6193.01	Independent Study in History	G	1 - 6
	Advanced research and writing on selected topics in History. Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 6 cr hrs.				The investigation of particular problems in various fields of history through graduate-level individual studies. Prereq: Grad standing. Not open to students with credit for 791. Repeatable to a maximum of 15 cr hrs or 5 completions.		
4797	Study at a Foreign Institution	U	1 - 6	6193.02	Independent Study in History	G	1 - 6
	An opportunity for students to study at a foreign institution and receive Ohio State credit for that work. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions.				The investigation of particular problems in various fields of history through graduate-level individual studies. Prereq: Grad standing. Not open to students with credit for 791. Repeatable to a maximum of 15 cr hrs or 5 completions. This course is graded S/U.		
4998	Undergraduate Research in History	U	1 - 6	6194	Graduate Group Studies	G	1 - 6
	Undergraduate research in history. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 20 cr hrs or 20 completions. This course is graded S/U.				The investigation of particular problems in various fields of history. Prereq: Grad standing. Repeatable to a maximum of 12 cr hrs or 4 completions.		
4998E	Honors Undergraduate Research in History	U	1 - 6	6999	Master's Thesis Research	G	1 - 12
	Honors undergraduate research in History. Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.				Research for Master's thesis. Prereq: Grad standing. Repeatable to a maximum of 12 cr hrs or 3 completions. This course is graded S/U.		
4998H	Honors Undergraduate Research in History	U	1 - 6	7000	Studies in Early American History to 1877	G	1 - 6
	Honors undergraduate research in History. Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.				Graduate readings in selected topics in Early American history to 1877. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.		
4999	Undergraduate Research Thesis	U	1 - 6	7001	Graduate Readings in Colonial America	G	1 - 6
	Informal conferences to allow full scope to the initiative of the student; a special topic is assigned and results are tested by papers and special examinations. Prereq or concur: Any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 20 cr hrs or 20 completions. This course is graded S/U.				Readings in the historical literatures of Colonial America in its Atlantic World context to 1763. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.		
4999H	Honors Undergraduate Research Thesis	U	1 - 6	7002	Graduate Readings in the American Revolution and Early Republic	G	1 - 6
	Informal conferences to allow full scope to the initiative of the student; a special topic is assigned and results are tested by papers and special examinations. Prereq or concur: Honors standing, and any 3000-level History course, and English 1110.xx; or permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. A study of historical and related scholarship on the history and experience of black women in the United States. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions. Cross-listed in AfAmAST.			
7193.01	Independent Study in History	G	1 - 6
The investigation of particular problems in various fields of history through graduate-level individual studies. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7193.02	Independent Study in History	G	1 - 6
The investigation of particular problems in various fields of history through graduate-level individual studies. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions. This course is graded S/U.			
7210	Graduate Reading Seminar in Ancient History	G	3
Graduate seminar, with focus on methodological approaches to ancient history and/or a particular problem or theme in Greek, Roman, late antique, or Byzantine history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			
7230	Studies in Medieval History	G	1 - 6
Advanced reading course in sources and monographs on the principal issues and problems in medieval history, with a stress on bibliography. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7240	Studies in Early Modern European History	G	3
Selected topics in western European history of the 17th and 18th centuries. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			
7255	Studies in 20th Century European History	G	1 - 6
This intensive reading course is designed to give graduate students an introduction to historiographical questions in 20th-century European history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7260	Studies in British History	G	1 - 6
Reading in British History. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7265	Studies in French History	G	1 - 6
Selected topics in French political, social, cultural, and intellectual history and historiography. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7269	Studies in German History	G	1 - 6
Graduate readings in German and European history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7275	Studies in Eastern European History	G	1 - 6
Selected topics in Eastern European political, social, cultural, and intellectual history and historiography; theoretical and comparative emphasis. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7280	Studies in Russian, Soviet, and Eurasian History	G	3
Graduate readings seminar on Russian, East European, and Eurasian history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			
7301	African Historiography and Methodology	G	3
The study of sources, research methods, interpretations, and research trends in the field of African history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs. Cross-listed in AfAmAST.			
7303	Comparative History of the African Diaspora and Post-Emancipation, Colonial, & Post-Colonial Reality	G	3
Examination of social, political, and cultural developments and realities in the Black world, from the period of the emancipation to the beginning of the 21st century. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs. Cross-listed in AfAmAST.			
7350	Studies in Islamic History	G	3
Graduate reading seminar on a topic in Islamic history, stressing topical coverage and/or historiography. May be repeated for credit when the topic changes. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			

7400	East Asia and the Pre-Modern World	G	1 - 6
Role of East Asia in the early modern world system, examining the changing relationships between East Asia, Southeast Asia, Central Asia, the European and New World empires. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7405	Introduction to Graduate-level East Asian Studies	G	1
The origins, development and current state of East Asian Area Studies in the U.S., including East Asian Studies relationship with other intellectual disciplines. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 797, EALL 7897 (797), or HistArt 6801 (797). This course is graded S/U. Cross-listed in EALL 7897 and HistArt 6801.			
7410	Studies in Pre-Modern Chinese History	G	1 - 6
Intensive study, through reading and discussion, of major issues and recent scholarship in pre-modern Chinese history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7411	Studies in Modern and/or Contemporary Chinese History	G	1 - 6
Intensive study, through reading and discussion, of major issues and recent scholarship in modern and/or contemporary Chinese history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7425	Studies in Japanese History	G	3
An intensive study, through reading and discussion, of major issues and recent scholarship in Japanese history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			
7500	Studies in International History	G	3
Colloquium in International History. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			
7550	Studies in Military History	G	3
Studies in military history; emphasis on military institutions and activities in war and peace, along with works of historiographical interest to the military history field. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			
7575	Studies in Military Thought and Strategy	G	1 - 6
Analysis and comparison of the most influential writers on the theory and practice of warfare including Thucydides, Machiavelli, Clausewitz, Jomini, Mahan, and Liddell Hart. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.

Readings course for graduate students focusing on the history of women and gender. The course content will be international, emphasizing cross-cultural comparisons. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7630	Studies in the History of Sexuality	G	1 - 6
International and Interdisciplinary Readings in Sexuality History. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7650	Studies in World History	G	1 - 6
Analysis of seminal works and concepts in the development of global-scaled integrative approaches to world history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7680	Studies in the History of Children, Childhood and Youth	G	3
Readings course focusing on the history of children, childhood and youth. The course content will be international, emphasizing cross-temporal and cross-cultural comparisons. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.			
7700	Graduate Readings in Environmental History	G	1 - 6
Graduate level readings course in the historiography and key themes in environmental history. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7705	Graduate Readings in the History of Technology	G	1 - 6
Graduate level readings in the history of technology. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7711	Graduate Readings in the History of Medicine and Health	G	3
A graduate readings course that introduces students to the history of medicine and health as a historical field and will explore how work in the history of medicine and health intersects with scholarly insights in other fields. Prereq: Grad standing.			
7725	Graduate Readings In Power, Culture and State	G	1 - 6
Graduate readings in comparative topics in power, culture, and the state. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			
7755	The History of the Idea of Race in Europe	G	1 - 6
Examines the use and abuse of ideas of race in Western Europe from the Enlightenment to the present. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.			

7797	Study at a Foreign Institution	G	1 - 6	8410	Chinese History Research Methodology	G	1 - 6
	An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.				Introduction to sources and methods in Chinese historical research (pre-modern and modern periods).		
	Prereq: Grad standing, and permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7800	Introduction to Public History	G	1 - 6	8500	Seminar in International History	G	1 - 6
	Survey of the field of Public History.				Graduate Research Seminar in International and Diplomatic History. Topics will vary.		
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7801	Independent Study in Public History	G	1 - 6	8550	Seminar in Military History	G	3
	Permits individual students, or small groups of students to pursue independent work in public history with a faculty sponsor.				Graduate Research Seminar in Military History. Topics will vary.		
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.		
7881	Interdepartmental Seminar	G	1 - 6	8600	Seminar in Women's/Gender History	G	1 - 6
	Two or more departments may collaborate in pressing seminars on subjects of mutual interest; topics to be announced.				Graduate Research Seminar in Women's/Gender History. Topics will vary.		
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7884	History of Literacy/Literacy Past and Present	G	1 - 6	8630	Seminar in the history of Sexuality	G	1 - 6
	Graduate Readings in the History of literacy in ongoing societies and culture; emphasis on changing ideas and impacts of literacy and its acquisition, uses, and consequences.				Graduate Research Seminar in the History of Sexuality. Topics will vary.		
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions. Cross-listed in English and CompStd.				Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7900	Colloquium in the Philosophy of History, Historiography, and the Historian's Skills I	G	3	8650	Seminar in World/Global/Transnational History	G	1 - 6
	Colloquium on the principles of historical thought, historiography, and methods of historical research.				Graduate Research Seminar in World/Global/Transnational History. Topics will vary.		
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.				Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7901	Colloquium in the Philosophy of History, Historiography, and the Historian's Skills II	G	3	8999	Dissertation Research	G	1 - 12
	Colloquium on the principles of historical thought, historiography, and methods of historical research. Particular attention is paid to historical methods.				Research for dissertation.		
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.				Prereq: Grad standing. Repeatable. This course is graded S/U.		
7905	Pedagogy & Professional Development	G	1 - 6				
	Basic ideas and techniques for effective teaching of college history; emphasis on classroom application. Also, professional development, esp. locating funding sources for their study, research, conferences & other professional activities.						
	Prereq: Grad standing. Not open to students with credit for 795.01. This course is graded S/U.						
7910	Prospectus Writing & Professional Development	G	3				
	Seminar dedicated to researching and writing Dissertation Prospectus. Also review of professional development skills: grant writing, building a resume and planning a career, how to write and present a conference paper, book reviews.						
	Prereq: Grad standing. Not open to students with credit for 795.02. This course is graded S/U.						
8000	Seminar in Early American History to 1877	G	3				
	Graduate Research Seminar in Early American History to 1877. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.						
8010	Seminar in Modern U.S. History	G	3				
	Graduate Research Seminar in Modern U.S. History. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.						
8100	Seminar in Latin American History	G	3				
	Graduate Research Seminar in Latin American History. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.						
8210	Seminar in Ancient History	G	1 - 6				
	Graduate Research Seminar in Greek, Roman, Late Antique, or Byzantine History. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.						
8230	Seminar in Medieval History	G	3				
	Graduate Research Seminar in Medieval History. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.						
8250	Seminar in Modern European History	G	3				
	Graduate Research Seminar in Modern European History. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.						
8280	Seminar in Russian, East European and Eurasian History	G	1 - 6				
	Graduate Research Seminar in Russian, East European, and Eurasian History. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.						
8350	Seminar in the History of the Islamic World	G	1 - 6				
	Graduate Research Seminar in the History of the Islamic World. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.						
8400	Seminar in East Asian History	G	1 - 6				
	Graduate Research Seminar in East Asian History. Topics will vary.						
	Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs or 5 completions.						

238 History of Art

2301 Classical Archaeology	U	3	4016 Senior Research Seminar in History of Art	U	3
Introduction to the principles, methods, and history of archaeological investigation in the ancient Greek and Roman world, illustrated through a selection of major classical sites. Prereq: Not open to students with credit for 240, 306, Clas 2301 (Classics 240), or History 2210 (240 or 306). GE cultures and ideas and historical study and diversity global studies course. Cross-listed in Clas 2301 and History 2210.			A research seminar required of all History of Art majors designed to develop and perfect their research and writing skills. Prereq: 4001 or 4010; or permission of instructor.		
2901 Introduction to World Cinema	U	3	4020 Special Topics in Architecture	U	3
Chronological survey of the most influential and recognized film artists and film movements of the world. GE VPA and diversity global studies course.			This is a lecture course, the contents of which would change with each offering. Prereq: 2001 (201), or 2002 (202), or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
3002 The History of Western Architecture	U	3	4050 Art of Paris	U	3
Major buildings of Western Civilization from antiquity to the present in their historical and cultural contexts. Prereq: Not open to students with credit for 250, or 300, or more than one course from 2001-2002 (201-202) or from 210-212 sequences, or Arch 1220 (201), or any course from Arch 5110-5120 (600-602) sequence. GE VPA and diversity global studies course.			Study of the painting, sculpture, buildings, and public and private spaces created in and for the people of Paris. Prereq: Soph standing. Not open to students with credit for 550.		
3005 Christian Art	U	3	4191 Internship in Art History	U	1 - 3
An introduction to the wide range of forms and functions of Christian images and spaces from the origin until 1700. Prereq: Soph standing. Not open to students with credit for 301. GE VPA course.			A cooperative education or internship assignment conducted under the supervision of a faculty member. Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.		
3010H Gender and Sexuality in Western Art	U	3	4193 Individual Studies	U	1 - 3
Introduction to the study of gender and sexuality in the history of art. Topics to be explored include the construction of gender through visual images, viewership and the gaze, the historical status of female artists and patrons, queer and feminist art history, and the depiction of the body. GE VPA course.			Individual study in some field of historical development; designed to allow the student to work on a problem of particular interest. Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.		
3102 Arts and Cultures of Africa and the Diaspora	U	3	4212 Egyptian Art and Archaeology	U	3
An overview of African and African diaspora cultures from a historical perspective. Cultural media will include art, literature, film, dance and photography. Prereq: Not open to students with credit for AfAmAST 3376 (376). GE VPA and diversity global studies course. Cross-listed in AfAmAST 3376.			A specialized study of the architecture, sculpture, painting, and minor arts of ancient Egypt. Prereq: 2001 (201), or equiv with permission of instructor. Not open to students with credit for 621 or 521.		
3211 Art and Civilization in the Near East	U	3	4301 Art of Ancient Greece and Rome	U	3
An examination of the development of the visual arts and architecture of the Near East from the Neolithic Revolution to the Islamic period. Prereq: Soph standing. Not open to students with credit for 305. GE VPA course.			Explores the art of Ancient Greece and the Roman world from the early Bronze Age (c. 3000 BCE) through the era of Constantine (337 CE). While focusing on sculpture, painting and architecture, the approach in this course will also employ the methods of a wide variety of disciplines, including art history, archaeology, anthropology, history, epigraphy and Classical philology. Prereq: Not open to students with credit for Clas 4301. Cross-listed in Clas.		
3521 Renaissance Art in Italy	U	3	4421 Medieval Art	U	3
Art and society in Renaissance Italy. Prereq: Soph standing. Not open to students with credit for 315, 515, 4521 (529), or 4630 (530). GE VPA and diversity global studies course.			Art and architecture of Europe and the Eastern Mediterranean from the 5th to the 15th centuries; focuses on visual culture of monasteries, cathedrals, and castles. Prereq: Soph standing. Not open to students with credit for 603, 625, 651, 525. GE VPA and diversity global studies course.		
3603 Introduction to Modern and Contemporary Latin American Art and Culture	U	3	4510 Northern Renaissance Art	U	3
Provides students with an overview of the major trends and movements of Latin American art and culture from the late 19th to the 21st centuries. GE VPA and diversity global studies course.			Art of Northern Europe from the late 14th to the mid 16th century, with emphasis on the major masters. Prereq: 2001 (201), or 2002 (202), or permission of instructor. Not open to students with credit for 527 or 627.		
3605 History of Photography	U	3	4531 17th-Century Art of the Netherlands	U	3
A thematic overview and critical introduction to the main debates and achievements in the history of photography. Prereq: Not open to students with credit for 345. GE VPA course.			17th Century Dutch and Belgian art: focuses on major artists and various functions of art (propagating religious beliefs, shaping values, defining identities). Prereq: 2001 (201), 2002 (202), or permission of instructor. Not open to students with credit for 533.		
3605H Honors History of Photography	U	3	4541 17th-Century Art of Italy and Spain	U	3
This course will begin with the emergence of photography and will provide a thematic overview and critical introduction to the main debates and achievements in the history of photography. No previous experience in photography required. Prereq: Honors standing, or permission of instructor. Not open to students with credit for 3605. GE VPA course.			17th century Italian and Spanish art and architecture: focuses on major artists and various functions of art and architecture. Prereq: 2001 (201), or 2002 (202), or permission of instructor. Not open to students with credit for 523 or 631.		
3611 Impressionism, Then and Now	U	3	4550 18th-Century European Art	U	3
An examination of the emergence and evolution of French Impressionism and its impact on subsequent artistic production from the early 20th century to the present. GE VPA course.			Artistic trends in eighteenth century Venice, Rome, Paris and London. Prereq: 2002, or permission of instructor. Not open to students with credit for 534 or 634.		
3901 World Cinema Today	U	3	4605 Aspects of Modernity	U	3
An introduction to the art of international cinema today, including its forms and varied content. Prereq: Soph standing, or permission of instructor. Not open to students with credit for 350. GE VPA and diversity global studies course.			Explores questions of the distinctively "modern" in relation both to particular works of art and to various explicit reflections on broader cultural notions of modernity. The content will change with each offering. Prereq: English 1110 (110), and Soph standing. Not open to students with credit for 340. GE VPA course.		
4001 Writing Seminar in History of Art	U	3	4620 Twentieth-Century European Art	U	3
Training in writing a variety of assignments commonly undertaken by art historians. Prereq: History of Art Major. Not open to students with credit for 415.			Historical/Conceptual survey of European art of the twentieth century. Prereq: 2002 (202) or 4605 (340), or permission of instructor. Not open to students with credit for 540.		
4005 An Introduction to Artistic Media and Techniques	U	3	4621 Twentieth-Century Architecture	U	3
A survey of the major historical and contemporary artistic media and techniques. Prereq: History of Art major, or permission of instructor. Not open to students with credit for 450.			A historical and conceptual survey of architecture from the late 19th century to the beginning of the 21st and portions of the late 21st century developments. Prereq: 2002 (202), or permission of instructor. Not open to students with credit for 559.		
4010 An Introduction to the Methods and Theories of Art History	U	3			
An introduction to the fundamental methods and theories of art historical investigation. Prereq: History of Art major, or permission of instructor.					

4640 Contemporary Art Since 1945	U	3	5322 Art and Archaeology of the Roman Empire	U G	3
Visual arts of Europe and the United States from 1945 to the present. Prereq: 2002 (202), or permission of instructor. Not open to students with credit for 541.			Study of the art and archaeology of Rome and its empire from the accession of Augustus to the time of Constantine (27 BCE-336 CE). Prereq: 2001 (201) or 2002 (202); or Grad standing; or permission of instructor. Not open to students with credit for Clas 5322. Cross-listed in Clas.		
4810 The Arts of China	U	3	5422 Medieval and Renaissance Manuscript Illumination	U G	3
An overview of the visual arts of China and their cultural context from prehistoric times to the modern era. Prereq: Soph standing, or permission of instructor. Not open to students with credit for 576. GE VPA and diversity global studies course.			A chronological survey of Medieval and Renaissance illuminated manuscripts in the West. Prereq: 2001 (201), or Grad standing, or permission of instructor. Not open to students with credit for 652.		
4815 Modern and Contemporary Chinese Art	U	3	5521 Renaissance Painting in Central Italy	U G	3
Modern Chinese art (late 19th century to today) with emphasis on artists, artworks, and their social, artistic, institutional, and theoretical contexts. Prereq: Soph standing. Not open to students with credit for 679.			A history of the arts of Florence and Rome from 1400 to 1600. Prereq: 2002 (202), or Grad standing, or permission of instructor.		
4820 The Arts of Japan	U	3	5562 Art and History in Early Modern Latin America, 1492-1820	U G	3
Major trends in the visual arts of Japan, from prehistory through the 19th century. Prereq: English 1110 (110) or 111 or equiv. Not open to students with credit for 582. GE VPA and diversity global studies course.			Explores the visual culture of early modern Latin America through studies of wide range of objects—from featherwork shields to beadwork “idols” to paintings on paper and canvas—interpreted from a range of disciplinary (art history, anthropology, history) and theoretical perspectives.		
4825 From Modernism to Manga: Modern and Contemporary Art in Japan	U	3	5611 European Art in the Age of Revolution, 1774-1851	U G	3
Explore the arts of Japan from 1868-present, covering a wide range of materials, including sculpture, performance art, photography, contemporary painting, and manga. We will discuss historical & social contexts and the burst of the economic bubble in the 1990s. We will address issues such as gender and representations of the body, the cult of cuteness, and the dynamics of nationalism since 1945. GE VPA and diversity global studies course.			Survey of major trends in European art from the French Revolution until the middle of the 19th Century. Prereq: 2002 (202), or 4610 (535), or Grad Standing, or permission of instructor. Not open to students with credit for 657.		
4998 Undergraduate Scholarship: Research and Creative Activity in History of Art	U	1 - 3	5612 European Art in the Age of Empire, 1852-1900	U G	3
Undergraduate research or creative activities in varying topics. Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			Survey of major trends in European art from 1852 until the end of the 19th Century. Prereq: 2002 (202), or 4610 (535), or Grad standing, or permission of instructor. Not open to students with credit for 658.		
4998H Undergraduate Research (Honors)	U	1 - 3	5621 Post-Impressionism to Dada	U G	3
Undergraduate research or creative activities in varying topics. Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			Survey of major trends in European art from circa 1880 to the aftermath of World War I. Prereq: 2002 (202), or Grad standing, or permission of instructor. Not open to students with credit for 636.01.		
4999 Thesis Research	U	1 - 3	5622 From Dada to Dictatorship	U G	3
Undergraduate research or creative activities in varying topics. Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			European art between the World Wars: Post-Cubism, Dada and Surrealism, Bauhaus and Constructivism, and Abstraction. Prereq: 2002 (202), or Grad standing, or permission of instructor. Not open to students with credit for 636.02.		
4999H Thesis Research Honors	U	1 - 3	5641 Postmodernism	U G	3
Undergraduate research or creative activities in varying topics for an Honors thesis project. Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			Exploration of the central issues in the claim to the emergence of a distinctly “postmodern” art in the last part of the 20th century. Prereq: 4620 (540), or 4640 (541), or Grad standing, or permission of instructor. Not open to students with credit for 641.		
5001 Topics: Western Art	U G	3	5643 New Media Art and Theory	U G	3
Topics to be announced. Repeatable to a maximum of 9 cr hrs.			An investigation of the art and theory of contemporary new media.		
5002 Topics in Asian and Non-Western Art	U G	3	5645 Video Art	U G	3
Topics to be announced. Repeatable to a maximum of 9 cr hrs.			Introduces students to video as an artistic medium by studying its contentious past, multiple forms, and the trajectories of this expanding field. Prereq: Not open to students with credit for 640.		
5060 Alternative Histories	U G	3	5711 Art of India I	U G	3
An exploration of the strategies and techniques developed by both academic and non-academic historians to re-imagine the past, with an emphasis on interpreting non-alphabetic traces of the past.			Art and Architecture of India from Pre-Historic Times to circa 1200. Prereq: Not open to students with credit for 671.		
5222 Later Islamic Art	U G	3	5815 The Lyric Journey: Chinese Painting of the Tang and Song Periods (618-1279)	U G	3
Introduction to the history of Islamic art and architecture in the later period (14th through the 18th centuries) including the Mongol, Timurid, Mamluk, Ottoman, Safavid, and Indo-Muslim art. Prereq: 2001 (201), or 2002 (202), or 2003 (213), or Grad standing, or permission of instructor. Not open to students with credit for 664.			A survey of Chinese painting from the Tang and Song Periods (618-1279), with emphasis on style, subject matter, and cultural context. Prereq: Soph standing. Not open to students with credit for 678.01.		
5311 Art and Archaeology of Preclassical Greece	U G	3	5816 Images of the Mind: Chinese Painting of the Yuan and Ming Periods (1279-1644)	U G	3
Study of the art and archaeology of Ancient Greece from the early Bronze Age (c. 3000 BCE) through the Archaic period (c. 480 BCE). Prereq: 2001 (201), or 522, or equiv preparation in Classical Studies or Ancient history; or Grad standing. Not open to students with credit for Clas 5311. Cross-listed in Clas.			A survey of Chinese painting from the Yuan and Ming periods, with emphasis on style, subject matter, and cultural context. Prereq: Soph or Grad standing, or permission of instructor. Not open to students with credit for 678.02		
5312 Art and Archaeology of Classical Greece	U G	3	5901 Silent Cinema, 1895-1927	U G	3
Study of the art and archaeology of Ancient Greece during the Classical period (c. 480-300 B.C.). Prereq: 2001 (201) or 2002 (202), or Grad standing; or permission of instructor. Not open to students with credit for Clas 5312. Cross-listed in Clas.			A study of the development of silent film as an international art form. Prereq: Soph standing. Not open to students with credit for 647.		
5321 Art and Archaeology of the Hellenistic Mediterranean and Roman Republic	U G	3	5905 Avant-Garde Cinema	U G	3
Study of the art and archaeology of the Hellenistic Mediterranean, including the Roman Republic. Prereq: 2001 (201) or 523, or equiv, or Grad standing. Not open to students with credit for Clas 5321. Cross-listed in Clas.			A survey of significant historical contributions to avant-garde cinema. Prereq: Jr standing. Not open to students with credit for 650.		
			5910 History of Documentary Cinema	U G	3
			Historical, chronological survey of significant ideas about and contributions to documentary cinema. Prereq: Jr standing. Not open to students with credit for 653.		

240 History of Art

6001	Historical and Conceptual Bases of Art History	G	3	8821	Studies in Japanese Art	G	4
	Investigation of intellectual and historical foundations of modern art history. Prereq: 20 cr hrs in HistArt. Not open to students with credit for 715.				Advanced study and specialized research in the history of Japanese art. Prereq: 5821 (681), 5822 (682), or 8821 (780), or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
6015	Practicum for Graduate Teaching Associates in the History of Art	G	1	8901	Cinema Studies	G	4
	A teacher-training and professional development workshop for new Graduate Teaching Associates in Art History. Prereq: Open only to students with a GTA appointment in the department of history of art. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.				Intensive studies of specific movements, artists, periods and theories of cinema. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs.		
7015	Curatorial Studies: Exhibition Histories	G	4	8999	Dissertation Research in History of Art	G	1 - 12
	This course examines the art exhibition (from the 19th century to the present) as an exemplary cultural form. It traces the history of modern art through specific exhibitions that have redefined the parameters of art-making, on the one hand, and its reception on the other, defining along the way the terms that inform curatorial practice. Prereq: Grad standing.				Research for dissertation purposes only. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.		
7020	Curatorial Elective	G	4				
	Courses offered under this number serve as electives within the Contemporary Art and Curatorial Practice program. They are designed to examine specific curatorial topics, and are sometimes offered in conjunction with current exhibitions. Prereq: Grad standing. Repeatable to a maximum of 12 cr hrs.						
7189.01	Curatorial Practicum: Exhibition Planning	G	2				
	This course is intended to give students in the Contemporary Art and Curatorial Practices MA program the opportunity to design and prepare an exhibition. Prereq: Students must be in their final year of the MA program in Contemporary Art and Curatorial Practice. This course is graded S/U.						
7189.02	Curatorial Practicum: Exhibition Execution	G	4				
	This course is intended to give students in the Contemporary Art and Curatorial Practices MA program the opportunity to install an exhibition of their own design and to write the accompanying catalog essays. Prereq: 7189.01. This course is graded S/U.						
8000	Topics in Art History	G	3				
	A graduate-level equivalent of a course being offered at the 500-level. Prereq: Grad standing. Not open to students with credit for 890. Repeatable to a maximum of 6 cr hrs.						
8001	Studies in Art Theory and Criticism	G	4				
	Investigations of theories of art and their applications. Prereq: 5640 (600), or permission of instructor. Not open to students with credit for 839 or 710. Repeatable to a maximum of 12 cr hrs.						
8193	Individual Studies	G	1 - 3				
	Advanced study for students in specialized programs. Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.						
8401	Studies in Medieval Art	G	4				
	Selected problems in architecture, painting, sculpture, and the minor arts from the Early Christian through Byzantine and Gothic periods. Repeatable to a maximum of 12 cr hrs.						
8521	Studies in Italian Renaissance Art	G	4				
	Advanced study and specialized research on topical problems in the painting, sculpture, and architecture of Italy in the 14th, 15th, and 16th centuries. Repeatable to a maximum of 12 cr hrs.						
8531	Studies in Northern Baroque Art	G	4				
	Advanced study and specialized research on topical problems in the painting, sculpture, and architecture of Belgium, the Netherlands, Germany and France in the 17th century. Prereq: 5531 (632), or permission of instructor. Repeatable to a maximum of 12 cr hrs.						
8561	Studies in Latin American Art	G	4				
	Advanced study and specialized research on topical issues in Latin American Art. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.						
8601	Studies in Modern Art	G	4				
	Advanced study and specialized research on topical problems in the art of the United States or modern Europe. Prereq: Grad level course in Modern Art, or permission of instructor. Repeatable to a maximum of 12 cr hrs.						
8641	Wexner Seminar	G	1 - 4				
	Graduate seminar offered in conjunction with Wexner exhibitions, performance series, media series, or symposia; may be taught by visiting artists, performers, or critics. Repeatable to a maximum of 12 cr hrs or 12 completions. Cross-listed in CompStd 8891.						
8811	Studies in Chinese Art	G	4				
	Advanced study and specialized research in the history of Chinese art. Prereq: 5811 (677), 5815 (678), or 5816, or permission of instructor. Repeatable to a maximum of 12 cr hrs.						

Honors, University

2296H	University Honors Proseminar	U	1 - 3
	Designed to foster an understanding of concepts, issues, and problems which transcend the boundaries of a single discipline; topic varies. Prereq: Honors standing, or permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions.		
2396H	London Honors	U	3
	An introduction to British life and culture. Students study the formation of British rule, political structures, immigration, diversity, global position, art, and literature and how these experiences have shaped the worldviews, beliefs, policies, and practices of English society. At the end of the semester, students participate in a week long study abroad in London/England. Prereq: Honors standing, and enrollment in London Honors program, and permission of department. GE education abroad course.		
2596H	Interdisciplinary and Collaborative Research	U	3
	Provides an introduction to and practicum on interdisciplinary and collaborative research and creative activity. Students separate into teams and execute a project of their own, the results of which will be shared in the final weeks of the semester. The students, guided by faculty, will formulate projects that relate specifically to the Ohio State University. Prereq: Honors standing. GE cross-disciplinary seminar.		
3596H	University Honors Seminar	U	1 - 3
	University Honors Seminar. Prereq: Honors standing. Repeatable to a maximum of 9 cr hrs or 3 completions.		

Horticultural Technology

1201T	Exploring Horticulture	U	1/2
	Promotes student success in college and preparation for a career; explores personal and career interests, needs, goals, and the support services available for student success.		
2110T	Plant Materials I	U	3
	Plant identification course to include: trees, shrubs, evergreens, vines, annuals, perennials and tropical plants common to the Midwest covering: identification, morphology, classification, nomenclature and adaptability. A grade of C or better required to meet graduation requirements for Landscape Horticulture and Turfgrass Management. Prereq: Not open to students with credit for 243T and 244T. This course is available for EM credit.		
2120T	Plant Materials II	U	3
	Plant identification including: less common deciduous and evergreen trees, shrubs, vines and herbaceous plants common to the Midwest covering: identification, morphology, classification, nomenclature and adaptability. A grade of C or better is required to meet graduation requirements for Landscape Horticulture. Prereq: Not open to students with credit for 243T and 244T. This course is available for EM credit.		
2140T	Horticultural Photography	U	1
	Introductory digital photography and image editing course emphasizing composition, lighting, and exposure. Digital correction and editing with emphasis on horticultural marketing and portfolio development. Prereq: Not open to students with credit for 270T. This course is available for EM credit.		
2150T	Horticultural Root Media	U	2
	Study of horticultural root media, including functions, texture, structure, ingredients, preparation, pasteurization, pore spaces, water and nutrient holding capacity, pH, irrigation practices and containers. This course is available for EM credit.		
2189.10T	Practicum in Floral Design	U	1 - 2
	Supervised experiences in floral design and flower shop work. A grade of C or better is required to meet graduation requirements. Prereq: 2600T. Repeatable to a maximum of 4 cr hrs or 4 completions.		
2189.21T	Practicum in Greenhouse Management	U	1
	Supervised experiences in greenhouse crop production. A grade of C or better is required to meet graduation requirements. Repeatable to a maximum of 4 cr hrs.		

Horticultural Technology 241

2189.22T Practicum in Nursery Management	U 1	2227T Turfgrass Reel Mower Maintenance	U 3
Supervised experiences in nursery crop production and management. A grade of C or better is required to meet graduation requirements.		Theory, configuration, and maintenance of turfgrass reel mower cutting units, including a study of the bedknife attitude, spin vs relief grinding, backlapping, bedknife selection.	
Repeatable to a maximum of 4 cr hrs.			
2189.30T Practicum in Landscape Horticulture	U 1 - 2	2230T Fundamentals of Turfgrass Science and Management	U 3
Supervised experiences in landscape maintenance work. A grade of C or better is required to meet graduation requirements.		Identification, growth and development characteristics and responses, uses, and fundamental practices essential to the production and management of fine quality turf. A grade of C or better required to meet graduation requirements for Landscape Horticulture and Turfgrass Management.	
Repeatable to a maximum of 4 cr hrs or 4 completions.		Prereq or concr: GenBiol 1250T and GenMath 1040T or Math 1050 or math placement level R or higher. This course is available for EM credit.	
2189.50T Turfgrass Management Practicum	U 1	2240T Golf Course and Sports Turf Irrigation and Drainage	U 3
Practical experience in supervised horticultural/turfgrass laboratories, with emphasis on developing and improving competencies related to classroom, laboratory and career activities. A grade of C or better is required to meet graduation requirements.		Principles of design, selection, installation, maintenance, and operation of equipment and materials used in golf course and sports turfgrass irrigation and drainage systems. A grade of C or better required to meet graduation requirements for Turfgrass Management.	
Prereq: Open to Turfgrass Management major. Repeatable to a maximum of 3 cr hrs.		Prereq: GenMath 1040T or Math 1050 or math placement level R or higher.	
2190.10T Practical Leadership in Floral Design	U 1 - 2	2250T Turfgrass Cultural Systems and Practices	U 3
Supervised experiences in flower shop leadership and management. A grade of C or better is required to meet graduation requirements.		A study of cultural and environmental factors related to maintaining fine turfgrasses with special emphasis on mathematical calculations and materials applications. A grade of C or better required to meet graduation requirements for Turfgrass Management.	
Prereq: 2189.10T (264T and 268T). Repeatable to a maximum of 2 cr hrs or 2 completions.		Prereq: 2225T (EngTech 219T), 2230T (223T). Not open to students with credit for 225T.	
2190.21T Practical Leadership in Greenhouse Management	U 1	2260T Sports Turf Operations Organization and Management	U 3
Supervised experiences in greenhouse leadership and management. A grade of C or better is required to meet graduation requirements.		Specialized course in sports turf management including the organization, design, construction, equipment, field surface quality, safety, personnel, finances, renovation, and maintenance of a sports turf facility. A grade of C or better required to meet graduation requirements for Turfgrass Management.	
Prereq: 2189.21T. Repeatable to a maximum of 2 cr hrs.		Prereq: 2191.50T (290.05T), BioTech 2218T (218T). Prereq or concr: 2880T (272T) or 2890T (274T).	
2191.10T Floral Design and Marketing Internship	U 1 - 2	2270T Golf Course Organization and Management	U 3
Employment in the floral industry, structured to provide varied occupational experiences, supervised by an industry employer, and coordinated by faculty. A grade of C or better is required to meet graduation requirements.		Specialized course in golf course management including the organization, design, construction, equipment, personnel, finances, and maintenance of the golf course. A grade of C or better required to meet graduation requirements for Turfgrass Management.	
Prereq: 2189.10T (264T and 268T). Repeatable to a maximum of 4 cr hrs or 4 completions.		Prereq: 2191.50T (290.05T), BioTech 2218T (218T). Prereq or concr: 2880T (272T) or 2890T (274T). Not open to students with credit for 227T.	
2191.21T Greenhouse Management Internship	U 1 - 3	2320T Landscape Construction	U 3
Employment in the greenhouse industry, structured to provide varied occupational experiences, supervised by an industry employer, and coordinated by faculty. A grade of C or better is required to meet graduation requirements.		Techniques for building, pricing, bidding and installing various landscape plantings, features and structures including (but not limited to): pavers, retaining walls and wooden structures. A grade of 'C' or better required to meet graduation requirements for Landscape Horticulture.	
Prereq: 1201T and 2189.21T, and 2500T. Repeatable to a maximum of 6 cr hrs or 2 completions.		Prereq: GenMath 1040T or Math 1050 or math placement level R or better. This course is available for EM credit.	
2191.22T Nursery Management Internship	U 3	2360T Landscape Design	U 3
Employment in the nursery industry, structured to provide varied occupational experiences, supervised by an industry employer, and coordinated by faculty. A grade of C or better is required to meet graduation requirements.		Introduction to landscape drafting, CAD, design and planning emphasizing the design program, form composition, drafting techniques, design representation and 2 and 3-dimensional CAD. A grade of C or better required to meet graduation requirements for Landscape Horticulture.	
Prereq: 1201T and 2189.22T. Repeatable to a maximum of 6 cr hrs.		Prereq or concr: 2110T. Not open to students with credit for 231T.	
2191.23T Greenhouse Engineering Technology Internship	U 3	2410T Sustainable Nursery Management and Production	U 4
Experience of employment in the greenhouse industry, structured to provide varied occupational experiences, supervised by an industry employer, and coordinated by faculty. A grade of 'C' or better required to meet graduation requirements for Greenhouse and Nursery Management Greenhouse Engineering Technology specialization.		Principles of sustainable nursery management, marketing and production operations with an emphasis on nursery facilities and practices necessary to produce field grown and container nursery stock.	
Prereq: 1201T, 2189.21T, and 2500T. Repeatable to a maximum of 6 cr hrs.		Prereq: 2120T; and GenBiol 1250T (125T) or Biology 1113 (113). Not open to students with credit for 241T and 242T.	
2191.30T Landscape Horticulture Internship	U 3	2420T Garden Center Management	U 2
Employment in the landscape industry structured to provide varied occupational experiences. Supervised by an industry employer and coordinated by faculty. A grade of C or better is required to meet graduation requirements.		Principles of retail garden center management including sales, marketing, advertising, personnel management, customer relations and management of product lines, stock and displays.	
Prereq: 1201T (230T); a grade of C or above in 2110T (244T); GPA 2.0 or above. Repeatable to a maximum of 6 cr hrs.		Prereq: 2120T. Not open to students with credit for 248T.	
2191.50T Turfgrass Management Internship	U 3	2500T Greenhouse Environment Control	U 4
Employment in turfgrass management industry at an approved facility structured to provide varied occupational experiences. Supervised by an industry professional and coordinated by faculty. A grade of C or better required to meet graduation requirements.		Principles and practices of sustainable greenhouse operation and management. Topics include glazings, frames, heating, cooling, energy conservation, nutrition, irrigation, light, plant growth and operations management. A grade of C or better required to meet graduation requirements in Greenhouse and Nursery Management Nursery Specialization.	
Prereq: A grade of C or above in 2225T (289.05T and EngTech 219T), 2230T (223T) and 2250T (225T), and CPHR 2.0 or above. Repeatable to a maximum of 6 cr hrs.		Prereq: Not open to students with credit for 251T. This course is available for EM credit.	
2191.55T Turfgrass Equipment Manager Internship	U 2	2520T Greenhouse Perennial Production	U 3
Employment in turfgrass equipment management industry at an approved facility structured to provide varied occupational experiences. Supervised by an industry professional and coordinated by faculty. A grade of C or above required to meet graduation requirements.		Principles and practices of greenhouse perennial plant production, including propagation, vernalization, photoperiodic treatments, production techniques, integrated pest and plant health management, and post-harvest marketing.	
Prereq: A grade of C or above in 2225T and 2227T.		Prereq: 2500T (251T). Not open to students with credit for 255T. This course is available for EM credit.	
2193T Individual Studies	U 1 - 3	2540T Greenhouse Production of Annuals	U 3
Designed to give an individual student an opportunity to pursue special studies not offered in other courses.		Principles and practices of greenhouse bedding and flowering container plant production, including propagation, transplanting, nutrition, environmental requirements, height control, harvesting, pests, pathogens and post-harvest marketing.	
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		Prereq: 2500T.	
2194T Group Studies	U 1 - 3		
Designed to give groups of students an opportunity to pursue special studies not offered in other courses.			
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.			
2225T Turf Equipment Operation and Maintenance	U 3		
Principles and practices of turf facilities organization and management, equipment maintenance, operation, safety and fleet management. A grade of C or better required to meet graduation requirements for Turfgrass Management.			
Prereq or concr: GenMath 1040T or Math 1050 or math placement level R or higher.			

242 Horticultural Technology

2560T	Greenhouse Vegetable Production	U	3	2201	Ecology of Managed Plant Systems	U	4
Principles and practices of greenhouse vegetable crop production, including propagation, production systems, nutrition, environmental requirements, management practices, harvesting, pests, pathogens, food safety and post-harvest handling.							
Prereq:	2500T.			Origin, diversification, and biogeography of plants inhabiting managed landscapes.			
GE nat sci bio course.							
2600T	Commercial Floral Design	U	4	2201E	Ecology of Managed Plant Systems	U	4
A basic course introducing the elements and principles of floral design as they relate to the construction of saleable flower arrangements and corsages.							
Prereq:	Not open to students with credit for 262T and 264T. This course is available for EM credit.			Origin, diversification, and biogeography of plants inhabiting managed landscapes.			
Prereq: Honors standing. GE nat sci bio course.							
2620T	Retail Flower Shop Operation	U	2	2202	Form and Function in Cultivated Plants	U	4
Principles and practices of management and operation of a retail flower shop with emphasis on purchasing, pricing, merchandising, selling, delivery and wire services.							
Prereq:	2600T. This course is available for EM credit.			An introduction to plant growth and development with special emphasis on structure function relationships important to productivity and quality in cultivated plants.			
Prereq: Not open to students with credit for 300, 300E, 310, 315, or PlntBio 300. GE nat sci bio course.							
2640T	Flowers for Celebrations	U	4	2202E	Form and Function in Cultivated Plants	U	4
A specialized course dealing with consulting, planning, organizing and creating floral designs and decor for wedding ceremonies and receptions, parties, and celebrations of life.							
Prereq:	2600T (262T and 264T). Not open to students with credit for 265T and 269T.			An introduction to plant growth and development with special emphasis on structure function relationships important to productivity and quality in cultivated plants.			
Prereq: Honors standing. Not open to students with credit for 300, 300E, 310, 315, or PlntBio 300. GE nat sci bio course.							
2660T	Post-Harvest Flower Care	U	2	2250	Introduction to Professional Golf Management	U	2
Principles and practices of post-harvest flower care from producer to consumer with emphasis on identification and proper care and handling at the retail level.							
Prereq:	2640T. Concur: 2680T. Not open to students with credit for 263T. This course is available for EM credit.			Acquaints students with the PGM program, including program facilities and resources, components of the PGA/PGM Program, golf history, PGA Constitution, Career Enhancement, Golf Operations, and Customer Relations.			
Prereq: Not open to students with credit for 250 or 350. GE data only course.							
2680T	Contemporary Floral Design	U	3	2260	Data Analysis and Interpretation for Decision Making	U	3
An advanced course emphasizing the artistic nature of floral design with a global perspective of contemporary styles, techniques and trends.							
Prereq:	2640T. Concur: 2660T. Not open to students with credit for 267T.			Basic concepts of probability and statistics applied to the interpretation of quantitative data.			
Prereq: Math 1130 (130), 1148 (148), 1149, 1150 (150), 1151.01, 1151.02, or 1156. Not open to students with credit for 260, AEDEcon 2005 (205), AnimSci 2260 (260), ComLdr 3537 (387), or ENR 2000 (222). GE data only course.							
2720T	Arboriculture	U	3	2270	Historical Perspectives on Golf Course Design and Management	U	2
Principles of proper tree culture, management and care emphasizing planting, maintenance, evaluation, and diagnosis and care of tree problems.							
Prereq:	2110T (243T or 249T); and GenBiol 1250T (125T) or Biology 1113 (113). Not open to students with credit for 278T.			A historical survey of golf course design and management and its effect on contemporary design and management.			
Prereq: Not open to students with credit for 270.							
2740T	Plant Propagation	U	4	2305	Organic Gardening	U	1
Principles, techniques, skills, materials, and facilities used to propagate herbaceous and woody plants with emphasis on commercial propagation methods.							
Prereq:	GenBiol 1250T or Biology 1113 or HCS 2202.			An overview and assessment of organic gardening practices for sustenance and recreation.			
Prereq: Not open to students with credit for 305.							
2880T	Principles of Weed Science	U	3	2306	Sustainable Vegetable Production Practicum: Planning, Growing and Marketing	U	3
A study of weed classification, ecology, plant competition, herbicide formulation, properties and uses of herbicides and weed management in horticultural crops. A grade of C or better required to meet graduation requirements for Landscape Horticulture and Turfgrass Management.							
Prereq:	GenBiol 1250T (125T). Prereq or concur: GenChem 1100T (131T). Not open to students with credit for 272T or CrpSoil 2422T (266T). This course is available for EM credit.			Provides students with an introduction to small-scale vegetable farm planning and management through consideration of plant growth and production, farm design, farm management and operations, and produce marketing.			
Prereq: Not open to students with credit for 234.							
2890T	Plant Diseases of Ornamentals and Turf	U	3	2340.01	Woody Ornamental Plants	U	3
Principles and practices in diagnosing and treating plant diseases on woody ornamentals and turf. A grade of C or better required to meet graduation requirements for Landscape Horticulture and Turfgrass Management.							
Prereq:	2110T or 2120T or 2230T; GenBiol 1250T. This course is available for EM credit.			A survey of the most important woody ornamentals used in horticulture in the Midwest U.S. Weekly lectures will emphasize ornamental attributes, usage and management. Weekly plant walks (outdoor lecture) will emphasize plant identification.			
Prereq: Not open to students with credit for 234.							
3550T	Components of Greenhouse Technologies	U	3	2340.02	Herbaceous Ornamental Plants	U	3
A study of selected components of modern greenhouse technology, including electric motors, automated material handling and watering controls, pesticide application, and supplemental lighting.							
Prereq:	2500T; GenMath 1145T; EngTech 2312T and 2322T. This course is available for EM credit.			A survey of the most important annual and perennial herbaceous ornamentals used in horticulture in the Midwest U.S. Weekly lectures will emphasize ornamental attributes, usage and management. Weekly plant walks (outdoor lectures) will emphasize plant identification.			
Prereq: Not open to students with credit for 234.							
3560T	Integrated Greenhouse Climate Control	U	4	2401	Sustainable Landscape Design I	U	3
Computerized climate control for greenhouse plant production, including data acquisition and control basics, use of the data, and climate control strategies for improved production efficiency.							
Prereq:	2500T and 3550T. This course is available for EM credit.			An introduction to sustainable landscape design for residential and small scale properties with an emphasis on principles of design and graphic communication.			
Prereq: Not open to students with credit for 204.							
Horticulture and Crop Science				2501	Basic Golf Club Design and Repair	U	1
1100	Exploring Sustainable Plant Sciences and Prof Golf Mgt	U	½	Introduces students to fundamentals of modern golf club design and provides hands-on experience in basic golf club repair skills.			
Basic understanding of the global trends within sustainable plant systems and professional golf management, the diversity of career opportunities within the industry, planning for a career and opportunities for professional development.							
2194	Group Studies	U	1 - 3	Prereq: Not open to students students with credit for 3501 or 350.01, or students enrolled in the Professional Golf Management program.			
Special group studies in the area of horticulture and crop science. Repeatable to a maximum of 6 cr hrs or 6 completions.							
2200	The World of Plants	U	3	3100	Introduction to Agronomy	U	3
Study of the cultivation, environmental, genetic, and social/cultural factors which influence the sustainable production of plants for food, fiber, ornamental and recreational uses.							
Prereq:	Not open to students with credit for 200. This course is available for EM credit. GE nat sci bio course.			An introductory course of row crop and forage agricultural production (agronomy). This course introduces students to row and forage crop species common in Ohio and surrounding states, and provides fundamental information on how these crops are managed in the region. Management aspects include site preparation, seasonality of management activities, and fundamentals of nutrient and pest management.			
Prereq: 2201, 2201E, 2202, or 2202E.							
3200	Horticultural Science	U	3	3200	Horticultural Science	U	3
An introduction to the principles and practices of production and landscape horticultural science, and the horticultural industry in Ohio and the USA. Emphasis is on the diversity of horticultural crops, intensity of production systems, propagation beyond seeding, and diverse applications of the crops to address human nutritional and mental health issues, environmental quality & ecosystem service.							
Prereq:	2201 and 2202.						

3220 Crop Origins and Diversity	U 2	3521 Basic Greenhouse Production	U 2
A survey of plant taxonomy including principles of nomenclature and classification. Students will learn important botanical characteristics of major plant families. Course emphasis is on plant taxa of economic importance in horticulture and agricultural production.		Introduction to manipulating the greenhouse environment to grow plants. Includes identification of and specific requirements for growing plants commonly grown in greenhouses and shade structures.	
3310 Crop Responses to the Environment	U 3	Prereq: 2201 or 2202. Not open to students with credit for 321, or 5521 (521).	
The physiological basis of crop responses to abiotic and biotic environmental factors. Prereq: 2202 or 2202E, and Biology 1113 or 1113H.		3522 Sustainable Irrigation and Fertigation Systems	U 2
3320 Plant Propagation: The Manipulation of Plant Reproduction	U 3	Introduction to the basic concepts of irrigation and fertilizer injector (fertigation) systems as components of sustainable plant systems.	
Principles, methods, and facilities involved in the sexual and asexual multiplication of plants. Credit for 2201 highly recommended prior to enrollment. Prereq: 2202. Not open to students with credit for 320.		Prereq: 2201 or 2202, and Math 1148 or 1130.	
3370 Sports Turf Management	U 2	4191.01 Sustainable Plant Systems Major Internship	U 2
Issues pertaining to sports facility management, field surface safety and playing quality, field renovation techniques and sports turf IPM practices.		Gives students an overview of the variety of internships available as well as their importance in career selection. Students will rate their internships on their educational value and help comprehend post graduation HCS career options.	
Prereq: Not open to students with credit for 370. This course is available for EM credit.		Prereq: Enrollment in Sustainable Plant Systems major, and permission of instructor. Not open to students with credit for 489.	
3380 The Latino Workforce in Land Based Industries	U 2	4191.02 PGM Internship	U 1
Current issues faced by immigrant workers in agriculture and the cultural, historical and legal context affecting work relations with their American supervisors.		Real world job experience at golf courses, clubs, or resorts. Students are mentored by the on-site PGA professional and must complete specified written Work Experience Activities. Must be enrolled while on internship.	
Au Sem; even years. Prereq: Not open to students with credit for 380.		Prereq: 2250 (250), and enrollment in Pre-Professional or Professional Golf Management majors. Repeatable to a maximum of 5 completions.	
3401.01 Greenhouse Industry	U 1	4193 Individual Studies	U 1 - 3
Two day course comprised of visits to several greenhouse and allied businesses.		Special studies in the field of horticulture and crop science.	
Prereq: Permission of instructor. Not open to students with credit for 401.01. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.		Prereq: GPA 2.50 or above, and permission of instructor. Repeatable to a maximum of 3 cr hrs or 3 completions. This course is graded S/U.	
3401.02 Environmental Horticulture Organizations	U 1	4194 Group Studies	U 1 - 3
Two-day course comprised of visits to several "green industry" locations including nurseries, landscape design, public and private gardens and allied businesses.		Special group studies in the area of horticulture and crop science.	
Prereq: Permission of instructor. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.		Repeatable to a maximum of 6 cr hrs or 6 completions.	
3410 Sustainable Landscape Maintenance Practices	U 2	4325 Plant Genetics	U 3
An integrated approach to the sustainable maintenance of constructed landscapes - residential, commercial, and institutional, combining research based knowledge with field experience in maintenance practices.		A study of plant transmission and functional genetics and their role in crop improvement.	
Prereq: 2201 or 2202.		Prereq: 2200 (200) or 2201 or 2202 or 300 or MolGen 3300 (PlntBio 300); and Chem 1110 (101) or 1210 (121); and Biology 1101 (101) or 1113 (113), or MolGen 1101 (PlntBio 101). Not open to students with credit for 325.	
3420 Seed Science	U 3	4501.01 PGM Advanced Professional Experience I	U 1
A study of the physiological processes of seed formation, dormancy, and germination; the production and marketing of seed in commerce.		Enhances professional development for students intending a career within the golf industry. While on this experience, students will complete specified Advanced Professional Experience activities. Students will learn about career opportunities and better understand the types of tasks/challenges associated with a career in professional golf management.	
Prereq: 2201 or 2202, or permission of instructor. Not open to students with credit for 420.		Prereq: 2250, and PGM major or pre-major. Concur: 4191.02. This course is graded S/U.	
3438 Theme and Specialty Gardens	U 2	4501.02 PGM Advanced Professional Experience II	U 1
Study of the principles and techniques of theme and specialty gardening.		Enhances professional development for students intending a career within the golf industry. While on this experience, students will complete specified Advanced Professional Experience activities. Students will learn about career opportunities and better understand the types of tasks/challenges associated with a career in professional golf management.	
Prereq: 2201. Not open to students with credit for 438.		Prereq: 4501.01, and PGM major or pre-major. Concur: 4191.02. This course is graded S/U.	
3470 Principles of Turfgrass Selection and Management	U 3	4501.03 PGM Advanced Professional Experience III	U 1
Adaptation, identification, uses, growth characteristics, growth responses, and fundamental principles essential to the production of quality turf.		Enhance professional development for students intending a career within the golf industry. While on this experience, students will complete specified Advanced Professional Experience activities. Students will learn about career opportunities and better understand the types of tasks/challenges associated with a career in professional golf management.	
Prereq: 2201. Not open to students with credit for 470.		Prereq: 4501.02, and PGM major or pre-major. Concur: 4191.02. This course is graded S/U.	
3475 Turf Management for Golf Course Managers	U 3	4501.04 PGM Advanced Professional Experience IV	U 1
Survey of the culture and management of golf turfs specifically aimed at course setup and daily maintenance practices.		Enhances professional development for students intending a career within the golf industry. While on this experience, students will complete specified Advanced Professional Experience activities. Students will learn about career opportunities and better understand the types of tasks/challenges associated with a career in professional golf management.	
3488.01 Professional Development	U 1	Prereq: 4501.03, and PGM major or pre-major. Concur: 4191.02. This course is graded S/U.	
Participation in structured co-curricular programs leading to professional development.		4501.05 PGM Advanced Professional Experience V	U 1
Prereq: GPA 2.00 or above, and permission of instructor. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.		Enhances professional development for students intending a career within the golf industry. While on this experience, students will complete specified Advanced Professional Experience activities. Students will learn about career opportunities and better understand the types of tasks/challenges associated with a career in professional golf management.	
3488.02 PGM Player Development	U 1	Prereq: 4501.04, and PGM major or pre-major. Concur: 4191.02. This course is graded S/U.	
Focus on assisting students who have not passed the PGA of America's Playing Ability Test. Encompasses golf skills evaluation, mental approach, development of a corrective action plan and re-evaluation of skills progress.		4503 PGM Advanced Teaching and Swing Analysis	U 2
Prereq: Permission of instructor. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.		This course encompasses learning objectives and work experience-related materials pertaining to Checkpoints 2 and 3 of the PGA of America's PGA/PGM Program including swing concepts, analysis of the golf swing, and philosophy of teaching.	
3501 PGM Basic Golf Operations	U 2	Prereq: 2250, 3501, and 3502.	
This course encompasses learning objectives and materials pertaining to Checkpoint 1 of the PGA of America's PGA/PGM program including tournament operations, golf car fleet management, rules of golf and introduction to teaching.		4504 Advanced Golf and Turf Operations	U 3
Sp Sem. Prereq: 2250. Not open to students with credit for 350.01, 350.02, or 350.03.		Use a golf facility as a "model system" to apply a case study approach to demonstrate that golf professionals and turfgrass specialists must work together to meet the needs of their customers and supervisors. Golf professionals and turfgrass specialists have the common need to prepare integrated business plans. Capstone.	
3502 PGM Club Design, Performance, Fitting and Repair	U 2	Prereq: 3470 or 3475. Not open to students with credit for 350.04 or 350.07.	
This course encompasses learning objectives and work experience-related materials pertaining to Checkpoints 1 and 2 of the PGA of America's PGA/PGM Program including golf club design, performance, fitting and repair.			
Sp Sem. Prereq: 2250 and 3501. Not open to students with credit for 350.01 and 350.05.			

244 Horticulture and Crop Science

4560	Creating a Virtual Perspective	U	3	
	Examine a variety of open source and Web 2.0 communication technologies applicable to turf, landscape and other professionals. Identify issues related to authoring, delivering, and integrating applications into a professional social network.			
	Prereq: Not open to students with credit for 560.			
4570	Turfgrass Management and Science	U	3	
	A study of cultural practices and environmental factors affecting the maintenance of quality turf.			
	Prereq: 3470, and Biology 1101 or 1113. Not open to students with credit for 570.			
4600	Capstone	U	2	
	Examination of issues related to economic viability, social and ethical responsibility, environmental compatibility, and production efficiency of HCS-related enterprises to prepare students for transition from university to workplace.			
	Prereq: Sr standing in Sustainable Plant System or Professional Golf Management major. Not open to students with credit for 600 or 601.			
4999	Research with Distinction	U	1 - 3	
	Conducting and reporting research with distinction. Students are expected to present at the CFAES Undergraduate Research Forum and the Denman University Undergraduate Research Forum.			
	Prereq: CPHR 3.00 or above, and GPA 3.00 or above in major, and permission of project supervisor. Repeatable to a maximum of 6 cr hrs or 3 completions. This course is graded S/U.			
4999H	Honors Research with Distinction	U	1 - 3	
	Conducting and reporting research with distinction. Students are expected to present at the CFAES Undergraduate Research Forum and the Denman University Undergraduate Research Forum.			
	Prereq: Honors standing, and FAES 4590.01H (590H), and GPA 3.4 or above. Repeatable to a maximum of 6 cr hrs or 3 completions. This course is graded S/U.			
5097.03	Chile Study Abroad Pre Departure	U G	1	
	This is a pre departure program for students enrolled in Agriculture & Agro Ecosystems in Chile.			
5100	Advanced Cropping Systems	U G	3	
	Students will examine issues related to economic and environmental sustainability, legal and ethical responsibility, and production efficiency to help students transition to being professionals. Students will apply their knowledge regarding row and forage crop management to address production issues. Students will practice communication through enhanced analytical thinking experiences.			
	Prereq: 3100, or Grad standing.			
5193	Individual Studies	U G	1 - 3	
	Special studies in the field of horticulture and crop science.			
	Prereq: CPHR 2.50 or above, and permission of instructor. Repeatable to a maximum of 3 cr hrs or 3 completions. This course is graded S/U.			
5194	Group Studies	U G	1 - 3	
	Special group studies in the area of horticulture and crop science.			
5200	Advanced Horticultural Principles and Practices	U G	3	
	This course will prepare students for transition from student to professional by advancing their mastery of edible and ornamental horticultural crop principles and practices as they are driven by the interaction of cultivar genetics, plant physiology, and environmental influences; and by exploring issues of economic and environmental sustainability and production efficiencies on a global scale.			
	Prereq: 3200, or Grad standing.			
5306	Sustainable Vegetable Production Practicum: Planning, Growing and Marketing	U G	3	
	Provides students with an introduction to small-scale vegetable farm planning and management through consideration of plant growth and production, farm design, farm management and operations, and produce marketing.			
	Prereq: 5450 (450), or permission of instructor. Not open to students with credit for 613.			
5401	Sustainable Landscape Design II	U G	4	
	Students synthesize the knowledge and skills learned in previous course work to achieve a command of the skills necessary to practice Sustainable Landscape Design. The development of a design package (construction documents, bidding, cost estimating, project management, marketing) is the focus. Professionalism and communication skills to work with clients and other professionals are stressed.			
	Prereq: 2201, 2202, and 2401. Prereq or concur: 2340.01 or 2340.02.			
5411	Domestication and Utilization of Agronomic Crops	U G	3	
	To gain a fundamental understanding of the historical development and scientific principles underlying crop domestication and utilization, and how they impact current and future development and utilization of selected grain, oilseed, and fiber crops.			
	Prereq: 2201, 2201E, 2202, or 2202E, and Biology 1101, 1113, or 1113H. Not open to students with credit for 411.			
5412	Agroecology of Grasslands and Prairies	U G	3	
	Growth characteristics, adaptation and utilization of grassland species for hay/silage, grazing, fuel and conservation.			
	Prereq: 2201, 2201E, 2202, or 2202E, and Biology 1101, 1113, or 1113H; or Grad standing. Not open to students with credit for 412.			
5422	Biology and Management of Weeds and Invasive Plants	U G	3	
	A study of weeds and invasive plant biology and ecology, and methods of vegetation management. Enrollment in the Masters in Plant Health Management Program required for online offering only.			
	Prereq: 3100, 3200, or 3470, and Biology 1101, 1113, or 1113H; or Grad standing. Not open to students with credit for 422 or 610.			
5450	Vegetable Crop Production and Physiology	U G	3	
	A physiological and ecological study of the principal vegetable crop species grown for processing and fresh market use. The impacts of integrated crop management and other production systems on vegetable yields and quality are also considered.			
	Prereq: 2200 (200), 2201, 2202, 300 or MolGen 3300 (PlntBio 300); and Chem 1110 (101) or 1210 (121); and Biology 1101 (101), 1113 (113), or MolGen 1101 (PlntBio 101); or Grad standing. Not open to students with credit for 450 or 605.			
5460	Fruit Crop Physiology and Production	U G	3	
	Sustainable fruit crop production principles/practices and their physiological bases as affected by environmental and economic factors.			
	Prereq: 2201 or 2202, and Biology 1101 or 1113; or Grad standing. Not open to students with credit for 460.			
5521	Advanced Greenhouse Production	U G	3	
	Advanced considerations in the manipulation of the greenhouse environment to control the growth and development of greenhouse crops.			
	Prereq: 3521, Chem 1110 or 1210, and Biology 1101 or 1113; or Grad standing. Not open to students with credit for 521.			
5601	Digital Portfolio Development	U G	1	
	This course will provide an overview of digital portfolio development of prior learning and/or ongoing learning. Portfolios may be used to assess and compare learning with contemporary job requirements. Students will learn to select, categorize, and document their achievements and accomplishments for review and assessment, relative to career readiness skills and co-curricular competencies.			
5602	The Ecology of Agriculture	U G	3	
	Examines the key ecological and evolutionary processes at work in agricultural systems and the ways those processes interact with human systems.			
	Prereq: ENR 3000 (300.01), and 6 sem cr hrs of HCS taken at the 3000-level or above; or Grad standing. Not open to students with credit for 602.			
5621	Physiology of Cultivated Plants	U G	3	
	A study of basic physiological processes in plants and how they impact crop production and productivity. Online section requires enrollment in the Masters of Plant Health Management Program.			
	Prereq: 3310, and Biology 1113 or 1113H, and Chem 1110 or 1210; or Grad standing. Not open to students with credit for 621.			
5622	Biochemical Processes in Cultivated Plants	U G	3	
	A study of basic biochemical processes in crop plants and how they impact production, productivity, and quality.			
	Prereq: Biology 1113 or 1113H, and Chem 2310 or 2510, and HCS 3310; or Grad standing.			
5630	Seed Production: Domestic & International Perspectives	U G	2	
	The study of seed production principles (from flowering/fruit set through seed quality assessment and seedling establishment) from a physiological and ecological perspective.			
	Prereq: 3420, or Grad standing. Not open to students with credit for 630.			
5670	Golf Courses and the Environment	U G	2	
	Principles and practices of golf course design for sustainability.			
	Prereq: 2270 (270), or Grad standing. Not open to students with credit for 670.			
5730	Seed Ecology and Physiology	U G	2	
	Study of the principles of seed ecology and the role of seed banks and seedling regeneration in natural and managed plant communities.			
	Prereq: 3420, or Grad standing. Not open to students with credit for 730.			
5797.01	Artistry, History and Horticulture of European Gardens	U G	3	
	Study of European gardens known for artistry, historical importance, and/or horticultural practices.			
	Prereq: 5097.01, and 2.5 GPA or above. Repeatable to a maximum of 6 cr hrs.			
5797.03	Agriculture and Agro-Ecosystems in Chile	U G	3	
	An eight-day study tour of agriculture industries and agroecosystems in Chile.			
	Prereq: GPA 2.5 or above. Concur: 5097.03.			
5797.04	Professional Golf Management: History of Golf Outside the United States - Scotland	U G	3	
	Provides undergraduate Professional Golf Management students the opportunity to learn about the rich history of golf in other countries and how the business and game of golf differs globally.			
	Prereq: 5097.04, and 2.5 GPA or above. Not open to students with credit for 697.06.			

5798 Agroecology Field Studies	U G 3
This course is a 2-week field study of New Mexico to demonstrate the factors that shape agriculture in the semi-arid southwestern United States and be exposed to Navajo and Pueblo agriculture. Students will learn about the biophysical, climatic, economic, and cultural drivers of agriculture by reading and discussing literature and by visiting farms, research centers, processing plants, and more.	
Prereq: 2201 or 2201E, and permission of instructor.	
5887 Introduction to experimental design	U G 3
Introduction to experimental design, including selection and layout of plots, data analysis software, and data interpretation.	
Prereq: 2260 or Stat 1450, or equiv; or Grad standing.	
5890 Turfgrass Seminar	U G 1
Academic and industry experts present information and lead discussion on current issues facing the turfgrass industry.	
Prereq: Enrollment in Sustainable Plant Systems major, and Jr or Sr standing; or Grad standing.	
7001 Graduate Student Professional Development	G 1
Introduction to the procedures, resources, and requirements needed to succeed as graduate Horticulture and Crop Science students and in subsequent career(s).	
This course is graded S/U.	
7003.02 Agricultural Genomics: Principles and Applications	G 2
Reviews the principles of most genetic technologies, new developments in the field and emphasizes their application in agriculture.	
Prereq: MolGen 4500 or Biochem 5613 (613), or permission of instructor. Concur: PlntPth 7003.01. Not open to students with credit for 7003 (703) or PlntPth 7003 (703).	
7193 Individual Studies	G 1 - 3
Selected topics not included in regular HCS courses.	
Prereq: Permission of instructor. This course is graded S/U.	
7194 Group Studies	G 1 - 3
Special group studies in the area of horticulture and crop science.	
7625 Plant Breeding and Biotechnology	G 3
Introduction to the principles of plant breeding and biotechnology.	
Prereq: Undergraduate plant breeding or genetics course, or permission of instructor. Not open to students with credit for 625.	
7761 Crop Secondary Products for Survival, Health and Wellbeing	G 3
The synthesis, metabolism and agricultural, industrial, medicinal or aesthetic uses of crop secondary products affecting our daily lives.	
Prereq: Chem 1110 (102).	
7806 Methods in Horticulture and Crop Science	G 1 - 2
Instruction of a specific method used in the Horticulture and Crop Science professions.	
Repeatable to a maximum of 12 cr hrs or 6 completions.	
7821 Environmental Physiology of Managed Plant Systems	G 3
An advanced study of the interaction of cultivated plants with their environment.	
Prereq: 5621. Not open to students with credit for 821.	
7830 Phytochemicals in Human Health: Crops to the Clinic	G 3
Covers the function and control of phytochemicals in plants, the function of phytochemicals in human health, delivery of phytochemicals through foods in the diet, strategies when designing studies examining foods for health, and policy and sustainability considerations.	
Prereq: Biochem 4511 (511) or 5613 (613), or equiv; or permission of instructor. Not open to students with credit for FdScTe 7810. Cross-listed in FdScTe, HumnNtr, BSGP, and PubHEpi.	
7890 Seminar on HCS Topics	G 1
Research seminar on varying topics in HCS.	
Repeatable to a maximum of 4 cr hrs. This course is graded S/U.	
8825 Advanced Plant Breeding	G 3
Advanced Plant Breeding examines theory and methods for improving plant varieties including genetics, breeding designs, tools and techniques, and marker-assisted selection.	
Sp Sem. Prereq: 7625 (625). Not open to students with credit for 825.	
8830 Current Topics in Horticulture and Crop Science	G 1
Readings from the current literature will be examined in detail for both technical and conceptual content.	
Repeatable to a maximum of 10 cr hrs.	
8887 Experimental Design	G 4
Intended to develop student's ability to use appropriate and robust statistical techniques of experimental design in research, with an emphasis on approaches for biological and agricultural sciences.	
Prereq: 5887, PlntPth 5550, Stat 5301, MolGen 5650, or AnimSci 7000; or permission of instructor.	
8999 Research	G 1 - 12
Research for thesis or dissertation.	
Repeatable. This course is graded S/U.	

Human Development And Family Science

2189 Introduction to Field Work	U 4
Participation in community agency, learning roles and responsibilities, with increasing involvement in program development and evaluation. Department application must be filed one semester in advance.	
Prereq: 2210, and CPHR 2.5 or above, and permission of instructor. Not open to students with credit for 589.01 and 589.02.	
2200 Family Development	U 3
Dynamics of family interaction over the life cycle; emphasis on developmental, social, and cultural influences on the family experience.	
Prereq: Not open to students with credit for 360. GE soc sci indivs and groups course.	
2210 Helping Skills in Context	U 4
The study of various strategies and techniques used to assess and work with individuals and families in the context of family service organizations.	
Prereq: 2200. Not open to students with credit for 466 and 468.	
2239 Land-Grant Universities: Mission and Leadership	U 3
This course provides students with the opportunity to learn about land-grant institutions and their place in the American higher education system, including evolving nature of the land-grant mission in 21st century America, as well as how higher education leaders are reconfiguring our nation's preeminent public institutions to meet the needs of the communities they were designed to serve.	
Cross-listed in ESHESA.	
2350 Parenting	U 3
Identification and examination of the theoretical approaches applicable to child rearing in families; emphasis on developing practical skills for working with parents and children.	
Prereq: Not open to students with credit for 665. GE soc sci indivs and groups course.	
2367 American Family Issues	U 3
Development of writing, presentation, and oral discussion skills while critically examining family and related community issues.	
Prereq: English 1110.01 (110.01), 1110.02 (110.02), or 1110.03 (110.03). Not open to students with credit for 367. GE writing and comm course: level 2.	
2400 Life Span Human Development	U 3
Survey of human development across the life span directed toward an applied understanding of the individual and forces that shape development.	
Prereq: Not open to students with credit for 364. This course is available for EM credit. GE soc sci indivs and groups course.	
2410 Child Development	U 3
Study of the nature, nurture, and development of children from conception through the childhood years.	
Prereq: Not open to students with credit for 361. GE soc sci indivs and groups course.	
2420 Adolescence and Emerging Adult Development	U 3
Current theory and research on individual development during the adolescent and emerging adulthood years.	
Prereq: Not open to students with credit for 362.	
2800 Promoting Early Language and Literacy in ECD&E	U 3
This ECDE course focuses on theories of language development, the sequence of speech and language development and differentiating between normal and atypical speech. Emphasis will also be placed on the teacher's role in facilitating communication and literacy skills, on planning and implementing appropriate language and literacy activities, and on selecting & using literature to enhance language.	
2810 Developing Age Appropriate Curriculum for Infants and Toddlers	U 3
This course is an overview of care giving for infants and toddlers in group settings. Developmentally appropriate programming for infants and toddlers is emphasized across developmental areas through routines, environment, and experiences with a focus on language and brain development. The role of staff and parent relationships is explored as is state rules for licensed child care centers.	
2900 Methods in Human Ecology Research	U 3
Introduction to the fundamental elements of human ecology research, using qualitative, quantitative, and historical perspectives.	
Prereq: Not open to students with credit for 334.	
3189.01 Field Work with Targeted Populations: Children	U 1 - 3
Field Work for students who are interested in working with children.	
Prereq: 2410, and Jr or Sr standing; or permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.	
3189.02 Field Work with Targeted Populations: Adolescents	U 1 - 3
Field Work for students who are interested in working with adolescents.	
Prereq: 2420, and Jr or Sr standing. Repeatable to a maximum of 6 cr hrs or 6 completions.	
3189.03 Field Work with Targeted Populations: Older Adults	U 1 - 3
Field Work for students who are interested in working with older adults.	
Prereq: 5430, and Jr or Sr standing. Repeatable to a maximum of 6 cr hrs or 6 completions.	

246 Human Development And Family Science

3189.04 Field Work with Targeted Populations: Couple and Family Therapy Clinic U 1 - 3

Field Work for students who are interested in working in the Couple and Family Therapy Clinic.
Prereq: 5200, and Jr or Sr standing. Repeatable to a maximum of 5 cr hrs or 5 completions.

3189.05 Field Work with Targeted Populations: At-Risk Populations U 1 - 3

Field Work for students who are interested in working with at-risk populations.
Prereq: 2410, 2420, or 5430, and Jr or Sr standing. Repeatable to a maximum of 6 cr hrs or 6 completions.

3189.06 Field Work with Targeted Populations: Children with Disabilities U 1 - 3

Field work for students who are interested in working with children with disabilities; promoting independent and productive inclusion in home, school, and community environments.
Prereq: 2410, and Jr or Sr standing. Not open to students with credit for 689.02. Repeatable to a maximum of 6 cr hrs or 6 completions.

3193 Practicum in Human Development and Family Science Research U 1 - 3

Provides students with opportunity to work individually with faculty member on research project.
Arr. Prereq: 2900 or equiv, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.

3200 Foundations of Family Science U 3

Examination of theories and perspectives of family development with an emphasis on the family systems perspective and application.
Prereq: 2200. Not open to students with credit for 560.

3440 Human Sexuality U 3

Examination of the intellectual, physical, social, and emotional aspects of human sexuality.
Prereq: Not open to students with credit for 670.02. GE soc sci indivs and groups course.

3450 Managing and Supporting Behavior in Social Contexts U 3

Examines strategies to help promote adaptive behavior in home, school, and community contexts. Students will learn strategies for managing and preventing behavioral problems and develop an understanding of behavior management practices.
Prereq: Soph, Jr, or Sr standing; or permission of instructor. Not open to students with credit for 461.

3620 Intervention and Prevention Practices: Development and Evaluation U 3

Students will identify practices that have empirical support and focus on development, integration, and evaluation of intervention and prevention practices applied to teaching important skills that improve functional outcomes in everyday contexts.
Prereq: Soph, Jr, or Sr standing, or permission of instructor. Not open to students with credit for 464.

3800 Professional Development U 1

The professional: performance, role in society, position securement, involvement in organizations, and continuing development. Students are encouraged to take this course early in the major.
Prereq: Not open to students with credit for 595.

4194 Group Studies U 1 - 3

Selected topics in human development and family science.
Prereq: Jr or Sr standing, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.

4370 Families and Stress U 3

Examination of normative and developmental stressors and crises that impact on the family; implications for practitioners drawn from conceptual frameworks and recent research.
Prereq: 2200, or permission of instructor. Not open to students with credit for 660.

4998 Undergraduate Research in Human Development and Family Science U 1 - 10

Undergraduate research in areas of study related to the unit and the instructor's research agenda.
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

4998H Undergraduate Honors Research in Human Development and Family Science U 1 - 10

Undergraduate honors research in areas of study related to the unit and the instructor's research agenda.
Prereq: Honors standing, Jr or Sr standing, or permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

5200 Foundations of Couple and Family Therapy U G 3

Overview and development of key theories of couple and family therapy.
Prereq: Jr, Sr, or Grad standing, or by petition. Not open to students with credit for 650.

5340 Intimate Relationships U G 3

An examination of the individual, couple, and contextual factors that affect the development and maintenance of intimate relationships across the life course.
Prereq: 2400, or Grad standing. Not open to students with credit for 670.03.

5350 Families with Adolescents U G 3

This is an upper level advanced course that is designed to provide students with an understanding of theory, research, and application efforts targeting families with adolescents.
Prereq: 2200 or 2400, or equiv; or Grad standing.

5410 Infant-Toddler Development: Current Research and Controversies U G 3

Infant and toddler development during the first four years of life with special consideration of bases of support for provision of effective care.
Prereq: 2410 or equiv, and Jr or Sr standing.

5430 Adult Development and Aging U G 3

Examination of change and continuity in human development from young adulthood to very old age using a psycho-social-biological perspective.
Prereq: 2400 or 2420, or equiv, and Jr or Sr standing. Not open to students with credit for 670.01.

5440 Human Sexuality in Context U G 3

Examination of issues in human sexuality across the lifespan in the context of peoples' lived experiences within families, communities, and society, using film, texts, and narratives.
Prereq: Jr standing or above, and 2400 or 2200 or equiv, or Sexuality Studies major or minor. Not open to students with credit for 370.

5890 Special Topics in Family Development U G 3

Review, interpretation, and evaluation of current literature and research in family development.
Prereq: 2400 or 2200, or equiv, and Jr or Sr standing. Not open to students with credit for 695.02.

5891 Special Topics in Child Development U G 3

Review, interpretation, and evaluation of current literature and research in child development.
Elaboration of existing material and the addition of opportunities for application in the field.
Prereq: 2400 or 2410 or equiv, and Jr or Sr standing. Not open to students with credit for 695.01.

5892 Special Topics in Adolescent Development U G 3

Review, interpretation, and evaluation of current literature and research in adolescent development.
Prereq: 2400 or 2420, or equiv, and Jr or Sr standing.

5893 Special Topics in Adult Development and Aging U G 3

Review, interpretation, and evaluation of current literature and research in adult development and aging.
Prereq: 2400 or 5430, or equiv, and Jr or Sr standing.

6780 Research Seminar G 1

Expose graduate students to a wide variety of research projects and findings in the field of Human Development and Family Science through weekly seminars presented by various faculty within and outside the department.
Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 15 cr hrs. This course is graded S/U.

6782 Research Methods G 3

Overview of research methods and related conceptual issues relevant to study of human development and family science; creative approaches to research problems.
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 760.

6890 Proseminar G 1

This 1-credit course exposes graduate students to the field of Human Development and Family Science and the current research, teaching and outreach interests of the existing HDFS faculty.
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 701.03. This course is progress graded (S/U).

6892 Professional Development Seminar G 1 - 3

Aids students in professional development. Topics include: setting goals in graduate school, creating a CV, choosing research projects, submission of articles for publication, grant writing, career planning, navigating the job market.
Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 15 cr hrs or 15 completions. This course is progress graded (S/U).

7189 Field Experience G 1 - 3

Supervised practice in couple and family assessment and intervention in an agency setting.
Prereq: Grad standing, or permissions of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is progress graded (S/U).

7350 Adolescence and Emerging Adulthood G 3

Theoretical perspectives and empirical studies on adolescent development and emerging adulthood are covered. Focus will be on the reasons for this emerging life stage, recent research, contextual factors, and historical context/cohort differences.
Prereq: Grad standing, or permission of instructor.

7500 Families, Systems, and Health G 3

A study of illness and its impact on individuals, couples, and family systems across the lifespan. Covered are common illnesses (especially chronic), family systems interventions, challenges, and collaborative models of care. A collaborative approach to interdisciplinary healthcare practice, intervention design, and research will be discussed, applied, and reinforced.
Prereq: Grad standing, or permission of instructor.

Human Development And Family Science 247

7570 Obesity, A Multidisciplinary Foundation

G 2

This course examines the context, causes, and consequences of obesity in the United States today by examining trends in obesity and a description of the scope of the problem. Next, by examining the physiological, psychological, sociological and economic factors that contribute to the obesity problem. Finally by describing adverse health outcomes associated with obesity. Cross-listed in PubHHBP.

7765 Advanced Child Development

G 3

Growth and development of children with emphasis on maturation patterns and individual differences.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 765.

7770 Professional and Ethical Issues in Couple and Family Therapy

G 3

A preclinical introduction to the central issues and resources in professional development, including personal growth, legal responsibilities, regulation, ethics, and special areas of practice.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 770.

7780 Research Methods in Couple and Family Therapy

G 3

Explore major design, measurement and analysis strategies for conducting and understanding couple and family therapy research.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 881.

7999 Thesis Research

G 1 - 12

Research for masters thesis.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is progress graded (S/U).

8189 Practicum in Couple and Family Therapy

G 1 - 3

Supervised practice in couple and family assessment and intervention in the department's couple and family therapy clinic.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 27 cr hrs or 27 completions. This course is progress graded (S/U).

8189.01 Practicum in Research

G 1 - 3

Participation in the research process under the supervision of a faculty member.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 851. This course is progress graded (S/U).

8189.02 Practicum in Teaching

G 1 - 3

Supervised college teaching experience for department graduate students.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is progress graded (S/U).

8190 The PhD Job Market

G 2

This 2-credit course examines issues related to the job market for Ph.D.s. Both academic and nonacademic jobs are discussed. Application, interviewing, and negotiating techniques are described.

Prereq: Doctoral standing. This course is graded S/U.

8193 Independent Studies for Doctoral Students

G 1 - 3

Problems in various phases of human development chosen for individual study.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is progress graded (S/U).

8403 Individuation

G 3

Designed as an advanced adolescent development course. The major focus is on the individuation process discussed from several perspectives.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 840.03.

8404 Adolescence: Risk in Context

G 3

Examines the ways that social relationships and contexts (family, peers, community, etc) shape development, specifically risk and problem behavior during the adolescent period.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 840.04.

8820 Theoretical Perspectives on the Family

G 3

Provides an overview of theoretical perspectives used to study families and family change topics in HDFS from the perspective of psychology, sociology, economics, demography, anthropology, and others.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 764 or 820.

8824 General Systems Theory

G 3

Doctoral level course designed to provide students with an introduction to foundational ideas concerning general systems theory as applied to children, family, schools, and communities.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 824.

8825 Theories of Human Development

G 3

Examination of foundational theories of human development with an emphasis on evaluating, comparing and contrasting the major theories.

Prereq: Doc standing, or permission of instructor. Not open to students with credit for 825.

8860 Seminar in Couple and Family Therapy

G 3

Seminar in Couple and Family Therapy. Topics to be announced.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.

8862 Seminar in Human Development and Family Science

G 3

Seminar in Human Development and Family Science, topics to be announced.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 15 cr hrs.

8870 Family Systems Assessment

G 3

A survey of issues and techniques used in assessment of families for purposes of research and practice, including issues and design for family therapy research.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 870.

8874 Family Therapy Theory I

G 3

An emphasis on the theoretical orientation of the structural, strategic, MRI, and Milan approaches to family therapy.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 874.

8875 Family Therapy Theory II

G 3

An emphasis on the theoretical orientation of the intergenerational, behavioral, experimental and solution-focused approaches to family therapy.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 875.

8876 Marital Therapy Theory

G 3

An emphasis on theoretical approaches, intervention techniques, and basic issues or problems of application for couple therapy.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 876.

8878 Supervision of Couple and Family Therapy

G 3

Preparation of Couple and Family Therapy doctoral students to provide supervision of therapy.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 878.

8999 Dissertation Research

G 1 - 12

Research for thesis or dissertation purposes only.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.

Human Nutrition

2193 Individual Studies

U 1 - 6

Problems in various phases of human nutrition chosen for intermediate level undergraduate individual study.

Prereq: Written permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.

2194 Group Studies

U 1 - 3

Selected topics for intermediate undergraduate study in human nutrition.

Repeatable to a maximum of 6 cr hrs or 6 completions.

2210 Science of Human Nutrition

U 3

Basic principles of biological science, emphasizing the interaction between nutrients and physiological (including cellular) processes.

Prereq: Not open to students with credit for 210. GE nat sci bio course.

2295 Careers in Nutrition

U 1

Exploration of careers in nutrition/dietetics through self-assessment, employer presentations; professional readings; internship and job search strategies.

Prereq: Not open to students with credit for 295.

2310 Fundamentals of Nutrition

U 3

Nutrient and energy needs of the human biological system throughout the life cycle including energy balance with consideration of socio-psychological factors.

Prereq: Biology 1113 (113), or 1101 (101), or equiv; and Chem 1210, or 1610, or 1910H; and Chem 1220, or 1620, or 1920H, or 1250. Not open to students with credit for 310. This course is available for EM credit.

2314 Fundamentals of Food

U 3

Scientific principles of food components, of major food groups and their interactions, with reference to nutritional properties, food preparation, food chemistry, optimum quality, microbiological safety and preservation of nutrients.

Prereq: 2210 (210) or 2310 (310), and premajor, major, or minor in the following: Human Nutrition, Animal Science, Medical Dietetics, or Family and Consumer Science Education. Not open to students with credit for 314.

2450 Foodservice Sanitation and Safety

U 1

Organization of a facility to ensure safe and sanitary foodservice program. Includes National Restaurant Association's ServSafe Sanitation Certification program and Ohio Department of Health Certification in Food Protection.

Prereq: Not open to students with credit for 450.

3313 Food in Different Cultures

U 2

Food practices of selected peoples of the world with consideration of the existing social, cultural, and economic conditions. Class content through lecture, discussion, and guest speakers.

Prereq: 2310 (310); or 2210 (210), and major in FCSEd. Not open to students with credit for 313.

248 Human Nutrition

3415 Global Nutrition Issues	U 2	5612 Medical Nutrition Therapy II	U G 3
Topics in global nutrition with critical appraisal of research basis and alternative viewpoints. Current issues include research and evaluation, major global nutrition issues (obesity, food insecurity, malnutrition, bioengineering, vegetarianism). Prereq: 2310 (310); or AnimSci 3130 (330); or HumnNtr 2210 (210) and major in FCSEd. Not open to students with credit for 415.		The role of medical nutrition therapy in the treatment of established disease with emphasis on the biochemical and physiological rationale for dietary modifications. Prereq: 5611 (611), and Human Nutrition or Medical Dietetics major; or Grad standing. Not open to students with credit for 612.	
3506 Nutrition Across the Life Span	U 3	5622 Medical Nutrition Therapy II Lab	U G 1
Nutrition issues during major life stages from pre-pregnancy through the dying elderly. Prereq: 2310 (310) or AnimSci 3130. Not open to students with credit for 506.		Laboratory and practical application of the nutrition care process through assessment, management and treatment of various disease states. Concr: 5612, and enrollment in DPD.	
3704 Public Health Nutrition	U 2	5705 Nutrition and Physical Performance	U G 2
Review of evidence base for public health nutrition including examination of food assistance and education programs; Description of public health nutrition efforts; Investigation of practices aimed at empowering the public to choose healthy foods. Prereq: 2310 (310). Not open to students with credit for 704.		Integration of nutrition, exercise physiology, and biochemistry. Use of nutrients as fuel, interaction between nutrients and exercise performance, assessment of energy expenditure and nutritional status, interactions among diet, exercise and health. Prereq: 4609 (610). Not open to students with credit for 705.	
3780H Research Methods in Nutrition	U 1	7193 Individual Studies	G 1 - 6
Development of hypotheses and choosing appropriate methods to test them. Work with advisor to write Honors research proposal. Prereq: Honors standing.		Problems in various phases of human nutrition chosen for intermediate level graduate individual study. Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.	
3998 Undergraduate Research in Human Nutrition	U ½ - 6	7194 Group Studies	G 1 - 3
Undergraduate research in areas of study related to human nutrition and the instructor's research agenda. Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 12 completions. This course is graded S/U.		Selected topics for intermediate graduate study in human nutrition. Prereq: Open to students who meet department's stated prerequisites. Repeatable to a maximum of 6 cr hrs or 6 completions.	
3998H Undergraduate Honors Research in Human Nutrition	U ½ - 6	7620 Food and Nutritional Toxicology	G 2
Undergraduate honors research in areas of study related to human nutrition and the instructor's research agenda. Prereq: Honors standing and written permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.		Overview of absorption, metabolism and excretion of xenobiotics, allergenic and toxic constituents, role of diet in mutagenesis and carcinogenesis, food processing induced toxins and procedures, laws and regulation of safety assessment of foods. Prereq: 4609; and 7761 and 7762, or AnimSci 7761 and 7762, or FdScTe 7761 and 7762; and 6 cr hrs at the grad level in Physiol; or permission of instructor. Not open to students with credit for 830.09, AnimSci 830.09, FdScTe 7620, or 830.09.	
4189 Professional Experience in Human Nutrition	U 1 - 3	7761 Macronutrient Metabolism	G 4
Supervised pre-planned employment experience with approved biomedical or medical professional. Prereq: Jr standing and HumnNtr major. Not open to students with credit for 589. This course is graded S/U.		In-depth treatment of digestion, absorption, transport, and utilization of dietary carbohydrates and fat for energy production and fat deposition in humans and other higher animals. Prereq: 2310 (310) or AnimSci 3130 (330), and Biochem 4511 (511). Not open to students with credit for 761 and 762, AnimSci 761 and 762, or FdScTe 761 and 762. Cross-listed in AnimSci.	
4193 Individual Studies	U 1 - 6	7762 Vitamin and Mineral Metabolism	G 4
Problems in various phases of human nutrition chosen for advanced undergraduate individual study. Prereq: Permission of instructor. Not open to students with 10 qtr cr hrs for HumnNtr 593. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.		Biochemical functions, absorptions, transport, utilization, interrelationships and nutritional requirements of selective vitamins and minerals in higher vertebrates and humans. Prereq: Credit in Biochem and Physiol. Not open to students with credit for AnimSci, FdScTe, or HumnNtr 763. Cross-listed in AnimSci.	
4194 Group Studies	U 1 - 3	7789 Nutrition Research Design	G 1
Selected topics for advanced undergraduate study in human nutrition. Repeatable to a maximum of 6 cr hrs or 6 completions.		Aspects of research design, including both ethical considerations as well as how to select appropriate experimental models. Prereq: Grad standing. Cross-listed in AnimSci.	
4504 Nutrition Education and Behavior Change	U 3	7804 Advanced Community and International Nutrition	G 3
Contemporary theories and models of health education and behavior change related to individuals, groups and communities and applied to field of nutrition. Review of effective communication techniques with individuals and groups. Prereq: 2310 (310), and HumnNtr major or minor, or MedDiet major. Not open to students with credit for 504.		Current issues in community and international nutrition. Prereq: 3704 (704), or permission of instructor. Not open to students with credit for 804.	
4596 Dietetics Seminar	U 1	7806 Advanced Nutrition Education	G 3
Advanced professional development issues in dietetics: Leadership, marketing, research, continuing education, licensure, and preparation for dietetic internship/graduate education. Prereq: 2295 (295) and Sr standing in Dietetics. Not open to students with credit for 596.		Discussion of principles of nutrition education and behavior change target audience will be discussed. Course will focus on concepts and methods from related disciplines such as behavioral medicine, psychology, sociology, and education. Prereq: Not open to students with credit for 806.	
4609 Macronutrients	U 3	7830 Phytochemicals in Human Health: Crops to the Clinic	G 3
Application of biochemistry and physiology to the regulation of carbohydrate, lipid, and protein during fed, fasted and exercise states; nutrient digestion, absorption, metabolism, excretion, requirements, and interactions. Prereq: C- or above in 2310 (310) or AnimSci 3130 (330); and Biochem 2210 (211 and 212) and Chem 231 (2310), or Biochem 4511 (511), or MolBloc 3311 (311) and 3312 (312); and EEOB 2520 (232), or Physio 3101 (311) and 3102 (312), or 3200.		Covers the function and control of phytochemicals in plants, the function of phytochemicals in human health, delivery of phytochemicals through foods in the diet, strategies when designing studies examining foods for health, and policy and sustainability considerations. Prereq: Biochem 4511 (511) or 5613 (613), or equiv; or permission of instructor. Not open to students with credit for FdScTe 7810. Cross-listed in FdScTe, HCS, BSGP, and PubHEpi.	
4610 Micronutrients and Phytochemicals	U 3	7899 Oral Research Communication	G 1
Application of biochemistry and physiology to understanding micronutrients, including structure, digestion, absorption, metabolism, excretion, requirements, sources, and interactions of vitamins, phytochemicals, water, electrolytes, and minerals. Prereq: 4609 (610) and C- or higher in 2310; and HumnNtr, MedDiet, AnimSci, or HNPES major.		Critical analysis of the scientific literature and demonstration of effective oral presentation skills tailored to the target audience with use of information technologies as needed. Prereq: Grad standing. Cross-listed in AnimSci.	
5611 Medical Nutrition Therapy I	U G 3	7999 Research: Thesis	G ½ - 6
The role of medical nutrition therapy in the treatment of established chronic diseases with emphasis on the biochemical and physiological rationale for dietary modifications. Prereq: 4609 (610), and Human Nutrition or Medical Dietetics major; or Grad standing. Not open to students with credit for 611.		Research for masters thesis. Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.	
8193 Individual Studies	G 1 - 6		
		Problems in various phases of human nutrition chosen for advanced level graduate individual study. Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.	

8194 Group Studies	G	1 - 3
Selected topics for advanced graduate study in human nutrition. Repeatable to a maximum of 6 cr hrs or 6 completions.		
8801 Macronutrients- Lipids and Energy Balance G 3		
Discussion of lipids as storage molecules used for energy and to modulate metabolism and influence energy balance conditions such as obesity, cachexia, weight loss and weight gain. Prereq: 7761 (761), AnimSci 7761 (761), or FdScTe 761. Not open to students with credit for 830.01, AnimSci 830.01, or FdScTe 830.01. Cross-listed in AnimSci.		
8802 Advanced Micronutrient Metabolism G 3		
Comparative study of the regulation of micronutrient status and its influence on physiological and molecular events including nuclear receptor activity and transcription. Prereq: 7761 (761), AnimSci 7761 (761), or FdScTe 761. Not open to students with credit for 830.02, or AnimSci 830.02, or FdScTe 830.02. Cross-listed in AnimSci.		
8833 Diet, Nutrition and Cancer	G	3
Epidemiological, clinical and basic perspective of how diet and nutrition practices. Prereq: 7761 (761), AnimSci 7761 (761), or FdScTe 761. Not open to students with credit for 830.12, AnimSci 830.12, or FdScTe 830.12. Cross-listed in AnimSci.		
8834 Comprehensive Approach to Food Safety	G	2
A comprehensive overview of food safety challenges and solutions as experienced through the food chain from farm to consumers. Demonstration of food safety system from cellular aspects though public policy. Prereq: Microb 509, or equiv. Not open to students with credit for 830.10, AnimSci 830.10, or FdScTe 830.10. Cross-listed in AnimSci.		
8835 Grantsmanship	G	1
Capstone course for the OSUN PhD program will train students on grantsmanship skills. Prereq: Grad standing. Cross-listed in AnimSci.		
8836 Advanced Nutritional Genomics	G	3
The primary goal of the course is to stimulate critical thinking and discussion among graduate students about current research findings in the areas of genomics, proteomics and metabolomics as they apply to studies in the nutritional sciences. Prereq: 7761 or AnimSci or FdScTe 7761, and HumnNtr or AnimSci 7762. Cross-listed in AnimSci.		
8888 OSUN Research Seminar	G	1
Recent advances in nutrition science are presented by locally, nationally and internationally recognized scientists. Prereq: Grad standing. Repeatable to a maximum of 5 cr hrs. This course is graded S/U. Cross-listed in AnimSci.		
8998 Graduate Research	G	1 - 15
Graduate research in areas of study related to human nutrition and the instructor's research agenda. Prereq: Permission of instructor. Repeatable. This course is graded S/U.		
8999 Research: Dissertation	G	1 - 15
Research for dissertation. Prereq: Permission of instructor. Repeatable. This course is graded S/U.		

Hungarian

1103 Intermediate Hungarian I	U	4
Continued development of speaking, listening, reading, and writing skills in cultural context. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: Hungn 1102 (Hungarin 102.01). Not open to students with credit for Hungarin 104. This course is available for EM credit. GE for lang course.		

Industrial and Systems Engineering

2010 Systems Modeling	U	3
Mathematical modeling of mechanical, social, and biological systems, with applications; use of modeling software. Prereq: CSE 1222 and Differential Equations. Concur: Linear Algebra, and Soph standing in Engineering or NMS.		
2040 Engineering Economics	U	2
Economic analysis of engineering project alternatives. Cash flow modeling; time value of money; techniques for comparing projects; influence of taxes, depreciation, and inflation. Prereq: Soph standing in Engineering. Not open to students with credit for 504 or IndEng 504.		
2194 Group Studies in Integrated Systems Engineering	U	1 - 4
Special topics of general interest to students enrolled in Integrated Systems Engineering. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.		
2400 Design of Work: Methods and Measurement	U	2
Introduces students to tools and techniques used in work methods design and productivity improvement, including operation analysis, motion study, value engineering, predetermined time systems, time study, line balancing. Prereq: Soph standing, and enrollment in Industrial and Systems Engineering major or Engineering Physics major. Not open to students with credit for 540 or IndEng 531.		

2500 Introduction to Manufacturing Engineering	U	3
Fundamentals of common manufacturing processes, materials and tooling; relationship of product design to required processing sequences and steps, attributes of manufacturing systems. Prereq: Not open to students with credit for 350 or IndEng 311.		
3194 Group Studies in Integrated Systems Engineering	U	1 - 4
Special topics of general interest to students enrolled in Integrated Systems Engineering and related fields. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.		
3200 Linear and Integer Programming	U	3
Introduction to formulation, solution and analysis of continuous and discrete linear models to optimize the design of production and service systems and other engineering applications. Prereq: Math 2153 or 2173, and 2568 or 2174; and CSE 1222 or 1223 or Engr 1281.01H or 1281.02H, and major in ISE or major in Eng Phys. Not open to students with credit for 520 or IndEng 521.		
3210 Nonlinear and Dynamic Optimization	U	3
Introduction to nonlinear, dynamic, and network optimization models and solution techniques. Prereq: 3200, 520, Math 2174 (568 or 571), MechEng 2850, or IndEng 522, and major in ISE, or permission of instructor. Not open to students with credit for 521 or IndEng 523.		
3230 Systems Modeling and Optimization for Analytics	U	3
Introduction to formulation, solution and analysis of continuous and discrete linear and nonlinear models to optimize systems using data-driven techniques. Prereq: Math 1152, 2568, and CSE 2231. Not open to ISE majors or to students with credit for 3200 or 3210.		
3400 Production Planning and Facilities Design	U	4
Introduction to production systems control: deterministic and stochastic, static and dynamic, single-stage and multi-stage inventory control, MRP systems, just-in-time, scheduling, Facility and machine location models, storage models (warehouse, ASRS), simple layout models, systematic layout planning with applications in manufacturing, health care, service and logistics. Prereq: Math 2153 or 2173, and 2568 or 2174; and Stat 3470, and ISE 3200, and major in ISE or major in Eng. Phys. Not open to students with credit for 541, IndEng 532, 533, or 542.		
3500 Process Engineering for Machining Operations	U	3
Introduction to the machines, tooling, set-ups, processing sequences, processing times, metrology, and safety issues for traditional and selected non-traditional metal cutting operations. Prereq: 2500, and enrollment in ISE major.		
3600 Workplace Ergonomics: Analysis and Design of Physical Work Systems	U	3
Explores physiological and biomechanical principles used to analyze and design work systems (tasks, tools, equipment) so people can perform their jobs more effectively and safely. Prereq: 2040 and Stat 3470, and Jr or Sr standing in ISE; CPHR 3.0 or above for students not enrolled in ISE major. Prereq or concur: 2400 for students majoring in ISE. Not open to students with credit for 560 or IndEng 503.		
3700 Cognitive Engineering Systems	U	3
Human-centered design of cognitive tools and work systems. Human-computer interaction; decision making; human error; computer-supported distributed work; design of decision support systems. Prereq: Jr standing, and admission to the ISE or Eng. Phys. major. Not open to students with credit for 670, IndEng 570, or 670.		
3800 Engineering Project Management	U	3
Project management for engineers, including project life cycle, planning, optimization models, management of change and scheduling and budgeting. Prereq: Jr standing, and major in ISE or Engineering Physics; or permission of ISE Academic Advisor. Not open to students with credit for 681.		
4100 Stochastic Modeling and Simulation	U	4
Methods for stochastic process and discrete event simulation modeling and system design and decision-making using simulation tools. Prereq: Stat 3470 or equiv, and enrollment in Industrial & Systems Engineering major; or permission of instructor. Not open to students with credit for 501.		
4120 Quality and Reliability Engineering	U	3
Techniques associated with the Total Quality Management and Lean Six Sigma as well as the foundations of reliability engineering. Prereq: Stat 3470, and enrollment in ISE major or EngPhys major. Not open to students with credit for 510 and 610, or IndEng 509 or 610.		
4193 Individual Studies in Integrated Systems Engineering	U	1 - 4
Special topics of general interest to undergraduate students in Integrated Systems Engineering. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.		
4194 Group Studies in Integrated Systems Engineering	U	1 - 4
Special topics of general interest to undergraduate students in Integrated Systems Engineering and related fields. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.		

250 Industrial and Systems Engineering

4500	Manufacturing Process Engineering	U	3		5230	Decomposition Techniques in Mathematical Programming	U G	3
A thorough quantitative understanding of contemporary manufacturing processes; exposure to laboratory exercises and computer simulations in major manufacturing processes; design for manufacturing and assembly.				This course provides a description of decomposition techniques to solve large-scale optimization problems with decomposable structure. Partitioning techniques considered include Dantzig-Wolfe, Benders and Lagrangian decompositions. The considered techniques are illustrated using examples and case studies from the energy sector.				
Prereq:				Prereq: 3200 and 3210, or Grad standing.				
Option 1: MechEng 3670. Prereq or concur: MechEng 4510, Or								
Option 2: MechEng 2020 or 2040, and WeldEng 4201 or MechEng 3500; or permission of instructor.								
Not open to students with credit for 350 or IndEng 311.								
4891	Colloquia, Workshops, and Seminars in Integrated Systems Engineering	U	1 - 4		5350	Probabilistic Models and Methods in Operations Research	U G	3
Special colloquia, workshops or seminars of general interest to students in Integrated Systems Engineering and related fields.				Introduces probabilistic modeling techniques in operations research like Markov Chains, Poisson Processes, and Markov Decision Processes. Modeling, theory, and applications are discussed.				
Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.				Prereq: 3200 and Stat 3470; or permission of instructor. Not open to students with credit for 7300.				
4900	Capstone Design	U	4		5410	Quantitative Models in Production and Distribution Logistics	U G	3
In-depth systems design project for industrial engineering. Exploration and selection of design alternatives; justification, recommendation, and presentation of problems and potential solutions.				Introduction to quantitative models in supply chain management and logistics including: location analysis, inventory management, vehicle routing, coordination, risk pooling, reverse logistics.				
Prereq: Completion of required ISE core curriculum, with up to one such course taken concurrently, and enrollment in ISE major. Not open to students with credit for 680.02.				Prereq: 3210 or 3300. Not open to students with credit for 742.				
4998	Undergraduate Research in Integrated Systems Engineering	U	1 - 4		5430	Warehouse and Facility Design	U G	3
Opportunity for undergraduates to conduct research in Integrated Systems Engineering.				Broad exposure to facility planning and design, and distribution center layout and operations. Topics include current material handling equipment technology, and warehouse systems and operations.				
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 4 completions. This course is graded S/U.				Prereq: Calculus, Linear Algebra, and Linear Programming. Not open to students with credit for 742.				
4999	Undergraduate Research for Thesis	U	1 - 4		5450	Industrial Ecology	U G	3
Opportunity for undergraduates to conduct research in Integrated Systems Engineering.				Introduction to the status of resources, principles and methods of life cycle assessment, environmentally conscious product and facility design, production and recycling methods.				
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 4 completions. This course is graded S/U.				Prereq: Sr or Grad standing in Engineering. Not open to students with credit for 784.				
4999H	Honors Undergraduate Research for Thesis	U	1 - 4		5463	Manufacturing of Energy Systems	U G	3
Opportunity for Honors undergraduates to conduct research in Integrated Systems Engineering.				Teaches the design, manufacture and integration of conventional and renewable energy systems including their environmental impact.				
Prereq: Honors standing in the College of Engineering. Repeatable to a maximum of 10 cr hrs or 4 completions. This course is graded S/U.				Prereq: Sr standing in ISE, or Grad standing; or permission of instructor. Not open to students with credit for 5194 (Au12, Shivpuri).				
5043	Power Systems - Analysis and Operation	U G	3		5501	Fundamentals of Solid State Processing	U G	3
Power systems analysis and operations, including steady-state analysis, state estimation, and economic operation.				Application of basic principles of heat transfer, tribology, and elastic/plastic deformation for metallic solids to manufacturing processes.				
Prereq: 3040, and ECE major; or Sr standing and ISE major; and Math 2568; or Grad standing in engineering or biological sciences or math and physical sciences. Cross-listed in ECE.				Prereq: MechEng 2010, 2020, and 2040, or equiv, and Sr or Grad standing in Engineering. This course is available for EM credit.				
5110	Design of Engineering Experiments	U G	3		5502	Molten Metal Processing	U G	3
Plan and analyze experiments relevant to system design. Also, students will learn regression and alternative approaches for on-hand data analysis.				An advanced class in application of thermodynamics, kinetics, and macro-transport phenomena to primary metals production, refining, and solidification processing.				
Prereq: 4210; or Stat 3470 or equiv, and Grad standing. Not open to students with credit for 610 or IndEng 610.				Prereq: MatScEn 2251 or 3151; or Grad standing; or permission of instructor. Not open to students with credit for 651.02, MatScEn 667, or 668. Cross-listed in MatScEn 5451.				
5193	Individual Studies in Integrated Systems Engineering	U G	1 - 4		5503	Manufacturing Processes and Simulation	U G	3
Special topics of general interest to graduate students in Integrated Systems Engineering.				An introduction to theory and simulation of different manufacturing processes. Learn to apply numerical methods to manufacturing processes such as machining, hot embossing, and injection molding.				
Prereq: Enrollment in department BS/MS program, and permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.				Prereq: Jr or Grad standing in Engineering, or permission of instructor.				
5194	Group Studies in Integrated Systems Engineering	U G	1 - 4		5520	Industrial Automation	U G	1½
Special topics of general interest to undergraduate and graduate students in Integrated Systems Engineering and related fields.				Industrial Automation teaches the design, application, and computer logic and control of various mechanical, pneumatic, electrical, and electronic sensors and actuator devices for industrial systems.				
Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.				Prereq: 2500, or Grad standing in Engineering.				
5200	Linear Optimization	U G	3		5521	Advanced Sheet Forming Laboratory	U G	1½
Introduction to the linear optimization and applications. Topics include model formulation, solution methods, polyhedral and duality theory, sensitivity analysis, and software usage.				Computational and experimental laboratory based hands-on introduction to the fundamentals and applications of sheet forming processes. Students who took a version of this course offered as a group studies may not receive credit for 5521.				
Prereq: Math 2174, 2415, 2568, or 4568, and permission of instructor; or Grad standing. Not open to students with credit for 5200 (720).				Prereq: 2500 or permission of instructor.				
5201	Theory of Linear Optimization	U G	3		5525	Industrial Robotics	U G	1½
Introduction to linear optimization with an emphasis on theory. Topics include model formulation, solution methods, polyhedral and duality theory, sensitivity analysis, and software.				Operating principles, selection, use of proximity and optical sensors; switches, relays, actuators; electric motors and controls; electro-pneumatic devices; integration of these for automated industrial systems.				
Prereq: Math 2174, 2415, 2568, or 4568, and permission of instructor; or Grad standing. Not open to students with credit for 5200 (720).				Prereq: 2500, or Grad standing in Engineering.				
5220	Complementarity Theory & Applications	U G	3		5530	Fundamentals of Tool Engineering	U G	3
Describes complementarity models and their solution techniques. It includes optimality conditions, equilibria, mathematical programs with equilibrium constraints and equilibrium problems with equilibrium constraints.				Basic form, function, mechanical elements, common materials, thermal considerations and economic analysis in the design of workholding fixtures and jigs, dies/molds, and cutting tools.				
Prereq: 3200, or permission of instructor.				Prereq: MechEng 2010 and 2020, or 2040, or Grad standing. Not open to students with credit for 650.02, IndEng 622, or MechEng 622.				
5225	Electricity Market Analytics	U G	3		5540	Polymer Processing Fundamentals	U G	3
This course provides an analysis of decision-making tools for electricity markets, addressing the perspectives of the market operator, producers, retailers, and consumers.				Applies fundamentals of transport phenomena and polymer constitutive equations to the analysis of manufacturing of plastic components.				
Prereq: 3200, or permission of instructor.				Prereq: 550, 617, or MechEng 2020, or equiv, and MechEng 3670, or equiv. Prereq or concur: MechEng 4510, or equiv. Not open to students with credit for 618 or 751.02.				

Industrial and Systems Engineering 251

5550 Principles of Precision Engineering	U G 3	5720 Human Systems Integration	U G 3
Principles of precision engineering with focus on design and performance of precision machinery, machine tool metrology and precision manufacturing processes.		Concepts and methods for considering the human as part of the design and operation of any system, especially large scale systems and enterprises.	
Prereq: MechEng 2010 and MechEng 2020; or MechEng 2040. Not open to students with credit for 752.01.		Prereq: Sr or Grad standing, or permission of instructor.	
5555 Manufacturing Processes and Machine Tools	U G 3	5730 Information Analysis and Synthesis	U G 3
Focuses on machining processes: cutting, grinding and milling. It includes descriptive and analytical treatment of machining processes, equipment, computer control and integrated systems.		Professional information analysis in engineering, intelligence/security, business, and health care that identifies the factors that make the analytical process shallow or rigorous.	
Prereq: Jr, Sr, or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 651.01 or IndEng 611.		Prereq: Sr or Grad standing, or permission of instructor.	
5600 Principles of Occupational Biomechanics and Ergonomics	U G 3	5740 Cognitive Engineering Systems: Human-Centered Automation	U G 3
Introduction to anatomical, physiological, and biomechanical bases of physical ergonomics; workplace assessment techniques; biomechanical modeling; bioinstrumentation; preparation for advanced topics and research.		Provides key concepts to make autonomous systems, robots, and artificially intelligent systems team players with responsible people.	
Prereq: Grad standing. Not open to students with credit for 660.		Prereq: Sr or Grad standing, or permission of instructor. Not open to students with credit for 771.01. Repeatable to a maximum of 8 cr hrs or 4 completions.	
5610 Ergonomics in the Product Design Process	U G 3	5760 Visual Analytics and Sensemaking	U G 3
Provides students with an understanding of where and how ergonomic principles are incorporated into the design and evaluation of consumer products.		Students learn about information visualization techniques that help people analyze massive amounts of digital data to combat overload and aid sensemaking with applications in retail and financial decision making, logistics, information systems, manufacturing, healthcare, energy and smart grids, cybersecurity and social networks.	
Prereq: 3600 and 3700 or equiv. Not open to students with credit for 769.		Prereq: Jr, Sr or Grad standing. Not open to students with credit for 773.01.	
5620 Risk Assessment Tools for Occupational Musculoskeletal Disorders	U G 3	5770 Cognitive Engineering Systems: Design and Evaluation	U G 3
Provides students with an understanding and working knowledge of tools used to assess risk of occupationally related musculoskeletal disorders.		Evaluation of product and system design to assess usefulness and usability; advanced design concepts for consumer products, web sites, educational tools and information retrieval systems.	
Prereq: 3600 or equiv. Not open to students with credit for 761.01 or 761.02.		Prereq: Sr or Grad standing, or permission of instructor. Not open to students with credit for 772.	
5640 Occupational Safety: Analysis and Design of Work Environments	U G 3	5800 Advanced Project Management	U G 3
Introduction to workplace hazards and controls for engineers and others who design workplaces, equipment, tools, and processes.		Advanced project management engineering techniques to implement and optimize project-driven change; communication and leadership strategies critical to successful optimization of a firm's processes and systems.	
Prereq: Enrolled in a major in the College of Engineering, or Construction Systems Management; or Grad standing. Not open to students with credit for 664 or 665, or to pre-majors.		Prereq: 3800, or permission of instructor.	
5682.01 Fundamentals of Product Design Engineering	U G 3	5810 Lean Sigma Foundations	U G 4
Lecture covering the fundamentals of the product design process, from concept creation to final implementation, including product architecture and design for manufacture and assembly. An optional, corresponding project-based lab course (ME/ISE 5683) offers practical application of this material. Only open to students enrolled in majors in the College of Engineering.		Comprehensive foundation course for the Black Belt Level 'Certificate' (not certification) that is required to complete Green and Black Belt Certification.	
Prereq: Jr, Sr, or Grad standing in the College of Engineering, or permission of instructor. Not open to students with credit for 5682 (682), 5682.02, 5560, IndEng 682, MechEng 5682 (682), or 5682.02. Cross-listed in MechEng.		Prereq: Stat 3470, and permission of instructor. Not open to students with credit for 685.	
5682.02 Product Design Engineering for Entrepreneurs	U G 3	5811 Lean Sigma Certification Project (Part I)	U G 3
Fundamentals of the product design process, from concept creation to final implementation, including product architecture and design for manufacture and assembly.		Focuses on industry sponsored LeanSigma DMAIC Certification Projects. Project Selection, Definition and Measure are covered in this course.	
Prereq: Not open to students with credit for 5682, 5682.01, MechEng 5682, 5682.01, or 5194 (Abell - AU15, SP16, AU16). Cross-listed in MechEng.		Prereq: 5810, and Sr standing, and enrollment in Industrial and Systems Engineering, and permission of instructor. Not open to students with credit for 680.01.	
5683 Fundamentals of Product Design Engineering Laboratory	U G 1	5812 LeanSigma Certification Project II	U G 3
This course is an optional laboratory to go with ISE/ME5682.01. This project-based lab gives students hands-on experience with the product design process introduced in lecture. Students will work with real people to identify opportunities to create innovative, product-based solutions. Students will go through the design process from conducting user research all the way to constructing prototypes.		Focuses on industry sponsored Lean Sigma DMAIC Certification Projects. Improve and Control are the phases covered in this course.	
Prereq or concur: 5682.01 or MechEng 5682.01, and enrollment in a major within the College of Engineering. Not open to students with credit for 5682, 5682.02, MechEng 5682, or 5682.02. Cross-listed in MechEng.		Prereq: 5810 and 5811, and permission of instructor. Not open to students with credit for 680.02.	
5700 Introduction to Cognitive Systems Engineering	U G 3	5815 Integrated LeanSigma Fundamentals	U G 3
Human-centered design of consumer products, web sites and complex sociotechnical systems. Topics include human-computer interaction and the design of decision support and distributed work systems.		Fundamental overview of Integrated LeanSigma with focus on a case study based understanding of the DMAIC methodology. Yellow Belt level certificate upon completion of exam.	
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 3700 (770).		Prereq: Stat 3470 (427 and 428), or Grad standing, or permission of instructor. Not open to students with credit for 5810.	
5705 Cognitive Engineering Systems: Distributed and Cooperative Work	U G 3	5820 Systems Thinking in Engineering and Design	U G 3
Provides key concepts for the design and assessment of computer supported collaborative and distributed work systems.		Concepts and heuristics in systems thinking and complex systems analysis and how these concepts apply to engineering and design projects.	
Prereq: Sr or Grad standing, or permission of instructor. Not open to students with credit for 771. Repeatable to a maximum of 8 cr hrs or 4 completions.		Prereq: Sr or Grad standing, or permission of instructor. Not open to students with credit for 688.	
5710 Behind Human Error: Safety and Complex Systems	U G 3	5830 Decision Analysis	U G 3
Covers how complex systems fail and the human contribution to success and failure by studying actual disasters in diverse fields.		Introduction to decision analysis, modern utility theory and risk modeling, Bayesian inference, value of information, multiattribute decision modeling, and application to engineering decisions under uncertainty.	
Prereq: Sr or Grad standing, or permission of instructor. Not open to students with credit for 875.		Prereq: 3210 and Stat 3470. Not open to students with credit for 684.	
		5870 Resilience Engineering	U G 3
		Provides a comprehensive treatment of Resilience Engineering tools to measure, manage, and design complex systems to be resilient in the face of surprising disrupting events.	
		Prereq: Sr or Grad standing, or permission of instructor.	
		6193 Individual Studies in Integrated Systems Engineering	G 1 - 4
		Special topics of general interest to graduate students in Integrated Systems Engineering.	
		Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.	
		6194 Group Studies in Integrated Systems Engineering	G 1 - 4
		Special topics of general interest to graduate students in Integrated Systems Engineering and related fields.	
		Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.	

252 Industrial and Systems Engineering

6220 Network Optimization	G	3	7420 Sequencing and Scheduling	G	3
Introduction to continuous and discrete network optimization. Topics include shortest path, maximum flow minimum cut, minimum cost network flows algorithms, network design, and algorithms. Prereq: Calculus, Linear Algebra, Introductory Computer Programming, and Linear Programming.			Survey of sequencing/scheduling problems encountered in management systems. Emphasis is given to those problems and solution methods found in the literature. Prereq: 5200, Calculus, and Linear Algebra. Not open to students with credit for 841.		
6290 Stochastic Optimization	G	3	7510 Computational Analysis of Manufacturing Processes	G	3
Examines the modeling, theory, and solution algorithms for stochastic optimization problems. Prereq: 5200, and Stat 3470 or ISE 7300; or permission of instructor.			This course is designed to teach graduate students about constitutive models used for numerical simulation of the inelastic behavior of bulk and sheet materials. Prereq: Grad standing in ISE, or MechEng, or MatScEn; and knowledge using commercial math software (Matlab, etc.), or ability to write simple codes with Fortran, C++, etc., and knowledge using commercial FEA code (e.g. ABAQUS, LS-Dyna, PAM STAMP, ANSYS, DEFORM, etc.). Prereq or concur: MechEng 7100, or equiv.		
6300 Simulation for System Analytics and Decision-Making	G	3	7610 Advanced Topics in Biomechanics and Musculoskeletal Disorders: Spine Biomechanics	G	3
Students learn how to collect data and perform input analysis, model systems using discrete-event simulation, and inform system design decision-making through defensible output analysis. Prereq: Stat 3470 or equiv, and Calculus-based Probability. Not open to students with credit for 730.			Advanced readings course of papers on occupational epidemiology, physiology, work-related musculoskeletal disorders, pathophysiology, biomechanics, anthropometry, electromyography, imaging, and modeling as related to spine biomechanics. Prereq: 5600 (660), or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
6801 Project Management for Engineers	G	3	7615 Biomechanics Research Practicum: Experience in Spine Biomechanics	G	3
Provides foundational and advanced project management education in an interactive online learning environment as part of the Master of Global Engineering Leadership program. Prereq: Enrollment in Master of Global Engineering Leadership program, and permission of instructor. Not open to students with credit for 3800.			Builds upon theoretical information developed in ISE 7610. Provides link between theory and laboratory measurement in assessment of biomechanical issues for occupational low back disorder. Prereq: 7610 or 7620 or 7630 or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
6840 Market Engineering and Applications	G	4	7620 Advanced Topics in Biomechanics and Musculoskeletal Disorders: Upper Extremity Biomechanics	G	3
Introduction to market engineering concepts and applications to contemporary market design problems such as resource allocation, information aggregation, and decentralized control. Prereq: 3210 or equiv, and Econ 2001.01 or equiv, and Stat 3470 or equiv, and graduate standing; or permission of department. Not open to students with credit for 5840, or 603, or 703.			Advanced readings course of papers on occupational epidemiology, physiology, work-related musculoskeletal disorders, pathophysiology, biomechanics, anthropometry, electromyography, imaging, and modeling as related to upper extremity biomechanics. Prereq: 5600 (660), or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
6999 Research for Thesis in Industrial & Systems Engineering	G	1 - 15	7625 Biomechanics Research Practicum: Experience in Upper Extremity Biomechanics	G	3
Research for the Masters Thesis in Industrial and Systems Engineering. Prereq: Grad standing in the M.S. program in Industrial and Systems Engineering. Repeatable to a maximum of 50 cr hrs or 10 completions. This course is graded S/U.			Builds upon theoretical information developed in ISE 7620. Provides link between theory and laboratory measurement in assessment of biomechanical issues for occupational upper extremity disorders. Prereq: 7610 or 7620 or 7630 or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
7100 Advanced Simulation	G	3	7630 Advanced Topics in Biomechanics and Musculoskeletal Disorders: Contemporary Issues	G	3
Advanced course on modeling, programming, and statistical analysis techniques in discrete event simulation. Topics include random variable generation, input/output analysis, variance reduction and simulation optimization. Prereq: Stat 3278 or equiv. Not open to students with credit for 701.			Advanced seminar on contemporary topics in ergonomics; topics include, but are not limited to work-related musculoskeletal disorders, back biomechanics, upper extremity biomechanics, anthropometry, electromyography. Prereq: 6660 (660), or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
7120 Advanced Quality Control and Improvement	G	3	7700 Cognitive Systems Engineering: Advanced Topics	G	3
Students learn techniques associated with the Total Quality Management and Lean Sigma and additional advanced quality technology. These techniques facilitate measurements of system quality, data-driven system design, and system control/standardization. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4120 (510), 610, IndEng 509, or 610.			Seminar on emerging themes about human-machine systems and how these relate to current societal issues. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.		
7193 Individual Studies in Integrated Systems Engineering	G	1 - 4	7710 Cognitive Systems Engineering Research Practicum	G	3
Individual studies for advanced graduate students in Integrated Systems Engineering and related fields. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.			Builds upon theoretical information developed in advanced cognitive systems engineering courses. Provides link between theory and application of cognitive systems engineering principles. Repeatable to a maximum of 9 cr hrs.		
7194 Group Studies in Integrated Systems Engineering	G	1 - 4	7720 Cognitive Systems Engineering: Models and Methods	G	3
Special topics of general interest to advanced graduate students in Integrated Systems Engineering and related fields. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.			Covers models of human-machine cognitive systems and methods to study of human-machine cognitive systems in complex work settings. Prereq: Grad standing. Repeatable to a maximum of 9 cr hrs.		
7200 Advanced Nonlinear Optimization	G	3	7881 Interdepartmental Seminar	G	1 - 4
Unconstrained and constrained nonlinear optimization, covering applications, theory dealing with convexity, optimality conditions, duality, and algorithms. Prereq: Calculus, linear algebra, computer programming, and an introductory optimization course, or permission of instructor. Not open to students with credit for both 820 and 821.			Seminars of general interest to students in Integrated Systems Engineering and related fields. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.		
7210 Large Scale Optimization	G	3	7882 Interdepartmental Seminar for MBLE program	G	1 - 4
Introduction to decomposition-coordination methods. Topics include cutting-stock problems, column and row generation methods, and stochastic programming. Prereq: 5200. Not open to students with credit for 823.			Seminars of general interest to students in the MBLE program, Integrated Systems Engineering, and related fields. Prereq: Enrollment in the MBLE program, or permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.		
7230 Integer Optimization	G	3	7883 Department Seminar	G	1
Introduction to the theory and solution methods for optimization problems which contain integer variables. Topics include polyhedral theory, cutting planes, branch-and-bound. Prereq: Calculus, Linear Algebra, and Linear Programming. Not open to students with credit for 822. Prereq: 5200. Not open to students with credit for 881.			Provided graduate students with a broad exposure to current research within the various branches of Industrial Engineering, including operations research, human factors/ergonomics, and manufacturing. Prereq: Grad standing in ISE. Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.		
7250 Operations Research Models and Methods	G	3			
Examines many basic operations research models from network theory, integer programming, queuing theory, inventory theory and nonlinear programming. Algorithmic concepts are discussed. Prereq: 5200. Not open to students with credit for 881.					
7300 Stochastic Processes	G	3			
Stochastic processes commonly used in Industrial and Systems Engineering, including renewal processes and continuous time Markov chains. Prereq: 6300 or equiv. Not open to students with credit for 830.					

7891 Colloquia, Workshops, and Seminars in Integrated Systems Engineering G 1 - 4

Special colloquia, workshops or seminars of general interest to students in Integrated Systems Engineering and related fields.

Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.

8099 Special Topics in Systems Engineering G 1 - 4

Selected topics in systems engineering, of special interest to advanced graduate students in Industrial and Systems Engineering and related fields.

Repeatable to a maximum of 16 cr hrs or 4 completions.

8194 Group Studies in Integrated Systems Engineering G 1 - 4

Special topics of general interest to doctoral students in engineering and related fields.

Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.

8299 Special Topics in Optimization G 1 - 4

Selected topics in optimization, of special interest to advanced graduate students in Industrial and Systems Engineering and related fields.

Repeatable to a maximum of 16 cr hrs or 4 completions.

8399 Special Topics in Stochastic Modeling G 1 - 4

Selected topics in stochastic operations research, of special interest to advanced graduate students in Industrial and Systems Engineering and related fields.

Repeatable to a maximum of 16 cr hrs or 4 completions.

8499 Special Topics in Production/Manufacturing Systems G 1 - 4

Selected topics in production and manufacturing systems, of special interest to advanced graduate students in Industrial and Systems Engineering and related fields.

Repeatable to a maximum of 16 cr hrs or 4 completions.

8599 Special Topics in Manufacturing Processes G 1 - 4

Selected topics in manufacturing processes, of special interest to advanced graduate students in Industrial and Systems Engineering and related fields.

Repeatable to a maximum of 16 cr hrs or 4 completions.

8699 Special Topics in Physical Ergonomics G 1 - 4

Selected topics in physical ergonomics, of special interest to advanced graduate students in Industrial and Systems Engineering and related fields.

Repeatable to a maximum of 16 cr hrs or 4 completions.

8850 Practice in Operations Research G 3

Application of Operations Research methods in manufacturing, financial, governmental, educational, and service organizations. Students work on actual problems of a sponsoring organization and present oral and written reports.

Prereq: 881. Not open to students with credit for 885. Repeatable to a maximum of 6 cr hrs.

8899 Special Topics in Integrated Systems G 1 - 4

Selected topics in integrated systems, of special interest to advanced graduate students in Industrial and Systems Engineering and related fields.

Repeatable to a maximum of 16 cr hrs or 4 completions.

8998 Research in Integrated Systems Engineering G 1 - 15

Opportunity to conduct research in Integrated Systems Engineering.

Prereq: Permission of instructor. Repeatable to a maximum of 50 cr hrs or 10 completions. This course is graded S/U.

8999 Research in Integrated Systems Engineering for Dissertation G 1 - 15

Opportunity to conduct dissertation research in Integrated Systems Engineering.

Prereq: Permission of instructor. Repeatable to a maximum of 50 cr hrs or 10 completions. This course is graded S/U.

Internal Medicine

7000 Foundation in Medicine I G 2

Normal human systems and pathophysiology needed for the practice of genetic counseling and working with a healthcare team. This course will cover cell biology, tumor biology, metabolism, musculoskeletal, skin, reproductive, and cardiovascular systems. One hour a week of course will includes a practice or case-based learning approach in alignment with content delivered in IntMed 7020 & 7040. Repeatable to a maximum of 6 cr hrs.

7010 Foundations in Medicine II G 2

Continuation of Fdn Med 1. Normal human systems & pathophysiology for the practice of genetic counseling and working with a healthcare team. Course will cover cell biology, tumor biology, metabolism, musculoskeletal, skin, reproductive and cardiovascular systems. 1 hr/wk of course will include a practice or case-based learning approach which will be in alignment with content delivered in 7030. Prereq: 7000.

7020 Foundations in Genetics I G 3

Covers etiology, natural history, and treatment of genetic disorders needed for the practice of genetic counseling and working with a healthcare team. One hour a week of this course will include a practice based or case-based learning approach which will be in alignment with the content delivered in alignment with the content delivered in IntMed 7000.

7030 Foundations in Genetics II G 3

Continuation of Fdn Gen 1. It will cover etiology, natural history, and treatment of genetic disorders needed for the practice of genetic counseling and working with a healthcare team. One hour a week of this course will include a practice based or case-based learning approach which will be in alignment with the content delivered in alignment with the content delivered in IntMed 7010. Prereq: 7020.

7040 Foundations in Genetic Counseling I G 2

Provides a framework for the evolution and models of genetic counseling practice. An introduction to the fundamental skills, including pedigree taking and analysis, case preparation, obtaining medical and developmental histories, and interview techniques, necessary to practice will be provided.

7050 Foundations in Genetic Counseling II G 2

Continuation of Fdn GenCoun1 provides a framework for the evolution and models of genetic counseling practice. An introduction to the fundamental skills, including pedigree taking and analysis, case preparation, obtaining medical and developmental histories, and interview techniques, necessary to practice will be provided. Prereq: 7040.

7080 Advanced Genetic Counseling I G 3

Explore psychological impact of genetic conditions on the individual & family; review and application of counseling theory & interview techniques in GC practice. Role-play, case discussion, and interactions with consumers of genetic services will be utilized to achieve the course goals and learning objectives.

7090 Advanced Genetic Counseling II G 3

Advanced genetic counseling practice with attention to ethical, legal, social issues. Sessions on professional development topics, such as CV development, employment interview preparation, involvement in professional organizations, and advocacy roles will be addressed. Role -play, case discussion, and interactions with consumers of genetic services will be utilized to achieve goals & objectives. Prereq: 7080.

7100.01 Advanced Clinical Skills: Reproductive Counseling G 1

Students will gain skills needed to provide reproductive genetic counseling. Aspects of discipline explored in the context of case preparation, med and fam history analysis, risk assess and counseling, diff diag, offering appropriate testing options, interpreting results, explaining complex genetics concepts to patients, creating visual aids for counseling, and psychosocial assess. & counseling.

7100.02 Advanced Clinical Skills: Cardiogenetic Counseling G 1

Students will focus on the skills needed to provide adult genetic counseling services (cardiogenetics, neurogenetics, and medical genetics). Aspects of discipline explored in the context of case preparation, med and fam history analysis, risk assess and counseling, diff diag, offering appropriate testing options, interpreting results, explaining complex genetics concepts to patients, etc.

7100.03 Advanced Clinical Skills: Pediatric Counseling G 1

Students will gain skills needed to provide pediatric genetic counseling. Aspects of discipline explored in context of case prep, med and fam hist. analysis, risk assess. and counseling, differential diagnosis, offering appropriate testing options, interpreting results, explaining complex genetics concepts to patients, creating visual aids for counseling, and psychosocial assess. & counseling.

7100.04 Advanced Clinical Skill: Cancer Counseling G 1

Students will gain skills needed to provide cancer genetic counseling. Aspects of discipline explored in context of case prep, med and fam hist. analysis, risk assess. and counseling, differential diagnosis, offering appropriate testing options, interpreting results, explaining complex genetics concepts to patients, creating visual aids for counseling, and psychosocial assess. & counseling.

7189.01 Clinical Practicum I G 3

Students will observe and be introduced to content, skills, and resources utilized in genetic testing laboratories and counseling. Students will be placed in several different genetic testing laboratories and participate in laboratory activities to understand the techniques used in the laboratory setting. Students will participate in a clinical placement in a designated clinic for seven weeks.

This course is graded S/U.

7189.02 Clinical Practicum II G 1½

Students will observe and begin to participate in clinical care. Placements will be 1-2 days per week.

Prereq: 7189.01. This course is graded S/U.

7189.03 Clinical Practicum III G 1½

Students will gain practical experience by providing genetic counseling services in a clinical placement 2-3 days per week. They will apply content learned in other courses and will work to achieve goals based on Practiced Based Competencies determined by the American Board of Genetic Counseling.

This course is graded S/U.

254 Internal Medicine

7189.04	Summer Clinical Practicum IV	G	5	7891.01	Genetic Counseling Seminar Series I	G	1				
Students will gain practical experience by providing genetic counseling services in a five day a week, six week long clinical placement. They will apply content learned in other courses and will work to achieve comprehensive cases towards their ABGC clinical log book.											
	This course is graded S/U.			Discussion of pertinent literature, research problems, and clinical cases in various specialties with an emphasis on the application to genetic counseling research and clinical services. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.							
7189.05	Summer Clinical Practicum II	G	5	7891.02	Genetic Counseling Seminar Series II	G	1				
Students will gain practical experience by providing genetic counseling services in a five day a week, six week long clinical placement. They will apply content learned in other courses and will work to achieve comprehensive cases towards their ABGC clinical log book.											
	This course is graded S/U.			Discussion of pertinent literature, research problems, and clinical cases in various subspecialties with an emphasis on the application to genetic counseling research and clinical services. This course is graded S/U.							
7189.06	Clinical Practicum VI	G	2	7999.01	Thesis I	G	2				
Students will participate in clinical care. Placements will be 2-3 days per week.											
	This course is graded S/U.			Students will implement their IRB-approved graduate level research project developed in IntMed 7998 under the supervision of a thesis advisory committee. Prereq: 7998. This course is graded S/U.							
7189.07	Clinical Practicum VII	G	2	7999.02	Thesis II	G	2				
Students will participate in clinical care. Placements will be 2-3 days per week.											
	This course is graded S/U.			Students will implement IRB approved graduate level research project developed in IntMed 7998. Prereq: 7998. This course is graded S/U.							
7189.08	Clinical Practicum VIII	G	2	7999.03	Thesis III	G	3				
Students will observe and begin to participate in clinical care. Placements will be 2-3 days per week.											
	This course is graded S/U.			Students complete data collection and data analysis. Manuscript will be prepared and reviewed by thesis committee. This course is graded S/U.							
7189.09	Clinical Practicum IX	G	2	7999.04	Thesis IV	G	2				
Students will observe and begin to participate in clinical care. Placements will be 2-3 days per week.											
	This course is graded S/U.			Students complete manuscript for approval by thesis committee and oral defense is scheduled. This course is graded S/U.							
7193.01	Individual Studies: Allergy/Immunology	G	1 - 18	8010	The Business of Genetics	G	1				
All months, 1 or more months to be elected. Research on a minor problem under faculty supervision in the following specialties of medicine: Allergy/Immunology.											
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.			Explore the strategic planning and program development aspects of clinical genetics services and reinforce the communication, administration and analytical skills developed in other areas of coursework. Specific areas: making a business plan, marketing and public relations, government relations, credentialing and licensure will be addressed.							
7193.02	Individual Studies: Cardiology	G	1 - 18	8050	Current Technologies	G	2				
All months, one or more months to be elected. Research on a minor problem under faculty supervision in the following specialties of medicine: Cardiology.											
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.			Through clinical cases, laboratory reports, and in-class exercises, we will investigate the techniques used in clinical diagnostic testing and screening to identify alterations in the genome and the bioinformatics resources used to interpret them.							
7193.04	Individual Studies: Endocrinology	G	1 - 18	8891.01	Seminar Allergy/Immunology	G	1				
All months, 1 or more months to be elected. Research on a focused problem under faculty supervision in the following specialties of medicine: Endocrinology.											
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.			Discussion of pertinent literature and research projects in various subspecialty areas with emphasis on basic science concepts.							
7193.05	Individual Studies: Gastroenterology	G	1 - 18	Au Sem.	Repeatable.						
All months, 1 or more months to be elected. Research on a focused problem under faculty supervision in the following specialties of medicine: Gastroenterology.											
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.			8891.07	Seminar: Hematology/Oncology	G	1 - 3				
7193.07	Individual Studies: Hematology	G	1 - 18	Discussion of pertinent literature and research projects in various subspecialty areas with emphasis on basic science concepts.							
All months, one or more months to be elected. Research on a minor problem under faculty supervision in the following specialties of medicine: Hematology.											
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.			8891.09	Seminar: Pulmonary Disease, Allergy, Critical Care and Sleep Medicine	G	1 - 4				
7193.09	Individual Studies: Pulmonary Diseases/Allergy/Critical Care and Sleep Medicine	G	1 - 4	Discussion of pertinent literature and research projects in various subspecialty areas with emphasis on basic science concepts.							
All months, 1 or more months to be elected. Research on a minor problem under faculty supervision in the following specialties of medicine: Pulmonary Diseases(PACCS).											
	Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.			Prereq:	Permission of instructor. Repeatable. This course is graded S/U.						
7193.10	Individual Studies: Renal Disease	G	1 - 18	8891.10	Seminar: Renal Disease	G	1 - 3				
All months, 1 or more months to be elected. Research on a focused problem under faculty supervision in the following specialties of medicine: Renal Diseases.											
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.			Discussion of pertinent literature and research projects in various subspecialty areas with emphasis on basic science concepts.							
7193.11	Individual Studies: Rheumatology	G	1 - 18		Prereq:	Permission of instructor. Repeatable. This course is graded S/U.					
All months, one or more months to be elected. Research on a focused problem under faculty supervision in the following specialty of medicine: Rheumatology.											
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.			8999	Research	G	1 - 25				
7300	Public Health Genetics	G	1	Research for thesis or dissertation purposes only.							
Introduction to the complex issues that exist when integrating genetic technology and information into public health. Basic public health concepts, the history of public health genetics and programs will be covered. Examine the integration of genetic information into public health policy, assess public access to genetic services and information and consider ways in which genetic counselors disseminate genetic information and influence health behavior.											
7780	Research Methods	G	2	Repeatable to a maximum of 25 or hrs or 25 completions. This course is graded S/U.							
Develop skills to conduct genetic research studies; including choosing research mentors, writing human research protocols, obtaining informed consent, developing research projects, study design, the scientific method, the basics in obtaining research funding, and presentation of research in the form of abstracts and posters.											

International Studies

2000	Introduction to Africa	U	3
Interdepartmental survey of the land, people, history, politics, social institutions, economic development, literature and the arts.			
	Prereq: Not open to students with credit for 250. GE soc sci orgs and polities and diversity global studies course.		
2050	Introduction to China and Japan	U	3
Multidisciplinary survey of contemporary Asian civilizations: their geographical and racial backgrounds, historical and cultural heritages, social organizations, economic and political problems and international relations.			
	Prereq: Not open to students with credit for 235. GE soc sci orgs and polities and diversity global studies course.		
2100	Introduction to Latin America	U	3
Interdepartmental survey of Latin American societies, anthropology, economics, history, literature, geography, and agriculture.			
	Prereq: Not open to students with credit for 240. GE soc sci human, nat, and econ resources and diversity global studies course.		

2194 Group Studies	U	1 - 3	3450 Human Rights: An Introduction	U	3
Groups of students are offered the opportunity to pursue the interdepartmental study of special topics.					
Prereq: Permission of instructor. Not open to students with 15 qtr cr hrs of 294. Repeatable to a maximum of 9 cr hrs or 9 completions.			Provides an interdisciplinary introduction to the conceptual history as well as the practice of human rights. It traces the evolution of the idea of human rights, its adoption in international and domestic covenants, its role in domestic and international political disputes and its (non-) adoption by governments and civil society. 2200 Introduction to the Modern Middle East					
Interdepartmental survey of the land, people, history, politics, religions, philosophy, social institutions, economic development, literature, and the arts.	U	3	3661 The City and Culture	U	3
Prereq: Not open to students with credit for 245. GE soc sci orgs and polities and diversity global studies course.			Introduction to the comparative and cross-cultural study of cities, urban culture, and urbanism.		
2250 Russia: From Communism to Capitalism					
Survey of the birth, growth, and death of the communist Soviet Union and of the cultural, social, economic, and political trajectory of its successor, Russia.	U	3	Prereq: One course in CompStd or IntStd, or permission of instructor. Not open to students with credit for 4661 (531) or CompStd 4661 (531) or CompStd 3661. Cross-listed in CompStd.		
Prereq: Not open to students with credit for 230 or 2250H (230H). GE soc sci orgs and polities and diversity global studies course.			3700 Introduction to Intelligence	U	3
2250H Russia: From Communism to Capitalism					
Survey of the birth, growth, and death of the communist Soviet Union, and of the cultural, economic, social, and political trajectory of its successor, Russia.	U	3	Comprehensive introduction to the gathering, analysis, and use of military and political intelligence in a number of countries.		
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 230H or 2250 (230). GE soc sci orgs and polities and diversity global studies course.			Prereq: Not open to students with credit for 350.		
2251 Introduction to Eastern Europe Since World War II					
Survey of the land, people, history, politics, social institutions, literature, and arts of Eastern Europe since World War II.	U	3	3700H Introduction to Intelligence	U	3
Prereq: Not open to students with credit for 231. GE soc sci orgs and polities and diversity global studies course.			Comprehensive introduction to the gathering, analysis, and use of military and political intelligence in a number of countries.		
2500 Introduction to Development Studies					
Examines theories of political economy and development, as well as the historical geography of global capitalism and contemporary issues in international economic development.	U	3	Prereq: Honors standing, or permission of instructor. Not open to students with credit for 350H.		
Prereq: Not open to students with credit for 215. GE soc sci human, nat, and econ resources and diversity global studies.			3701 Introduction to Homeland Security	U	3
2500H Introduction to Development Studies					
Examines theories of political economy and development, as well as the historical geography of global capitalism and contemporary issues in international economic development.	U	3	Comprehensive overview of U.S. homeland security. Threats from natural disasters, terrorism, and other domestic and external sources will be studied, as will programs and technologies involved in disaster prevention and response.		
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 215H. GE soc sci human, nat, and econ resources and diversity global studies.			Prereq: Soph standing or higher, or permission of instructor. Not open to students with credit for 300.		
2580 Feast or Famine: the Global Business of Food					
Global and regional trends in food consumption and production are surveyed. Trade, technological change, and other responses to food scarcity are analyzed.	U	3	3702 Herding Cyber Cats: Information Security Management	U	3
Prereq: Not open to students with credit for 2580 (280) or AEDEcon 2580 (280) or 335. GE soc sci human, nat, and econ resources and diversity global studies course. Cross-listed in AEDEcon 2580.			This hands on course will focus on information security governance tools and processes. Students will learn the basic structures and activities used by Information Security professionals to manage information security and cyber risks which threaten us as individuals and organizations.		
2797.02 Study Abroad: Contemporary Uganda					
Enhancing the study of the history, culture, geography and society of Uganda by visiting the country.	U	3	Prereq: Soph standing or above, or permission of instructor.		
GE education abroad course.			3797 Four week Global May Programs	U	1
2800 Introduction to Peace Studies					
The meanings of peace and peacelessness in today's world, varied approaches to peace, contributions of many disciplines and professionals, and the significance of peoples' movements.	U	3	Course deals with global issues from the perspective of both the host country and the US. Repeatable to a maximum of 2 cr hrs.		
Prereq: Not open to students with credit for 201. GE soc sci orgs and polities and diversity global studies course.			3850 Introduction to Globalization	U	3
2800H Introduction to Peace Studies					
The meaning of peace and peacelessness in today's world, varied approaches to peace, contributions of many disciplines and professionals, and the significance of people's movements.	U	3	Analysis of globalization in its various aspects, economic, political, environmental and technological, as well as of its extent and desirability.		
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 201. GE soc sci orgs and polities and diversity global studies.			Prereq: Soph standing or above, or permission of instructor. Not open to students with credit for 356. GE soc sci indivs and groups and diversity global studies course.		
3350 Introduction to Western Europe					
Presents an introductory overview of the historical background to modern Western Europe. It surveys the development of society & politics, as well as the evolution of art, architecture & music.	U	3	4195 Selected Problems in International Studies	U	3
Prereq: Not open to students with credit for 210. GE historical study and soc sci human, nat, and econ resources and diversity global studies course.			Class discussions, with several guest speakers, informal conferences, and a reading and research program arranged to meet the special needs of those enrolled.		
3400 The Analysis and Display of Data					
Introduction to the analysis of data. Topics include sampling, data collection, probability, inference, random variables, display of data, correlation, and analysis of variance. This course does not count toward a course elective for Econ majors.	U	3	Repeatable to a maximum of 9 cr hrs.		
Prereq: Not open to students with credit for Econ 4400 (444), 5410 (641), 5420 (642), 3400 (443), Stat 1430 (133), 1450 (145), 2450 (245) or AEDEcon 2005 (205). GE data anly course. Cross-listed in Econ.			4200 Living Jerusalem: Ethnography and Bridge Blogging in Disputed Territory	U	3
4242 Incomplete Democracies: the (Un)Rule of Law in Latin America					
In this experimental class, you will meet Israeli and Palestinian scholars and students in video conferences and blogs as you engage in ethnographic, historical, political & cultural analyses of historical and contemporary Jerusalem.			In this experimental class, you will meet Israeli and Palestinian scholars and students in video conferences and blogs as you engage in ethnographic, historical, political & cultural analyses of historical and contemporary Jerusalem.		
Prereq: Soph standing, or permission of instructor.			Prereq: Soph standing, or permission of instructor.		
4250 Comparative Communism: China and Russia					
Seeks to understand the different trajectories of the world's two great communist powers of the 20th century, China and the Soviet Union.			4251 Organized Crime and Corruption in Contemporary Europe	U	3
Prereq: Soph standing, or permission of instructor. Not open to students with credit for 530.			Organized crime and corruption in Post-Communist Europe. Trafficking in drugs, weapons, organs, people and nuclear materials will be explored.		
4320 Energy, the Environment, and the Economy					
Understand the role of energy in the economy and the environment. Explore the economics of clean, renewable energy, and understand the different policies for pollution control.			Prereq: Soph standing or higher, or permission of instructor. Not open to students with credit for 533.		
Prereq: AEDEcon 2001 (200) or Econ 2001 (200). Not open to students with credit for 565, 4320E, or AEDEcon 4320 (565). Cross-listed in AEDEcon.			4320E Energy, the Environment, and the Economy	U	3
4320E Energy, the Environment, and the Economy					
Understand the role of energy in the economy and the environment. Explore the economics of clean, renewable energy, and understand the different policies for pollution control.			Prereq: AEDEcon 2001 (200), or Econ 2001.01, 2001.02 or 2001.03H (200). Not open to students with credit for 4320 (565), AEDEcon 4320 (565) or 4320E. Cross-listed in AEDEcon.		

256 International Studies

4451	The Immigration Controversy through Film	U	3			
	Examines the controversial phenomenon of immigration through the medium of film. Throughout the semester, we will examine the politics of migration through scholarly materials focusing on concepts like globalization, citizenship, and identity in order and delve into the latest policy developments in the realm of immigration regulation and border enforcement.					
4515	Ethnicity, Development, and the State in Sub-Saharan Africa	U	3			
	Takes a theoretical and comparative historical approach to analyzing problems of development and ethnic conflict in Sub-Saharan Africa. Prereq: Soph standing or above. Not open to students with credit for 515 or AfAmAST 4515 (515). Cross-listed in AfAmAST 4515 (515).					
4532	Food Security and Globalization	U	3			
	Examination of the causes and solutions for food insecurity. Global and local factors that affect access to food are also considered. Prereq: AEDEcon 2001 (200) or Econ 2001 (200); or permission of instructor. Not open to students with credit for 434 or 532; or AEDEcon 4532 (532) or 434. Cross-listed in AEDEcon 4532.					
4534	Comparative Challenges to Economic Development: Sub-Saharan Africa, Latin America, and China	U	3			
	An introductory survey course of issues shaping economic development in Sub-Saharan Africa, Latin America, and China, such as: population growth, agricultural development, industrialization, trade, structural adjustment, and environmental issues. Prereq: AEDEcon 2001 (200), or 2001H (200H), or Econ 2001 (200), or 2001H (200H). Not open to students with credit for 4536 (536), or 4538 (538), or 4539 (539), or AEDEcon 4534, or 4536 (536), or 4538 (538), or 4539 (539). Cross-listed in AEDEcon.					
4535	International Economic Development	U	3			
	Study of the growth and diversification of developing economies and the causes of poverty and inequality. Analyze the impacts of human capital formation, markets and public policy on development. Prereq: AEDEcon 2001 (200) or Econ 2001 (200). Not open to students with credit for 435, 535, PubAfrs 4535, AEDEcon 4535 (535), or 435. Cross-listed in AEDEcon and PubAfrs.					
4536	Economic Development of Sub-Saharan Africa	U	3			
	Issues shaping economic development and stagnation in contemporary Africa such as population growth, agricultural development, industrialization, trade, structural adjustment and environmental issues. Prereq: AEDEcon 2001 or (200) or Econ 2001 (200). Not open to students with credit for 436, 536, AEDEcon 436, or 4536 (536). Cross-listed in AEDEcon.					
4537	Middle Eastern Economic Development	U	3			
	Introduction to current economic issues facing Middle Eastern countries, and the similarities and differences in their growth, inflation, unemployment, fiscal and monetary policy, imports, exports, foreign debt and exchange rate policies. Prereq: AEDEcon 2001 (200), or Econ 2001 (200) and 2002 (201), or equiv. Not open to students with credit for 437, 537, Econ 4537 (537), AEDEcon 4537 (537), or 437. Cross-listed in AEDEcon and Econ.					
4538	Latin American Economic Development	U	3			
	Public policy and other factors influencing economic growth in Latin America are examined. Prereq: AEDEcon 2001 (200) or Econ 2001 (200), or equiv. Not open to students with credit for 438, 538, AEDEcon 4538 (538), or 438. Cross-listed in AEDEcon.					
4539	China's Economic Reforms and Globalization	U	3			
	An introductory survey course of economic reforms and globalization in China with emphasis on the country's economic and social transformation, and its integration into the global economy. Prereq: AEDEcon 2001 (200) or Econ 2001 (200), or permission of instructor. Not open to students with credit for 439, 539, AEDEcon 4539 (539), or 439. Cross-listed in AEDEcon.					
4540	International Commerce and the World Economy	U	3			
	Application of trade theory and policies to world trade that impacts global business. Prereq: AEDEcon 2001 (200), 2001H (200H), Econ 2001 (200), or 2001H (200H), or permission of instructor. Not open to students with credit for 540 or AEDEcon 4540 (540). Cross-listed in AEDEcon.					
4550	Bioterrorism: An Overview	U	3			
	A broad awareness course on the bioterrorism threat to our food supply, crops, animal and public health, and bioterrorist organizations. Prereq: Jr or Sr standing. Not open to students with credit for 455 or PlntPth 4550 (455). Cross-listed in PlntPth.					
4560	Cooperation and Conflict in the Global Economy	U	3			
	The economic, social, and political bases for, and responses to, increasing global economic integration. Prereq: Econ 2001 (200) and 2002 (201), or 400, or equiv. Not open to students with credit for 556 or Econ 4560 (556). Cross-listed in Econ.					
4597.01	Food, Population, and the Environment	U	3			
	Issues related to world-wide population increases, food production, and associated environmental stress; policy options for lessening these concerns, especially in low-income countries. Prereq: Jr or Sr standing. Not open to students with credit for 597.01, 4597.01H (597.01H), AEDEcon 4597.01 (597.01), or AEDEcon 4597.01H (597.01H). GE cross-disciplinary seminar course. Cross-listed in AEDEcon.					
4597.01H	Food, Population, and the Environment	U	3			
	Issues related to world-wide population increases, food production, and associated environmental stress; policy options for lessening these concerns, especially in low-income countries. Prereq: Honors and Sr standing, or permission of dept. or instructor. Not open to students with credit for 597.01H, 4597.01 (597.01), AEDEcon 4597.01H (597.01H), or AEDEcon 4597.01 (597.01). GE cross-disciplinary seminar course. Cross-listed in AEDEcon.					
4700	Terror and Terrorism	U	3			
	Focus on the origins, evolution and place of terrorism in the modern world and the ideology, motivation, and methods of a number of terrorist groups. Prereq: Not open to students with credit for 553.					
4700H	Terror and Terrorism	U	3			
	Focus on the origins, evolution and place of terrorism in the modern world and the ideology, motivation, and methods of a number of terrorist groups. Prereq: Honors standing, or permission of instructor. Not open to students with credit for 553 or 553H.					
4701	The Development and Control of Weapons of Mass Destruction	U	3			
	Offers students an overview of the issues relating to atomic, biological, and chemical weapons, commonly referred to as weapons of mass destruction (WMD). Prereq: Not open to students with credit for 555.					
4703	Science, Technology and the American National Security	U	3			
	Explores how science and technology, especially computer science and arms race technologies, influence American actions and priorities in an increasingly complex national security environment. Prereq: Not open to students with credit for 554.					
4704	A Global War on Terror? America's Response to the 9/11 Attacks	U	3			
	Explores the domestic and international impacts of the 9/11 terrorist attacks against the United States. Four different but interrelated wars will be studied: the war against the Taliban in Afghanistan and Pakistan, the war in Iraq, the global war on terror, and the war on the home front-curtailment of civil liberties, militarization of U.S. society, domestic terrorism. Prereq: Soph standing or above.					
4800	Cultural Diplomacy	U	3			
	Cultural Diplomacy is the exchange of information, ideas and values among nations and peoples. Public and private mechanisms for these exchanges are explored. Prereq: Soph standing or above, or permission of instructor. Not open to students with credit for 550.					
4801	Model United Nations	U	3			
	Interactive diplomatic simulation of the political processes of the UN system focusing on selected global problems; involves class discussion, group projects, and significant student participation. Prereq: Not open to students with credit for 552.					
4802	Problems and Prospects for Peace	U	3			
	Integrated seminar focusing on problems encountered with peace strategies and both short and long-term prospects for peaceful change. Prereq: Soph standing, or permission of instructor.					
4803	Intervening for Peace: Peacekeeping and Collective Security	U	3			
	Exploration of the theory and practice of international peacekeeping and collective security. Prereq: Not open to students with credit for 551.					
4804	Applied Nonviolence I: Methods	U	3			
	Provides an introduction to the strategies and methods of pursuing peace and social justice through nonviolence. Through a combination of reading, discussion, and practical experiments participants will develop a sound understanding of nonviolence theory and practice. Prereq: 2800.					
4805	Applied Nonviolence II: Experiment	U	3			
	Applies the knowledge acquired from Applied Nonviolence I and is intended to develop and test the skills necessary to becoming a professional nonviolent activist. Prereq: 4804.					
4806	Intelligence for Diplomacy: Assessing Leadership Style	U	3			
	The assessment of leadership style is one of several core foci for intelligence analysts. It contributes to predictions of a leader's likely behavior. More importantly, it guides efforts, in particular diplomatic efforts, to influence the decisions of political, economic and military leaders. This course introduces students to key theories and research in the political psychology of leadership. Prereq: Soph standing or higher, or permission of instructor. Not open to students with credit for 5195 (Assessing Leadership Style).					
4850	Understanding the Global Information Society	U	3			
	Invites students to think critically about the global networks that are shaping the new knowledge creation & sharing processes. To monitor news, investigate web resources & gather information for assignments, report & case study analysis. Prereq: Soph standing, or permission of instructor.					

4873	Contemporary Religious Movements in Global Context	U	3
Examination of contemporary religious movements within the context of larger political, cultural, and economic processes, including post-colonialism, modernization, and globalization. Prereq: Coursework in CompStd or IntStd, or Grad standing, or permission of instructor. Not open to students with credit for 523 or CompStd 523. Cross-listed in CompStd.			
4998	Undergraduate Research in International Studies	U	1 - 9
Undergraduate research or creative activities in variable topics. Prereq: Regular faculty mentor, and permission of department. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			
4999	Thesis Research	U	1 - 3
Informal conferences to maximize the student's initiative and academic maturation; student and faculty advisor choose a research topic; the results are tested by a written thesis and an oral exam. Must receive a mark of S to graduate with Research Distinction. Prereq: GPA 3.4 or above, and Jr or Sr standing; and permission of tenure-track thesis advisor and department. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			
4999H	Thesis Research	U	1 - 3
Informal conferences to maximize the student's initiative and academic maturation; student and faculty advisor choose a research topic; the results are tested by a written thesis and an oral examination. Prereq: Good standing in Honors College, tenure-track faculty supervisor, and permission of department. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			
5050	Two Koreas: Political Economy of Regional Rivalry	U G	3
Understanding the Korean peninsula. Course will focus on the nature of North and South Korean regional rivalry and its global impacts. Security issues include North Korean nuclear threat, military alliances, & reunification prospects. Prereq: Soph standing, or permission of instructor.			
5051	East Asia in the Post-Cold War Era: Issues in Regional Security & Economic Development	U G	3
Become familiar with and to analyze East Asian regional security and economic issues in the post-Cold War era. Looking at the region as an international subsystem, the course focuses on the regional level and examines its global consequences. Prereq: Soph standing, or permission of instructor.			
5191	Student Intern Program in International Studies	U G	3 - 9
Opportunity to gain knowledge of the policy process in a local, national, international or government agency. Prereq: GPA 3.0 or above, and Jr, Sr, or Grad standing. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
5193	Individual Studies	U G	1 - 6
Designed to give able students an opportunity to pursue a special course of study not otherwise available to them in course form. Prereq: Permission of instructor. Not open to students with credit for 693. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			
5194	Group Studies	U G	1 - 3
Designed to give groups of students an opportunity to pursue special studies not otherwise offered. Prereq: Permission of instructor. Not open to students with credit for 694. Repeatable to a maximum of 9 cr hrs or 9 completions.			
5195	Selected Problems in International Studies	U G	3
Class Discussions, with several guest speakers, informal conferences, and a reading and research program arranged to meet the special needs of those enrolled. Counts against credits IntStd major can receive for 419. Prereq: Jr or Sr standing. Repeatable to a maximum of 9 cr hrs.			
5616	Challenges to Childhood: An International Perspective	U G	3
Course will explore children's forced participation in war and its consequences and child poverty, labor, health, abuse, and victimization in international perspective. Prereq: Soph standing or above, or permission of instructor. Not open to students with credit for 616 or Sociol 5616 (616). Cross-listed in Sociol.			
5640	Globalization and Latin America: Multi-Disciplinary Approaches	U G	3
Explores current debates on globalization in Latin America and recent and interrelated transformations in the economies, politics, and cultures of the region. Prereq: Jr standing or above. Not open to students with credit for 640 or Spanish 5640 (640). Cross-listed in Spanish.			
5645	Contemporary Issues in the Middle East	U G	3
Intensive examination of contemporary issues in the Middle East by applying an interdisciplinary approach. Prereq: 2200 (245), or Jr standing. Not open to students with credit for 645 or NELC 5645 (645). Cross-listed in NELC.			
5700	Rebuilding Failed and Weak States	U G	3
Tackles the question of how to design policies and programs to rebuild failed and weak states into functioning, if not vibrant democracies. Prereq: Soph standing or above, or permission of instructor. Not open to students with credit for PubAfrs 5700 (670) or PubPolM 670. Cross-listed in PubAfrs.			

5701	Intelligence and National Security in a Changing World	U G	3
An in-depth look at US intelligence practices, effectiveness & impact on policymaking; examines the role of secret activities in a democracy; delves heavily into current events from an intelligence perspective; looks at new intelligence challenges. Prereq: 3700 or 3700H (350 or 350H), or permission of instructor.			

5701E	Intelligence and National Security in a Changing World	U G	3
An in-depth look at US intelligence practices, effectiveness and impact on policymaking; examines the role of secret activities in a democracy; delves heavily into current events from an intelligence perspective; looks at new intelligence challenges. Prereq: Honors standing, and 3700 (350) or 3700H (350H); or permission of instructor.			

5702	Research on Organized Violence	U G	3
Introduces students to the process of independent research through an in-depth examination of the Troubles in Northern Ireland.			

5703	Thinking And Writing: A Practicum for Intelligence Analysis	U G	3
Students will practice writing forms regularly used by the US intelligence community. Designed to provide high-level US policymakers with both raw information & detailed analysis on international events. Requires extensive research.			

5797	Study at a Foreign Institution	U G	1 - 18
An opportunity for students to study at a foreign institution and receive OSU credit for work completed there. Students will pay OSU fees and any fees in excess of OSU tuition, as well as all travel and subsistence costs. Prereq: Permission of department chairperson. Repeatable.			

5800	International Law	U G	3
Examination of the varied sources, traditions, functions and structures of international law and its significance in maintaining stability, continuity and communication in the international system. Prereq: Soph standing or above, or permission of instructor. Not open to students with credit for 650.			

5801	Children and War	U G	3
Explores how children are affected by war, as forced participants, orphans and refugees. Long-term effects on society will be studied. Prereq: Soph standing or above, or permission of instructor. Not open to students with credit for 615.			

Italian

1101.01	Italian I	U	4
Introduction to language and culture of the Italian speaking world with emphasis placed on the acquisition of basic communication skills in a cultural context. Not open to native speakers of this language through regular course enrollment or EM credit, or to students with 2 or more years of high school Italian. Prereq: Not open to students with credit for 1101, 1101.02, 5101, or 101. This course is available for EM credit. GE for lang course. FL Admis Cond course.			

1101.02	Italian I Hybrid	U	4
Covers the same material presented in Italian 1101.01 but students attend class two days/week and complete the rest of their work on-line. This course is not for everyone. The successful student is organized, self-motivated, able to learn grammar concepts on his/her own, and is comfortable with technology. Not open to native speakers of this language through regular course enrollment or EM credit, or to students with 2 or more years of high school Italian. Prereq: Not open to students with credit for 101, 1101, 1101.01 or 5101. This course is available for EM credit. GE for lang course.			

1101.03	Italian I Blended	U	4
Introduction to language and culture of the Italian speaking world with emphasis placed on the acquisition of basic communication skills in a cultural context. Students attend class three days/week and complete the equivalent of the work of one class period online. Not open to native speakers of this language. Prereq: Not open to students with credit for 1101.01, 1101.02, or 5101. This course is available for EM credit. GE for lang course.			

1102.01	Italian II	U	4
Continued development of Italian language skills and cultural knowledge for effective communication, with emphasis on more advanced language structures, sustained interactions, reading, and writing. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: 1101, 1101.01, 1101.02, or 101. Not open to students with credit for 1102, 102, 1102.02, or 5101. This course is available for EM credit. GE for lang course. FL Admis Cond course.			

1102.02	Italian II Hybrid	U	4
Covers the same material presented in Italian 1102.01 but students attend class two days/week and complete the rest of their work on-line. This course is not for everyone. The successful student is organized, self-motivated, able to learn grammar concepts on his/her own, and is comfortable with technology. Prereq: 1101, 1101.01, 1101.02, or 101. Not open to students with credit for 1102, 102, 1102.01, or 5101. This course is available for EM credit. GE for lang course.			

258 Italian

1102.03	Italian II Blended	U	4	Continued development of skills needed for independent use of Italian. Activities address topics of the contemporary Italian speaking world. Taught in Italian. Students attend class three days/week and complete one day of class work on-line. Not open to native speakers of this language. Prereq: 1101.01, 1101.02, or 1101.03. Not open to students with credit for 1102.01, 1102.02, or 5101. This course is available for EM credit. GE for lang course.	
1103.01	Italian III	U	4	Continued development of skills needed for independent use of Italian. Activities address topics of the contemporary Italian speaking world. Taught in Italian. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: 1102 (102), 1102.01, or 1102.02. Not open to students with credit for 1103, 103, 1103.02, or 5101. This course is available for EM credit. GE for lang course. FL Admis Cond course.	
1103.02	Italian III Hybrid	U	4	Covers the same material presented in Italian 1103.01 but students attend class two days/week and complete the rest of their work on-line. This course is not for everyone. The successful student is organized, self-motivated, able to learn grammar concepts on his/her own, and is comfortable with technology. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: 1102, 1102.01, 1102.02, or 102. Not open to students with credit for 1103, 103, 1103.01, or 5101. This course is available for EM credit. GE for lang course.	
1103.03	Italian III Blended	U	4	Continued development of skills needed for independent use of Italian. Activities address topics of the contemporary Italian speaking world. Taught in Italian. Students attend class three days/week and complete one day of class work on-line. Not open to native speakers of this language. Prereq: 1102.01, 1102.02, or 1102.03. Not open to students with credit for 1103.01, 1103.02, 5101. This course is available for EM credit. GE for lang course.	
2051	Fictions of Italy: Medieval and Renaissance Literature and Society	U	3	Introduction to social-cultural trends in Italy as reflected in literary texts and other materials from the beginnings to the Renaissance. Life and thought of European and Mediterranean Jews in the early modern period.		4998H Research: Honors in Kinesiology	U 2 - 3
Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for History 3455. GE historical study course. Cross-listed in History.		A program of accelerated study for students with special aptitudes.	
3470 Messiahs and Messianism in Jewish History	U 3	Prereq: Honors standing and permission of instructor. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.	
The history of Jewish messianic ideas and of Jewish messianic leadership from ancient to modern times.		5194 Group Studies: Kinesiology	U G 1 - 15
Prereq: English 1110.xx, and any History 2000-level course; or permission of instructor. Not open to students with credit for History 3470 (531.01). GE historical study course. Cross-listed in History		Special Topics related to issues in Kinesiology.	
		Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 15 completions.	

264 Kinesiology

6100 Race, Gender and Culture in Sports	G 3	4490 Graded Exercise Testing	U 1
Provides students with knowledge, understanding, and experiences related to the following topics in sport: ethnicity and race, gender, culture, religion, and language, participation and socialization, social theories, and critical race and social justice theories.			
6101 Ethics of Coaching	G 3	4525 Promoting Behavior Change in Sport, Leisure, & Exercise	U 3
Examines ethical and moral issues that are central to coaching in contemporary sport setting and address the way in which we should treat human beings in sports settings. Issues such as fairness, equality, integrity, and sport's purpose will be discussed and questions of an ethical and moral nature.			
6891 Kinesiology Graduate Core Course I	G 3	This course introduces students to theories, mediators, and behavior change strategies applied to sport, leisure, and exercise settings and provides knowledge and opportunities to develop skills to promote adoption and adherence to physical activity.	
Introduction to graduate study in Kinesiology with an emphasis on becoming a successful doctoral student and scholar. Prereq: Grad standing in Kinesiology, or permission of instructor.			
6892 Kinesiology Graduate Core Course II	G 3	Prereq: Admission to major in Exercise Science Education; Sport Industry; Human Nutrition; Health Promotion, Nutrition and Exercise Science; or Physical Education, Sport, and Physical Activity. Not open to students with credit for EduPAES 525.	
7100 Mental Preparation and Performance in Sport	G 3	5191 Internship: Health and Exercise Science	U G 12
Examination of psychological theories and research related to mental preparation and performance in sport. An introduction to the field which will provide broad overview of the major topics in the area.			
7102 Science of Physical Activity and Nutrition for Coaches	G 3	Prepares students to assume career-related responsibilities in Health and Exercise Science by providing a practical extended experience under the supervision of an exercise science professional.	
Examines the primary human physiological systems and their response to acute and chronic exercise stimuli, as well as the effects of training and physical activity on health, fitness and athletic performance. The role of nutrition in health and various sport types will be examined with a focus on mainstream current recommendations.			
7103 Research Skills for Coaches	G 3	Prereq: 4490 or EduPAES 4490, and enrollment in Exercise Science Education major; or enrollment in master's program in Kinesiology, Health & Exercise Science concentration. This course is graded S/U.	
7104 Proseminar for Coaches	G 3	5194 Group Studies: Health and Exercise Science	U G 1 - 12
This proseminar focuses on the development of knowledge, abilities, and dispositions necessary for effective, participative, and productive leadership in coaching settings. Topics covered in this course include leadership skills, interpersonal relationships, organizational membership, branding, the relationship between the sporting team and the community. Repeatable to a maximum of 6 cr hrs.			
7730 Endocrinology	G 4	Group study in HES.	
Functional principles of the major endocrine systems in vertebrates and preparation for research in this area. Prereq: Biochem 4511 (511), or permission of instructor. Not open to students with credit for VetBios 730. Cross-listed in AnimSci.			
7999 Research: Thesis	G 1 - 6	Prereq: Open only to Exercise Science Education majors; permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.	
8189 Practicum in Kinesiology	G 1 - 6	5491 Body Composition Evaluation	U G 1
Practicum study hours in Kinesiology. Prereq: Admission to Kinesiology graduate program, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			
Kinesiology: Health and Exercise Science			
2360 Kinesiology	U 4	5492 Muscular Strength and Anaerobic Power Testing	U G 1
The mechanics of the musculoskeletal system, both <i>in vitro</i> and <i>in vivo</i> , as they relate to the generation and maintenance of human movement. Prereq: Not open to students with credit for EduPAES 360 and 361.			
3193 Independent Study: Health and Exercise Science	U 1 - 12	Includes practical experiences in the understanding and application of muscular strength and anaerobic power testing. Experience in explanation, motivation of clients and evaluation of the results with application will be included.	
Independent study in Health and Exercise Science. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
3209 Orientation to Exercise Science	U 1	Prereq: Jr standing, and proof of CPR First/AID certification. Not open to students with credit for EduPAES 490.12.	
The purpose of this course is to introduce HES majors to the depth and breadth of careers in exercise science and to develop professional and research qualifications and experiences that will foster success now and after graduation. Prereq: Admission to Exercise Science Education Major. Not open to students with credit for EduPAES 209.			
3414 Applied Exercise Physiology	U 3	5493 Fitness Program Development and Evaluation: Older Adult Exercise Prescription	U G 1
Examines the primary human physiological systems and their response to acute and chronic exercise stimuli. Prereq: Admission to HPNES major and EEOB 2520. Another set of options includes admission to Exercise Science major; and Physio 3200, or 3201 and 3202. Not open to students with credit for EduPAES 414 or 514.			
5500 Science of Physical Activity for Health Care Professionals	U G 4	Includes practical experiences with facilitated understanding in the assessment, development, delivery and evaluation in the area of individualized fitness and wellness programs.	
Examines the primary human physiological systems and their response to acute and chronic exercise stimuli, as well as the effects of training and physical activity on health, fitness and human performance. Prereq: Jr standing or above. Not open to students with credit for EduPAES 500.			
5590 Comprehensive Laboratory in Exercise Science	U G 3	5590 Comprehensive Laboratory in Exercise Science	U G 3
This course provides practical experiences in comprehensive fitness testing, fitness evaluation and the development of training programming for the healthy adult and older adult populations. This course will focus on measuring and evaluating components of health related fitness, which include: cardiorespiratory system, body composition, muscular strength, muscular endurance, and flexibility. Prereq or concr: KnHES 5685, and Jr, Sr, or Grad standing. Repeatable to a maximum of 6 cr hrs.			
5651 Health Program Planning	U G 3	5651 Health Program Planning	U G 3
The social, epidemiologic, behavioral and educational foundations of health promotion will be reviewed. Skills in: needs assessment, program planning, and program implementation will be developed. Prereq: Not open to students with credit for EduPAES 651.			
5652 Worksite Health Promotion	U G 3	5652 Worksite Health Promotion	U G 3
Effective health promotion practice at the workplace. Skills: health needs assessment, health program decision-making, reviewing educational / health behavior literature, health behavior program planning, implementation, and evaluation. Prereq: Not open to students with credit for EduPAES 652.			
5685 Adult Exercise Programming-Implementation	U G 4	5685 Adult Exercise Programming-Implementation	U G 4
Introduction to adult exercise training and evaluation methods; emphasis on the implementation of programs for the normal healthy adult. Prereq: 3414 or EduPAES 3414. Not open to students with credit for EduPAES 685.			
5703 Health Behavior Theory	U G 3	5703 Health Behavior Theory	U G 3
Critical analysis of Health Behavior Theory. Review of professional literature on development and evaluation of theory based, health behavior change interventions. Prereq: 5652 (EduPAES 5652 (652)) or 5651 (EduPAES 5651 (651)); or grad standing. Not open to students with credit for EduPAES 703.			

Kinesiology: Health and Exercise Science

2360 Kinesiology	U 4	5651 Health Program Planning	U G 3
The mechanics of the musculoskeletal system, both <i>in vitro</i> and <i>in vivo</i> , as they relate to the generation and maintenance of human movement. Prereq: Not open to students with credit for EduPAES 360 and 361.			
3193 Independent Study: Health and Exercise Science	U 1 - 12	5652 Worksite Health Promotion	U G 3
Independent study in Health and Exercise Science. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
3209 Orientation to Exercise Science	U 1	5685 Adult Exercise Programming-Implementation	U G 4
The purpose of this course is to introduce HES majors to the depth and breadth of careers in exercise science and to develop professional and research qualifications and experiences that will foster success now and after graduation. Prereq: Admission to Exercise Science Education Major. Not open to students with credit for EduPAES 209.			
3414 Applied Exercise Physiology	U 3	5703 Health Behavior Theory	U G 3
Examines the primary human physiological systems and their response to acute and chronic exercise stimuli. Prereq: Admission to HPNES major and EEOB 2520. Another set of options includes admission to Exercise Science major; and Physio 3200, or 3201 and 3202. Not open to students with credit for EduPAES 414 or 514.			

Kinesiology: Health and Exercise Science 265

5704	Health Program Evaluation	U G 3
Methods for evaluating health behavior interventions. Skills to conduct process, impact and outcome evaluations including data analysis will be developed. The political, educational and theoretical aspects of evaluation practices are covered.		
Prereq: 5652 (EduPAES 5652 (652)) or 5651 (EduPAES 5651 (651)); or Grad standing. Not open to students with credit for EduPAES 704.		
7713		
Foundations of Physical Activity Behavior	G 3	
Addresses the basic conceptual, methodological, and applied considerations in physical activity behavior.		
Prereq: Not open to students with credit for EduPAES 713.		
7714	Advanced Physiology of Exercise	G 4
Examines the physiological responses and adaptations to the demands and stresses of physical activity and exercise in humans and animals.		
Prereq: Not open to students with credit for EduPAES 714.		
7720	Measurement in Physical Activity Behavior	G 3
Addresses basic and advanced considerations in the measurement of physical activity behavior.		
Prereq: Not open to students with credit for EduPAES 720.		
7726	Changing Physical Activity Behavior	G 3
Introduction to theoretical foundations and research base of physical activity behavior.		
Demonstration of skills in analyzing and implementing appropriate methodologies for exercise behavior research and interventions for individuals and groups.		
Prereq: Not open to students with credit for EduPAES 726.		
7896	Colloquium: Health and Exercise Science	G 1 - 10
A forum for exercise science graduate students to present research proposals and results.		
Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
8193	Advanced Individual Studies: Health and Exercise Science	G 1 - 12
Advanced independent study in Health and Exercise Science.		
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.		
8803	Seminar in Exercise Metabolism	G 3
Graduate seminar focusing on researching in the field of contemporary exercise metabolism.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 802.02.		
8804	Skeletal Muscle Structure, Function, and Plasticity	G 3
Devoted to the format of a graduate seminar. You will be responsible for researching a specific topic area in the field of contemporary skeletal muscle physiology.		
Prereq: Not open to students with credit for EduPAES 802.04.		
8998	Research: Health and Exercise Science	G 1 - 12
Research topics to be determined through discussion with adviser.		
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.		
8999	Dissertation/Thesis Research: Health and Exercise Science	G 1 - 9
Provides graduate students the opportunity to develop and conduct basic and applied health and exercise science research required for the completion of a thesis or dissertation.		
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.		

Kinesiology: Physical Education

1208	Orientation to Sport and Leisure Studies	U 3
Vocational opportunities, vocational preparation, and significant issues and information associated with sports, recreation and leisure, fitness, and physical education.		
Prereq: Not open to students with credit for EduPAES 208.		
2201		
Concepts of Fitness and Wellness	U 3	
Focuses on teaching physical fitness and wellness concepts to support instruction in schools and other settings such as community health organizations.		
2262	Coaching the Young Athlete	U 3
Skills and knowledge to coach young athletes.		
2301	Teaching Invasion Games	U 3
Prepares students to teach invasion games in educational settings.		
Prereq: Not open to students with credit for EduPAES 301.		
2307	Adventure Based Learning	U 3
Acquisition of performance skills including philosophy, facilitation techniques, and safety of adventure based learning activities and their roles in different settings.		
Prereq: Not open to students with credit for EduPAES 307.		
2542	Lifespan Motor Development	U 3
An overview of the processes involved in motor development and physical growth across the lifespan. Implications of growth and development to teaching, coaching, and clinical settings will be examined.		
Prereq: Not open to students with credit for EduPAES 542.		

2601	Teaching Physical Education, Leisure and Exercise	U 3
Designed to teach effective pedagogical and managerial skills for school, recreation and exercise settings.		
Prereq: Not open to students with credit for EduPAES 601.		
2620.01		
Coaching Baseball	U 2	
Study in the theory, strategy, and mechanics of coaching interscholastic; intercollegiate baseball. Advanced skill level in the elected sport is required to take this course.		
Prereq: Jr standing, or permission of instructor. Not open to students with credit for EduPAES 620.01.		
2620.02		
Coaching: Basketball	U 2	
Study in the theory, strategy, and mechanics of coaching interscholastic: intercollegiate basketball. Advanced skill level in the elected sport.		
Prereq: Jr standing, and permission of instructor. Not open to students with credit for EduPAES 620.02.		
2620.04		
Coaching: Football	U 2	
Study in the theory, strategy, and mechanics of coaching interscholastic; intercollegiate football. Advanced skill level in the elected sport.		
Prereq: Jr standing. Not open to students with credit for EduPAES 620.04.		
3189	Field Experience in Elementary Physical Education	U 3
This field experience develops knowledge of elementary learners, schools, curriculum, pedagogy, pedagogical content knowledge, and assessment.		
Concur: 3740. Admission to PETE undergraduate major or permission of the instructor. Not open to students with credit for EduPAES 689.01.		
3193	Independent Study: Physical Education, Sport & Physical Activity	U 1 - 12
Advanced independent study in physical education.		
Prereq: Enrollment in Physical Education, Sport & Physical Activity major, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.		
3302	Teaching Racquet Sports	U 3
Prepares students to teach racquet sports in educational settings.		
Prereq: Admission to the PESPA major, coaching education minor or physical activity specialist minor. Not open to students with credit for EduPAES 302.		
3305	Teaching Court Games	U 3
Prepares students to teach court games in educational settings.		
Prereq: Pre-major or major in PESPA, and coaching education minor or physical activity specialist minor. Not open to students with credit for EduPAES 305.		
3520	Content in Lower Elementary Physical Education	U 3
An indepth analysis of the content and instruction of an lower elementary school Physical Education curriculum. Students will develop skills and knowledge in developmentally appropriate content in elementary physical education.		
Prereq: Admission to a Physical Education teacher Education major. Not open to students with credit for EduPAES 520.		
3521	Content in Upper Elementary Physical Education	U 3
An indepth analysis of the content and instruction of the upper elementary school physical education curriculum. Students will develop skills and knowledge in developmentally appropriate content in elementary physical education.		
Prereq: Admission to the PESPA major.		
3740	Teaching Physical Education in Elementary Schools	U 3
Provides pedagogical content knowledge in physical education at the elementary school level, and provide the opportunity to apply this knowledge in an elementary school environment.		
Prereq: Admission to PETE undergraduate major, or permission of instructor. Concur: 3189. Not open to students with credit for EduPAES 740.		
4189.02	Field Experience in Secondary Physical Education	U 3
This field experience develops knowledge of secondary learners, schools, curriculum, pedagogy, pedagogical content knowledge, and assessment.		
Concur: 4741. Admission to PETE undergraduate major or permission of the instructor. Not open to students with credit for EduPAES 689.02.		
4189.30	Practicum in K-12 Health Education	U 3
An advanced field experience designed to give practice in teaching K-12 health education in schools.		
Prereq: 4743 or EduPAES 4743, or permission of instructor.		
4191	Physical Activity and Coaching Internship	U 1 - 15
Internship in Physical Activity and Coaching.		
Prereq: Enrollment in the Physical Education, Sport, and Physical Activity major and Physical Activity and Coaching Specialist specialization. Repeatable to a maximum of 15 cr hrs.		
4191.01	Internship: Elementary Physical Education	U 6
Observation, participation, and responsible teaching in an elementary school setting.		
Prereq: 4780, admitted to PETE undergraduate major, and GPA 2.75 or above. Not open to students with EduPAES 786.		

266 Kinesiology: Physical Education

4191.02 Internship: Secondary Physical Education	U	6	7754 Advanced Motor Development and Learning	G	3
Observation, analysis, and teaching in a public secondary school; dual and three-way conferences with supervisor and cooperating teacher.			Physical growth and motor skill acquisition from infancy to adolescence. Principles of motor learning. Application of content to teaching, coaching, and clinical settings.		
Prereq: Admitted to PETE undergraduate major and GPA 2.75 or above. Concur: 4780. Not open to students with credit for EduPAES 787.			Prereq: Not open to students with credit for EduPAES 754 or 851.		
4489.05 Advanced Field Experience: Interscholastic Coaching	U	2 - 6	7863 Teaching Health and Fitness Courses at the College Level	G	3
Directed coaching experience.			Enhances the preparation of students to teach health and fitness courses at the college level.		
Prereq or concur: 4643, and admission to Kinesiology major or Coaching Education minor; or permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.			Prereq: Admission to PETE or PA Grad program, or permission of instructor. Not open to students with credit for EduPAES 863.		
4741 Teaching Physical Education in Secondary Schools	U	3	7868 Research on Teaching in Physical Education	G	3
The purpose of this course is to provide pedagogy and pedagogical content knowledge in physical education at the secondary school.			Provides students with a basis for understanding three decades of research in this area. The student will develop competencies as a consumer of educational research and practice and as a teacher educator.		
Prereq: Admission to PETE undergrad major or permission of instructor. Not open to students with credit for EduPAES 741.			Prereq: Admission to PETE or PA Grad program, or permission of instructor. Not open to students with credit for EduPAES 868.		
4743 Teaching Health Education in Elementary, Middle and High Schools	U	3	7897 Special Topics: Physical Education, Sport & Physical Activity	G	3
Methods for the teaching of comprehensive school health education (CSHE) in elementary, middle, and high schools. It is required for the teacher licensure program in health education teachers.			This professionally focused course examines contemporary issues in curriculum and instruction in physical education. The course is designed to be flexible and the content changes to reflect the current changes in the field of physical education.		
4780 Seminar for Student Teaching	U	2	Repeatable to a maximum of 15 cr hrs.		
Seminar designed to connect students' school-based internship experiences with pedagogical knowledge through discussions and reflections about teaching physical education.			8193 Advanced Individual Studies: Physical Education, Sport & Physical Activity	G	1 - 12
Prereq: admission to PETE undergrad major and GPA 2.75 or above. Concur: 4191.01 and 4191.02. Not open to students with credit for EduPAES 780.			Advanced independent study course in physical education or adapted physical education.		
5194 Group Studies: Physical Education, Sport & Physical Activity	U G	1 - 12	Prereq: Admission to Kinesiology graduate program, and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.		
Group study in Physical Education.			8865 Advanced Socio-cultural issues in Physical Education	G	3
Prereq: Open only to Physical Education, Sport & Physical Activity majors, and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			Examines issues of gender, race, health, class, disability, religion, and homophobia within the context of physical education and physical education teacher education.		
5521 Qualitative Skill Analysis	U G	3	Prereq: Admission to Grad program in Physical Education, or permission of instructor. Not open to students with credit for EduPAES 865.		
Provides students with the knowledge and skills required to successfully conduct a qualitative analysis of skills and instructional tasks and develop teaching progressions.			8870 Research on Teaching	G	3
Prereq: Grad standing, admission to the PESPA pre-major, major, coaching education minor, or physical activity specialist minor. Not open to students with credit for EduPAES 521.			Examines the process, products, and ecological paradigms in educational research from their beginnings in the 1970s to the present day.		
5544 Introduction to Adapted Physical Activity	U G	3	Prereq: Grad standing in Kinesiology, or permission of instructor. Not open to students with credit for EduPAES 870.		
Introduction to adapted physical activity across school, community, and clinical settings.			8872 Advanced Study in Adapted Physical Education	G	3
Prereq: Major in the College of EHE, or permission of instructor. Not open to students with credit for EduPAES 544.			Provides students the opportunity to study advanced topics essential to Adapted Physical Education.		
5643 Coaching Effectiveness	U G	3	Prereq: Admission to Grad major in Kinesiology, or permission of instructor. Not open to students with credit for EduPAES 872.		
This course is designed to introduce students to effective coaching strategies and practices.			8891 Doctoral Seminar in Physical Education	G	3
Prereq: Enrollment in undergraduate Physical Activity Specialist Strand of PESPA major or Coaching Education minor. Not open to students with credit for EduPAES 643.			Seminar that examines the theoretical, methodological, and practical aspects of research in the physical education field. Specific content of the course will vary from semester to semester.		
5657 Sport and Disability	U G	3	Prereq: Enrollment in the Kinesiology Ph.D. program, or permission of instructor. Repeatable to a maximum of 18 cr hrs.		
Overview of sport for individuals with disabilities with emphasis given to physiological, psychological, and socio-cultural perspectives.			8892 Research Seminar in Physical Education Teacher Education	G	3
Prereq: Undergrad or Grad major in EHE; or coaching education minor; or interdisciplinary disability studies minor and graduate specialization; or physical activity specialist minor. Not open to students with credit for EduPAES 657.			Research seminar designed to enhance students' knowledge on current experimental techniques, theories and models of physical education, sport and physical activity with an emphasis on preparing physical education teachers.		
5676 Programming for Severe Physical Impairments	U G	3	Prereq: Enrollment in the Ed.D. in Kinesiology or Physical Education Concentration, or permission of instructor. Repeatable to a maximum of 18 cr hrs.		
Considerations related to the physical, motor and fitness needs of individuals with severe physical impairments within a physical activity context.			8998 Research: Physical Education, Sport & Physical Activity	G	1 - 12
Prereq: Ugrd or Grad standing in EHE, or permission of instructor.			Examines the process product, mediating product, and ecological paradigms in educational research from their beginnings in the 1970's to the present day.		
5709 Schools, Curriculum and Physical Education	U G	3	Prereq: Grad standing in Physical Education, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.		
Examines the role of physical education within the social, historical, and philosophical foundations of education in the United States. We examine curriculum as a mechanism for the operationalization of different educational values and philosophies both as a theoretical exercise and as practice.			8999 Dissertation/Thesis Research: Physical Education, Sport & Physical Activity	G	1 - 6
Prereq: 2601 or EduPAES 2601, or Grad standing.			Dissertation research in physical education or adapted physical education.		
5795 Socio-Cultural Issues in Physical Education	U G	3	Prereq: Admission into Kinesiology graduate program, and permission of the instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.		
Provides students with knowledge, understanding, and experience related to various socio-cultural issues within the physical education setting.					
Prereq: Enrollment in PESPA major, coaching minor, physical activity specialist minor, PE Grad program, or permission of instructor. Not open to students with credit for EduPAES 795.					
5975 Exploring Japan through Sport, Wellness and Culture	U G	3			
The Exploring Japan through Sport, Wellness and Culture course is designed to provide students with hands on, experiential activities that will foster an understanding of Japan and Japanese culture. Prior leaving for Japan, students will be exposed to the Japanese language and customs through lectures at Ohio State. Students will then participate in a two-week experience in Japan that will include participating in the Tsukuba Summer Institute (8 days) plus cultural excursions to Tokyo, Tsukuba Shrine, and Nikko. Enrollment preference given to Physical Education, Sport and Physical Activity majors.					
Repeatable to a maximum of 6 cr hrs.					

Kinesiology: Sport, Fitness, and Health Program

1102 First Aid and CPR	U	2
Necessary skills to sustain life, reduce pain, and minimize consequences of injury/illness during an emergency. Course is designed to lead to Certification. Lab fees required.		
Prereq: Not open to students with credit for EduPAES 102.		
1103 Introduction to Health and Wellness in American Society	U	2
A study of student health problems; designed to foster understandings and attitudes needed for intelligent decision-making related to present and future health needs.		

1104 Stress Management for the College Student	U 2	
This course is designed to help students learn to identify, understand, prevent and manage stress as it occurs in everyday life. The course has two components: the lecture component will address the cognitive approach to stress management; the lab portion will allow students to experience the fundamentals of yoga and its role in stress reduction in the physical, psychological & spiritual domains.		
1122 Techniques in Cardiopulmonary Resuscitation	U 1	
Development of skills for situations requiring cardiopulmonary resuscitation measures. Completion designed to lead to certification in CPR/Automatic External Defibrillator (AED). All materials provided. Lab fees required.		
Prereq: Not open to students with credit for EduPAES 122.		
1137 Sport for the Spectator	U 2	
The study of various popular spectator sports including football, basketball, baseball, golf, tennis, ice hockey and others.		
Prereq: Not open to students with credit for EduPAES 137.		
1139.01 Introductory Program of Outdoor Pursuits: Scuba II	U 1	
Introduction to fresh water diving. Student responsible for travel and activity costs. Student must provide wetsuit (rentals may be available).		
Prereq: 1179 or EduPAES 1179, or equiv, and permission of instructor. Not open to students with credit for EduPAES 139.01. This course is graded S/U.		
1139.02 Introductory Program of Outdoor Pursuits: Whitewater Rafting	U 1	
Introduction to basic whitewater rafting, including: river reading, paddling techniques, equipment, trip planning, and safety. Student must provide sleeping bag and appropriate clothing for river conditions.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 139.02. This course is graded S/U.		
1139.03 Introductory Program of Outdoor Pursuits: Backpacking I	U 1	
Introduction to basic backpacking techniques, equipment, wilderness travel, emergency procedures, and environmental awareness. Travel and subsistence costs for activities will be borne by the student. Student must provide sleeping bag and hiking boots.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 139.03. This course is graded S/U.		
1139.06 Introductory Program of Outdoor Pursuits: Skiing I	U 1	
Beginning skills and knowledge needed for outdoor skiing. Students must provide equipment.		
Prereq: Permission of instructor. This course is graded S/U.		
1139.07 Introductory Program of Outdoor Pursuits: Experimental Sections	U 1	
Activities will be announced and publicized whenever an experimental section is deemed worthy of trial.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 139.07. This course is graded S/U.		
1139.08 Introductory Program of Outdoor Pursuits: Fly Fishing	U 1	
Introduction to basic materials and methods of fly fishing including choosing and using proper equipment suited for fly fishing in ponds, lakes and rivers in the Midwest.		
This course is graded S/U.		
1139.09 Introductory Program of Outdoor Pursuits: Caving I	U 1	
Introduction to basic caving techniques, equipment, trip planning, and safety; cave related ecology, flora, and fauna will also be emphasized. Travel and subsistence costs for activities will be borne by the student. Student must provide sleeping bag.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 139.09. This course is graded S/U.		
1139.11 Introductory Program of Outdoor Pursuits: Rock Climbing	U 1	
Basic rock climbing techniques, rope handling, and safety systems will be covered. Must be in good physical condition. Travel and subsistence costs for activities will be borne by the student. Students must provide sleeping bag and climbing equipment.		
Prereq: Not open to students with credit for EduPAES 139.11. This course is graded S/U.		
1139.13 Introductory Program of Outdoor Pursuits: Orienteering	U 1	
The sport of orienteering involving compass skills, map reading, and cross-country travel; cross-country racing in its competitive form. Travel, transportation and subsistence costs for activities will be borne by the student. Compass required.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 139.13. This course is graded S/U.		
1139.14 Introductory Program of Outdoor Pursuits: Skydiving	U 1	
Introduction to skydiving including techniques, safe practice and strategies. Students will have the opportunity to skydive; however, it is not required to pass the course.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 139.14. This course is graded S/U.		
1139.18 Introductory Program of Outdoor Pursuits: Hot Air Ballooning	U 1	
Introduction to hot air ballooning. Covers history, design, structure, and flight procedures of the modern balloon. Students crew flights and act as balloon chasers.		
Prereq: Not open to students with credit for EduPAES 139.18. This course is graded S/U.		
1139.21 Introductory Whitewater Kayaking	U 1	
The purpose of this course is to provide the student with the beginning level skills and knowledge in whitewater kayaking. As a result the student will improve his/her general physical fitness and skill performance. Principles, techniques, safe practices and strategies of whitewater kayaking will be taught throughout the course. This is an introductory course for beginners.		
1139.22 Introductory Sea Kayaking	U 1	
To provide the student with the beginning level skills and knowledge in sea kayaking. As a result the student will improve his/her general physical fitness and skill performance. Principles, techniques, safe practices and strategies of sea kayaking will be taught throughout the course. This is an introductory course for beginners.		
This course is graded S/U.		
1140.05 Outdoor Pursuits Program: Lake Erie Sport Fishing	U 2	
Techniques and equipment used in Lake Erie sport fishing featuring Lake Erie angling trips with lectures that include related aquatic science information.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 140.05.		
1140.07 Outdoor Pursuits Program: Experimental Sections	U 1 - 2	
Activities deemed worthy of developing on an experimental basis; activities will be announced and published when course is offered.		
Prereq: Permission of instructor. Not open to students with credit for EduPAES 140.07.		
Repeatable to a maximum of 6 cr hrs or 3 completions.		
1140.10 Outdoor Pursuits Program: Wilderness First Aid	U 1	
Will train and certify students to cope with basic wilderness hazards and medical emergencies. Upon successful completion of the course students will receive a SOLO WFA completion card valid for 3 years.		
Prereq: Not open to students with credit for EduPAES 140.10. This course is graded S/U.		
1140.11 Wilderness First Responder	U 3	
The Wilderness First Responder course will provide students the knowledge and skills needed to respond to backcountry medical and trauma situations. This is an 80-hr intensive course that meets 8-10 consecutive days between semesters or during a 4-week Session. Upon successful completion students will receive a Wilderness First Responder completion card valid for 3 years. Additional fee required.		
1141.01 Wall Climbing	U 1	
Introduction of basic rock wall climbing techniques including rope handing and safety systems.		
1141.02 Intermediate Wall Climbing	U 1	
To provide the student with intermediate techniques, lead climbing and training concepts of wall climbing.		
Prereq: 1141.01, EduPAES 1141, or equiv.		
1142.01 Archery I	U 1	
Introductory skills and knowledge essential for target shooting.		
Prereq: Not open to students with credit for EduPAES 142.01.		
1143.01 Badminton I	U 1	
Beginning skills and knowledge essential for playing badminton.		
Prereq: Not open to students with credit for EduPAES 143.01.		
1143.02 Badminton II	U 1	
Continuation of 1143.01 with emphasis on advanced strategy in doubles and singles; intermediate skills.		
Prereq: 1143.01 or EduPAES 1143.01, or equiv. Not open to students with credit for EduPAES 143.02.		
1144.01 Basketball Women	U 1	
Skill and strategy necessary for playing basketball.		
Prereq: Limited to women only. Not open to students with credit for EduPAES 144.01.		
1144.02 Basketball Men	U 1	
Skill and strategy necessary for playing basketball.		
Prereq: Limited to men only. Not open to students with credit for EduPAES 144.02.		
1145.01 Bowling I	U 1	
The development of a life-time skill is the primary objective for this course. The skill of bowling, as well as score-keeping, basic courtesies and safety will be taught. Skill and knowledge will be stressed so that through participation of bowling activities there will be enjoyment and competition. This course utilizes an actual bowling alley for the teaching lab.		
Prereq: Not open to students with credit for EduPAES 145.01.		
1145.02 Bowling II	U 1	
The development of a life-time skill is the primary objective for this course. The skill of bowling, as well as score-keeping, basic courtesies and safety will be taught. Skill and knowledge will be stressed so that through participation of bowling activities there will be enjoyment and competition. Advanced shot making, ball rotation, and tournament setup will be learned.		
Prereq: Not open to students with credit for EduPAES 145.02.		
1146 Boxing for Beginners	U 1	
Introductory skills and knowledge necessary for boxing. Light contact sparring only.		
Prereq: Students must provide boxing gloves and mouthguard. Not open to students with credit for EduPAES 146.		

268 Kinesiology: Sport, Fitness, and Health Program

1147 Principles of Fitness and Wellness	U	2	1153.01 Recreational Dance: Folk and Square Dance I	U	1
Course is designed to introduce students to concepts of wellness which include domains of the physical, social, emotional, spiritual, environmental, occupational, intellectual, and financial. The course will emphasize the relationship between wellness and quality of life over the lifespan. Students will develop a personal program that includes exercise, nutrition, and disease prevention.			Introduction to basic folk and square dance steps and patterns. Prereq: Not open to students with credit for EduPAES 153.01.		
1148.01 Conditioning Activities: Circuit Training	U	1	1154.01 Fencing I	U	1
Students will participate in circuit training which combines strength and cardiovascular endurance activities.			Basic skills and knowledge needed for foil fencing. Prereq: Not open to students with credit for EduPAES 154.01.		
1148.02 Conditioning Activities: Jogging	U	1	1155.01 Physical Fitness Training for the ROTC: Army	U	1
Students will participate in a progressive jogging program in which they will jog from 1-3.5 miles.			Designed to allow ROTC student to demonstrate improvement in overall physical conditioning, body composition, and general health. Prereq: Must be enrolled in Army ROTC. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.		
1148.03 Conditioning Activities: Swimming	U	1	1155.02 Physical Fitness Training for the ROTC: Navy	U	1
Student will participate in a progressive swim conditioning program that culminates in an end-of-the-semester class swim meet.			Designed to allow ROTC student to demonstrate improvement in overall physical conditioning, body composition, and general health. Prereq: Must be enrolled in Navy ROTC. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.		
1148.04 Conditioning Activities: Strength Training	U	1	1156 Flag Football	U	1
Students will participate in a progressive strength and endurance training program using weight machines, free weights, and other strength equipment.			Fundamental skills of flag football. Prereq: Not open to students with credit for EduPAES 156.03.		
1148.05 Conditioning Activities: Cardio Exercise Training	U	1	1157.01 Golf I	U	1
Students will participate in a progressive cardiovascular exercise training program that will utilize popular stationary equipment including treadmills, elliptical machines, cycles, and rowing machines.			Introductory skills and knowledge preparatory to course play with emphasis on driving, putting, and chipping. Prereq: Not open to students with credit for EduPAES 157.01.		
1148.06 Conditioning Activities: Group Fitness	U	1	1157.02 Golf II	U	1
Students will participate in a progressive aerobics program that will include: step, body sculpting, cardio dance, HITT (high intensity interval training) and boot camp style training.			Continuation of 1157.01 with emphasis on introduction to course play. Prereq: 1157.01, or EduPAES 1157.01 or equiv. Repeatable to a maximum of 3 cr hrs.		
1148.07 Conditioning Activities: Pilates	U	1	1157.03 Golf For Business and Life	U	1
Students will participate in a progressive exercise program that utilizes pilates.			Provides the student with an introduction to golf skills, golf rules, etiquette and terms, and golf history. The primary instructor, along with scheduled golf professionals and guest speakers will teach this course. Speakers from business will share what part golf played in their success and how golf can help the students in their business and personal life.		
1148.08 Conditioning Activities: Kickboxing	U	1	1158.01 Tumbling I	U	1
Students will participate in a progressive exercise program that utilizes kickboxing.			Introduction to basic through advanced-basic tumbling skills. Prereq: Not open to students with credit for EduPAES 158.01.		
1150.01 Lifetime Fitness and Wellness Strength Training	U	2	1158.02 Tumbling II	U	1
Online course that promotes principles of fitness and wellness over the lifespan. Prereq: Not open to students with credit for 1147, 1148.04 or 1149.04 1150.02, or EduPAES 1147, 1148.04, 1149.04, 1150.01, 1150.02 or 150.			Introduction to advanced-basic through intermediate tumbling skills. Prereq: 1158.01, or EduPAES 1158.01 or equiv. Repeatable to a maximum of 3 cr hrs.		
1150.02 Lifetime Fitness and Wellness Cardiovascular Exercise Training	U	2	1161.01 Horseback Riding: Western Style I	U	1
Online course that promotes principles of fitness and wellness over the lifespan. Prereq: Not open to students with credit for 1147, 1148.05 or 1149.05, 1150.01, or EduPAES 1147, 1148.05, 1149.05, 1150.01 or 150.			Student will safely halter, lead, groom, saddle, bridle, ride at a walk and jog/canter in the Western riding discipline. Go to go.osu.edulridingclasses to schedule individual riding times. Prereq: Travel and stable costs are responsibility of the student. Not open to students with credit for EduPAES 161.01. This course is graded S/U.		
1151 Strength Training II	U	1	1161.02 Horseback Riding: Western Style II	U	1
Strength and power training; advanced anaerobic and speed conditioning. Prereq: 1148.04 or 1149.04, or EduPAES 1148.04 or 1149.04, or equiv. Repeatable to a maximum of 2 cr hrs or 3 completions.			Student will effectively troubleshoot equipment, walk, jog, or trot without breaking gait, halts on command; learn to canter/lope, and good seat and control. Go to go.osu.eduridingclasses to schedule individual riding times. Prereq: 1161.01, EduPAES 1161.01, or prior experience; travel and stable costs (rental of horse and equipment) for activities must be borne by the student. Not open to students with credit for EduPAES 161.02. This course is graded S/U.		
1152.01 Social Dance I Women	U	1	1161.03 Horseback Riding: Western Style III	U	1
Introduction to basic steps and variations of selected dances such as the foxtrot, waltz, and swing. Limited to women only. Prereq: Not open to students with credit for 1152.01 or EduPAES 1152.01 (152.01).			Student will refine level I and II skills, effectively execute patterns and transitions; identify and explain bits, clean equipment, identify concentrates and roughages (feeding). Go to go.osu.eduridingclasses to schedule individual riding times. Prereq: 1161.02, EduPAES 1161.02, or equiv; travel and stable costs (rental of horse and equipment) for activities must be borne by the student. Repeatable to a maximum of 3 or hrs. This course is graded S/U.		
1152.02 Social Dance I Men	U	1	1161.05 Horseback Riding: English Style I	U	1
Introduction to basic steps and variations of selected dances such as the foxtrot, waltz, and swing. Limited to men only. Prereq: Not open to students with credit for 1152.01 or EduPAES 1152.01 (152.01).			Student will safely halter, lead, groom, saddle, bridle, ride at a walk and jog/canter in the English riding discipline. Go to go.osu.edulridingclasses to schedule individual riding times. Prereq: Travel and stable costs are responsibility of the student. Not open to students with credit for EduPAES 161.05. This course is graded S/U.		
1152.03 Social Dance II Women	U	1	1161.06 Horseback Riding: English Style II	U	1
Continuation of 1152.01 with emphasis on style and technique; introduction to additional social dance contents. Limited to women only. Prereq: 1152.01 or EduPAES 1152.01 (152.01), or equiv. Not open to students with credit for 1152.04, or EduPAES 1152.04 (152.04). Repeatable to a maximum of 3 cr hrs.			Student will effectively access equipment; walk, jog, or trot without breaking gait, halts on command; learn to canter/lope, and good seat and control. Go to go.osu.edulridingclasses to schedule individual riding times. Prereq: Travel and stable costs are responsibility of the student. Not open to students with credit for EduPAES 161.06. This course is graded S/U.		
1152.04 Social Dance II Men	U	1			
Continuation of 1152.02 with emphasis on style and technique; introduction to additional social dance contents. Limited to men only. Prereq: 1152.02, or EduPAES 1152.02, or equiv. Not open to students with credit for 1152.03, or EduPAES 1152.03 (152.03).					
1152.07 Line Dancing	U	1			
To provide the student with basic skill level and knowledge of line dancing. Principles, techniques, safe practices and various types of line dances will be taught throughout the course.					
1152.08 LaBlast Fitness Foundations	U	1			
Introduce students to LaBlast Fitness Foundations basic concepts which is a balance between dance and fitness, based on ballroom dance steps but partner-free. Beginning with basic rhythms for each dance and building on the basic steps, students will learn to combine steps into patterns and combinations for each style of dance. Principles, techniques, safe practice and posture will be covered.					

1161.07 Horseback Riding: English Style III	U	1	1182.02 Lifeguard Training	U	1
Student will refine level I and II skills, effectively execute patterns and transitions; identify and explain bits, clean equipment, be able to explain feeding basics. Go to go.osu.edu ridingclasses to schedule individual riding times.			Designed to lead to ARC Lifeguard Training and CPR for the Professional Rescue certification. Students must provide bathing suit.		
Prereq: 1161.06, or EduPAES 1161.06 or equiv; travel and stable costs (rental of horse and equipment) for activities must be borne by the student. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.			Prereq: 1178.03 or EduPAES 1178.03, or permission of instructor.		
1169.02 Martial Arts Forms: Judo I	U	1	1185.01 Table Tennis I	U	1
Introductory skills and knowledge essential in throwing techniques and mat work of Judo. Prereq: Not open to students with credit for 1169.03, EduPAES 1169.03, or 169.04.			Beginning skills and knowledge essential for playing table tennis with emphasis on the use of backspin and topspin in the singles game.		
Prereq: 1169.02 or EduPAES 1169.02, or equiv. Repeatable to a maximum of 3 cr hrs.			Prereq: Not open to students with credit for EduPAES 185.01.		
1169.03 Martial Arts Forms: Judo II	U	1	1188.01 Tennis I	U	1
Intermediate skills and techniques of Judo as well as an introduction to the skills involved in competitive Judo.			Skills and knowledge essential in playing tennis. Beginning skills; forehand, backhand, and serve-singles play.		
Prereq: 1169.02 or EduPAES 1169.02, or equiv. Repeatable to a maximum of 3 cr hrs.			Prereq: Student must provide racket and 6 balls. Not open to students with credit for EduPAES 188.01.		
1169.04 Martial Arts Forms: Karate I	U	1	1191.01 Volleyball I	U	1
Introduction to the fundamental forms and techniques of Karate.			Introduction to power volleyball.		
Prereq: Not open to students with credit for EduPAES 169.07.			Prereq: Not open to students with credit for EduPAES 191.01.		
1169.06 Martial Arts Forms: Shuai Chiao	U	1	1191.02 Volleyball II	U	1
Introduction to the various forms and techniques of Shuai Chiao-Chinese wrestling, a combination of Karate and Judo.			Continuation of power volleyball fundamental skill perfection and game strategies woven to produce an intermediate playing experience.		
Prereq: Not open to students with credit for EduPAES 169.10.			Prereq: 1191.01, or EduPAES 1191.01, or equiv. Repeatable to a maximum of 3 cr hrs.		
1169.07 Martial Arts Forms: Tae Kwon Do I	U	1	1195.01 Yoga I	U	1
Beginning course in the Korean martial art form; includes etiquette, basic blocking, thrusting and kicking techniques, and self defense.			Introduction to fundamental techniques and basic yogic principles of pranayama (breath control), asana (posture), relaxation, and meditation; emphasis on major postures.		
Prereq: Not open to students with credit for EduPAES 169.13.			Prereq: Not open to students with credit for EduPAES 195.01.		
1169.09 Martial Arts Forms: T'ai Chi Ch'uan I	U	1	1195.02 Yoga II	U	1
An introduction to T'ai Chi Ch'uan with emphasis on an exploration of body/energy awareness.			Asanas (postures) at the intermediate level of Hatha yoga are introduced; continued development and practice of relaxation and meditative techniques; further exploration of yogic philosophy.		
Prereq: Not open to students with credit for EduPAES 169.16.			Prereq: 1195.01, or EduPAES 1195.01, or equiv. Repeatable to a maximum of 3 cr hrs.		
1169.10 Martial Arts Forms: T'ai Chi Ch'uan II	U	1	1196.01 Varsity Squads: Baseball	U	2
Intermediate forms and techniques of T'ai Chi Ch'uan and experience in joint hands operation as well as in combat T'ai Chi Ch'uan.			Participation as a player on an OSU varsity squad.		
Prereq: 1169.09, or EduPAES 1169.09, or equiv. Repeatable to a maximum of 3 cr hrs.			Prereq: Must be a member of the OSU varsity baseball squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1170.01 Racquetball I	U	1	1196.02 Varsity Squads: Basketball	U	2
Beginning skills and knowledge for students with no prior experience in racquetball.			Participation as a player on an OSU varsity squad.		
Prereq: Not open to students with credit for EduPAES 170.01.			Prereq: Must be a member of the OSU varsity basketball squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1172.01 Self Defense Women	U	1	1196.03 Varsity Squads: Cross Country	U	2
Skills and understandings essential to defend oneself against an aggressor with emphasis on avoiding attack.			Participation as a player on an OSU varsity squad.		
Prereq: Limited to women only. Not open to students with credit for EduPAES 172.01.			Prereq: Must be a member of the OSU varsity cross country squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1172.02 Self Defense Men	U	1	1196.04 Varsity Squads: Fencing	U	2
Skills and understandings essential to defend oneself against an aggressor with emphasis on avoiding attack.			Participation as a player on an OSU varsity squad.		
Prereq: Limited to men only. Not open to students with credit for EduPAES 172.02.			Prereq: Must be a member of the OSU varsity fencing squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1174 Soccer	U	1	1196.05 Varsity Squads: Field Hockey	U	2
Techniques and knowledge essential for playing soccer.			Participation as a player on an OSU varsity squad.		
Prereq: Not open to students with credit for EduPAES 174.			Prereq: Must be a member of the OSU varsity field hockey squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1175.01 Softball: Slow Pitch I	U	1	1196.06 Varsity Squads: Football	U	2
Skills and knowledge necessary for playing softball.			Participation as a player on an OSU varsity squad.		
Prereq: Not open to students with credit for EduPAES 175.01.			Prereq: Must be a member of the OSU varsity football squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1178.01 Swimming I	U	1	1196.07 Varsity Squads: Golf	U	2
Beginning swimming. Open only to non-swimmers and students with no deep water experience.			Participation as a player on an OSU varsity squad.		
Prereq: Students must provide bathing suit. Not open to students with credit for EduPAES 178.01.			Prereq: Must be a member of the OSU varsity golf squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1178.02 Swimming II	U	1	1196.08 Varsity Squads: Gymnastics	U	2
Elementary swimming skills for those who can swim in deep water but no farther than 2 pool lengths (50 yards).			Participation as a player on an OSU varsity squad.		
Repeatable to a maximum of 3 cr hrs.			Prereq: Must be a member of the OSU varsity gymnastics squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1178.03 Swimming III	U	1	1196.09 Varsity Squads: Ice Hockey	U	2
Intermediate skills for those who can swim at least 100 yards using the front crawl and at least 2 other strokes. Student must provide bathing suit.			Participation as a player on an OSU varsity squad.		
Repeatable to a maximum of 3 cr hrs.			Prereq: Must be a member of the OSU varsity ice hockey squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
1179 Skin and Scuba Diving	U	2	1196.10 Varsity Squads: Lacrosse	U	2
Skills and knowledge essential for safe diving and preparation for open water checkout dives. Student must be able to swim .25-mile in 10 min. Student must provide bathing suit and bear cost of required special scuba medical exam.			Participation as a player on an OSU varsity squad.		
Prereq: Not open to students with credit for EduPAES 179.			Prereq: Must be a member of the OSU varsity lacrosse squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		

270 Kinesiology: Sport, Fitness, and Health Program

1196.11 Varsity Squads: Pistol	U	2	2210 History of Sport in 19th Century America	U	3
Participation as a player on an OSU varsity squad. Prereq: Must be a member of the OSU varsity pistol squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.			Explores intersection between sport and society in 19th century America. Emphasis on modernity; race, class, gender & ethnicity; rise of the city; religious, intellectual and scientific thought. Prereq: Not open to students with credit for EduPAES 210. GE historical study course.		
1196.12 Varsity Squads: Riflery	U	2	2211 History of Sport in 20th Century America	U	3
Participation as a player on an OSU varsity squad. Prereq: Must be a member of the OSU varsity riflery squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.			Explores intersection between sport and society in 20th century America. Emphasis on consumerism; race, class, gender & ethnicity; mass media; sport in a global world. Prereq: Not open to students with credit for EduPAES 211. GE historical study course.

Participation as a player on an OSU varsity squad. Prereq: Must be a member of the OSU varsity volleyball squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.			Directed and supervised experience in a Sport Industry setting. Prereq: 3189 or EduPAES 2189.21. Not open to students with credit for EduPAES 489.05 or 589.03. This course is graded S/U.		
1196.20 Varsity Squads: Wrestling	U	2	4245 Leadership & Programming in Sports Industry	U	3
Participation as a player on an OSU varsity squad. Prereq: Must be a member of the OSU varsity wrestling squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.			Methods of leadership and programming in sport industry organizations. Prereq: Major in Sport Industry or minor in Coaching Education. Not open to students with credit for both EduPAES 245 and 545.		
1196.21 Varsity Squads: Rowing	U	2	4411 College Sport	U	3
Participation as a player on an OSU varsity squad. Prereq: Must be a member of the OSU varsity rowing squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.			Historical development of college sport; influence of race, class and gender; mass media; consumer society; place of college sport in American higher education and culture. Prereq: Enrollment in Sport Industry major. Not open to students with credit for EduPAES 411.		
1196.22 Varsity Squads: Diving	U	2	4509 Sport Marketing and Promotion	U	3
Participation as a player on an OSU varsity squad. Prereq: Must be a member of the OSU varsity diving squad. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.			Issues related to the marketing and promotion of sport. Prereq: Major in Sport Industry or minor in Coaching Education. Not open to students with credit for EduPAES 509.		
1197 Competitive Club Sports	U	1	4607 Legal Aspects of Sport	U	3
Participation as a member of a competitive club sport team. Prereq: Soph standing, and a member of an OSU club sport. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.			Introduction to the American legal system and major cases/laws which make up sports law. Prereq: Major in Sport Industry or Coaching Education minor. Not open to students with credit for EduPAES 607.		
2250 Cancer Prevention	U	2	4615 Sport and Social Values	U	3
Discussion of the latest findings on avoiding cancer through lifestyle choices and assessment of one's family health history. Prereq: Not open to students with credit for EduPAES 250.			Role of social values play in sport, with emphasis on civic virtue; fair play and social justice; violence/abuses in sport. Prereq: Enrollment in Sport Industry major. Not open to students with credit for EduPAES 615.		
3193 Independent Study: Sport, Fitness and Health Program	U	1 - 12	4900 Researching in Sports Industry	U	3
Independent study in Sport, Fitness and Health. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			Upper-level undergraduate class on various aspects of sport industry research methods that gives a general introduction to social research methods and will cover four broad topics: the foundations of sport industry research, research design, data collection, and data analysis. Prereq: Jr or Sr standing.		
3312 Issues in Alcohol/Drug Use and Abuse	U	2	5610 Women's Sport History	U G	3
Provides an understanding of the dynamics of substance abuse. Prereq: Not open to students with credit for EduPAES 312.			Examines development of women's sport from primitive cultures to contemporary society. Prereq: Jr standing or above. Not open to students with credit for EduPAES 610.		
3314 AIDS Awareness	U	2			
A review of the physiological, psychological, social, legal, and moral issues surrounding the disease AIDS with emphasis placed on responsible decision making about one's lifestyle. Prereq: Not open to students with credit for EduPAES 314.					

Kinesiology: Sport Industry, Sport Management 271

5614	Sport and Sexuality	U G	3		8998	Research: Sport Management	G	1 - 4
	How conceptualization of sexuality shape and are shaped by sport. Prereq: Jr standing or above. Not open to students with credit for EduPAES 614.				Research topics to be determined through discussion with advisor. Repeatable to a maximum of 12 cr hrs or 12 completions.			
5626	Sport and Popular Culture	U G	3		8999	Dissertation/Thesis Research: Sport Management	G	1 - 9
	Examines popular culture's influence on sport and sport as expression of popular culture. Prereq: Jr standing or above. Not open to students with credit for both EduPAES 626.01 and 626.02.				Research for thesis or dissertation purposes only. Prereq: Post-candidacy and Doc standing in Sport Management, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			
5630	Recreational Sport Leadership	U G	3					
	A study of current issues, management techniques, and programming concepts associated with the administration of campus recreation programs. Prereq: Jr standing or above. Not open to students with credit for EduPAES 630.							
6189	Practicum: Sport Management	G	3					
	Opportunity to put professional theory and research into practice under supervision in University, school and agency settings. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.							
6191	Master's Internship/Practicum: Sport Management	G	3 - 8					
	Full-time professional development experience at an approved sport worksite setting. Opportunity to apply theory and skills learned in class under direction of on-site supervisor. Prereq: Permission of instructor. This course is graded S/U.							
6730	Financing Sport Operations	G	3					
	Examines the application of basic concepts of public and private sector financing to collegiate and professional sport organizations. Prereq: Grad standing. Not open to students with credit for EduPAES 733.							
6807	Sport Law	G	3					
	Study of legal issues affecting the delivery of sport services; focus on liability in sport activities. Prereq: Grad standing. Not open to students with credit for EduPAES 807.							
6808	Management of Sport Delivery Systems	G	3					
	Application of contemporary management theories and techniques in the structures and processes of sport delivery systems. Prereq: Grad standing.							
6809	Sport Marketing	G	3					
	Examination and utilization of basic marketing principles in the areas of sport (collegiate and professional) recreation. Prereq: Grad standing. Not open to students with credit for EduPAES 809.							
6837	Event and Facility Management for Sport Managers	G	3					
	Examines the principles and practices of planning and managing sport events and facilities. Prereq: Not open to students with credit for EduPAES 837.							
6842	Business of College Sports	G	3					
	Provides business analysis of intercollegiate athletics, including an in depth look at OSU athletic program; develop understanding or college sports administration, educational, business missions. Prereq: Sport Management major, and Grad standing; or permission of instructor. Not open to students with credit for EduPAES 842 or BusMHR 870. Cross-listed in BusMHR 7605.							
7852	Sport Philosophy and Ethics	G	3					
	Examination philosophical and ethical issues in sports. Prereq: Grad standing. Not open to students with credit for EduPAES 852 or 730.							
7897	Colloquium in Sport Management	G	3					
	Current research in Sport Management. Prereq: Sport Management major, and Grad standing; or permission of instructor. Repeatable to a maximum of 15 cr hrs.							
7906	Understanding Sport Consumers: Theoretical Perspectives	G	3					
	Acquaints students with issues related to sport consumers' behaviors by discussing pertinent theories and implications to sport consumer behavior. Prereq: Grad standing, and Sport Management major; or permission of instructor. Not open to students with credit for EduPAES 906.							
8193	Advanced Individual Studies: Sport Management	G	1 - 12					
	Advanced independent study in Sport Management. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.							
8194	Advanced Group Studies: Sport Management	G	1 - 5					
	Advanced group studies in Sports Management. Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.							
8895	Seminars: Sport Management	G	3					
	Writing and research on topics in Sport Humanities. Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs.							
8951	Theoretical Approaches to Sport Organizations	G	3					
	Organization and management theory applied to sport organizations. Prereq: Major in Sport Management, and Grad standing; or permission of instructor. Not open to students with credit for EduPAES 951 or 952. Repeatable to a maximum of 6 cr hrs.							

Korean

1101.01	Level One Korean I: Classroom Track	U	4
----------------	--	----------	----------

Standard modern Korean: development of listening and speaking skills; basic grammar; reading and writing of the Korean script (hangul). Classroom Track. Not open to native speakers or students with 3+ years at high school level.
Prereq: Not open to students with credit for 101.01 or 102.01. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1101.51	Level One Korean I: Individualized Instruction	U	1 - 4
----------------	---	----------	--------------

Standard modern Korean: development of listening and speaking skills; basic grammar; reading and writing of the Korean script (hangul). Individualized Track.
Prereq: Not open to students with credit for 101.51, 102.51, or to native speakers of this language through regular course enrollment or EM credit; or to students with 3 or more years of study in this language in high school, except by permission of dept. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1102.01	Level One Korean II: Classroom Track	U	4
----------------	---	----------	----------

Continuation of 1101. Classroom Track.
Prereq: 1101.01 or 1101.02, or 4 cr hrs of 1101.51 or equivalent. Not open to students with credit for 102.01, 103.01, or to native speakers of this language through regular course enrollment or EM credit. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1102.51	Level One Korean II: Individualized Instruction	U	1 - 4
----------------	--	----------	--------------

Continuation of 1101. Individualized Track. Progress is sequential from one cr hr to the next with a demonstrated proficiency at the level of 80% required for advancement.

Prereq: 1101.01 or 1101.02, or 4 cr hrs of 1101.51 or equiv. Advancement to the first credit in this course in the same semester as the completion of the 4th credit for 1101.51 requires registration for both courses, with permission of instructor. Not open to students with credit for 102.51, 103.51, or to native speakers of this language through regular course enrollment or EM credit. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1103.01	Level Two Korean I: Classroom Track	U	4
----------------	--	----------	----------

Modern Korean intermediate level spoken communication, development of reading skills, and written composition. Classroom Track. Not open to native speakers of this language through regular course enrollment or EM credit.

Prereq: 1102.01, 1102.02, 1102.03, 1102.05, 101.01, or 102.01, or 4 sem cr hrs of 1102.51, or equiv. Not open to students with credit for 104. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1103.02	Level Two Korean I: Summer Intensive Track	U	4
----------------	---	----------	----------

Modern Korean intermediate level spoken communication, development of reading skills, and written composition. Summer Intensive Track. Admission to SPEAC is required for registration. Must complete 4 cr hrs during first 3.5 weeks of the Summer Ses. Not open to native speakers of this language through regular course enrollment or EM credit.

Prereq: 1102.01 or 1102.02, or 4 cr hrs of 1102.51, or equiv; and application and admission to SPEAC program. Not open to students with credit for 104. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1103.51	Level Two Korean I: Individualized Track	U	1 - 4
----------------	---	----------	--------------

Modern Korean intermediate level spoken communication, development of reading skills, and written composition. Individualized Track.
Prereq: 1102.03, 1102.05, 1102.01, or 1102.02 or 4 cr hrs of 1102.51 or equiv; and 101.51 and 102.51. Not open to students with credit for 103.51, 104.51, or to native speakers of this language through regular course enrollment or EM credit. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.

2102.01	Level Two Korean II: Classroom Track	U	5
----------------	---	----------	----------

Continuation of 1103.01.
Prereq: 1103.01 or 1103.02, or 4 cr hrs of 1103.51 or equivalent. Not open to students with credit for 2102.02, 205, or 206; or native speakers of this language through regular course enrollment or EM credit. This course is available for EM credit.

2102.02	Level Two Korean II-Summer Intensive Track	U	5
----------------	---	----------	----------

Continuation of 1103.02. Admission to SPEAC is required for registration. Students must complete 5 cr hrs during the second 3.5 weeks of the Summer Session.

Prereq: 1103.01 or 1103.02, or 4 cr hrs of 1103.51 or equivalent. Application and admission to SPEAC program. Not open to students with credit for 205, 206, or to native speakers of this language through regular course enrollment or EM credit. This course is available for EM credit. FL Admis Cond course.

272 Korean

2102.51 Level Two Korean II: Individualized Track

U 1 - 5

Continuation of 1103.01/1103.51.

Prereq: 1103.01 or 1103.51, or permission of instructor. Repeatable to a maximum of 5 cr hrs or 5 completions. This course is available for EM credit.

2231 Elements of Korean Culture

U 3

A survey of the religion, history, customs, performing arts, fine arts, literature, and social institutions of the Korean people from the earliest era to the present. Taught in English. Prereq: Not open to students with credit for 231. GE cultures and ideas and diversity global studies course.

2451 Korean Literature in Translation

U 3

A close examination of masterpieces in Korean literature across genres for students with no previous academic training in Korean literature. All readings and discussions in English; college-level English reading and writing required.

Prereq: English 1110.01 (110), 1110.02, or 1110.03. Not open to students with credit for 251. GE lit or diversity global studies course.

4101.01 Level Three Korean I: Classroom Track

U 5

Expanding oral and written proficiency in Korean; expansion of vocabulary and knowledge of Chinese characters. Classroom Track.

Prereq: 2102 or equivalent with permission of instructor. Not open to students with credit for 507.01 or 508.01. This course is available for EM credit.

4101.51 Level Three Korean I: Individualized Track

U 1 - 5

Expanding oral and written proficiency in Korean; expansion of vocabulary and knowledge of Chinese characters. Individualized Track. Progress is sequential from one cr hr to the next with a proficiency at the level of 80% required for advancement.

Prereq: 2102 or equivalent with permission of instructor. Not open to students with credit for 507.51 or 508.51. Repeatable to a maximum of 5 cr hrs or 5 completions. This course is available for EM credit.

4102.01 Level Three Korean II: Classroom Track

U 5

Continuation of 4101. Classroom Track.

Prereq: 4101 or equivalent with permission of instructor. Not open to students with credit for 508.01 or 509.01. This course is available for EM credit.

4102.51 Level Three Korean II: Individualized Track

U 1 - 5

Continuation of 4101. Individualized Track. Progress is sequential from one cr hr to the next with a demonstrated proficiency at the level of 80% required for advancement.

Prereq: 4101 or equivalent with permission of instructor. Advancement to the first credit in this course in the same semester as the completion of the 5th credit for 4102.51 requires registration for both courses, with permission of instructor. Not open to students with credit for 508.51 or 509.51. Repeatable to a maximum of 5 cr hrs or 5 completions. This course is available for EM credit.

4193 Individual Studies

U 1 - 3

Directed study to meet individual research needs of students in Korean studies. Not a substitute for regular language courses.

Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions.

4194 Group Studies

U 1 - 3

Group investigation of issues in Korean studies. Varying topics.

Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions.

4998 Undergraduate Research Project

U 3

Focused research toward completion of an original project.

Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

4998H Honors Undergraduate Research Project

U 3

Focused research toward completion of an original project.

Prereq: Honors standing and/or permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

4999 Undergraduate Research Thesis

U 3

Focused research toward completion of an original thesis.

Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

4999H Honors Undergraduate Research Thesis

U 3

Focused research toward completion of an original thesis.

Prereq: Honors standing and/or permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

5101 Level Four Korean I

U G 3

Level Four Korean; development of integrated language skills at an advanced level, formal and informal communication, and discussion of contemporary social issues.

Prereq: 4102 or equivalent, or permission of instructor. Not open to students with credit for 610 or 611.

5102 Level Four Korean II

U G 3

Continuation of 5101.

Prereq: 5101 or equivalent, or permission of instructor. Not open to students with credit for 611 or 612.

5256 Interdisciplinary Topics in Korean Politics and Society

U G 3

Interdisciplinary Korean studies course in the areas of social science, bridging Korean history, politics, gender, religion, philosophy, education, intercultural communication and international relations, etc. Taught in English.

Repeatable to a maximum of 6 cr hrs.

5315 Korean Language: Structure, Culture, and Communication

U G 3

A comprehensive survey of structural, cultural, and communicative aspects of the Korean language. Taught in English.

Prereq: 1103, or equiv, or permission of instructor.

5380 Korean Linguistics

U G 3

Examination of the phonology, syntax, lexicon, and writing system of the Korean language; some topics related to language use and acquisition.

Prereq: 1103 or equivalent, or permission of instructor. Not open to students with credit for 680.

5400 Performance Traditions of Korea

U G 3

Cross-cultural and interdisciplinary exploration of cultural expressiveness in the context of Korean performance traditions; includes guided research, field work, ethnography and performance workshop.

Prereq: 2231 or 2451, or Chinese or Japanese equivalents; or permission of instructor. Repeatable to a maximum of 9 cr hrs.

5405 Korean Dramatic Tradition

U G 3

Major works in the Korean dramatic tradition from ancient to contemporary eras. Includes historical and performative discourse, dramatic reading and enactment. Taught bilingually, sometimes in English and sometimes in Korean.

Prereq: 2102.01 or 5 cr hrs of 2102.51 (205 and 206), English 1110 (110), or permission of instructor. Repeatable to a maximum of 6 cr hrs.

5453 Readings in Korean Literary and Classical Texts

U G 3

Advanced study of Korean language and literature in cross-cultural context, by introducing selected narrative, drama, poetry, and critical essays in Korean. Includes literary translation.

Prereq: Completion of Level Three Korean, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

5455 Interdisciplinary Courses in Korean Art, Music, Film, and Theatre

U G 3

Interdisciplinary course in the history and criticism of Korean art, music, theatre, martial art, healing art and film with reference to their implications to humanity. Taught in English.

Repeatable to a maximum of 6 cr hrs.

Landscape Architecture

1100 Landscape Architecture Survey

U 1

Introduction to the University, the Knowlton School of Architecture and the professions of architecture, city and regional planning and landscape architecture.

Prereq: Not open to students with credit for 1100E, 100, Arch 1100 (100), 1100E, 100H, CRPlan 1100 (100), 1100E, or any survey course. Cross-listed in Arch and CRPlan.

2000 Introduction to Landscape Architecture

U 1

Introduction to the profession of Landscape Architecture and the breadth of Landscape Architectural projects and practice.

This course is graded S/U.

2300 Outlines of the Built Environment

U 3

Introduction to the disciplines of architecture and landscape architecture and planning with an emphasis on the physical artifact and its formal and cultural context.

Prereq: Not open to students with credit for 200, 1210, 2300E, Arch 1210 (200), 2300, or 2300E. GE cultures and ideas course. Cross-listed in Arch.

2300E Outlines of the Built Environment

U 3

Introduction to the disciplines of architecture and landscape architecture and planning with an emphasis on the physical artifact and its formal and cultural context. Honors Section.

Prereq: Honors standing. Not open to students with credit for 200, 1210, 2300, Arch 1210 (200), 2300, or 2300E. GE cultures and ideas course. Cross-listed in Arch.

2310 Introduction to Design

U 4

Introduction to the design of the physical environment through the exploration of form, space, and order using drawing and modeling techniques.

Prereq: Not open to students with credit for 1410, 151, Arch 1410 (202), or Arch 2310. Cross-listed in Arch.

2367 Making and Meaning of the American Landscape

U 3

Overview and interpretation of influential figures, policies, programs, cultural forces, and environmental factors that have shaped the American landscape since the Revolutionary War.

Prereq: English 1110 (111) or 110, or equiv. Not open to students with credit for 367 or NatRes 367. GE writing and comm: level 2 and cultures and ideas course.

2367E Making and Meaning of the American Landscape

U 3

Overview and interpretation of influential figures, policies, programs, cultural forces, and environmental factors that have shaped the American landscape since the Revolutionary War.

Prereq: Honors standing, and English 1110 (111) or 110, or equiv. Not open to students with credit for 367 or NatRes 367. GE writing and comm: level 2 and cultures and ideas course.

Landscape Architecture 273

2410 Landscape Architecture Media I

U 3

This course introduces students to tools for communicating concepts, designs and processes of landscape architecture. Working with both analog and digital methods of representation, students learn to make visible their analyses and solutions. Provides a foundation in fundamental digital tools, hand sketching and hybrid methods of representation that convey temporality and environmental phenomena.

Prereq: Not open to students with credit for 271 or 272.

2420 Ecology/Technology I

U 3

This course provides an introduction to landscape materials by studying the qualities, characteristics, and dynamic functions of plants, soils, and water. Emphasis is placed on ecological approach to plant communities and landscape ecology. Topics include fundamentals of site grading, stormwater management, and planting design as well as an introduction to site detailing/construction.

Prereq: 2410. Not open to students with credit for 321 or 624.

2600 Outlines of Landscape Architecture: Visual Literacy in the Built Environment

U 3

Overview of patterns and processes of human design on land in relation to environmental, economic, and socio-cultural forces, with an emphasis on interpretation of visual landscape change.

Prereq: Not open to students with credit for 201. GE VPA course.

2600E Outlines of Landscape Architecture: Visual Literacy in the Built Environment

U 3

Overview of patterns and processes of human design on land in relation to environmental, economic, and socio-cultural forces, with an emphasis on interpretation of visual landscape change. Honors section.

Prereq: Honors standing. Not open to students with credit for 201. GE VPA course.

2780 Landscape Architecture Topics Seminar

U 3

Discussion-based undergraduate course focusing on topics in contemporary landscape practice and research.

Repeatable to a maximum of 6 cr hrs.

2920 Design Studio II: Site Dynamics

U 6

Introduction to basic principles and qualities of landscape architectural design, with a focus on the dynamic interaction of environment and people at site scale within the typological framework of gardens and parks.

Prereq: Enrollment in LArch major. Not open to students with credit for 252.

2930 Design Studio III: Social Dynamics

U 6

Continuation of the second-year Landscape Architecture design studio sequence, with a focus on urban and suburban sites within the typological framework of campuses, complexes and communities.

Prereq: 2920 (252). Not open to students with credit for 254.

3189 Landscape Architecture Ecological Field Explorations

U 1 - 4

Observation and field investigation of the diverse landscape ecologies of Ohio and the region. Repeatable to a maximum of 8 cr hrs or 2 completions.

3194 Group Studies in Landscape Architecture

U 1 - 15

Group-based study of landscape architecture topics within the frame of an instructor guided course.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.

3430 Landscape Architecture Media II

U 3

This course reinforces the foundational study of digital landscape representation with an emphasis on mapping and physical modeling. Employing geographic information systems and digital modeling programs, students develop two- and three-dimensional strategies for representing dynamic landscape processes at a range of geospatial scales.

Prereq: 2420 and completion of physical science GE, or permission of instructor. Not open to students with credit for 361 or 702.

3440 Ecology/Technology II

U 3

This course reinforces the foundational study of landscape materials and ecological dynamics with an emphasis on landscapes of the built environment. Specific attention is given to contemporary and sustainable techniques of site construction and landscape detailing.

Prereq: 2420, 3430, and Math 1118 (117) or 1151 (151); or permission of instructor. Not open to students with credit for 322 and 323.

3597 Sustainability & You

U 3

Perspectives on social, environmental, and economic sustainability as it relates to landscape within a global context; problem-solving strategies within an interdisciplinary team environment. Prereq: Jr or Sr standing. Not open to students with credit for 597. GE cross-disciplinary seminar course.

3940 Design Studio IV: Landscape Ecology & Planning

U 6

Synthesis of landscape ecology and urban ecology principles with landscape planning and design at the district, watershed and/or regional scale, with a focus on integration of advanced inventory and analysis methodologies.

Prereq: 2930 (254). Not open to students with credit for 633.

3950 Design Studio V: Design in Detail

U 6

Processes and techniques of design development, detailing and documentation, with a focus on sustainable design practices.

Prereq: 3940 (633 and 356). Not open to students with credit for 658.

4193 Independent Studies in Landscape Architecture

U 1 - 4

For students who wish to pursue special independent studies in landscape architecture, with the guidance of an advisor/instructor.

Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 8 completions. This course is graded S/U.

4194 Group Studies in Landscape Architecture

U 1 - 4

For group-based study of landscape architecture topics within the frame of an instructor guided course.

Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 8 completions.

4410 Advanced Landscape Technologies

U 1 - 4

Introduction and development of skills in advanced landscape technologies, including design, communication, modeling, fabrication, implementation and information technologies.

Repeatable to a maximum of 9 cr hrs or 3 completions.

4780H Undergraduate Research Methods

U 3

Quantitative, qualitative and design methods for undergraduate level landscape architectural research. Honors section.

Prereq: Honors standing, and major within the Knowlton School of Architecture. Not open to students with credit for 740.

4960 Design Studio VI: Urbanism

U 6

Advanced landscape design and planning in relation to sustainable urbanism.

Prereq: 3950 or 356. Not open to students with credit for 457.

4970 Design Studio VII: Synthesis

U 6

Advanced landscape architectural research, design and planning synthesizing diverse scales, with an emphasis on interdisciplinary engagement.

Prereq: 4960 or 658.

4999H Honors Design Studio

U 6

Allows for development of topical research/design projects with an interdisciplinary perspective.

Prereq: Honors standing, and major within the Knowlton School of Architecture.

5191 Professional Experience in Landscape Architecture

U G 0

Documentation of work experience in the field of landscape architecture or suitable related areas.

Prereq: Permission of instructor. Repeatable to a maximum of 6 completions. This course is graded S/U.

5194 Group Studies in Landscape Architecture

U G 1 - 15

For group-based study of landscape architecture topics within the frame of an instructor guided course.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 4 completions.

5367 Landscape Architecture Professional Practice

U G 3

Overview of landscape architectural professional practice principles, standards and codes, with a focus on writing and communication.

Prereq: Jr, Sr, or Grad standing, and enrollment in LArch major. Not open to students with credit for 663

5610 History/Theory I

U G 3

This course offers a global survey ranging from prehistoric settlements to the formation of the modern landscape profession in the 19th century. It assembles a foundation for thinking through landscape with approaches from architecture, art history, and archaeology, examining cultural and designed landscapes through common technological and cultural frameworks.

5610E History/Theory I

U G 3

This course offers a global survey ranging from prehistoric settlements to the formation of the modern landscape profession in the 19th century. It assembles a foundation for thinking through landscape with approaches from architecture, art history, and archaeology, examining cultural and designed landscapes through common technological and cultural frameworks. Prereq: Honors standing.

5620 History/Theory II

U G 3

The history and theory sequence engages the disciplines of urban design, planning, and infrastructure, draws on architectural and art history, and discusses the cultural as well as the designed landscape. Landscape History and Theory 2 focuses on the modern period, from the mid 19th-century onward, and the forces that shaped our built environment.

5620E History/Theory II

U G 3

The history and theory sequence engages the disciplines of urban design, planning, and infrastructure, draws on architectural and art history, and discusses the cultural as well as the designed landscape. Landscape History and Theory 2 focuses on the modern period, from the mid 19th-century onward, and the forces that shaped our built environment.

Prereq: Honors standing.

5630 Advanced Topics in History/Theory

U G 3

The final course in the history and theory sequence focuses on specific themes of landscape architecture and planning, both historical and contemporary.

Repeatable to a maximum of 9 cr hrs.

274 Landscape Architecture

5630E Advanced Topics in History/Theory	U G 3	6999 Thesis in Landscape Architecture	G 1 - 8
The final course in the history and theory sequence focuses on specific themes of landscape architecture and planning, both historical and contemporary.		Individual thesis development under guidance of advisor.	
Prereq: Honors standing. Repeatable to a maximum of 9 cr hrs.		Prereq: Permission of instructor. Repeatable. This course is graded (S/U).	
5798 Study Tour in Landscape Architecture	U G 1 - 15	7189 Ecological Field Explorations	G 2
Program offering opportunity for guided travel, field study and on-site investigation in the United States and abroad.		Offers exposure to the varied landscape ecologies of Ohio and surrounding states through series of day trips and extended tours.	
Repeatable to a maximum of 45 cr hrs or 3 completions.		Repeatable to a maximum of 6 cr hrs.	
5880 Interdepartmental Seminar	U G 1 - 15	7193 Independent Studies in Landscape Architecture	G 1 - 4
Interdepartmental seminar; topics to be announced.		For students who wish to pursue independent studies in landscape architecture, with the guidance of an advisor/instructor.	
Repeatable to a maximum of 15 cr hrs or 5 completions. Cross-listed in CRPlan and Arch.		Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 8 completions. This course is graded S/U.	
5960 Design Competition	U G 1 - 6	7194 Group Studies in Landscape Architecture	G 1 - 4
Learn how to work in interdisciplinary teams to develop design proposals to solve problems in the natural or built environment.		For group-based study of landscape architecture topics within the frame of an instructor guided course.	
Prereq: Jr. Sr, or Grad standing. Repeatable to a maximum of 9 cr hrs or 3 completions.		Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 8 completions.	
Cross-listed in Arch and CRPlan.		7410 Landscape Technologies	G 1 - 3
6194 Group Studies in Landscape Architecture	G 1 - 15	Advanced studies in landscape technologies.	
For group-based study of landscape architecture topics within the frame of an instructor guided course.		Repeatable to a maximum of 9 cr hrs or 3 completions.	
Prereq: Grad standing and permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.		7600S Graduate Landscape Topics in Research & Theory	G 1 - 3
6400 Landscape Architecture Immersion	G 2	Advanced topics in graduate research and theory.	
Accelerated introduction to topics and techniques of landscape architecture through readings, field visits and instructional workshops.		Prereq: 7780 (740). Repeatable to a maximum of 12 cr hrs or 4 completions.	
Prereq: Grad standing.		7780 Research Methods in Landscape Architecture	G 3
6410 Landscape Architecture Media I	G 3	Quantitative, qualitative and design methods for graduate level landscape architectural research and documentation.	
This course introduces students to tools for communicating concepts, designs, and processes of landscape architecture. Working with both analog and digital methods of representation, students learn to make visible their analyses and solutions. Provides a foundation in fundamental digital tools, hand sketching, and hybrid methods of representation that convey temporality and environmental phenomena.		Prereq: Grad standing. Not open to students with credit for 740.	
Prereq: Grad standing. Not open to students with credit for 670.		7890 Seminar in Landscape Architecture	G 3
6420 Ecology/Technology I	G 3	Advanced topics in landscape architectural practice, theory and research.	
This course provides an introduction to landscape materials by studying the qualities, characteristics, and dynamic functions of plants, soils, and water. Emphasis is placed on ecological approach to plant communities and landscape ecology. Topics include fundamentals of site grading, stormwater management, and planting design as well as an introduction to site detailing/construction.		Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.	
Prereq: 6410, and Grad standing. Not open to students with credit for 702.		7930 Design Studio III: Urban Landscape	G 8
6430 Landscape Architecture Media II	G 3	Design of the urban environment in relation to sustainable urbanism principles and practices.	
This course reinforces the foundational study of digital landscape representation with an emphasis on mapping and physical modeling. Employing geographic information systems and digital modeling programs, students develop two- and three-dimensional strategies for representing dynamic landscape processes at a range of geospatial scales.		Prereq: 6920, and Grad standing. Not open to students with credit for 754. Repeatable to a maximum of 16 cr hrs.	
Prereq: 6420, and Grad standing. Not open to students with credit for 620, 622, 626, 670, 672, and 702.		7940 Design Studio IV: Global Issues	G 8
6440 Ecology/Technology II	G 3	Advanced graduate landscape architectural research, design and planning synthesizing diverse scales, with an emphasis on international and interdisciplinary engagement.	
This course reinforces the foundational study of landscape materials and ecological dynamics with an emphasis on landscapes of the built environment. Specific attention is given to contemporary and sustainable techniques of site construction and landscape detailing.		Prereq: 7930, and Grad standing. Not open to students with credit for 750 and 752. Repeatable to a maximum of 16 cr hrs.	
Prereq: 6420 and 6430, and Grad standing. Not open to students with credit for 620, 622, 626, 670, 672, and 702.		7950 Design Studio V: Design in Detail	G 8
6600 Outlines of Landscape Architecture: Visual Literacy in the Built Environment	G 3	Processes and techniques of landscape architectural design development, detailing and documentation, with a focus on sustainable design practices.	
This lecture course surveys the world of contemporary landscape architecture. Through study of works and texts, as well as design processes, students establish an understanding of landscape architecture as an applied activity and a sphere of research.		Prereq: 7940, and Grad standing. Not open to students with credit for 658. Repeatable to a maximum of 16 cr hrs.	
Prereq: Grad standing, or permission of instructor.		8990 Thesis Pro-Seminar	G 3
6667 Making and Meaning of the American Landscape	G 3	Seminar-based, guided development of individual thesis projects.	
Overview and interpretation of influential figures, policies, programs, cultural forces, and environmental factors that have shaped the American landscape since the Revolutionary War.		Prereq: 7780, and Grad standing. Not open to students with credit for 760.	
Prereq: Grad standing, or permission of instructor.		Latin	
6880 Interdepartmental Seminar	G 1 - 15		
Interdepartmental seminar; topics to be announced.		1101.01 Elementary Latin I	U 5
Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions. Cross-listed in CRPlan and Arch.		Elementary level introduction to the Latin language; the course begins the study of grammar and vocabulary. This course is a conversion of the entirety of 101.01 and the first half of 102.01. Not open to students with 3 or more years of high school study in this language, except by permission of department.	
6910 Design Studio I: Site Design	G 6	This course is available for EM credit. GE for lang course. FL Admis Cond course.	
Introductory design studio with a focus on design process at the site scale.		1101.55 Elementary Latin I: Accelerated	U 5
Prereq: Grad standing. Not open to students with credit for 640.		First part of the accelerated introductory Latin sequence, covering material offered in Lat1101 and first half of the material covered in Lat1102. Not open to students with 3 or more years of high school study in this language, except by permission of department.	
6920 Design Studio II: Dynamic Systems	G 6	Prereq: Not open to students with credit for 1101, 1102, or 101.55. GE for lang course. FL Admis Cond course.	
Synthesis of landscape ecology and site planning principles at the community and/or watershed scale, with a focus on integration of advanced inventory and analysis methodologies.		1102.01 Intermediate Latin I	U 5
Prereq: 6910, and Grad standing. Not open to students with credit for 642 or 644.		Completion of Latin grammar and syntax; introduction to reading of Latin authors. This course is a conversion of the second half of 102.01 and the entirety of 103.	
		Prereq: 1101 or equiv, or Placement Test, or permission of instructor. Not open to students with credit for 103. This course is available for EM credit. GE for lang course. FL Admis Cond course.	
		1102.55 Elementary Latin II: Accelerated	U 5
		Second part of the accelerated introductory Latin sequence; leads to readings of Latin authors such as Ovid, Caesar, Cicero, or Pliny.	
		Prereq: 1101.55. GE for lang course. FL Admis Cond course.	

1103	Intermediate Latin II	U	3	5017	Roman Satire and Novel	U G	3				
Selected readings in Latin literature. Prereq: 1102 (103), or Placement Test, or permission of instructor. GE for lang course.											
1890	Intensive Latin Workshop I	U	6	5018	Post Classical Latin	U G	3				
Intensive Latin workshop introducing grammar and vocabulary up to reading competence of Latin authors, covering the material offered in Latin 1101-1103. Su Sem. Concur: 1891. GE for lang course.											
1891	Intensive Latin Workshop II	U	6	5030	Special Topics in Latin Literature	U G	3 - 9				
Intensive Latin workshop covering the study of Latin authors at the 2000 level. Su Sem. Concur: 1890. Students may not register for any other course if they enroll in Latin 1891.											
2101	Cicero	U	3	Readings from Cicero's works, mainly the orations. Prereq: 1103 or 1890, or permission of instructor. Not open to students with credit for 210.							
2102	Vergil	U	3	Readings from Vergil's poetry. Prereq: 1103 or 1890, or permission of instructor. Not open to students with credit for 211.							
2103	Roman Historians	U	3	5193	Individual Studies	U G	1 - 9				
Readings from Caesar, Sallust, Livy, and/or Tacitus' Agricola. Prereq: 1103 or 1890, or permission of instructor. Not open to students with credit for 212.											
2104	Ovid	U	3	A program of study arranged for each student, with specific passages for reading and topics from Roman literature, culture, or religion for investigation. Prereq: 4 courses more advanced than 1103 or 1890, or Grad standing. Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.							
2105	Latin Lyric	U	3	5194	Group Studies	U G	1 - 9				
Readings from the poems of Catullus, Horace, Propertius, Tibullus, or the elegiac poems of Ovid. Prereq: 1103 or 1890, or permission of instructor. Not open to students with credit for 214.											
2106	Roman Comedy	U	3	A program of study arranged for a small group of students, with specific passages for reading and topics from Roman literature, culture, or religion for investigation. Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 12 completions. This course is graded S/U.							
4998	Research	U	1 - 3	5890	Intensive Latin Workshop I	U G	6				
A program of study arranged for each student. Prereq: Sr standing, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.											
4998H	Honors Research	U	1 - 3	Intensive Latin workshop offered during the first six weeks of the Summer Term (12-wks) introducing grammar and vocabulary up to reading competence of Latin authors, covering the material offered in Latin 1101-1103. Credit will be awarded upon completion of 5891. Concur: 5891. Not open to students with credit for 1101 through 1103. This course is progress graded.							
4999	Thesis Research	U	1 - 6	5891	Intensive Latin Workshop II	U G	6				
A program of study leading to the writing of a thesis and an oral defense that will integrate the experience of earlier courses in Latin. Prereq: Jr standing or above, and enrollment in Classics Major; or permission of instructor or department. Repeatable to a maximum of 18 cr hrs or 3 completions. This course is graded S/U.											
4999H	Honors Thesis Research	U	1 - 6	Intensive Latin workshop offered during the second half of the Summer Term (12-wks) covering the study of Latin authors at the 2000 level. Concur: 5890. Not open to students with credit for 671.							
5011	Roman Epic Poetry	U G	3	6891	Latin Survey: Prose	G	5				
Readings from Vergil, Ovid, Lucan, and others. Prereq: 2 courses more advanced than 1103, or Grad standing, or permission of instructor. Not open to students with credit for 616.											
5013	Roman Historians	U G	3	A survey of Latin Prose Literature from its beginning to late antiquity focusing on language competence and literary history. Au Sem in alternation with Greek 6891. Prereq: 2 courses at the 2000-level, and permission of instructor, or Grad standing. Not open to students with credit for 701.							
Readings from Sallust, Livy, Tacitus and other historians. Prereq: 2 courses more advanced than 1103, or Grad standing, or permission of instructor. Not open to students with credit for 617.											
5014	Roman Drama	U G	3	6892	Latin Survey: Poetry	G	5				
Readings from Roman comedy and/or tragedy. Prereq: 2 courses more advanced than 1103, or Grad standing, or permission of instructor. Not open to students with credit for 622.											
7890	Graduate Seminar, Latin	G	1 - 3	Survey of Latin Poetry from its beginning to late antiquity focusing on language competence and literary history. Sp Sem in alternation with Greek 6892. Prereq: 4 2000-level courses, and permission of instructor; or Grad standing. Not open to students with credit for 702.							
8999	Research	G	1 - 9	6893	Latin Prose Composition	G	3				
Readings and discussions connected with the writing of a thesis on a topic of Latin literature and culture. Au, Sp, Su Sems. Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 12 completions. This course is graded S/U.											
7193	Individual Studies	G	1 - 9	Assigned reading of Latin authors or topics of Roman culture to help with language requirements or to prepare for exams. Au, Sp, Su Sems. Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 12 completions. This course is graded S/U.							
7890	Graduate Seminar, Latin	G	1 - 3	Research seminar on a topic of Latin literature and Roman culture. Repeatable to a maximum of 30 cr hrs or 15 completions.							
8999	Research	G	1 - 9	Law							
5796	Anglo-American Legal System	U L	1 - 6	5796	Anglo-American Legal System	U L	1 - 6	Introduction to the Anglo-American Legal System for undergraduate students, taught summers at the University of Oxford, Oxford, England. Su Sem. Prereq: Acceptance into Oxford Summer Program. Repeatable to a maximum of 30 cr hrs or 30 completions.			

276 Law

5797 Study at a Foreign Institution	U L 1 - 18	7106 Legal Negotiation and Settlement	L 2 - 4
An opportunity for students to study at a foreign institution and receive OSU credit for work completed there. Student will pay OSU fees and fees in excess of OSU tuition, as well as all travel and subsistence costs.		Study of the theory, law, and practice of transactional and settlement negotiations through actual negotiations by individual students in a variety of legal negotiation settings.	
Prereq: Permission of department chairperson. Repeatable to a maximum of 54 cr hrs or 3 completions.		Prereq: Not open to students with credit for 703L.	
6050 U.S. Legal System and Legal Traditions	L 2 - 3	7109 International Commercial Arbitration	L 3
Overview of American law and the U.S. legal profession. Introduction to U.S. common law and statutory law.		Examines international arbitral procedures through the interaction of private contractual ordering, national law, and international treaties.	
Prereq: Not open to students with credit for 630L.		Prereq: Not open to students with credit for 717L.	
6101 Legal Analysis, Research and Writing for International Students	L 2 - 3	7112 Dispute Resolution Processes: Theory & Practice	L 3
Analysis, research and writing for international students in the LLM program.		Survey of dispute resolution processes including negotiation, mediation, arbitration and a variety of court-administered and extra-judicial settlement processes.	
6103 Legal Analysis and Writing	L 2 - 4	Prereq: Not open to students with credit for 722L.	
Introduces students to legal institutions and processes; methods of legal analysis; research sources and strategies; professionalism issues that confront new lawyers; and effective communication with clients, colleagues, and other audiences.		7113 Dispute Resolution in Employment	L 2
Prereq: Not open to students with credit for 502L.		This course offers skills and strategies for effective negotiation and mediation of employment disputes in non-union work environments.	
6106 Legal Analysis and Writing II	L 3	7115 ADR in the Workplace	L 3
Continues the work of Legal Analysis and Writing I using more sophisticated client problems and focusing on teaching students how to write like advocates.		Focuses on the most common forms of resolution of workplace disputes, other than litigation.	
Prereq: Not open to students with credit for 511L.		Prereq: Not open to students with credit for 723L.	
6109 Torts	L 4	7124 International Dispute Resolution	L 3
Trespass to person; negligence; misrepresentation; nuisance, strict liability; liability insurance; alternatives to the fault system; and federal and state regulation of traffic safety.		Examines procedures for resolving international disputes (negotiation, mediation, arbitration, judicial settlement), how they operate in contemporary disputes, and how law governs their use.	
Prereq: Not open to students with credit for 504L.		Prereq: Not open to students with credit for 7118 or 761L.	
6112 Property	L 4	7127 Designing Forums and Disputing Systems	L 2 - 4
Acquisition, incidents, and transfer of ownership; possessory, concurrent, marital, and future interests, and contractual modification of these results.		Design new forums for particular disputes and for a series of disputes.	
Prereq: Not open to students with credit for 505L.		Prereq: Not open to students with credit for 772L.	
6115 Civil Procedure I	L 4	7128 Designing Deals	L 2
Civil procedure in state and federal courts; development of equity; abolition of common law forms of action; merger of law and equity; jurisdiction; venue.		Designing Deals examines how lawyers can help entities forge relationships that create value by merging advanced negotiation theory and simulations with analysis of real-world transactions.	
Prereq: Not open to students with credit for 507L.		7192 Public Interest and Government Externship	L 2 - 4
6118 Constitutional Law	L 4	Conduct substantive legal work at government and non-profit placements, attend a class designed for externs, and fulfill specific academic requirements.	
Functional study of the major substantive, methodological, and federalistic limitations upon governmental power obtaining under practice of judicial review.		Repeatable to a maximum of 8 cr hrs or 3 completions. This course is graded S/U.	
Prereq: Not open to students with credit for 510L.		7193 Individual Studies	L 1 - 4
6121 Contracts I	L 2 - 5	By special arrangement with the dean's office, special problems or projects may be taken for credit under the supervision of members of the faculty. The credit granted varies in proportion to the magnitude of the project.	
Remedies for breach; offer and acceptance; consideration; third party beneficiaries; assignment of rights and delegation of duties; conditions; impossibility and frustration; statute of frauds.		Repeatable to a maximum of 12 cr hrs or 6 completions. This course is graded S/U.	
Prereq: Not open to students with credit for 503L.		7194 Group Studies	L 1 - 6
6124 Legislation and Regulation	L 3	Group study in selected areas of the law.	
The lawmaking process; how the legislative process works; process by which statutes are enacted; how judges interpret the legislative product in theory and practice.		Repeatable to a maximum of 24 cr hrs or 24 completions.	
6127 Criminal Law	L 4	7200 Business Associations	L 3 - 6
Justifications for regulating behavior through criminal sanctions, how laws are crafted to reach the intended behavior, and issues of culpability, mens rea, and excuses.		Formation, financing, governance, and regulation of corporations and partnerships, and including problems under the federal securities laws.	
Prereq: Not open to students with credit for 533L.		Prereq: Not open to students with credit for 7203 (607.02L) or 607.01L.	
6130 Legal Methods	L 2 - 6	7204 Business Basics for Lawyers	L 1
Legal methods.		A one credit course for students who need a basic introduction into business language, incentives, and concepts.	
Prereq: Permission of college. Not open to students with credit for 590L.		7205 Business Torts and Unfair Competition	L 3
7003 Appellate Advocacy	L 2	Business Torts and Unfair Competition is an advanced Torts course examining the role tort doctrine plays in a business or transactional context.	
Procedural and substantive aspects of appellate practice; the student prepares a brief and presents an oral argument on the basis of assigned research materials.		7206 Insurance Law	L 2 - 3
Prereq: 6103 and 6106. Not open to students with credit for 600L or 7310.		Insurance law and practice with particular reference to fire, life, and automobile insurance; insurable interest; warranties and representation; waiver and estoppel; construction standard policies.	
7006 Advanced Legal Writing	L 2 - 3	Prereq: Not open to students with credit for 618L.	
Training in the preparation of legal documents.		7209 Accounting for Lawyers	L 2 - 3
Prereq: 6103, 6106, and 7003. Not open to students with credit for 601L.		Problems of financial information in the context of business enterprise law and tax law.	
7009 Advanced Legal Research	L 1 - 3	Prereq: Not open to students with credit for 628L.	
Advanced topics in legal research.		7210 Business Bankruptcy	L 2
Prereq: 6103. Not open to students with credit for 602L. Repeatable to a maximum of 6 cr hrs or 6 completions.		Examines issues related to the business bankruptcy process, e.g. Chapter 11 reorganizations; claims and distribution; the automatic stay; adequate protection; setoff; transfers; among other topics.	
7100 Negotiation and Mediation Advocacy	L 1 - 2	7212 Banking Law	L 2 - 3
Negotiation and mediation techniques and practices.		Study of development of banking activities, structure, and regulation; emphasis on state and federal banking laws; interinstitutional competition, and laws relating to geographic and product expansion.	
Prereq: Not open to students with credit for 701L.		Prereq: Not open to students with credit for 652L.	
7103 Issues in Arbitration	L 2 - 4		
An introduction to the arbitration process as well as an identification of controversial legal issues that have arisen in the arbitration context.			
Prereq: Not open to students with credit for 702L.			

7213 Drafting Business Contracts	L 2	7401 Forensic Mental Health Law	L 2
Provides students with a practical, hands-on introduction to the skills, techniques, and strategies that transactional business lawyers use when drafting business contracts.			Discusses the civil and criminal aspects of mental health case law including involuntary civil commitment, competence to stand trial, and sanity at the time of the act.
7214 Contracts II	L 3	7403 White Collar Crime	L 2 - 3
Covers advanced topics in contract law including pre-contractual negotiation, interpretation, performance, breach, enforcement defenses, third party rights, and transactional drafting.			Advanced substantive and procedural study of the federal criminal law enforcement system including RICO (Racketeer Influenced and Corrupt Organizations), mail fraud, drug offenses, tax enforcement, bank secrecy, and civil rights.
7215 Securities	L 2 - 3	Prereq: Not open to students with credit for 639L.	
Analysis of Securities Act of 1933 and its pervasive effects on the issuance and transfers of securities.			
Prereq: Not open to students with credit for 708L.			
7218 Small Business and Entrepreneurial Finance	L 2 - 3	7406 Criminal Procedure: Investigations	L 2 - 4
The financial problems faced by new and small businesses and how they intersect with the law.			Legality of police practices to gather evidence; emphasis on interrogation and search and seizure; some reference to identification procedures and entrapment.
Prereq: Not open to students with credit for 718L.		Prereq: Not open to students with credit for 640L.	
7221 Corporate Finance	L 2 - 3	7409 Criminal Procedure: Adjudication	L 3
Capital formation and financial transactions.			Study of the criminal justice system emphasizing the right to counsel, bail, preliminary proceedings, grand jury, speedy trial, discovery, and pleas.
Prereq: 7200 or 7203, and enrollment in Law; or permission of home academic program leadership and instructor. Not open to students with credit for 719L.		Prereq: Not open to students with credit for 641L.	
7224 Mergers and Acquisitions	L 2 - 4	7500 Disability Discrimination	L 2 - 4
Application of state law, federal securities law, accounting principles, tax law, labor law, products liability law, environmental law, ERISA, antitrust law to mergers and acquisitions.			Problem-oriented analysis of interaction between law and social science; emphasis on civil commitment, rights of disabled individuals, rights to community services (educational, residential, employment), and guardianship.
Prereq: Not open to students with credit for 721L.		Prereq: Not open to students with credit for 636L.	
7228 Regulatory Compliance	L 2	7503 First Amendment	L 2 - 3
Analyzes the legal, ethical and policy foundations of regulatory compliance: the effort to translate statutory requirements into compliant corporate and individual behavior.			Advanced study of First Amendment precedent and doctrines governing the press, speech, association, and church-state relations.
7230 International Business Transactions	L 2 - 4	Prereq: Not open to students with credit for 733L.	
Legal problems in transnational context arising from doing business abroad; investments; establishment; exchange controls; trade, licensing; extraterritoriality of regulatory legislation; international agreements; European Common Market.			
Prereq: Not open to students with credit for 728L.			
7233 Topics in Business law	L 2 - 4	7504 14th Amendment	L 2 - 3
Advanced topics concerning business enterprises.			This advanced course in constitutional law will examine current, recurrent, and lasting topics of interest under the Fourteenth Amendment.
Prereq: Not open to students with credit for 731L. Repeatable to a maximum of 12 cr hrs or 3 completions.			
7234 Venture Capital and Entrepreneurial Dealmaking	L 3	7507 Black Lives Matter: Law and Culture	L 3
This course examines the law and economics of venture capital and entrepreneurship focusing on the legal, economic and financial issues that legal professionals confront in this area.			This course examines law as a site that has defined both blackness and humanness in relationship to African Americans. It also explores black culture to understand various responses to injustice. Cross-listed in AfrAmAST.
7236 International Trade	L 2 - 3	7509 Special Education Advocacy	L 2 - 4
Public international law framework and institutions that regulate trade and economic relations between nations.			The law of special education as provided in the Individuals with Disabilities Education Act.
Prereq: Not open to students with credit for 762L.		Prereq: Not open to students with credit for 757L.	
7300 Commercial Paper	L 2 - 3	7600 Children & the Law	L 2 - 4
Types of commercial or negotiable paper; liability of parties; transfer and payment.			The law applicable to children, including a study of agency and juvenile court treatment of dependent, neglected, abused, unruly, and delinquent children.
Prereq: Not open to students with credit for 605L.		Prereq: Not open to students with credit for 634L.	
7306 Sales	L 1 - 3	7603 Family Law	L 3 - 4
A study of the Uniform Commercial Code and other statutes bearing on the sale of goods in the American market.			Legal concerns in marital relationships, including entrance into marriage, spousal relationships during marriage, annulment, divorce, custody, and post-divorce financial arrangements; legal concerns in quasi-marital living arrangements.
Prereq: Not open to students with credit for 609L.		Prereq: Not open to students with credit for 635L.

The course examines the regulation and deregulation of utilities including: competition, trading, consolidations, effects on public service obligations, and municipal power and cooperatives.			This course will examine the unique health care regulatory and industry features of common health care agreements and transactions.
8896.38 Sem: Marijuana Law Policy & Reform	L 2	8896.58 Sem: Progressive Era and Its Contemporary Relevance	L 2
This seminar will examine the social and historical backdrop of intoxicant prohibition, and assess the legal reforms and political debates now surrounding the control and regulation of marijuana use.			The Progressive Era (1890-1920) produced the most significant reform of American democracy of any period in US history. This seminar will study its successes (and failures) to see their relevance today.
8896.39 Sem: Disability Discrimination	L 2	8896.59 Sem: Section 1983: Police Misconduct and Prison Violations	L 2
Surveys the employment, public accommodation and public entity provisions of the Americans with Disabilities Act. Students are required to conduct an accessibility negotiation.			This course considers the origins, uses, and limits of section 1983 litigation in the contexts of police misconduct and prison violations.
8896.40 Sem: Hot Money	L 2	8896.60 Sem: Transitional Justice	L 2
Examines the appropriate regulation of investor funds that chase short-term trading gains in capital markets. Current financial news and events are at the forefront of class discussion.			This seminar will explore the diverse range of transitional justice mechanisms in post-conflict societies and compare and analyze them in view of various demands for justice.
8896.41 Sem: Civil Rights	L 2	8896.61 Sem: What's International Law For? Purposes and Values of the International Legal Order	L 2
This seminar surveys the history of civil rights laws and issues in part by exploring the development of constitutional doctrines such as anti-discrimination, color blindness, and anti-subordination.			This seminar examines the overarching policy purposes animating and guiding the international legal order.
8896.42 Sem: Race & Crime	L 2	8896.62 Sem: Prisons, Police, and Borders	L 2
This seminar examines questions relating to the myriad ways in which race intersects with the law and with the criminal justice system.			The course will consider the historical, psycho-social, and legal foundations of prison, police, and borders, and the possibilities for reforms and alternatives.
8896.43 Sem: Jurisprudence	L 2	8900 Transfer Credit	L 1 - 25
Explores fundamental questions that underlie our legal system by examining various perspectives on law, including natural law, positivism, legal realism, and critical legal perspectives.			Transfer Credit. Repeatable to a maximum of 31 cr hrs or 6 completions. This course is graded S/U.
8896.44 Seminar: Education Law	L 2	8910 Enrollment in Law	L 0
Focuses primarily on K-12 education wherein students examine topics including school safety issues, protection of student privacy and freedom of expression, and the rights of educators.			Enrollment in law, no credit. Repeatable to a maximum of 2 completions. This course is graded S/U.
8896.45 Seminar: The Business of Law	L 2	8950 Professional Practice Skills Course	L 1 - 3
Explores the business of law. Students will study how law firms historically have been structured and how they have evolved, and review and critique proposals for restructuring.			Professional Practice series focus on specific lawyering skills and are taught by law faculty or distinguished adjuncts. Prereq: Not open to students with credit for 707.02L. Repeatable to a maximum of 9 cr hrs or 3 completions.
8896.46 Sem: Lawyering and Social Movements	L 2	8953 Professional Practice Capstone Course	L 1 - 3
Examines the complex and dynamic relationship between law, lawyers, and social movements.			Professional Practice Capstone series are taught by distinguished visitors and focus on real-world challenges faced by lawyers in particular areas, such as health law, international trade, or employment law. Prereq: Not open to students with credit for 707.01L. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.
8896.47 Sem: War Crimes Law	L 2	8956 Jury Instructions	L 1
This seminar explores the lack of "rule of law" and its role in the conflicts in the Balkans focusing on the history and studying both international and domestic trials.			Step-by-step approach to the drafting of jury instructions. Prereq: Not open to students with credit for 749L.
8896.48 Sem: Disaster Law	L 2	8964 Lawyers as Leaders	L 2 - 3
This seminar explores the emerging field of disaster law, focusing on disaster prevention, emergency response, compensation & insurance, environmental protection, human rights, and community recovery.			Combining theory, simulations and case studies, this course develops a descriptive and normative picture of leadership practices and challenges for lawyers. Prereq: Not open to students with credit for 783.
8896.49 Sem: Standard-Form Agreements and the Boilerplate Problem	L 2	8990 American Legal History	L 2 - 3
Examining how standard-form agreements interact with underlying legal norms, and whether, when, and how, should the law allow the forms to circumvent those underlying norms.			The history of American law from its colonial antecedents until the twentieth century, emphasizing the relationship between law and the changing social, political, and economic conditions. Prereq: Not open to students with credit for 627L.
8896.50 Sem: Gender and the Law	L 2 - 3		
This seminar explores various strands of feminist legal theory as well as the legal significance of gender in a variety of contexts, including family, employment, criminal, civil and family law.			
8896.51 Sem: Critical Race Narratives	L 2 - 3		
This seminar focuses on the relationship between narrative and law by using critical race theory to examine how race in America is a narrative of property and power.			
8896.52 Sem: U.S. Supreme Court Decisionmaking	L 2		
The seminar considers theories of statutory and constitutional interpretation from the current court's perspective, examines Supreme Court practice and looks at key cases pending in the current term.			
8896.53 Sem: International Intellectual Property	L 2		
The seminar will survey key international treaties, including TRIPS, and their implementation into domestic law. It will also examine use of the WTO Dispute Settlement System to resolve IP disputes.			
8896.54 Sem: Critical Theory/Critical Lawyering	L 2		
This course introduces students to important strands of contemporary legal theory, including Critical Legal Studies, Critical Race, Feminist, Queer, Lat-crit, and Classcrit theories.			
8896.55 Sem: Big Data Law and Policy	L 2		
The seminar will introduce big data; describe how it generates value; explain how it poses risks to cybersecurity, privacy and equal opportunity; and explore the laws and policies that govern it.			

Linguistics

1100 The Basics of Language for Language Learners	U 3
Important tools for becoming a successful foreign language learner; cross-cultural differences and similarities in language use, parts of speech, foreign sounds, typical mistakes, etc.	
Prereq: Not open to students with credit for Linguist 170. GE soc sci indivs and groups and diversity global studies course.	
1101 Human Voices	U 1
Students will explore the acoustic properties of the human voice, including what makes voices unique, with the goal of understanding what makes the voices of ourselves, our friends and family, and famous actors and politicians distinctive, memorable, and recognizable.	
Prereq: Not open to students with credit for ArtsSci 1138.xx (Famous Voices, Clopper).	
2000 Introduction to Linguistics	U 3
Examination of language as a system of human communication; provides students with the tools needed for the recording, investigation, and close analysis of language.	
Prereq: Not open to students with credit for 2000H or 201. GE cultures and ideas course.	

282 Linguistics

2000H Introduction to Linguistics U 3

Examination of language as a system of human communication; provides students with the tools needed for the recording, investigation, and close analysis of language.
Prereq: Honors standing. Not open to students with credit for 201H. GE cultures and ideas course.

2001 Language and Formal Reasoning U 3

How natural and artificial languages are alike in structure and use in reasoning; how natural languages differ in principles of use by humans.
Prereq: Math 075 or equiv, or Math placement level R. Not open to students with credit for 280. GE quant reason math and logical anly course.

2051 Analyzing the Sounds of Language U 3

The sounds that languages use are examined. Quantitative analytical tools used in phonetic science are introduced. Small experiments are conducted to introduce students to research.
Prereq: Math 1075 or 1148, or an ACT math subscore of 22 or higher that is less than two years old; or Math Placement Level R. Not open to students with credit for 2051H (Linguist 286H) or 286, SphHrng 2051 (286), or 286H. GE data anly course. Cross-listed in SphHrng.

2051H Analyzing the Sounds of Language U 3

The sounds that languages use are examined. Quantitative analytical tools used in phonetic science are introduced. Small experiments are conducted to introduce students to research.
Prereq: Honors standing, and Math 148 or 150. Not open to students with credit for SphHrng 2051 (286) or 286H. GE data anly course.

2052H Theories of Linguistics: The Scientific Method for Abstractions and Unobservables U 3

Provides a strong grounding in fundamental principles of scientific reasoning illustrated through concrete examples across the Natural and Social sciences with emphasis on Psychology and Linguistics. This course is suitable for students from all backgrounds including non-science majors. Students will gain understanding of what it means to "do science."
Prereq: Honors standing. GE quant reason math and logical anly course.

2194 Group Studies U 1 - 3

Introductory topics in linguistics.
Repeatable to a maximum of 6 cr hrs or 6 completions.

2367.01 Language, Sex, and Gender in American Culture U 3

Discussing and writing about ways that views about sex and gender affect language and its use in speech communities in the U.S.
Prereq: Soph standing, and English 1110.01 (110.01), or 1110.02 (110.02), or 1110.03 (110.03), or equiv. Not open to students with credit for 2367.01H (367.01H), 367, 367H, or 367.01. GE writing and comm: level 2 and diversity soc div in the US course.

2367.01H Language, Sex, and Gender in American Culture U 3

Discussing and writing about ways that views about sex and gender affect language and its use in speech communities in the U.S.
Prereq: Honors and Soph standing; and English 1110.01 (110.01), or 1110.02 (110.02), or 1110.03 (110.03), or equiv. Not open to students with credit for 2367.01 (367.01), 367, 367H, or 367.01H. GE writing and comm: level 2 and diversity soc div in the US course.

2367.02 Language and Advertising U 3

How advertising impacts American culture; how the U.S. influences international advertising and how various populations are represented in ads.
Prereq: English 1110.01 (110.01), or 1110.02 (110.02), or 1110.03 (110.03), or equiv; and Soph standing. Not open to students with credit for Linguist 367.02. GE writing and comm course: level 2.

2797.01 Global May Study Abroad New Zealand U 3

Introduces students to the unique history and culture of New Zealand. Through an intensive immersion program students will combine classroom instruction from UC academics with cultural visits and community engagement projects. The focus of the course is on Language and Identity which will enable students to become immersed in the culture and history of New Zealand.
GE education abroad course.

3191 Internship in Linguistics U 1 - 3

Intensive experience in linguistics as a research assistant on a faculty research project or as an intern at a linguistics-related business or organization.
Prereq: Ling 2000 (Linguist 201), 2000H (201H), or 4000 (601), and at least 3 additional courses in Linguistics. Repeatable to a maximum of 3 cr hrs or 3 completions. This course is graded S/U.

3501 Introduction to American Indigenous Languages U 3

An introduction to indigenous languages of the Americas and their speakers: e.g. history of settlement, language families, linguistic properties, bilingual education, language policies and attitudes.
Prereq: English 1110.01 (110.01), 1110.02 (110.02), or 1110.03 (110.03), or equiv. Not open to students with credit for Linguist 307. GE soc sci indivs and groups and diversity global studies course.

3502 Klingon, Elvish, Dothraki: The Linguistics of Constructed Languages U 3

Constructed languages like Klingon, Elvish, and Dothraki may seem like the province of ComiCon goers, but they have a long and varied intellectual history. Constructed languages require a deep understanding of both the mechanics of language and how languages relate to the cultures that they come from. This course examines the linguistic complexity of constructed languages.

3601 Language, Race, and Ethnicity in the U.S. U 3

Objective examination of the relationship between language, race and ethnicity in the context of varieties of English used by minority ethnic and racial groups in the U.S.
Prereq: English 1110.01 (110.01), 1110.02 (110.02), or 1110.03 (110.03), or equiv. Not open to students with credit for Linguist 303 or AfAmASl 303. GE cultures and ideas and diversity soc div in the US course.

3602 Language and Social Identity in the U.S. U 3

Relationships between language and social diversity in the general American speech community; discussion of how individuals and social groups distinguish themselves on the basis of language.
Prereq: Not open to students with credit for Linguist 372. GE soc sci indivs and groups and diversity soc div in the US course.

3603 Language Across Cultures U 3

Investigation of relationships between language and culture in different societies with a view to shedding light on cross-cultural similarities and differences.
Prereq: English 1110.01 (110.01), 1110.02 (110.02), or 1110.03 (110.03), or equiv. Not open to students with credit for Linguist 375. GE soc sci indivs and groups and diversity global studies course.

3701 Language and the Mind U 3

Introduction to the psychological processes for producing and understanding speech, the means by which they arise in the child, and bases in the brain.
Prereq: 2000 (201), 2000H (200H), 5000 (4000), Psych 1100 (100), or 1100H (100H). Not open to students with credit for 371, 3701H (371H), Psych 3371 (371), or 3371H (371H). GE soc sci indivs and groups course. Cross-listed in Psych 3371.

3701H Language and the Mind U 3

Introduction to the psychological processes for producing and understanding speech, the means by which they arise in the child, and bases in the brain.
Prereq: Ling 2000 (Linguist 201), 2000H (201H), 4000 (601), or Psych 1100 (100), or permission of instructor. Not open to students with credit for Linguist 371, 371H, Psych 3371 (371), or 3371H (371H). GE soc sci indivs and groups course. Cross-listed in Psych 3371H.

3801 Codes and Codebreaking U 3

Introduction to old and new technology associated with codes and code-breaking and the ways in which it has impacted people's lives.

3802 Language and Computers U 3

Introduction to human language technology, explaining the computational and linguistic principles behind such familiar technologies as web search, machine translation, and spelling correction.

Prereq: Soph standing or above. Not open to students with credit for Linguist 384. GE quant reason math and logical anly course.

3802H Language and Computers U 3

Introduction to human language technology, explaining the computational and linguistic principles behind such familiar technologies as web search, machine translation, and spelling correction.

Prereq: Honors standing. Not open to students with Fresh standing. GE quant reason math and logical anly course.

3901 Language Evolution and Language Change U 3

A study of how and why languages change and evolve over time, taking into account the linguistic, historical, ideological and cultural factors involved.

Prereq: Not open to students with credit for Linguist 301. GE cultures and ideas course. Cross-listed in NELC 3101.

4100 Phonetics U 3

Cross-linguistic survey of the sounds of the world's languages.

Prereq: Ling 2000 (Linguist 201), 2000H (201H), or 4000 (601). Not open to students with credit for Ling 5101 (Linguist 600.01).

4193 Individual Studies U 1 - 3

Individual Studies.

Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.

4194 Group Studies U 1 - 3

Study of topics not regularly scheduled for seminars in linguistics, under the direction of a faculty member.

Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.

4200 Syntax U 3

Basic elements of syntactic description and an overview of syntactic structure across languages.

Prereq: Ling 2000 (Linguist 201), 2000H (201H), or 4000 (601). Not open to students with credit for Ling 5201 (Linguist 602.01).

4300 Phonology U 3

Introduction to phonological analysis and description, and an overview of phonological structure across languages.

Prereq: Ling 2000 (Linguist 201), 2000H (201H), or 4000 (601). Not open to students with credit for Ling 5301 (Linguist 603.01).

4350 Morphology	U 3	5201 Syntactic Theory I	U G 3
The grammatical and phonological analysis of words, and their significance in linguistic structure.		Theories of syntax; principles of syntactic description.	
Prereq: Ling 2000 (Linguist 201), 2000H (201H), or 4000 (601).		Prereq: 4200 (Linguist 502) or 5000 (601); or permission of instructor. Not open to students with credit for Linguist 602.01.	
4400 Linguistic Meaning	U 3	5202 Syntactic Theory II	U G 3
Introduction to linguistic meaning across languages, including word meaning, the contribution of syntactic structure, and the role of context in interpretation.		Theories of syntax; principles of syntactic description.	
Prereq: 2000 (201), 2000H (201H), or 4000 (601).		Prereq: Ling 5201 (Linguist 602.01). Not open to students with credit for Linguist 602.02.	
4597.01 Language Endangerment and Language Death	U 3	5301 Phonological Theory I	U G 3
Examines language endangerment and language death to reach an understanding of the forces threatening the survival of over half of today's 6,000 languages.		Introduction to phonological analysis and the principles governing the structure, acquisition, and change of phonological systems; survey of major phonological theories.	
Prereq: Jr or Sr standing. Not open to students with credit for Linguist 597.01. GE cross-disciplinary seminar course.		Prereq: 4100 (Linguist 500), 4300 (503), or 5000 (601); or permission of instructor. Not open to students with credit for Linguist 603.01.	
4597.02 Language and the Law	U 3	5302 Topics in Advanced Phonology	U G 3
Examination of the role of interpretation of language in the law and in legal proceedings, with special consideration of issues in comparative law and multi-lingual jurisdictions.		Introduction to phonological analysis and the principles governing the structure, acquisition, and change of phonological systems; survey of major phonological theories.	
Prereq: Jr or Sr standing. Not open to students with credit for Linguist 597.02. GE cross-disciplinary seminar course.		Prereq: 5301 or Linguist 603.01. Not open to students with credit for Linguist 603.02. Repeatable to a maximum of 9 cr hrs.	
4780 Undergraduate Research Seminar	U 3	5351 Morphological Theory	U G 3
Linguistics students learn about cutting-edge research by OSU linguists and get hands-on experience conducting their own linguistic research.		Introduction to and comparison of current theories of morphology with application to linguistic data and problems.	
Prereq: Ling 4100, 4200, or 4300, and enrollment in Ling major; or permission of instructor.		Prereq: 2000 (Linguist 201), 2000H (201H), or 5000 (601); or permission of instructor. Not open to students with credit for Linguist 609.	
4797 Study at a Foreign Institution	U 1 - 30	5401 Semantic Theory I	U G 3
An opportunity for students to study at a foreign institution and receive Ohio State credit for that work. Students will pay Ohio State fees and any fees in excess of Ohio State tuition, as well as travel and subsistence costs.		Problems and methods in linguistic semantics, using logic and semantic model theory as analytic tools; reference, compositionality, presupposition, conversational implicature, speech acts, deixis.	
Prereq: Permission of department. Repeatable to a maximum of 30 cr hrs or 30 completions.		Prereq: 4400 or 5000 (Linguist 601); or permission of instructor. Not open to students with credit for Linguist 683.01.	
4998 Undergraduate Research	U 1 - 10	5402 Semantic Theory II	U G 3
Undergraduate research or creative activities in various topics.		Montague semantics and more recent semantic theories; analysis of important problems, such as generalized quantifiers, lattice-based accounts of plurals and events, discourse representation theory.	
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 15 completions. This course is graded S/U.		Prereq: Ling 5401 (Linguist 683.01). Not open to students with credit for Linguist 683.02.	
4998H Undergraduate Research	U 1 - 10	5410 Natural Language Metaphysics	U G 3
Research: assigned reading and individual research.		Natural languages seem to presuppose that the world is a certain way. In many cases, the presuppositions are philosophically (or scientifically) contentious. We will explore a variety of such cases noting the ramifications for both metaphysics and for semantics. Team-taught course with faculty member in Philosophy.	
Prereq: Honors standing and permission of instructor. Repeatable to a maximum of 10 cr hrs or 3 completions. This course is graded S/U.		Prereq: 5001, or 5401; or Philos 2500 and 6 cr hrs in Philos at or above 3000-level; or Grad standing in Philos; or permission of instructor. Ling 5410 and Philos 5610 repeatable to a maximum of 6 cr hrs. Cross-listed in Philos 5610.	
4999 Undergraduate Thesis Research	U 1 - 10	5501 An Introduction to African-American English	U G 3
Undergraduate research or creative activities in various topics culminating in a research thesis and oral defense.		Introduction to the structure and history of the varieties of English used by African-Americans and the relationship between language use and socio-cultural context.	
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.		Prereq: One Linguistics course taken at the 4000 level (300 level) or above. Not open to students with credit for AfAmAST 5501 or 605.	
4999H Honors Undergraduate Thesis Research	U 1 - 10	5551 Field Methods I	U G 3
Honors undergraduate research or creative activities in various topics, culminating in a research thesis and oral defense.		Methodology for determining the phonological system of a previously unknown language through the use of a native informant.	
Prereq: Honors standing, and permission of instructor and the Arts and Sciences Honors Committee. Repeatable to a maximum of 10 or hrs or 5 completions. This course is graded S/U.		Prereq: Two courses from two of the following three groups: 4100 (Linguist 500) or 5101 (600); 4200 (502) or 5201 (602.01); or 4300 (503) or 5301 (603.01); or permission of instructor. Repeatable to a maximum of 24 cr hrs.	
5001 Formal Foundations of Linguistics	U G 3	5601 Introduction to Sociolinguistics	U G 3
Applying tools from set theory, symbolic logic, model theory, algebra and formal grammar in the foundations of formal linguistic theories and in linguistic analysis.		Survey of approaches to the study of language in its social context: sociology of language, ethnography of speaking, discourse analysis, quantitative sociolinguistics.	
Prereq: 2000, 2000H, 2001, Philos 2500, Math 2366, or 3345; or Grad standing; or permission of instructor. Not open to students with credit for Linguist 680.		Prereq: Two Ling courses 2000 (Linguist 201) or above, or 5000 (601); or permission of instructor. Not open to students with credit for Linguist 661.01.	
5050 Technical Tools for Linguists	U G 3	5602 Introduction to Quantitative Sociolinguistics	U G 3
Practical training in standard computational tools for tackling different kinds of linguistic research. Students will learn computational techniques to access, search and format linguistic datasets, including text corpora, speech and audio, structured representations such as parse trees, and experimental measurements. The course will also cover data exploration and basic modeling.		Exploration of language in its social context through the methods of quantitative analysis of linguistic variation, including the Labovian and implicational models.	
Prereq: Ling 2000 (Linguist 201), 2000H (201H), or 4000 (601).		Prereq: 5601 (Linguist 661.01). Not open to students with credit for Linguist 661.02.	
5051 Quantitative Methods	U G 3	5603 Sociolinguistic Field Methods	U G 3
Quantitative methods in the sub-disciplines of Linguistics, including data analysis, interpretation and display of data, inferential statistics, and statistical modeling.		Research methods for sociolinguistic fieldwork including interviewing, observation, survey design and experimental work. Focus on methodology, planning and implementation.	
Prereq: Ling 2000 (Linguist 201), 2000H (201H), or 4000 (601).		Prereq: 5601 (Linguist 661.01).	
5101 Phonetics: Phonetic Theory	U G 3	5651 Languages in Contact	U G 3
Principles of articulatory phonetics, with some discussion of acoustic phonetics; practice in the production, recognition, and transcription of sounds in various languages of the world.		Study of the effects of language contact on the structure of the involved languages, and of the characteristics of the individuals and communities involved in language contact.	
Prereq: 4100 (Linguist 500), 4300 (503), or 5000 (601); or permission of instructor. Not open to students with credit for Linguist 600.01.		Prereq: Two Ling courses 2000 (Linguist 201) or above; or Grad standing.	
5102 Laboratory Phonology	U G 3		
Introduction to laboratory methods and quantitative models of speech for linguistics.			
Prereq: Ling 5101 (Linguist 600.01). Not open to students with credit for Linguist 600.02.			

284 Linguistics

5700 Training in Informal Science Outreach	U G	3	7890.02 Seminar Discussion Groups: Syntax	G	1 - 3			
The purpose of this course is to provide students with hands-on training in informal science education at the COSI museum. All students will learn to provide outreach education at the museum; advanced students will develop outreach materials, assist in the visible research operations, and mentor other students.								
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs. Cross-listed in Psych and EduTL.								
5701 Psycholinguistics I	U G	3	7890.03 Seminar Discussion Groups: Phonetics/Phonology	G	1 - 3			
An introduction to high-level language processing, word recognition, sentence understanding, and discourse processing.								
Prereq: 3701 (Linguist 371), 3701H (371H), or 5000 (601); or permission of instructor. Not open to students with credit for Linguist 615.								
5703 Eye Tracking Methods for Psycholinguistics	U G	3	7890.04 Seminar Discussion Groups: Pragmatics	G	1 - 3			
A hands-on laboratory course focusing on current techniques for monitoring eye movements as a measure of language processing. We will discuss preparation of auditory and screen-based/real world visual stimuli, and methods for aggregating and analyzing eye movement data. Students will have access to Tobii and ASL Mobile eye trackers.								
Prereq: Ling 3701H (Linguist 371H) or 5701 (615).								
5801 Computational Linguistics I	U G	3	7890.05 Seminar Discussion Groups: Language Acquisition Research Group	G	1 - 3			
Symbolic and probabilistic computation applied to the structure of words and sentences, models of syntax, parsing algorithms.								
Prereq: 3802 (Linguist 384), 5000 (601), CSE 3321, 3521, or 5052; or permission of instructor. Not open to students with credit for Linguist 684.01.								
5802 Computational Linguistics II	U G	3	7890.06 Seminar Discussion Groups: Sociolinguistics/Historical Linguistics	G	1 - 3			
Computational models of language acquisition and application of machine learning techniques to language processing.								
Prereq: Ling 5801 (Linguist 684.01). Not open to students with credit for Linguist 684.02.								
5803 Computational Semantics	U G	3	7890.07 Seminar Discussion Groups: Psycholinguistics	G	1 - 3			
Methods for construction semantic representations for fragments of natural language and performing inference with such representations.								
Prereq: 5801 (Linguist 684.01). Not open to students with credit for Linguist 684.03.								
5804 Analyzing Language in Social Media	U G	3	7890.08 Seminar Discussion Groups: Computational Linguistics	G	1 - 3			
Course gives students experience analyzing language in social media. It covers theoretical issues arising in digital communication and provides hands-on practice at computational data analysis, applicable across fields. Students gain an understanding of the sociolinguistic dynamics of online communication and the technical skills to conduct research on them. Team-taught w/ faculty in English.								
Prereq: Not open to students with credit for English 5804. Cross-listed in English.								
5891 Proseminar in Cognitive Science	U G	2	7890.09 Seminar-Discussion Group on LLIC (Language, Logic, Information, and Computation)	G	1 - 3			
Provides an in-depth examination of cognitive science from an interdisciplinary perspective.								
Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs. Cross-listed in CSE, Psych, Philos, and SphHrng.								
5901 Introduction to Historical Linguistics	U G	3	This discussion group introduces, discusses and reviews the technical details of formal methods in linguistics.					
Introduction to the methods and principles of historical linguistics.								
Prereq: 4100 (Linguist 500), 5101 (600.01), 4300 (503), 5301 (603.01), or 5000 (601); or permission of instructor. Not open to students with credit for Linguist 611.								
5906 Topics in Indo-Iranian Linguistics	U G	1 - 3	7890.10 Seminar Discussion Groups: Topics in Linguistics	G	1 - 3			
Possible topics include advanced classical Sanskrit, introductory Vedic Sanskrit, Indo-Iranian or Indo-Aryan linguistics, or studies in the ancient Indian grammarians.								
Repeatable to a maximum of 9 cr hrs or 3 completions.								
6000 Teaching Introductory Linguistics	G	1	7890.11 Sociolinguistic Meaning Discussion Group	G	1 - 3			
Designed to train instructors in the techniques and materials used to teach introductory linguistics courses.								
Prereq: Not open to students with credit for Linguist 830. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.								
6001 Proseminar in Linguistics	G	2	7901 Historical Linguistics: Phonology	G	3			
Introduction to the problems, methods, and tools of linguistic research. Recommended for all candidates for grad degrees.								
Repeatable to a maximum of 50 cr hrs. This course is graded S/U.								
6193 Individual Studies	G	1 - 12	An introduction to the methods, conventions, and literature of comparative-historical linguistics with primary attention to the comparison and reconstruction of Indo-European phonological systems.					
Individual Studies.								
Prereq: Permission of instructor. Repeatable to a maximum of 24 cr hrs or 8 completions. This course is graded S/U.								
6194 Group Studies	G	1 - 3	Prereq: Ling 4000 (Linguist 601) and 5901 (611), or permission of instructor. Not open to students with credit for Linguist 801.					
Study of topics not regularly scheduled for seminars in linguistics, under the direction of a faculty member.								
Prereq: Ling 4000 (Linguist 601). Repeatable to a maximum of 24 cr hrs or 8 completions.								
7890.01 Seminar Discussion Groups: TA Workshop	G	1 - 3	7902 Historical Linguistics: Morphology	G	3			
A selected group study, with emphasis on individual writing and presentation.								
Prereq: 5000 level or above course in Ling, or permission of instructor. Repeatable to a maximum of 60 cr hrs or 60 completions.								
8100 Seminar in Phonetics	G	1 - 3	8100 Seminar in Phonetics	G	1 - 3			
Study of specific problems in articulatory and acoustic phonetics at an advanced level.								
Prereq: 5101 (Linguist 600.01). Repeatable to a maximum of 18 cr hrs.								
8193 Individual Studies	G	1 - 9	8193 Individual Studies	G	1 - 9			
Assigned reading and individual research.								
Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 18 completions. This course is graded S/U.								

8200 Seminar in Syntax	G	1 - 3	6211 Accounting for Decision Making	G	3
Advanced topics in syntactic analysis. Prereq: 5202 (Linguist 602.02). Repeatable to a maximum of 18 cr hrs.			Examines the role of accounting and financial reporting by investors and managers for decision-making and performance evaluation. Prereq: Enrollment in MBA program or permission of instructor. Not open to students with credit for 800 or 801.		
8300 Seminar in Phonology	G	1 - 3	6220 Finance	G	3
Advanced topics in phonological analysis. Prereq: 5302 (Linguist 603.02). Repeatable to a maximum of 18 cr hrs or 6 completions.			Course covers time value of money, risk and return, investment criteria, capital budgeting, market efficiency, derivatives, and interest rate parity. Prereq: Enrollment in Executive MBA program or Working Professional MBA program; or permission of instructor. Not open to students with credit for 810.		
8350 Seminar in Morphology	G	1 - 3	6222 Finance II	G	1½
Advanced topics in morphological analysis. Repeatable to a maximum of 18 cr hrs or 18 completions.			Covers capital budgeting, market efficiency, derivatives, interest rate parity. Prereq: Enrollment in MBA or MAcc program, or permission of instructor. Not open to students with credit for 810 or BusFin 811.		
8400 Seminar in Semantics	G	1 - 3	6223 Finance	G	3
Accounts of semantic judgments in languages, especially within the theory of generative grammar; relationships between syntax, semantics, and language use. Prereq: 5202 (Linguist 602.02). Repeatable to a maximum of 18 cr hrs.			A market-oriented framework for analyzing the major types of financial decisions made by corporations. The course covers the following topics: present value techniques, capital budgeting, asset valuation, portfolio theory, asset pricing, market efficiency, options, capital structure, financial distress, financial modeling, risk management, mergers and acquisitions and ethics. Prereq: Enrollment in the MBA or WPMBA program. Not open to students with credit for 6221, 6222, or BusFin 810 or 811.		
8450 Seminar in Pragmatics	G	1 - 3	6230 Operations Management	G	1 - 3
An intensive examination of one or more major problems in pragmatics, such as speech acts, implicature, or presupposition. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs.			How the operations function contributes to ensuring effective and efficient flow of materials and information within and outside the organization. Prereq: Enrollment in Executive MBA program or Working Professional MBA program; or permission of instructor. Not open to students with credit for 850. Repeatable to a maximum of 3 cr hrs. This course is progress graded.		
8600 Seminar in Sociolinguistics	G	1 - 3	6231 Operations Management I	G	1½
Advanced topics in sociolinguistics. Prereq: 5601 (Linguist 661.01). Repeatable to a maximum of 18 cr hrs or 18 completions.			How the operations function contributes to ensuring effective and efficient flow of materials and information within and outside the organization. Prereq: Enrollment in MBA or permission of instructor. Not open to students with credit for 850.		
8650 Seminar in Contact Linguistics	G	1 - 3	6232 Operations Management II	G	1½
The goal of this seminar is to explore in some detail the methodological frameworks and theoretical issues that relate to the origins and development of various outcomes of language contact. Prereq: Ling 5651 (Linguist 685). Repeatable to a maximum of 18 cr hrs or 18 completions.			How the operations function contributes to ensuring effective and efficient flow of materials and information within and outside the organization. Continuation of 6231. Prereq: 6231 and enrollment in MBA or WPMBA program or permission of instructor. Not open to students with credit for 850.		
8700 Seminar in Psycholinguistics	G	1 - 3	6233 Operations Management	G	3
Advanced topics in psycholinguistics. Prereq: Ling 5701 (Linguist 615). Repeatable to a maximum of 18 cr hrs or 18 completions.			Operations Management (MBA 6233) is designed to provide a solid foundation and deeper understanding of how the operations function contributes to ensuring effective and efficient flow of materials and information within and outside the organization. Prereq: Enrollment in MBA, or permission of instructor. Not open to students with credit for 850.		
8800 Seminar in Computational Linguistics	G	1 - 3	6240 Organizations, Markets and Management-EMBA	G	3
Advanced topics in computational linguistics. Prereq: 5802. Repeatable to a maximum of 18 cr hrs.			Microeconomics from a management and organizational perspective, developing a framework grounded in the fundamentals of economic theory. Prereq: Enrollment in Executive MBA program or permission of instructor. Not open to students with credit for 812.		
8900 Seminar in Historical Linguistics	G	1 - 3	6241 Organizations, Markets and Management	G	2½
Advanced topics in methods and principles of diachronic analysis. Prereq: 5901 (Linguist 611), or permission of instructor. Repeatable to a maximum of 18 cr hrs.			Microeconomics from a management and organizational perspective, developing a framework grounded in the fundamentals of economic theory. Prereq: Enrollment in MBA or WPMBA program or permission of instructor. Not open to students with credit for 812.		
8998 Non-thesis graduate research	G	1 - 15	6243 Organizations, Markets and Management	G	3
Non-thesis graduate research. Repeatable to a maximum of 15 ch or 15 completions. This course is graded S/U.			Microeconomics from a management and organizational perspective, developing a framework grounded in the fundamentals of economic theory. Prereq: Enrollment in MBA or WPMBA program, or permission of instructor. Not open to students with credit for 812.		
8999 Thesis/Dissertation Research in Linguistics	G	1 - 10	6250 Marketing Management	G	3
Research for thesis and dissertation purposes only. Repeatable to a maximum of 24 cr hrs or 24 completions. This course is graded S/U.			Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Prereq: Enrollment in Executive MBA program or Working Professional MBA program or permission of instructor. Not open to students with credit for 840.		

Master of Business Administration

6200 Organizational Behavior, Teamwork and Leadership- EMBA	G	3	6251 Marketing Management I	G	1½
An overview of factors that influence individual, group and organizational work performance and techniques to improve it; analytical frameworks for determining effectiveness of given techniques in specific circumstances. Prereq: Enrollment in Executive MBA program or permission of instructor. Not open to students with credit for 860.			Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Prereq: Enrollment in Executive MBA program or Working Professional MBA program or permission of instructor. Not open to students with credit for 840.		
6201 Organizational Behavior	G	1½	6252 Marketing Management II	G	3
An overview of factors that influence individual and team performance and techniques to improve it; analytical frameworks for determining effectiveness of given techniques in specific circumstances. Prereq: Enrollment in MBA or WPMBA program; or permission of instructor. Not open to students with credit for 860.			Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Prereq: Enrollment in MBA or WPMBA program, or permission of instructor. Not open to students with credit for 812.		
6202 Leadership	G	1½	6253 Marketing Management III	G	3
An overview of factors that influence individual and team performance and techniques to improve it; analytical frameworks for determining effectiveness of given techniques in specific circumstances. Prereq: Enrollment in MBA or WPMBA program; or permission of instructor. Not open to students with credit for 860.			Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Prereq: Enrollment in MBA or WPMBA program, or permission of instructor. Not open to students with credit for 812.		
6204 Professional Development: Leadership and Team Effectiveness-EMBA	G	3	6254 Marketing Management IV	G	3
Skills enhancement in professional teamwork and leadership roles. Prereq: Enrollment in Executive MBA program or permission of instructor. Not open to students with credit for BusMHR 801.			Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Prereq: Enrollment in MBA program or permission of instructor. Not open to students with credit for 840.		
6210 Accounting for Decision Making-EMBA	G	3	6255 Marketing Management V	G	3
Uses of Accounting by Managers. Prereq: Enrollment in Executive MBA program or permission of instructor. Not open to students with credit for 802.			Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Prereq: Enrollment in MBA program or permission of instructor. Not open to students with credit for 840.		

286 Master of Business Administration

6252	Marketing Management II	G	1½		2194	Group Studies in Materials Science and Engineering	U	0 - 6
	Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Continuation of 6251.				Special topics in MSE not offered in other courses.			
	Prereq: 6251 and enrollment in MBA or permission of instructor. Not open to students with credit for 840.				Repeatable to a maximum of 12 cr hrs or 8 completions.			
6253	Marketing	G	3		2241	Structure and Characterization of Materials	U	3
	Focuses on the interrelated elements of the marketing mix, its relationship with the other functional areas of management, and marketing responses to the external environment. Prereq: Enrollment in MBA program, or permission of instructor. Not open to students with credit for 840.				Atomic structure of materials and its determination using X-ray diffraction techniques. Introduction crystalline defects and microstructure. Characterizing and quantifying materials microstructure using optical and electron microscopy.			
6260	Global Environment of Business-EMBA	G	3		Prereq: 2010, Physics 1250 or 1260, Math 1151 or 1161, and Chem 1210 or 1250; and enrollment as MatScEn-BS student; or permission of instructor. Not open to students with credit for both 341 and 342.			
6261	Global Environment of Business	G	1½		2251	Thermodynamics of Materials	U	3
	Political, economic, social and technological forces shaping today's global business environment.				Fundamental basis of three laws of thermodynamics, phase equilibria, reaction equilibria, solution theory, and phase diagrams and electrochemistry.			
	Prereq: Enrollment in Executive MBA program, or permission of instructor. Not open to students with credit for 820.				Prereq: 2010, Physics 1250 or 1260, Math 1151 or 1161, and Chem 1210 or 1250; and enrollment as MatScEn-BS or WeldEng-BS student; or permission of instructor. Not open to students with credit for both 401 and 525.			
6270	Data Analysis for Managers-EMBA	G	3		2321	Modeling and Simulation Lab I	U	3
	Introduction to data analysis and statistics for business. Emphasis on achieving an application-oriented understanding of statistical inference and regression analysis and their use in decision making.				A modeling and simulation laboratory appropriate to sophomore-level study in materials science and engineering.			
	Prereq: Enrollment in Executive MBA program or permission of instructor. Not open to students with credit for 870.				Prereq: 2010, Physics 1250 or 1260, Math 1151 or 1161, and Chem 1210 or 1250; and enrollment as MatScEn-BS student; or permission of instructor.			
6271	Data Analysis for Managers	G	2½		2331	Structure and Characterization Lab	U	2
	Introduction to data analysis and statistics for business. Emphasis on achieving an application-oriented understanding of statistical inference and regression analysis and their use in decision making.				Companion laboratory course to MatScEn 2241. Experiments on X-ray diffraction, scanning electron microscopy, optical microscopy, and stereology with applications. Statistical treatment of data and technical reporting.			
	Prereq: Enrollment in MBA or WPMBA program or permission of instructor. Not open to students with credit for 870.				Prereq: 2010, Physics 1250 or 1260, Math 1151 or 1161, and Chem 1210 or 1250; and enrollment as MatScEn-BS student; or permission of instructor. Not open to students with credit for 282.			
6273	Data Analysis for Managers	G	3		3141	Transformation and Processing of Materials	U	3
	Introduction to data analysis and statistics for business. Emphasis on achieving an application-oriented understanding of statistical inference and regression analysis and their use in decision making.				Introduction to transformations, and the relationship between microstructure, properties, and processing in metals, ceramics, semiconductors, and polymers.			
	Prereq: Enrollment in MBA or WPMBA program, or permission of instructor. Not open to students with credit for 6271 or 870.				Prereq: 2251, and enrollment as MatScEn-BS or WeldEng-BS major; or permission of instructor.			
6281.01	Professional Development	G	1½		3151	Transport Phenomena and Kinetics	U	3
	Professional development and skill set enhancement in the areas of leadership, self-awareness, team-based work and ability to adapt to work life in the context of different organizational and global cultures.				Provides students with concepts related to transport phenomena and kinetics as applied to processing of metals, ceramics, polymers, and composite materials.			
	Prereq: Enrollment in MBA program.				Prereq: 2010 and 2241; and Math 2177 or 2415; or 2174; and enrollment as MatScEn-BS major; or permission of instructor. This course is available for EM credit.			
6281.04	Professional Development	G	1½		3189	Professional Practice in Industry	U	½ - 3
	Professional development and skill set enhancement in the areas of leadership, self-awareness, team-based work and ability to adapt to work life in the context of different organization and global cultures.				Preparation of a comprehensive report based on employment experience in a co-op or job in industry.			
	Prereq: Enrollment in MBA program, or permission of instructor.				Repeatable to a maximum of 8 cr hrs or 8 completions. This course is graded S/U.			
6290	Strategy Formulation & Implementation-EMBA	G	3		3193.01	Individual Studies in Materials Science & Engineering	U	½ - 6
	Focuses on the determination of the strategic direction of the firm and the management of the strategic process.				Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
	Prereq: Enrollment in Executive MBA program or permission of instructor. Not open to students with credit for 980.				Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
6291	Strategy Formulation & Implementation	G	2½		3193.02	Individual Studies in Materials Science & Engineering	U	½ - 6
	Focuses on the determination of the strategic direction of the firm and the management of the strategic process.				Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
	Prereq: Enrollment in MBA or WPMBA program or permission of instructor. Not open to students with credit for 980.				Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.			
6293	Strategy Formulation & Implementation	G	3		3261	Introduction to the Mechanical Behavior of Materials	U	3
	Focus on the determination of the strategic direction of the firm and the management of the strategic process.				Survey of the mechanical response of solids to forces and stresses. Responses studied include elastic, viscoelastic, plastic deformation and fracture.			
	Prereq: Enrollment in MBA or WPMBA program, or permission of instructor. Not open to students with credit for 980 or 6290 or 6291.				Prereq: 2010, MechEng 2040, and enrollment as MatScEn-BS student; or permission of instructor. Not open to students with credit for both 361 and 564.			
2010	Introduction to Engineering Materials	U	3		3271	Electronic Properties	U	3
	Introduction to the properties (mechanical, electrical, thermal, diffusive, degradative, magnetic, optical), structure, and processing of engineering materials, including ceramic, metals, polymers, biological, and composite materials.				Introduction to structure, property, and applications of electronic materials. Includes electronically and ionically conducting materials, dielectrics, and optical and magnetic materials.			
	Prereq: Physics 1250 or 1260, Math 1151 or 1161, and Chemistry 1210 or 1250; or permission of instructor. Not open to students with credit for 205.				Prereq: 2010; and Math 1151 or 1161; and Physics 1251 or 1261; and enrollment as MatScEn-BS student; or permission of instructor. Not open to students with credit for 371.			
3321	Modeling and Simulation Lab II	U	2		3321	Modeling and Simulation Lab II	U	2
	Modeling and simulation techniques appropriate to junior-level study in materials science and engineering.				Modeling and simulation techniques appropriate to junior-level study in materials science and engineering.			
	Prereq: 2321, 3141, and 3151, and enrollment as MatScEn-BS student; or permission of instructor.				Prereq: 2321, 3141, and 3151, and enrollment as MatScEn-BS student; or permission of instructor.			
3331	Materials Science and Engineering Lab I	U	2		3331	Materials Science and Engineering Lab I	U	2
	Laboratory experiments related to materials processes and properties. Introduction to experimental techniques used in materials fields. Data analysis, presentation, and technical writing skills.				Laboratory experiments related to materials processes and properties. Introduction to experimental techniques used in materials fields. Data analysis, presentation, and technical writing skills.			
	Prereq: 2331, and enrollment as MatScEn-BS major; or permission of instructor. Not open to students with credit for both 581.01 and 581.02.				Prereq: 2331, and enrollment as MatScEn-BS major; or permission of instructor. Not open to students with credit for both 581.01 and 581.02.			

Materials Science and Engineering

2010	Introduction to Engineering Materials	U	3	
	Introduction to the properties (mechanical, electrical, thermal, diffusive, degradative, magnetic, optical), structure, and processing of engineering materials, including ceramic, metals, polymers, biological, and composite materials.			

Materials Science and Engineering 287

3332	Materials Science and Engineering Lab II	U	2
Laboratory experiments related to materials application and performance. Advanced experimental techniques and analysis in these areas. Technical writing skills at fully professional level.			
Prereq: 2241, 2331, and 2251; and enrollment as MatScEn-BS student; or permission of instructor. Not open to students with credit for both 581.02 and 581.03.			
3333	Materials Science and Engineering Laboratory for Welding Engineering Students	U	2
Lab experiments related to heat treating, casting, welding, materials characterization, and properties. Introduction to experimental techniques in materials science. Development of technical writing skills.			
Prereq: WeldEng 3001 and 3601; and enrollment as WeldEng-BS major; or permission of instructor. Not open to students with credit for 581.04. Not open to students majoring in MatScEn.			
3611	Biological Response to Biomaterials	U	3
The biological response to biomaterials implanted within the human body.			
Prereq: 2010, and Biology 1113 or 2100; or permission of instructor. Not open to students with credit for 645 and 646.			
4181	Materials Selection	U	2
Systematic and quantitative strategies for selecting materials and processes as a foundation for designing with materials.			
Prereq: 2241, 2331, 2251, 2321, and enrollment as MatScEn-BS major; or permission of instructor. Not open to students with credit for 600.			
4193.01	Individual Studies in Materials Science & Engineering	U	½ - 6
Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
4193.02	Individual Studies in Materials Science & Engineering	U	½ - 6
Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.			
4194	Group Studies in Materials Science and Engineering	U	0 - 6
Special topics in Materials Science and Engineering.			
Repeatable to a maximum of 12 cr hrs or 8 completions.			
4321	Modeling and Simulation-Based Design	U	3
Practical modeling and simulation techniques appropriate to senior-level design in materials science and engineering.			
Prereq: 2321, 3321, and enrollment as MatScEn-BS major; or permission of instructor.			
4381	Design and Professional Practice I	U	3
An in-depth design project to foster independent thinking and to develop problem-solving skills. Design of experiments, applied statistics, presentation and communication skills will be discussed.			
Prereq: 3141, 3151, and 3331. Prereq or concur: 3261, 3271, or 3332, and enrollment as MatScEn-BS major; or permission of instructor. Not open to students with credit for both 695.01 and 695.02.			
4382	Design and Professional Practice II	U	3
An in-depth design project to foster independent thinking and to develop problem-solving skills. Design of experiments, applied statistics, presentation and communication skills will be discussed.			
Prereq: 4381, and enrollment as MatScEn-BS major; or permission of instructor. Not open to students with credit for both 695.02 and 695.03.			
4998	Undergraduate Research	U	½ - 3
Supervised undergraduate research on various topics.			
Repeatable to a maximum of 6 cr hrs or 6 completions.			
4999	Undergraduate Research	U	½ - 3
Supervised undergraduate research on topics in Materials Science & Engineering.			
Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions.			
4999H	Undergraduate Honors Research	U	½ - 3
Supervised research and project work arranged individually for honors students on topics in Materials Science & Engineering.			
Prereq: Honors standing, Sr standing in MatScEn major, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.			
5193.01	Individual Studies in Materials Science & Engineering	U G	0 - 6
Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
5193.02	Individual Studies in Materials Science & Engineering	U G	0 - 6
Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.			

5194	Group Studies in Materials Science & Engineering	U G	0 - 6
Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
Repeatable to a maximum of 12 cr hrs or 8 completions.			
5321	Computational Thermodynamics and Kinetics	U G	2
Comprehensive background on computational thermodynamics and kinetics. Includes focus on CALPHAD (Calculation of Phase Diagram) methodology.			
Prereq: 2251 and 3151 or equivs, or Grad standing in MatScEn or WeldEng; or permission of instructor. Cross-listed in WeldEng 4121 and 7121.			
5431	Advanced Metals Laboratory	U G	1
Advanced laboratory covering various topics in metallic materials.			
Prereq: 2241, 2331, 3141, 3261, and 3332. Prereq or concur: 5441 or 5451; or permission of instructor. Not open to students with credit for 669, or to Grad students enrolled in MatScEn or WeldEng.			
5441	Physical Metallurgy	U G	3
Physical metallurgy of ferrous and non-ferrous alloys. Emphasis on alloy design, processing and structure-property relations.			
Prereq: 3141, 3261, and enrollment as MatScEn-BS major student; or Grad standing; or permission of instructor. Not open to students with credit for 661 and 663.			
5451	Molten Metal Processing	U G	3
An advanced class in application of thermodynamics, kinetics, and macro-transport phenomena to primary metals production, refining, and solidification processing.			
Prereq: 2251 or 3151; or Grad standing; or permission of instructor. Not open to students with credit for 667, 668, 5451, ISE 5502, or 651.02. Cross-listed in ISE 5502.			
5531	Ceramics Processing Laboratory	U G	1
Laboratory experiments involving synthesis/fabrication and characterization of high performance technical ceramics.			
Prereq: 3141, 3261, 3271, 3332, and enrollment as MatScEn-BS major; or permission of instructor. Not open to students with credit for 619.			
5532	Electronic, Optical, and Magnetic Properties Laboratory	U G	1
Correlates electronic, optical, and magnetic properties of materials with structure, composition, and microstructure. Examples include resistivity, the Hall effect, and ferromagnetic/ferroelectric hysteresis.			
Prereq: 3141, 3261, 3271, 3332, and enrollment as MatScEn-BS major student; or permission of instructor. Not open to students with credit for 679.			
5551	Ceramic Processing	U G	3
Overview of ceramics processing, including essential topics of: powder synthesis/characterization, colloidal/sol-gel processing, shaping/consolidation, sintering, microstructure development and nanoceramics, and thin films/coating.			
Prereq: 3141, 3151, and enrollment as MatScEn-BS major; or Grad standing; or permission of instructor. Not open to students with credit for 615.			
5552	Nanoscale Synthesis and Processing of Electronic Materials	U G	3
Processing, structure and stability of materials in micro(nano)electronics. Thin film epitaxy, semiconductor heterostructures, quantum confinement, bandgap engineering, electronic properties of defects, nanolithography, self-assembled nanostructures.			
Prereq: 3141 and 3271, or permission of instructor. Not open to students with credit for 676.			
5571	Electroceramics	U G	3
Functional ceramics covering electrical, magnetic and optical properties of oxides. Emphasis is on the processing-microstructure-property correlation.			
Prereq: 3271, or permission of instructor. Not open to students with credit for 614.			
5572	Materials for Energy Technology	U G	3
Structure property relationships of materials in energy applications. Photovoltaic materials, solid state photonic materials, electrochemical devices such as batteries, fuel cells and chemical sensors, superconductors, memory and nuclear materials.			
Prereq: 2241, and 3271 or ECE 2300; and enrollment as MatScEn-BS major; or Grad standing; or permission of instructor.			
5605	Quantitative Introduction to Materials Science	U G	3
A quantitative survey of the key elements related to the processing, structure and properties of materials. Structural materials and core aspects are emphasized. Intended for MS/PhD students enrolled in MatScEn who come from a non-MatScEn background.			
Prereq: Grad standing in MatScEn or WeldEng; or permission of instructor. Not open to students with credit for 2010, 6605, or 605, or to students enrolled in MatScEn-BS.			
5611	Materials in Medicine	U G	3
The materials science of plastics, metals and ceramics currently used to replace or supplement tissues within the human body.			
Prereq: 2010 and 3611; or Grad standing; or permission of instructor. Not open to students with credit for both 645 and 646.			
5631	Biomaterials Laboratory	U G	1
A laboratory experience in the processing and characterization of biomaterials used for the replacement of human tissues.			
Prereq or concr: 5611 or 5641; or permission of instructor. Not open to students with credit for 649.			

288 Materials Science and Engineering

5641	Structure-Property Relationships of Polymers	U G	3		6730	Thermodynamics of Materials	G	3
	An understanding of the structure/property relationships that drive the continued expansion of polymers into a wide array of applications.				Thermodynamics of mixtures and phase equilibria relevant to metallurgy and materials science.			
	Prereq: 2010, CPHR 2.0 or higher, and rank 3 or 4 in Engineering; or Grad standing; or permission of instructor. Not open to students with credit for both 642 and 643.				Prereq: Grad standing or permission of instructor. Not open to students with credit for 730.			
5651	Biomaterials Processing	U G	3		6735	Corrosion Science and Materials Electrochemistry	G	2
	The relationship between the processing of biomaterials - metals, polymers and ceramics - and the impact that these steps have on final biomedical properties.				Electrochemistry fundamentals, corrosion thermodynamics and kinetics, experimental approaches, corrosion phenomenology, corrosion control strategies, nonmetallic material degradation, electrochemistry of batteries, fuel cells, and electrodeposition.			
	Prereq: 5611 or 5641; or permission of instructor.				Prereq: Grad standing in MatScEn or permission of instructor. Not open to students with credit for 735.			
5711.70	Introduction to Composites	U G	1½		6737	Diffusion and Interface Kinetics	G	3
	In this seven-week course, students will gain the theoretical background as well as practical knowledge of the structure and properties of ceramic, metal, and polymer matrix composites.				Detailed atomic and phenomenological descriptions of rate limiting steps, diffusion, and interface kinetics with applications involving mass transport and phase transitions in the solid state.			
	Prereq: 3261, or Grad standing, or permission of instructor. Not open to students with credit for 644 or 5711.				Prereq: Grad standing in MatScEn, or permission of instructor. Not open to students with credit for 737.			
5761.71	Mechanical Behavior of Crystalline Solids at Lower Temperature	U G	1½		6741	Practical Transmission Electron Microscopy Lab	G	1
	Strength and Deformation Mechanisms in Crystalline Solids at Low Temperatures.				Transmission Electron Microscopy with emphasis on practical methods.			
	Prereq: 3261 or 3332; or Grad standing; or permission of instructor. Not open to students with credit for MatScEn 5761.				Prereq: Grad standing in MatScEn or WeldEng; or permission of instructor.			
5761.72	Mechanical Behavior of Crystalline Solids at High Temperatures	U G	1½		6747	Structure and Defects in Materials	G	3
	Strength and deformation mechanisms in crystalline solids at high temperatures.				Structure and defects in crystalline and amorphous solids.			
	Prereq: 3261 or 3332; or Grad standing; or permission of instructor.				Prereq: Grad standing in MatScEn, or permission of instructor. Not open to students with credit for 747.			
5763.70	Fracture and Fatigue of Engineering Materials	U G	1½		6756	Computational Materials Modeling	G	2
	This seven week course will provide a background in fracture and fatigue with a survey of material-specific mechanisms.				Introduction to common computer modeling methods, including hands-on work with emphasis on the atomic and nano-scales.			
	Prereq: 3261, or Grad standing; or permission of instructor. Not open to students with credit for 5763.				Prereq: Permission of instructor. Not open to students with credit for 756.			
5774	Polymer Membranes	U G	3		6756.71	Computational Materials Modeling - Continuum Scale	G	1
	Membrane separation mechanisms, transport models, permeability computations/measurements, membrane materials/types/modules, membrane contactors/reactions, and applications.				Practical computational materials modeling and simulation techniques with focus on methods at the continuum scale.			
	Prereq: ChBE 3508 (509), or Grad standing; or permission of instructor. Not open to students with credit for 774 or ChBE 774. Cross-listed in ChBE.				Prereq: Grad standing in MatScEn or permission of instructor. Not open to students with credit for 6756 or 756.			
5951	Corrosion and Failure Analysis	U G	3		6756.72	Computational Materials Modeling - Atomic Scale	G	1
	Covers fundamentals of environmental degradation of materials, corrosion phenomenology and corrosion prevention strategies. Also methodologies for root cause analysis of failed components.				Practical computational materials modeling and simulation techniques with focus on the atomic scale.			
	Prereq: Sr or Grad standing in Engineering, or permission of instructor.				Prereq: Grad standing in MatScEn or permission of instructor. Not open to students with credit for 6756 or 756.			
5971	Solid State Science	U G	3		6765	Mechanical Behavior of Materials	G	2
	In-depth theory of electronic structure of materials as related to the materials' atomistic structure. The origins of the mechanical, optical and magnetic properties are discussed.				Mechanical response of materials to loads and deformation.			
	Prereq: 2010 and 3271; or permission of instructor.				Prereq: Grad standing in MatScEn, or permission of instructor. Not open to students with credit for 765.			
6193.01	Individual Studies in Materials Science and Engineering	G	0 - 6		6777	Electronic Properties of Materials	G	2
	Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.				In-depth analysis of the structure - property relationships and application of materials in electronics, optics and magnetics.			
	Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.				Prereq: Grad standing in Engineering or Science or permission of instructor. Not open to students with credit for 777.			
6193.02	Individual Studies in Materials Science & Engineering	G	0 - 6		6778	Magnetic Materials	G	2
	Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.				This course teaches the basic properties of magnetic materials in a wide class of materials including metals, insulators, semiconductors. The relationships between structure, composition, processing, and magnetic properties will be reviewed with a special focus on the atomic origins of magnetism and the ability to engineer these mechanisms through alloying or doping, or layered structures.			
	Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.				Prereq: Grad standing in Engineering or Mathematical and Physical Science; or permission of instructor.			
6194	Group Studies in Materials Science and Engineering	G	0 - 6		6999	Graduate Research in Materials Science and Engineering	G	½ - 18
	Special topics in Materials Science and Engineering.				Research for thesis purposes only.			
	Repeatable to a maximum of 12 cr hrs or 8 completions.				Repeatable. This course is graded S/U.			
6295	Superconducting Materials and Properties	G	2		7193.01	Individual Studies in Materials Science and Engineering	G	0 - 6
	Introduction to superconducting materials and phenomena. It will focus on the description of various materials and their properties in terms of basic superconducting phenomena, and the influence of materials-based properties on these phenomena.				Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
	Prereq: Grad standing in Material Science & Engineering, Welding, or Engineering; or Math and Physical Sciences; or permission of instructor.				Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
6700	Essentials of Materials Science for High School Educators	G	2		7193.02	Individual Studies in Materials Science & Engineering	G	0 - 6
	Provides academic background and quantitative examples to the demonstrations in the ASM Materials Foundation Materials Camps for Teachers. This requires the students in this class to deploy related content in their high school classroom settings.				Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.			
	Prereq: Graduate Non-Degree status, or permission of instructor.				Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.			
6715	Principles of the Characterization of Materials	G	2		7194	Group Studies in Materials Science and Engineering	G	0 - 6
	Fundamentals of beam-solid interactions and their application to the characterizing the structure and composition of materials. The emphasis of this course will be on techniques utilizing X-ray and electron probes.				Special topics in Materials Science and Engineering.			
	Prereq: Grad standing in MatScEn or WeldEng, or permission of instructor. Not open to students with credit for 715.				Repeatable to a maximum of 12 cr hrs or 8 completions.			

7531 Epitaxial Heterostructures
G 2

Science and techniques behind thin film growth and engineering for combining different materials, altering chemical composition at the nanometer scale, while controlling defects and strain. Epitaxial crystal growth will be explained. Students will gain an understanding of the kinetics, thermodynamics, and technology involved in epitaxial heterostructures and self-assembled nanostructures.

Prereq: Grad standing. Cross-listed in ECE.

7818 Advanced Topics in Corrosion Science
G 2

Advanced topics in corrosion science.

Prereq: 6735. Not open to students with credit for 881.

7835 Point Defects in Crystalline Materials
G 2

A thermodynamic and electrochemical treatment of the formation, concentrations, mobilities, and interactions of atomic, ionic, and electronic point defects in materials at high temperatures. Prereq: 6730 and 6737, or permission of instructor. Not open to students with credit for 835.

7845 Solid Surfaces and Interfaces
G 2

Elements of surface and interface science. Thermodynamics, structure, microstructure and kinetics of interfacial phenomena in materials.

Prereq: 6730, 6737, and 6747. Not open to students with credit for 845.

7850 Structural Transformations
G 2

Structural transformations in materials with emphasis on basic phenomena. Selected topics will be developed based on classical approaches and recent advances.

Prereq: 6730 and 6737. Not open to students with credit for 850.

7855 Electron Diffraction, Imaging and Spectroscopies
G 2

Advanced topics in characterizing materials using transmission electron microscopy. Topics covered include electron diffraction techniques, important imaging modes, and widely used spectroscopy methods.

Prereq: 6715, or permission of instructor. Not open to students with credit for 855.

7862 Microstructural Elasticity
G 2

Elastic interaction between vacancies, dislocations, faults, grain boundaries, interfaces, precipitates, transforming particles, cracks, and indentations controls material properties, primarily mechanical.

Prereq: 6765. Not open to students with credit for 862.

7895 Graduate Seminar in Materials Science and Engineering
G 1

Presentations and discussion by graduate students, outside speakers on thesis research, and current problems in Materials Science and Engineering.

Prereq: Grad standing in MatScEn, or permission of instructor. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.

8000 MSE PhD Dissertation Overview
G 1

Public review of PhD research and committee guidance on dissertation topic.

Prereq: Only open to students who have passed the MSE PhD Candidacy Exam. This course is graded S/U.

8194 Group Studies in Materials Science and Engineering
G 0 - 6

Special topics in Materials Science and Engineering.

Repeatable to a maximum of 12 cr hrs or 8 completions.

8999 Graduate Research in Materials Science and Engineering
G ½ - 18

Research for dissertation purposes only.

Repeatable. This course is graded S/U.

Mathematics

1050 Precollege Mathematics I
U 5

Fractions and decimals, basic algebra, graphing lines, factoring, systems of equations. Credit for this course will not count toward graduation in any degree program.

Prereq: 1040 (040) or 050, or Math Placement Level T, or permission of department. Not open to students with credit for any Math course above 1050 (050). This course is available for EM credit.

1060 Supplementary Pre-College Mathematics
U 2

Math 1060 is a terminal math course designed to satisfy the Quantitative Reasoning: Basic Computation category of the General Education Requirement (GE). Students may follow-up with Math 1116 to satisfy the Mathematical or Logical Analysis category of the General Education Requirement (GE). Students who wish to take math courses higher than Math 1116 should take Math 1075 rather than Math 1060.

Prereq: C- or better in 1050, or Math placement level S. Not open to students with credit for any higher numbered math class, or for any quarter class numbered higher than 50. GE quant reason basic computation course.

1074 Transition Pre-College Mathematics II
U 3

Graphing lines, systems of two equations, factoring, rational expressions, quadratic equations, applications. Credit for this course will not count toward graduation in any degree program. This course is used only for transfer credit.

Prereq: 1050 (50). Not open to students with credit for any Math course numbered 1075 (75) or above. GE quant reason basic computation course.

1075 Precollege Mathematics II
U 4

Algebraic, rational, and radical expressions; functions and graphs; quadratic equations; absolute value; inequalities; and applications. Credit for this course will not count toward graduation in any degree program.

Prereq: 1074 or 075; or a grade of C- or above in 1050; or Math Skills Assessment Level R or S; or ACT math subscore of 22 or higher that is less than 2 years old. Not open to students with credit for any Math course above 1075, except for 1116; or for any quarter-system course above 075, except for 116. This course is available for EM credit. GE quant reason basic computation course.

1116 Excursions in Mathematics
U 3

Critical thinking and problem solving, with relevant topics met in everyday life. Appropriate for non-science majors.

Prereq: 1073, 1074, 1075, 75, or 104; or Math Placement Level R or above; or ACT math subscore of 22 or higher that is less than 2 years old. Not open to students with credit for 1152 (153) or above. GE quant reason math and logical anly course.

1118 Mathematics for Architects
U 3

Topics in geometry for architecture majors.

Prereq: A grade of C- or above in 1148 or 1150, or credit for 148 or 150, or Math Placement Level M or L; and enrollment in School of Architecture.

1125 Mathematics for Elementary Teachers I
U 5

Sequence 1125-1126 involves numbers, geometry, measurement, and mathematical reasoning, for prospective elementary school teachers.

Prereq: A grade of C- or above in 1075; or credit for 1074, 75, or 104; or Math Placement Level R or above; or ACT math subscore of 22 or higher that is less than 2 years old; and enrollment in Early Childhood or Special Education major, or in Middle Childhood major or pre-major with area of concentration different than Math. Not open to students with credit for 106.

1126 Mathematics for Elementary Teachers II
U 5

Continuation of 1125: numbers, geometry, measurement, and mathematical reasoning, for prospective elementary school teachers.

Prereq: A grade of C- or above in 1125; and enrollment in Early Childhood or Special Education major, or in Middle Childhood major or pre-major with area of concentration different than Math. Not open to students with credit for 107.

1130 College Algebra for Business
U 4

Algebraic, exponential, and logarithmic functions. Matrix algebra. Applications to business.

Prereq: A grade of C- or above in 1075, or credit for 104, or Math Placement Level M or N, or ACT math subscore of 22 or higher that is less than 2 years old. Not open to students with credit for 1131 (131), or for any Math course numbered 1149 (150) or above. This course is available for EM credit. GE quant reason math and logical anly course.

1131 Calculus for Business
U 5

Survey of calculus of one and several variables; applications to business.

Prereq: A grade of C- or above in 1130, 1144, 1148, or 1150, or credit for 130, 148, or 150, or Math Placement Level L. Not open to students with credit for 1151 (151) or above, or 1134 (132). This course is available for EM credit. GE quant reason math and logical anly course.

1134 Transition Calculus for Business
U 3

Integral and multi-variable calculus for business. This course is used only for transfer credit.

Prereq: 131, or equiv. Not open to students with credit for 132. This course is available for EM credit.

1135 Number and Operations for Teachers
U 5

The first course in a two semester sequence for teachers of elementary and middle grade students. This course focuses on concepts of numbers and arithmetic operations, including modern and historical perspectives.

Prereq: A grade of C- or above in 1075; or credit for 1074, 75, or 104; or Math Placement Level R or above; or ACT math subscore of 22 or higher that is less than 2 years old. Not open to students with credit for 106.

1136 Measurement and Geometry for Teachers
U 5

This course is the second in a two semester sequence for teachers of elementary and middle grade students. This course focuses on concepts of measurement and geometry, including modern and historical perspectives.

Prereq: A grade of C- or above in 1135.

1138 Fundamentals of Mathematics for Engineers
U 4

This application-oriented, hands-on, introduction to engineering mathematics course will provide an overview of the salient math topics most heavily used in beginning engineering courses. All math topics will be presented within the context of an engineering application, and reinforced through extensive examples of their use in the core engineering courses.

Prereq: Math Placement Level N. Not open to students with credit for 1151 or Engr 1138. Cross-listed in Engr.

1140 Calculus with Review I
U 4

This is the first of a two semester course sequence. The topics covered in Math 1140 will include differential calculus of one real variable, with review of important algebra and pre-calculus concepts. Calculus with Review I is a course designed with an emphasis on reviewing these fundamental pre-calculus skills as they apply to calculus.

Prereq: A grade of C- or above in 1148 and 1149, or in 1144, 1150, or 150, or Math Placement Level L. Not open to students with credit for 1141, or 1151 or above, or 151.xx or above. GE quant reason math and logical anly course.

290 Mathematics

1141 Calculus with Review II

U 4

This is the second of a two semester course sequence. The topics covered in Math 1141 will include differential calculus of one real variable, with review of important algebra and pre-calculus concepts. Math 1141 is a course designed with an emphasis on reviewing these fundamental pre-calculus skills as they apply to calculus.

Prereq: A grade of C- or above in 1140. Not open to students with credit for 1151 or above (151.xx, or above). GE quant reason math and logical anly course.

1144 Precalculus Transition

U 4

Math 150 done in a semester: Properties and applications of rational, logarithmic, exponential, trigonometric, and inverse trigonometric functions. Introduction to complex numbers. This course is used only for transfer credit.

Prereq: 1148 (148), or permission of department. Not open to students with credit for 150 or above.

1148 College Algebra

U 4

Functions: polynomial, rational, radical, exponential, and logarithmic. Introduction to right-angle trigonometry. Applications.

Prereq: A grade of C- or above in 1075, or credit for 104 or 148, or Math Placement Level N, or ACT math subscore of 22 or higher that is less than 2 years old, or permission of department. Not open to students with credit for 1144, or for Math courses numbered 1150 (150) or above. This course is available for EM credit. GE quant reason math and logical anly course.

1149 Trigonometry

U 3

Trigonometric functions and their properties. Vectors, polar coordinates and complex numbers. Prereq: A grade of C- or above in 1148, or permission of department. Not open to students with credit for 1144, or for any Math course numbered 1150 (150) or above. This course is available for EM credit. GE quant reason math and logical anly course.

1150 Precalculus

U 5

Functions: polynomial, rational, radical, exponential, logarithmic, trigonometric, and inverse trigonometric. Applications.

Prereq: Math Placement Level M. Not open to students with credit for 1144, 1148, or for 1149 or above, or for any quarter Math course numbered 150 or above. This course is available for EM credit. GE quant reason math and logical anly course.

1151 Calculus I

U 5

Differential and integral calculus of one real variable.

Prereq: A grade of C- or above in 1148 and 1149, or in 1144, 1150, or 150, or Math Placement Level L. Not open to students with credit for 1152 or 152.xx, or above. This course is available for EM credit. GE quant reason math and logical anly course.

1152 Calculus II

U 5

Integral calculus, sequences and series, parametric curves, polar coordinates, (optional: vectors).

Prereq: A grade of C- or above in 1144 (114), 1151, 1156, 1161.xx, 152.xx, 161.xx, or 161.01H. Not open to students with credit for 1172, 1181H or any Math class numbered 1500 or above, or with credit for 153.xx, or Math courses numbered 162.xx or above. This course is available for EM credit. GE quant reason math and logical anly course.

1156 Calculus for the Biological Sciences

U 5

Differential calculus and mathematical modeling in the life sciences.

Prereq: A grade of C- or above in 1148 and 1149, or a grade of C- or above in 1150, or credit for 150, or Math Placement Level L. Not open to students with credit for 1151 (151.xx) or above. GE quant reason math and logical anly course.

1157 Mathematical Modeling for the Biological Sciences

U 5

Models in life sciences using integral calculus, linear algebra, dynamical systems, and ordinary differential equations.

Prereq: A grade of C- or above in 1151, 1156, 1161.xx, or 1181H, or credit for 152.xx. Not open to students with credit for 1152, or for any Math course numbered 2000 or above, or for a quarter-system Math course numbered 254.xx or above.

1161.01 Accelerated Calculus I

U 5

Differential and integral calculus of one real variable. Intended for students having prior experience with calculus.

Prereq: Math Placement Level L, and previous calculus experience. Not open to students with credit for any Math course numbered 1152 or above, or for the quarter-system Math courses 151.xx and 152.xx, or for any quarter-system course numbered 162 or above. GE quant reason math and logical anly course.

1161.02 Accelerated Calculus I for Honors Engineers

U 5

Differential and integral calculus of one real variable. Intended for students in Fundamentals of Engineering for Honors (FEH).

Prereq: Math Placement Level L, and previous calculus experience. Not open to students with credit for 1152, or 151.xx and 152.xx, or 162 or above. GE quant reason math and logical anly course.

1165 Math for Middle School Teachers I

U 5

Algebra and reasoning for middle school teachers.

Prereq: A grade of C- or above in 1148 and 1149, or in 1150, or credit for 150, or Math Placement Level L; and major or pre-major in Middle Childhood Education, within either ASC or EHE.

1166 Math for Middle School Teachers II

U 5

Geometry for middle school teachers.

Prereq: A grade of C- or above in 1165, and major or pre-major in Middle Childhood Education either within ASC or within EHE.

1172 Engineering Mathematics A

U 5

Techniques of integration, Taylor series, differential calculus of several variables. Applications.

Prereq: A grade of C- or above in 1114 (114), 1151, 1156, 1161.xx, 152.xx, 161.xx, or 161.01H. Not open to students with credit for 1152, 1534 (153.xx), or 1544 (154), or for any Math class numbered 1172 or above, or for any quarter-system Math class numbered 254.xx or above. Not open to students majoring in Math, pre-Actuarial Science, or Actuarial Science. This course is available for EM credit.

1181H Honors Calculus I

U 5

Single variable calculus treated in depth.

Prereq: 1151 or 151.xx, and permission of department. GE quant reason math and logical anly course.

1187H Honors Problem Solving

U 1 - 2

Problem solving beyond what is encountered in standard programs.

Prereq: Permission of department. Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.

1193 Individual Studies in Mathematics

U 1 - 3

Individual studies.

Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.

1194 Group Studies in Mathematics

U 1 - 3

Designed to give groups of undergraduate students an opportunity to pursue special studies not otherwise offered.

Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions.

1194H Honors Group Studies in Mathematics

U 1 - 3

Designed to give groups of honors undergraduate students an opportunity to pursue special studies not otherwise offered.

Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions.

1295 Introductory Seminar

U 1

Seminar on mathematical topics for beginning math majors.

Prereq: Enrollment in Math major, or permission of department. This course is graded S/U.

1534 Transition Calculus II

U 3

Indeterminate forms, improper integrals, infinite series, parametric curves, vectors and vector functions. This course is used only for transfer credit.

Prereq: A grade of C- or above in 152.xx, 161.xx, or 161.01H. GE quant reason math and logical anly course.

1544 Transition Engineering Calculus

U 3

Integral calculus, Taylor series, differential calculus of several variables. Applications. Intended for students majoring in Engineering. This course is used only for transfer credit.

Prereq: A grade of C- or above in 152.xx, or equiv.

2137 Algebra and Coordinate Geometry for Teachers

U 3

This is one of two independent courses which follow Math 1136 to provide necessary content for middle grade teachers. This course focuses on algebra, coordinate geometry, and their connections through equations in one or more unknowns. Modern and historical perspectives are woven throughout.

Prereq: A grade of C- or above in 1136; and a grade of C- or above in 1149 or 1150, or credit for 150, or math placement level L.

2138 Calculus and its History for Teachers

U 3

This is one of two independent courses which follow Math 1136 to provide necessary content for middle grade teachers. This course focuses on functions and calculus, including modern and historical perspectives.

Prereq: A grade of C- or above in 1136; and a grade of C- or above in 1149 or 1150, or credit for 150, or math placement level L.

2153 Calculus III

U 4

Multivariable differential and integral calculus.

Prereq: A grade of C- or above in 1152, 1172, 1534, 1544, 1181H, or 4181H, or credit for 153.xx, 154, 162.xx, or 162.01H. Not open to students with credit for any course 2153 or above, or for any quarter-system class 254.xx or above. This course is available for EM credit.

2162.01 Accelerated Calculus II

U 5

Vectors, multivariable calculus, integral theorems.

Prereq: A grade of C- or above in 1161.xx, 1181H, or 4181H. Not open to students with credit for semester Math course above 2162.01, or for any quarter Math course numbered 254.xx or above.

2162.02 Accelerated Calculus II for Honors Engineers

U 5

Accelerated multivariable calculus. Intended for students in Fundamentals of Engineering for Honors (FEH).

Prereq: A grade of C- or above in 1161.xx, 1181H, or 4181H. Not open to students with credit for 2153, or for a semester Math course numbered 2162 or above, or for a quarter Math course numbered 263.xx or above.

2167 Calculus for Middle School Teachers	U 3	3295 Senior Seminar	U 1
Concepts of Calculus for Middle School teachers.		Seminar on mathematical topics and career possibilities for senior math majors and actuarial science majors.	
Prereq: A grade of C- or above in 1165, or credit for 1164 (110); and enrollment in Middle Childhood Education major or pre-major, within ASC or EHE. Not open to students with credit for 111.		Prereq: Enrollment in Math or Actuarial Science major, and permission of department. This course is graded S/U.	
2168 History of Mathematics for Middle School Teachers	U 3	3345 Foundations of Higher Mathematics	U 3
Historical and mathematical discussion of topics in the middle school math curriculum.		Introduction to logic, proof techniques, set theory, number theory, real numbers.	
Prereq: A grade of C- or above in 2167, or credit for 111; and enrollment as a major or pre-major in Middle Childhood Education (within either ASC or EHE). Not open to students with credit for 212.		Prereq: Major or minor in Math, CSE, CIS, ECE, STEMED-PRE or STEMED-BS, and:	
2173 Engineering Mathematics B	U 3	If Math, STEMED-PRE or STEMED-BS:	
Multiple integrals, line integrals, vector fields, second order ordinary differential equations.		Prereq: A grade of C- or above in 2153, 2162.xx, 2173, or 2182H, or credit for 254.xx, 263.xx, 263.01H.	
Prereq: 1172 or 1544 (154). Not open to students with credit for 2153, or for any Math course 2173 above, or for any quarter-system Math course 254.xx or above.		If CIS, CSE or ECE:	
2174 Linear Algebra and Differential Equations for Engineers	U 3	Prereq: A grade of C- or above in CSE 2321; and a grade of C- or above in 1161.xx, 1172, 1181H, 1534, 1544, 1152, or 4181H, or credit for 153.xx, 154, 162.xx, or 162.01H. Not open to students with credit for 345.	
Matrix theory, eigenvectors and eigenvalues, ordinary and partial differential equations.		3350 Introduction to Mathematical Biology	U 3
Prereq: 2173, and enrollment in Engineering, Physics, or Chemistry major; or permission of Math department. Not open to students with credit for both 2415 (415.xx) and 2568 (568 or 571), or with credit for 5520H (520H and 521H).		Introduction to quantitative and qualitative analysis of several mathematical models for biological systems.	
2177 Mathematical Topics for Engineers	U 4	Prereq: C- better in Math 2255, 2415, 5520H; or credit for 255, 415.xx, or 521H. Not open to students with credit for 350.	
Multiple integrals, line integrals; matrix algebra; linear (ordinary and partial) differential equations.		3532 Mathematical Foundations of Actuarial Science	U 3
Prereq: 1172, 1544 (154), 2153, 2162.xx, 2182H, 4182H, 254.xx, 263.xx, 263.01H, or 264H; and a major or minor in Biochem, BiomedE, Chem, CEEGS, FABEng, MatScEn, CBE, Physics or WeldEng. Not open to students with credit for 2174 or 5520H, or with credit for both (i) 2415 (415), 2255 (255), or 4512 (512) and (ii) 2568 (568 or 571).		Problem workshop for applications of calculus and probability to actuarial science and risk management.	
2182H Honors Calculus II	U 5	Prereq: C- or better in 4530, 5530H, or Stat 4201; or credit for Math 530, 531H, or Stat 420. Not open to students with credit for 532.	
Multivariable calculus treated in depth.		3588 Practicum in Actuarial Science	U 3
Prereq: A grade of C or above in 1181H or 4181H. Not open to students with credit for both 162.01H and 263.01H.		Presentations by practicing actuaries on topics drawn from their fields of expertise; oral presentations by students on selected topics in actuarial science.	
2191.02 Field Experience	U 0	Prereq: Completion of second writing course. Jr standing. Open only to actuarial science majors. Not open to students with credit for 588.	
A cooperative education or internship assignment conducted under the supervision of the employer; registration and evaluation by the director of ASC Career Services.		3589 Introduction to Financial Mathematics	U 3
Prereq: Minimum cumulative GPA of 2.5, Soph standing, and permission of the director of ASC Career Services. Student is responsible for finding an internship or cooperative education site that is secured, through completion of the Internship Agreement form, prior to the start of the semester. Repeatable to a maximum of 2 completions. This course is graded S/U.		Introduction to mathematics used in financial asset pricing, based on the binomial asset pricing model. Prepares students for further study of stochastic calculus in continuous time.	
2193 Individual Studies in Mathematics	U 1 - 3	Prereq: C- or better in 3345 or credit for 345; and either C- or better in 4530, 5530H, or Stat 4201; or credit for 530, 531H, or Stat 420; or permission of department. Not open to students with credit for 589.	
Individual studies.		3607 Beginning Scientific Computing	U 3
Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.		Introduction to mathematical theory of algorithms used to solve problems that typically arise in sciences, engineering, and finance.	
2194 Group Studies in Mathematics	U 1 - 3	Prereq: Both a C- or better in 2255, 2415, or 5520H, or credit for 255, 415.xx, or 521H; and also a C- or better in 2568 or 5520H, or credit for 568, 571, or 520H.	
Designed to give groups of able undergraduate students an opportunity to pursue special studies not otherwise offered.		3618 Theory of Interest	U 3
Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions.		Financial transactions involving interest: measurement of interest, force of interest, annuities-certain, introduction to financial derivatives.	
2255 Differential Equations and Their Applications	U 3	Prereq: A grade of C- or above in 1152, 1172, 1181H, 1534, 1544, 2162.xx, 2153, or 4181H, or credit for 153, 154, 162, 162H, or 191H; and enrollment in Math major, or Actuarial Science major or pre-major. Not open to students with credit for 618.	
Ordinary differential equations, their series solutions, numerical methods, Laplace transforms, physical applications.		4181H Honors Analysis I	U 5
Prereq: A grade of C- or above in 2153, 2162.xx, 2173, 2182H, or 4182H, or credit for 254.xx, 263.xx, 263.01H, or 264H. Not open to students with credit for 2415, 5520H, 255, 415.xx, or 521H.		4181H - 4182H is an enriched honors sequence introducing students to mathematical underpinnings of calculus.	
2366 Introduction to Discrete Mathematics	U 2	Prereq: Permission of department.	
Mathematical reasoning, logic, sets, functions, recursive definitions, elementary counting principles.		4182H Honors Analysis II	U 5
Prereq: C- or better in 1131, 1151, 1161.xx, or 1181H; or credit for 132, 152.xx, 161.xx, 161.01H; or permission of department. Open only to majors in MIS (Management Information Systems). Not open to students with credit for 366.		4181H - 4182H is an enriched honors sequence introducing students to mathematical underpinnings of calculus.	
2415 Ordinary and Partial Differential Equations	U 3	Prereq: A grade of B- or above in 4181H, or permission of department. Not open to students with credit for 264H.	
Ordinary and partial differential equations: Fourier series, boundary and initial value problems.		4193 Individual Studies in Mathematics	U 1 - 3
Prereq: 2153, 2162.xx, 2173, 2182H, 4182H, 254.xx, 263.xx, 263.01H, or 264H; or 2568 and either 1172 or 1544 (154). Not open to students with credit for 2255 (255), 5520H (521H), 2174, or 415.xx.		Individual studies.	
2568 Linear Algebra	U 3	Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.	
Matrix algebra, vector spaces and linear maps, bases and dimension, eigenvalues and eigenvectors, applications.		4194 Group Studies in Mathematics	U 1 - 3
Prereq: A grade of C- or above in 1172, 1544, 2153, 2162.xx, 2182H, or 4182H; or a grade of C- or above in both 1152 and CSE 2321. Not open to students with credit for 4568 or 5520H.		Designed to give groups of able undergraduate students an opportunity to pursue special studies not otherwise offered.	
2568H Honors Linear Algebra	U 3	Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions.	
This course, an introduction to linear algebra, is aimed at math majors who want a rigorous background in finite-dimensional linear algebra and exposure to applications of modern relevance, including some practice in implementing ideas from this course on a computer.		4350 Quantitative Neuroscience	U 3
Prereq: A grade of C- or above in 2153, 2162.xx, 2182H, or 4182H; and permission of department. Not open to students with credit for 2568, 4568, or 5520H.		Introduction to mathematical modeling and computational analysis of neuronal systems, Hodgkin-Huxley model, dynamical systems methods, neuronal networks, models for neurological disease.	
		Prereq: 1152 (152) or 1157, or permission of instructor.	
		4407 Geometry for Teaching	U 2
		Algebra connections between school mathematics and undergraduate mathematics, focusing on the algebra in the Common Core State Standards for Mathematics.	
		Prereq: Enrollment in the M.Ed. program for secondary mathematics. Prereq or concur: 4507; or permission of instructor.	

292 Mathematics

4420	Capstone Course for Integrated Major in Mathematics and English	U	3	4570	Applied Algebraic Topology	U	3	
Students combine the Mathematics and English knowledge and skills they have acquired in the integrated major through a capstone experience.								
Prereq: Sr standing in Integrated Major in Mathematics and English (IMME) Program, or permission of instructor. Not open to students with credit for English 4420. Cross-listed in English.				This course will serve as an introduction to algebraic topology, with a view toward persistent homology of point clouds for applications to data analysis. Homology of simplicial complexes over a field with a focus on building up intuition about homology moving to a specialized notion of persistent homology of persistence modules. Real-world applications to data analysis will be provided.				
Prereq: A grade of C- or above in 2568 and 3345.								
4480	Algebra for Teaching	U	2	4573	Elementary Number Theory	U	3	
Algebra connections between school mathematics and undergraduate mathematics, focusing on the algebra in the Common Core State Standards for Mathematics.								
Prereq: Enrollment in the M.Ed. program for secondary mathematics. Prereq or concur: 4580; or permission of instructor.				Prime numbers, modular arithmetic, Diophantine equations, combinatorial analysis; introduction to concepts of abstract algebra.				
Prereq: A grade of C- or above in 3345 or 4181H, or credit for 264H or 345. Not open to students with credit for 5576H or 573.								
4504	History of Mathematics	U	3	4575	Combinatorial Mathematics	U	3	
Development of mathematics from primitive origins to present forms. Topics include development of arithmetic, algebra, geometry, trigonometry, and calculus.								
Prereq: A grade of C- or above in 2568, 4507, or 5520H, or credit for 568, 571, 507, 580, or 520H, and enrollment in Math major or Grad standing in EduTL; or permission of department. Not open to students with credit for 504.				Classic puzzles of recreational mathematics; matching theory and graph theory; enumeration techniques; combinatorial analysis.				
4507	Geometry	U	3	Prereq: C- or better in 2568 or 5520H; or credit for 568, 571, or 520H. Not open to students with credit for 575.				
Topics in Euclidean, spherical, and hyperbolic geometries.								
Prereq: A grade of C- or above in 3345, and in 2568 or 5520H; or credit for 345, and credit for 568, 571, or 520H. Not open to students with credit for 507.				4578				
4512	Partial Differential Equations for Science and Engineering	U	3	Discrete Mathematical Models	U	4		
Second order ordinary differential equations via Laplace transforms and series solutions; Fourier series; three archetypical partial differential equations; boundary value problems; Sturm-Liouville theory. Intended for Engineering students.								
Prereq: A grade of C- or above in 2153, 2162.xx, 2173, 2182H, or 4182H, or credit for 254.xx, 263.xx, 263.01H, or 264H. Not open to students with credit for 4557 (557) or 512.				Homogeneous and non-homogeneous difference equations of one or several variables, Markov chains, graph theory, network flows.				
4530	Probability	U	3	Prereq: Both a C- or better in 2568 or 5520H; and also a C- or better in 4530, 5530H or Stat 4201; or both credit for 568, 571, or 520H; and also credit for 530, 531H, or Stat 420. Not open to students with credit for 578.				
Combinatorial probability, random variables, independence, expectation, variance.								
Prereq: A grade of C- or above in 2153, 2162.xx, 2173, 2177, 2182H, or 4182H, or credit for 254.xx, 263.xx, 263.01H, or 264H. Not open to students with credit for 5530H (531H), 530, or Stat 4201 (420).				4580	Abstract Algebra I	U	3	
4545	Analysis Overview	U	4	Topics in number theory, group theory, vector spaces and linear transformation, field theory, and field extensions.				
Topics in calculus and analysis.				Prereq: A grade of C- or above in 3345, or credit for 345; and a grade of C- or above in 2568 or 5520H, or credit for 568, 571, or 520H. Not open to students with credit for 581 or 591H.				
Prereq: A grade or C- or above in 2153, 2162.xx, 2173, 2182H, or 4182H, or credit for 254, 263.xx, 263.01H, 264H, or equiv; and a grade of C- or above in 2568 or 5520H, or equiv; and Grad standing in Statistics or Biostatistics; and permission of department (Statistics or Biostatistics).				4581	Abstract Algebra II	U	3	
4547	Introductory Analysis I	U	3	Continuation of Math 4580: topics in number theory, group theory, vector spaces and linear transformations, field theory, and field extensions.				
4547 - 4548 involves advanced calculus: sequences, limits, continuity, differentiation, Riemann integral, sequences and series of functions, Taylor series, improper integrals.				Prereq: A grade of C- or above in 4580, or credit for 5590H or 581. Not open to students with credit for 582 or 592H.				
Prereq: C- or better in 3345; or credit for 345. Not open to students with credit for 548.				4990	Undergraduate Seminar in Mathematical Biology Research	U	1	
4548	Introductory Analysis II	U	3	Seminar on research in mathematical biology and its applications, with an emphasis on evolutionary biology, ecology, neuroscience, and cell biology.				
Continuation of Math 4547. Advanced calculus: sequences, limits, continuity, differentiation, Riemann integral, sequences and series of functions, Taylor series, improper integrals.				Prereq: Permission of instructor. Repeatable to a maximum of 3 cr hrs. This course is graded S/U. Cross-listed in EEOB 4990.				
Prereq: C- or better in 4547, or credit for 548. Not open to students with credit for 549.				4998	Undergraduate Research	U	1 - 3	
4551	Vector Analysis	U	3	Opportunity for undergraduate students to do mathematical research.				
Vector operations; Jacobian and change of variables; divergence, gradient, and curl; Green's, Stokes', and divergence theorems; applications.				Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.				
Prereq: C- or better in 2153, 2162.xx, 2173, or 2182H; or credit for 254.xx, 263.xx, or 263.01H. Not open to students with credit for 4182H (264H), 513, or 551.				4998H	Honors Undergraduate Research	U	1 - 3	
4552	Complex Analysis	U	3	Opportunity for honors undergraduate students to do mathematical research.				
Introduction to analytic functions of a complex variable, integral theorems, power series, residues, conformal mapping.				Prereq: Honors standing and permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.				
Prereq: A grade of C- or above in 2153, 2162.xx, 2173, 2182H, or 4182H, or credit for 254.xx, 263.xx, 263.01H, or 264H. Not open to students with credit for 5522H (522H), 514, or 552.				4999	Undergraduate Thesis	U	1 - 3	
4556	Dynamical Systems	U	3	Opportunity for undergraduate students to write a thesis.				
Systems of linear, first-order differential equations; existence and uniqueness theorems; numerical methods; qualitative theory; and physical applications.				Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.				
Prereq: A grade of C- or above in 2153, 2162.xx, 2173, 2182H, or 4182H, or credit for 254.xx, 263.xx, 263.01H, or 264H. Not open to students with credit for 556.				4999H	Honors Undergraduate Thesis	U	1 - 3	
4557	Partial Differential Equations	U	3	Opportunity for honors undergraduate students to write a thesis.				
First and second-order PDE's; existence and uniqueness, initial and boundary value problems, Fourier series; Green's functions; wave, heat and Laplace equations; nonlinear PDE's; applications.				Prereq: Honors standing and permission of department. Not open to students with credit for 783H. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.				
Prereq: C- or better in 2255, 2415, 4556, or 5520H; or credit for 255, 415.xx, or 521H. Intended for Math majors. Not open to students with credit for 4512 (512), or 557.				5001	Introduction to Set Theory	U G	3	
4568	Linear Algebra for Engineering Graduate Students	U	3	Axioms of set theory, transfinite induction and recursion, cardinal numbers, cardinal arithmetic, ordinal numbers, ordinal arithmetic, Axiom of Choice, equivalent principles, closed unbounded and stationary sets, infinitary combinatorics.				
Systems of linear equations, vector spaces, bases and dimension, linear maps and matrices, eigenvalues and eigenvectors, applications.				Prereq: 4547 (547), 4580 (580), Grad standing or permission of department. Not open to students with credit for 647 or 649.				
Prereq: A grade of C- or above in 1172, 2153, 2162.xx, 2182H, or 4182H, or credit for 254, 263.xx, 263.01H, or 264H, or equiv; and Grad standing. Not open to students with credit for 2568 (568), 5101 (601), 5520H (520H), or 572.				5051	Introduction to Mathematical Logic	U G	3	
Vector spaces; linear transformations; inner product spaces; eigenvalues and eigenvectors; Hermitian, unitary and normal matrices; quadratic forms; constraints; Rayleigh quotients; singular value decomposition; pseudo-inverse.								
Prereq: 2568 (568), 571, or grad standing. Not open to students with credit for 601.								

5102 Linear Mathematics in Infinite Dimensions	U G	3	5520H Honors Linear Algebra and Differential Equations	U G	5
Sturm-Liouville systems, Hilbert spaces, Fourier and wavelet theory, Green's functions, Helmholtz's equation, cylinder and spherical harmonic solutions, interior and exterior boundary value problems, method of steepest descent and stationary phase. Prereq: 5101 (602). Not open to students with credit for 603.02.			Linear transformations and matrices, spectral theorem, ordinary differential equations, existence and uniqueness theorems, phase space, stability, oscillations. Prereq: A grade of C or above in 4182H, or in both 2182H and 3345; or credit for 264H, or in both 263H and 345; or permission of department. Not open to students with credit for 520H and 521H.		
5111 Algebra I	U G	5	5522H Honors Complex Analysis	U G	5
Groups and homomorphisms, group actions and Sylow's theorems, direct and semidirect products, rings and homomorphisms, factorizations in rings, polynomial rings. Prereq: Grad standing, or permission of department. Not open to students with credit for 670.			Theoretical treatment of complex analysis. Prereq: A grade of C or above in 5520H, or credit for 521H, or permission of department. Not open to students with credit for 4552, 522H, 514, or 552		
5112 Algebra II	U G	5	5529H Honors Combinatorics	U G	5
Modules and vector spaces, modules over a principal ideal domain, applications to linear algebra, field theory, Galois theory. Prereq: 5111 (671) or 591H. Not open to students with credit for 672.			Combinatorial mathematics and its connections with geometry, algebra, analysis, and probability. Prereq: A grade of C or above in 4182H, or in both 2182H and 3345; or credit for 264H, or for both 263H and 345; or permission of department. Not open to students with credit for 594H taken in Au10.		
5152 Introduction to Number Theory with Applications	U G	3	5530H Honors Probability	U G	5
Divisibility, fundamental theorem of arithmetic, Fermat's theorem, congruences, Euler's formula, prime numbers, Euler's phi-function, counting primes, powers and roots mod m, quadratic reciprocity theorem, Diophantine approximation, Pell's theorem. Prereq: Both 5101 (602) and 4581 (582); or Grad standing. Not open to students with credit for 683.			Theoretical treatment of probability, with applications within and outside mathematics. Prereq: A grade of C or above in 5529H, or permission of department. Not open to students with credit for 531H or 594H in Au08 or Au07.		
5168 Introduction to the Finite Element Method	U G	3	5540H Honors Differential Geometry	U G	5
Basic concepts, formulation, and application of finite element techniques for numerical solution of problems of engineering and scientific interest. Prereq: 2568 (568) or CivilEn 2060 (406), and CSE 1221. Not open to students with credit for both CivilEn 768 and MechEng 7068. Cross-listed in MechEng and CivilEn.			Geometry of curves and surfaces in 3-dimensional space, curvature, geodesics, Gauss-Bonnet Theorem, Riemannian metrics. Prereq: A grade of C or above in 5520H, or in both 2182H and 2568; or credit for 520H, or in both 263.01H and 568; or permission of department. Not open to students with credit for 541H.		
5194 Group Studies in Mathematics	U G	1 - 9	5576H Honors Number Theory	U G	5
Designed to give groups of advanced undergraduate and beginning graduate students an opportunity to pursue special studies not otherwise offered. Prereq: Permission of department. Repeatable.			Elementary analytic and algebraic number theory, tracing its unifying role in the development of mathematics through history. *Au Sem (odd years). Prereq: A grade of C or above in 4182H, or in both 2182H and 3345; or credit for 264H, or for both 263H and 345; or permission of department. Not open to students with credit for 577H.		
5194H Honors Group Studies in Mathematics	U G	1 - 3	5590H Honors Abstract Algebra I	U G	5
Gives groups of honors undergraduate students an opportunity to pursue special studies not otherwise offered. Prereq: Permission of department. Repeatable to a maximum of 6 cr hrs or 2 completions.			5590H - 5591H includes elementary number theory, group theory, ring theory, abstract linear algebra, field theory, and Galois theory. Prereq: A grade of C or above in 5520H or in 520H, or permission of department. Not open to students with credit for 591H.		
5201 Introduction to Real Analysis I	U G	5	5591H Honors Abstract Algebra II	U G	5
Basic metric topology, sequences and series, continuous functions, differentiable functions of one variable, Riemann integration, uniform convergence, Fourier series. Prereq: Grad standing, or permission of department. Not open to students with credit for 651.			Continuation of 5590H: elementary number theory, group theory, ring theory, abstract linear algebra, field theory, and Galois theory. Prereq: A grade of C or above in 5590H or in 591H, or permission of department. Not open to students with credit for 592H.		
5202 Introduction to Real Analysis II	U G	5	5601 Essentials of Numerical Methods	U G	3
Continuation of Fourier series, differentiable functions of several variables, implicit function theorem and inverse function theorem, introduction to Lebesgue measure and Lebesgue integration, introduction to Hilbert spaces. Prereq: 5201 (652). Not open to students with credit for 653.			Systems of linear equations, linear least squares, eigenvalue problems, nonlinear equations and optimization, interpolation, numerical integration and differentiation, numerical solution for ODEs, IVPs and BVPs. Prereq: 4556 (556) and either 2568 (568) or 572. Not open to students with credit for 607.		
5221 Introduction to Complex Analysis	U G	3	5602 Computational Partial Differential Equations	U G	3
Calculus of functions of a complex variable, series expansion and singularities of complex analytic functions, Cauchy's integral theorem, maximum principle, harmonic functions, differentials and residue theory, Weierstrass theorem. Prereq: 4547 (548). Not open to students with credit for 5251 (654).			Parabolic PDEs: method of lines, stability and convergence; hyperbolic PDEs: shock capturing, flux limiters; elliptic PDEs: direct solvers and iterative methods. Prereq: Under semesters 5601 and either 4512 or 4557. Under quarters either 512 or 557; and 556; and either 568 or 572. Not open to students with credit for 606.		
5251 Complex Variables and Applications	U G	3	5603 Numerical Linear Algebra	U G	3
Complex numbers and complex differentiable functions, elementary analytic functions, complex integration, series, poles and residues, conformal mapping, applications of conformal mapping. Prereq: Both 2153.xx (254) and 4547 (548); or permission of department. Not open to students with credit for 4552 (552), 514, or 654.			Fundamentals of numerical linear algebra; solving square systems; QR factorization and least squares; calculation of eigenvalues; iterative methods for linear systems; iterative methods for eigenvalue problems. Prereq: Under semesters 2568 and one of 3607, 5601 or 5602. Under quarters either 568 or 571 and either 606 or 607.		
5401 Applied Differential Equations I	U G	3	5630 Life Contingencies I	U G	3
Existence and uniqueness, linear ODE systems, 2x2, phase plane analysis, conservative and reversible systems, bifurcation analysis, limit cycles, perturbation theory. Prereq: 2255 (255) and 2568 (568 or 572). Not open to students with credit for 615.			Introduction to the mathematical theory of contingencies. Includes material from examinations by the Society of Actuaries and the Casualty Actuarial Society. Prereq: A grade of C- or above in 3618, or credit for 618; and a grade of C- or above in 4530, 5530H, or Stat 4201, or credit for 530, 531H, or Stat 420; and enrollment in Actuarial Science major or the MMS program in Financial Math; or permission of department. Not open to students with credit for 631.		
5402 Applied Differential Equations II	U G	3	5631 Life Contingencies II	U G	3
Steady state, heat equation, wave equation, PDEs in two dimensions, the Dirichlet problem, nonlinear evolution equations, wave equations by method of characteristic curve. Prereq: 5401 (616). Not open to students with credit for 617.			Continuation of 5630: Mathematical Theory of Contingencies. Includes material from examinations by the Society of Actuaries and the Casualty Actuarial Society. Prereq: A grade of C- or above in 5630 (631). Open only to Actuarial Science majors, and to MMS students specializing in Financial Math.		
5421 Mathematics of Infectious Disease Dynamics	U G	3			
Provides an introduction to mathematical modeling of infectious diseases, including techniques for building and analyzing disease models, and discussions of calibration and comparison of models with data. This course is intended for graduate students in public health or other related disciplines and for upper level undergraduate and graduate mathematics students. Prereq: 1152, 1172, or 153; or permission of instructor. Cross-listed in PubHEpi.					
5451 Calculus of Variations and Tensor Calculus	U G	3			
Euler-Lagrange equations, Hamilton's Principle, Lagrangian mechanics, Hamiltonian dynamics, Hamilton-Jacobi integration theory of dynamical systems, direct methods, tensor calculus, curvature and geometry of continuum mechanics. Prereq: 2415.xx (415) and 2568 (568 or 572). Not open to students with credit for 701.					

294 Mathematics

5632 Financial Economics for Actuaries	U G 3	6111 Abstract Algebra I	G 5
Introduction to the evaluation of options, futures, and other derivatives, interest models and risk management techniques. Includes material from examinations by the Society of Actuaries and the Casualty Actuarial Society.		Group theory; series and actions of groups; complex representations of finite groups; ring theory; modules; UFDs and PIDs; polynomial and Noetherian rings.	
Prereq: A grade of C- or above in 3618, or credit for 618; and a grade of C- or above in 4530, 5530H, or Stat 4201, or credit for 530, 531H, or Stat 420; and enrollment in Math major or Actuarial Science major or Actuarial Science Pre-major, or Grad standing; or permission of department. Not open to students with credit for 632.		Prereq: 5112 (672), or Grad standing. Not open to students with credit for 770.	
5633 Loss Models I	U G 3	6112 Abstract Algebra II	G 5
Introduction to the construction and evaluation of actuarial models, with topics covered by examinations of the Society of Actuaries and the Casualty Actuarial Society.		Introduction to category theory; elementary homological algebra; field theory; finite Galois Theory; infinite Galois Theory; algebraic spaces.	
Prereq: Either a C- or better in Stat 4202 or credit for Stat 421; and either a C- or better in 4530, 5530H, or Stat 4201 or credit for 530, 531H, or Stat 420. Open only to actuarial science majors, and to MMS students specializing in Financial Math.		Prereq: 6111 (771). Not open to students with credit for 772.	
5634 Loss Models II	U G 3	6151 Commutative Algebra	G 3
Continuation of 5633: introduction to the construction and evaluation of actuarial models, with topics covered by examinations of the Society of Actuaries and the Casualty Actuarial Society.		Prime and primary ideals; rings and modules of fractions; integral dependence; chain conditions; valuation and Dedekind domains; completions; Dimension Theory.	
Prereq: C- or better in 5633. Open only to actuarial science majors, and to MMS students specializing in Financial Math.		Prereq: 6112 (772). Not open to students with credit for 978.	
5651 Mathematical Modeling of Biological Processes	U G 3	6152 Non-Commutative Algebra	G 3
Enzyme dynamics, predator-prey and competition model, spread of diseases, plant growth, cell cycle and cell differentiation, reaction-diffusion with advection, cancer models and cancer therapy, wound healing.		Semisimple modules and rings and the Wedderburn Structure Theorem; Jacobson Radical; central simple algebras and the Noether-Skolem Theorem; Brauer Group; primitive rings, Density Theorem.	
Prereq: Grad standing; or either 4512 (512) or 557, and 4556 (556), and either 2568 (568) or 572. Not open to students with credit for 865.		Prereq: 6112 (772). Not open to students with credit for 982.	
5660 Integrated Molecular and Cellular Biology for Non-Biologists	U G 5	6191 Internship in Mathematical Sciences	G 1 - 5
Overview of molecular and cellular biology of single cells, tissues, organisms and their interactions, including genetics and biochemistry of single cells.		Internship and practical experiences, designed primarily for Master level students in the mathematical sciences.	
Prereq: Bio 1101 (101) or permission of instructor. Not open to students with credit for any one of MolGen 5660 (660), 4500 (500), 4606 (606), 605, or 661. Cross-listed in MolGen 5660.		Prereq: Permission of department. This course is graded S/U.	
5702 Curves and Surfaces in Euclidean Three Space	U G 3	6193 Individual Studies in Mathematics	G 1 - 9
Parametrized curves, curvature of curves; Frenet frames, curves with prescribed curvatures, curves on hypersurfaces; principal, Gaussian, and mean curvatures; surfaces in \mathbb{R}^3 , triangulation and classification of surfaces, Gauss-Bonnet theorem.		Individual studies.	
Prereq: Grad standing or 2153.01 (254) and either 2568 (568) or 572. Not open to students with credit for 642.		Prereq: Permission of department. Repeatable. This course is graded S/U.	
5756 Mathematical Methods in Relativity Theory I	U G 3	6194 Group Studies in Mathematics	G 1 - 9
Special relativity as moving frames; tensors, exterior algebra and exterior calculus; differentiable manifolds and space time structures; parallel transport, torsion and curvatures, metric compatibility; structure equations of differential geometry.		Designed to give groups of PhD students an opportunity to pursue special studies not otherwise offered.	
Prereq: 2153.xx (254) and one of 2568 (568) or 5101 (601) or 572. Not open to students with credit for 665.		Prereq: Permission of department. Repeatable.	
5757 Mathematical Methods in Relativity Theory II	U G 3	6211 Real Analysis I	G 5
Gravitation via geometry; stress energy tensor, fluid dynamics; energy momentum conservation; Einstein's field equations, geodesic world lines via Hamilton-Jacobi theory; Schwarzschild spacetime; gauge invariant perturbation theory.		Measures; integration; introduction to normed linear spaces; introduction to L^p spaces; Fourier analysis; signed measures and differentiation.	
Prereq: 5756 (665). Not open to students with credit for 666.		Prereq: 5202 (653). Not open to students with credit for 750.	
5801 General Topology and Knot Theory	U G 3	6212 Real Analysis II	G 5
Topological spaces; continuous maps and metric spaces; connectedness, compactness, countability axioms; metrization, compactification, and convergence; combinatorial, geometric, and algebraic techniques in knot theory; invariants of knots.		Elements of functional analysis; properties and relations of L^p spaces and Fourier analysis; elements of the theory of distributions; selected applications.	
Prereq: Grad standing; or 4547 (547) and either 2568 (568) or 572. Not open to students with credit for 640.		Prereq: 6211 (751). Not open to students with credit for 752.	
6001 Advanced Mathematical Logic I: Proof Theory	G 3	6221 Complex Analysis I	G 3
Logical calculi; cut elimination and Herbrand's theorem; ordinal analysis; ordinal analysis of theories of sets; constructive and intuitionistic logics; realizability; proof mining.		Basic Cauchy theory; harmonic functions; Riemann mapping theorem, conformal maps; analytic continuation; applications of residue calculus; counting theorems for entire and meromorphic functions.	
Prereq: 5051 (649), or permission of department. Not open to students with credit for 747.		Prereq: 5202 (653). Not open to students with credit for 753.	
6002 Advanced Mathematical Logic II: Model Theory	G 3	6222 Complex Analysis II	G 3
Construction of models, compactness, Lowenheim-Skolem theorems, unions of elementary chains, omitting types; categoricity; saturation; model completeness, quantifier elimination; ultraproducts; definability.		Approximation theorems; applications to Fourier analysis and number theory; Jensen and Weierstrass Theorems; Basic SCV: Cauchy-Riemann equations in several variables; pseudoconvexity and extension phenomena; d-bar methods.	
Prereq: 5051 (649) or permission of department. Not open to students with credit for 747.		Prereq: 6221.	
6003 Advanced Mathematical Logic III: Set Theory	G 3	6251 Theory of Probability I	G 4
Axioms of set theory; ordinal and cardinal numbers; transitive models of ZFC; the constructible universe L and HOD; forcing; large cardinals; descriptive set theory.		Review of measures and integration; independence for events and for random variables; covariance and correlation for random variables; weak and strong laws of large numbers; Borel-Cantelli lemmas; Central Limit Theorems.	
Prereq: 5051 (649) or permission of department. Not open to students with credit for 747.		Prereq: 5202 (653). Not open to students with credit for 722.	
6004 Advanced Mathematical Logic IV: Computability Theory	G 3	6252 Theory of Probability II	G 4
Relative recursion; Turing reducibility, structure of Turing degrees; structure of the recursively enumerable degrees and priority arguments; recursion in higher types; generalized recursion; Borel and projective sets; determinacy.		Central limit theorems; Poisson processes; random walks, Markov chains; martingales; Brownian motion; stochastic processes.	
Prereq: 5051 (649) or permission of department. Not open to students with credit for 747.		Prereq: 6251 (723). Not open to students with credit for 724.	
6411 Ordinary Differential Equations I	G 3	6411 Ordinary Differential Equations I	G 3
Existence, uniqueness and smooth dependence; linear systems; periodic and homoclinic orbits; stability, hyperbolicity; stable, unstable, and center invariant manifolds; bifurcations of equilibria and periodic orbits; chaos, strange attractors.		Existence, uniqueness and smooth dependence; linear systems; periodic and homoclinic orbits; stability, hyperbolicity; stable, unstable, and center invariant manifolds; bifurcations of equilibria and periodic orbits; chaos, strange attractors.	
Prereq: Both 5202 and either 2568 (568) or 572. Not open to students with credit for Math 715.		Prereq: Both 5202 and either 2568 (568) or 572. Not open to students with credit for Math 715.	
6451 Partial Differential Equations I	G 3	6451 Partial Differential Equations I	G 3
Second order linear equations; first order equations: conservation laws, Hamilton-Jacobi equations; Fourier and Laplace transform method, Hopf-Cole and Legendre transform, singular perturbation method; Cauchy-Kovalevskaya Theorem.		Second order linear equations; first order equations: conservation laws, Hamilton-Jacobi equations; Fourier and Laplace transform method, Hopf-Cole and Legendre transform, singular perturbation method; Cauchy-Kovalevskaya Theorem.	
Prereq: 6411 (715). Not open to students with credit for 717.		Prereq: 6411 (715). Not open to students with credit for 717.	
6501 Combinatorics and Graph Theory I	G 3	6501 Combinatorics and Graph Theory I	G 3
Enumerative combinatorics: factorials, binomials and multinomials, Stirling approximation, recursion and generating functions, Catalan numbers. Graph theory: Kuratowski's theorem, graph coloring, Ramsey theory, matrix-tree theorem, expander graphs.		Enumerative combinatorics: factorials, binomials and multinomials, Stirling approximation, recursion and generating functions, Catalan numbers. Graph theory: Kuratowski's theorem, graph coloring, Ramsey theory, matrix-tree theorem, expander graphs.	
Prereq: Grad standing in Math; or 4581 and 2568; or permission of instructor.		Prereq: Grad standing in Math; or 4581 and 2568; or permission of instructor.	

6502 Combinatorics and Graph Theory II	G	3
Ramsey theory, extremal graph theory. First moment method, second moment method, alterations. Concentration inequalities. Lovasz local lemma. Martingale methods. Correlation inequalities. Phase transitions. Random trees, random planar maps.		
Prereq: 6501 or permission of instructor.		
6601 Numerical Methods in Scientific Computing I	G	4
What is scientific computing; the evaluation of functions; solving linear systems using Gaussian elimination; finding zeroes and minima of nonlinear equations; bifurcation studies. Prereq: 2415.xx and 2568; or 255 or 415, and 568 or 572. Not open to students with credit for 707.		
6602 Numerical Methods in Scientific Computing II	G	4
Interpolation and approximation theory; numerical differentiation and integration; time evolution ODEs; boundary value ODEs; eigenvalues, including Krylov subspace methods; solving linear systems using iterative methods.		
Prereq: 6601 (708). Not open to students with credit for 709.		
6701 Differentiable Manifolds	G	3
Differentiable manifolds; vector bundles, existence theorem for ODE, flows, sprays; vector fields, differential operators, Lie and exterior derivatives; Poincare Lemma, Darboux's Theorem; Frobenius's Theorem, Lie groups; de Rham cohomology.		
Prereq: Grad standing or all of 5201 (652), and either 2568 (568) or 572, and 2153.01 (254). Not open to students with credit for 765.		
6702 Differential Geometry	G	3
Riemannian manifolds, distance, volume; covariant derivatives, Levi-Civita connection; geodesics, curvatures: sectional, Ricci, scalar; Jacobi fields, conjugate points; Rauch comparison, Hopf-Rinow, Hadamard, Preissman's and Berger's Sphere Theorems.		
Prereq: 6701 (765). Not open to students with credit for 766.		
6801 Algebraic Topology I	G	3
Simplicial and CW- complexes, operations on spaces; homotopy and homeomorphism type; fundamental group, Seifert Van-Kampen Theorem; classification of covering spaces; singular and simplicial homology, chain maps, homotopy invariance, functoriality.		
Prereq: Grad standing or both 5801 (640) and 5111 (670). Not open to students with credit for 756.		
6802 Algebraic Topology II	G	3
Homology of pairs, excision, axioms; Mayer-Vietoris, cellular homology; cohomology groups, Ext and Tor functors, universal coefficients; Künneth Theorem; Orientation on manifolds; fundamental class; Poincare, Alexander, and Lefschetz duality.		
Prereq: 6801 (756). Not open to students with credit for 758.		
6998 Graduate Research	G	1 - 16
Graduate research, primarily for Masters and beginning PhD students participating in research projects other than their thesis work.		
Prereq: Permission of department. Repeatable. This course is graded S/U.		
6999 Graduate Thesis Research	G	1 - 16
Graduate research, primarily for students working on their master theses.		
Prereq: Permission of department. Repeatable. This course is graded S/U.		
7121.01 Algebraic Number Theory	G	3
Algebraic integers, Dedekind domains, ideal class group; Galois theory of prime ideals, Frobenius automorphisms; geometry of numbers; cyclotomic fields, class field theory over \mathbb{Q} ; quadratic fields; local fields; ideles and adeles.		
Prereq: 6112. Not open to students with credit for 7121.02.		
7121.02 Algebraic Number Theory	G	3
Algebraic integers, Dedekind domains, ideal class group; Galois theory of prime ideals, Frobenius automorphisms; geometry of numbers; cyclotomic fields, class field theory over \mathbb{Q} ; quadratic fields; local fields; ideles and adeles.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7122.01 Analytic Number Theory	G	3
Properties and examples of L-functions; primes in arithmetic progression; Riemann-Weil formula; non-vanishing theorem; analysis of L-functions on the critical line; principle of large sieve; Brauer-Siegel theorem, Ikehara-Tauberian theorem.		
Prereq: 7121.01 and 6222. Not open to students with credit for 7122.02.		
7122.02 Analytic Number Theory	G	3
Properties and examples of L-functions; primes in arithmetic progression; Riemann-Weil formula; non-vanishing theorem; analysis of L-functions on the critical line; principle of large sieve; Brauer-Siegel theorem, Ikehara-Tauberian theorem. This course section is open only to mathematics postcandidacy students.		
Prereq: Permission of instructor. This course is graded S/U.		
7141.01 Algebraic Geometry I	G	3
Affine and quasi-projective varieties; morphisms and rational maps; nonsingular varieties; sheaves and schemes; first properties of schemes; separated and proper maps of schemes.		
Prereq: 6112 and 6151. Not open to students with credit for 7141.02.		
7141.02 Algebraic Geometry I	G	3
Affine and quasi-projective varieties; morphisms and rational maps; nonsingular varieties; sheaves and schemes; first properties of schemes; separated and proper maps of schemes.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7142.01 Algebraic Geometry II	G	3
Sheaves of Modules, quasi-coherent and coherent sheaves; divisors, projective morphism; sheaf of differentials; derived functors and sheaf cohomology; coherent sheaf cohomology of schemes; Serre's Duality, higher direct images, flat and smooth maps.		
Prereq: 7141.01. Not open to students with credit for 7142.02.		
7142.02 Algebraic Geometry II	G	3
Sheaves of Modules, quasi-coherent and coherent sheaves; divisors, projective morphism; sheaf of differentials; derived functors and sheaf cohomology; coherent sheaf cohomology of schemes; Serre's Duality, higher direct images, flat and smooth maps.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7161.01 Lie Algebras	G	3
Nilpotent and solvable Lie algebras; structure and classification of simple Lie algebras; Levi-Malcev decomposition; root systems; Dynkin diagrams; introduction to representation of complex semi-simple Lie algebras; universal enveloping algebra.		
Prereq: 6111, or instructor permission.		
7161.02 Lie Algebras	G	3
Nilpotent and solvable Lie algebras; structure and classification of simple Lie algebras; Levi-Malcev decomposition; root systems; Dynkin diagrams; introduction to representation of complex semi-simple Lie algebras; universal enveloping algebra.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7162.01 Lie Groups and Representation Theory	G	3
Basic group theory constructions; passage between a Lie group and its Lie algebra; homogeneous spaces; maximal tori; unitary trick and complete reducibility; classification of irreducible unitary representations; Cartan-Weyl theory.		
Prereq: 7161.01 and 6701. Not open to students with credit for 7162.02.		
7162.02 Lie Groups and Representation Theory	G	3
Basic group theory constructions; passage between a Lie group and its Lie algebra; homogeneous spaces; maximal tori; unitary trick and complete reducibility; classification of irreducible unitary representations; Cartan-Weyl theory. This course section is open only to mathematics postcandidacy students.		
Prereq: Permission of instructor. This course is graded S/U.		
7193 Individual Studies in Mathematics	G	1 - 9
Individual studies.		
Prereq: Permission of department. Repeatable. This course is graded S/U.		
7194 Group Studies in Mathematics	G	1 - 9
Designed to give groups of advanced PhD students an opportunity to pursue special studies not otherwise offered.		
Prereq: Permission of department. Repeatable.		
7211.01 Functional Analysis I	G	3
Linear spaces and linear maps; Hahn-Banach theorem and its applications; normed linear spaces and their duals; Hilbert spaces and applications; weak and weak* topologies; Choquet theorems; bounded linear maps.		
Prereq: 6212. Not open to students with credit for 7211.02.		
7211.02 Functional Analysis I	G	3
Linear spaces and linear maps; Hahn-Banach theorem and its applications; normed linear spaces and their duals; Hilbert spaces and applications; weak and weak* topologies; Choquet theorems; bounded linear maps.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7212.01 Functional Analysis II	G	3
Banach algebras, elementary spectral theory; Gelfand's theory of commutative Banach algebras; examples of families of operators; spectral theory of normal, unitary, self-adjoint operators; semigroups of operators; distributions; applications.		
Prereq: 7211.01. Not open to students with credit for 7212.02.		
7212.02 Functional Analysis II	G	3
Banach algebras, elementary spectral theory; Gelfand's theory of commutative Banach algebras; examples of families of operators; spectral theory of normal, unitary, self-adjoint operators; semigroups of operators; distributions; applications.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7221.01 Ergodic Theory I	G	3
Measure preserving transformations; isomorphism, conjugacy, spectral isomorphism; measure preserving systems with discrete spectrum; hierarchy of mixing properties; invariant measures for continuous transformations; topological and symbolic dynamics.		
Prereq: 6211. Not open to students with credit for 7221.02.		
7221.02 Ergodic Theory I	G	3
Measure preserving transformations; isomorphism, conjugacy, spectral isomorphism; measure preserving systems with discrete spectrum; hierarchy of mixing properties; invariant measures for continuous transformations; topological and symbolic dynamics.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7222.01 Ergodic Theory II	G	3
Entropy; topological entropy; flows on homogeneous spaces; structure theory of measure preserving systems; applications to combinatorics and number theory.		
Prereq: 7221.01. Not open to students with credit for 7222.02.		

296 Mathematics

7222.02 Ergodic Theory II	G	3	7711.01 Riemannian Geometry	G	3
Entropy; topological entropy; flows on homogeneous spaces; structure theory of measure preserving systems; applications to combinatorics and number theory. This course section is open only to mathematics postcandidacy students.			Basic concepts of (pseudo) Riemannian geometry, such as curvature and Ricci tensors, Riemannian distance, geodesics, the Laplacian, and proofs of some fundamental results, including the Frobenius and Lie-subgroup theorems, the local structure of constant-curvature metrics, characterization of conformal flatness, the Hopf-Rinow, Myers, Lichnerowicz and Singer-Thorpe theorems.		
Prereq: Permission of instructor. This course is graded S/U.			Prereq: 6702. Not open to students with credit for 7711.02.		
7412.01 Ordinary Differential Equations II	G	3	7711.02 Riemannian Geometry	G	3
Topological equivalence of nonlinear systems; normal forms of Poincare-Dulac-Birkhoff; classification of vector fields near critical points; local bifurcation theory; topological dynamics; limit sets; flows on the torus.			Basic concepts of (pseudo) Riemannian geometry, such as curvature and Ricci tensors, Riemannian distance, geodesics, the Laplacian, and proofs of some fundamental results, including the Frobenius and Lie-subgroup theorems, the local structure of constant-curvature metrics, characterization of conformal flatness, the Hopf-Rinow, Myers, Lichnerowicz and Singer-Thorpe theorems.		
Prereq: 6451. Not open to students with credit for 7412.02.			Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7412.02 Ordinary Differential Equations II	G	3	7721.01 Kahler Geometry	G	3
Topological equivalence of nonlinear systems; normal forms of Poincare-Dulac-Birkhoff; classification of vector fields near critical points; local bifurcation theory; topological dynamics; limit sets; flows on the torus.			Basic concepts of Kahler geometry, such as the Kahler and Ricci forms, positivity/negativity in cohomology, Kahler-Einstein metrics, and proofs of some fundamental results, including the d-bar lemma, Calabi's uniqueness theorems, Matsushima's reductivity theorem for Kahler-Einstein manifolds, and Futaki's isomorphism theorem.		
Prereq: Post-candidacy standing in Math, and permission of instructor. This course is graded S/U.			Prereq: 6701 and 6221. Not open to students with credit for 7721.02.		
7413 Ordinary Differential Equations III	G	3	7721.02 Kahler Geometry	G	3
Structural stability; singularity theory of Thom and Arnol'd; versal deformations; global deformations at separatrix cycle; Anosov diffeomorphisms; Axiom A; symbolic dynamics.			Basic concepts of Kahler geometry, such as the Kahler and Ricci forms, positivity/negativity in cohomology, Kahler-Einstein metrics, and proofs of some fundamental results, including the d-bar lemma, Calabi's uniqueness theorems, Matsushima's reductivity theorem for Kahler-Einstein manifolds, and Futaki's isomorphism theorem.		
Prereq: 7412 (821). Not open to students with credit for 822.			Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7452.01 Partial Differential Equations II	G	3	7811.01 Homotopy Theory	G	3
Sobolev spaces, Sobolev inequalities and embedding theorems; Lax-Milgram theorem, Fredholm alternatives, weak compactness; linear elliptic equations: existence, regularity, maximum principles; hyperbolic equations; first order hyperbolic systems.			Homotopy groups, Whitehead's theorem, CW approximation; homotopy excision, Hurewicz theorem; fibrations, mapping path and loop spaces; fibre bundles, sphere bundles over spheres; obstruction theory, relation to cohomology; Postnikov towers.		
Prereq: 6451 and 6212. Not open to students with credit for 7452.02.			Prereq: 6802. Not open to students with credit for 7811.02.		
7452.02 Partial Differential Equations II	G	3	7811.02 Homotopy Theory	G	3
Sobolev spaces, Sobolev inequalities and embedding theorems; Lax-Milgram theorem, Fredholm alternatives, weak compactness; linear elliptic equations: existence, regularity, maximum principles; hyperbolic equations; first order hyperbolic systems.			Homotopy groups, Whitehead's theorem, CW approximation; homotopy excision, Hurewicz theorem; fibrations, mapping path and loop spaces; fibre bundles, sphere bundles over spheres; obstruction theory, relation to cohomology; Postnikov towers.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.			Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7453.01 Partial Differential Equations III	G	3	7851.01 Differential Topology I	G	3
Harnack inequalities, De Giorgi-Nash-Moser theory; calculus of variations; monotonicity and sub-super solution methods, Pohozaev identity; hyperbolic conservation laws; quasilinear elliptic and parabolic equations; Schauder theory; strong solutions.			Whitney Immersion and Embedding Theorems, transverse functions, jet-bundles, Thom transversality; classification of vector bundles, collars, tubular neighborhoods, intersection theory; Morse functions and lemma; surgery, Smale cancellation.		
Prereq: 7452.01. Not open to students with credit for 7453.02.			Prereq: 6701 and 6801. Not open to students with credit for 7851.02.		
7453.02 Partial Differential Equations III	G	3	7851.02 Differential Topology I	G	3
Harnack inequalities, De Giorgi-Nash-Moser theory; calculus of variations; monotonicity and sub-super solution methods, Pohozaev identity; hyperbolic conservation laws; quasilinear elliptic and parabolic equations; Schauder theory; strong solutions.			Whitney Immersion and Embedding Theorems, transverse functions, jet-bundles, Thom transversality; classification of vector bundles, collars, tubular neighborhoods, intersection theory; Morse functions and lemma; surgery, Smale cancellation.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.			Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7611 Computational Partial Differential Equations I	G	3	7852.01 Differential Topology II	G	3
Numerical methods for boundary value problems (BVP); extension to separable elliptic PDEs, fast solvers; irregular domains, variable coefficients; iterative methods; diffusion equations; error analysis; variable coefficients in nonlinear problems.			DeRahm and Cech cohomology; deRahm Theorem; Grassmannians; Stiefel-Whitney, Euler, Chern, and Pontryagin classes; Gysin sequence, Thom isomorphism; characteristic numbers, multiplicative sequences, Hirzebruch signature theorem; Chern-Weil Theory.		
Prereq: 6602 (709). Not open to students with credit for 807.			Prereq: 6702 and 6802 and 7851.01. Not open to students with credit for 7852.02.		
7612 Computational Partial Differential Equations II	G	3	7852.02 Differential Topology II	G	3
Linear hyperbolic equations, finite difference methods; quasi-linear and non-linear equations with shock formation, Lax-Wendroff theorem; flux-limiters, WENO methods; multi-dimensional problems; transport equations; adaptive grids, grid generation.			DeRahm and Cech cohomology; deRahm Theorem; Grassmannians; Stiefel-Whitney, Euler, Chern, and Pontryagin classes; Gysin sequence, Thom isomorphism; characteristic numbers, multiplicative sequences, Hirzebruch signature theorem; Chern-Weil Theory.		
Prereq: 7611 (808). Not open to students with credit for 809.			Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.		
7651.01 Applied Complex Variables and Asymptotics I	G	3	7998 Graduate Research	G	1 - 16
Contour integration, conformal mapping; asymptotics of integrals; asymptotic properties of Laplace and Fourier transforms; Riemann-Hilbert problems, applications to singular integral equations; introduction to the theory of elliptic functions.			Graduate Research, primarily for intermediate PhD students participating in research projects other than their thesis work.		
Prereq: 5251 and 5201 and 6451. Not open to students with credit for 7651.02.			Prereq: Permission of the department. Repeatable. This course is graded S/U.		
7651.02 Applied Complex Variables and Asymptotics I	G	3	8000 Topics in Foundations of Mathematics	G	3
Contour integration, conformal mapping; asymptotics of integrals; asymptotic properties of Laplace and Fourier transforms; Riemann-Hilbert problems, applications to singular integral equations; introduction to the theory of elliptic functions.			Special topics in foundations of mathematics chosen by the instructor.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.			Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7652.01 Applied Complex Variables and Asymptotics II	G	3	8110 Topics in Algebra	G	3
Asymptotic expansions; Watson's and Borel-Ritt lemma, stationary phase, steepest descent methods; contractive mapping methods; WKB and boundary layer methods; analyzable functions, transseries; Borel transform; Borel summability of solutions.			Special topics in algebra chosen by the instructor.		
Prereq: 7651.01. Not open to students with credit for 7652.02.			Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7652.02 Applied Complex Variables and Asymptotics II	G	3	8120 Topics in Number Theory	G	3
Asymptotic expansions; Watson's and Borel-Ritt lemma, stationary phase, steepest descent methods; contractive mapping methods; WKB and boundary layer methods; analyzable functions, transseries; Borel transform; Borel summability of solutions.			Special topics in number theory chosen by the instructor.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.			Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.		
7652.02 Applied Complex Variables and Asymptotics II	G	3	8140 Topics in Algebraic Geometry	G	3
Asymptotic expansions; Watson's and Borel-Ritt lemma, stationary phase, steepest descent methods; contractive mapping methods; WKB and boundary layer methods; analyzable functions, transseries; Borel transform; Borel summability of solutions.			Special topics in algebraic geometry chosen by the instructor.		
Prereq: Post-candidacy in Math, and permission of instructor. This course is graded S/U.			Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.		

8160 Topics in Representation Theory	G	3	3210 Food Animal Processing	U	3
Special topics in representation theory chosen by the instructor.			Hands-on application of the procedures involved with food animal harvest, inspection, carcass fabrication and merchandising retail products.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq or concur: 3110 or AnimSci 3110. Not open to students with credit for AnimSci 355.02.		
8210 Topics in Real Analysis	G	3	3310 Meat Animal and Carcass Evaluation	U	3
Special topics in real analysis chosen by the instructor.			Evaluating the factors that influence the value of meat animals and their resulting carcasses, wholesale and retail cuts in accordance with recognized grading standards; laboratory practice.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: Not open to students with credit for AnimSci 305.		
8220 Topics in Complex Analysis	G	3	3488 Professional Development in Meat Science	U	1 - 2
Special topics in complex analysis chosen by the instructor.			Participation in structured co-curricular programs leading to professional development.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: CPHR 2.0 or above, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
8250 Topics in Probability Theory	G	3	4193 Individual Studies	U	1 - 3
Special topics in probability theory chosen by the instructor.			Special assignments and advanced research; problems assigned after consultation with the instructor in charge.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: CPHR 2.5 or above, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
8300 Topics in Financial Mathematics	G	3	4194 Group Studies	U	1 - 3
Special topics in financial mathematics chosen by the instructor.			Special topics area group studies finally proposed for a specific semester by an animal science faculty member.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
8410 Topics in Ordinary Differential Equations	G	3	4510 Processed Meats	U	3
Special topics in ordinary differential equations chosen by the instructor.			Exploring fundamental changes in soft animal tissues resulting from comminution and application of non-meat ingredients and a variety of cooking methodologies to enhance palatability and value.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq or concur: 3110, AnimSci 3110, or FdScTe 2400. Not open to students with credit for AnimSci 555.02.		
8420 Topics in Partial Differential Equations	G	3	4999 Research with Distinction	U	1 - 5
Special topics in partial differential equations chosen by the instructor.			Conducting and reporting research with Distinction. Students are expected to present at the CFAES Undergraduate Research Forum and the Denman University Undergraduate Research Forum.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: CPHR 3.0 overall, GPA 3.0 or above in major, and permission of project supervisor. Not open to students with credit for 683H. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.		
8500 Topics in Combinatorics	G	3	4999H Honors Research with Distinction	U	1 - 5
Special topics in combinatorics chosen by the instructor.			Conducting and reporting honors research with distinction. Students are expected to present at the CFAES Undergraduate Research Forum and the Denman University Undergraduate Research Forum.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: Honors standing, FAES 4590.01H (590H), CPHR 3.4 or above, major GPA 3.4 or above, and permission of instructor. Not open to students with credit for 683H. Repeatable to a maximum of 6 cr hrs or 3 completions. This course is graded S/U.		
8610 Topics in Applied Mathematics	G	3	5310 Auditing Processing Facilities	U G	2
Special topics in applied mathematics chosen by the instructor.			Auditing programs and processes used in the food animal processing industry.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: 3110 (AnimSci 355.01).		
8650 Topics in Mathematical Biology	G	3	5410 Meat Industry Tour	U G	2
Special topics in mathematical biology chosen by the instructor.			Exploration of meat processing facilities.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: 3110 (AnimSci 355.01).		
8710 Topics in Differential Geometry	G	3	5510 Advanced Meat Science	U G	3
Special topics in differential geometry chosen by the instructor.			Exploration of the antemortem and postmortem biochemical principles in skeletal muscle underlying protein functionality and resulting meat quality.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: 3110 or AnimSci 3110. Not open to students with credit for AnimSci 605.		
8750 Topics in Lie Theory	G	3	5810 Branded Meat Products	U G	4
Special topics in Lie theory chosen by the instructor.			Integration of multiple factors influencing value-added product development including: raw material quality and procurement, processing, packaging, distribution, and complexity of market development and current consumer trends in niche marketing.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: 3110 or AnimSci 3110, and completion of a second writing course. Not open to students with credit for AnimSci 5810 or 555.03. Cross-listed in AnimSci.		
8800 Topics in Topology	G	3	6510 Advanced Meat Technology	G	3
Special topics in topology chosen by the instructor.			In depth exploration and analysis of the processes influencing the palatability, wholesomeness and value of muscle foods.		
Prereq: Permission of department. Repeatable to a maximum of 15 cr hrs or 5 completions.			Prereq: 5510 (AnimSci 605), or Grad standing. Not open to students with credit for AnimSci 650.		
8998 Graduate Research	G	1 - 16			
Graduate research, primarily for advanced PhD students participating in research projects other than their thesis work.					
Prereq: Permission of department. Repeatable to a maximum of 20 completions. This course is graded S/U.					
8999 Dissertation Research	G	1 - 16			
Graduate research for students working on their PhD dissertation.					
Prereq: Permission of department. Repeatable. This course is graded S/U.					

Meat Science

1100 Exploring Meat Sciences	U	½	2010 Statics	U	2
Basic understanding of departmental degrees and academic opportunities for undergraduate development.			Vector concepts of static equilibrium for isolated and connected bodies, centroids, inertia, truss, frame and machine analysis, and friction.		
Cross-listed in AnimSci.			Prereq: Engr 1181 or 1187 or 1281H, and Physics 1250 or 1260, and Math 1151 or 1161. Not open to students with credit for 2010H or 2040.		
2010 Bar-B-Que Science	U	2			
Investigating methods to prepare various meat products. Students will gain experience in matching proper cooking methods with different muscles to produce wholesome and palatable products. Students will be introduced to product sensory techniques.					
3110 Introductory Meat Science	U	3			
Analysis of the principles of meat science as related to meat animal value factors, processing technology, and merchandising systems affecting the producer, processor, and consumer.					
Prereq: Biology 1101 or 1113. Not open to students with credit for AnimSci 3110. Cross-listed in AnimSci.					
3191 Internship in Meat Science	U	2			
Supervised preplanned employment experience and/or on-site problem solving study program.					
Prereq: 12 cr hrs in MeatSci and/or AnimSci, and permission of academic advisor. This course is graded S/U. Cross-listed in AnimSci.					

Mechanical Engineering

298 Mechanical Engineering

2010H	Statics	U	2	3501	Introduction to Engineering Thermodynamics	U	3
	Vector concepts of static equilibrium for isolated and connected bodies, centroids, inertia, truss, frame and machine analysis, friction and virtual work.				Principles of engineering thermodynamics from the classical perspective, including first and second laws of thermodynamics, with selected applications.		
	Prereq: Honors standing, and Engr 1181 or 1187 or 1281H, and Math 1151 or 1161. Prereq or concur: Physics 1250 or 1260. Not open to students with credit for 2040.				Prereq: 2850 (250), and 2900, and Chem 1250 (121), 1220, or 131; and enrollment as MechEng-BS student; or permission of instructor. Not open to students with credit for 3502, 501, or 502, or to MechEng pre-majors.		
2020	Introduction to Mechanics of Materials	U	3	3503	Introduction to Fluid Mechanics	U	3
	Stress and strain analysis of deformable structural components subjected to unidirectional and combined loads; pressure vessels; stress transformations (Mohr's Circle); beam deflections; column buckling.				A study of the basic concepts, fundamental equations, and applications of fluid mechanics to engineering problems.		
	Prereq: 2010 (410) or 2010H (210H). Not open to students with credit for 2040 (420).				Prereq: 2850 (250), and 3501 (501) or 3502, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor. Not open to students with credit for 503 or 504.		
2030	Dynamics	U	3	3670	Design and Analysis of Machine Elements I	U	2
	Dynamics of particles and rigid bodies; linear and angular motion; work and energy; and single degree of freedom vibration analysis.				Design of mechanisms. Application of general mechanical engineering principles to the design and analysis of mechanical components.		
	Prereq: 2010 (410) or 2010H (210H) or 2040. Not open to students with credit for 430.				Prereq: 2020 (420) and 2030 (430) and 2900 and 2850 (250), and enrollment as MechEng-BS student; or permission of instructor. Not open to students with credit for 553 or 561 or to MechEng pre-majors.		
2040	Statics and Introduction to Mechanics of Materials	U	4	3671	Design and Analysis of Machine Elements II	U	3
	Vector concepts of static equilibrium, truss, frame and machine analysis. Stress and strain analysis of deformable structural components; stress transformations; beam deflections; column buckling.				Continuation of 3670 and 3571.		
	Prereq: Engr 1181 (Engineer 181) or 1187 (187) or 1281H (192H), and Physics 1250 (131) or 1260, and Math 1152 (152) or 1161 (161) or 1172 or 1181H. Not open to students with credit for 2040 (420).				Prereq: 3670 or 3676, and 3751, and enrollment as MechEng-BS student; or permission of instructor. Not open to students with credit for 563, or to MechEng pre-majors.		
2193	Individual Studies in Mechanical Engineering	U	1 - 5	3751	Kinematics and Mechanism Design	U	2
	Designed to give the advanced student opportunity to pursue special studies not otherwise offered.				This course is intended to help students develop an intuitive understanding of the design concepts for machinery and mechanisms. Topics covered are: kinematic joints, mobility analysis, kinematic synthesis of planar linkages, computer-aided design of mechanisms, kinematic analysis, Cam motion program synthesis, and cam profile design.		
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 15 completions. This course is graded S/U.				Prereq: 2030 and 2900, or permission of instructor. Not open to students with credit for 3670 (Au17 or before), 3553, or 553.		
2194	Group Studies in Mechanical Engineering	U	1 - 5	3870	Introduction to Measurements and Data Analysis in Mechanical Engineering	U	3
	Special topics in Mechanical Engineering. The particular topic, credit hours, and the instructor will be announced the semester previous to the one in which the course is offered.				Foundation in experimental measurement and data analysis in mechanical engineering; team planning and execution of experiments; technical report writing.		
	Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.				Prereq: Stat 3450 or equiv, and 3260 (482) or 3261, and a second writing course, and enrollment in Mechanical Engineering major; or permission of instructor. Prereq or concur: 3503 (504) or 3504. Not open to students with credit for 570.		
2194H	Group Studies in Mechanical Engineering	U	1 - 5	4193	Individual Studies in Mechanical Engineering	U	1 - 5
	Special topics in mechanical engineering. The particular topic, credit hours, and the instructor will be announced the semester previous to the one in which the course is offered.				Designed to give the advanced student opportunity to pursue special studies not otherwise offered.		
	Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.				Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 15 completions. This course is graded S/U.		
2850.01	Numerical Methods in Mechanical Engineering	U	3	4194	Group Studies in Mechanical Engineering	U	1 - 5
	Numerical solutions of nonlinear equations, systems of linear equations, interpolation, curve-fitting, ordinary differential equations.				Special topics in mechanical engineering. The particular topic, credit hours, and the instructor will be announced the semester previous to the one in which the course is offered.		
	Prereq: Enrollment as MechEng-BS student (No ME pre-majors can enroll in this course), or permission of instructor. Prereq or concur: Math 2174 or 2415 (415), or equiv. Not open to students with credit for 250.				Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.		
2850.02	Numerical Methods in Mechanical Engineering	U	3	4194H	Group Studies in Mechanical Engineering	U	1 - 5
	Numerical solutions of nonlinear equations, systems of linear equations, interpolation, curve-fitting, ordinary differential equations.				Special topics in Mechanical Engineering. The particular topic, credit hours, and the instructor will be announced the semester previous to the one in which the course is offered.		
	Prereq: Enrollment as IndEng-BS or ISE-PRE student, or permission of instructor. Prereq or concur: Math 2174 or 2415. Not open to students with credit for 250.				Prereq: Honors standing, and enrollment in MechEng major; or permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.		
2900	Introduction to Design in Mechanical Engineering	U	3	4505	Introduction to Nuclear Science and Engineering	U	3
	Introduction to the discipline of Mechanical Engineering through a structured design, build, and test sequence. Students will fabricate apparatus which requires a basic understanding of the full scope of Mechanical Engineering.				Discussion of nuclear energy and nuclear radiation; sources, methods of utilization, and projections for future engineering uses.		
	Prereq: Enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor.				Prereq: Math 2173, 2177, 2255 (255), or 2415 (415); and Physics 1251 (133), or permission of instructor. Not open to students with credit for 505 or NuclEn 4505 (505). Cross-listed in NuclEn.		
3260	System Dynamics and Vibrations	U	3	4510	Heat Transfer	U	3
	Applications of ordinary differential equations, Laplace transforms, transfer function analysis to first and second order systems, and single-degree-of-freedom mechanical and electrical systems.				A study of the fundamentals of conduction, convection, and thermal radiation energy transfer with engineering applications.		
	Prereq: 2850 (250) and 2900, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor. Prereq or concur: ECE 2300 or 2300.01 or 320. Not open to students with credit for 481 or 650.				Prereq: 3503 (504) or 3504, and MechEng-BS student (no pre-majors); or permission of instructor. Not open to students with credit for 510.		
3360	System Integration and Control	U	3	4536	Nuclear Reactor Systems	U	3
	Modeling of a variety of multi-domain systems, including electromechanical actuators, principles of feedback control, and analysis of control systems.				Introductory course covering concepts of nuclear power reactor systems, thermal and mechanical design aspects, and economics of nuclear power plants.		
	Prereq: 3260 or 3261, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor. Prereq or concur: 3503 (504) or 3504. Not open to students with credit for 482 or 571.				Prereq: 4505 (505) or NuclEn 4505 (505); or permission of instructor. Not open to students with credit for 6536 (736), NuclEn 4536 (736), or 6536 (736). Cross-listed in NuclEn.		
3500	Engineering Thermal Sciences	U	3	4684	Product Design Capstone I	U	4
	Introduction to thermodynamics, fluid mechanics and heat transfer with engineering applications.				Fundamentals of the product design process, from concept creation to final implementation, including product architecture and design for manufacture and assembly. Part I will end with initial build and Part II will continue with implementation and testing.		
	Prereq: Math 2174 or 2177 or 2255 (255) or 2415 (415), and Physics 1250 (131). Not open to students with credit for 500 or enrolled in MechEng major.				Prereq: 3671 (563), and 3360 or 3361 (571); and 3870 (570). Prereq or concur: 4510 (510), and enrollment as MechEng-BS student; or permission of instructor. Not open to students with credit for 5682 (682) or ISE 5682 (682) or 5560.		

4685 Product Design Capstone II
U 2

Fabrication and testing of the product prototype developed in MechEng 4684, Product Design Capstone I.
Prereq: 4684.

4870 Mechanical Engineering Capstone Laboratory
U 2

Builds upon prior laboratory experiences and integrates thermal and mechanical system concepts; focus on problem solving using experimental and analytical/computational methods. Prereq: 3360 or 3361 (571), and 3671 (563) and 3870 (570) and 4510 (510), and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor. Not open to students with credit for 512 or 581.

4900 ME Capstone Design I
U 1½

First course of 2-semester senior capstone series. Fundamentals of engineering design process and the technical and professional skills needed in Mechanical Engineering. Lectures, hands-on project.

Prereq: 3671 (563), and 3360 or 3361 (571); and 3870 (570). Prereq or concur: 4510 (510); and enrollment as MechEng-BS student; or permission of instructor. Concur: 4901.01 or 4902.01 or 4903.01 or 4904.01 or 4905.01. Not open to students with credit for Engr 4901 (658), 564, or 565, or MechEng pre-majors.

4901.01 ME Capstone Design II: General Projects
U 1

Second course of 2-semester capstone sequence. Students work on design problems proposed by faculty. Emphasis on problem definition, requirements, and design proposal. Concur: 4900, and enrollment as MechEng-BS student; or permission of instructor. Not open to MechEng pre-majors. This course is progress graded.

4901.02 ME Capstone Design III: General Projects
U 2½

Third course of 2-semester senior capstone series. Complete work on design problem proposed by faculty. Emphasis on detailed design, prototype, evaluation, and documentation. Prereq: 4901.01, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor.

4902.01 ME Capstone Design II: Student Design Competitions
U 1

Second course of 2-semester capstone sequence. Students work on design problems arising from various student competitions in engineering. Emphasis on problem definition, requirements, and design proposal.

Concur: 4900, and enrollment as MechEng-BS student; or permission of instructor. Not open to MechEng pre-majors. This course is progress graded.

4902.02 ME Capstone Design III: Student Design Competitions
U 2½

Third course of 2-semester senior capstone series. Complete work on design project associated with student design competitions. Emphasis on detailed design, prototype, evaluation, and documentation.

Prereq: 4902.01, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor.

4903.01 ME Capstone Design II: Industry Projects
U 1

Second course of 2-semester capstone sequence. Students work on design problems sponsored and/or proposed by industry. Emphasis on problem definition, requirements, and design proposal.

Concur: 4900, and enrollment as MechEng-BS student; or permission of instructor. Not open to MechEng pre-majors. This course is progress graded.

4903.02 ME Capstone Design III: Industry Projects
U 2½

Third course of 2-semester senior capstone series. Complete work on design project from industry. Emphasis on detailed design, prototype, evaluation, and documentation.

Prereq: 4903.01, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor.

4904.01 ME Capstone Design II: Humanitarian Projects
U 1

Second course of 2-semester capstone sequence. Students work on design problems that have a humanitarian focus. Emphasis on problem definition, requirements, and design proposal.

Concur: 4900, and enrollment as MechEng-BS student; or permission of instructor. Not open to MechEng pre-majors. This course is progress graded.

4904.02 ME Capstone Design III: Humanitarian Projects
U 2½

Third course of 2-semester senior capstone series. Complete work on humanitarian project. Emphasis on detailed design, prototype, evaluation, and documentation.

Prereq: 4904.01, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor.

4905.01 ME Capstone Design II: Assistive Devices
U 1

Second course of 2-semester senior capstone series. Students begin to work on assistive devices for persons with disabilities. Emphasis on problem definition, requirements, and design proposal.

Concur: 4900, and enrollment as MechEng-BS student; or permission of instructor. Not open to MechEng pre-majors. This course is progress graded.

4905.02 ME Capstone Design III: Assistive Devices
U 2½

Third course of 2-semester senior capstone series. Complete work on assistive devices for persons with disabilities. Emphasis on detailed design, prototype, evaluation, and documentation.

Prereq: 4905.01, and enrollment as MechEng-BS student (No ME pre-majors can enroll in this course); or permission of instructor.

4906.01 ME Capstone Design II: Special Projects
U 1

Second course of 2-semester senior capstone series. Students begin to work on their design project. Emphasis on problem definition, requirements, design proposal. Prereq: 4900. This course is progress graded.

4906.02 ME Capstone Design III: Spec Projects
U 2½

Third course of 2-semester senior capstone series. Complete work on design problem proposed by faculty. Emphasis on detailed design, prototype, evaluation, documentation. Prereq: 4906.01.

4998 Undergraduate Research in Mechanical Engineering
U 1 - 2

Opportunity for undergraduate students to conduct research in Mechanical Engineering. Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.

4998H Undergraduate Research in Mechanical Engineering
U 1 - 2

Opportunity for undergraduate Honors program students to conduct research in Mechanical Engineering. Prereq: Honors standing, and enrollment in MechEng major, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.

4999 Mechanical Engineering Undergraduate Research for Thesis
U 1 - 3

Students are offered the opportunity to pursue independent project/research. Student presentations and undergraduate thesis writing is included.

Prereq: CPHR 3.0 or above, and Sr standing in MechEng major; or permission of instructor. Repeatable to a maximum of 6 cr hrs or 4 completions.

4999H Mechanical Engineering Undergraduate Research for Thesis
U 1 - 3

Honors program students are offered the opportunity to pursue independent project/research. Student presentations and undergraduate Honors thesis writing is included, to enable graduation with Research Distinction in Mechanical Engineering.

Prereq: Honors standing, and CPHR 3.4 or above, and Sr standing in MechEng major; or permission of instructor. Repeatable to a maximum of 6 cr hrs or 4 completions.

5030 Intermediate Dynamics
U G 3

This course emphasizes dynamics of single/multi-degree-of-freedom systems, including particles and rigid bodies, and is aimed as an extensive introduction to the principles of analytical mechanics. Of particular interest is the investigation of Lagrange's equations of motion for particles and rigid bodies.

Prereq: 2030, or permission of instructor. Not open to students with credit for 5194 (Au14 or Sp16).

5134 Introduction to Vibrations of Deformable Solids
U G 3

Introduction to the analysis of the free and forced transverse vibrations of strings, beams, membranes and plates and the longitudinal and torsional vibrations of prismatic bars.

Prereq: 2020 (420) or 2040, and Math 2174, 2177, or 2415 (415), and enrollment in MechEng major; or Grad standing in MechEng. Not open to students with credit for 734.

5139 Applied Finite Element Method
U G 3

Overview of finite element method, description of finite element software, modeling requirements and techniques, analysis using general purpose software, and case studies. Prereq: 2020 (420), 2040, or equiv, and enrollment in MechEng major; or Grad standing in Engineering. Not open to students with credit for 639.

5144 Engineering Fracture Mechanics
U G 3

Fracture and fatigue of solids; stress intensity factors; stability of cracks; compliance and energy methods; plane stress, plane strain effects; crack propagation and arrest criteria.

Prereq: 2020 (420) or 2040, and Math 2174, 2177, or 2415 (415); or Grad standing in Engineering. Not open to students with credit for 744.

5162 Introduction to Laminated Composite Materials
U G 3

Introduction to anisotropic material behavior and failure assessment of laminated composite materials. Classical lamination theory, beams, plates and shells.

Prereq: 2020 (420) or 2040; or Grad standing in Engineering; or permission of instructor. Not open to students with credit for 662, 762, CivilEn 5162, 662, or 762. Cross-listed in CivilEn.

5180 Mechanics of Biomolecular Systems
U G 3

Introduction to biomolecules and systems in the context of cellular functions. In particular the course focuses on the physical properties of biomolecules and the physical interactions that mediate their functions.

Prereq: Sr or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 694E (Spring 2010).

5194 Group Studies in Mechanical Engineering
U G 1 - 5

Special topics in Mechanical Engineering. The particular topic, credit hours, and the instructor will be announced the semester previous to the one in which the course is offered.

Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

5234 Vehicle Dynamics
U G 4

A first course in vehicle dynamics devoted to the basic concepts of rubber wheeled vehicles with an actual driving and demonstrated laboratory.

Prereq: 3360 (482) and 3671 (563), or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 654 or 754.

300 Mechanical Engineering

5240	Mechanical Vibrations	U G	3	
	Free and forced vibration analysis of single-degree-of-freedom systems with various forms of damping, vibration isolation and control methods and devices, vibration sensors, equations of motion of multi-degree of freedom systems using Lagrange's method, Eigen value problem, modal analysis method for free and forced vibration analysis, frequency-domain data analysis fundamentals.			
	Prereq: 3260 (481). Prereq or concur: 3360 (482), or Grad standing in Engineering. Not open to students with credit for 650, 666, or 7250.			
5241	Engineering Acoustics	U G	3	
	Acoustics applications survey. Wave propagation phenomena. Introduction to human hearing. Mathematics review. Acoustic wave equation, propagation, and metrics. Instrumentation for and evaluation of acoustic measurements. Understanding acoustic sources and sound radiation characteristics. Introductory architectural acoustics, engineering noise control, and psychoacoustics.			
	Prereq: 3260, or Grad standing, or permission of instructor.			
5339	Simulation Techniques for Dynamic Systems	U G	3	
	Introduction and use of software tools for dynamic system modeling, control system analysis, and design. Application to real world dynamic systems, with emphasis on model development and validation, parameter identification, and results presentation.			
	Prereq: 3360 (571) or equiv, and enrollment in MechEng; or Graduate standing in MechEng; or permission of instructor.			
5372	Design and Control of Mechatronic Systems	U G	3	
	Introduction to multi-domain (mechanical, thermal, fluid, electrical, electronic, electro-mechanical) system design, dynamic modeling, and control system design and analysis techniques.			
	Prereq: 3360 (571) or 3361, or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 672 or 674.			
5374	Smart Materials and Intelligent Systems	U G	3	
	Macromechanical modeling of smart materials including piezoceramics, magnetostrictives, shape memory alloys, magnetorheological fluids, and active polymers. Constitutive and system-level modeling. Design of smart dynamic systems.			
	Prereq: 3360 (571) or 3361, or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 774.			
5427	Introduction to Turbomachinery	U G	3	
	Introduction to analysis and design of turbomachinery.			
	Prereq: 3503 or 3504 (504), or Grad standing in MechEng. Not open to students with credit for 627.			
5502	Engineering Thermodynamics	U G	3	
	Technical elective in Engineering Thermodynamics including energy analysis, non-reacting and reacting gas mixtures, combustion, psychrometrics, chemical and phase equilibrium, thermoeconomics and applications.			
	Prereq: 3501 (501) or 3502, or equiv. Not open to students with credit for 502.			
5512	Design of Heat Exchangers	U G	2	
	Design methods, heat transfer and pressure drop in single phase and two phase heat exchangers. Design of single phase and two phase heat exchangers.			
	Prereq: 4510 (510), or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 612.			
5530	Internal Combustion Engines	U G	3	
	Design and operating characteristics of contemporary internal combustion engines, induction/exhaust breathing, boosting, variable valvetrains, combustion and knock, fuel economy, alternative fuels, and advanced powertrains.			
	Prereq: 3501 or 3502 (502), or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 630.			
5531	Automotive Powertrain Laboratory	U G	2	
	An intensive laboratory course focusing on conventional and advanced automotive powertrains. The course typically covers advanced gasoline engines, diesel engines, hybrid powertrains, and electrochemical energy storage.			
	Prereq: 5530 or 630, or permission of instructor. Not open to students with credit for 631.			
5539	Applied Computational Fluid Dynamics and Heat Transfer	U G	3	
	Introduces basic concepts in Computational Fluid Dynamics (CFD) and Computational Heat Transfer (CHT), teaches thermo-fluid analysis of engineering systems, and enhances understanding of fluid flow and heat transfer.			
	Prereq: 3501 or 3502 (502), and 3503 or 3504 (504). Prereq or concur: 4510 (510), or Grad standing in MechEng.			
5541	Heating, Ventilating, and Air Conditioning	U G	3	
	Analysis of components and systems for heating, ventilating and air-conditioning.			
	Prereq: 4510 (510), or Grad standing in MechEng. Not open to students with credit for 641.			
5550	Engineering Principles in Cancer	U G	3	
	The purpose of this course is to introduce engineering principles in the context of cancer progression and therapy.			
	Prereq: 3500, 3503, or CBE 2420; or permission of instructor. Not open to students with credit for BioMedE 5550 or CBE 5550. Cross-listed in BioMedE and CBE.			
5600	Applied Project Management in Product Development Team Environments	U G	3	
	Students learn to apply project management concepts in product development team environments; includes relevant theory, tools, and techniques used in industry; relevant systems engineering concepts for designing complex products are introduced.			
	Prereq: Jr, Sr, Grad status; and enrollment in College of Engineering or Engineering minor. Not open to with credit for 4194 or 5194.			
5680	Computer Aided Design and Manufacturing	U G	4	
	Design of machine components, surfaces, and assemblies using parametric and feature-based design principles and advanced design tools.			
	Prereq: 3670 (561), or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 621 or 683.			
5682.01	Fundamentals of Product Design Engineering	U G	3	
	Lecture covering the fundamentals of the product design process, from concept creation to final implementation, including product architecture and design for manufacture and assembly. An optional, corresponding project-based lab course (ME/ISE 5683) offers practical application of this material. Only open to students enrolled in majors in the College of Engineering.			
	Prereq: Jr, Sr, or Grad standing in the College of Engineering, or permission of instructor. Not open to students with credit for 4684, 5682 (682), 5682.02, 5684, ISE 5560, 5682 (682), or 5682.02. Cross-listed in ISE.			
5682.02	Product Design Engineering for Entrepreneurs	U G	3	
	An engineering perspective on product development for non-engineering students in the Entrepreneurship & Innovation minor. This course covers fundamentals of the product design process, from user research to concept creation to final implementation and manufacturing. Not open to students in the College of Engineering, does not count as an engineering Technical Elective.			
	Prereq: Enrollment in a major outside of the College of Engineering, and enrollment in the Entrepreneurship & Innovation minor. Not open to students with credit for 5682, 5682.01, 5194 (AU15, SP16, AU16, Abell), ISE 5682, or 5682.01, or enrolled in a major within the College of Engineering.			
5683	Fundamentals of Product Design Engineering Laboratory	U G	1	
	This course is an optional laboratory to go with ISE/ME5682.01. This project-based lab gives students hands-on experience with the product design process introduced in lecture. Students will work with real people to identify opportunities to create innovative, product-based solutions. Students will go through the design process from conducting user research all the way to constructing prototypes.			
	Prereq or concur: 5682.01 or ISE 5682.01, and enrollment in a major within the College of Engineering. Not open to students with credit for 5682, 5682.02, ISE 5682, or 5682.02. Cross-listed in ISE.			
5700	Introduction to Musculoskeletal Biomechanics	U G	3	
	Introduction to field of musculoskeletal biomechanics at a level appropriate for advanced undergraduates and early graduate students. Fundamental anatomy and physiology. Mechanics of muscle, tendon, ligament, meniscus, bone. Equations of motion for movement. Introduction to experimental methods.			
	Prereq: 3670, or permission of instructor. Not open to students with credit for 6700.			
5751	Design and Manufacturing of Compliant Mechanisms and Robots	U G	3	
	Introduces methods and theories for kinematic and force analysis, synthesis of rigid body and compliant (flexible) mechanisms and robots. Pseudo-rigid-body model and CAD/CAE software will be used for modeling and analysis study. Students will be required to work on a team project to solve a real world design problem related to mechanisms and robots.			
	Prereq: 3670 or equiv, or Grad standing in Engineering.			
5797	Study at a Foreign Institution	U G	1 - 10	
	An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.			
	Prereq: Permission of department chairperson. Repeatable to a maximum of 15 cr hrs or 2 completions.			
6193	Individual Studies in Mechanical Engineering	G	1 - 5	
	Designed to give the advanced student opportunity to pursue special studies not otherwise offered.			
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 15 completions. This course is graded S/U.			
6193.01	Individual Studies in Mechanical Engineering	G	1 - 5	
	Designed to give the advanced student opportunity to pursue special studies not otherwise offered.			
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 15 completions.			
6194	Group Studies in Mechanical Engineering	G	1 - 5	
	Special topics in Mechanical Engineering. The particular topic, credit hours, and the instructor will be announced the term preceding the one in which the course is offered.			
	Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.			
6501	Gas Dynamics	G	3	
	A study of one-dimensional and two-dimensional steady and one-dimensional unsteady compressible flows.			
	Prereq: 3503 or 3504 (504), and Math 2174, 2255 (255), or 2415 (415); or Grad standing in MechEng; or permission of instructor. Not open to students with credit for 701.			

Mechanical Engineering 301

6505 Intermediate Fluid Dynamics G 3

Principles and derivations of fundamental equations for incompressible flows with a special emphasis on formulation of problems.
Prereq: 3503, or Grad standing in MechEng or AeroEng; or permission of instructor. Not open to students with credit for 705.

6507 Intermediate Numerical Methods G 3

Numerical techniques and computer algorithms to solve initial and boundary value problems relevant to engineering applications, such as heat conduction and mass diffusion.
Prereq: 2850 (250), Math 2174 (568), 2415 (415), or 4512 (557 or 512); or Grad standing in MechEng, AeroEng, or NuclEn; or permission of instructor. Not open to students with credit for 707 or NuclEn 6507 (707). Cross-listed in NuclEn.

6510 Intermediate Heat Transfer G 3

In-depth derivation of equations and principles governing heat transfer with an emphasis on formulation of problems. Mass transfer is also introduced.
Prereq: Grad standing in MechEng or AeroEng; or permission of instructor. Not open to students with credit for 710.

6515 Introduction to Microfluidics and Nanofluidics G 3

Principles of incompressible fluid mechanics & electrokinetic phenomena at the micro & nanoscale; biomedical applications with a laboratory illustrating fabrication techniques & experimental methods. Undergrad students encouraged to seek permission.
Prereq: 3503 or 3504 (504) or equiv, or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 715 or BiomedE 5663. Cross-listed in BiomedE 5663.

6526 Combustion G 3

Fundamentals of energy conversion through combustion, thermodynamics and chemical kinetics of combustion, premixed flames, deflagration vs. detonation waves, diffusion flames, droplet combustion, and thermal ignition.
Prereq: 3503, 3504 (504), or 4510 (510), or permission of instructor. Not open to students with credit for 726.

6536 Nuclear Reactor Systems and Analysis G 3

Intermediate-level course covering thermal and mechanical design aspects of nuclear power plants. The thermodynamics of operating nuclear power plants (BWRs and PWRs) are emphasized.
Prereq: 4505 (505) or NuclEn 4505 (505); and MechEng 3501 or 3502 (502), or equiv; or permission of instructor. Not open to students with credit for 736 or NuclEn 6536 (763). Cross-listed in NuclEn.

6537 Nuclear Reactor Thermal Hydraulics G 3

Focuses on heat transfer and fluid flow applications in nuclear power reactor systems, including heat transfer in LWR fuel rods, coolant, and reactor internals.
Prereq: 6536 or NuclEn 6536, or equiv, or permission of instructor. Not open to students with credit for 737 or NuclEn 6537 (737). Cross-listed in NuclEn.

6665 Reliability Engineering I G 3

Focuses on system level reliability modeling approaches. Engineering system reliability modeling and prediction; reliability of programmable devices and human reliability; reliability and risk management of engineering systems.
Prereq: 3260 (481), ECE 351, or ISE 4120 (510); or Grad standing; or permission of instructor. Not open to students with credit for 776.01.

6700 Musculoskeletal Biomechanics G 3

Fundamental anatomy and physiology. Mechanics of muscle, tendon, ligament, meniscus, and bone. Equations of motion for human movement. Introduction to experimental methods in musculoskeletal biomechanics.
Prereq: Grad standing in MechEng or BiomedE, or permission of instructor. Not open to students with credit for 687 or 5700.

6716 Probabilistic Reliability and Safety Assessment G 3

Methods underlying probabilistic risk assessment (PRA) and how they are used in assessing the public health risk of nuclear systems.
Prereq: 4505 (505), NuclEn 4505 (505), Grad standing, or permission of instructor. Not open to students with credit for 5716 (716) or NuclEn 5716 (716). Cross-listed in NuclEn.

7100 Introduction to Continuum Mechanics G 3

Continuum mechanics in Cartesian and general coordinates, vectors and tensors in indicial and direct notation, analysis of deformation and stress, balance principles.
Prereq: 2020 (420) or 2040, and Math 2174, 2255 (255), or 2415 (415) or equiv; or Grad standing in Engineering; or permission of instructor. Not open to students with credit for 743 and 840.

7101 Constitutive Models in Continuum Mechanics G 4

Continuum-level constitutive models are developed, starting from a mechanistic point of view. Problems involving elasticity, plasticity, visco-elasticity, & rubber elasticity are discussed.
Prereq: 7040, 7100, 740, or 743, or permission of instructor. Not open to students with credit for 847 and 864.

7163 Advanced Strength of Materials and Elasticity Theory G 4

Stress-Strain analysis of elastic solids: curved beams; non-symmetrical bending; non-circular torsion; beams on elastic foundations; load-deflection relations by energy methods; plane problems in elasticity theory; and applications to design
Prereq: 2020 (420) or 2040, or equiv, and Math 2174 or 2255 (255) or 2415 (415); or Grad standing in MechEng. Not open to students with credit for 740 or 763.

7194 Group Studies in Mechanical Engineering

G 1 - 5

Special topics in Mechanical Engineering. The particular topic, credit hours, and the instructor will be announced the term previous to the one in which the course is offered.
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

7230 Advanced Dynamics G 4

Three-dimensional kinematics and dynamics of particles and rigid bodies using vector (Newton-Euler) and analytical (Lagrange's equations and Hamilton's principle) methods. Rotating systems. Non-holonomic systems.
Prereq: Sr or Grad standing. Not open to students with credit for 733 or 735.

7236 Powertrain Dynamics G 3

Overview of dynamics and control of automotive powertrain systems. Emphasis on subsystem interactions. Analytical and numerical methods for dynamics of gas exchange, fueling, combustion and exhaust, and mechanical engine and transmission systems.
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 781.

7250 Vibration of Discrete Systems G 3

Concepts of undamped and damped vibrations of single and multi degree of freedom discrete systems. Principles of modal analysis, analytical dynamics and approximate methods.
Prereq: 4030 (430), and Math 2174, 2255 (255), or 2415 (415); or Sr or Grad standing in Engineering. Not open to students with credit for 731.

7259 Sliding Mode Control in Electromechanical Systems G 3

Sliding modes an efficient tool to control high order dynamic plants operating under uncertainty conditions.
Prereq: 5372 or ECE 5750 (750). Not open to students with credit for 859 or ECE 859 or 7859. Cross-listed in ECE 7859.

7260 Automotive Noise and Vibration Control I G 3

Integrated study of vibrations, acoustics, digital signal processing and machinery dynamics based on case study approach; examination of design, manufacturing, material, performance, and economic considerations.
Prereq: Sr or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 777 or 779.

7261 Automotive Noise and Vibration Control I with Lab G 4

Integrated study of vibrations, acoustics, digital signal processing and machinery dynamics based on case study approach; examination of design, manufacturing, material, performance, and economic considerations.
Prereq: Sr or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 777 or 779.

7262 Automotive Noise and Vibration Control II G 3

Integrated study of vibrations, acoustics, signal processing and dynamics based on case study approach; continuation of 7260 with focus on experimental and design methods.
Prereq: 7260.01 or 777, or Sr or Grad standing, or permission of instructor. Not open to students with credit for 778 or 779.

7263 Automotive Noise and Vibration Control II with Lab G 4

Integrated study of vibrations, acoustics, signal processing and dynamics based on case study approach; continuation of 7260 with focus on experimental and design methods.
Prereq: 7260 or 777, or Sr or Grad standing, or permission of instructor. Not open to students with credit for 778 or 779.

7290 Digital Control Engineering G 3

Theory of digital control engineering and its applications to the control of engineering systems including machines, vehicles, and processes.
Prereq: 3360 and 3361, or 482 and 571, or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 773.

7292 Control System Labs G 2

Hands-on experience in designing, developing, implementing, and analyzing control systems for mechanical systems.
Prereq: 5372 (672) or 674, or permission of instructor. Not open to students with credit for 772.

7374 Polymer Smart Materials and Material Systems - Advanced Modeling and Characterization G 3

Polymer smart materials and material systems with specific emphasis on mathematical modeling and characterization of ionic electroactive materials. Introduction of ionic electroactive materials as engineering materials and motivate students through various contemporary applications. Fabrication, characterization, electrochemical modeling for actuation, sensing, energy conversion and storage.
Prereq: 5374, and Grad standing in Mechanical Engineering; or permission of instructor. Not open to students with credit for 7194 (Sp 2014 or Sp 2017, Polymer Smart Materials).

7380 Lumped Parameter Modeling and System Analysis G 3

Mathematical model development and response prediction of linear lumped parameter dynamic systems. Input-output and state-space methods are used to develop insights into design, sensor placement and diagnostics, and actuator selection for control.
Prereq: Math 2174, 2415 (415), or 4512 (512), or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 780 or 880.

302 Mechanical Engineering

7383	Electrochemical Energy Conversion and Storage Systems for Automotive Applications	G	3	7761	Optimum Design of Machines and Structures	G	3
	Electrochemical energy storage (batteries) and conversion (fuel cells) systems for automotive applications covering state of the art principles of operations and modeling.			Application of optimization techniques to mechanical systems and structures. The structures considered will typically be high performance structures such as in aircraft and spacecraft			
	Prereq: 6526 (726), or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 788 or distance learning version 7383.02.			Prereq: Sr standing, or permission of instructor. Not open to students with credit for 761 or AAE 7844 (844). Cross-listed in AAE 7844.			
7384	Energy Modeling, Optimization, and Control of Hybrid Vehicles	G	3	7765	Principles and Applications of Tribology	G	3
	Fundamentals of advanced propulsion vehicles (HEV, PHEV, BEV, FCV), covering motivation, architectures, taxonomy and components, energy analysis, modeling, simulation, optimization, and supervisory control/energy management principles.			Mechanisms of friction, wear, and lubrication ranging from macro- to nanoscale that govern interfacial behavior; applications to friction and wear problems.			
	Prereq: Grad standing, or permission of instructor. Not open to students with credit for 784 or 785.			Prereq: Not open to students with credit for 765 or 767.			
7385	Advanced Methods in the Dynamics and Control of Human and Animal Movement	G	3	7837	Nanotechnology and Biomimetics	G	3
	Mathematical ideas from control theory, optimization, nonlinear dynamics, and numerical computation that will be used to understand human, animal, and movement behavior and design.			Introduction to nanotechnology, nanocharacterization techniques, nanotribology and nanomechanics of MEMS/NEMS and BioMEMS/BioNEMS materials and devices and an overview and research examples of biomimetics.			
	Prereq: 2030 (430), Math 2174, 2415 (415), 4568 (568), or 571, or Grad standing in Engineering.			Prereq: Not open to students with credit for 837.			
7440	Internal Combustion Engine Modeling	G	3	8038	Advanced Topics in Finite Element Method	G	3
	Comprehensive coverage of spark-ignited internal combustion engines modeling (fluid dynamics, thermodynamics and combustion). Additional coverage of compression ignition engine modeling and boosting.			State of the art advances in various areas of finite element methods covering a range of topics including element stability, time integration methods, and adaptive methods.			
	Prereq: 5530 or 630 or equiv, or permission of instructor. Not open to students with credit for 730.			Prereq: 7068 (768) or equiv, or Grad standing in MechEng, or permission of instructor. Not open to students with credit for 838.			
7510	Advanced Heat Transfer	G	3	8193	Individual Studies in Mechanical Engineering	G	1 - 5
	Analytical and numerical techniques for advanced topics in conduction, convection, and radiation.			Designed to give the advanced student opportunity to pursue special studies not otherwise offered.			
	Prereq: 6505 (705), 6507 (707), or 6510 (710), or permission of instructor. Not open to students with credit for 807, 808, or 809.			Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 15 completions. This course is graded S/U.			
7511	Computational Fluid Dynamics	G	3	8194	Group Studies in Mechanical Engineering	G	1 - 5
	Advanced numerical methods for solving the Navier-Stokes equations using pressure-based techniques.			Special topics in Mechanical Engineering. The particular topic, credit hours, and the instructor will be announced the term previous to the one in which the course is offered.			
	Prereq: 6507 (707) or AeroEng 5615 (615), or permission of instructor. Not open to students with credit for 811.			Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.			
7513	Turbulence	G	3	8220	Continuous Time Optimal Control	G	3
	A study of fundamentals of turbulent fluid flows and a few canonical flows.			Embraces the three historical trends in dynamic optimization: Calculus of Variations, Pontryagin's Minimum Principle, and Bellman's Principle of Optimality. Not only mathematical aspects of the three principles will be taught, but also their strengths and weaknesses - it is often less important to know how to apply a given principle than to know when.			
	Prereq: 6505 (705), or permission of instructor. Not open to students with credit for 813 or AeroEng 7875 (875). Cross-listed in AeroEng 7875.			Prereq: 5372 or ECE 5551, or permission of instructor. Not open to students with credit for ECE 8250. Cross-listed in ECE 8250.			
7520	Wave Dynamics in Fluids	G	3	8230	Nonlinear Dynamics	G	3
	Unsteady flows, small and finite amplitude wave propagation and attenuation in fluids, flow noise, nonlinear flow-acoustic coupling, surge, and wave suppressors.			Analytical, geometric, and perturbation methods for study of nonlinear mechanical systems, and the dynamical phenomena that arise in nonlinear systems including stability, bifurcations, and hysteresis.			
	Prereq: 6505 (705), or permission of instructor. Not open to students with credit for 820.			Prereq: 7250 (731), or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 832.			
7526	Advanced Combustion	G	3	8250	Vibration of Continuous Systems	G	3
	Advanced combustion concepts; chemical kinetics; introduction to turbulent premixed and non-premixed flames; turbulent combustion modeling; multiphase combustion; literature review of recent theoretical, computational, and experimental approaches			Analysis of one, two and three dimensional continuous vibratory systems including strings, beams, membranes, plates and shells using exact and approximate methods with various boundaries.			
	Prereq: 6526 (726). Prereq or concur: 7513 (813), or permission of instructor. Not open to students with credit for 826.			Prereq: 4030 (430) or 7250 (731), and Math 2255 (255) or equiv; or permission of instructor. Not open to students with credit for 734.			
7527	Jet Propulsion	G	3	8260	Advanced Engineering Acoustics	G	3
	Characteristics and performance of air breathing flight vehicle power plants and their components (inlets, compressors, combustors, turbines, and nozzles).			Acoustic wave equations and harmonic solution; radiation, transmission, absorption and control of sound waves; structural and flow sources; computational and experimental methods; engineering approximations.			
	Prereq: 4510 (510) or AeroEng 4550 (550), or permission of instructor. Not open to students with credit for 727 or AeroEng 8851 (851).			Prereq: 5240 (666), or Grad standing in Engineering, or permission of instructor. Not open to students with credit for 766.			
7751	Advanced Kinematics and Mechanisms	G	3	8312	Diesel Powertrain Systems Control	G	3
	Kinematic design and analysis of mechanisms. The focus is on kinematic representations of rigid transformations in space, derivation and solution of the kinematic constraint equations. Computer projects involve Solidworks and Matlab/Mathematica.			Control and estimation system designs for diesel powertrain and after treatment systems.			
	Prereq: 3671 (563) or Engr 1183, or Grad standing; or permission of instructor. Not open to students with credit for 751.			Prereq: 7236 (781), or Grad standing in Engineering, or permission of instructor.			
7752	Mechanics and Control of Robots	G	3	8322	Vehicle System Dynamics and Control	G	3
	Introduction to the mechanical and mathematical principles of robotics including kinematics, rigid body dynamics, control theory, motion planning, sensors and actuators, legged locomotion and manipulation.			Control and estimation system designs for vehicle systems.			
	Prereq: 2030 (430), Math 2174, 2415 (415), 4568 (568), 571, or equiv, or Grad standing in Engineering. Not open to students with credit for 752.			Prereq: Grad standing in Engineering, or permission of instructor.			
7760	Form Synthesis, Assembly, and Applied Stress Analysis	G	3	8372	Fault Diagnosis in Dynamic Systems	G	3
	Advanced form synthesis and assembly and applied stress analysis. Emphasis on shape synthesis for minimum weight assemblies and design of parts for optimum utilization of material and maximum ease of assembly.			Covers the theory and application of fault diagnosis in multi-domain dynamic systems. Theory and case studies drawn from industrial applications.			
	Prereq: 3671 (563), or permission of instructor. Not open to students with credit for 760 or 861.			Prereq: 7380 (780), ECE 4551, 5551, 750, AeroEng 4521, or 720, or permission of instructor. Not open to students with credit for 874.			
8503	Statistical Thermodynamics	G	3				
	Microscopic aspects of thermodynamics for engineering graduate students. Starts with kinetic gas theory and classical statistics of independent particles. Derives statistical distribution functions and thermostatic properties of real substances.						
	Prereq: Grad standing in MechEng or AeroEng, and permission of instructor. Not open to students with credit for 803.						

8504	Physical Gas Dynamics	G	3		4500	Health Promotion and Community Nutrition	U	3
	Physics of nonequilibrium, reacting, ionized gas flows. Analysis of molecular energy transfer processes, chemical reactions, and ionization processes. Applications for hypersonic reentry flows, high-speed flow control, and molecular lasers.				Study of community needs assessment, national nutrition policy, design and evaluation of programs and cultural factors to promote the health and nutritional status of the community.			
	Prereq: 8503 (803) or equiv, or permission of instructor. Not open to students with credit for 804.				Prereq: 3100.			
8514	Optical Techniques in Fluid Flows	G	3		4700	Research Design in Medical Dietetics	U	1
	Fundamentals of lasers, optics, and diatomic spectroscopy, and their application to flow and combustion diagnostics.				Concepts related to the planning, conducting, tabulating and reporting of research in dietetics.			
	Prereq: Grad standing in Engineering or the Sciences, or permission of instructor. Not open to students with credit for 814.				Prereq: Enrollment in MedDiet program.			
8518	Advanced Mathematical Methods in Mechanical Engineering	G	3		4900	Nutrition Assessment	U	3
	Fourier series, complex differentiation and integration and transform and Green's function for solution of problems arising in heat transfer, solid mechanics, fluid mechanics; asymptotic analysis.				Methods of gathering, interpreting, and reporting nutrition assessment data.			
	Prereq: 7510, 807, or 850, or equiv, or permission of instructor. Not open to students with credit for 818 or 881.				Prereq: HumnNtr 2310, EEOB 2520, or equiv.			
8527	Advanced Propulsion Problems	G	3		4910	Nut Care Process I	U	3
	Emphasizes a detailed discussion of current problems in air breathing propulsion with major emphasis on technical papers available from the current archival literature.				Nutrition care process: pathophysiology, overview of medical treatment; nutrition assessment, diagnosis, intervention: monitoring and evaluation of nutritional care for infants, children, adolescents, and adults.			
	Prereq: 7527 (727) or AeroEng 5751 (751), or permission of instructor. Not open to students with credit for 827 or AeroEng 8851 (851). Cross-listed in AeroEng 8851.				Prereq: Enrollment in MedDiet program. Concur: 4911 and 4912.			
8603	Irreversible Thermodynamics and Transport of Charge, Heat, and Spin	G	3		4911	Nutrition Care Process II	U	3
	Ohm's, Fourier and Fick's laws, which relate linearly the transport of electrical charge, heat and matter to voltages, temperatures and concentrations gradients, are generalized in the framework of irreversible thermodynamics. The microscopic mechanisms of transport of heat, electrical charge and magnetization by elemental excitations (electrons, phonons and magnons) are explained.				Nutrition care process: Principles of individual and group education and nutrition counseling as applied to responsibilities of the dietitian.			
	Prereq: 8503 or statistical mechanics, and permission of instructor.				Prereq: Enrollment in MedDiet program. Concur: 4910, 4912, or 4911.			
8702	Neuromuscular Biomechanics	G	3		4912	Nutrition Care Process III	U	2
	State-of-the-art assessment of upper and lower extremity dynamics, focusing on mechanical and neuromuscular control. Modeling and simulation of movement. Open-ended projects.				Laboratory and experiential application of the nutrition care process for disorders of body weight, musculoskeletal system, cardiovascular system; gastrointestinal tract and endocrine system.			
	Prereq: 6700 or 687, or permission of instructor. Not open to students with credit for 787.				Prereq: Enrollment in MedDiet program. Concur 4910 and 4911.			
8717	Dynamic Probabilistic Risk Assessment	G	3		4923	Nut Car Proc IV	U	3
	Review of selected papers on dynamic probabilistic risk assessment.				Nutrition care process: Pathophysiology, overview of medical treatment; nutrition assessment, diagnosis, intervention: monitoring and evaluation of nutritional care of infants, children, adolescents, and adults.			
	Prereq: 6716 (716), 6665 (776.01), or 6666 (776.02); or permission of instructor. Not open to students with credit for NuclEn 8717. Cross-listed in NuclEn.				Prereq: A grade of B or above in 4910, 4911, and 4912, and enrollment in MedDiet. Concur: 4924 and 4925.			
8777	Risk and Reliability for Digital Instrumentation and Control Systems	G	3		4924	Nutrition Care Process V	U	3
	Modeling of digital instrumentation systems used in nuclear power reactor systems for reliability, safety, risk, and, security assessment.				Nutrition care process: Principles of individual and group education and nutrition counseling as applied to responsibilities of the dietitian.			
	Prereq: 4505 (505) or NuclEn 4505 (505), or permission of instructor. Not open to students with credit for NuclEn 794J. Cross-listed in NuclEn.				Prereq: Enrollment in MedDiet. Concur: 4923 and 4925.			
8888	Mechanical Engineering Graduate Seminar	G	1		4925	Nutrition Care Process VI	U	2
	Lecture and discussion of current topics related to Mechanical Engineering presented by graduate students, staff, and guest speakers. Course does not count toward course work required for MS or PhD degrees.				Laboratory and experiential application of the nutrition care process for disorders of hepatobiliary, renal, neurological, respiratory, critical care, cancer, AIDS, and inborn errors of metabolism.			
	Prereq: Grad standing in MechEng, AeroEng, or NuclEn. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.				Prereq: Enrollment in MedDiet. Concur: 4923 and 4924.			
8998	Graduate Research in Mechanical Engineering	G	1 - 16		5189	Dietetic Professional Practice I	U G	1 - 12
	Mechanical Engineering graduate research for thesis.				Clinical experience in a specific health care system uses inpatient, outpatient, foodservice and community-based dietetic practice. The student works under the direction of Registered Dietitians and the supervision of medical dietetics faculty.			
	Repeatable. This course is graded S/U.				Prereq: Enrollment in the MedDiet program. Repeatable to a maximum of 12 cr hrs or 3 completions. This course is graded S/U.			
8999	Mechanical Engineering Research for Dissertation	G	1 - 16		5289	Dietetic Professional Practice II	U G	1 - 12
	Research for dissertation purposes only.				Clinical experience in a specific health care system uses inpatient, outpatient, foodservice and community-based dietetic practice. The student works under the direction of Registered Dietitians and the supervision of medical dietetics faculty.			
	Repeatable. This course is graded S/U.				Prereq: Enrollment in MedDiet. Repeatable to a maximum of 12 cr hrs or 3 completions. This course is graded S/U.			
Medical Dietetics								
1100	Careers in Dietetics	U	1		5389	Dietetic Professional Practice III	U G	1 - 12
	An introduction to the roles and responsibilities of the dietitian; the educational preparation of the dietitian and employment opportunities.				Field experience in a specific health care system uses inpatient, outpatient, foodservice and community-based dietetic practice. The student works under the direction of Registered Dietitians and the supervision of medical dietetics faculty.			
3100	Human Nutrition and Metabolism	U	3		Prereq: Enrollment in MedDiet. Repeatable to a maximum of 12 cr hrs or 3 completions. This course is graded S/U.			
	Integration of principles related to foods, nutrients, physiology, and biochemistry as they apply to nutritional care for the promotion of health and prevention of disease.				5705	Nutrition and Physical Performance	U G	2
	Prereq: Chem 1210 and 1220; and Biology 1101 or 1113; and HumnNtr 2310; or equivalent coursework; or permission of instructor.				Integration of nutrition, exercise physiology, and biochemistry. Use of nutrients as fuel, interaction between nutrients and exercise performance, assessment of energy expenditure and nutritional status, interactions among diet, exercise and health.			
4200	Management in Medical Dietetics	U	3		Prereq: 4609 (610). Not open to students with credit for 705. Cross-listed in HumnNtr.			
	The study of the principles of food management systems, including food procurement, food distribution, environment management, facility design, and introductory financial controls in noncommercial foodservice segments.				5800	Advanced Nutrition Therapy in Complex Disease States	U G	3
						Study of nutrition therapy in disease: interrelationships of nutrition with biochemical, physiological and anatomical changes associated with acute, chronic and terminal illness, surgery and trauma.		
						Prereq: Credit in general chemistry, biology, physiology, nutritional assessment, nutritional therapy, or education and counseling, or permission of instructor. Not open to students with credit for 645 or 885.		
5825	Advanced Practice in Nutrition Assessment and Counseling	U G	3			In-depth analysis of the literature and current practice for use in nutrition assessment and counseling for both healthy and medically complex patients with acute, chronic and terminal illnesses.		

304 Medical Dietetics

5850	Advanced Management and Current Topics in Medical Dietetics	U G	3		5000E	Medical Laboratory Microbiology I	U G	3
	Emphasis on leadership skills for nutrition and dietetics in health care settings.				Introduce medical bacteriology in the aspects of fundamental epidemiology, disease transmission routes, clinical correlation of microbial diseases, as well as diagnostic tests to identify commonly encountered and clinically important bacteria. Honors-embedded course includes an infectious disease project.			
Prereq:	5189. Not open to students with credit for 645.				Prereq: Honors standing, Micrbio 4000, and admission to Medical Laboratory Science Program; or permission of instructor. Not open to students with credit for MedTech 500.01.			
6001	Foundations in Research & Application I	G	1		5005	Medical Laboratory Microbiology I Laboratory	U G	2
	An evidence based review of current topics in dietetics to support the integration of nutrition informatics, scientific evidence and key trends in healthcare to dietetics practice.				Basic theory and application of clinical laboratory techniques used to identify bacteria pathogenic to humans.			
Prereq:	Enrollment in MedDiet or HthRhSc graduate program. This course is graded S/U.				Prereq: 4405 and Micrbio 4000, and admission to Medical Laboratory Science Program; or permission of instructor. Concur: MedLbS: 4400. Not open to students with credit for MedTech 500.02.			
6002	Foundations in Research & Application II	G	1		5050	Medical Laboratory Hematology	U G	5
	An evidence based review of current topics in dietetics to support the integration of nutrition informatics, scientific evidence and key trends in healthcare to dietetics practice.				Theory and application of clinical laboratory procedures used to identify and evaluate the formed elements of the blood and hemostatic mechanisms in health and disease.			
Prereq:	Enrollment in MedDiet or HthRhSc graduate program. This course is graded S/U.				Prereq: Enrollment in Medical Laboratory Science program, or permission of instructor.			
6003	Foundations in Research & Application III	G	1		5050E	Medical Laboratory Hematology	U G	5
	An evidence based review of current topics in dietetics to support the integration of nutrition informatics, scientific evidence and key trends in healthcare to dietetics practice.				Theory and application of clinical laboratory procedures used to identify and evaluate the formed elements of the blood and hemostatic mechanisms in health and disease.			
Prereq:	Enrollment in MedDiet or HthRhSc graduate program. This course is graded S/U.				Prereq: Honors standing, and admission to Medical Laboratory Science program; or permission of instructor. Not open to students with credit for MedTech 510.01.			
6100	Care and Management of Diabetes Mellitus	G	2		5055	Medical Laboratory Hematology Laboratory	U G	2
	An in depth examination of etiology, epidemiology, and pathophysiology associated with diabetes and disease complications; pharmacological and non-pharmacological treatments; insulin, physical activity and nutritional pattern management; monitoring; symptom management and steps for prevention of secondary complications. Future research and application of evidence based care will be emphasized.				Theory and application of clinical laboratory procedures used to identify and evaluate the formed elements of the blood and hemostatic mechanisms in health and disease.			
Prereq:	Biochem or equivalent; or Anatomy and Physio; or HumnNtr 2310, MedDiet 3100, HthRhSc 4530, or equivalent; and Grad standing in MedDiet, HumnNtr, or other health related program.				Concur: 4400 and 4405, and admission to Medical Laboratory Science program, or permission of instructor.			
6189	Medical Dietetics: Clinical Nutrition Practicum	G	1 - 5		5089	Clinical Practice in Medical Laboratory Science	U G	1 - 10
	This is an advanced, specialized experience to be completed in addition to- and after- all required experiences in health care systems that use inpatient, outpatient, and foodservice and community-based experiences all to achieve course objectives.				Application of medical laboratory technique under supervision in clinical laboratories or other non-hospital laboratory settings.			
Prereq:	Enrollment in the MedDiet Grad program. Not open to students with credit for 688.03. Repeatable to a maximum of 9 cr hrs or 2 completions. This course is graded S/U.				Prereq: All courses required in the Medical Laboratory Science Certification curriculum except 5600 and 5350. Repeatable to a maximum of 20 cr hrs or 4 completions. This course is graded S/U.			
6300	Evidence Based Topics in Nutrition & Dietetics	G	3		5100	Medical Laboratory Microbiology II	U G	3
	An in depth examination of the role of nutrients and food components and their impact of body systems and health.				Introduce medical mycology, parasitology, and virology in the aspects of fundamental epidemiology, disease transmission routes, clinical correlation of microbial diseases, as well as diagnostic tests to identify commonly encountered and clinically important viruses, fungi and parasites.			
Prereq:	Grad standing.				Prereq: Admission to Medical Laboratory Science Program, or permission of instructor. Not open to students with credit for MedTech 525.01.			
6350	Nutrition Support in Critical Care	G	3		5105	Medical Laboratory Microbiology II Laboratory	U G	1
	Advanced study of specialized nutrition support in critical care.				The theory and application of clinical laboratory procedures used to identify fungi, parasites, and viruses pathogenic to humans.			
Prereq:	Nutrition therapy or equiv. Not open to students with credit for 856.				Prereq: Admission to Medical Laboratory Science Program, or permission of instructor. Concur: 4400 and 4405.			
6900	Nutritional Genomics	G	3		5150	Medical Laboratory Microscopy	U G	2
	An introduction to nutritional genomics and translational medicine for the prevention and treatment of disease.				Microscopic analysis of urine and other body fluids including correlational pathophysiology.			
Prereq:	A course in basic nutrition, and 2 courses in Science, Biochemistry, or Physiology; or permission of instructor. Not open to students with credit for 745.				Prereq: Admission to Medical Laboratory Science program, or permission of instructor.			

Medical Laboratory Science

4400	Introduction to the Medical Laboratory Environment	U	1		5155	Medical Laboratory Microscopy Laboratory	U G	1
	An introduction to the basic principles and safety in the clinical laboratory environment.				Microscopic analysis of urine and other body fluids.			
Prereq:	Admission to Medical Laboratory Science program, or permission of instructor. Concur: 4405.				Prereq: MedLbS 4400, and admission to Medical Laboratory Science program; or permission of instructor. Not open to students with credit for MedTech 570.02.			
4405	Introduction to the Medical Laboratory Environment Laboratory	U	1		5200	Medical Laboratory Immunology	U G	3
	An introduction to the practice of basic principles and safety in the clinical laboratory environment.				Theory, application, and correlation of clinical immunology knowledge and procedures used to evaluate the function of the immune system in health and disease.			
Prereq:	Admission to Medical Laboratory Science program, or permission of instructor. Concur: 4400.				Prereq: Enrollment in Medical Laboratory Science program, or permission of instructor.			
4500	Phlebotomy	U	1		5200E	Medical Laboratory Immunology	U G	3
	The principles and practice of sample collection as it relates to clinical laboratory testing.				Theory, application, and correlation of clinical immunology knowledge and procedures used to evaluate the function of the immune system in health and disease.			
Prereq:	Admission to Medical Laboratory Science program, or permission of instructor. Concur: 4505.				Prereq: Honors standing, and admission to Medical Laboratory Science program; or permission of instructor.			
4505	Phlebotomy Laboratory	U	1		5205	Medical Laboratory Immunology Laboratory	U G	1
	The practice of sample collection for the clinical laboratory.				Theory, application and correlation of clinical immunology knowledge and procedures.			
Prereq:	Admission to Medical Laboratory Science program, or permission of instructor. Concur: 4500.				Prereq: 4400, and admission to Medical Laboratory Science program; or permission of instructor.			
5000	Medical Laboratory Microbiology I	U G	3		5250	Medical Laboratory Immunohematology	U G	4
	Introduce medical bacteriology in the aspects of fundamental epidemiology, disease transmission routes, clinical correlation of microbial diseases, as well as diagnostic tests to identify commonly encountered and clinically important bacteria.				The theory and practice of blood banking and transfusion medicine.			
Prereq:	Micrbio 509, and admission to Medical Laboratory Science program; or permission of instructor. Not open to students with credit for MedTech 500.01.				Prereq: 5000, 5050, or 5200, and Enrollment in Medical Laboratory Science program; or permission of instructor.			
5005	Medical Laboratory Microbiology I Laboratory	U G	2		5255	Medical Laboratory Immunohematology Laboratory	U G	2
	Basic theory and application of clinical laboratory techniques used to identify bacteria pathogenic to humans.				Theory and practice of blood banking and transfusion medicine.			
Prereq:	4405 and Micrbio 4000, and admission to Medical Laboratory Science program; or permission of instructor. Concur: MedLbS: 4400. Not open to students with credit for MedTech 500.02.				Prereq: 4400, 5200, and 5205, and admission to Medical Laboratory Science program; or permission of instructor.			

5300 Medical Laboratory Chemistry	U G 5	Principles in clinical chemistry with an emphasis on analysis and correlation of biochemical parameters with disease. Prereq: Chem 2510 and BioChem 4511; or BioPhrm 3311 and 3312; and enrollment in Medical Laboratory Science program; or permission of instructor.
5305 Medical Laboratory Chemistry Laboratory	U G 2	Applications of theory in quality control, method selection and evaluation, and diagnostic techniques in the clinical chemistry. Prereq: 4400; and Chem 2510 and BioChem 4511, or BioPhrm 3311; and admission to Medical Laboratory Science program; or permission of instructor.
5350 Professional Issues in Medical Laboratory Science	U G 3	Theory and application of professional, education, and management issues directed specifically towards Medical Laboratory Science. Prereq: Admission to Medical Laboratory Science program, or permission of instructor. Not open to students with credit for MedTech 620.
5400 Molecular Techniques in Medical Laboratory Science	U G 2	Theory and clinical applications of molecular techniques used in medical laboratory science. Prereq: 5000, 5050, 5100, and MolGen 4500, and admission to the Medical Laboratory Science Program; or permission of instructor. Prereq or concur: 5250 and 5300.
5405 Molecular Techniques in Medical Laboratory Science Laboratory	U G ½	Theory and clinical applications of molecular techniques used in medical laboratory science. Prereq or Concur: 5250 and 5300, and enrollment in Medical Laboratory Science Program; or permission of instructor.
5600 Interdisciplinary Studies in Medical Laboratory Science	U G 1 - 5	The application of medical laboratory science in interdisciplinary settings. Prereq: All Medical Laboratory Science certification track required courses except for MedLbS 5089. Repeatable to a maximum of 5 cr hrs or 5 completions. This course is graded S/U.
5690 Advanced Topics in Medical Laboratory Science	U G 1 - 5	Introduction to skills and resources necessary to enhance professional development and facilitate professional goal setting. Prereq: Enrollment in Medical Laboratory Science program, or permission of instructor.
5693 Individual Studies	U G 1 - 15	Guided study or individual readings, research, or experiences related to medical laboratory science. Prereq: Admission to Medical Laboratory Science program, or permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions. This course is graded S/U.
5890 Seminar in Medical Laboratory Science	U G 1 - 5	Introduction to the skills and resources necessary to enhance professional development and facilitate professional goal setting. Prereq: Admission to Medical Laboratory Science program, or permission of instructor. Repeatable to a maximum of 5 cr hrs or 5 completions.
6885 Medical Laboratory Clinical Teaching Practicum	G 2 - 5	Supervised experience in clinical education. Prereq: Admission to Medical Laboratory Science program, or permission of instructor. Repeatable to a maximum of 5 cr hrs or 2 completions. This course is graded S/U.
6890 Medical Laboratory Graduate Seminar	G 2 - 5	Investigation of current topics in medical technology. Prereq: Admission to Medical Laboratory Science program, or permission of instructor. Repeatable to a maximum of 5 cr hrs or 2 completions. This course is graded S/U.

Medicine, College of

2000.21 Introduction to Medicine	U 2	Designed for students interested in a career in medicine, this course will provide an overview of the field (knowledge and skill requirements), information about prerequisites and applying to medical school. Recommended prereq: Soph or Jr standing. This course is graded S/U.
2022 A Day in the Life: Undergraduate Physician Shadowing	U 1	Deciding on whether medicine is the right career choice for someone interested in the health professions is challenging. This course is designed to provide a meaningful preceptorship experience with physicians in various disciplines in order to provide the student with a better understanding of the field. A better understanding of medicine is a crucial part of the application process to med school. Prereq: Soph, Jr, or Sr standing. Preference given to those who completed MedColl 2000.21. This course is graded S/U.
4126 Sexual Orientation, Gender Identity, and Health	U 3	This course is an introduction to LGBT health, including a study of demographics, the background of key healthcare disparities/inequities, and concepts of the interaction between society and health of specific populations within the LGBT community. Prereq: Soph, Jr, or Sr standing.

4660H Primary Care Across Countries	U 3	This participatory interdisciplinary seminar course will provide a broad perspective to those interested in various aspects of the delivery of primary care services. Specifically, the course will explore why access to high quality, consistent, and comprehensive primary care is central to achieving Health for All. Prereq: Honors standing, or permission of instructor.
5000 Responsible Conduct of Research & Research Ethics	U G M 1	Within research, ethics is considered to be the safeguard of both the researcher and the participant. This course will examine cases which hold to demonstrate this statement. It will analyze a complex system of policies and regulations that govern human subject research and scientific integrity. This class also satisfies the basic components of Responsible Conduct of Research (RCR) education. This course is graded S/U.
6880.01 Interprofessional Education: Seminar on Interprofessional Care	M 2	Develop and practice skills necessary for interprofessional collaboration in solving complex human problems .Case based. Limited to students enrolled in Allied Med, Edu, Law, Med, Nursing, Soc Work, Ed & Hum Eco & Theology. Prereq: Enrollment in the College of Medicine Professional MD program. Repeatable to a maximum of 4 cr hrs.
6887 Inter-departmental seminar	M 1 - 3	Inter-departmental focus on topics of Scientific Inquiry, Quality and Patient Safety, Patient Care and Evidenced Based Medicine. Prereq: Enrollment in the College of Medicine Professional MD program. This course is progress graded (S/U).
7100 Teaching and Assessing Professionalism in the Biomedical Sciences	G 3	This course is grounded in three paradigms of modern biomedical professionalism and focuses on designing teaching and assessments necessary for a developmental process that encourages the transformation from lay person to health care professional. Prereq: Acceptance into the Master of Arts in Educational Studies, Biomedical Education specialization, or permission of instructor.
7193 Individual Studies in Emergency Medicine	G 1 - 3	Research on a basic science or clinical issue in Emergency Medicine (under faculty supervision). Prereq: Permission of instructor, and good standing in the M.S. program in Medical Sciences. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.
7600 Introduction to Medicine	M 0	An introductory course describing curriculum choices and requirements, support services and security procedures for new medical students in the College of Medicine. Prereq: Enrollment in the College of Medicine, and first-semester medical student. This course is progress graded (S/U).
7670 Patient Centered Research	M 1½	Lectures and small group discussions will cover an introduction to humanistic aspects of medical research and human experimentation, including historical, socio-political, economic, and ethical aspects. Prereq: Enrollment in College of Medicine. Repeatable to a maximum of 9 cr hrs. This course is progress graded (S/U). Cross-listed in IBGP.
7680 Independent Study in Geriatrics and Aging	G 1 - 2	Opportunity for individualized study in the fields of aging, gerontology, and/or geriatrics. Allows for examination of a social, community, or organizational problem; or medical, public health, social welfare issue; etc. in the context of aging. Prereq: Permission of instructor. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.
7689 Interdisciplinary Approach to Patient Care	M 1 - 3	Collaborate with students from other health care professions including pharmacy, physical therapy, medical dietetics, nursing, and medicine. The students will use a problem-based learning approach to patient care. Prereq: Enrollment in MD program. This course is progress graded (S/U).
7690 Graduate Career Independent Study	G 1	Graduate Level independent study working closely with Dr. Klatt on Mindfulness/Resilience/Yoga scholarly projects. Prereq: Permission of instructor. This course is graded S/U.
7693 Individual Studies	M 3 - 16	Special studies in medicine; nature of life processes; foundational science; clinical science; pathophysiology and manifestation of disease. This is a supervised individualized program. Offered all semesters. Prereq: Enrollment in MD program, and permission of instructor. Repeatable to a maximum of 32 cr hrs or 2 completions. This course is progress graded (S/U).

306 Medicine, College of

7694	Interprofessional Care for the Underserved Patient	G	2	2217	Shakespeare's London	U	3
A longitudinal course involving masters of social work, medicine, and pharmacy students in which teams of students will assume longitudinal care of under served patients at the Columbus Free Clinic. This course will help students develop practical competency in the interprofessional delivery of patient-centered longitudinal care, with emphasis on collaborative communication and problem solving.				The history, politics, and culture of London in the age of Shakespeare and the Tudors from the Protestant Reformation to the Great Fire (1666).			
Prereq: Enrollment in the College of medicine, pharmacy, or masters of social work. This course is graded S/U. Cross-listed in Phr.				Prereq: Not open to students with credit for Medieval 217. GE culture and ideas and diversity global studies course.			
7700.04	Interprofessional Practicum in Clinical Care: Aging	G M	2 - 3	2510	Court of Charlemagne	U	3
Students experience the breadth, scope, and importance of clinical gerontology in an interdisciplinary team setting through leadership and perspectives of academic and community health and social service providers.				Barbarian invasions, Dark Age church history, Charlemagne's campaigns to rebuild the Empire and thwart Muslim incursions, and the epics that relate it all.			
This course is graded S/U.				Prereq: Not open to students with credit for Medieval 210. GE culture and ideas and diversity global studies course.			
7710	Health Literacy	M	1 - 2	2513	Medieval Russia	U	3
Examine and analyze issues of low health literacy, including populations at risk, research, measurement tools, writing in plain language; health communication techniques; and organizational approaches.				The diversity of medieval Russian culture focused on Moscow, Novgorod, and Kiev: religion, society, politics, art, and architecture.			
Prereq: Grad standing in Health Sciences Professions, Literary Studies Specialization (ASC), Geriatrics Specialization (College of Medicine), or Teaching (College of Education & Human Ecology), or permission of faculty coordinator. This course is progress graded (S/U). Cross-listed in Pharmacy, ArtsSci, Nursing, Medicine, and AlliMed.				Prereq: Not open to students with credit for Medieval 213. GE culture and ideas and diversity global studies course.			
7711	From the Page to the Bedside: Literature for Physicians	M	1	2514	Golden Age of Islamic Civilization	U	3
Study of literary works that engage with issues of illness, treatment, and medical ethics. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.				Baghdad 786-861 A.D.: Arab, Persian and Greek contributions to Abbasid society; competing visions of correct Islamic belief; and the coexisting (often conflicting) courtly literary culture.			
Prereq: Enrollment in College of Medicine. Repeatable to a maximum of 6 completions. This course is graded S/U.				Prereq: Not open to students with credit for Medieval 214. GE culture and ideas and diversity global studies course.			
7762	Clinical Foundations I	M	0 - 22	2516	The Medieval Jewish Experience	U	3
Study of human development, biology, pathophysiology and behavior in a patient-oriented organ-system interdisciplinary manner. Developmental acquisition of the knowledge, skills and attitudes for an effective patient centered clinical encounter.				A survey of ten centuries of medieval Jewish culture from the rise of Islam to the death of Shabbetai Zvi, the false Messiah (1676).			
Prereq: Enrollment in College of Medicine. Repeatable to a maximum of 6 completions. This course is graded S/U.				Prereq: Not open to students with credit for Medieval 216, Hebrew 2216 (216), or JewshSt 2516. GE cultures and ideas and diversity global studies course. Cross-listed in Hebrew 2216 and JewshSt 2516.			
7763	Clinical Foundations II	M	2 - 20	2610	Science and Technology in Medieval and Renaissance Culture	U	3
Study of human development, biology, pathophysiology and behavior in a patient-oriented organ-system interdisciplinary manner. Developmental acquisition of the knowledge, skills and attitudes for an effective patient centered clinical encounter.				The history of science in the medieval and early modern world, including medicine, alchemy, optics, map-making, city-planning, and technology through images, texts, and material culture. GE cultures and ideas course.			
Prereq: Enrollment in College of Medicine. Repeatable to a maximum of 6 completions. This course is graded S/U.							
7790	Introduction to Applied Gerontology	G M	2	2618	Travel and Exploration	U	3
Provides a foundation for the further study of aging and development of improved aging services. Physiological, cognitive, and social dimensions of aging are considered.				Intercultural contact between Europe (Spain, Portugal, and other nations) and the 'New Worlds' is explored through early modern narratives of travel, conquest, shipwrecks, and captivity.			
Prereq: Not open to students with credit for 790. This course is graded S/U.				Prereq: Not open to students with credit for Medieval 218. GE culture and ideas and diversity global studies course.			
7795	Issues and Trends in Aging	G M	2	2666	Magic and Witchcraft in the Middle Ages and Renaissance	U	3
Study of national, state and local policy issues related to the older population. Problem-based approach is used to assess impact on current and future practices.				A study of the history of witchcraft and magic from 400 to 1700 C.E. within sociological, religious and intellectual contexts.			
Prereq: Not open to students with credit for 795. This course is graded S/U.				Prereq: Not open to students with credit for Medieval 240. GE culture and ideas and diversity global studies course.			
8664	Med 3 and 4: Clinical Medicine	M	3 - 20	2888	Holy Heroes: Saints' Lives	U	3
Didactic and clinical instruction in family medicine, internal medicine, neurology, obstetrics and gynecology, pediatrics, psychiatry, and surgery; experience in outpatient, community, and inpatient services.				Study of popular medieval narrative genre in its cultural context; development of ideals of sanctity in the lives of martyrs, confessors, holy fools, and ascetics. GE lit course.			
Prereq: 7663. Repeatable to a maximum of 12 completions. This course is progress graded (S/U).							
8764	Clinical Applications	M	3 - 20	3194	Group Studies	U	3
Foundational and clinical instruction in family medicine, internal medicine, neurology, obstetrics and gynecology, pediatrics, psychiatry, and surgery. Experiential learning in the inpatient, outpatient and community setting.				Topic varies; special subjects not covered by regular courses.			
Prereq: Enrollment in College of Medicine. Repeatable to a maximum of 6 completions. This course is graded S/U.				Repeatable to a maximum of 9 cr hrs.			
8864	Advanced Clinical Management	M	3 - 20	4193	Individual Studies	U	1 - 3
Development of the knowledge, skills, attitudes and behaviors that are required in rapid management and chronic care scenarios. Focus on team communications in life threatening situations and in coordination of care.				Students may register for individual directed study under this number for work not normally offered in courses.			
Prereq: Enrollment in College of Medicine. Repeatable to a maximum of 6 completions. This course is graded S/U.				Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.			
Medieval and Renaissance Studies							
2211	Medieval Kyoto: Portraits and Landscapes	U	3	4217	Early Modern London: Urban Spaces and Popular Culture	U	3
Exploration of cultural, political and economic life in Kyoto, Japan from ca. 900-1467 with emphasis on role of imperial court and rising warrior class. Taught in English.				Students explore the literature, urban space, and popular culture of London from the start of the Protestant Reformation in the 1520s up to the Great Fire of London in 1666 through varied primary sources and recent scholarship.			
Not open to students with credit for Medieval 211. GE culture and ideas and diversity global studies course.							
2215	Gothic Paris: 1100-1300	U	3	4504	The Arthurian Legends	U	3
The arts, architecture, poetry, history, music, theology, food, and fashion of Paris in 1100-1300, the age of Gothic cathedrals and the birth of the university.				The medieval tales of King Arthur's court and the Knights of the Round Table in history, myth, literature, art, and music.			
Prereq: Not open to students with credit for Medieval 215. GE culture and ideas and diversity global studies course.				Prereq: 6 cr hrs in literature. Not open to students with credit for Medieval 504.			
4998	Undergraduate Research	U	1 - 4	4998H	Honors Research	U	1 - 4
Independent study in Medieval and Renaissance culture and civilization.				Independent study in Medieval and Renaissance culture and civilization.			
Prereq: 6 cr hrs in Medieval and Renaissance Studies at the 2000 level, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.				Prereq: Honors standing, and 6 cr hrs in Medieval and Renaissance Studies at the 2000 level, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			

Medieval and Renaissance Studies 307

4999	Research for Thesis	U	1 - 4
Independent study in Medieval and Renaissance culture and civilization.			
Prereq: 6 cr hrs in Medieval and Renaissance Studies taken at the 2000 level, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
4999H Honors Thesis Research			
		U	1 - 4
Independent study in Medieval and Renaissance culture and civilization leading to the completion of an undergraduate thesis.			
Prereq: Honors standing, 6 cr hrs in Medieval and Renaissance Studies at the 2000 level, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
5194	Group Studies	U G	3
Interdisciplinary group studies of selected topics in Medieval and Renaissance culture and civilization.			
Prereq: 6 cr hrs in MedRen at 2000 level or above. Repeatable to a maximum of 9 cr hrs.			
5610	Manuscript Studies	U G	3
An examination of the development of Latin book production from late antiquity to the Renaissance in the cultural context of the Middle Ages.			
Prereq: Jr, Sr, or Grad standing. Not open to students with credit for Medieval 610.			
5611	History of the Book Studies	U G	3
A study of the construction and transmission of books during the era of the hand press (c.1450-1800).			
Prereq: Jr, Sr, or Grad standing, or permission of instructor. Not open to students with credit for Medieval 611.			
5631	Survey of Latin Literature: Medieval and Renaissance	U G	3
Survey of selected authors representative of the Medieval and Renaissance periods of Latin literature with discussion of historical background and critical approaches.			
Prereq: Latin 1103, or equiv. Not open to students with credit for Medieval 631.			
5695	Advanced Seminar in Medieval and Renaissance Studies	U G	3
Interdisciplinary group studies of selected topics in Medieval and Renaissance culture and civilization, with a focus on research and writing skills. Capstone for MedRen majors.			
Prereq: 6 credit hours in MedRen at the 2000 level or above. Repeatable to a maximum of 9 cr hrs.			
7899	Medieval and Renaissance Colloquia	G	1
Graduate students completing the CMRS Graduate Certificate and GIS participate in Medieval and Renaissance lecture series events, film series, and discussions with visiting faculty.			
Prereq: Grad standing. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.			
8193	Individual Studies	G	1 - 3
Students may register for individual directed study under this number for work not normally offered in courses.			
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			

Microbiology

2200	Genome Biology	U	1
DNA sequencing and analysis of bacteriophage genomes. Special emphasis on mycobacteriophage as part of the Howard Hughes Medical Institute National Genomics Research Initiative.			
Prereq: Biology 1113 with participation in the Howard Hughes Medical Institute National Genomics Research Initiative, or permission of instructor. Cross-listed in Biology 2200.			
3194 Group Studies			
		U	1 - 3
Study of selected topics in microbial and cellular biology.			
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
3300	The Biology of Pollution	U	2
A general consideration of the interactions of environmental pollutants and biological systems.			
Prereq: 3 cr hrs in Biology. Not open to students with credit for Micribiol 301.			
3704	HIV: From Microbiology to Macrohistory	U	3
This course is an interdisciplinary exploration of HIV/AIDS, tracing the evolution of the virus at both the molecular level and within its global historical context. This course is team-taught by a virologist and a historian.			
Prereq or concur: English 1110.xx, or permission of instructor. Not open to students with credit for History 3704. Cross-listed in History.			
3798.05	HIV in Context: East Africa	U	4
This course is an interdisciplinary exploration of the real world impact of- and response to HIV/AIDS.			
Prereq: English 1110.xx, or permission of instructor. Not open to students with credit for History 3798.05. GE historical study and education abroad course. Cross-listed in History.			
4000.01	Basic and Practical Microbiology	U	4
Provides an understanding of microorganisms and their interaction with the human experience.			
Prereq: 3 cr hrs in Biology. Not open to students with credit for 4000 or 4000.02. GE nat sci bio course.			

4000.02	Basic and Practical Microbiology	U	4
Provides an understanding of microorganisms and their interaction with the human experience.			
Online/in-person hybrid version of Micrbio 4000.01.			
Prereq: 3 cr hrs in Biology. Not open to students with credit for 4000 or 4000.01. GE nat sci bio course.			
4100	General Microbiology	U	5
Fundamental principles of microbiology and the characteristics of microorganisms with emphasis on their structure, molecular biology, growth, classification, physiology, ecology, biotechnology, ecology, and applied microbiology.			
Prereq: Biology 1113 or 1113H. Prereq or concur: Chem 2510.			
4110	Microbial Pathogenesis and Immunobiology	U	3
Provides an overview of microbe-host interactions with an emphasis on virulence mechanisms of bacterial pathogens, host infection routes, immune recognition of microbes, and the cellular and molecular effectors of the host immune system.			
Prereq: 4000 (509) or 4100 (520). Not open to students with credit for MicrBiol 524.01.			
4120	Microbial Physiology and Diversity	U	3
Principles of microbial growth, metabolism, microbial structure and function, and regulation of microbial metabolism.			
Prereq: 4100 (521) and prereq or concur: Biochem 4511 (511). Not open to students with credit for MicrBiol 661.			
4130	Microbial Genetics	U	3
Structure, maintenance, expression, and exchange of genetic materials in microbial cells.			
Prereq: 4100, MolGen 4500, or 4606.			
4140	Molecular Microbiology Laboratory	U	3
Advanced laboratory covering structure, maintenance, expression and exchange of genetic materials in microbial cells and methods in immunobiology.			
Prereq or concur: Micrbio 4130 (Micribiol 581.01). Not open to students with credit for MicrBiol 581.02.			
4150	Immunobiology Laboratory	U	3
This course will provide an introduction to the experimental approaches and laboratory methods commonly used in Immunology research. Topic areas include the purification, characterization and applications of antibodies, the characterization and responses of cells and organs of the immune system, and cell culture techniques for the use of eukaryotic cells in immunology research.			
Prereq: 4110, or 5122, or permission of the Instructor.			
4193	Individual Studies	U	1 - 3
Study of selected topics in microbial and cellular biology. Outlined by instructor to meet individual student's needs.			
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
4194	Group Studies	U	1 - 3
Study of selected topics in microbial and cellular biology.			
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
4591S	DNA Finger Printing Workshops	U	1
A service learning course whereby undergraduates mentor high school students in molecular biology workshops. Undergraduates present workshops in Columbus Public Schools.			
Sp Sem. Prereq: MolGen 4500 (500) or 4606 (606). Repeatable to a maximum of 3 cr hrs. This course is graded S/U. Cross-listed in MolGen and Biochem.			
4797	Study at a Foreign Institution	U	1 - 18
An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.			
Prereq: Permission of department. Repeatable to a maximum of 36 cr hrs or 2 completions. This course is progress graded (S/U).			
4798.01	Study Tour at a Domestic Institution	U	1 - 18
Specific content, location, semester(s) of offering, and prerequisites vary; contact department office for details.			
Prereq: Permission of department. Repeatable to a maximum of 36 cr hrs or 2 completions. This course is progress graded (S/U).			
4798.02	Study Tour at a Foreign Institution	U	1 - 18
Specific content, location, semester(s) of offering, and prerequisites vary; contact department office for details.			
Prereq: Permission of department. Repeatable to a maximum of 36 cr hrs or 2 completions. This course is progress graded (S/U).			
4998	Undergraduate Research in Microbiology	U	1 - 5
Laboratory and bioinformatics based research in all areas of microbiology.			
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 8 completions. This course is graded S/U.			
4998H	Honors Research in Microbiology	U	1 - 5
Laboratory and bioinformatics based research in all areas of microbiology.			
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 20 cr hrs or 8 completions. This course is graded S/U.			

308 Microbiology

4999 Undergraduate Research in Microbiology-Thesis	U	1 - 5	6080 Advanced Microbial Genetics	G	3			
Laboratory and bioinformatics based research in all areas of microbiology. Thesis. Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 2 completions. This course is graded S/U.								
4999H Honors Research in Microbiology-Thesis	U	1 - 5	6789 Research Principles and Techniques in Microbiology	G	1 - 8			
Laboratory and bioinformatics based research culminating in an Honors thesis. Prereq: Honors standing, and Jr or Sr standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 2 completions. This course is graded S/U.								
5122 Immunology	U G	2	7010 Cellular and Molecular Immunology	G	3			
Cellular and molecular properties of the immune system. Prereq: 4000 (509) or 4100 (520). Not open to students with credit for MicrBio 522.01.								
5129 Cellular and Molecular Biology of Pathogenic Eukaryotes	U G	3	Cellular and molecular mechanisms of immune response, cell recognition and communication, molecular biology of cell recognition structures, cytokines, and effector mechanisms. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 701 or MVIMG 7010 (701). Cross-listed in MVIMG.					
Cellular biology and molecular aspects of parasitism. Prereq: 4100, or permission of instructor. Not open to students with credit for MicrBio 629.								
5147 Eukaryotic Pathogens	U G	3	7020 Physiology Meets Pathogenesis	G	2			
Presentations will cover the medically important fungal and parasite pathogens and the virulence mechanisms employed at the host-pathogen interaction to overcome host defenses. Current and potential therapeutic strategies will also be discussed. Prereq: 4100 (520), or permission of instructor. Not open to students with credit for MicrBio 647.								
5149 Introductory Virology	U G	3	The physiological basis for growth and virulence of microbes in the host. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 702.					
Basic principles of virology with discussion of structures; virus-host cell interactions, detection, production, and control; animal bacterial, insect, and plant viruses used as examples. Prereq: 4100 (520). Not open to students with credit for MicrBio 649.								
5155 Environmental Microbiology	U G	3	7060 Advanced Topics in Molecular Microbiology	G	2			
The role of microorganisms and underlying biological principles in elemental cycles and degradation of natural and man-made compounds. Prereq: MicrBio 4000 (MicrBio 509) or 4100 (520). Not open to students with credit for 665.								
5160 Geomicrobiology	U G	3	Specialized metabolic pathways, regulation and control mechanisms, and bacterial biochemistry. Prereq: 6020, or permission of instructor. Not open to students with credit for 760.					
The role of microorganisms in shaping our environment through mineralogical and geochemical processes at both local and global scales, in the present day and over geologic time periods. Prereq: Sr or Grad standing in School of Earth Sciences, Department of Microbiology, Department of Civil, Environmental, and Geodetic Engineering, or School of Environment and Natural Resources. Not open to students with credit for EarthSc 5160. Cross-listed in EarthSc.								
5161H Bioinformatics and Molecular Microbiology	U G	3	7070 Antibiotics	G	3			
Application of computational tools to the analysis of microbial genomes and their gene products. Prereq: Honors standing, and MicrBio 4130 (MicrBio 581.01) or MolGen 4500 (500), and BioChem 4511 (511); or permission of instructor. Not open to students with credit for MicrBio 610H.								
5169 Microbial Evolution	U G	3	This is a literature-based course using a combination of faculty lectures and student-led discussions. This course will introduce students to the major classes of antibiotics, their modes of action, and the various resistance mechanisms that counteract their inhibitory activities. Prereq: Grad standing; or permission of instructor, and approved petition by Grad School.					
Evolution and evolutionary ecology of bacteria, viruses, and other microorganisms: mutation, selection, gene exchange, macroevolution, social interactions, coevolution, endosymbioses, emerging virulence, and increasing complexity. Prereq: 6 cr hrs in Biology, or permission of instructor. Not open to students with credit for 5169H (MicrBio 669H).								
5536 Food Microbiology Lecture	U G	3	7193 Individual Studies	G	1 - 5			
Microorganisms in relation to the production, processing, and handling of food with emphasis on food transmitted pathogens and minimizing public health risks. Prereq: 4000 (509), 4100 (520), or permission of instructor. Not open to students with credit for MicrBio 636.01 or FDSCTE 636.01. Cross-listed in FDSCTE 5536.								
5546 Food Microbiology Laboratory	U G	3	Enrollment in non-thesis master's program and written permission of instructor. Not open to thesis MS candidates or PhD candidates. Outlined by instructor to meet individual student's needs. Prereq: Permission of instructor. Not open to Plan A thesis MS or PhD candidates. Repeatable to a maximum of 30 cr hrs or 6 completions. This course is graded S/U.					
Laboratory training for determining the microbiological safety and quality of food with emphasis on handling pathogens and observing analyst's safety. Prereq: 5536 (636.01) or FdScTe 5536 (636.01). Not open to students with credit for 636.02 or FdScTe 636.02. Cross-listed in FdScTe 5546.								
5800 Organelle Biology	U G	2	7536 Advanced Food Microbiology I	G	2			
Structure and function of plastids and mitochondria, apicoplasts and hydrogenosomes. Prereq: MolGen 4500 (500), 4500E, or 4606 (606), or permission of instructor. Cross-listed in MolGen.			Food borne microbes of significance to health and industrial applications, metabolic pathways enabling these organisms survival in the environment and hosts, approaches for studying food-borne microorganisms. Prereq: 5536 (MicrBio 636.01) or FdScTe 5536 (636.01), and MicrBio 4100 (MicrBio 520); or permission of instructor. Not open to students with credit for MicrBio 736 or FdScTe 7536 (736). Cross-listed in FdScTe.					
6010 Principles of Microbiology	G	2	7600 First Year Student Orientation	G	1			
Principles of Microbiology: research practices, conduct and expectations for graduate students, and an introduction to microbiology through landmark papers in the field. Prereq: Grad standing, or permission of instructor.			Orientation for first-year students in Microbiology and partner graduate programs; lectures on topics important for successful graduate experience; training in presenting scientific work; training in research ethics. Prereq: Not open to students with credit for OSBP 7600 (760), MCDBio 7600, MolGen 7600, or Biophys 7600. This course is graded S/U. Cross-listed in Biophys, MCDBio, MolGen, and OSBP.					
6020 Microbial Physiology and Biochemistry	G	3	7724 Molecular Pathogenesis	G	3			
Principles of microbial growth, metabolism, microbial structure and function, regulation of microbial metabolism and an introduction to the diversity of microorganisms. Prereq: Grad standing, or permission of instructor. Not open to students with credit for MicrBio 661 or 720.			In-depth presentation and discussion of the molecular and cellular mechanisms of pathogenesis, emphasizing current research in the field. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 724 or IBGP 7240 (724). Cross-listed in IBGP 7240.					
7899 Microbiology Colloquium	G	1	7998 Research in Microbiology	G	1 - 8			
Microbiology Colloquium. Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.			Research in microbiology for graduate students prior to completing the Candidacy Examination. Prereq: Permission of instructor. Not open to students who have passed the Candidacy Examination. Repeatable to a maximum of 60 cr hrs or 12 completions. This course is graded S/U.					
7999 Research in Microbiology MS Thesis	G	1 - 8	8050 The RNA World	G	2			
Research in Microbiology toward completion of a MS thesis. Prereq: Permission of instructor. Repeatable to a maximum of 24 cr hrs or 3 completions. This course is graded S/U.			Evolution, structure and function of RNA with topics including RNA catalysis, RNA editing and modification, ribosomes, ribozymes, tRNA, telomerase, tmRNA, and alternative translation strategies. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 850.					

8193	Individual Studies	G	1 - 5
Selected topics in microbiology outlined by instructor to meet individual student's needs.			
	Prereq: Permission of instructor. Not open to MS candidates. Repeatable to a maximum of 30 cr hrs or 6 completions. This course is graded S/U.		
8194	Group Studies	G	1 - 5
Group work on special topics in microbial or cellular biology.			
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions.		
8899	Seminar in Microbiology	G	1
Seminar in Microbiology.			
	Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.		
8999	Research in Microbiology	G	1 - 8
Research for doctoral dissertation only.			
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.		

Military Science

1100.01	Boot Camp Style Physical Fitness Training	U	1
Introduction to U.S. Army "Boot Camp" style physical fitness training. Teamwork and motivation combine with U.S. Army instructors to generate tough, non-nonsense, non-stop mental and physical training.			
	Au, Sp Sems. Prereq: Students must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, in order to participate in any Army ROTC physical activity. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
1100.02	Basic Mountaineering Course	U	1
Training in the fundamental knowledge and skills required to successfully conduct basic U.S. Army mountaineering and rappelling. Students must sign waivers provided by the OSU Area Recreation Center (ARC) and the U.S. Army Cadet Command.			
	Au, Sp Sems. Prereq: Students must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, students must sign waivers provided by the OSU Area Recreation Center (ARC) and the U.S. Army Cadet Command. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
1101	Introduction to the Army and Critical Thinking	U	1
Introduction to the personal challenges and competencies that are critical for effective leadership. Students learn how developing time and stress management skills, and physical fitness relate to leadership and the Army Profession. No military obligation is required. This course is open to all OSU students.			
	Prereq: All Cadets enrolled in a Military Science course must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, in order to participate in any Army ROTC physical activity including: marching, laboratory, and field training exercises.		
1102	Introduction to the Profession of Arms	U	1
The organization and branches of the Army, basic military skills, and fundamentals of leadership. Students explore dimensions of leadership values, attributes, skills, and actions in the context of Squad level tactics. No military obligation is required. This course is open to all OSU students.			
	Prereq: All Cadets enrolled in a Military Science course must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, in order to participate in any Army ROTC physical activity including: marching, laboratory, and field training.		
2001	Leadership and Decision Making	U	2
This course is designed to develop individual leadership skills and inspire self-confidence through experiential learning activities, using critical reasoning and problem solving skills, while applying communication and conflict resolution skills.			
	Prereq: All Cadets enrolled in Military Science courses must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, in order to participate in any Army ROTC physical activity including: physical fitness training, laboratory, and field exercise training.		
2002	Army Doctrine and Team Development	U	2
The course places emphasis on teamwork in developing effective leadership skills, self-confidence, critical reasoning, problem solving skills, and applying communication and conflict resolution skills during training exercises.			
	Sp Sem. Prereq: All students are eligible for the lecture portion of Military Science courses, however, students who wish to participate in any Army ROTC physical activity including: physical fitness training, laboratory, and field training exercise, must have a physician complete a Department of the Army Form 345-R, Medical Fitness Statement prior to participating in the physically demanding portions.		
3001	Training Management and the Warfighting Functions	U	3
This is an academically challenging course where students will study, practice, and apply the fundamentals of Army leadership, Officership, Army values and ethics, personal development, and small unit tactics at the team and squad level.			
	Prereq: Permission of department chairperson or instructor. This is the first course for the junior and senior level Army ROTC program that leads to a commission as a Second Lieutenant in the U.S. Army. Students pursuing a minor only in Military Science must meet with the Admissions and Scholarship Officer for approval of the Military Science only program.		

3002	Applied Leadership in Small Unit Operations	U	3
Emphasis on leadership, planning, coordinating, navigating, motivating and leading a team or squad in execution of a tactical mission during a classroom Practical Exercise, a Leadership Lab, or a Situational Training Exercise in a field environment.			
	Prereq: 3001, or permission of instructor. All Cadets enrolled in Military Science course must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, in order to participate in any Army ROTC physical activity including: marching, laboratory, and field exercise training.		
4001	The Army Officer	U	3
Practical application of adaptive leadership that transitions the focus of student learning from being trained, mentored and evaluated as an MS III Cadet to learning how to train, mentor and evaluate underclass Cadets.			
	Prereq: 3002, or permission of chairman. All Cadets enrolled in a Military Science course must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, in order to participate in any Army ROTC physical activity including: physical training, laboratory and field training exercises.		
4002	Company Grade Leadership	U	3
Exploration of the dynamics of leading in the complex situations of current military operations. Students will examine the differences in customs, military law, principles of war, and rules of engagement in the face of international terrorism.			
	Prereq: 4001, or permission of chairman. All Cadets enrolled in a Military Science course must have a physician complete a Department of the Army DA Form 345-R, Medical Fitness Statement for Enrollment in Basic Course, Senior ROTC, in order to participate in any Army ROTC physical activity including: physical training, laboratory and field training exercises.		
4193.01	Military Science Individual Studies	U	1
This course is for Army ROTC Scholarship Cadets who have completed all Military Science courses required for commissioning but who still need to enroll in other university courses for graduation. Cadets must confirm with the department Scholarships and Admissions Officer that they are designated as an MS 5 Cadet and will continue to receive their Army Scholarship. Prereq: 4002, and permission of instructor. Not open to students with credit for 4193. This course is graded S/U.			
	4193.02	Cadet Advance Camp	U 1
This is a one credit-hour course to prepare Cadets for Cadet Advance Camp. Course is not repeatable.			
	Prereq or concr: 3001.		
4193.03	Review of Army Literature	U	1
Cadets will study a topic based on the recommended reading list from U.S. Army Cadet Command. Cadets also have the option of choosing an article from a recent journal of The US Army War College Quarterly-Parameters. The journal can be downloaded from the web. Selected readings from Cadet Command or Parameters must be reviewed with the instructor. A term paper is due the week of ROTC Final exams.			
	Prereq: 4002, and permission of instructor. This course is graded S/U.		

Modern Greek

1101	Elementary Modern Greek	U	5
Introduces students to the language, covering the basic skills of reading, understanding and writing (Autumn semester). Not open to native speakers, or to students with 3 or more years of study in high school, except by permission of instructor.			
	Prereq: Not open to students with credit for 102. This course is available for EM credit. GE for lang course.		
1102	Intermediate Modern Greek I	U	5
Offers intensive study of grammar and syntax, with extensive oral and written practice (Spring semester). Not open to native speakers of this language through regular course enrollment or EM credit.			
	Prereq: 1101. Not open to students with credit for 103. This course is available for EM credit. GE for lang course.		
1103	Intermediate Modern Greek II	U	3
Continues the 1101-1102 sequence. The course helps students expand their vocabulary and improve their fluency in speaking the language (Autumn only). Not open to native speakers of this language through regular course enrollment or EM credit.			
	Prereq: 1102. Not open to students with credit for 104. This course is available for EM credit. GE for lang course.		
2000	Athens: The Modern City	U	3
The history and culture of modern Athens. The way events such as wars and migration transformed the urban fabric of the city.			
	Prereq: Not open to students with credit for 200. GE cultures and ideas and diversity global studies course.		
2100	Greece and Beyond: The Crossing of Borders Through Film	U	3
Examines cross-cultural encounters between the Greeks and other peoples as depicted in film. GE culture and ideas and diversity global studies course.			
	2193	Individual Studies	U 1 - 3
Individual studies.			
	Prereq: 1003 or equiv, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.		

310 Modern Greek

2194	Group Studies	U	1 - 3	
	Topics in Modern Greek studies.			
	Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions.			
2240	Travels to Greece: The Search for a Cultural Ideal	U	3	
	Starting in antiquity and ending in today's mass tourism and global migration, the course will introduce students to the phenomenon of travels to Greece. It will examine the reasons people have gone to Greece over the ages and why they have turned Greece into travel ideal. GE cultures and ideas course.			
2240H	Travels to Greece: The Search for a Cultural Ideal	U	3	
	Considers the phenomenon of travel to Greece through the centuries. GE cultures and ideas course.			
2367	Reading and Writing About Issues in Greek-American Society and Culture	U	3	
	Exploration of representative features of Greek-American culture and reflection on the social diversity in the United States.			
	Prereq: English 110, 111 or equiv. Soph standing. Not open to students with credit for 367. GE writing and comm course: level 2 and diversity soc div in the US course.			
2410	Culture of Contemporary Greece	U	3	
	A general survey of socio-cultural trends and issues in modern Greece through close analysis of literature and the other arts.			
	Prereq: Not open to students with credit for 241. GE cultures and ideas and diversity global studies course.			
2680	Folklore of Contemporary Greece	U	3	
	A general survey of socio-cultural trends and issues in modern Greece through close examination of ethnographies and other folk expressions.			
	Prereq: Not open to students with credit for 268. GE VPA and diversity global studies course.			
3570	CLLC Radio	U	3	
	Student partners prepare 3 target language broadcasts, each 1 hour in length. Broadcasts stream live over the Internet, then become podcast for public use. Student "DJs" conduct target language research on radio broadcast history and at least 15 thematic topics and related music that interests them. Students choose their music and content with approval and guidelines, then produce scripts.			
	Prereq: Permission of instructor.			
3710	Modern Greek Literature in Translation	U	3	
	Review of the Modern Greek literary tradition of the last two centuries through representative works and from a theoretical perspective.			
	Prereq: Jr or Sr standing. Not open to students with credit for 371. GE lit and diversity global studies course.			
4001	Advanced Modern Greek I	U	3	
	Introduces journalism, literary prose, and media. Students practice discussion and composition.			
	Prereq: 1103. Not open to students with credit for 401.			
4002	Advanced Modern Greek II	U	3	
	Completes the language sequence. Students develop translation skills and continue practicing conversation and composition.			
	Prereq: 4001. Not open to students with credit for 402.			
4998	Research	U	1 - 3	
	A program of study arranged for each student.			
	Prereq: Sr standing, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
4998H	Honors Research	U	1 - 3	
	A program of study arranged for each student.			
	Prereq: Honors standing, and Sr standing, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
4999	Thesis Research	U	1 - 6	
	A program of study leading to the writing of a thesis and an oral defense that will integrate the experience of earlier courses in Modern Greek.			
	Prereq: Jr standing or above, and enrollment in Modern Greek Major; or permission of instructor or department. Repeatable to a maximum of 18 cr hrs or 3 completions. This course is graded S/U.			
4999H	Honors Thesis Research	U	1 - 6	
	A program of study leading to the writing of a thesis and an oral defense that will integrate the experience of earlier courses in Modern Greek.			
	Prereq: Honors standing, Jr standing or above, and enrollment in Modern Greek Major; or permission of instructor or department. Repeatable to a maximum of 18 cr hrs or 3 completions. This course is graded S/U.			
5000	Modern Greek Language and Literature	U G	3	
	Literary texts illustrating Greek culture are the basis for discussion and exercises in vocabulary expansion, grammar, syntax, prose composition, and aural comprehension.			
	Au, Sp Sems. Prereq: 4002 (402), or grad standing; or permission of instructor.			
5010	Advanced Studies in Modern Greek Language and Culture	U G	1 - 3	
	Sequel to 4002, giving students the opportunity to continue their studies on an individual and group basis in a structured way with the ultimate goal of achieving bilingualism in speaking, understanding, reading, and writing.			
	Prereq: 4002 with a grade of B or above, and permission of instructor or department chair. Repeatable to a maximum of 27 cr hrs or 9 completions.			
5193	Individual Studies	U G	1 - 3	
	Individual studies.			
	Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
5194	Group Studies	U G	1 - 3	
	Group studies.			
	Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.			
5797	Study at a Foreign Institution	U G	1 - 9	
	An opportunity for students to study at a foreign institution and receive Ohio State credit for that work. Students will pay Ohio State fees and any fees in excess of Ohio State tuition, as well as all travel and subsistence costs.			
	Prereq: Permission of dept chairperson. Repeatable to a maximum of 27 cr hrs or 27 completions. This course is progress graded.			
8110	Seminar	G	3	
	Advanced study of specific topic, involving extensive reading and discussion of appropriate primary and secondary source materials.			
	Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs.			
8999	Dissertation Research in Modern Greek	G	1 - 3	
	Research for dissertation purposes only.			
	Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			
	Molecular Genetics			
2220H	Introduction to Molecular Life Sciences: Research Opportunities and Career Options	U	1	
	Faculty presentations and facility tours to introduce first- and second- year students to research opportunities in molecular life sciences.			
	Prereq: Honors standing, and Biology 1101 (101), 1113 (113), or 1113H (115H), and 3 additional cr hrs in Biological Sciences; or permission of instructor. Not open to students with credit for 220H.			
3300	General Plant Biology	U	3	
	Plant structure and function; growth and development; diversity, reproduction, and evolution of lower and flowering plants; people, the biosphere, and plant diversity.			
	Prereq: Biology 1101 (101), 1113 (113), or 1113H (115H). Not open to students with credit for PlntBio 300 or HCS 300. GE nat sci bio course.			
3436	Introductory Plant Physiology	U	3	
	Topics in plant physiology at the introductory level: diffusion, transpiration, water stress, translocation, photosynthesis, plant growth hormones, tropisms, flowering, and fruit development.			
	Prereq: Biology 1113 (133), 1113H (115H), 1114 (114), 1114H (116H), and 6 cr hrs in Chem. Not open to students with credit for PlntBio 436, 630 or 631.			
4500	General Genetics	U	3	
	The principles of genetics, including molecular genetics, transmission genetics of prokaryotes and eukaryotes, developmental and non-chromosomal genetics, recombinant DNA and genomics, and the genetics and evolution of populations.			
	Prereq: Biology 1101 (101), 1113 (113), or 1113H (115H), and 3 additional sem cr hrs in Biological Sciences. Not open to students with credit for 4606, 500, 500H, 605, or 606.			
4500E	General Genetics	U	4	
	The principles of genetics, including molecular genetics, transmission genetics of prokaryotes and eukaryotes, developmental and non-chromosomal genetics, recombinant DNA and genomics, and the genetics and evolution of populations.			
	Prereq: Biology 1101 (101), 1113 (113), or 1113H (115H), and 3 additional cr hrs in the Biological Sciences. Not open to students with credit for MolGen 4606 (605 and 606), 500, or 500H.			
4501	General Genetics Laboratory	U	1	
	MolGen 4501 Laboratory complements the MolGen 4500 lecture course. It provides a laboratory experiences in a wide range of molecular genetic laboratory techniques and approaches, and utilization of relevant genetic model systems.			
	Prereq or concr: 4500 or 4500E, or permission of instructor. Not open to students with credit for 5601 (601) or 5602 (602).			
4502	Expanded General Genetics Laboratory	U	2	
	Complements MolGen 4500. In-depth laboratory experiences in a wide range of molecular genetic laboratory techniques and approaches, and utilization of relevant genetic model systems.			
	Prereq or concr: 4500 or 4500E, or permission of instructor. Not open for students with credit for 4501, 5601 (601), or 5602 (602).			

4503 Molecular Genetics Writing Project

U 1

Practice in searching, reading, and analyzing literature in molecular genetics, and in written and oral presentation.

Prereq: 4500 (500), 4606, or 605. Not open to students with credit for 503.

4591S DNA Fingerprinting Workshops in Columbus Public Schools

U 1

A service learning course whereby undergraduates mentor high school students in molecular biology workshops.

Prereq: MolGen 4500 (500) or 4606 (606). Repeatable to a maximum of 3 cr hrs. This course is graded S/U. Cross-listed in Biochem and MicrBio.

4606 Molecular Genetics

U 4

A comprehensive genetics course for majors covering transmission and molecular genetics; DNA replication, repair and mutation; transcription and translation; analysis and manipulation of genes at the molecular level.

Prereq: Biology 1113 (113), 1113H (115H), 1114 (114), 1114H (116H), or Chem 1210 (121) or equiv, or permission of instructor. Not open to students with credit for 605 or 606; or 4500 (500) unless waived by instructor.

4700 Molecular Cell and Developmental Biology

U 3

A genetics-based introduction to the structure and function of cells and the early development of invertebrates and vertebrates, with a special focus on the molecular mechanisms underpinning cellular biology and development.

Prereq: 4500 or 4606, or permission of instructor. Not open to students with grades of C- or above in 5607 and 5608, except with permission of instructor/major advisor.

4703 Human Genetics

U 2

This course covers principles of human genetics, including mapping and identification of disease genes, animal models, genetic testing and gene therapy, with a focus on reading the primary scientific literature.

Prereq: Completion of 4500 (500) or 4606 (606) with a minimum grade of C-; or instructor permission. Not open to students with credit for 5733.

4998 Undergraduate Research in Molecular Genetics

U 1 - 5

Undergraduate research in molecular genetics.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 8 completions. This course is graded S/U.

4998H Undergraduate Research in Molecular Genetics

U 1 - 5

Undergraduate research in molecular genetics.

Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 20 cr hrs or 8 completions. This course is graded S/U.

4999 Thesis Research in Molecular Genetics

U 1 - 5

A program of reading and research leading to a senior thesis.

Prereq: Sr standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 2 completions. This course is graded S/U.

4999H Thesis Research in Molecular Genetics

U 1 - 5

A program of reading and research leading to a senior honors thesis.

Prereq: Honors standing, and Sr standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 2 completions. This course is graded S/U.

5193 Individual Studies

U G 1 - 3

Problem may be selected in the fields of molecular genetics, genomics, cell biology, developmental biology and plant sciences.

Prereq: at least 10 credit hours in biological sciences and permission of instructor. Repeatable to a maximum of 10 cr hrs or 4 completions. This course is graded S/U.

5194 Group Studies

U G 1 - 3

Group study of special topics in the fields of molecular genetics, genomics, cell biology, developmental biology, and plant sciences.

Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.

5300 Cancer Genetics

U G 2

Students will learn about the genetic evolution of human cancer. Specifically, the hallmarks of cellular transformation and tumor progression will be discussed. Students will be introduced to modern approaches aimed at targeting genetic aberrations in cancer cells. Includes hands-on training in the use of online databases of cancer genetics.

Prereq: C- or better in 4606 or 4500; or Grad standing.

5601 Eukaryotic Molecular Genetics Lab

U G 3 - 4

Current laboratory techniques used in the genetic, cellular, and molecular analyses of yeast, Drosophila, and other model systems.

Prereq: 4500 (505) or 4606 (606), and Biochem 4511 (511) or equiv, or permission of instructor. Not open to students with credit for 601.

5602 Eukaryotic Cell and Developmental Biology Laboratory

U G 3 - 4

Laboratory course emphasizing techniques and methods central to cell and developmental biology of eukaryotes.

Prereq: 4500 (500) or 4606 (606), and Biochem 4511 (511) or equiv; or permission of instructor. Not open to students with credit for 602.

5607 Cell Biology

U G 3

Analysis of the structure and function of animal and plant cells and their components, stressing molecular genetic and biochemical approaches.

Prereq: 4500 (500), 4500E, or 4606 (606). Not open to students with credit for 607, 607H, 5607E.

5607E Cell Biology

U G 4

Analysis of the structure and function of animal and plant cells and their components, stressing molecular genetic and biochemical approaches. Embedded Honors includes a recitation that explores cell biology topics from the primary literature.

Prereq: 4500 (500) or 4606 (606). Not open to students with credit for 5607 (607) or 5607H (607H).

5608 Genes and Development

U G 3

Analysis of animal and plant development using modern genetic approaches.

Prereq: 4500 (500), 4500E, or 4606 (606). Not open to students with credit for 5608E or 608.

5608E Genes and Development

U G 4

Analysis of animal and plant development using modern genetic approaches. Honors

Embedded includes a faculty led recitation that explores developmental biology topics from the primary literature.

Prereq: Honors standing, and 4500 (500) or 4606 (606); or permission of instructor. Not open to students with credit for 4608 (608).

5623 Genetics and Genomics

U G 2

A survey and discussion of genomic studies applied to fungal, animal, or plants systems.

Prereq: 4500 (500), 4606 (606), 5607 (607), or 5608 (608); or Grad standing. Not open to students with credit for PIntBio 623.

5630 Plant Physiology

U G 3

Advanced study of plant physiology; regulation of plant growth and development, hormones, and stress physiology.

Prereq: 3300, 4500 (500), 4606 (606), PIntBio 300, HCS 300, Biology 1114 (114), 1114H (116H), or permission of instructor. Not open to students with credit for PIntBio 630 or 631.

5632 Insect Molecular Genetics

U G 2

Structure, genetics, and methodology of insect genes and genomes.

Prereq: 4500 (500) or 4606 (606). Not open to students with credit for 632 or Entomol 632.

5643 Plant Anatomy

U G 3

The structure, function, and development of cells, tissues, and organs of vascular plants.

Prereq: 3300, Biology 1114 (114), 1114H (116H), or PIntBio 300, and 10 cr hrs in Life Sciences; or permission of instructor. Not open to students with credit for PIntBio 643

5645 Quantitative, Population, and Evolutionary Genetics

U G 2

The genetics of populations, including quantitative, population, and evolutionary genetics.

Prereq: 4500 (500) or 4606 (606). Not open to students with credit for 640 or EEOB 640.

5650 Analysis and Interpretation of Biological Data

U G 3

Methods of analyzing biological data including: sampling, descriptive statistics, distributions, analysis of variance, inference, regression, and correlation. Emphasizes practical applications of statistics in the biological sciences.

Prereq: Math 1149 or 1150 (150) or equiv, and 10 semester cr hrs at the 3000-level (or 300 level in the quarter system) or above in Agricultural or Biological Sciences. Not open to students with credit for 650.

5660 Integrated Molecular and Cellular Biology for Non-Biologists

U G 5

Overview of molecular and cellular biology of single cells, tissues, organisms and their interactions, including genetics and biochemistry of single cells.

Prereq: Biology 1101 (101) or equiv, or permission of instructor. Not open to students with credit for 4500 (500), 4606 (606), 605, 660, 661, or Math 5660. Cross-listed in Math.

5700 Systems of Genetic Analysis

U G 3

Analysis of select fungal, invertebrate, vertebrate, and plant model systems used in modern experimental genetics.

Prereq: 4500 (500), 4606 (606), 5607 (607), or 5608 (608), or Grad standing, or permission of instructor. Not open to students with credit for 700.

5701 DNA Transactions and Gene Regulation

U G 3

Understanding mechanisms of DNA replication, DNA repair and recombination, transcription, translation, regulation of gene expression, and the experimental approaches to these topics.

Prereq: 4500, 4606 (606), Biochem 4511, or equiv., and Sr standing; or Grad standing; or permission of instructor. Not open to students with credit for Biochem 5701. Cross-listed in

5705 Advances in Cell Biology

U G 2

An advanced study of selected key areas of research in eukaryotic cell biology.

Prereq: A grade of B- or above in 5607, or Grad standing, or permission of instructor.

5715 Developmental Genetics

U G 2

An advanced study of the regulation of developmentally significant genes and cellular

interactions involved in differentiation and pattern formation in invertebrate, vertebrate, and plant model organisms.

Prereq: A grade of B- or above in 5608, or Grad standing, or permission of instructor.

312 Molecular Genetics

5733 Advanced Human Genetics

U G 2

The principles of human genetics, mapping of disease genes, defects causing human disease, the cloning of disease genes, exon and genome sequencing for disease gene identification, complex traits, gene therapies, transgenes, and specific pathological disorders, development of treatments for genetic disorders.

Prereq: 4500 (500), 4606 (606) or equivalent with a grade of C- or better, and sr standing; or graduate standing; or permission of instructor. Not open to students with credit for 733, MolBioC 5733 (733), or Pathol 5733 (733). Cross-listed in MolBioC and Pathol.

5735 Plant Biochemistry

U G 3

Focus on biochemical processes unique to plants, including photosynthesis, respiration, carbon fixation and carbohydrate metabolic networks, cell wall and lipid synthesis, and nitrogen and sulfur assimilation for macromolecular synthesis.

Prereq: Biochem 4511 (511), or equiv. Not open to students with credit for PlntBio 735 or 736. Cross-listed in Biochem.

5795 Special Topics in Molecular Genetics

U G 1 - 3

Lecture/discussion in a seminar format of publications, current research, or research techniques in the areas of cell biology, development, genetics, genomics, molecular biology, or plant biology.

Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

5796 Current Topics in Signal Transduction

U G 1 - 2

A discussion of signal transduction mechanisms in animal, fungal, and plant systems.

Prereq: 5607 (607), 5608 (608), 5607E, 5608E, 607H, BioChem 4511 (511) or equiv, or Grad standing, or permission of instructor. Not open to students with credit for PlntBio 796.

5797 Study at a Foreign Institution

U G 1 - 15

Specific content, location, semester(s) of offering, and prerequisites vary; contact department office for details.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions.

5798 Study Tour: Domestic

U G 1 - 15

Specific content, location, semester(s) of offering, and prerequisites vary; contact department office for details.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions. This course is graded S/U.

5800 Organelle Biology

U G 2

Structure and function of plastids and mitochondria, apicoplasts and hydrogenosomes.

Prereq: 4500 (500), 4500E, or 4606 (606), or permission of instructor. Cross-listed in Microb.

7600 First-Year Student Orientation

G 1

Orientation for first-year students in Molecular Genetics and partner graduate programs; lectures on topics important for successful graduate experience; training in presenting scientific work; training in research ethics.

Prereq: Not open to students with credit for OSBP 7600 (760), MCDBio 7600, Biophys 7600, or Microb 7600. This course is graded S/U. Cross-listed in OSBP, MCDBio, Biophys, and Microb.

7741 Molecular Biology and Pathogenesis of Viruses

G 5

An integrated study of the molecular mechanisms of virus replication and host-virus relationships that control virus pathogenesis or use as a therapeutic agent.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 770, VetBios 7741 (754), 841, MVIMG 7741 (754), or 841. Cross-listed in VetBios and MVIMG.

7780 Molecular Genetics Laboratory Rotations

G 3 - 6

Laboratory research procedures, literature readings, and discussions to familiarize the students with specific research areas.

Prereq: Grad standing in MolGen. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.

7807 Gene Expression: Post-Transcriptional Control

G 3

Intensive study of problems in the general area of post-transcriptional control of gene expression. Consists of student presentations and class evaluations of recently published results in these fields.

Prereq: 5701 (701) or Biochem 702, and 6 graduate level cr hrs; or permission of instructor. Not open to students with credit for 880.07. Cross-listed in MolBIOC and VetBios.

7890 Molecular Genetics Seminar

G 1

Faculty, graduate students, and outside speakers will participate.

Prereq: Grad standing in MolGen. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.

7999 Thesis Research

G 1 - 12

Research for Master's Thesis only.

Repeatable to a maximum of 60 cr hrs or 12 completions. This course is graded S/U.

8999 Dissertation Research

G 1 - 12

Research for dissertation purposes only.

Repeatable. This course is graded S/U.

Molecular, Cellular, and Developmental Biology

6193 Individual Studies

G 1 - 3

Individual studies of publications, current research, or research techniques in areas of molecular, cellular, or developmental biology.

Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.

7600 First-Year Student Orientation

G 1

Orientation for first-year students in MCDB and partner graduate programs, lectures on topics important for successful graduate experience, training in presenting scientific work, and training in research ethics.

Prereq: Not open to students with credit for Biophys, MolGen, or Microb 7600, or OSBP 7600 (760). This course is graded S/U. Cross-listed in Biophys, MolGen, OSBP, and Microb.

7780 MCDB Laboratory Rotations

G 3 - 6

Laboratory research procedures, literature readings, and discussions to familiarize students with specific research areas.

Prereq: Grad standing in MCDBio. Repeatable to a maximum of 16 cr hrs. This course is graded S/U.

7890 Seminar in Molecular, Cellular, and Developmental Biology

G 1

Seminar including students, faculty, and outside invited speakers.

Prereq: Grad standing in MCDBio. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.

7891 Presentation in Molecular, Cellular, and Developmental Biology Seminar

G 1

Seminar including students, faculty, and outside invited speakers. Taken terms the student is presenting.

Prereq: Grad standing in MCDBio. Repeatable to a maximum of 6 cr hrs.

7990 Molecular Life Sciences Seminar Series

G 1

A research seminar course designed to expose doctoral students in the Molecular, Cellular, and Developmental Biology graduate program to cutting-edge research in the molecular and cellular life sciences.

Prereq: Grad standing in the MCDBio program. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.

Moving Image Production

2201 Filmmaking Foundation I

U 3

This entry-level course presents moving image production as an artistic, cultural, and multi-modal practice. It focuses on the building blocks of film grammar and offers an introduction to fundamental concepts and tools needed to work in the moving image, grounded in critical and historical context. Students use project-based learning to work independently and collaboratively.

2202 Filmmaking Foundation II

U 3

This course is second in a sequence to introduce moving image production as an artistic, cultural, and multi-modal practice. It focuses on the building blocks of film grammar and offers an introduction to fundamental concepts and tools needed to work in the moving image, grounded in critical and historical context. Students use project-based learning to work independently and collaboratively.

Prereq: 2201.

4191 Moving-Image Production Internship

U ½ - 3

On- and off-campus internships give students the opportunity to gain hands-on experience in an area of academic and professional interest. Permission to enroll is required from a faculty advisor, and the number of credit hours associated with the internship will be determined with the advisor's input.

Prereq: Permission of MIP faculty advisor. Repeatable to a maximum of 3 cr hours or 2 completions. This course is graded S/U.

4200 Cinema Today

U ½

Students to attend a specific set of new films, documentaries, and classics at world-class venues such as the Wexner Center of the Arts and when available, any associated visiting filmmakers' discussions of their work. To synthesize these viewings, students will submit response writings that apply specific elements of film language to answer questions about the films.

Repeatable to a maximum of 3 cr hours.

Music

1021 Elementary Music Theory and Aural Training for Non-Majors

U 3

An introduction to the fundamentals of music, music reading, and aural musicianship.

Prereq: Enrollment in non-Music major. Not open to students with credit for 1121 (121).

1101.01 Beginning Piano I: Group Instruction

U 2

Group instruction for students who have had no previous piano study.

Prereq: Not open to students with credit for 101.01, or Music majors. VSP Admis Cond course.

1101.02 Beginning Voice I - Group Instruction

U 2

Group instruction for students who have had no previous voice study.

Prereq: Not open to Music majors. Repeatable to a maximum of 4 cr hrs or 2 completions. VSP Admis Cond course.

1101.35 Beginning Guitar I - Group Instruction	U 2
Introduction course in guitar for the non-music major. Includes chording, strumming and melodic playing.	
Prereq: Not open to Music majors. Repeatable to a maximum of 4 cr hrs. VSP Admis Cond course.	
1102.01 Beginning Piano II: Group Instruction	U 2
Intermediate course in piano for the non-music major.	
Prereq: 1101.01 (101.01). Not open to Music majors. Repeatable to a maximum of 4 cr hrs. VSP Admis Cond course.	
1110.12 Applied Music (Prospective Majors): Jazz Piano	U 2
Elementary applied jazz piano course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1110.21 Applied Music (Prospective Majors): Voice	U 2
Elementary applied voice course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1110.33 Applied Music (Prospective Majors): Cello	U 2
Elementary applied cello course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1110.37 Applied Music (Prospective Majors): Jazz Guitar	U 2
Elementary applied jazz guitar course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1110.45 Applied Music (Prospective Majors): Saxophone	U 2
Elementary applied saxophone course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1110.52 Applied Music (Prospective Majors): Trumpet	U 2
Elementary applied trumpet course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1110.53 Applied Music (Prospective Majors): Trombone	U 2
Elementary applied trombone course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1110.72 Applied Music (Prospective Majors): Jazz Percussion	U 2
Elementary applied jazz percussion course restricted to prospective music majors whose audition scores indicate the need for systematic instruction to prepare for 2201.	
Prereq: By audition only. Repeatable to a maximum of 4 cr hrs.	
1121 Elementary Music Theory and Aural Training	U 3
An introduction to the fundamentals of music, music reading, and aural musicianship.	
Prereq: Not open to students with credit for 121. VSP Admis Cond course.	
2021 Music Theory I for Non-Majors	U 2
Elements of music and musical notation; analytical concepts and terminology; fundamentals of counterpoint and melody; extensive practice through written drill and creative projects.	
Prereq: Passing of Theory Placement Exam, and permission of instructor. Not open to music majors.	
2022 Music Theory II for Non-Majors	U 2
Principles of diatonic harmony, nonchordal melodic elements, and homophony phrase structures; extensive practice in part-writing, analysis, and creative application.	
Prereq: 2021, 2221, or 222, and enrollment in non-Music major. Not open to students with credit for 223.	
2200.11 Applied Music (Secondary): Piano	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: 2264.01 or 266.01, and Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.12 Applied Music (Secondary): Jazz Piano	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.21 Applied Music (Secondary): Voice	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.31 Applied Music (Secondary): Violin	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.32 Applied Music (Secondary): Viola	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	

2200.33 Applied Music (Secondary): Cello	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.34 Applied Music (Secondary): Double Bass	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.36 Applied Music (Secondary): Jazz Bass	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.37 Applied Music - Secondary - Jazz Guitar	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.41 Applied Music - Secondary - Flute	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.42 Applied Music - Secondary - Oboe	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.43 Applied Music - Secondary - Clarinet	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.45 Applied Music - Secondary - Saxophone	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.47 Applied Music - Secondary - Jazz Saxophone	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.53 Applied Music - Secondary - Trombone	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.56 Applied Music (Secondary): Jazz Trumpet	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.57 Applied Music - Secondary - Jazz Trombone	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.71 Applied Music - Secondary - Percussion	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2200.72 Applied Music - Secondary - Jazz Percussion	U 1 - 2
Fundamental applied music instruction in areas other than a student's major or principal area.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 12 cr hrs or 12 completions.	
2201.11 Applied Music - Principal - Piano	U 2
Instruction in applied piano to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.12 Applied Music - Principal - Jazz Piano	U 2
Instruction in applied jazz piano to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.21 Applied Music - Principal - Voice	U 2
Instruction in applied voice to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.31 Applied Music - Principal - Violin	U 2
Instruction in applied violin to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.32 Applied Music - Principal - Viola	U 2
Instruction in applied viola to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	

314 Music

2201.33 Applied Music - Principal - Cello	U 2	2201.54 Applied Music - Principal - Euphonium	U 2
Instruction in applied cello to develop musicianship, performance, and knowledge of music literature.		Instruction in applied euphonium to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.34 Applied Music - Principal - Double Bass	U 2	2201.55 Applied Music - Principal - Tuba	U 2
Instruction in applied double bass to develop musicianship, performance, and knowledge of music literature.		Instruction in applied tuba to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.36 Applied Music - Principal - Jazz Bass	U 2	2201.56 Applied Music - Principal - Jazz Trumpet	U 2
Instruction in applied jazz bass to develop musicianship, performance, and knowledge of music literature.		Instruction in applied jazz trumpet to develop musicianship, performance, and knowledge of music literature.	
Prereq: Enrollment in Music major. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.37 Applied Music - Principal - Jazz Guitar	U 2	2201.57 Applied Music - Principal - Jazz Trombone	U 2
Instruction in applied jazz guitar to develop musicianship, performance, and knowledge of music literature.		Instruction in applied jazz trombone to develop musicianship, performance, and knowledge of music literature.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.41 Applied Music - Principal - Flute	U 2	2201.71 Applied Music - Principal - Percussion	U 2
Instruction in applied flute to develop musicianship, performance, and knowledge of music literature.		Instruction in applied percussion to develop musicianship, performance, and knowledge of music literature.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.42 Applied Music - Principal - Oboe	U 2	2201.72 Applied Music - Principal - Jazz Percussion	U 2
Instruction in applied oboe to develop musicianship, performance, and knowledge of music literature.		Instruction in applied jazz percussion to develop musicianship, performance, and knowledge of music literature.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.	
2201.43 Applied Music - Principal - Clarinet	U 2	2202 Sight-reading for Pianists	U 1
Instruction in applied clarinet to develop musicianship, performance, and knowledge of music literature.		Developing tactile and visual skills at the keyboard, ensemble sight-reading duets, two-piano scores, vocal and instrumental accompanying, transposition, and figured bass realization.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Enrollment in Performance major with specialization in piano. Repeatable to a maximum of 2 cr hrs.	
2201.44 Applied Music - Principal - Bass Clarinet	U 2	2203.01 Chorale	U ½ - 2
Instruction in applied bass clarinet to develop musicianship, performance, and knowledge of music literature.		A selected group of mixed voices which performs an extensive repertoire in concerts both on and off campus.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission to the School of Music by audition, and permission of instructor. Repeatable to a maximum of 16 cr hrs or 8 completions. VPA Admis Cond course.	
2201.45 Applied Music - Principal - Saxophone	U 2	2203.02 Symphonic Choir	U ½ - 2
Instruction in applied saxophone to develop musicianship, performance, and knowledge of music literature.		Symphonic Choir is a concert organization whose members perform a variety of literature.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission by audition only. Repeatable to a maximum of 16 cr hrs or 8 completions. VSP Admis Cond course.	
2201.46 Applied Music - Principal - Bassoon	U 2	2203.03 University Chorus	U ½ - 2
Instruction in applied bassoon to develop musicianship, performance, and knowledge of music literature.		Selected choral works are studied and performed.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission by audition only. Repeatable to a maximum of 16 cr hrs or 8 completions. VSP Admis Cond course.	
2201.47 Applied Music - Principal - Jazz Saxophone	U 2	2203.04 Men's Glee Club	U ½ - 2
Instruction in applied jazz saxophone to develop musicianship, performance, and knowledge of music literature.		Study and performance of choral literature for men's voices.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission by audition, and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions. VSP Admis Cond course.	
2201.51 Applied Music - Principal - Horn	U 2	2203.05 Women's Glee Club	U ½ - 2
Instruction in applied horn to develop musicianship, performance, and knowledge of music literature.		Study and performance of choral literature for women's voices.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission by audition, and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions. VSP Admis Cond course.	
2201.52 Applied Music - Principal - Trumpet	U 2	2203.07 Ladies First	U ½ - 1
Instruction in applied trumpet to develop musicianship, performance, and knowledge of music literature.		Study and performance of small ensemble choral literature for women's voices.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission by audition only. Repeatable to a maximum of 8 cr hrs or 8 completions. VSP Admis Cond course.	
2201.53 Applied Music - Principal - Trombone	U 2	2203.08 Statesmen	U ½ - 1
Instruction in applied trombone to develop musicianship, performance, and knowledge of music literature.		Study and performance of small ensemble choral literature for men's voices.	
Prereq: Admission to the School of Music by audition. Repeatable to a maximum of 6 cr hrs. This course is available for EM credit.		Prereq: Admission by audition only. Repeatable to a maximum of 8 cr hrs or 8 completions. VSP Admis Cond course.	
2204.01 University Wind Symphony	U ½ - 2	2204.02 University Symphonic Band	U ½ - 2
Preparation and performance of traditional and contemporary literature for symphonic band.		Preparation and performance of traditional and contemporary literature for symphonic band.	
Prereq: Admission by audition, and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions. VSP Admis Cond course.		Prereq: Admission by audition, and permission of instructor. Repeatable to a maximum of 16 cr hrs or 8 completions. VSP Admis Cond course.	

2204.03	Collegiate Winds	U	½ - 2	
	Preparation and performance of traditional, contemporary, and educational literature for concert band.			
	Prereq: Admission by audition only. Repeatable to a maximum of 16 cr hrs or 8 completions. VSP Admis Cond course.			
2204.04	University Band	U	½ - 2	
	Offers students an opportunity to perform symphonic band literature.			
	Prereq: Prior high school instrumental experience; no formal audition required. Repeatable to a maximum of 16 cr hrs or 8 completions. VSP Admis Cond course.			
2205.01	University Marching Band	U	½ - 2	
	The University Marching Band is a selected group of brass and percussion players that performs at football games, rallies, and concerts during Autumn semester.			
	Prereq: Admission by audition, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 5 completions. VSP Admis Cond course.			
2205.02	Athletic Band	U	½ - 2	
	Athletic band provides spirited music for various sporting events (men's and women's basketball, spring football game), as well as several concerts.			
	Prereq: Admission by audition, and permission of instructor. Repeatable to a maximum of 24 cr hrs or 12 completions. VSP Admis Cond course.			
2206.01	University Jazz Ensemble	U	½ - 2	
	A select group devoted to arranging, rehearsing, and performing jazz literature with an emphasis on contemporary works.			
	Prereq: Open to all students by audition and/or permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions. VSP Admis Cond course.			
2206.02	Jazz Lab Ensemble	U	½ - 2	
	An ensemble devoted to the study and performance of music in various styles of jazz.			
	Prereq: Open to students by audition and/or permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions. VPA Admis Cond course.			
2206.03	Jazz Workshop Ensemble	U	½ - 2	
	An ensemble devoted to the study and performance of music in various jazz, jazz rock, blues, and pop styles.			
	Prereq: Open to students by audition and/or permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions. VSP Admis Cond course.			
2207.01	University Percussion Ensemble	U	½ - 2	
	A laboratory and performance musical ensemble whose literature consists of original and transcribed works for percussion instruments alone or with percussion as a dominant feature.			
	Prereq: Enrollment in Music major. Repeatable to a maximum of 20 cr hrs or 10 completions. VSP Admis Cond course.			
2207.02	Steel Pan Ensemble	U	½ - 1	
	A laboratory and performance experience on authentic steel pans, concentrating on traditional musics of Trinidad, as well as contemporary arrangement.			
	Repeatable to a maximum of 10 cr hrs or 10 completions. VSP Admis Cond course.			
2208.01	Small Ensemble: Piano	U	½ - 1	
	Intensive study of ensemble works for piano.			
	Prereq: Admission by audition, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. VSP Admis Cond course.			
2208.02	Small Ensemble: Voice	U	½ - 1	
	Intensive study of ensemble works for voice.			
	Prereq: Admission by audition, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. VSP Admis Cond course.			
2208.03	Small Ensemble: Strings	U	½ - 1	
	Intensive study of ensemble works for strings.			
	Prereq: Admission by audition, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. VSP Admis Cond course.			
2208.04	Small Ensembles: Woodwinds	U	½ - 1	
	Intensive study of ensemble works for woodwinds.			
	Prereq: Admission by audition, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. VSP Admis Cond course.			
2208.05	Small Ensembles: Brass	U	½ - 1	
	Intensive study of ensemble works for brass.			
	Prereq: Admission by audition, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. VSP Admis Cond course.			
2208.06	Small Ensembles: Jazz Combos	U	½ - 1	
	Small groups devoted to the study and performance of music in the various jazz combo styles.			
	Prereq: Admission by audition, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.			
2208.16	Small Ensemble: Gospel Choir	U	1	
	Study and performance of gospel and spiritual choir literature for mixed chorus.			
	Repeatable to a maximum of 10 cr hrs.			
2208.20	African Performing Ensemble	U	½ - 1	
	Ensemble dedicated to performing African-derived music.			
	Prereq: Admission by audition, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. VSP Admis Cond course.			
2208.22	Andean Music Ensemble	U	½ - 1	
	Learning to play and perform music from Bolivia, Peru, Ecuador, Chile, Colombia and Argentina. The course explores various musical genres within the Andean region. Students study techniques and methods for playing Andean instruments and learn to sing in Spanish, Quechua and Aymara.			
	Repeatable to a maximum of 10 cr hrs or 10 completions. Cross-listed in Spanish.			
2208.80	Sonic Arts Ensemble	U	½ - 1	
	An ensemble-based course focused on the use of the computer and/or electronic technologies in music performance and music composition, along with the development of new technologies (software and hardware) for sonic arts performance.			
	Prereq: Audition required. Repeatable to a maximum of 10 cr hrs or 10 completions.			
2208.99	Small Ensemble: Miscellaneous	U	½ - 1	
	Intensive study of ensemble works for varied ensembles.			
	Prereq: Admission by audition, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. VSP Admis Cond course.			
2209	Jazz Improvisation I	U	2	
	Fundamentals of jazz improvisation; seventh chord structures major, minor, pentatonic and blues scales; jazz patterns and phrasing; analysis and improvisation of blues and II-V progressions.			
	Prereq: 2221. Not open to students with credit for 209. This course is available for EM credit.			
2213	First Year Voice Seminar	U	1	
	Introduction to issues and materials related to a career in solo voice performance.			
	Prereq: Open to Music majors only.			
2215.01	University Symphony Orchestra	U	½ - 2	
	The University Orchestra is an 85-piece orchestra of full instrumentation devoted to the preparation of standard and modern literature.			
	Prereq: Admission by audition. Repeatable to a maximum of 24 cr hrs or 12 completions. VSP Admis Cond course.			
2215.02	First Year Orchestra	U	½ - 2	
	Rehearsal and performance experience for non-music majors who played an orchestral instrument in high school.			
	Prereq: Must have played an orchestral instrument in high school. Not open to Music majors. Repeatable to a maximum of 4 cr hrs or 2 completions. VSP Admis Cond course.			
2216.11	Applied Music (Non Major): Piano	U	2	
	Course provides fundamental applied piano instruction in piano for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			
2216.12	Applied Music (Non Major): Jazz Piano	U	2	
	Course provides fundamental studio instruction in jazz piano for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			
2216.21	Applied Music (Non Major): Voice	U	2	
	Course provides fundamental studio instruction in voice for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			
2216.31	Applied Music (Non Major): Violin	U	2	
	Course provides fundamental studio instruction in violin for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			
2216.32	Applied Music (Non Major): Viola	U	2	
	Course provides fundamental studio instruction in viola for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			
2216.33	Applied Music (Non Major): Cello	U	2	
	Course provides fundamental studio instruction in cello for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			
2216.34	Applied Music (Non Major): Double Bass	U	2	
	Course provides fundamental studio instruction in double bass for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			
2216.36	Applied Music (Non Major): Jazz Bass	U	2	
	Course provides fundamental studio instruction in jazz bass for non-majors and minors.			
	Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.			

316 Music

2216.37 Applied Music (Non Major): Jazz Guitar	U	2	2224 Aural Training I	U	2	
Course provides fundamental studio instruction in jazz guitar for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.41 Applied Music (Non Major): Flute	U	2	2225 Aural Training II	U	2	
Course provides fundamental studio instruction in flute for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.42 Applied Music (Non Major): Oboe	U	2	2231 Jazz Theory	U	2	
Course provides fundamental studio instruction in oboe for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.43 Applied Music (Non Major): Clarinet	U	2	The forms and compositional techniques of jazz, including chord progression formulas, chord alteration, lead-sheet paraphrasing, countermelody and bass-line construction, and creative application.			
Course provides fundamental studio instruction in clarinet for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.45 Applied Music (Non Major): Saxophone	U	2	2232 Jazz Keyboard Harmony	U	2	
Course provides fundamental studio instruction in saxophone for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.46 Applied Music (Non Major): Bassoon	U	2	Designed to provide students with piano skills that directly relate to other jazz areas such as composition, arranging, and improvisation.			
Course provides fundamental studio instruction in bassoon for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.47 Applied Music (Non Major): Jazz Saxophone	U	2	2240 Music History I	U	3	
Course provides fundamental studio instruction in jazz saxophone for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.51 Applied Music (Non Major): Horn	U	2	The development of western art music from ancient times to 1700.			
Course provides fundamental studio instruction in horn for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.53 Applied Music (Non Major): Trombone	U	2	2241 Music History II	U	3	
Course provides fundamental studio instruction in trombone for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.54 Applied Music - Non Major - Euphonium	U	2	The development of European and American art music from 1700 to 1900.			
Course provides fundamental studio instruction in euphonium for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.55 Applied Music - Non Major - Tuba	U	2	2242 Music History III	U	3	
Course provides fundamental studio instruction in tuba for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.56 Applied Music - Non Major - Jazz Trumpet	U	2	The development of European and American art music in the 20th and 21st centuries.			
Course provides fundamental studio instruction in jazz trumpet for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.57 Applied Music - Non Major - Jazz Trombone	U	2	2244 African-American Musical Traditions	U	2	
Course provides fundamental studio instruction in jazz trombone for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2216.72 Applied Music - Non Major - Jazz Percussion	U	2	2250 Music Cultures of the World	U	3	
Course provides fundamental studio instruction in jazz percussion for non-majors and minors. Prereq: Permission of instructor. Not open to Music majors. Repeatable to a maximum of 16 cr hrs.						
2220 Introduction to Music Technology	U	1	2251 The World of Classical Music	U	3	
Introduction to the use of technology in the practice and study of music. Prereq: Open to music majors only, or permission of instructor. Not open to students with credit for 220. This course is available for EM credit.						
2221 Music Theory I	U	2	An introduction to the world of classical music and to its genres, composers, styles, societies, and historical periods. No music background is required.			
Elements of music and musical notation; analytical concepts and terminology; fundamentals of counterpoint and melody; extensive practice through written drill and creative projects. Prereq: Open to Music majors only. Not open to students with credit for 221. This course is available for EM credit.						
2222 Music Theory II	U	2	2251E The World of Classical Music	U	3	
Principles of diatonic harmony, nonchordal melodic elements, and homophony phrase structures; extensive practice in part-writing, analysis, and creative application. Prereq: 2221, 2021, or 222, and enrollment in Music major. Not open to students with credit for 223. This course is available for EM credit.						
2224 Aural Training I	U	2	An introduction to the world of classical music and to its genres, composers, styles, societies, and historical periods. No music background is required. Music 2251E is an honors embedded course.			
Prereq: Music major. Concur: 2221. Not open to keyboard majors or students with credit for 261.01. This course is available for EM credit.						
2225 Aural Training II	U	2	2253 Introduction to Jazz	U	3	
Prereq: 2225 or 2224, and 2221, 2221.01 or 222. Not open to students with credit for 225 and 226. This course is available for EM credit.						
2231 Jazz Theory	U	2	2254 Video Game Music	U	3	
Prereq: 2222 and 2225. Not open to students with credit for 231.						
2232 Jazz Keyboard Harmony	U	2	An introduction to the history and function of musical sound in video games. GE VPA course.			
Prereq: 2231 and 2261.01. Not open to students with credit for 232.						
2240 Music History I	U	3	2261.01 Keyboard Skills I	U	1	
The development of western art music from ancient times to 1700.						
Prereq: Music major, or permission of instructor. Not open to students with credit for 240.						
2241 Music History II	U	3	2261.03 String Techniques I	U	1	
The development of European and American art music from 1700 to 1900.						
Prereq: 2240, and Music major; or permission of instructor. Not open to students with credit for 241.						
2242 Music History III	U	3	2261.04 Oboe/Bassoon Techniques	U	1	
The development of European and American art music in the 20th and 21st centuries.						
Prereq: 2241, and Music major; or permission of instructor. Not open to students with credit for 242.						
2244 African-American Musical Traditions	U	2	Pedagogical and performance techniques for oboe and bassoon.			
Prereq: Not open to students with credit for 244 or AfAmAST 244. VSP Admis Cond course.						
2250 Music Cultures of the World	U	3	Prereq: Not open to students with credit for 250. GE VPA and diversity global studies course. VSP Admis Cond course.			
A survey of musical cultures outside the Western European tradition of the fine arts.						
Prereq: Not open to students with credit for 251 or Music majors. GE VPA and diversity global studies course. VSP Admis Cond course.						
2251 The World of Classical Music	U	3	2252 History of Rock 'n' Roll	U	3	
An introduction to the world of classical music and to its genres, composers, styles, societies, and historical periods. No music background is required.						
Prereq: Not open to students with credit for 251 or Music majors. GE VPA and diversity global studies course. VSP Admis Cond course.						
2251E The World of Classical Music	U	3	Prereq: Honors standing or permission of instructor. Not open to students with credit for 251 or Music majors. GE VPA and diversity global studies course. VSP Admis Cond course.			
An introduction to the world of classical music and to its genres, composers, styles, societies, and historical periods. No music background is required. Music 2251E is an honors embedded course.						
2253 Introduction to Jazz	U	3	2252 History of Rock 'n' Roll	U	3	
A study of the characteristics, styles, structures of jazz, and jazz performers.						
Prereq: Not open to students with credit for 253 or to Music majors. GE VPA course.						
2254 Video Game Music	U	3	2261.05 Keyboard Skills II	U	1	
An introduction to the history and function of musical sound in video games. GE VPA course.						
Prereq: 2253 or 2261.01. Not open to students with credit for 254.						
2261.01 Keyboard Skills I	U	1	2261.06 Keyboard Skills III	U	1	
Beginning group piano instruction for music majors.						
Prereq: Music major. Concur: 2221. Not open to keyboard majors or students with credit for 261.01. This course is available for EM credit.						
2261.03 String Techniques I	U	1	2261.07 Keyboard Skills IV	U	1	
Applied music methods and materials for strings.						
Prereq: Music major. Not open to students with credit for 261.03. This course is available for EM credit.						
2261.04 Oboe/Bassoon Techniques	U	1	2261.08 Keyboard Skills V	U	1	
Pedagogical and performance techniques for oboe and bassoon.						
Prereq: Music major. Not open to students with credit for 261.04 or 261.42. This course is available for EM credit.						

2261.07	Percussion Techniques	U	1		2288	Bebop to Doowop to Hiphop: The Rhythm and Blues Tradition	U	3
	Percussion instruction for BME majors.					Examines the aesthetic and historical evolution of Rhythm and Blues: Black music tradition including Bebop, Rock and Roll and Hip hop redefining American popular culture post WWII.		
	Prereq: Music major. Not open to students with credit for 261.07. This course is available for EM credit.					Prereq: Not open to students with credit for 288 or AfAmASt 2288 (288). GE VPA and diversity soc div in the US course. Cross-listed in AfAmASt.		
2261.11	Basic Conducting Lab-Instrumental	U	1		2297	Music Education Laboratory Ensemble	U	1
	Basic conducting skill development emphasizing pulse, rhythm and physical coordination.					Laboratory ensembles which provide performance experience on secondary instruments.		
	Prereq: Enrollment in Music major. Not open to students with credit for 261.11. This course is available for EM credit.					Repeatable to a maximum of 3 cr hrs.		
2261.12	Basic Conducting Lab-Choral	U	1		2413	Diction for Singers I	U	2
	Basic choral conducting skill development emphasizing pulse, rhythm and physical coordination.					Introduction to phonetic alphabet and advanced study of phonetics and sound production as applied to singing in Italian.		
	Prereq: Enrollment in Music major. This course is available for EM credit.					Prereq: Music major.		
2261.99	Winds, Strings, and Percussion Techniques	U	1		2414	Diction for Singers II	U	2
	Functional knowledge of wind, strings, and percussion instruments.					Advanced study of phonetics and sound production as applied to singing in German and French.		
	Prereq: Music major. Not open to instrumental majors or students with credit for 261.99. This course is available for EM credit.					Prereq: 2413, and Music major.		
2262.01	Keyboard Skills II	U	1		2470	Introduction to Music Education	U	3
	Intermediate group piano instruction for music majors.					Professional orientation for prospective school music teachers; study of musical development, human relations, discipline, evaluation, philosophy of teaching, and the music curriculum; comprehensive field experience.		
	Prereq: 2261.01 (261.01), and Music major. Not open to piano majors or students with credit for 262.01. This course is available for EM credit.					Prereq: Psych 1100, and Soph standing, and Enrollment in Music Education major. Not open to students with credit for 470.		
2262.03	String Techniques II	U	1		2470E	Introduction to Music Education	U	3
	Pedagogical and performance techniques for string instruments.					Professional orientation for prospective school music teachers; study of musical development, human relations, discipline, evaluation, philosophy of teaching, and the music curriculum; comprehensive field experience.		
	Prereq: 2261.03, and Music major. Not open to students with credit for 262.03. This course is available for EM credit.					Prereq: Honors standing, Psych 1100, and Soph standing in Music Education; or permission of instructor.		
2262.04	Flute/Clarinet/Saxophone Techniques	U	1		3021	Music Theory III for Non-Majors	U	2
	Pedagogical and performance techniques for flute, clarinet, and saxophone.					Principles of 18th- and 19th-century chromatic harmony and modulation; extensive practice in part-writing, analysis, and creative application.		
	Prereq: Music major. Not open to students with credit for 262.04. This course is available for EM credit.					Prereq: 2022 or 2222, and enrollment in non-Music major. Not open to students with credit for 421.		
2262.05	Brass Techniques	U	1		3022	Music Theory IV for Non-Majors	U	2
	Pedagogical and performance techniques for brass instruments.					Introduction to the study of the structural principles and forms of homophonic music: Extensive practice through written drill, analysis and creative projects; composition techniques in 20th century music.		
	Prereq: Music major. Not open to students with credit for 262.05. This course is available for EM credit.					Prereq: 3021 or 3421, and enrollment in non-Music major. Not open to students with credit for 422.		
2262.11	Conducting (Instrumental)	U	1		3210	Jazz Improvisation II	U	2
	Conducting instruction applied to band, orchestra, and ensemble literature and performance.					Improvisation techniques utilizing blues and pentatonic scales, elaboration of seventh chord structures; analysis of transcribed solos; improvisation of vertical, horizontal, and combination tunes; exploration of Bebop and post-bop literature.		
	Prereq: 2261.11 (261.11), and Music major. Not open to students with credit for 660. This course is available for EM credit.					Prereq: 2209. Not open to students with credit for 210. This course is available for EM credit.		
2262.12	Conducting (Choral)	U	1		3310	Introduction to Operatic Stage Techniques	U	2
	Conducting instruction applied to choral literature and performance problems.					An introductory course to stage movement techniques, character analysis, role preparation, as applied to the operatic stage.		
	Prereq: 2261.12, and Music major. Not open to students with credit for 661. This course is available for EM credit.					Prereq: 3401.21 or 3402.21, or permission of instructor. Not open to students with credit for 310.		
2262.13	Conducting (Strings)	U	1		3312	Opera Performance	U	½ - 2
	Conducting instruction applied to orchestral literature and performance.					Instruction and experience in preparation for opera performance, including study of operatic literature and coaching of operatic roles.		
	Prereq: 2261.11 (261.11), and Music major. This course is available for EM credit.					Prereq: 3310, and audition; or permission of instructor. Repeatable to a maximum of 10 cr hrs.		
2263.01	Keyboard Skills III	U	1		3315	Voice Science and Pedagogy for the Undergraduate	U	3
	Intermediate group piano instruction for music majors.					Vocal pedagogy, anatomy, and physiology of the vocal mechanism.		
	Prereq: 2262.01, and Music major. Not open to students with credit for 263.01. This course is available for EM credit.					Prereq: Open only to Voice majors.		
2263.02	Voice Pedagogy	U	1		3330	Music Production and Reception: Institutions, Patterns, and Practices	U	3
	Vocal pedagogy, anatomy, and physiology of the vocal mechanism.					Intermediate survey of the interrelationships of music, media, and commerce in society, emphasizing technology, economics, law, and the public purposes of the musical arts.		
	Prereq: Music major. Not open to students with credit for 263.02. This course is available for EM credit.					Prereq: 2271. Not open to students with credit for 330.		
2264.01	Keyboard Skills IV	U	1		3342	Introduction to Opera	U	3
	Intermediate group piano instruction for music majors.					An introduction to the dramatic and musical conventions of opera.		
	Prereq: 2263.01, and Music major. Not open to students with credit for 264.01. This course is available for EM credit.					Prereq: English 1110 (110) or 1111 (111). Not open to students with credit for 342. GE VPA course.		
2267	String Pedagogy for the Applied Studio	U	1		3343	Music, Body and Brain	U	3
	The organization, development, and pedagogy for the applied string instrument studio.					An introduction to the relationship between culturally conditioned musical experience and physiological and cognitive processes.		
	Prereq: 2201, or permission of instructor. Not open to students with credit for 267.					Prereq: English 1110 or equiv. GE VPA course.		
2268	Instrument Repair	U	1					
	Development of practical skills in identifying and correcting minor repair problems on band and orchestral instruments and their accessories.							
	Prereq: 2262.04 and 2262.05, or permission of instructor. Not open to students with credit for 268.							
2271	Introduction to Music Enterprise	U	3					
	An introductory survey of the patterns and practices associated with the intersection of music, commerce, and society from the early 19th century to the present.							
	Prereq: Not open to students with credit for 271.							

318 Music

3344 Film Music	U	3	3401.21 Applied Music - Principal - Voice	U	2	
A study of how music has functioned in film across its century-long history, as produced in Hollywood and in other countries, and by filmmakers independent of the studio system. Prereq: English 1110 or 1111. GE VPA course.						
3345 Topics in Music History	U	3	3401.31 Applied Music - Principal - Violin	U	2	
Topics vary; study of selected topics in music history and world music. Repeatable to a maximum of 15 cr hrs. GE VPA course.						
3347 From Bach to Beethoven	U	3	3401.32 Applied Music - Principal - Viola	U	2	
The styles and genres of five eminent composers of the 18th century: Bach, Handel, Mozart, Haydn, and Beethoven. Prereq: English 1110 (110) or 1111 (111). Not open to students with credit for 347. GE VPA and diversity global studies course.						
3348 Music on the Move in a Globalized World	U	3	3401.33 Applied Music - Principal - Cello	U	2	
Survey of globalization's effects on musical cultures around the world; explores both the role of diasporic migration and the use of recording and broadcasting technology. Prereq: English 1110 (110) or equiv. Not open to students with credit for 348. GE VPA and diversity global studies course.						
3349 The Beatles in 20th Century Music	U	3	3401.34 Applied Music - Principal - Double Bass	U	2	
Twentieth-century art music and popular traditions seen through the prism of the Beatles songs. Prereq: English 1110 (110) or 1111 (111), or equiv. Not open to students with credit for 349. GE VPA course.						
3350 The British Invasion: Exploring the impact of British popular music in the 1960s	U	3	3401.36 Applied Music - Principal - Jazz Bass	U	2	
Offers an introduction and orientation to the popular music of the United Kingdom, most specifically, music from the country of England. It will explore the meaning and impact of the 1960s as reflected in the music of that era. Specific attention will be given to the international exchange of musical influences between the United States and the U.K. Prereq: GPA 3.0 in respective major, and Soph standing or above. GE VPA and education abroad course.						
3351 The World of Music	U	3	3401.37 Applied Music - Principal - Jazz Guitar	U	2	
Introduction to music in non-Western cultures and societies and to the concepts, vocabulary, and methodology for dealing with this music. Prereq: Soph standing or above in Music. Not open to students with credit for 2250 or 351.						
3360 The Brazilian Experience: Surveying Brazilian Culture through Music and Education	U	3	3401.41 Applied Music - Principal - Flute	U	2	
This course offers an overview of the complex musical culture of Brazil. Beginning with an introduction to Brazilian history, this course shall focus specifically on the musical evolution the country has experienced in its 500-year history, as well as how the European, Native American, and African influences have blended to create a distinctive musical identity. Prereq: Permission of instructor. GE VPA course.						
3364 Musical Citizenship: Activism, Advocacy and Engagement in Sound	U	3	3401.42 Applied Music - Principal - Oboe	U	2	
This course examines the sonic expressions of people's status, identity, rights, and duties as political subjects across multiple scales of place. We will consider the value of cultural advocacy in the public sector and social activism in the public sphere and the importance of partnering with (non)governmental institutions, community organizations, and grassroots affiliates to advance musical art. GE VPA and diversity global studies course.						
3364E Musical Citizenship: Activism, Advocacy and Engagement in Sound	U	3	3401.43 Applied Music - Principal - Clarinet	U	2	
This course examines the sonic expressions of people's status, identity, rights, and duties as political subjects across multiple scales of place. We will consider the value of cultural advocacy in the public sector and social activism in the public sphere and the importance of partnering with (non)governmental institutions, community organizations, and grassroots affiliates to advance musical art. GE VPA and diversity global studies course.						
3370 Music for Elementary Teachers	U	2	3401.45 Applied Music - Principal - Saxophone	U	2	
Music literature and teaching aids for children, including singing, rhythmic, creative, and listening experiences, and their presentation. Prereq: Not open to students with credit for 370.						
3373 Music for Special Education Teachers	U	2	3401.46 Applied Music - Principal - Bassoon	U	2	
Music literature and teaching strategies for exceptional children, including singing, rhythmic, creative, and listening experiences. Prereq: Jr or Sr standing, and enrollment in Special Education major. Not open to students with credit for 373.						
3401.11 Applied Music - Principal - Piano	U	2	3401.47 Applied Music - Principal - Jazz Saxophone	U	2	
Applied piano instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 2201 (201), and enrollment in Music major. Not open to students with credit for 401.11. Repeatable to a maximum of 6 cr hrs.						
3401.12 Applied Music - Principal - Jazz Piano	U	2	3401.51 Applied Music - Principal - Horn	U	2	
Applied jazz piano instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 2201(201), and enrollment in Music major. Repeatable to a maximum of 6 cr hrs.						
Applied horn instruction to develop musicianship, performance, and knowledge of music literature. Prereq: Music 2201 (201), and enrollment in Music major. Repeatable to a maximum of 6 cr hrs.						
3401.52 Applied Music (Principal): Trumpet	U	2				
Applied trumpet instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 2201 (201). Open only to music majors. Repeatable to a maximum of 6 cr hrs.						

3401.53 Applied Music (Principal): Trombone	U	2	3402.46 Applied Music (Principal): Bassoon	U	4
Applied trombone instruction to develop musicianship, performance, and knowledge of music literature.			Bassoon instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.		
Prereq: 2201 (201). Open only to music majors. Repeatable to a maximum of 6 cr hrs.			Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.		
3401.54 Applied Music (Principal): Euphonium	U	2	3402.51 Applied Music (Principal): Horn	U	4
Applied euphonium instruction to develop musicianship, performance, and knowledge of music literature.			Horn instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.		
Prereq: 2201 (201). Open only to Music majors. Repeatable to a maximum of 6 cr hrs.			Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.		
3401.55 Applied Music (Principal): Tuba	U	2	3402.52 Applied Music (Principal): Trumpet	U	4
Applied tuba instruction to develop musicianship, performance, and knowledge of music literature.			Trumpet instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.		
Prereq: 2201 (201). Open only to Music majors. Repeatable to a maximum of 6 cr hrs.			Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.		
3401.56 Applied Music (Principal): Jazz Trumpet	U	2	3402.53 Applied Music (Principal): Trombone	U	4
Applied jazz trumpet instruction to develop musicianship, performance, and knowledge of music literature.			Trombone instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.		
Prereq: 2201 (201). Open only to Music majors. Repeatable to a maximum of 6 cr hrs.			Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.		
3401.57 Applied Music (Principal): Jazz Trombone	U	2	3402.71 Applied Music (Principal): Percussion	U	4
Applied jazz trombone instruction to develop musicianship, performance, and knowledge of music literature.			Percussion instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.		
Prereq: 2201 (201). Open only to Music majors. Repeatable to a maximum of 6 cr hrs.			Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.		
3401.71 Applied Music (Principal): Percussion	U	2	3403.11 Applied Music (Principal): Piano	U	2
Applied percussion instruction to develop musicianship, performance, and knowledge of music literature.			Applied piano instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.		
Prereq: 2201 (201). Open only to Music majors. Repeatable to a maximum of 6 cr hrs.			Prereq: 2201 (201). Open to BA in Music majors only. Repeatable to a maximum of 12 cr hrs.		
3401.72 Applied Music (Principal): Jazz Percussion	U	2	3403.21 Applied Music (Principal): Voice	U	2
Applied jazz percussion instruction to develop musicianship, performance, and knowledge of music literature.			Applied voice instruction in the BA curriculum to develop musicianship, performance and knowledge of music literature.		
Prereq: 2201 (201). Open only to Music majors. Repeatable to a maximum of 6 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		
3402.21 Applied Music (Principal): Voice	U	4	3403.31 Applied Music (Principal): Violin	U	2
Voice instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.			Applied violin instruction in the BA curriculum to develop musicianship, performance and knowledge of music literature.		
Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		
3402.31 Applied Music (Principal): Violin	U	4	3403.32 Applied Music (Principal): Viola	U	2
Violin instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.			Applied viola instruction in the BA curriculum to develop musicianship, performance and knowledge of music literature.		
Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		
3402.33 Applied Music (Principal): Cello	U	4	3403.33 Applied Music (Principal): Cello	U	2
Cello instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.			Applied cello instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.		
Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		
3402.41 Applied Music (Principal): Flute	U	4	3403.34 Applied Music (Principal): Double Bass	U	2
Flute instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.			Applied double bass instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.		
Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		
3402.42 Applied Music (Principal): Oboe	U	4	3403.37 Applied Music (Principal): Jazz Guitar	U	2
Oboe instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.			Applied jazz guitar instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.		
Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		
3402.43 Applied Music (Principal): Clarinet	U	4	3403.41 Applied Music (Principal): Flute	U	2
Clarinet instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.			Applied flute instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.		
Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		
3402.45 Applied Music (Principal): Saxophone	U	4	3403.46 Applied Music (Principal): Bassoon	U	2
Saxophone instruction to develop professional qualities of musicianship, technique, and knowledge of music literature.			Applied bassoon instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.		
Prereq: 2201 (201). Open only to BM in Performance majors. Repeatable to a maximum of 12 cr hrs.			Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.		

320 Music

3403.47 Applied Music (Principal): Jazz Saxophone	U	2				
Applied jazz saxophone instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.						
Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.						
3403.51 Applied Music (Principal): Horn	U	2				
Applied horn instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.						
Prereq: 2201 (201). Open to BA in Music students only. Repeatable to a maximum of 12 cr hrs.						
3403.52 Applied Music - Principal - Trumpet	U	2				
Applied trumpet instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.						
Prereq: 2201 (201), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.						
3403.53 Applied Music - Principal - Trombone	U	2				
Applied trombone instruction required in the BA curriculum to develop musicianship, performance, and knowledge of music literature.						
Prereq: 2201 (201), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.						
3403.55 Applied Music - Principal - Tuba	U	2				
Applied tuba instruction in the BA curriculum to develop musicianship, performance and knowledge of music literature.						
Prereq: 2201 (201), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.						
3403.71 Applied Music - Principal - Percussion	U	2				
Applied percussion instruction in the BA curriculum to develop musicianship, performance and knowledge of music literature.						
Prereq: 2201 (201), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.						
3421 Music Theory III	U	2				
Principles of 18th- and 19th-century chromatic harmony and modulation; extensive practice in part-writing, analysis, and creative application.						
Prereq: 2222, and enrollment in Music major. Not open to students with credit for 421.						
3422 Music Theory IV	U	2				
Introduction to the study of the structural principles and forms of homophonic music; Extensive practice through written drill, analysis and creative projects; composition techniques in 20th century music.						
Prereq: 3421, and enrollment in Music major. Not open to students with credit for 422.						
3424 Aural Training III	U	2				
Intensive training in aural musicianship and music reading; practical application through solfège, dictation, and keyboard drill.						
Prereq: 2225. Not open to students with credit for 425.						
3425 Aural Training IV	U	2				
Advanced training in aural musicianship and music reading; practical application through solfège, dictation, and keyboard drill.						
Prereq: 3424. Not open to students with credit for 425.						
3427 Keyboard Harmony I	U	2				
Systematic review and utilization of basic harmonic materials at the keyboard.						
Prereq: 3422. Not open to students with credit for 427.						
3428 Keyboard Harmony II	U	2				
Introduction and practical experience at score reading at the keyboard.						
Prereq: 3427. Not open to students with credit for 428.						
3433 Scoring for Small Jazz Ensembles	U	2				
Scoring projects for jazz combos of various sizes and instrumentation.						
Prereq: 3422. Not open to students with credit for 433.02.						
3434 Scoring for Large Jazz Ensembles	U	2				
Scoring projects for the stage band, with concentration on voicing, ranges, doublings, balance, and notational procedures.						
Prereq: 3433. Not open to students with credit for 433.03.						
3446 Jazz Styles and Analysis	U	3				
Stylistic variants of jazz involving technical and structural aspects so that the student may recognize, play, and score them authentically.						
Prereq: Permission of instructor. Not open to students with credit for 446.						
3578 Introduction to General Music in grades K-8	U	2				
Functional music making and introduction to K-8 methods.						
Prereq: 2470 and enrollment in Music Education major. Not open to students with credit for 578.						
4193 Individual Studies	U	1 - 3				
Independent study on a special problem or topic in music.						
Prereq: Permission of instructor. Open to Music majors only. Repeatable to a maximum of 30 cr hrs or 10 completions. This course is graded S/U.						
4194 Group Studies	U	1 - 3				
Group study of various topics in music.						
Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.						
4500.01 Review of Music Analysis Techniques	U	2				
Review of selected music topics; intended for beginning graduate students in music.						
Prereq: Grad standing, or permission of instructor for undergrads. Repeatable to a maximum of 4 cr hrs.						
4500.02 Review of Music History	U	2				
Review of selected music topics; intended for beginning graduate students in music.						
Prereq: Grad standing, or permission of instructor for undergrads. Repeatable to a maximum of 4 cr hrs.						
4501.11 Applied Music - Principal - Piano	U	2				
Applied piano instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.21 Applied Music - Principal - Voice	U	2				
Applied voice instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.31 Applied Music - Principal - Violin	U	2				
Applied violin instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.32 Applied Music - Principal - Viola	U	2				
Applied viola instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.34 Applied Music - Principal - Double Bass	U	2				
Applied double bass instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.36 Applied Music - Principal - Jazz Bass	U	2				
Applied jazz bass instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.37 Applied Music - Principal - Jazz Guitar	U	2				
Applied jazz guitar instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.41 Applied Music - Principal - Flute	U	2				
Applied flute instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.42 Applied Music - Principal - Oboe	U	2				
Applied oboe instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.43 Applied Music - Principal - Clarinet	U	2				
Applied clarinet instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.45 Applied Music - Principal - Saxophone	U	2				
Applied saxophone instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.46 Applied Music - Principal - Bassoon	U	2				
Applied bassoon instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.47 Applied Music - Principal - Jazz Saxophone	U	2				
Applied jazz saxophone instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						
4501.51 Applied Music - Principal - Horn	U	2				
Applied horn instruction to develop musicianship, performance, and knowledge of music literature.						
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.						

4501.52 Applied Music - Principal - Trumpet	U 2	4502.45 Applied Music (Principal): Saxophone	U 4
Applied trumpet instruction to develop musicianship, performance, and knowledge of music literature.		Applied saxophone instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4501.53 Applied Music - Principal - Trombone	U 2	4502.46 Applied Music (Principal): Bassoon	U 4
Applied trombone instruction to develop musicianship, performance, and knowledge of music literature.		Applied bassoon instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4501.54 Applied Music - Principal - Euphonium	U 2	4502.47 Applied Music (Principal): Jazz Saxophone	U 4
Applied euphonium instruction to develop musicianship, performance, and knowledge of music literature.		Applied jazz saxophone instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4501.55 Applied Music - Principal - Tuba	U 2	4502.51 Applied Music (Principal): Horn	U 4
Applied tuba instruction to develop musicianship, performance, and knowledge of music literature.		Applied horn instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4501.57 Applied Music - Principal - Jazz Trombone	U 2	4502.52 Applied Music (Principal): Trumpet	U 4
Applied jazz trombone instruction to develop musicianship, performance, and knowledge of music literature.		Applied trumpet instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4501.71 Applied Music - Principal - Percussion	U 2	4502.53 Applied Music (Principal): Trombone	U 4
Applied percussion instruction to develop musicianship, performance, and knowledge of music literature.		Applied trombone instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4501.72 Applied Music - Principal - Jazz Percussion	U 2	4502.54 Applied Music (Principal): Euphonium	U 4
Applied jazz percussion instruction to develop musicianship, performance, and knowledge of music literature.		Applied euphonium instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3401 (401), and enrollment in BA in Music. Repeatable to a maximum of 6 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4502.11 Applied Music - Principal - Piano	U 4	4502.55 Applied Music (Principal): Tuba	U 4
Applied piano instruction to develop musicianship, performance, and knowledge of music literature.		Applied tuba instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4502.12 Applied Music - Principal - Jazz Piano	U 4	4502.56 Applied Music (Principal): Jazz Trumpet	U 4
Applied jazz piano instruction to develop musicianship, performance, and knowledge of music literature.		Applied jazz trumpet instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4502.21 Applied Music - Principal - Voice	U 4	4502.57 Applied Music (Principal): Jazz Trombone	U 4
Applied voice instruction to develop musicianship, performance, and knowledge of music literature.		Applied jazz trombone instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4502.31 Applied Music - Principal - Violin	U 4	4502.71 Applied Music (Principal): Percussion	U 4
Applied violin instruction to develop musicianship, performance, and knowledge of music literature.		Applied percussion instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4502.33 Applied Music - Principal - Cello	U 4	4502.72 Applied Music (Principal): Jazz Percussion	U 4
Applied cello instruction to develop musicianship, performance, and knowledge of music literature.		Applied jazz percussion instruction to develop musicianship, performance, and knowledge of music literature.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.	
4502.36 Applied Music - Principal - Jazz Bass	U 4	4505 Junior Recital	U 0
Applied jazz bass instruction to develop musicianship, performance, and knowledge of music literature.		Required junior recital for the Bachelor of Music and Bachelor of Music Education degrees.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 4501 and 4502. Repeatable to a maximum of 4 completions. This course is graded S/U.	
4502.37 Applied Music - Principal - Jazz Guitar	U 4	4510 Jazz Improvisation III	U 2
Applied jazz guitar instruction to develop musicianship, performance, and knowledge of music literature.		Advanced techniques of improvisation; the use of modal devices, complex meters, and innovative forms; concern for speed, endurance, energy levels, and problems of unaccompanied performance.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 3210. Not open to students with credit for 510.	
4502.41 Applied Music - Principal - Flute	U 4	4524 Orchestration I	U 2
Applied flute instruction to develop musicianship, performance, and knowledge of music literature.		A fundamental course in scoring for the instruments of the orchestra and band in transcriptions and arrangements.	
Prereq: 3402 (402), and enrollment in BA in Music. Repeatable to a maximum of 12 cr hrs.		Prereq: 3422. Not open to students with credit for 524.	
4502.42 Applied Music (Principal): Oboe	U 4	4531 Elementary Studies in Counterpoint	U 2
Applied oboe instruction to develop musicianship, performance, and knowledge of music literature.		A fundamental course in counterpoint including study of the basic principles of 16th-century polyphony.	
Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.		Prereq: 3422. Not open to students with credit for 531.	
4502.43 Applied Music (Principal): Clarinet	U 4	4533 Jazz Composition	U 3
Applied clarinet instruction to develop musicianship, performance, and knowledge of music literature.		Designed to develop the skills necessary for composing/arranging for small, mixed, and large jazz ensembles.	
Prereq: 3402 (402). Open only to Music majors. Repeatable to a maximum of 12 cr hrs.		Prereq: 3434. Not open to students with credit for 533.	

322 Music

4535 Composition I	U 2	4587 Student Teaching in Music in Secondary Schools	U 6
A fundamental course in composition, with emphasis on creative writing in the small forms. Prereq: 3422. Not open to students with credit for 535.		Assignment to area secondary schools for observation. Prereq: Professional standing in Music Education. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.	
4555.01 Studies in Musicology: Music Before 1600	U 3	4601.11 Applied Music (Principal): Piano	U 2
Introduction to specialized topics and issues in historical musicology and ethnomusicology. Medieval and Renaissance music. Prereq: Admission to BM in Musicology, or permission of instructor.		Advanced piano instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open to BME majors only. Repeatable to a maximum of 8 cr hrs.	
4555.03 Studies in Musicology: Music from 1800 to the Present	U 3	4601.21 Applied Music (Principal): Voice	U 2
Introduction to specialized topics and issues in historical musicology and ethnomusicology. Romantic to twenty-first century music. Prereq: Admission to BM in Musicology, or permission of instructor.		Advanced voice instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors only. Repeatable to a maximum of 8 cr hrs.	
4555.05 Studies in Musicology: Music's Meanings	U 2 - 3	4601.31 Applied Music (Principal): Violin	U 2
A variety of approaches to how music conveys meaning, focusing in particular on the capacity of music to allude to other aspects of human experience, such as dance, storytelling, drama, and visual imagery. Prereq: Admission to BM in Musicology, or permission of instructor.		Advanced violin instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4555.06 Studies in Musicology: Music Research Methods and Bibliography	U 3	4601.41 Applied Music (Principal): Flute	U 2
Survey of the methods and materials for conducting research projects in today's interdisciplinary computerized environment. Prereq: Admission to BM in Musicology, or permission of instructor.		Advanced flute instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4555.07 Studies in Musicology: Introduction to Ethnomusicology	U 2	4601.43 Applied Music (Principal): Clarinet	U 2
Introduces students to the development, major topics, and methods in the field of ethnomusicology. Prereq: Admission to BM in Musicology, or permission of instructor.		Advanced clarinet instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4555.08 African Music: Ideas Forms and Trajectories	U 3	4601.46 Applied Music (Principal): Bassoon	U 2
Introduction to specialized topics and issues in historical musicology and ethnomusicology. African Music. Prereq: Admission to BM in Musicology, or permission of instructor.		Advanced bassoon instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4555.09 Studies in Musicology: Chinese Music	U 3	4601.47 Applied Music (Principal): Jazz Saxophone	U 2
This course is an introduction to the history, theory and practice of Chinese music, with special reference to the socio-cultural conditions of its development. Prereq: Admission to BM in Musicology, or permission of instructor.		Advanced jazz saxophone instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4566 Jazz Pedagogy	U 2	4601.52 Applied Music (Principal): Trumpet	U 2
Organization and operation of the public school jazz ensemble. Prereq: Not open to students with credit for 566.		Advanced trumpet instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4572 Teaching General Music in Secondary Schools	U 2	4601.53 Applied Music (Principal): Trombone	U 2
The role of music in adolescents' general education and the development of competencies essential to teaching. Prereq: Professional standing in Music Education. Not open to students with credit for 572.		Advanced trombone instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4574 Teaching Choral Music I	U 2	4601.55 Applied Music (Principal): Tuba	U 2
Comprehensive choral music education, rehearsal techniques, and concert preparation. Prereq: Professional standing in Music Education. Not open to students with credit for 574.		Advanced tuba instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4575 Teaching Choral Music II	U 2	4601.56 Applied Music (Principal): Jazz Trumpet	U 2
Curriculum planning for elementary through high school choirs, ethical and social issues, and survey of OMEA and world choral music repertoire. Prereq: Professional standing in Music Education. Not open to students with credit for 575.		Advanced jazz trumpet instruction to develop musicianship, performance, and knowledge of music literature. Prereq: 4501 (501). Open only to BME majors. Repeatable to a maximum of 8 cr hrs.	
4576 Teaching Instrumental Music in Elementary and Middle Schools	U 2	4602.11 Applied Music (Principal): Piano	U 4
The role of instrumental music instruction in education, techniques of teaching instrumental music, study of music appropriate to musical organizations in elementary and middle schools. Prereq: 2261.03 (261.03), 2261.04 (261.42 and 261.46), 2261.07 (261.07), 2262.03 (262.03), 2262.04 (262.04), and 2262.05 (262.05), and professional standing in Music Education. Not open to students with credit for 576.		Advanced piano instruction to develop professional qualities of musicianship, technique, and literature. Prereq: 4502 (502). Open to BM majors only. Repeatable to a maximum of 12 cr hrs.	
4577 Teaching Instrumental Music in Secondary Schools	U 2	4602.12 Applied Music - Principal - Jazz Piano	U 4
The role of instrumental music instruction in public education, techniques of teaching instrumental music, study of music appropriate to musical organizations in secondary schools. Prereq: 2261.03 (261.03), 2261.04 (261.42 and 261.46), 2261.07 (261.07), 2262.03 (262.03), 2262.04 (262.04), and 2262.05 (262.05), and professional standing in Music Education. Not open to students with credit for 576.		Advanced jazz piano instruction to develop professional qualities of musicianship, technique, and literature. Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.	
4579 Teaching General Music in Elementary Schools II: Planning and Practicum	U 2	4602.21 Applied Music - Principal - Voice	U 4
A study of Kodaly and intermediate Orff methodologies; the planning and implementation of musical experiences for children in elementary schools. Prereq: Professional standing in Music Education. Not open to students with credit for 579.		Advanced voice instruction to develop professional qualities of musicianship, technique, and literature. Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.	
4586 Student Teaching in Music in Elementary Schools	U 6	4602.31 Applied Music - Principal - Violin	U 4
Assignment to area elementary schools for teaching observations. Prereq: Professional standing in Music Education. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.		Advanced violin instruction to develop professional qualities of musicianship, technique and literature. Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.	
		4602.33 Applied Music - Principal - Cello	U 4
		Advanced cello instruction to develop professional qualities of musicianship, technique and literature. Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.	

4602.34 Applied Music - Principal - Double Bass	U	4	4605 Senior Recital	U	0
Advanced double bass instruction to develop professional qualities of musicianship, technique and literature.			Required senior recital for the Bachelor of Music in Performance degree.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: 4602. Repeatable to a maximum of 4 completions. This course is graded S/U.		
4602.36 Applied Music - Principal - Jazz Bass	U	4	4611 Piano Pedagogy I	U	3
Advanced jazz bass instruction to develop professional qualities of musicianship, technique, and literature.			An analysis of teaching techniques and materials for individual and group instruction in piano with an emphasis on the elementary and intermediate levels.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: 4501.11 (501.11), or permission of instructor. Not open to students with credit for 611.		
4602.37 Applied Music (Principal): Jazz Guitar	U	4	4665 Arranging for the Music Educator	U	2
Advanced jazz guitar instruction to develop professional qualities of musicianship, technique and literature.			This class is designed for all music education majors who would like to be able to create custom music arrangements and custom edited parts for their future students.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: 2220, 2263.01, 3421, and 3424.		
4602.41 Applied Music - Principal - Flute	U	4	4679.01 Music Theory Senior Project	U	2
Advanced flute instruction to develop professional qualities of musicianship, technique and literature.			Preparation of senior paper and presentation of paper.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Music Theory major, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
4602.42 Applied Music - Principal - Oboe	U	4	4679.02 Composition Senior Project	U	2
Advanced oboe instruction to develop professional qualities of musicianship, technique and literature.			Preparation of senior composition and half recital of student's composition.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Music Composition major, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
4602.43 Applied Music - Principal - Clarinet	U	4	4679.04 Senior Thesis: Musicology	U	2
Advanced clarinet instruction to develop professional qualities of musicianship, technique and literature.			Preparation of senior thesis paper; presentation of senior thesis.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Musicology major, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
4602.45 Applied Music - Principal - Saxophone	U	4	4679.05 Senior Pedagogy Project	U	2
Advanced saxophone instruction to develop professional qualities of musicianship, technique, and literature.			Senior project in Music Pedagogy.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Enrollment in a performance major, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
4602.46 Applied Music - Principal - Bassoon	U	4	4679.06 Senior Project - B.S.	U	2
Advanced bassoon instruction to develop professional qualities of musicianship, technique, and literature.			In this course, students will demonstrate competency in applying creativity, problem solving and critical analysis. Students earn credit by proposing, developing, and completing an independent project.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Music (BS) major and permission of instructor. This course is graded S/U.		
4602.47 Applied Music - Principal - Jazz Saxophone	U	4	4999H Honors Undergraduate Research Thesis	U	1 - 5
Advanced jazz saxophone instruction to develop professional qualities of musicianship, technique, and literature.			Research projects determined by thesis subject.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 2 completions.		
4602.51 Applied Music - Principal - Horn	U	4	5177 Alexander Technique	U G	1 - 2
Advanced horn instruction to develop professional qualities of musicianship, technique, and literature.			The relationship of kinesthetic perception and the postural reflexes to physical coordination in performance.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.		
4602.52 Applied Music - Principal - Trumpet	U	4	Cross-listed in Dance and Theatre.		
Advanced trumpet instruction to develop professional qualities of musicianship, technique, and literature.					
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			5187 Advanced Alexander Technique	U G	1 - 2
4602.53 Applied Music - Principal - Trombone	U	4	Advanced study in Alexander Technique.		
Advanced trombone instruction to develop professional qualities of musicianship, technique, and literature.			Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.					
4602.54 Applied Music - Principal - Euphonium	U	4	5194 Group Studies	U G	1 - 3
Advanced euphonium instruction to develop professional qualities of musicianship, technique, and literature.			Group study of various topics in music.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.		
4602.55 Applied Music - Principal - Tuba	U	4	5313 Opera Chorus	U G	3
Advanced tuba instruction to develop professional qualities of musicianship, technique, and literature.			A selected group of mixed voices which rehearses and performs selected operatic repertoire in conjunction with the OSU Opera. Instruction and experience in preparation for opera performance, including study of operatic choral literature.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Prereq: Audition and permission of the Director of Opera or the Director of Choral Activities. Repeatable to a maximum of 15 cr hrs.		
4602.56 Applied Music - Principal - Jazz Trumpet	U	4	5415 Diction for Choral Music Educators	U G	2
Advanced jazz trumpet instruction to develop professional qualities of musicianship, technique, and literature.			Offers a survey of lyric diction to acquaint future singers, teachers, and choral conductors with basic concepts and skills for the English, German, French, Latin, and Italian languages.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			Students will review the rules and symbols of the International Phonetic Alphabet (IPA).		
4602.71 Applied Music - Principal - Percussion	U	4	Prereq: Open to Music Education majors and graduate choral conducting students.		
Advanced percussion instruction to develop professional qualities of musicianship, technique, and literature.					
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.			5591 Career Development in Music	U G	3
4602.72 Applied Music - Principal - Jazz Percussion	U	4	Survey of music marketplace, opportunities, and career strategies.		
Advanced jazz percussion instruction to develop professional qualities of musicianship, technique, and literature.			Prereq: Open to Music majors only. Not open to students with credit for 591.		
Prereq: 4502 (502), and enrollment in BM major. Repeatable to a maximum of 12 cr hrs.					
			5603.01 Topics in Percussion: Instrument Repair and Logistics	U G	2
			Study of the numerous ways to repair various percussion instruments. Types of instruments and their manufacturers.		
			Prereq: Enrollment in Music major with a specialization in percussion.		
			5603.02 Drum Set: Technique, Styles and History	U G	2
			Explore and obtain performance skills, concepts and historical knowledge pertaining to the drum set.		
			Prereq: Enrollment in Music major with a specialization in classical percussion.		

324 Music

5603.03 Hand Drumming: Global Percussion	U G	2	5648 Western Art Music I	U G	2			
Explore and obtain basic performance skills and concepts with various hand drumming techniques from around the world.								
Prereq: Enrollment in Music major with a specialization in classical percussion.								
5607 Performance Enhancement I	U G	1	5649 Western Art Music II	U G	2			
Skills and techniques designed to enhance the quality of public performances. Repeatable to a maximum of 5 cr hrs. This course is graded S/U.								
5608 Performance Enhancement II	U G	1	A survey focused on repertory and historical issues, with principal emphasis on instrumental genres. Music from 1700 to early 20th century.					
Advanced skills and techniques designed to enhance the quality of public performances. Prereq: 5607 (607), or permission of instructor. Repeatable to a maximum of 5 cr hrs. This course is graded S/U.								
5620 Extended Tonality from Wagner to Hindemith: Theory and Analysis	U G	2	Prereq: 2241, and Grad standing, and enrollment in Music major. Not open to students with credit for 648.					
Systematic analytic observation of tonal art music from the last decades of the nineteenth century to World War II.								
Prereq: 3422. Not open to students with credit for 620.								
5621 Theory and Analysis: 17th-18th Centuries	U G	2	5650 History of Choral Music	U G	2			
Analysis of representative works from the 17th-18th century, introducing relevant theoretical concepts.								
Prereq: 3422, or a score in the upper third on the graduate placement exam. Not open to students with credit for 621.								
5622 Theory and Analysis: 19th Century	U G	2	5652 18th- and 19th-Century Song Literature	U G	2			
Analysis of representative works from the 19th century, introducing relevant theoretical concepts.								
Prereq: 3422, or a score in the upper third on the graduate placement exam. Not open to students with credit for 622.								
5623 Theory and Analysis: 20th Century	U G	2	5653.01 Piano Literature I	U G	3			
Analysis of representative works from the 20th century, introducing relevant theoretical concepts.								
Prereq: 3422, or a score in the upper third on the graduate placement exam. Not open to students with credit for 623.								
5630 Composers Seminar	U G	2	5653.02 Piano Literature II	U G	3			
Contemporary topics in composition and theory; presentation, performance, and criticism of student compositions and papers.								
Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.								
5631 Intermediate Studies in Counterpoint	U G	2	5655 20th- and 21st-Century Song Literature	U G	2			
Counterpoint based on the polyphonic style of the 18th century.								
Prereq: 4531, or permission of instructor. Not open to students with credit for 631.								
5635 Composition II	U G	2 - 3	5663 School Orchestra Literature	U G	2			
Practice in creative writing; analysis, and evaluation; employment of contemporary methods of composition.								
Prereq: 4535, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.								
5636.01 Introduction to Electronic Music Synthesis	U G	3	5664 School Wind Band Repertoire	U G	2			
Techniques of composition with electronic media, history, literature, and criticism; score preparation.								
Prereq: 3422, or permission of instructor. Not open to students with credit for 636.								
5636.02 Electronic Music Synthesis	U G	3	5666 Marching Band Techniques	U G	2			
Principles of audio engineering, relationships to other communications media.								
Prereq: 5636.01, or permission of instructor. Not open to students with credit for 636.								
5637.01 Composition with Electronic Media I	U G	3	5772 Music in Early Childhood	U G	3			
Individual composition projects with electronic media.								
Prereq: 4535 and 5636.02. Repeatable to a maximum of 18 cr hrs.								
5637.02 Composition with Electronic Media II	U G	3	5797 Study at a Foreign Institution	U G	1 - 12			
Individual advanced composition projects with electronic media.								
Prereq: 5637.01. Repeatable to a maximum of 18 cr hrs.								
5638 Audio Recording	U G	3	5798 Study Tour	U G	1 - 3			
Audio recording: microphones and microphone placement; multiple-track recording; mixing; equalization and special effects.								
Prereq: Course work in Circuit Analysis from Electric Engineering or equiv, or permission of instructor. Not open to students with credit for 638.								
5639 Audio Recording Laboratory	U G	3	6193 Individual Studies	G	1 - 3			
Creating an audio recording; familiarity with the recording studio and console, use and placement of microphones; multiple-track recording equalization and special effects; mixing.								
Prereq: 5638, or permission of instructor. Repeatable to a maximum of 6 cr hrs.								
5646 History of Music in the United States	U G	2	6200.11 Applied Music (Secondary): Piano	G	2			
A survey of music in the United States from colonial times until the present.								
Prereq: Jr, Sr, or Grad standing. Not open to students with credit for 646.								
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.								
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.								
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.								
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.								
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.								

6200.32 Applied Music (Secondary): Viola	G 2	6672 Introduction to Ethnomusicology	G 2
Secondary applied music instruction on viola with an emphasis on pedagogy.		The study of different ways in which music has been used outside the western European tradition of the fine arts.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Grad standing in Musicology, or permission of instructor. Not open to students with credit for 672.	
6200.33 Applied Music (Secondary): Cello	G 2	6710 Introduction to Operatic Stage Techniques	G 3
Secondary applied music instruction on cello with an emphasis on pedagogy.		An introduction to stage movement techniques, character analysis, role preparation, and aria interpretation as applied to the operatic stage.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs. This course is available for EM credit.		Prereq: Grad standing. Repeatable to a maximum of 18 cr hrs.	
6200.34 Applied Music (Secondary): Double Bass	G 2	6752 Arts in Urban Contexts	G 3
Secondary applied music instruction on double bass with an emphasis on pedagogy.		The course will focus on community organizations in which artists engage with youth to encourage self expression, contributions to the community, and explore creative approaches to social change. Participants will explore dynamics of leadership, creativity, demographics, and educational strategies that are employed in such organizations.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Grad standing.	
6200.36 Applied Music (Secondary): Jazz Bass	G 2	6786 Music Research Methods and Bibliography	G 3
Secondary applied music instruction on jazz bass with an emphasis on pedagogy.		Survey of the methods and materials for conducting research projects in music in today's interdisciplinary computerized environment.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Grad standing. Not open to students with credit for 786.	
6200.41 Applied Music (Secondary): Flute	G 2	6812 Graduate Voice Diction and Repertoire Coaching	G 2
Secondary applied music instruction on flute with an emphasis on pedagogy.		Coaching the singer in the authentic sound production of the Italian, French, German, and Russian languages.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Grad standing in Voice. Repeatable to a maximum of 8 cr hrs. This course is graded S/U.	
6200.43 Applied Music (Secondary): Clarinet	G 2	6835 Composition III	G 2 - 3
Secondary applied music instruction on clarinet with an emphasis on pedagogy.		Creative writing at the masters level.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: 5635 (635). Repeatable to a maximum of 18 cr hrs or 6 completions.	
6200.45 Applied Music - Secondary - Saxophone	G 2	6837 Composition with Electronic Media III	G 3
Secondary applied music instruction on saxophone with an emphasis on pedagogy.		Advanced composition using electronically generated sound material.	
Prereq: Grad standing in Music, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: 5637.01 and 5637.02. Repeatable to a maximum of 15 cr hrs.	
6200.47 Applied Music (Secondary): Jazz Saxophone	G 2	6881 Graduate Conducting Seminar	G 1
Secondary applied music instruction on jazz saxophone with an emphasis on pedagogy.		Discussion in a seminar setting of issues related to the conducting of literature for choral, orchestral, and/or wind ensembles.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Grad standing, and/or permission of instructor. Repeatable to a maximum of 12 cr hrs.	
6200.53 Applied Music (Secondary): Trombone	G 2	6895 Seminar in Music	G 1 - 3
Secondary applied music instruction on trombone with emphasis on pedagogy.		Colloquia, workshops, and special topics seminars in music.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Repeatable to a maximum of 24 cr hrs or 8 completions. This course is graded S/U.	
6200.54 Applied Music (Secondary): Euphonium	G 2	6998 Master's Research Non-Thesis	G 1 - 3
Secondary applied music instruction on euphonium with emphasis on pedagogy.		Research projects determined by instructor.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.	
6200.55 Applied Music (Secondary): Tuba	G 2	6999 Research for Master's Thesis	G 1 - 6
Secondary applied music instruction on tuba with emphasis on pedagogy.		Research projects determined by thesis subject.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Repeatable to a maximum of 36 cr hrs or 6 completions. This course is graded S/U.	
6200.56 Applied Music (Secondary): Jazz Trumpet	G 2	7194 Graduate Group Studies	G 1 - 3
Secondary applied music instruction on jazz trumpet with an emphasis on pedagogy.		A specialized topic in music taught in a group setting.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.	
6216.12 Applied Music (Non Major): Jazz Piano	G 2	7203.01 Chorale	G 1 - 2
Applied jazz piano study with special emphasis on literature and pedagogy.		Study and performance of advanced choral repertoire.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Audition and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.	
6216.21 Applied Music (Non Major): Voice	G 2	7203.02 Symphonic Choir	G 1 - 2
Applied voice study with special emphasis on literature and pedagogy.		Study and performance of intermediate choral repertoire.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Audition and permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.	
6216.34 Applied Music (Non Major): Double Bass	G 2	7203.03 University Chorus	G 1 - 2
Applied double bass study with special emphasis on literature and pedagogy.		Study and performance of beginning choral repertoire.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Audition and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.	
6216.36 Applied Music (Non Major): Jazz Bass	G 2	7203.04 Men's Glee Club	G 1 - 2
Applied jazz bass study with special emphasis on literature and pedagogy.		Study and performance of advanced repertoire for men's chorus.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Audition and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.	
6216.41 Applied Music (Non Major): Flute	G 2	7203.05 Women's Glee Club	G 1 - 2
Applied flute study with special emphasis on literature and pedagogy.		Study and performance of advanced repertoire for women's chorus.	
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.		Prereq: Audition and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.	
6216.42 Applied Music (Non Major): Oboe	G 2		
Applied oboe study with special emphasis on literature and pedagogy.			
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs.			
6630 Composer's Seminar	G 2		
Contemporary topics in composition and theory; presentation, performance, and criticism of student compositions and papers.			
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.			
6645 Music's Meanings	G 2 - 3		
An exploration of approaches to ways that music conveys meaning.			
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 645.			
6668 Instrument Repair	G 1		
Development of practical skills in identifying and correcting minor repair problems on band and orchestral instruments and their accessories.			
Prereq: Permission of instructor. Repeatable to a maximum of 2 cr hrs.			

326 Music

7204.01 Wind Symphony	G	1 - 2	7611 Piano Pedagogy II	G	3
Study and performance of repertoire appropriate for wind ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			An analysis of repertoire for piano study at the intermediate and early advanced levels. Prereq: Grad standing. Not open to students with credit for 612.		
7204.02 Symphonic Band	G	1 - 2	7612 Piano Pedagogy III	G	3
Study and performance of repertoire for symphonic band. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			An analysis of the development of piano technique through readings in pedagogical treatises and applications in standard piano repertoire from various style periods. Prereq: 7611. Not open to students with credit for 613.		
7204.03 Collegiate Winds	G	1 - 2	7715 Structure and Function of the Singing Mechanism	G	3
Study and performance of repertoire determined by specific ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			Anatomy and acoustics of the voice as they relate to developmental vocal pedagogy. Prereq: Grad standing. Not open to students with credit for 715.		
7204.04 University Band	G	1 - 2	7727 Keyboard Harmony for Graduate Students	G	2 - 3
Study and performance of repertoire determined by specific ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			Application of keyboard musicianship, including sight reading, harmonization of melodies, improvisation, transposition, realization of figured bass and modulation. Prereq: 2264.01 (264.01), 3422 (422), or equivalent with permission of instructor. Not open to students with credit for 727.		
7205.01 Univ. Marching Band	G	1 - 2	7730 Introduction to Musicology	G	3
Study and performance of repertoire for marching band. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			Introduction to the materials, issues and methodologies of musicology. An introduction to musicology focused on sounding music and music contexts. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 730.01 or 730.02.		
7205.02 Athletic Band	G	1 - 2	7740 Studies in Music before 1600	G	3
Study and performance of repertoire for athletic band. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			Introduction to scholarly issues in the music of the Middle Ages and the Renaissance. Prereq: 2243 (243) or equiv, 4531 (531) or equiv; and grad standing. Not open to students with credit for 740 or 741.		
7206.01 Jazz Ensemble	G	1 - 2	7741 Studies in Music from 1600 to 1800	G	3
Study and performance of repertoire determined by specific ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			An introduction to the scholarly issues of music of the Baroque and Classic eras. Prereq: 2243 (243) or equiv, 4531 or equiv; and grad standing. Not open to students with credit for 742 or 743.		
7206.02 Jazz Lab Ensemble	G	1 - 2	7742 Studies in Music from 1800 to the Present	G	3
Study and performance of repertoire determined by specific ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.			Introduction to scholarly issues in the music from the Romantic era to the 21st century. Prereq: 2243 (243) or equiv, 4531 (531) or equiv; and grad standing. Not open to students with credit for 744 or 745.		
7206.03 Jazz Workshop Ensemble	G	1 - 2	7754 Midwest Summer String Teachers Seminar	G	2
Study and performance of repertoire determined by specific jazz ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.			Seminar on current materials, music, assessment procedures, and strategies for teaching string/orchestra in the schools. Prereq: Undergrad degree in Music. Repeatable to a maximum of 20 cr hrs.		
7207.01 Percussion Ensemble	G	1	7760 Basic Concepts in Music Education	G	3
Study and performance of repertoire determined by specific percussion ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 10 cr hrs.			The principles of music education and of the educational and cultural objectives derived from related disciplines which give direction and purpose to the music education program. Prereq: 4586 (586) or 4587 (587), or equivalent. Not open to students with credit for 760.		
7208.03 Small Ensemble: Strings	G	1	7761 Principles of Music Learning	G	3
Study and performance of repertoire determined by specific string ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 10 cr hrs.			Analysis of the learning process in music as related to problems of music instruction in the public school. Prereq: 4586 (586) or 4587 (587), or equivalent. Not open to students with credit for 761.		
7208.04 Small Ensemble: Woodwinds	G	1	7762 Principles and Practices in Elementary School Music	G	2
Study and performance of repertoire determined by specific woodwind ensemble. Prereq: Grad standing, audition, and permission of instructor. Repeatable to a maximum of 10 cr hrs.			Analysis and appraisal of the music program in elementary schools including the relationship of music to the total school program. Prereq: 3578 (578). Not open to students with credit for 762.		
7208.05 Small Ensemble: Brass	G	1	7763 Literature of Elementary School Music	G	2
Study and performance of repertoire determined by specific brass ensemble. Prereq: Grad standing, audition, and permission of instructor. Repeatable to a maximum of 10 cr hrs.			A critical study of folk and art music of various cultures and historic periods for the general vocal and listening activities of the integrated curriculum. Prereq: 3578 (578). Not open to students with credit for 763.		
7208.06 Small Ensemble: Jazz Combo	G	1	7764 Principles and Practices in Vocal Music Education	G	2
Study and performance of repertoire determined by specific jazz ensemble. Prereq: Grad standing, audition, and permission of instructor. Repeatable to a maximum of 10 cr hrs.			Analysis and appraisal of the organization, purpose, and development of the vocal music program in secondary schools. Prereq: 4575 (575). Not open to students with credit for 764.		
7208.16 Small Ensemble: Gospel Choir	G	1	7770 Introduction to Research in Music Education	G	3
Study and performance of gospel and spiritual choir literature for mixed chorus. Repeatable to a maximum of 10 cr hrs.			A study of methods of research as applied to problems in school music. Prereq: 4586 (586), 4587 (587), or equivalent. Not open to students with credit for 770.		
7208.80 Sonic Arts Ensemble	G	1	7780.05 Piano Accompanying Practicum	G	1 - 2
Sonic Arts Ensemble is an ensemble - based course focused on the use of the computer and/or electronic technologies in music performance and music composition, along with the development of new technologies (software and hardware) for sonic arts performance. Prereq: Admission by audition. Repeatable to a maximum of 10 cr hrs.			Study of skills needed for success as a collaborative pianist. Prereq: Grad standing in Piano, or permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.		
7208.99 Small Ensemble: Miscellaneous	G	1	7780.11 Opera Scenes	G	3
Study and performance of repertoire determined by specific ensemble. Prereq: Audition and permission of instructor. Repeatable to a maximum of 10 cr hrs.			Performance ensemble class devoted to rehearsing and performing scenes from operatic literature. Prereq: 6710 (710), and admission by audition; or permission of instructor. Repeatable to a maximum of 24 cr hrs.		
7215.01 University Symphony Orchestra	G	1 - 2			
The University Orchestra is an 85-piece orchestra of full instrumentation devoted to the preparation of standard and modern literature. Prereq: Admission by audition. Repeatable to a maximum of 24 cr hrs or 12 completions.					

7780.12 Opera Performance	G	3	7802.11 Applied Music - Major - Piano	G	2 - 4
Performance ensemble class devoted to the rehearsing and performance of full length operas; advanced rehearsal and performance techniques of operatic literature.			A specialized and intense study of the literature and techniques of piano performance.		
Prereq: 6710 (710), and admission by audition; or permission of instructor. Repeatable to a maximum of 18 cr hrs.			Prereq: Enrollment in Master of Music degree program in piano program. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7780.20 African Performing Ensemble	G	1	7802.21 Applied Music - Major - Voice	G	2 - 4
Study and performance of repertoire determined by specific ensemble.			A specialized and intense study of the literature and techniques of vocal performance.		
Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs.			Prereq: Enrollment in Masters of Music program in Voice. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7780.22 Andean Music Ensemble	G	½ - 1	7802.31 Applied Music - Major - Violin	G	2 - 4
In this course students learn to play and perform music from Bolivia, Peru, Ecuador, Chile, Colombia and Argentina. The course explores various musical genres within the Andean region. Students study techniques and methods for playing Andean instruments and learn to sing in Spanish, Quechua and Aymara.			A specialized and intense study of the literature and performance techniques on violin.		
Repeatable to a maximum of 10 cr hrs or 10 completions. Cross-listed in Spanish.			Prereq: Enrollment in Master of Music program in String Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7784 Bibliography for Musicologists	G	3	7802.32 Applied Music - Major - Viola	G	2 - 4
Intensive survey of bibliographic methods and materials in music research.			A specialized and intense study of the literature and performance techniques on viola.		
Prereq: Grad standing in musicology.			Prereq: Enrollment in Master of Music program in String Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7785 Cognitive Ethnomusicology	G	3	7802.33 Applied Music - Major - Cello	G	2 - 4
Topics and issues in historical musicology and ethnomusicology.			A specialized and intense study of the literature and performance techniques on cello.		
Prereq: Grad standing.			Prereq: Enrollment in Master of Music program in String Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7787 Chinese Music	G	3	7802.34 Applied Music - Major - Double Bass	G	2 - 4
History theory and practices of Chinese music culture with special reference to the socio-cultural conditions of their development.			A specialized and intense study of the literature and performance techniques on Double Bass.		
Prereq: Grad standing. Not open to students with credit for 787.01.			Prereq: Enrollment in Master of Music program in String Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7788 Music of the Arab and Indian Traditions	G	3	7802.41 Applied Music - Major - Flute	G	2 - 4
History theory and practices of Arab and Indian music cultures with special reference to the socio-cultural conditions of their development.			A specialized and intense study of the literature and performance techniques on flute.		
Prereq: Grad standing. Not open to students with credit for 787.02 or 787.03.			Prereq: Enrollment in Master of Music program in Woodwind Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7789 African Music: Ideas Forms and Trajectories	G	3	7802.42 Applied Music - Major - Oboe	G	2 - 4
Examination of compositional choices and performance conventions in selected musical traditions from Africa.			A specialized and intense study of the literature and performance techniques on oboe.		
Prereq: 2251 (251), 6672, or AfAm&Ast equivalent; and Grad standing, or permission of instructor. Not open to students with credit for 789 or AfAm&Ast 789.			Prereq: Enrollment in Master of Music program in Woodwind Performance. Repeatable to a maximum of 24 cr hrs.		
7791 Problems in Instrumental Music Education	G	3	7802.43 Applied Music - Major - Clarinet	G	2 - 4
Study of the problems encountered in teaching supervising and organization of the instrumental music program.			A specialized and intense study of the literature and performance techniques on clarinet.		
Repeatable to a maximum of 9 cr hrs.			Prereq: Enrollment in Master of Music program in Woodwind Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7801.11 Applied Music Principal Piano	G	2 - 4	7802.45 Applied Music - Major - Saxophone	G	2 - 4
Advanced applied piano study with emphasis on musicianship, pedagogical techniques, and literature.			A specialized and intense study of the literature and performance techniques on saxophone.		
Prereq: Enrollment in Master of Arts in Piano Pedagogy program. Repeatable to a maximum of 24 cr hrs or 6 completions.			Prereq: Enrollment in Master of Music program in Woodwind Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7801.21 Applied Music Principal Voice	G	2 - 4	7802.46 Applied Music - Major - Bassoon	G	2 - 4
Advanced applied voice study with emphasis on musicianship, pedagogical techniques, and literature.			A specialized and intense study of the literature and performance techniques on bassoon.		
Prereq: Enrollment in Master of Arts in Voice Pedagogy program. Repeatable to a maximum of 24 cr hrs or 6 completions.			Prereq: Enrollment in Master of Music program in Woodwind Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7801.31 Applied Music Principal Violin	G	2 - 4	7802.51 Applied Music - Major - Horn	G	2 - 4
Advanced applied violin study with emphasis on musicianship, pedagogical techniques, and literature.			A specialized and intense study of the literature and performance techniques on horn.		
Prereq: Enrollment in Master of Arts in String Pedagogy program. Repeatable to a maximum of 24 cr hrs or 6 completions.			Prereq: Enrollment in Master of Music program in Brass Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7801.32 Applied Music Principal Viola	G	2 - 4	7802.52 Applied Music - Major - Trumpet	G	2 - 4
Advanced applied viola study with emphasis on musicianship, pedagogical techniques, and literature.			A specialized and intense study of the literature and performance techniques on trumpet.		
Prereq: Enrollment in Master of Arts in String Pedagogy program. Repeatable to a maximum of 24 cr hrs or 6 completions.			Prereq: Enrollment in Master of Music program in Brass Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7801.33 Applied Music Principal Cello	G	2 - 4	7802.53 Applied Music - Major - Trombone	G	2 - 4
Advanced applied music study with emphasis on musicianship, pedagogical techniques, and literature.			A specialized and intense study of the literature and performance techniques on trombone.		
Prereq: Enrollment in Master of Arts in String Pedagogy program. Repeatable to a maximum of 24 cr hrs or 6 completions.			Prereq: Enrollment in Master of Music program in Brass Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7801.42 Applied Music Principal Oboe	G	2 - 4	7802.71 Applied Music - Major - Percussion	G	2 - 4
Advanced applied oboe study with emphasis on musicianship, pedagogical techniques, and literature.			A specialized and intense study of the literature and performance techniques for percussion.		
Prereq: Enrollment in Master of Arts in Woodwind Pedagogy program. Repeatable to a maximum of 24 cr hrs or 6 completions.			Prereq: Enrollment in Master of Music program in Percussion Performance. Repeatable to a maximum of 24 cr hrs or 6 completions.		
7801.45 Applied Music Principal Saxophone	G	2 - 4	7803.01 Choral Conducting	G	2
Advanced applied saxophone study with emphasis on musicianship, pedagogical techniques, and literature.			Specialization and intense study of choral conducting techniques.		
Prereq: Enrollment in Master of Arts in Woodwind Pedagogy program. Repeatable to a maximum of 24 cr hrs or 6 completions.			Prereq: Placement exam. Open only to conducting majors in the MM curriculum. Repeatable to a maximum of 8 cr hrs.		
			7803.02 Orchestral Conducting	G	2
			Specialization and intense study of orchestral conducting techniques.		
			Prereq: Placement exam. Open only to Conducting majors in the MM curriculum. Repeatable to a maximum of 8 cr hrs.		

328 Music

7803.03 Wind Conducting	G	2	7852.05 Performance Literature: Brass	G	2
Specialization and intense study of band conducting techniques. Prereq: Placement exam. Open only to Conducting majors in the MM curriculum. Repeatable to a maximum of 8 cr hrs.			Intensive study of representative brass literature from each style period. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
7805.01 Masters Thesis Recital	G	2	7852.07 Performance Literature: Percussion	G	2
Preparation and presentation of musical literature in solo performance. Prereq: Grad standing in the School of Music, and permission of instructor. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.			Intensive study of representative percussion literature from each style period. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
7805.02 Masters Degree Recital: Concerto	G	2	7905 Doctoral Preliminary Recital	G	2
Preparation and presentation of repertoire from the concerto literature. Prereq: Grad standing in the School of Music, and permission of instructor. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.			Intended for the graduate student who is preparing for the preliminary doctoral recital. Prereq: Grad standing, and permission of instructor. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.		
7810.11 Practicum in Teaching Applied Piano	G	3	8193 Individual Studies	G	1 - 3
A critical analysis of various methods, principles, practices, and materials current in teaching applied music. Prereq: 5613, and Grad standing. Repeatable to a maximum of 6 cr hrs.			Independent study on a special problem or topic in music. Prereq: Doctoral standing, and permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.		
7810.21 History and Practice of Voice Pedagogy	G	3	8810.31 String Pedagogy for Applied Teaching	G	3
An analysis of the principles and current practices in the teaching of voice. Prereq: 5615 (615), Grad standing, and minimum 6 hrs applied voice. Repeatable to a maximum of 6 cr hrs.			Examination of pedagogy and repertoire for teaching beginning and intermediate string instrument lessons in an applied studio. Prereq: Grad standing, and enrollment in Music program. Not open to students with credit for 810.31.		
7810.30 Music Pedagogy: String Instruments	G	3	8810.32 Pedagogy for Beginning Lower Strings	G	3
A critical analysis of various methods, principles, practices, and materials current in teaching applied music. Prereq: Grad standing, and enrollment in Music program, and minimum 6 hours in applied string instruction. Repeatable to a maximum of 6 cr hrs.			Examination of pedagogy and instructional materials designed to teach first and second year cello and bass playing skills. Prereq: Music major enrolled in the Master of Arts String Pedagogy degree program. Not open to students with credit for 810.32.		
7810.40 Music Pedagogy: Woodwind Instruments	G	3	8810.33 Pedagogy for Beginning Upper Strings	G	3
A critical analysis of various methods, principles, practices, and materials current in teaching applied music. Prereq: Grad standing, and enrollment in Music program, and minimum 6 hours of applied woodwind instruction. Repeatable to a maximum of 6 cr hrs.			Examination of pedagogy and instructional materials designed to teach first and second year violin and viola. Prereq: Enrollment in the Master of Arts String Pedagogy program. Not open to students with credit for 810.33.		
7810.50 Music Pedagogy: Brass Instruments	G	3	8818 Theories of Heinrich Schenker	G	3
A critical analysis of various methods, principles, practices, and materials current in teaching applied music. Prereq: Grad standing, and enrollment in Music program, and minimum of 6 hours of applied brass instruction. Repeatable to a maximum of 6 cr hrs.			Musical structural analysis of Schenker as expressed in his own writings with emphasis on his theories rather than on graphing techniques. Prereq: 5621 (621), 5622 (622), or 5623 (623). Not open to students with credit for 818.01 or 818.02.		
7815 Seminar for Singing Health Specialists	G	2	8820 Music Theory Pedagogy	G	2
Required seminar for candidates in the Singing Health Specialization to enable coordination of skills, concepts, and practices necessary for successful SHS certification. Prereq: Admission to Singing Health Specialization. Not open to students with credit for 815 or SphHrng 7815 (815). Cross-listed in SphHrng.			Teaching of music theory in secondary schools and colleges; evaluation and application of the most effective teaching methods and principles in teaching music theory. Prereq: Grad standing, and enrollment in Music program. Not open to students with credit for 820.01.		
7829.01 Scale Theory: Transformation and Tonality	G	3	8823.01 20th Century Tone Structures: Sets and Series	G	3
Formal approaches to the theory of musical scales, with the premise that the distinct subfields of theory and transformational theory speak to fundamental questions of tonality. Prereq: Grad standing. Repeatable to a maximum of 12 cr hrs.			Fundamental approaches to the analysis of post-tonal music, focusing on aspects of pitch, including Babbitt's serial theory, Forte's set theory, and elements of Lewin's transformational theory. Prereq: 5613 (613), or permission of instructor. Not open to students with credit for 823.		
7829.02 Sonata Theory	G	3	8823.02 Transformational Theory and Analysis	G	3
Studies of musical form during the 18th and 19th centuries. Prereq: Grad standing. Repeatable to a maximum of 12 cr hrs.			Studies in transformational approaches to music; problematic aspects of tonal music; tonally dissolute music of the 19th and 20th centuries. Prereq: 5623 (623). Not open to students with credit for 823.		
7829.03 Compositional Modeling and Musical Allusion	G	3	8824.02 Computational Musicology II	G	3
Analysis of possible instances of composers who used the work of predecessor as models; interaction in such cases with notions of musical allusion. Prereq: Grad standing. Repeatable to a maximum of 12 cr hrs.			The use of computers in music research and instruction; music data structures and programming routines for music research and instruction. Prereq: 5621 (621), 5622 (622), or 5623 (623), or equivalent; or permission of instructor. Not open to students with credit for 824.01.		
7829.05 Special Topics in Theory	G	3	8826 Development of Music Theory I	G	3
Critical examination of major contemporary theoretical viewpoints; concepts of theory construction; topics will vary each semester. Prereq: Grad standing. Repeatable to a maximum of 18 cr hrs.			A study of the principal treatises on music theory from before 1400 to 1700. Prereq: 5621 (621), 5622 (622) or 5623 (623), or equiv, or permission of instructor. Not open to students with credit for 826.		
7835 Composition IV	G	2 - 3	8827 Development of Music Theory II	G	3
Creative writing of large forms at an advanced level. Prereq: 6835 or equivalent. Repeatable to a maximum of 18 cr hrs or 6 completions.			A study of the principal treatises on music theory from 1700 to 1900. Prereq: 5621 (621), 5622 (622), or 5623 (623), or equivalent; or permission of instructor. Not open to students with credit for 827.		
7852.01 Performance Literature: Piano	G	2	8837 Composition with Electronic Media IV	G	3
Intensive study of representative piano literature from each style period. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs.			Advanced composition using electronically generated sound material. Prereq: 6837 (837). Repeatable to a maximum of 15 cr hrs.		
7852.02 Performance Literature: Voice	G	2	8838.01 Topics in Music Cognition	G	3
Intensive study of representative voice literature from each style period. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 16 cr hrs.			Critical survey of perceptual, cognitive, affective or neuroscience research related to music. Prereq: Permission of instructor. Not open to students with credit for 838.		
7852.03 Performance Literature: Strings	G	2	8838.02 Topics in Empirical Musicology	G	3
Intensive study of representative string literature from each style period. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs.			Critical survey of quantitative and systematic research related to music. Prereq: Permission of instructor. Not open to students with credit for 838.		
7852.04 Performance Literature: Woodwinds	G	2			
Intensive study of representative woodwind literature from each style period. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs.					

8838.04 Topics in Recent Literature of Music Cognition	G	3	8895 Seminar in Music	G	1 - 3
Critical readings and discussion of current research publications in music cognition. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs.			Colloquia, workshops, and special topics seminars in music. Repeatable to a maximum of 24 cr hrs or 8 completions. This course is graded S/U.		
8839.01 Music Cognition Research Laboratory	G	3	8902.11 Applied Music - Major - Piano	G	2 - 4
Practical experiences in laboratory studies of music. Prereq: 8838.01 (838). Repeatable to a maximum of 6 cr hrs.			Advanced study of music literature in piano performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8839.02 Research Methods in Empirical Musicology	G	3	8902.21 Applied Music - Major - Voice	G	2 - 4
Philosophical and methodological foundations of empirical music research. A study of the main techniques and concepts of empirical music research. Prereq: 8838.02 (838). Repeatable to a maximum of 6 cr hrs.			Advanced study of music literature in voice performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8847 Development of Notation: 900-1600	G	3	8902.31 Applied Music - Major - Violin	G	2 - 4
A survey of notational principles from Gregorian neumes through the mensural system of the Renaissance, with exercises in transcription. Prereq: Grad standing. Not open to students with credit for 847.			Advanced study of music literature in violin performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8850 History of Performance Practices	G	3	8902.32 Applied Music - Major - Viola	G	2 - 4
A study of primary sources pertaining to contemporary attitudes and practices in the performance of music from the Middle Ages to the present. Prereq: Grad standing. Not open to students with credit for 850.			Advanced study of music literature in viola performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8852.03 Performance Literature - Strings	G	2	8902.33 Applied Music - Major - Cello	G	2 - 4
Concentrated study of representative string literature from each style period. Prereq: 7852.03 (752.03), or Doctoral standing. Repeatable to a maximum of 8 cr hrs.			Advanced study of music literature in cello performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8852.04 Performance Literature - Woodwinds	G	2	8902.34 Applied Music - Major - Double Bass	G	2 - 4
Concentrated study of representative woodwind literature from each style period. Prereq: 7852.04 (752.04), or Doctoral standing. Repeatable to a maximum of 8 cr hrs.			Advanced study of music literature in double bass performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8852.05 Performance Literature - Brass	G	2	8902.41 Applied Music - Major - Flute	G	2 - 4
Concentrated study of representative brass literature from each style period. Prereq: 7852.05 (752.05), or Doctoral standing. Repeatable to a maximum of 8 cr hrs.			Advanced study of music literature in flute performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8852.07 Performance Literature: Percussion	G	2	8902.42 Applied Music - Major - Oboe	G	2 - 4
Concentrated study of representative percussion literature from each style period. Prereq: 7852.07, 752.07, or Doctoral standing. Not open to students with credit for 852.07. Repeatable to a maximum of 8 cr hrs.			Advanced study of music literature in oboe performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8860.01 Wind Conducting Repertoire	G	3	8902.43 Applied Music - Major - Clarinet	G	2 - 4
Concentrated study of instrumentation and repertoire of bands in Western music from the standpoint of the conductor. Prereq: DMA conducting major, or permission of instructor. Not open to students with credit for 860.01.			Advanced study of music literature in clarinet performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8860.02 Choral Conducting Repertoire	G	3	8902.45 Applied Music - Major - Saxophone	G	2 - 4
Concentrated study of choral literature from the Renaissance to the present. Prereq: DMA conducting major, or permission of instructor. Not open to students with credit for 860.02.			Advanced study of music literature in saxophone performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8860.03 Orchestral Conducting Repertoire	G	3	8902.46 Applied Music - Major - Bassoon	G	2 - 4
Concentrated study of orchestral repertoire from Monteverdi through the present from the standpoint of the conductor. Prereq: DMA conducting major, or permission of instructor. Not open to students with credit for 860.03.			Advanced study of music literature in bassoon performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8872 Qualitative Research in Music	G	3	8902.51 Applied Music - Major - Horn	G	2 - 4
This course will examine principles of qualitative research design in social sciences and their application to music teaching and learning. Prereq: Doctoral standing, or permission of instructor.			Advanced study of music literature in horn performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8874 Seminar: The Development of Music Education	G	3	8902.52 Applied Music - Major - Trumpet	G	2 - 4
Development of music education from the early Greek society to the present day tracing major trends and persons of influence. Prereq: Grad standing. Not open to students with credit for 874.			Advanced study of music literature in trumpet performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8875 Seminar: Psychological Factors in Music Education	G	3	8902.53 Applied Music - Major - Trombone	G	2 - 4
A study of the psychological factors, theory, and research in the musical development of children and adolescents with implications for school music education programs. Prereq: 7761 (761). Not open to students with credit for 875.			Advanced study of music literature in trombone performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8877 Seminar: Social Factors in Music Education	G	3	8902.55 Applied Music - Major - Tuba	G	2 - 4
A study of the social influences on music education and their relationship to primary and secondary music programs and practices. Prereq: 7760 (760). Not open to students with credit for 877.			Advanced study of music literature in tuba performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8879 Seminar: Music in Higher Education	G	3	8902.71 Applied Music - Major - Percussion	G	2 - 4
The role of music in higher education historically and in contemporary times, including its philosophical bases, degree programs, and organizations. Prereq: Grad standing. Not open to students with credit for 879.			Advanced study of music literature in percussion performance. Prereq: Enrollment in DMA program. Repeatable to a maximum of 40 cr hrs or 10 completions.		
8885 Fieldwork in Ethnomusicology	G	3	8903.01 Advanced Wind Conducting	G	4
A study of the theory and practice of ethnomusicological fieldwork. Prereq: Grad standing, and enrollment in Music program. Repeatable to a maximum of 6 cr hrs.			Study of advanced wind conducting technique and application to appropriate repertoire. Prereq: Enrollment in DMA conducting program. Repeatable to a maximum of 24 cr hrs.		
			8903.02 Advanced Choral Conducting	G	4
			Study of advanced choral conducting technique and application to appropriate repertoire. Prereq: Enrollment in DMA conducting program. Repeatable to a maximum of 24 cr hrs.		
			8903.03 Advanced Orchestral Conducting	G	4
			Study of advanced orchestral conducting technique and application to appropriate repertoire. Prereq: Enrollment in DMA conducting program. Repeatable to a maximum of 24 cr hrs.		
			8905 Doctoral Recital	G	2
			Intended for the graduate student who is preparing a doctoral recital. Prereq: 7905. Repeatable to a maximum of 8 cr hrs. This course is graded S/U.		
			8950 Seminar in Musicology	G	3
			Research topic in musicology to be determined by the area. Prereq: Grad standing. Repeatable to a maximum of 30 cr hrs.		

330 Music

8998 Doctoral Research Non-Thesis

G 1 - 3

Research for non-thesis purposes.

Prereq: Grad standing. Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.

8999 Research for Dissertation or Document

G 1 - 5

Research for dissertation or document purposes.

Prereq: Grad standing. Repeatable to a maximum of 30 cr hrs or 10 completions. This course is graded S/U.

Naval Science

1101 Freshmen Leadership Lab

U 1

An introduction to the practical application of basic leadership principles in the United States Navy and United States Marine Corps.

Prereq: Not open to students with credit for 111. This course is graded S/U.

1102 Freshmen Leadership Lab

U 1

A continued practical application of basic leadership principles in the United States Navy and United States Marine Corps.

Prereq: Enrollment in Navy ROTC program. This course is graded S/U.

1110 Survey of Naval Science

U 3

Introduction to and survey of disciplines peculiar to naval science including naval tasks & missions, regulations, customs, traditions, & organizational relationships. Students must contact Naval Science Department (292-6015) for orientation program.

Prereq: Enrollment in NROTC Unit, or permission of instructor. Not open to students with credit for 111.

1210 Sea Power and Maritime Affairs Seminar

U 3

An analysis of maritime affairs as related to the United States naval forces, from the Revolutionary War to present day. Students must contact Naval Science Department (292-6015) for Naval ROTC program information.

Prereq: 1110, or permission of instructor. Not open to students with credit for 121 and 131.

2001 Sophomore Leadership Lab I

U 1

An intensified employment of leadership principles and practices relevant to future Navy and Marine Corps officers.

Prereq: Enrollment in Navy ROTC program. This course is graded S/U.

2002 Sophomore Leadership Lab II

U 1

A continued employment of leadership principles and practices relevant to future Navy and Marine Corps officers.

Prereq: Enrollment in Navy ROTC program. This course is graded S/U.

2110 Navigation I

U 3

A study of navigation and piloting vessels at sea, including the determination of position by dead reckoning, visual bearings, and electronic methods.

Prereq: Not open to students with credit for 211 and 221.

2210 Navigation II

U 3

A study of fleet operations including operations and tactics including the study of relative motion of ships at sea, maneuvering board, tactics, and naval communications.

Prereq: 2110, or permission of instructor. Not open to students with credit for 221 and 431.

3001 Junior Leadership Lab I

U 1

An advanced application of leadership theory, skills, and practices for prospective Navy and Marine Corps officers.

Prereq: Enrollment in Navy ROTC program. This course is graded S/U.

3002 Junior Leadership Lab II

U 1

A continuation of the advanced application of leadership theory, skills, and practices for prospective Navy and Marine Corps officers.

Prereq: Enrollment in Navy ROTC program. This course is graded S/U.

3110 Naval Ship Systems

U 3

Study of fundamental thermodynamics, conventional and nuclear ship propulsion systems. For Naval ROTC program information, contact 292-6015.

Prereq: Permission of instructor. Not open to students with credit for 311 and 321.

3210 Naval Mission Systems

U 3

Applications of naval weapons systems as they relate to the ships of today's Navy.

Theoretical presentation of fundamental weapons concepts including electromagnetic principles, feedback controls, and basic ballistics.

Prereq: 3110 (311 and 321). Not open to students with credit for 321 and 331.

3510 Evolution of Warfare

U 3

A study of the evolution of weapons and tactics, illustrating the principles and variables of war used in certain battles from Alexander through the present day. For ROTC program information, contact 292-6015.

Prereq: 1210 (121 and 131). Not open to students with credit for 351 and 352.

3530 Modern Basic Military Strategy and Tactics

U 2

Prepares future Marine Corps Officers by studying modern tactical principles, current military developments, & conducting physical fitness training. This course is only open to those students preparing to attend Marine Corps Officer Candidate School.

Prereq: Not open to students with credit for 353.

4001 Senior Leadership Lab I

U 1

A culmination of the knowledge, skills, theory, and leadership practices acquired in the Navy ROTC program to ensure that prospective Navy and Marine Corps officers are ready to receive a commission in the United States military.

Prereq: Enrollment in Navy ROTC program. This course is graded S/U.

4002 Senior Leadership Lab II

U 1

A continued culmination of the knowledge, skills, theory, and leadership practices acquired in the Navy ROTC program to ensure that prospective Navy and Marine Corps officers meet all necessary requirements for commissioning as military officers.

Prereq: Enrollment in Navy ROTC program. This course is graded S/U.

4110 Leadership and Management

U 3

A seminar study of effective leadership in a military setting involving examples from Naval history as well as modern business management practices.

Prereq: Enrollment in NROTC program, or permission of instructor. Not open to students with credit for 231.

4210 Leadership and Ethics

U 3

A study of issues relating to naval law, the Uniform Code of Military Justice and the moral principles involved in making informed decisions as a military officer.

Prereq: Enrollment in NROTC program, or permission of instructor. Not open to students with credit for 411.

4510 Amphibious & Expeditionary Warfare

U 3

A study of the concepts and evolution of amphibious warfare from history through present. For Navy ROTC program information, contact 292-6015.

Prereq: 1210 (131 and 131), or permission of instructor. Not open to students with credit for 451 and 452.

4520 Fundamentals of Maneuver Warfare

U 3

This course prepares future military officers and other leaders for service by studying modern tactical principles, current military developments, and other aspects of warfare and their interactions with and influences on maneuver warfare doctrine. There is a specific focus on the United States Marine Corps as the premier maneuver warfighting organization.

Near Eastern Languages and Cultures

2194 Group Studies

U 1 - 5

Special topics to be announced in the semester previous to the one in which the course is offered.

Prereq: Permission of instructor or department. Repeatable to a maximum of 15 cr hrs or 5 completions.

2220 Introduction to South Asian Studies

U 3

A multi-disciplinary introduction to South Asia's geographical, political, cultural, and religious contexts and connections.

Prereq: English 1110 (110) or equiv. Not open to students with credit for 265 or CompStd 2220. GE culture and ideas and diversity global studies course. Cross-listed in CompStd.

2241 The Middle East Close-Up: People, Cultures, Societies

U 3

Introduction to the culture of the Middle East as lived in its villages, towns, and cities.

Prereq: Not open to students with credit for 241 or Anthrop 2241 (241). GE cultures and ideas and diversity global studies course. Cross-listed in Anthrop.

2244 Films of the Middle East

U 3

Overview of contemporary films from different Middle Eastern countries; how filmmakers of the region view, present, and construct their countries using particular modes of representation.

Prereq: English 1110 (110). Not open to students with credit for 244. GE cultures and ideas and diversity global studies course.

2680 It's The End of The World!: Apocalypticism in Christianity, Judaism, and Islam

U 3

This course will explore how the end of the world—generally understood to be preceded by enormous wars and disasters as well as the judgment of people and a reckoning of their deeds—was imagined over two millennia by Christians, Jews, and Muslims. The course will cover primary and secondary historical works, as well as fictional bestsellers, about the apocalypse from around the world.

Prereq or concr: English 1110.xx, or permission of instructor. Not open to students with credit for History 2680. Cross-listed in History. GE historical study and diversity global studies course.

2798.01 Experiencing Everyday Life in South Asia

U 3

Introduces students to the history, politics, cultures, and identities of India. Students explore religious and historical sites (of New Delhi, Varanasi, Agra, Mathura, and Vrindavan), experience the political and cultural currents within the country, and see firsthand the broad spectrums of influences that various human movements have made on the landscape of India.

Prereq: 3620 or CompStd 3620, and admission to program. GE education abroad course.

3111 Ancient Empires

U 4

Introduction to the history and cultures of the ancient empires of southwestern Asia, focusing on the period from the Assyrian and Persian Empires to the establishment of Islam (ca 900 BCE ca 750 CE).

Prereq: English 1110. GE historical study course.

Near Eastern Languages and Cultures 331

3201 Islam in the United States U 3

An examination of the main elements of Islamic belief as well as the particular characteristics of each major Islamic group in the United States.

Prereq: Not open to students with credit for 341. GE cultures and ideas course.

3204 The Middle East in the Media U 3

Examination of contemporary Middle Eastern cultures through critical evaluation of the media which inform our understanding of international politics.

Prereq: English 1110 (110). Not open to students with credit for 344. GE cultures and ideas and diversity global studies course.

3205 Women in the Muslim Middle East U 3

Examination of the position on women in the contemporary Middle East; impact of regional environment on gender identity; gender bias studies in various Middle Eastern countries.

Prereq: English 1100 (110). Not open to students with credit for 345. GE cultures and ideas and diversity global studies course.

3230 Introduction to Shi'i Beliefs and History U 3

Introduction to the history, doctrinal tenets, and social manifestations of Shi'ism within Islam and in the context of Islamic civilization.

Prereq: English 110.

3501 Introduction to Islam U 3

Examination of Islam as a world religion, enabling an understanding of its major tenets and beliefs as they are envisioned by insiders and outsiders.

Prereq: English 1110 (110). Not open to students with credit for 351. GE cultures and ideas and diversity global studies course.

3502 Islamic Civilization Through the Ages U 3

Islamic civilization through the ages offers a panoramic view of the interrelated social, political, economic, religious and intellectual developments of regions of Africa and Asia where the religion of Islam has had significant historical impact.

3620 Everyday Life in South Asia U 3

An examination of everyday life as experienced by members of the culturally diverse population of South Asia.

Prereq: English 1100 (110). Not open to students with credit for 380 or CompStd 3620. GE cultures and ideas course. Cross-listed in CompStd.

3625.01 Understanding Bollywood, Knowing India: Hindi Cinema Since 1960 U 3

Explores life in India from the lens of Hindi language cinema. Course engages with social class, gender, sexuality, Indian diaspora in the West, family structure, marriage, politics, caste, language (special focus on multilingualism in India), religion, and globalization, and how these relate to lived experiences of people in Indian society. Classroom delivery only. Not for Film Studies credit.

Prereq: Not open to students with credit for 3625 or 3625.02. GE cultures and ideas and diversity global studies course.

3625.02 Understanding Bollywood, Knowing India: Hindi Cinema Since 1960 U 3

Explores life in India from the lens of Hindi language cinema. Course engages with social class, gender, sexuality, Indian diaspora in the West, family structure, marriage, politics, caste, language (special focus on multilingualism in India), religion, and globalization, and how these relate to lived experiences of people in Indian society. Online delivery only. Not for Film Studies credit.

Prereq: Not open to students with credit for 3625 or 3625.01. GE cultures and ideas and diversity global studies course.

3700 Mythology of Ancient Egypt and Mesopotamia U 3

An introductory comparative survey of the mythology of ancient Egypt and Mesopotamia.

Prereq: English 1110 (110). Not open to students with credit for 370. GE cultures and ideas and diversity global studies course.

3702 Literatures and Cultures of the Islamic World U 3

A survey of the Islamic world by way of literature and culture.

Prereq: English 1110 (110). Not open to students with credit for 372. GE lit and diversity global studies course.

4597 Islamic Revival and Social Justice: Utopian Ideals and Lived Realities U 3

Examination of modern Islamic revival movements in selected contemporary Muslim-majority societies.

Prereq: 4th year standing, or permission of instructor. Not open to students with credit for 597.01. GE cross-disciplinary seminar course.

4601 Israeli and Palestinian Literature U 3

An exploration of Israeli and Palestinian history, identity and conflict using a variety of Arabic and Hebrew texts in translation.

Prereq: English 110.

4998H Honors Research in Near Eastern Languages and Cultures U 1 - 3

Offers undergraduate honors students an advanced opportunity to do independent study and research beyond normal coursework.

Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.

4999 Undergraduate Thesis U 1 - 3

Offers undergraduates with special aptitudes the opportunity to do independent study and research leading to a thesis.

Prereq: Sr standing with an average of B in all NELC classes. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.

4999H Undergraduate Honors Thesis U 1 - 3

Offers undergraduates with special aptitudes the opportunity to do independent study leading to an honors thesis.

Prereq: Honors, Sr standing with an average of B in all work in NELC, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.

5101 Introduction to the Field of Near Eastern Languages & Cultures U G 1

Offers a concise introduction to the field of Near Eastern Languages and Cultures and its close cognates, focusing on the history and constitution of institutional bases for the study of the Near East.

Prereq: Jr or Sr standing, and Arabic, Hebrew, or Islamic Studies major; or Grad standing.

5103 Grammar of Selected Ancient Near Eastern Languages U G 3

Fundamentals of grammar and reading in ancient Near Eastern languages (e.g. Egyptian, Coptic, Sumerian, Babylonian, Northwest Semitic dialects, Syriac).

Prereq: Knowledge of a Semitic language, or permission of instructor. Repeatable to a maximum of 12 cr hrs.

5111 Comparative Semitic Linguistics U G 3

An introduction to the study of comparative Semitic linguistics.

Prereq: Permission of instructor. Not open to students with credit for JewshSt 5111.

5120 Biblical Aramaic U G 3

Introduction to the language of the Aramaic sections of the books of Daniel and Ezra in the Old Testament.

Prereq: Hebrew 1103 (104), or permission of instructor. Not open to students with credit for 620.

5121 Jewish Aramaic U G 3

Provides students grammatical and textual skills to read Jewish post-biblical Aramaic and to introduce them to some of the most important texts written in the language. Introduces grammar of Jewish Aramaic, dialectical differences among the Aramaic of the Dead Sea Scrolls, Palestine, and Jewish Babylonia, and how these differences are reflected in the manuscript and inscriptive evidence.

Prereq: Hebrew 1103, or permission of instructor.

5125 Syriac I U G 3

Introduction to Syriac.

5126 Syriac II U G 3

Continuation from NELC 5125 Introduction to Syriac (Syriac I).

Prereq: 5125, or permission of instructor.

5130 Ugaritic U G 3

Introduction to the language and literature of Ugaritic; readings in the Ugaritic mythological literature.

Prereq: Permission of instructor. Not open to students with credit for JewshSt 5130.

5193 Individual Studies U G 1 - 10

Individual studies.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions. This course is graded S/U.

5194 Group Studies U G 1 - 10

Group studies.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions.

5204 Culture and Politics in Central Asia U G 3

Comparative study of cultural legacy and change, including religious and secular life and civil society development, in relation to political trends in Central Asia.

Prereq: Jr standing, or permission of instructor. Not open to students with credit for 644.

5241 Interdisciplinary Approaches to South Asian Studies U G 3

A connection of the disparate threads of the geographic and cultural entity of South Asia, offering an overview and interdisciplinary perspective on the factors that affect everyday life in the region.

Prereq: English 1110 (110).

5401 Methodologies for the Study of Ancient Religions U G 3

Introduction to the methodologies and the scholars who have significantly influenced the study of ancient religion.

Prereq: Not open to students with credit for Clas 5401. Cross-listed in Clas.

5568 Studies in Orality and Literacy U G 3

Examination of major theories of writing and of oral composition and transmission, in juxtaposition to case material deriving from a variety of Middle Eastern cultures.

Prereq: Permission of instructor. Not open to students with credit for 648 or CompStd 5668 (648). Cross-listed in CompStd 5668.

332 Near Eastern Languages and Cultures

5575	Intellectuals in the Middle East	U G	3
Concerns and conditions of intellectuals in the modern Middle East. Prereq: Permission of instructor. Not open to students with credit for 675.			
5578	Islamic Law and Society	U G	3
Examination of the relationship between Islamic law and society; the concept of justice in Islam. Prereq: Permission of instructor. Not open to students with credit for 678.			
5645	Contemporary Issues in the Middle East	U G	3
Intensive examination of contemporary issues in the Middle East by applying an interdisciplinary approach. Prereq: 2200 or 245, or Jr standing. Cross-listed in IntStd.			
5797	Study at a Foreign Institution	U G	1 - 15
An opportunity for students to study at a foreign institution and receive Ohio State credit for that work. Prereq: Permission of department. Repeatable to a maximum of 30 cr hrs or 5 completions.			
6998	NELC MA Exams	G	1 - 3
Preparation for exams for Master of Arts in Near Eastern Languages and Cultures. Prereq: Master's student in NELC. This course is graded S/U.			
6999	NELC MA Thesis	G	1 - 4
Thesis preparation for Master of Arts in Near Eastern Languages and Cultures. Prereq: MA student in NELC. This course is graded S/U.			
7301	Theorizing Literature	G	3
Accelerated introduction to literary theory and criticism, surveying significant developments in modern and contemporary literary and cultural studies. Prereq: Grad standing, or permission of instructor(s). Not open to students with credit for CompStd 7301. Cross-listed in CompStd 7301.			
7501	Narratives of Origin: The Islamic Tradition	G	3
How the contours of the Islamic narrative fare in a source-critical context. Prereq: Grad standing, or permission of instructor(s).			
7503	Religions of Ancient Iran	G	3
Advanced study of the religions of ancient Iran, including Zoroastrianism, Manichaeism, and religions of those ruled by the ancient Persian Sasanid dynasty. Prereq: Grad standing, or permission of instructor.			
7880	Interdepartmental Studies in the Humanities	G	2 - 4
Two or more departments present colloquia on subjects of mutual interest; topics to be announced. Prereq: Grad standing, or permission of instructor(s). Repeatable to a maximum of 12 cr hrs or 5 completions.			
7998	Candidacy Exams in Near Eastern Languages & Cultures	G	1 - 8
Preparation for Candidacy Exams in Near Eastern Languages and Cultures. Prereq: PhD student preparing for Candidacy exams. This course is graded S/U.			
7999	Research for NELC Dissertation Prospectus	G	1 - 3
Doctoral dissertation prospectus research in Near Eastern Languages and Cultures. Prereq: PhD candidate. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.			
8189	Field Research in Near Eastern Languages & Cultures	G	1 - 3
Field research for doctoral dissertation in Near Eastern Languages & Cultures. Prereq: PhD candidate. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.			
8998	Doctoral Research in Near Eastern Languages and Cultures	G	1 - 3
Doctoral dissertation research in Near Eastern Languages and Cultures. Prereq: PhD candidate. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.			
8999	Dissertation Writing in Near Eastern Languages and Cultures	G	1 - 3
Doctoral dissertation writing in Near Eastern Languages and Cultures. Prereq: PhD candidates. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.			

Neurological Surgery

6193	Independent Studies in Neurological Surgery	G	1 - 40
Independent research in neurological surgery. Repeatable to a maximum of 40 cr hrs or 40 completions. This course is graded S/U.			
8250	Biology of the Tumor Microenvironment	G	2
Cellular and molecular biology of the microenvironment in solid cancers. Signals and mechanisms that promote tumor initiation and progression. Prereq: 2nd year Grad standing, with lab work complete.			

8999	Research in Neurological Surgery	G	1 - 18
Research for Thesis only. Repeatable to a maximum of 18 cr hrs or 18 completions. This course is graded S/U.			

Neurology

8999	Research	G	1 - 15
Research for thesis or dissertation. Repeatable. This course is graded S/U.			

Neuroscience Department

1100	Neuroscience Survey Course	U	1
This course will introduce students to the Neuroscience curriculum, explore degree requirements, develop a personalized academic/vocational plan, aid in professional development, familiarize students with academic resources and support services, and establish a relationship with an academic advisor.			
1100H	Neuroscience Honors Survey Course	U	1
Introduces students to the Neuroscience curriculum, explore degree requirements, develop a personalized academic/vocational plan, aid in professional development, familiarize students with academic resources and support services and establish a relationship with an academic advisor.			
Prereq: Honors standing.			
3000	Cellular and Molecular Neuroscience	U	3
Course covering cellular and molecular organization of the nervous system. Prereq: Biology 1113 (113) or 1113H (115H), or permission of instructor. Not open to students with credit for NeuroSc 300.			
3010	Introduction to Neurophysiology	U	3
The course will discuss basic principles of neurophysiology working from the level of the ion channel to the whole system. Prereq: 3000 or 3050, or permission of instructor. Admis Cond course.			
3025	History of Neuroscience	U	3
Designed for neuroscience majors or non-majors. We will look at the discovery that demonstrated that different areas of the brain serve different functions, the mind-body argument, the birth of experimentation in the brain, and the discovery of neurons, neurotransmitters and neural communication. We will look into the lives of some of the major neuroscientists and their discoveries.			
3050	Structure and Function of the Nervous System	U	3
Basic principles of the anatomical and neurophysiological organization of the nervous system. Prereq: 3000. Admis Cond course.			
3191	Internship in Neuroscience	U	1 - 15
Neuroscience students have the opportunity to combine classroom theory with practical application through job-related experiences during a neuroscience related internship (Department Approval of Internship Site is Required). Maximum of 3 credit hours of any combination of Neurosc 3191 and Neurosc 3193 can be applied to the Breadth Requirements of the major. Prereq: GPA 2.0 or above, and enrollment in Neuroscience, and permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.			
3193	Individual Studies	U	1 - 15
This course enables students to pursue research in the field of Neuroscience under the guidance of a Neuroscience faculty member. Prereq: Permission of instructor. Repeatable to a maximum of 99 cr hrs or 10 completions. This course is graded S/U.			
4050H	Neurogenetics	U	3
This course takes a historical approach to gene discovery in neuroscience: spanning classic mutagenesis studies in simple invertebrate systems to the mapping and identification of neurological disease genes in humans, with stops along the way to explore unique genetic systems and studies, such as the Stanford dog narcolepsy project. Prereq: 3000, and MolGen 4500 or 4606; or permission of instructor.			
4100	Basic and Clinical Foundations of Neurological Disease	U	3
Discusses basic and clinical issues related to a variety of neurological disease. Prereq: 3000, or permission of instructor. Admis Cond course.			
4623	Biological Clocks and Behavior	U	3
The broad variety of biological rhythms of animals and humans, including ultradian, daily, lunar, tidal, and annual cycles. Properties of biological clocks and ways in which rhythms are generated and how they are synchronized to the external environment. Prereq: 3000. Not open to students with credit for Psych 4623 (623). Cross-listed in Psych.			
4640	Neuronal Signal Transduction	U	3
Focuses on the fundamental intracellular signaling events and transcriptional control mechanisms that shape CNS physiology and pathophysiology. The course will describe the basic molecular mechanisms that regulate transcriptional and translational control mechanisms in the nervous system. Cellular signaling pathways will be placed within a relevant context. Prereq: 3000.			

4850 Contemporary Topics in Neuroscience

U 3

A merging of pop culture and Neuroscience, this course will survey recent events and literature in the field of Neuroscience from learning and memory, neurodevelopmental disorders, the microbiome, and aging. Discover why the Wall Street Journal calls this the "Golden Age of Neuroscience."

Prereq: 3000 and Psych 3313.

4998 Undergraduate Research

U 1 - 15

Students will be given credit for participating in a research project in the laboratory of a faculty member in the Department of Neuroscience.

Prereq: Permission of instructor. Repeatable to a maximum of 10 completions. This course is progress graded (S/U). Admis Cond course.

4999 Neuroscience Undergraduate Thesis Research

U 1 - 15

A program of individual research with a Neuroscience faculty member culminating in a thesis and oral examination.

Prereq: Permission of advisor. Repeatable to a maximum of 15 cr hrs or 8 completions. This course is graded S/U.

4999H Neuroscience Undergraduate Honors Thesis Research

U 1 - 15

A program of individual research with a Neuroscience faculty member culminating in an honors thesis and oral examination.

Prereq: Honors standing, and permission of advisor. Repeatable to a maximum of 15 cr hrs or 8 completions. This course is graded S/U.

5070 Neuroengineering and Neuroprosthetics

U G 3

Gives an overview of the broad field of Neuroengineering for graduate and senior undergraduate students with engineering or neuroscience backgrounds. Focusing on neural interfaces and prostheses, this course covers from basic neurophysiology and computational neuronal models to advanced neural interfaces and prostheses currently being actively developed in the field.

Prereq: ECE 3050, BiomedE 3703, or Neurosc 3010 and permission of instructor; or Grad standing in Engr or Neurosc. Not open to students with credit for ECE 5194.03. Cross-listed in ECE.

5644 Behavioral Endocrinology

U G 3

Exploration of the interactions among hormones, brain, and behavior through an integrative approach.

Prereq: Psych 313, or Grad standing, or permission of instructor. Not open to students with credit for 644 or Psych 4644 (644). CT Admis Cond course.

5790H Developmental Neuroscience

U G 3

Investigates the molecular, cellular and genetic mechanisms responsible for building nervous systems. The brain is a complex structure, yet it develops from a single sheet of cells. We will discuss how this development tolerates tremendous genetic and environmental variability to assemble a functioning nervous system.

Prereq: Honors standing, 3000 and 3050, and Jr or Sr standing. Not open to students with credit for 7900.

6193 Individual Studies

G 1 - 15

Enables students to pursue research in the field of Neuroscience under the guidance of a faculty member in the Department of Neuroscience.

Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U. Admis Cond course.

6194 Group Studies

G 1 - 16

Group studies course in which various techniques used in Neuroscience research or specific topics in neuroscience will be taught.

Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 4 completions. This course is graded S/U. Admis Cond course.

7001 Foundations of Neuroscience I

G 6

Discusses basic principles of the cellular, molecular and neurophysiological, and neuropharmacological organization of the nervous system.

Prereq: Permission of instructor. Not open to students with credit for 723, 724, and Pharm 824. CT Admis Cond course.

7002 Foundations of Neuroscience II

G 6

Discusses the organization of select systems in the nervous system including motor, sensory, autonomic, and higher cognitive centers. Course will cover anatomical, functional and behavioral concepts.

Prereq: Permission of instructor. Not open to students with credit for 725, Psych 726, and Pharmcol 824. CT Admis Cond course. Cross-listed in Dent 7012.03.

7050 Neurobiology of Disease

G 3

Neurobiology of Disease will explore the basis of major diseases affecting the nervous system.

Prereq: Permission of instructor. Not open to students with credit for 705. Cross-listed in BioPhrm.

7100 Current Topics in Neuroscience

G 1

In this course students will be assigned journal articles in the field of Neuroscience. They will be expected to discuss the papers in class under faculty guidance.

Repeatable to a maximum of 15 cr hrs. This course is progress graded (S/U).

7200.01 Neuroscience Laboratory

G 1

Laboratory component of NeuroSc 7002 in which students will learn anatomy of the human brain.

Prereq: Permission of instructor. Admis Cond course. Cross-listed in Dent 7012.01.

7200.02 Current Topics in Systems Neuroscience

G 1

In this course students will be assigned journal articles in the field of Systems Neuroscience that will be correlated with material presented in NeuroSc 7002. They will be expected to discuss the papers in class under faculty guidance.

Prereq: Permission of instructor. This course is graded S/U. Admis Cond course. Cross-listed in Dent 7012.02.

7500 Neuroimmunology

G 2

Discusses research and clinical applications of inflammatory processes within the central nervous system with special emphasis on neurodegenerative disorders, autoimmune disease, and neurotrauma (e.g., spinal injury).

Prereq: Permission of instructor. Admis Cond course.

7890 Seminar Topics in Neuroscience

G 1

Selected topics in neuroscience are presented by faculty, invited speakers from outside the university, and by students enrolled in the course. Students will discuss papers related to the research of outside speakers.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs.

8999 Research for Dissertation

G 1 - 10

Graduate level research in neuroscience.

Prereq: Permission of instructor. Repeatable to a maximum of 20 completions. This course is graded S/U. Admis Cond course.

Neuroscience Graduate Studies Program

7887 Seminar Topics in Neuroscience

G 1

Selected topics in current neuroscience research.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 15 cr hrs.

Nuclear Engineering

2194 Group Studies in Nuclear Engineering

U 1 - 4

Special group studies of a selected area of nuclear engineering not provided in other courses.

Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is graded S/U.

4193 Individual Studies in Nuclear Engineering

U 1 - 4

Designed to give the advanced student opportunity to pursue special studies not otherwise offered.

Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs or 4 completions.

4193H Individual Studies in Nuclear Engineering

U 1 - 4

Designed to give the advanced student opportunity to pursue special studies not otherwise offered.

Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 4 cr hrs or 4 completions.

4194 Group Studies in Nuclear Engineering

U 1 - 4

Special group studies of a selected area of nuclear engineering not provided in other courses.

Prereq: Permission of Instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

4194H Group Studies in Nuclear Engineering

U 1 - 4

Special group studies of a selected area of nuclear engineering not provided in other courses.

Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

4505 Introduction to Nuclear Science and Engineering

U 3

Discussion of nuclear energy and nuclear radiation; sources, methods of utilization, and projections for future engineering uses.

Prereq: Math 2173, 2177, 2255 (255), or 2415 (415); and Physics 1251 (133), or permission of instructor. Not open to students with credit for 505 or MechEng 4505 (505). Cross-listed in MechEng.

4506 Undergraduate Nuclear Engineering Laboratory

U 3

A laboratory course tailored to undergraduates that will provide hands-on experience with nuclear engineering instrumentation and the OSU Research Reactor.

Prereq: 4505 (505) or MechEng 4505 (505); or permission of instructor.

4536 Nuclear Reactor Systems

U 3

Introductory course covering concepts of nuclear power reactor systems, thermal and mechanical design aspects and economics of nuclear power plants.

Prereq: 4505 (505) or MechEng 4505 (505); or permission of instructor. Not open to students with credit for 6536 (736), MechEng 4536 or 6536 (736). Cross-listed in MechEng.

4701 Introduction to Nuclear Power Engineering

U 3

For advanced undergraduates in nuclear engineering focusing on the physics and engineering of nuclear reactors and nuclear power plants.

Prereq: 4505 (505) or MechEng 4505 (505); or permission of instructor. Not open to students with credit for 701.

334 Nuclear Engineering

4998	Undergraduate Research in Nuclear Engineering	U	1 - 6	6725	Nuclear Reactor Dynamics	G	2
	Designed to give the advanced student opportunity to pursue special studies not otherwise offered.				Nuclear reactor system transient operation, control mechanisms.		
	Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.				Prereq: 6708 (705), or Grad standing; or permission of instructor. Not open to students with credit for 720.		
4998H	Undergraduate Research in Nuclear Engineering	U	1 - 6	6726	Reactor Dynamics Laboratory	G	2
	Designed to give the advanced student opportunity to pursue special studies not otherwise offered.				Measurement of reactor characteristics and operational parameters using the Ohio State University Research Reactor.		
	Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.				Prereq: 6708 or 705. Prereq or concur: 6725, or Grad standing; or permission of instructor. Not open to students with credit for 744.		
5606	Radiation Protection and Shielding	U G	3	6750	Nuclear Materials and Irradiation Effects in Materials	G	2
	General principles of radiation, radioactivity, and radiation protection including radiation sources, radioactive decay, radiation interactions, radiation detection, radiation shielding, radiation dose calculations, and biological effects.				Develop an understanding of the interactions of materials with radiation and the resulting changes in materials properties. Discussion of common materials in nuclear materials.		
	Prereq: Math 2153, 2173, 2177 or 153, and Physics 1250 or 133; or Grad standing. Not open to students with credit for 606.				Prereq: Grad standing, or permission of instructor. Not open to students with credit for 750 or MatScEn 6750 (750). Cross-listed in MatScEn.		
5610	Reactor Safety	U G	3	6766	Nuclear Engineering Design	G	2
	Introductory course covering concepts of reactor safety, the history of reactor accidents and methods of safety analysis.				A practical experience in the design process within the context of nuclear engineering. Students will be organized into groups. A design project will be specified. Each group will produce and present a final design report.		
	Prereq: 4505 (505) or MechEng 4505 (505); or Grad standing; or permission of instructor. Not open to students with credit for 610.				Prereq: NuclEn MS Core, or permission of instructor. Not open to students with credit for 766.		
5735	Nuclear Power Plant Operations	U G	3	6881	Nuclear Engineering Seminar	G	1
	Introduction to power plant systems, regulatory requirements, integrated plant operations, and emergency responses.				Discussions by graduate students and invited eminent speakers of their research projects and topics of interest in nuclear engineering.		
	Prereq: 4505 (505) or MechEng 4505 (505); or Grad standing; or permission of instructor. Not open to students with credit for 735 or 745.				Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 10 cr hrs or 20 completions.		
5742	Nuclear Radiations and Their Measurements	U G	3	7865	Neutron Slowing Down and Thermalization	G	3
	Systematic study of nuclear radiation source, interaction with matter and their detection using gas-filled, semiconductor, Scintillation detectors, HPGe spectrometry, pulse processing, and statistical data analysis.				Neutron slowing down in infinite and finite media, thermal spectrum calculations, and cell calculations in heterogeneous core lattices.		
	Prereq: Not open to students with credit for 743.				Prereq: 6708, 704, 705, or 708; or permission of instructor. Not open to students with credit for 865.		
5776	Nuclear Fuel Cycle and Radioactive Waste Management	U G	3	8193	Individual Studies in Nuclear Engineering	G	1 - 4
	Review of the nuclear fuel cycle and radioactive waste management, including uranium mining, milling, conversion, enrichment, fuel fabrication, reactor operations, reprocessing, waste treatment, and disposal.				Designed to give the advanced student opportunity to pursue special studies not otherwise offered.		
	Prereq: 4505 (505) or MechEng 4505 (505); or Grad standing; or permission of instructor.				Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs or 4 completions.		
6193	Individual Studies in Nuclear Engineering	G	1 - 4	8194	Group Studies in Nuclear Engineering	G	1 - 4
	Designed to give the advanced student opportunity to pursue special studies not otherwise offered.				Special group studies of a selected area of nuclear engineering not provided in other courses.		
	Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs or 4 completions.				Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.		
6194	Group Studies in Nuclear Engineering	G	1 - 4	8717	Dynamic Probabilistic Risk Assessment	G	3
	Special group studies of a selected area of nuclear engineering not provided in other courses.				The students will review selected papers on dynamic probabilistic risk assessment.		
	Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.				Prereq: 6716 (716), MechEng 6665 (776.01), or 6666 (776.02); or permission of instructor. Not open to students with credit for MechEng 8717. Cross-listed in MechEng.		
6507	Intermediate Numerical Methods	G	3	8777	Risk and Reliability for Digital Instrumentation and Control Systems	G	3
	Numerical techniques and computer algorithms to solve initial and boundary value problems relevant to engineering applications, such as heat conduction and mass diffusion.				Modeling of digital instrumentation systems used in nuclear power reactor systems for reliability, safety, risk, and security assessment.		
	Prereq: MechEng 2850 (250), Math 2174 (568), 2415 (415), or 4512 (557 or 512); or Grad standing in MechEng, AeroEng, or NuclEng; or permission of instructor. Not open to students with credit for 707 or MechEng 6507 (707). Cross-listed in MechEng.				Prereq: 4505 (505) or MechEng 4505 (505), or permission of instructor. Not open to students with credit for 794J. Cross-listed in MechEng.		
6536	Nuclear Reactor Systems and Analysis	G	3	8998	Graduate Research in Nuclear Engineering	G	1 - 12
	Intermediate-level course covering thermal and mechanical design aspects of nuclear power plants. The thermodynamics of operating nuclear power plants (BWRs and PWRs) are emphasized.				Nuclear Engineering research for thesis.		
	Prereq: 4505 (505) or MechEng 4505 (505); and 3501 or 3502 (502), or equiv; or permission of instructor. Not open to students with credit for 736 or MechEng 6536 (736). Cross-listed in MechEng.				Repeatable. This course is graded S/U.		
6537	Nuclear Reactor Thermal Hydraulics	G	3	8999	Nuclear Engineering Research for Dissertation	G	1 - 15
	Focuses on heat transfer and fluid flow applications in nuclear power reactor systems, including heat transfer in LWR fuel rods, coolant, and reactor internals.				Research for dissertation purposes only.		
	Prereq: 6536 (736) or MechEng 6536 (736), or equiv, or permission of instructor. Not open to students with credit for 737 or MechEng 6537 (737). Cross-listed in MechEng.				Repeatable. This course is graded S/U.		
6708	Reactor Theory	G	3				
	Principles of neutron chain reaction, neutron diffusion and moderation. One, two and multi-group diffusion equation and analytical solutions. Heterogeneous reactors and homogenization. Commercial reactors.						
	Prereq: 4505 (505) or MechEng 4505 (505); or Grad standing; or permission of instructor. Not open to students with credit for 704 or 705 or 708.						
6716	Probabilistic Reliability and Safety Assessment	G	3				
	Methods underlying probabilistic risk assessment (PRA) and how they are used in assessing the public health risk of nuclear systems.						
	Prereq: 4505 (505), MechEng 4505 (505), Grad standing, or permission of instructor. Not open to students with credit for 5716 (716) or MechEng 5716 (716). Cross-listed in MechEng.						

Nursing

1100	Nursing Survey	U	1
	Introduction to the university community, the College of Nursing, and the profession of nursing with emphasis on strategies for success, resources, and procedures. Designed for students admitted as freshman. 1100H (honors) may be available.		
	Prereq: Enrollment in pre-Nursing. Not open to students with credit for 100. This course is progress graded (S/U).		
1103	Nursing Assistant Education	U	3
	Knowledge and skills necessary to provide patient care as a nursing assistant in various healthcare settings.		
	Prereq: Permission of Nursing 1103 course head.		
2100	Introduction to Professional Nursing: Concepts and Practice	U	3
	Introduction to professional Nursing and the health care delivery system, its history and evolution, and the examination of the legal and ethical basis for professional practice.		
	Prereq: Admission to the Nursing major. Not open to students with credit for 301.01 or 301.02 or 301.03.		

2102	5 to Thrive: COPE (Creating Opportunities for Personal Empowerment)/Healthy Lifestyles	U	3	
	Concepts and strategies for managing stress, building cognitive-behavioral skills, setting goals, and leading a healthy lifestyle to improve health and academic outcomes through didactic information and skill-building activities.			
2270	Nursing Care of Adults and Older Adults I	U	5	
	Nursing knowledge essential to caring for adults and older adults with emphasis on health promotion, risk assessment, disease prevention, and health problems. Prereq: 2100, 2410, and 2450. Not open to students with credit for 402 and 403.			
2367	Writing About Healthcare Issues in the United States	U	3	
	Designed to enhance student's critical and analytical reading and writing skills through a study of current health issues in the United States. Prereq: English 1110 (110) or equiv. Not open to students with credit for 367. GE writing and comm course: level 2.			
2410	Health Assessment	U	3	
	Introduction to the foundational health assessment concepts of Nursing and the assessment skills required in the provision of Nursing care across the lifespan. Prereq: Admission to the Nursing major. Not open to students with credit for 301.01 or 301.02 or 301.03.			
2420	A Nursing Perspective: Life Span Development of Individuals within a Family Context	U	3	
	Study of growth and development of individuals within a family context from conception to death with an emphasis on assessment and interventions utilized in Nursing practice. Prereq: Admission to the Nursing major. Not open to students with credit for 337.			
2450	Pathophysiology for Nursing Practice	U	3	
	Study of pathophysiology and disease processes across the lifespan as a scientific foundation for nursing practice. Prereq: Admission to Nursing major. Not open to students with credit for 385.01 or 385.02 or 385.03.			
2460	Introduction to Therapeutic Communication for Health Professionals	U	3	
	Introduction to the process of effective communication and collaboration in health care settings. Prereq: Admission to the Nursing major. Not open to students with credit for 301.01 or 301.02 or 301.03.			
2470	Introductory Pharmacology for Nurses	U	3	
	Introduction to pharmacokinetic principles, drug mechanism of action and nursing implications for common classes of medications. Prospective Graduate Entry Nursing students may enroll in Spring semester by contacting nursing@osu.edu . Prereq: 2100, 2410, 2450, and 2460. Not open to students with credit for 604.			
2780	Scholarship for Evidence Based Practice	U	3	
	Introduction to information literacy, Nursing research methods, evidence based practice, the linkages among these areas and how they influence professional Nursing practice. Prereq: Enrollment in the Nursing major. Not open to students with credit for 360.01 or 360.02 or 360.03.			
2781H	Honors Research Methods	U	4	
	Introduction to information literacy, nursing research methods, evidence based practice, the linkages between these areas and how they influence professional nursing practice through direct involvement in the research process. Prereq: Honors standing. Soph standing in the major. Not open to students with credit for 541H.			
2798	Nursing Short Term Study Abroad Program	U	1 - 4	
	Preparing students for travel and learning experiences abroad. Participant in the College of Nursing short term study abroad program required. Prereq: Enrollment in Nursing major. Repeatable to a maximum of 2 completions. This course is graded S/U.			
2890.01H	Sophomore Honors Seminar I	U	1	
	Discussion of topics relevant to academic, professional, and personal development in nursing. Prereq: Honors standing, and Soph standing in Nursing. Not open to students with credit for 320.01H, 320.02H, or 320.03H.			
2890.02H	Sophomore Honors Seminar II	U	1	
	Discussion of topics relevant to academic, professional, and personal development in nursing. Prereq: Honors standing, and 2890.01H; or permission of instructor. Not open to students with credit for 320.01, 320.02, or 320.03.			
3115	School Health Roles and Responsibilities	U	3	
	Introduction to the scope of roles and responsibilities involved in school health services locally and globally within school and community settings. Consideration of regulatory directives, health goals and resources. Analysis of skills and factors used to promote healthy school environments. Prereq: Admission to certificate program, or permission of instructor.			
3116	Management of School Health Services	U	3	
	Overview of the strategies for promoting school health on a daily, weekly, and annual basis focusing on health promotion and disease prevention. Prereq: Admission to certificate program, or permission of instructor.			
3117	Children with Special Needs in Schools	U	3	
	School health services for children with special needs in schools based on best evidence. Interdisciplinary, legislative, and professional aspects considered. Prereq: Admission to certificate program, or permission of instructor.			
3118	Practicum in School Nursing	U	3	
	Supervised school nurse field experience in school setting applying the roles and responsibilities of a school nurse according to state and national standards. Prereq: Admission to certificate program; recent health assessment course; 3115, 3116, 3117; or permission of instructor.			
3200	Failure to Rescue: Recognition and Management of Clinical Triggers	U	2	
	Designed to introduce students to ECG interpretation and the clinical and decision-making skills necessary to recognize and respond to changes in patients' conditions. Prereq: Jr standing in Nursing, or professional nurse, or permission of instructor. Not open to students with credit for 525.			
3270	Nursing Care of Adults and Older Adults II	U	7	
	Nursing knowledge essential to caring for adults and older adults with emphasis on management of acutely ill patients with complex health problems. Prereq: 2270. Not open to students with credit for 501.			
3403	Concepts in Gerontological Nursing	U	1 - 3	
	Develops nursing knowledge essential to caring for older adults; emphasis on health promotion, risk assessment, disease prevention and common acute and chronic health problems. Prereq: 301.03 and 385.03.			
3430	Cultural Competence in Health Care: US and Global Contexts	U	3	
	Introduction to concepts and techniques for the provision of culturally competent care within the U.S. and across global contexts. Prereq: Enrollment in the Nursing major. Not open to students with credit for 440.			
3890.01H	Junior Honors Seminar I	U	1	
	Discussion of topics relevant to research and the senior thesis proposal. Prereq: Honors standing, and 2890.02H; or permission of instructor. Not open to students with credit for 420.01H, 420.02H, or 420.03H.			
3890.02H	Junior Honors Seminar II	U	1	
	Discussion of topics relevant to research and the senior thesis proposal. Prereq: Honors standing, and 3890.01H; or permission of instructor. Not open to students with credit for 420.01H, 420.02H, or 420.03H.			
4110	Nursing Process in the Perioperative Setting	U	2	
	Study of the nursing process with clients in the preoperative, intraoperative and postoperative phase; emphasis on patient care coordinator, nursing roles, and evidence-based practice. Prereq: Jr or Sr standing in the College of Nursing, or permission of instructor. This course is graded S/U.			
4193	Individual Studies in Nursing	U	1 - 4	
	Students will gain skills and knowledge within a focused area of study within the area of expertise of a nursing faculty mentor. The course will expose students to novel scholarly activities and provide individualized learning opportunities. Prereq: Enrollment in Nursing major, and permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions. This course is graded S/U.			
4240S	Concepts in Community Health Nursing	U	4	
	Study of community health nursing theory and principles applied to the nursing care of individuals, families, groups, communities, and populations. Prereq: 2270 and 3270. Not open to students with credit for 511S.			
4260	Nursing Care of Children and Their Families	U	4	
	Nursing knowledge essential to caring for children and families with emphasis on health promotion, risk assessment, disease prevention, and common acute and chronic health problems. Prereq: 2270. Not open to students with credit for 405.			
4270	Transition to Professional Nursing	U	6	
	Exploration of personal and professional topics designed to assist in promoting successful transition from nursing education to a rapidly changing work environment. Prereq: 3270. Not open to students with credit for 503.			
4280	Nursing Care of Women and their Families during Reproductive Transitions	U	4	
	Nursing knowledge and clinical practice essential to caring for women and their families during reproductive transitions. Prereq: 2270. Not open to students with credit for 404.			
4340	Psychiatric and Mental Health Nursing	U	4	
	Nursing knowledge applied to the promotion of mental health and to the recovery of individuals with psychiatric diagnoses and their families. Prereq: 2270. Not open to students with credit for 512.			

336 Nursing

4400 Leadership and Management of Nursing Practice	U	3	5431 Global Health Care in Your Own Back Yard	U G	3	
Exploration of leadership and management principles, including an examination of Nursing informatics, as applied to Nursing practice and the health care environment.						
Prereq: 3270. Not open to students with credit for 503.			Designed for graduate students to develop strategies for culturally competent interdisciplinary health care in selected ethnic communities that have immigrated to the United States.			
4501 Concepts in High Acuity Nursing	U	3	5797 Study at a Foreign Institution	U G	1 - 18	
Nursing knowledge essential to management of high acuity patients and their families in a variety of health care settings.						
Prereq: 390, 402, 403, 404, 405, and 440. This course is graded S/U.			An opportunity for students to study at a foreign institution and receive OSU credit for work completed there. Students will pay OSU fees and any fees in excess of OSU tuition, as well as all travel and subsistence costs.			
4890.01H Senior Honors Seminar I	U	1	Prereq: Permission of department chairperson. Repeatable.			
Discussion of topics relevant to research and the senior thesis proposal and professional development in nursing.						
Prereq: Honors standing, and 3890.02H; or permission of instructor. Not open to students with credit for 520.01H, 520.02H, or 520.03H.			5798 Study Tour	U G	1/2 - 4	
4890.02H Senior Honors Seminar II	U	1	Specific content, location, semester(s) of offering, and prerequisites vary; contact department office for details. Must attend required Office of International Affairs (OIA) and College of Nursing pre-departure orientation sessions, and enroll in the U.S. Department of State Smart Traveler Program as required by OIA.			
Discussion of topics relevant to research and the senior thesis proposal and professional development in nursing.						
Prereq: Honors standing, and 4890.01H; or permission of instructor. Not open to students with credit for 520.01H, 520.02H, or 520.03H.			Prereq: Enrollment in Nursing, and permission of instructor. Repeatable to a maximum of 8 cr hrs or 2 completions. This course is graded S/U.			
4999H Honors Thesis Research	U	1/2 - 5	6100 Introduction to Professional Nursing Practice	G	2	
Undergraduate Honors thesis research on nursing topics.						
Prereq: Enrollment in Honors nursing, and Sr standing. This course is graded S/U.			Exploration of personal and professional topics designed to assist in promoting successful transition to the nursing profession in a rapidly changing health care environment.			
5000 Interdisciplinary Case Management for Working with Underserved Populations	U G	2	Prereq: Grad standing. Not open to students with credit for 611.			
Provides students the opportunity to collaborate with students from other health care professions including pharmacy, health and rehabilitation sciences, nursing, medicine and social work. The students will use a problem-based learning approach to patient care in community health, focusing on populations, living in poverty, with complex healthcare needs.						
Prereq: Sr or Grad standing. This course is graded S/U. Cross-listed in HthRhSc, MedColl, Phr, and SocWork.			6110 Health Literacy	G	2	
5110 Interpersonal Relationships: Personal and Professional Boundaries	U G	1	Examination and analysis of issues of low health literacy, including populations at risk, research, measurement tools, writing in plain language; health communication techniques; and organizational approaches.			
In depth study of interpersonal relationship boundary issues in personal and professional relationships.						
Prereq: Not open to students with credit for 450. This course is progress graded (S/U).			Prereq: Grad standing in Health Sciences Professions, Literacy Studies Specialization, Geriatrics Specialization, College and University Teaching Specialization, or permission of faculty coordinator. Not open to students with credit for 710.			
5111 Palliative and End of Life Care	U G	2	6111 Diabetes Education and Management in the New Millennium	G	2	
Foundation for palliative and hospice care through exploration of individual, family and loved ones' needs at the end of life.						
Prereq: Sr or Grad standing in Nursing, or permission of instructor. Not open to students with credit for 607.			Complexity of the pathophysiology of diabetes, as well as, latest concepts, trends and developments in diabetes management for nurses.			
5193 Individual Clinical Studies in Nursing	U G	0 - 5	Prereq: Grad standing or permission of instructor.			
Students will gain knowledge within the area of expertise of a nursing faculty mentor. The course will provide individualized learning opportunities.						
Prereq: Enrollment in Nursing major, or permission of instructor. Repeatable to a maximum of 20 cr hrs or 4 completions. This course is graded S/U.			6114 Strategies for Personal Health	G	1	
5194 Group Studies in Nursing	U G	1 - 4	An overview of four dimensions of personal energy (physical, emotional, mental and spiritual) in relation to personal health. Emphasizes development and evaluation of an evidence-based, individually-tailored, and preferred personal health plan.			
Group studies of special problems in Nursing.						
Prereq: Sr or grad standing in Nursing. Repeatable to a maximum of 10 cr hrs or 3 completions.			Prereq: Grad standing. This course is graded S/U.			
5300 Nursing Care of the High-Risk Neonate	U G	2	6240S Concepts in Community Health Nursing	G	4	
Introduction to the role of the neonatal nurse in the provision of comprehensive nursing care of the high-risk neonate.						
Prereq: 2450 (385.03) or 7450 (704), or permission of instructor. Not open to students with credit for 657.			Study of community health nursing theory and principles applied to the nursing care of individuals, families, groups, communities, and populations.			
5321 Cancer Survivorship Care	U G	2	Prereq: 6270 and 7450. Not open to students with credit for 634.			
In-depth examination of the short-term and long-term biopsychosocial needs of cancer survivors, including cancer survivorship care planning and cancer survivorship care.						
Prereq: Sr or Grad standing in Nursing, or permission of instructor.			6260 Nursing Care of Children and Their Families	G	4	
5322 Contemporary Issues in Oncology	U G	2	Nursing knowledge essential to caring for children and families with emphasis on health promotion, risk assessment, disease prevention, and common acute and chronic health problems.			
Concepts related to cancer prevention, detection, diagnosis, treatment, symptom management, survivorship care planning, rehabilitation, surveillance, and palliative care in the context of personalized health care.						
Prereq: Sr or Grad standing in Nursing, or permission of instructor.			Prereq: 6270, 6420, and 7450.			
5410 Health Assessment Review	U G	2	6270 Nursing Care of Adults and Older Adults I	G	7	
Review of basic health assessment skills with emphasis on health history taking, physical examination techniques and recording concise summaries.						
Prereq: Permission of instructor. Not open to students with credit for 605.			Nursing knowledge essential to caring for adults and older adults, with emphasis on health promotion, risk assessment, disease prevention, and health problems.			
5430 Interdisciplinary Healthcare in the Global Community	U G	2	Prereq: 6410 and 6100. Concur: 7450. Not open to students with credit for 622.			
Development of strategies for culturally competent interdisciplinary healthcare in selected world communities.						
Prereq: 3430 (440) or 6430 (640), or permission of instructor. Not open to students with credit for 609.			6271 Nursing Care of Adults and Older Adults II	G	8	
6330 Advanced Pediatric Physical Assessment for the School Nurse	G	2	Nursing knowledge essential to caring for adults and older adults with emphasis on management of acutely ill patients with complex health problems.			
Application of principles from growth and development, anatomy, physiology, pathophysiology, clinical decision-making and relevant health assessment data to school nurses in the care of the school age child.						
Prereq: Enrolled in the College of Nursing, the College of Education School Nurse Program, or permission of instructor. Not open to students with credit for 723.			Prereq: 6270, 6420, and 7450. Not open to students with credit for 634.			
6340 Psychiatric and Mental Health Nursing	G	4	6280 Nursing Care of Women and their Families during Reproductive Transitions	G	4	
Nursing knowledge applied to the promotion of mental health and to the recovery of individuals with psychiatric diagnoses.						
Prereq: 6270 and 7450. Not open to students with credit for 635.			Prereq: 6270, 6420, and 7450. Not open to students with credit for 623.			

6410	Introduction to Health Assessment	G	3
Introduction to the foundational health assessment concepts of Nursing and the assessment skills required in the provision of Nursing care.			
Prereq: Enrollment in the graduate entry program. Not open to students with credit for 611.			
6420	A Nursing Perspective: Life Span Development of Individuals within a Family Context	G	3
Study of growth and development of individuals within a family context from conception to death with an emphasis on assessment and interventions utilized in Nursing practice.			
Prereq: Enrollment in the graduate entry program. Not open to students with credit for 637.			
6430	Cultural Competence in Health Care: US and Global Contexts	G	3
Introduction to concepts and techniques for the provision of culturally competent care within the U.S. and across global contexts.			
Prereq: Enrollment in the Grad entry option of the M.S. in Nursing program, Obesity Sciences Graduate Interdisciplinary Specialization, or permission of instructor. Not open to students with credit for 640.			
6460	Chronic Care Counseling in Spanish for the Latino Patient	G	3
Introduction to the linguistic forms and pragmatic features of Spanish discourse about health and wellness. Theoretical and humanistic underpinnings of patient-centered communication in relation to improving health and wellness outcomes. Emphasis on clinical conversation techniques, practice with standardized patients, and facets of Latino culture relevant to diabetes and chronic care.			
Prereq: 7410, Grad standing in Nursing, Registered Nurse Licensure, and moderate level Spanish proficiency by testing and interview with instructors; or permission of instructor for students enrolled in the RN-to-BSN program. This course is graded S/U.			
6480	Quality and Safety Initiatives in Clinical Practice	G	1
A seminar course designed to promote awareness and develop problem-solving leadership skills in creating and sustaining healthy work environments.			
Concur: 6271. Not open to students with credit for 633.01.			
7110	School Nurse Wellness Coordinator Practice	G	3
School nurse wellness coordinator field experience in a school setting applying the roles and responsibilities of a school nurse wellness coordinator.			
Prereq: Enrollment in Category 3 School Nurse Wellness Coordinator Certificate program, or permission of instructor.			
7193	Individual Studies in Nursing	G	1 - 4
Students will gain skills and knowledge within a focused area of study within the area of expertise of a nursing faculty mentor. The course will expose students to novel scholarly activities and provide individualized learning opportunities.			
Prereq: Grad standing in Nursing. Repeatable to a maximum of 20 cr hrs or 5 completions. This course is graded S/U.			
7200	Adult Acute Care Nurse Practitioner Skills	G	2
Development of essential skills for assessment, monitoring and management of acutely and critically ill adults.			
Prereq: 7450 (704) and 7410 (705). Not open to students with credit for 835.			
7208.01	Adult Acute Care Nurse Practitioner Practicum I	G	1 - 10
Designed to build on major components critical to the knowledge of diagnosis and management of pathologies in acutely ill adults. Focus is centered on the acute care nurse practitioner as an initial care provider for patients with acute illnesses.			
Prereq: 7450 (704), 7410 (705), 7470 (706), and 7200 (835). Not open to students with credit for 859.			
7208.02	Adult Acute Care Nurse Practitioner Practicum II	G	1 - 10
Application of principles of advanced practice Nursing applied to Adult Critical Care as a population focus. Experiences concentrate on clinical decision-making in an interdisciplinary environment.			
Prereq: 7208.01. Not open to students with credit for 859.			
7218.01	Advanced Nursing Practice in Pediatric Acute Care I	G	1 - 10
Application of knowledge, research findings, advanced skills and interventions, including pharmacotherapy, in the management of children with acute and critical conditions affecting circulatory and respiratory function.			
Prereq: 7338.01.			
7218.02	Advanced Nursing Practice in Pediatric Acute Care II	G	1 - 10
Application of knowledge, research findings, skills and interventions in the advanced nursing care of acutely and critically ill children.			
Prereq: 7218.01.			
7228.01	Advanced Practice Adult Nursing Clinical Practicum I	G	1 - 10
Application of advanced practice nursing theories, research findings, skills and interventions, including pharmacological management to the care of adults, focusing on health promotion needs and the most commonly seen diagnoses in primary care.			
Prereq: 7410 (705) and 7470 (706). Not open to students with credit for 859.			
7228.02	Advanced Practice Adult Nursing Clinical Practicum II	G	1 - 10
Application of advanced practice nursing theories, research findings, skills and interventions, including pharmacological management to the primary care of adults and older adults with acute and chronic health problems.			
Prereq: 7228.01 (859), 7410 (705), and 7470 (706). Not open to students with credit for 859.			
7230	Clinical Nurse Leader (CNL) Roles and Responsibilities	G	2
Introduction to the roles and responsibilities of the Clinical Nurse Leader (CNL), with an emphasis on the value-added aspects of the CNL role for patient care, outcomes, and healthcare environments.			
Prereq: Enrollment in the Clinical Nurse Leader (CNL) specialty track of the M.S. in Nursing program, or permission of instructor.			
7231	Pharmacology for the Clinical Nurse Leader	G	3
Emphasis on advanced knowledge in pharmacology in relation to the Clinical Nurse Leader (CNL) role across healthcare settings. The role of the CNL in patient teaching for safe and effective medication administration and assessment of medication management in chronic disease is emphasized.			
Prereq: Undergraduate pharmacology course or equiv, and enrollment in the Clinical Nurse Leader (CNL) specialty track of the M.S. in Nursing program; or permission of instructor.			
7238.01	Introduction to Clinical Nurse Leader Practice	G	1 - 5
Introduction to the role, responsibilities, practice, and skills of the Clinical Nurse Leader.			
Prereq: Grad standing in Nursing, and Clinical Nurse Leader specialty. Not open to students with credit for 733.			
7238.02	Transition to Clinical Nurse Leader Practice	G	1 - 10
Intensive clinical experience to apply theories and engage fully in the role of the Clinical Nurse Leader (CNL).			
Prereq: 7238.01 (733). Not open to students with credit for 833.			
7241	Current Issues in Public Health Nursing	G	2
Overview of the public health system and current topics relevant to advanced public health Nursing practice.			
Prereq: Completion of a pre-licensure/undergraduate community health nursing course, and admission to the Nursing and Health Systems Management specialty; or permission of instructor.			
7258.01	Foundational Knowledge for Nursing and Health Systems Management	G	1 - 10
Study of the theoretical knowledge that provides the foundation for Nursing leadership in program and health systems management across the continuum of care.			
Prereq: 7403 and admission to the Nursing and Health Systems Management specialty. Not open to students with credit for 807, 808, or 809.			
7258.02	Skills for Nursing and Health Systems Management	G	1 - 10
Study of the skills, strategies, and techniques necessary for program and health systems Nursing management across the continuum of care.			
Prereq: 7258.01. Not open to students with credit for 807, 808, or 809.			
7260	Concepts and Issues in Advanced Family Nursing	G	2
Issues of health care for family units; development of personalized health care strategies, culturally appropriate plans, examination of sociocultural policies affecting family health.			
Prereq: Grad standing in Nursing, or enrollment in the Specialization in Pediatric Occupational Therapy. Not open to students with credit for 721.			
7268.01	Advanced Practice Family Nurse Practitioner Clinical Practicum I	G	10
Focus on primary healthcare of individuals and families across the lifespan. Emphasis on knowledge and skills for patient-centered evidence-based practice, clinical reasoning/judgment for advanced practice nursing, health and wellness, and common pathological conditions.			
Prereq: 7260, 7403, 7410, 7450, 7470, 7483, 7491, 7500, 7780, and admission to the Family Nurse Practitioner specialty track of the M.S. in Nursing program; or permission of instructor.			
7268.02	Advanced Practice Family Nurse Practitioner Clinical Practicum II	G	5 - 11
Advanced practice nursing applied to family as population focus. Emphasis on care of acute conditions; development of skills in clinical acumen and collaboration.			
Prereq: 7268.01. Not open to students with credit for 859.			
7268.03	Advanced Practice Family Nurse Practitioner Clinical Practicum III	G	4 - 12
Emphasis on care of families with chronic illnesses across the life span, skills in differential diagnosis, reflective practice, and evidence based strategies.			
Prereq: 7268.02. Not open to students with credit for 859.			
7280	Conceptual Frameworks for Nurse-Midwifery	G	2
Theoretical, structural, historical, and political/legal foundations of nurse-midwifery in the United States and internationally.			
Prereq: Enrollment in the Nurse-Midwifery specialty. Not open to students with credit for 724.			
7281	Advanced Reproductive Dynamics	G	3
Principles of reproductive anatomy and physiology including puberty, genetics, pregnancy, embryonic/fetal development, parturition, puerperium, lactation, and menopause in relationship to advanced practice nursing care.			
Prereq: Enrollment in the Nurse-Midwifery or Women's Health specialty track. Not open to students with credit for 722.			
7282	Labor and Birth Clinical Immersion	G	2
Provides orientation to intrapartum care and the role of the health care team for specialty students without prior experience in this clinical area.			
Prereq: Enrollment in the Nurse-Midwifery, or Dual Nurse-Midwifery and Women's Health specialty; or permission of the course head.			

338 Nursing

7288.01	Advanced Practice Nursing: Nurse-Midwifery Clinical Practicum I	G	1 - 8	
Application of theories, research findings, skills, and interventions including pharmacological management, during the provision of advanced practice nursing care.				Prereq: 7281. Not open to students with credit for 859.
7288.02	Advanced Practice Nursing: Nurse-Midwifery Clinical Practicum II	G	1 - 10	
Application of theories, research findings, skills, and interventions including pharmacological management, during the provision of nurse-midwifery care to women and their families.				Prereq: 7288.01. Not open to students with credit for 859.
7288.03	Advanced Practice Nursing: Nurse-Midwifery Clinical Practicum III	G	1 - 10	
Application of theories, research findings, complex skills, and interventions including pharmacological management, during the provision of nurse-midwifery care to women and their families.				Prereq: 7288.02. Not open to students with credit for 859.
7288.04	Advanced Practice Nursing: Nurse-Midwifery Clinical Practicum IV	G	1 - 10	
Integration of theories, research findings, skills, and interventions including pharmacological management, during the provision of nurse-midwifery care to women and their families.				Prereq: 7288.03. Not open to students with credit for 859.
7298.01	Advanced Practice Nursing: Women's Health Clinical Practicum I	G	1 - 8	
Application of theories, research findings, skills, and interventions including pharmacological management, during the provision of advanced practice nursing care.				Prereq: 7281.
7298.02	Advanced Practice Nursing: Women's Health Clinical Practicum II	G	1 - 9	
Application of theories, research findings, skills, and interventions including pharmacological management, during the provision of advanced practice nursing care to women and their families.				Prereq: 7298.01.
7298.03	Advanced Practice Nursing: Women's Health Clinical Practicum III	G	1 - 9	
Integration of theories, research findings, skills, and interventions including pharmacological management, during the provision of advanced practice nursing care to women and their families.				Prereq: 7298.02.
7299.01	Advanced Practice Nursing: Dual Nurse-Midwifery & Women's Health Clinical Practicum I	G	1 - 8	
Application of theories, research findings, skills, and interventions including pharmacological management, during the provision of advanced practice nursing care.				Prereq: 7281. Not open to students with credit for 859.
7299.02	Advanced Practice Nursing: Dual Nurse-Midwifery & Women's Health Clinical Practicum II	G	1 - 11	
Application of theories, research findings, skills, and interventions including pharmacological management, during the provision of advanced practice nursing/nurse-midwifery care to women and their families.				Prereq: 7299.01. Not open to students with credit for 859.
7299.03	Advanced Practice Nursing: Dual Nurse-Midwifery & Women's Health Clinical Practicum III	G	1 - 11	
Application of theories, research findings, complex skills, and interventions including pharmacological management, during the provision of advanced practice nursing/nurse-midwifery care to women and their families.				Prereq: 7299.02. Not open to students with credit for 859.
7299.04	Advanced Practice Nursing: Dual Nurse-Midwifery & Women's Health Clinical Practicum IV	G	1 - 11	
Integration of theories, research findings, skills, and interventions including pharmacological management, during the provision of advanced practice nursing/nurse-midwifery care to women and their families.				Prereq: 7299.03. Not open to students with credit for 859.
7300	Developmental Physiology and Pathophysiology of the High-Risk Neonate I	G	5	
Biological basis for case management of the high-risk neonate incorporating analysis and synthesis of principles of embryology, developmental physiology, and pathophysiology.				Prereq: Enrollment in the Neonatal NP specialty. Not open to students with credit for 727.
7301	Developmental Physiology and Pathophysiology of the High-Risk Neonate II	G	3	
Biological basis for case management of the high-risk neonate incorporating analysis and synthesis of principles of embryology, developmental physiology, and pathophysiology.				Prereq: 7300. Not open to students with credit for 728.
7302	Advanced Health Assessment of the Neonate	G	3	
Development of advanced health assessment and psychomotor skills to comprehensively assess and manage high-risk neonates.				Prereq: Enrollment in the Neonatal NP or CNS specialties. Grad Entry students must have successfully completed all pre-licensure coursework (6100, 6240S, 6260, 6270, 6271, 6340, 6410, 6420, 6430, and 6480). Not open to students with credit for 729.
7303	Advanced Newborn/Infant Pharmacology	G	4	
Pharmacotherapeutic principles applied to the high-risk neonate/infant with an emphasis on pharmacokinetics and pharmacodynamics when applied to neonatal physiology.				Prereq: Enrollment in the Neonatal NP specialty.
7304	Developmental Care of the High-Risk Neonate and Family	G	2	
Examination of concepts and research that impact the developmental trajectory of the high-risk neonate and family.				Prereq: Enrollment in the Neonatal NP or CNS specialties, or enrollment in the Specialization in Pediatric Occupational Therapy. Not open to students with credit for 709.
7308.01	Advanced Practice Nursing: Care of the High-Risk Neonate I	G	1 - 7	
Application of theories, research findings, and interventions for advanced practice nurses in the care of neonates and their families, with a focus on high-risk deliveries.				Prereq: 7301 and 7302. Not open to students with credit for 859.
7308.02	Advanced Practice Nursing: Care of the High-Risk Neonate II	G	1 - 9	
Application of theories, research findings, and interventions for advanced practice nurses managing care in the neonatal intensive care unit.				Prereq: 7308.01 and 7303. Not open to students with credit for 859.
7308.03	Advanced Practice Nursing: Care of the High-Risk Neonate III	G	1 - 9	
Application of theories, research findings, and interventions for advanced practice nurses in the care of high-risk neonate and their families in a variety of settings.				Prereq: 7308.02. Not open to students with credit for 859.
7310	Foundations for Making the Link between Practice, Theory and Research	G	3	
Theory and practice with identifying clinical research questions, appraising evidence, applying theory to research, and translation of theory and research based evidence to clinical practice.				Prereq: Grad standing in Nursing and the Nursing Science specialty. Not open to students with credit for 760.
7318.01	Neonatal Clinical Nurse Specialist Practicum I	G	7	
First of two practicums to apply advanced practice nursing theories, research findings, skills and interventions, including pharmacological management in the care of neonates by clinical nurse specialists across a variety of care settings.				Prereq: 7300, 7301, 7302, 7303, and enrollment in the Neonatal CNS specialty.
7318.02	Neonatal Clinical Nurse Specialist Practicum II	G	7	
Second of two practicums advanced practice nursing theories, research findings, skills and interventions, including pharmacological management in the care of neonates by clinical nurse specialists across a variety of care settings.				Prereq: 7300, 7301, 7302, 7303, 7318.01 and enrollment in the Neonatal CNS specialty.
7330	Advanced Pediatric Health Assessment	G	4	
Advanced knowledge and skills in the health assessment of children birth through young adulthood with an emphasis on sophisticated clinical reasoning.				Prereq: Enrollment in Pediatric NP Primary or Acute Care Specialty. Grad Entry students must have successfully completed all pre-licensure coursework (6100, 6240S, 6260, 6270, 6271, 6340, 6410, 6420, 6430, and 6480).
7338.01	Advanced Nursing Practice in Pediatric Primary Care I	G	3 - 8	
Application of theories, research findings, skills, and interventions including pharmacological management to advanced practice nursing in pediatric health promotion and preventive care.				Prereq: 7330. Not open to students with credit for 859.
7338.02	Advanced Nursing Practice in Pediatric Primary Care II	G	3 - 8	
Application of theories, research findings, skills, and interventions including pharmacological management to advanced practice nursing in pediatric health promotion and preventive care.				Prereq: 7338.01. Not open to students with credit for 859.
7338.03	Advanced Nursing Practice in Pediatric Primary Care III	G	3 - 8	
Application of theories, research findings, skills, and interventions including pharmacological management to advanced practice nursing in the care of children with common chronic conditions.				Prereq: 7338.02. Not open to students with credit for 859.
7340	Neuroscience Principles and Concepts Relevant to Psychiatric and Mental Health	G	3	
Neurobiological bases of brain-mind-behavior relationships in mental health and illness, including chemical dependence. The promotion, maintenance, and restoration of central nervous system homeostasis will be emphasized.				Prereq: Grad standing in Nursing and the Psychiatric Mental Health Nursing specialty. Not open to students with credit for 740.
7341	Advanced Psychiatric and Mental Health Nursing: Therapies across the Lifespan	G	4	
Advanced nursing clinical therapeutic interventions with persons across the lifespan diagnosed with mental illness and/or substance abuse.				Prereq: Grad standing and enrollment in the Psychiatric Mental Health Nursing specialty. Not open to students with credit for 745 or 777.

7342 Motivational Interviewing G 2

Critical analysis of theoretical and research findings involved in the conduct of motivational interviewing to create behavior change and improve health outcomes.
Prereq: Grad standing in Nursing.

7348.01 Advanced Practice Psychiatric and Mental Health Nursing Clinical Practicum I G 1 - 12

Application of advanced practice psychiatric and mental health nursing biopsychosocial interventions with individuals experiencing mental illness and chemical dependence.
Prereq: 7340 (740) and 7341 (745 and 777). Not open to students with credit for 859.

7348.02 Advanced Practice Psychiatric and Mental Health Nursing Clinical Practicum II G 1 - 12

Application of advanced practice psychiatric and mental health. Nursing biopsychosocial interventions with individuals experiencing comorbid mental illnesses and/or chemical dependence disorders.
Prereq: 7348.01. Not open to students with credit for 859.

7378 Advanced Nursing Practice Adult Clinical Nurse Specialist Clinical Practicum G 1 - 10

Application of theories, research findings, skills and interventions, including pharmacologic, for advanced practice in the care of adults with all types of acute and chronic health problems.
Prereq: 7228.01. Not open to students with credit for 859.

7378.01 Adult Gerontology Clinical Nurse Specialist Practicum I G 10

Application of advanced practice nursing theories, research findings, skills and interventions, including pharmacological management to the management of adults and older adults with acute and chronic health problems.
Prereq: 7410, 7450, and 7470.

7378.02 Adult Gerontology Clinical Nurse Specialist Practicum II G 10

Application of advanced practice nursing theories, research findings, skills and interventions, including pharmacological management of adults and older adults with acute and chronic health problems.
Prereq: 7410, 7450, 7470, and 7378.01.

7400 Leadership in Advanced Nursing Care G 3

Analysis of organizational and leadership strategies and skills essential in the delivery of high quality patient care in diverse settings.
Prereq: Grad standing or permission of instructor.

7401 Clinical Management in Primary Care Settings G 2

Theories, concepts, and issues related to the implementation of leadership, management, strategic, operational, clinical, and administrative concepts necessary in primary care settings.
Prereq: 7403, or permission of instructor. Not open to students with credit for 608.

7402 Economic Evaluation of Healthcare Interventions G 3

Introduction to economic evaluation of healthcare interventions and services, including evaluating costs and health outcomes, using results to inform resource allocation, interpretation and evaluation of economic evaluations in the literature, and decision analysis in healthcare.
Prereq: Grad standing.

7403 Innovation Leadership in Advanced Nursing Practice G 3

Analysis of organizational leadership and ethical essentials necessary to deliver high quality patient care in diverse settings.
Prereq: Enrollment in Grad Nursing.

7404 Project Management for Healthcare and Clinical Research G 3

Principles of project management and strategic planning in healthcare, clinical research, and regulatory settings.
Prereq: 7782, or permission of instructor.

7405 Clinical Research Study and Site Management G 3

Fundamental principles of clinical research operations from study site selection to study closure from the perspective of sponsors and clinical research sites including an introduction to database design, management, quality assurance, and reporting for site and sponsor operations.
Prereq: 7770 or Phr 7770; or permission of instructor.

7410 Advanced Health Assessment G 3 - 4

Development of advanced health assessment skills. Emphasis on acquisition of pertinent assessment data across the life span for advanced nursing care for multiple specialties.
Prereq: 7450. Grad Entry students must have successfully completed all pre-licensure coursework (6100, 6240S, 6260, 6270, 6271, 6340, 6410, 6420, 6430, and 6480). Not open to students with credit for 705.

7440 Scientific Thought in Nursing G 2

Study of the nature of scientific thought, critical thinking, and moral reasoning in the discipline of Nursing.
Prereq: Grad standing in Nursing or permission of instructor. Not open to students with credit for 601.

7450 Pathophysiology of Altered Health States G 5

Analysis of theories and research regarding alterations of health states across the life span with an emphasis on pathophysiological processes.
Prereq: Grad standing in Nursing or permission of instructor. Not open to students with credit for 703 or 704.

7460 Regulatory Strategy, Writing, and Leadership G 3

Explores regulatory strategy in new medical product development and the roles of regulatory professionals. Scholarly and technical writing skills for regulatory professionals for new product submissions and Food and Drug Administration (FDA) Advisory Panels. Principles of strategic planning, leadership, communication, and team building.
Prereq: 7770, Phr 7770, or permission of instructor. Cross-listed in Phr.

7470 Advanced Pharmacology in Nursing G 4

Pharmacokinetic principles and clinical application and principles of the use of drugs and therapeutic devices in the prevention of illness and maintenance of health. Meets criteria for APN's prescribing in Ohio.
Prereq: 7450. Not open to students with credit for 706. Repeatable to a maximum of 12 cr hrs or 3 completions.

7480 Quality Improvement in Advanced Nursing Care G 2

Advanced concepts of collaboration, design, leadership, implementation and evaluation of quality improvement initiatives in health care. This course has been peer-reviewed and is officially recognized by Quality Matters as meeting the standards of a quality online course. For more information, visit www.qmprogram.org.
Prereq: Grad standing in Nursing or permission of instructor.

7481 Data Management and Informatics in Clinical Research G 3

Introduction to fundamental principles of clinical research data management and informatics to include the acquisition and management of data during clinical research studies, including source data, data entry, data quality assurance, reporting, and security.
Prereq: 7782, or permission of instructor.

7482 Principles of Quality Management for Medical Product Development G 3

Concepts and application of total quality management for federal regulation of medical product development including drugs and medical devices.
Prereq: 7770, Phr 7770, or permission of Instructor. Cross-listed in Phr.

7483 Quality Improvement and Informatics G 3

Explores advanced concepts of collaboration, design, leadership, implementation and evaluation of quality improvement initiatives in health care utilizing information technology strategies.
Prereq: Enrollment in Grad Nursing.

7490 Health Promotion and Disease Prevention across the Life Span G 2

Analyze strategies to encourage change in both individual's and population's health behaviors that influence risk reduction in multiple settings.
Prereq: Grad standing in Nursing or permission of instructor. Not open to students with credit for 713.

7491 Health Promotion and Disease Prevention across the Life Span G 3

Analyze strategies to encourage change in both individual's and population's health behaviors that influence risk reduction in multiple settings. Develop educational strategies utilizing advanced critical thinking.
Prereq: Enrollment in Grad Nursing or Obesity Sciences Graduate Interdisciplinary Specialization.

7495 Community Health Education G 1

Students will be assigned to a community clinic or agency to assist with improving the health of underserved populations in Central Ohio. Small groups of students will develop, implement, and evaluate a community health education program.
Prereq: Grad standing in Nursing, and permission of instructor. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.

7500 Health Policy and Advocacy G 2

Analysis of the U.S. health care delivery system and the policy making process, with an emphasis on the social, political and economic factors affecting the delivery of Nursing services.
Prereq: Grad standing in Nursing, or permission of instructor. Not open to students with credit for 603.

7520 Graduate Nursing Informatics G 2

Addresses applications of healthcare information and communication technology for graduate Nursing students to identify and develop strategies to improve patient care.
Prereq: Grad standing in Nursing or permission of instructor.

7530 Instructional Strategies in Clinical Teaching G 3

The primary focus of this course is the differentiation of best pedagogical practices for effective teaching in clinical settings.
Prereq: Grad standing in Nursing, or permission of instructor.

340 Nursing

7533 Teaching Tech: Classroom Technologies	G	2	7718 Interdisciplinary Perspective on Autism Spectrum Disorders	G	3
Explore theory behind selection and use of education technology to engage students in the classroom. Theory will be enhanced with practice and application. Basic understanding of education technology and teaching theory required.			Teaches the analytical skills necessary to comprehend and formulate an interdisciplinary framework relating to major scientific and theoretical perspectives in autism spectrum disorders.		
Prereq: Grad standing, or permission of instructor.			Prereq: permission of instructor. Not open to students with credit for 717.01 or 717.02. Cross-listed in EduSt, HthRhSc, Psych, SocWork, and SphHrg.		
7534 Teaching Tech: ePortfolios	G	1	7727 Assuring Quality in Online Course Design: Moving from Face to Face to Online	G	3
The theory behind use and selection of ePortfolio technology will be enhanced with hands-on practice and application of production software.			In this fully online course learners will use the quality matters rubric and supporting documents to inform the design and implementation of instruction specifically for an online teaching/learning environment. The learner will develop and submit for peer review an online course or portion of an online course. Learners will also serve as a peer reviewer using the quality matters standards.		
Prereq: Grad standing, or permission of instructor.			Cross-listed in ESETec.		
7536 Principles of Instructional Design for Nurses	G	3	7770 Fundamentals of Medical Product Development and Regulation	G	3
Theoretical and practical approaches to creation of learning experiences for nursing and health education with an emphasis on backward design and evidence-based instructional design strategies.			Function of clinical research in medical product development and the regulatory process of new medical products. Laws and regulations concerning the development, testing, commercialization, and total product life cycle for medical products. Regulations governing the conduct of clinical research, including study sponsors, investigators, and Institutional Review Boards.		
Prereq: Grad standing in Nursing; or permission of instructor.			Prereq: Admission to the Master's program in Applied Clinical and Preclinical Research, or permission of instructor. Cross-listed in Phr.		
7537 Assessment and Evaluation in Nursing Education	G	3	7780 Evidence Based Nursing Scholarship	G	3
Principles and processes involved in assessment and evaluation of student learning, courses, curricula, program outcomes, and teaching practices.			Introduction to the process for evidence based practice. Includes clinical question generation, literature search methods, critique of research methods and appropriate statistical analysis in published research evidence, and synthesis of evidence related to clinical nursing problems.		
Prereq: Grad standing in Nursing, or permission of instructor.			Prereq: Grad standing in Nursing, or permission of instructor. Not open to students with credit for 702.		
7538 Teaching in Nursing	G	3	7781 Responsible Conduct of Research	G	3
Application of best pedagogical practices in selected Nursing education experiences.			Concepts and policies for the responsible conduct of research (RCOR), Institutional Review Boards and dissemination of findings.		
Prereq: 7530, 7536, and 7537; or permission of instructor.			Prereq: Grad standing.		
7560 Clinical Trials I: Design and Regulation	G	3	7782 Research Design and Methods for Clinical and Preclinical Research	G	3
This course provides a fundamental overview of clinical trial design, methods, and regulation with an emphasis on medical product development, clinical trial protocols, preclinical research requirements, and the appraisal of published clinical trials.			Study of research design and methods used in clinical and preclinical research. Measurement issues; bias and confounding; statistical considerations, evaluation of published clinical and preclinical research designs, and protocol and proposal development.		
Prereq: Admission to the MS Pharmacology program, or permission of instructor. Not open to students with credit for Nursing or Phr 7770. Cross-listed in BioPhrm and Phr.			Prereq: Admission to Master's program in Applied Clinical and Preclinical Research, or permission of instructor. Cross-listed in Phr.		
7561 Clinical Trials II: Site Management and Study Leadership	G	3	8193 Individual Studies in Nursing	G	1 - 5
This course provides a fundamental overview of best practices of clinical trial study and site management, including an emphasis on data, safety, and quality management, and study team leadership.			Students will gain skills and knowledge within a focused area of study within the area of expertise of a nursing faculty mentor. The course will expose students to novel scholarly activities and provide individualized learning opportunities.		
Prereq: 7560, BioPhrm 7560, or Phr 7560, or permission of instructor. Not open to students with credit for 5402 or Phr 5402. Cross-listed in BioPhrm and Phr.			Prereq: Enrollment in Nursing program and permission of instructor. Repeatable to a maximum of 20 cr hrs or 4 completions. This course is graded S/U.		
7572 Global Regulation of Medical Products	G	3	8194 Group Studies in Nursing	G	0 - 5
Exploring legal issues related to clinical research and regulatory affairs. Examining the role of regulatory authorities, regulations and guidelines (US, EU and global) in new product development.			Group studies of special problems in nursing.		
Prereq: 7770, Phr 7770, or permission of instructor. Cross-listed in Phr.			Prereq: Grad standing or permission of instructor. Repeatable to a maximum of 20 cr hrs or 4 completions.		
7597 Clinical Research Management Capstone	G	1 - 12	8400 Leadership for Nurse Scientists	G	3
Capstone project or internship for students in the Clinical Research Management specialization of the MS Applied Clinical and Preclinical Research program. Culminating learning activity integrating core and specialization coursework. Capstone project or internship performed at an organization involved with clinical research administration with the oversight of a faculty advisor and site mentor.			Examine current professional issues facing the nurse scientist in academia, practice, and research.		
Prereq: Completion of all required clinical research management courses in the MS Applied Clinical and Preclinical Research program, or permission of instructor.			Prereq: Enrolled in PhD in Nursing program.		
7598 Regulatory Affairs Capstone	G	1 - 12	8420 Seminar in Life Course Health Development	G	1
Capstone project or internship for students in the Regulatory Affairs specialization of the MS Applied Clinical and Preclinical Research program. Culminating learning activity integrating core and specialization coursework. Capstone project or internship performed at an organization involved with the regulation of medical products with the oversight of a faculty advisor and a site mentor.			This seminar provides the foundations for the life course development framework, including a review of the theoretical models, the supporting evidence and critiques. Ethical considerations specific to the framework will be discussed throughout the seminar as well as the Maternal and Child Health Leadership competencies.		
Prereq: Enrollment in the Master's program in Applied Clinical and Preclinical Research, or permission of program director. Repeatable to a maximum of 12 cr hrs or 6 completions. Cross-listed in Phr.			Prereq: Appointment as T32 Fellow, or permission of instructor. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.		
7599 Capstone in Applied Clinical and Preclinical Research	G	1 - 12	8440 Philosophy of Science and Development of Nursing Knowledge	G	3
Capstone project or practicum for students in the master's program in Applied Clinical and Preclinical Research. Culminating learning activity integrating core and specialization coursework. Capstone project or practicum performed at an organization involved with clinical or preclinical research with the oversight of a faculty advisor and site mentor.			Examines historical, philosophical, and theoretical basis for nursing science.		
Prereq: Enrollment in the master's program in Applied Clinical and Preclinical Research, or permission of the program director. Repeatable to a maximum of 12 cr hrs or 6 completions. This course is graded S/U. Cross-listed in BioPhrm and Phr.			Prereq: Enrollment in PhD program in Nursing.		
7717 Interdisciplinary Perspective on Developmental Disabilities	G	3	8441 Health Determinant Models for Nursing Science	G	3
Provides an introduction to the psychosocial, medical, and educational implications of developmental disabilities.			Integrates scientific approaches used to investigate, understand and improve health status within the context of Nursing Science.		
Prereq: permission of instructor. Not open to students with credit for 717.01 or 717.03. Cross-listed in EduSt, HthRhSc, Psych, SocWork, and SphHrg.			Prereq: 8440, or permission of instructor.		
			8460 Integrative Reviews in Nursing	G	3
			Foundation for conducting a systematic integrative review of nursing and health related research and dissemination of scientific writing.		
			Prereq: 8783.		

8461 Scientific Communication II	G 1	2780 Research for Evidence Based Nursing Practice	U 3
Preparation and review of research funding applications; matching research ideas with funding sources.		An introduction to evidence based nursing practice and the research process.	
Prereq: 8460, or permission of instructor.		Prereq: Enrollment in the RN to BSN program. Not open to students with credit for 390.	
8462 Grant Writing for Nursing	G 3	3110 Health Assessment Across the Lifespan	U 3
Introduction to the principles and fundamentals of writing and critiquing research grant proposals in nursing science.		Development of health assessment across the lifespan.	
Prereq: 8440, 8460, and 8783.		Prereq: Enrollment in the RN-BSN program, or permission of instructor.	
8510 Ethics in Healthcare Practice, Research and Policy	G 2	3111 Palliative and End of Life Care	U 3
Study of the central ethical dilemmas facing Nursing in health care practice, research, and policy.		Foundation for palliative care through exploration of individual, family, and loved ones' needs at the end of life.	
Prereq: Grad standing in Nursing or permission of instructor. Not open to students with credit for 755.		Prereq: Enrollment in the RN-BSN program, or permission of instructor.	
8780 Research Methods I	G 3	3112 Failure to Rescue in Nursing	U 3
Survey of quantitative design and measurement approaches relevant to nursing and health. Emphasis is placed on experimental designs and measurement in nursing and health research.		This course will explore the impact of failure to rescue on patient outcomes and provide evidence-based strategies and skills to prevent failure to rescue in healthcare.	
Prereq: Enrollment in PhD program in Nursing, or permission of instructor. Not open to students with credit for 902.01 or 912.		Prereq: Enrollment in the RN-BSN program, or permission of instructor.	
8783 Quantitative Design for Nursing Research	G 3	3430 Cultural Competence in Health Care: US and Global Contexts	U 2
Quantitative designs relevant to research in nursing and health. Emphasis is placed on experimental and quasi-experimental designs in nursing and health-related research.		Introduction to the concepts and techniques for the provision of culturally competent care within the U.S. and across global contexts.	
Prereq: Enrollment in PhD in Nursing program.		Prereq: Enrollment in the RN to BSN program. Not open to students with credit for 440.	
8784 Qualitative Design for Nursing Research	G 3	4240 Concepts in Community Health Nursing	U 4
Survey of qualitative and mixed methods approaches relevant to nursing and health. Emphasis is placed on observational research designs in nursing and health research.		Study of community health nursing theory and principles applied to the nursing care of individuals, families, groups, communities, and populations.	
Prereq: Enrolled in PhD in Nursing program.		Prereq: 2440, 4780, or Sociol 1101, or permission of instructor.	
8785 Measurement for Nursing and Health	G 3	4400 Evolving Concepts in Nursing Leadership and Management	U 3
Measurement theories and principles relevant to nursing science. Emphasis is on psychobiobehavioral measurement in nursing and health-related research.		Exploration of leadership and management concepts as applied to nursing practice and the health care environment.	
Prereq: 8440 and 8783.		Prereq: 4240, 4780, or permission of instructor. Not open to students with credit for Nursing 510.	
8786 Advanced Design for Nursing	G 3	4401 Practicum in Nursing Leadership and Management	U 2
Theoretically-derived approaches to advanced quantitative designs relevant to nursing and health. Emphasis is on multi-level, complex designs appropriate to individual and population health research.		Application of leadership and management concepts in a health care environment.	
Prereq: 8783, 8784, and 8785.		Concur: 4400. Not open to students with credit for Nursing 510.	
8890 Professional Issues in Nursing	G ½ - 2	4402 Evolving Concepts in Leadership and Management	U 5
Examine professional issues facing the nurse scientist in academia, practice, and research.		Exploration and application of leadership and management concepts as applied to nursing practice and the health care environment.	
Prereq: Enrollment in PhD program in Nursing; successful completion of the PhD Candidacy Examination. Repeatable to a maximum of 8 cr hrs or 10 completions. This course is graded S/U.		Prereq: 2440, and 4240, and 4780, and enrollment in the RN-to-BSN program.	
8891.01 Genetics and Genomics for Nursing Science	G 3	4520 Health Care Informatics	U 2
Examine emerging topics in genomics in the improvement of human health and quality of life in individuals, families, and communities from a nursing science perspective.		Examination of informatics in health care emphasizing clinical information systems and the use of the information technology (IT) applications to support nursing practice.	
Prereq: 8400, 8441, and 8783.		Prereq: Enrollment in the RN to BSN program. Not open to students with credit for Nursing 507.	
8891.02 Secondary Analysis of Complex Survey Data for Nursing and Health Research	G 3	4600 Interprofessional Concepts	U 2
Develop and conduct secondary analysis of complex survey data from a nursing science perspective. Emphasis on design, data management, and selection and use of different analytic tools commonly used in nursing science.		Examination of principles, competencies, and practices that support interprofessional collaboration, a culture of safety, and improve patient outcomes.	
Prereq: Course in multiple regression.		Prereq: Enrollment in the RN-BSN program.	
8980 Research Residency	G 1 - 10	4780 Evidence Based Practice: Transforming Healthcare	U 3
Doctoral research training through participation in on-going research of graduate faculty.		Examination of principles, competencies, practices, and skills that support implementation and sustainability of evidence-based practice in order to improve quality, safety and improve outcomes for patients, populations, providers, organizations, and communities across the globe.	
Prereq: 8440, 8441, 8460, 8783, and 8784. Repeatable to a maximum of 20 cr hrs or 4 completions. This course is progress graded (S/U).		Prereq: Enrollment in RN to BSN program, or permission of instructor.	
8999 Dissertation	G 1 - 10		
Dissertation research involving the generation of new knowledge that will contribute to nursing science.			
Prereq: Completion of all required courses and candidacy examination. Repeatable to a maximum of 40 cr hrs or 4 completions. This course is graded S/U.			
Nursing Advancement			
2193 Individual Studies in Nursing Advancement	U 1 - 4		
Student will gain knowledge and skills within the area of expertise of a nursing faculty mentor. The course will provide individualized learning opportunities.		8193 Individual Studies	G 1 - 6
Prereq: Enrollment in the RN-BSN program. Repeatable to a maximum of 20 cr hrs or 5 completions.		Advanced individual studies in selected areas for the DNP student.	
2440 Foundations and Contemporary Issues for Registered Nurses	U 3	Prereq: Admission to the DNP program, or permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.	
Provides the framework for exploration of professional issues in contemporary nursing and health care for nurses pursuing a baccalaureate degree.		8402 Innovation and Leadership Development for the DNP Nurse	G 2
Prereq: Enrollment in the RN to BSN program. Not open to students with credit for Nursing 302.		Examination of leadership development to maximize innovation and positive organizational impact with an exploration of own leadership development.	
		Prereq: Enrollment in DNP program, or permission of instructor.	
		8403 Science of Practice Innovation	G 2
		Scientific underpinnings for analyzing clinical situations in conjunction with appraising data, theories and concepts that guide nursing practice at the clinical doctoral level.	
		Prereq: Enrollment in DNP program, or permission of instructor.	
		8404 Nurse Executive Leadership	G 2
		Analysis of the role of the DNP nurse executive within complex healthcare systems.	
		Prereq: 8403.	

342 Nursing Practice

8480	Quality Improvement for the Doctor of Nursing Practice	G	2
Advanced concepts in collaboration, design, and leadership as they relate to the Prereq: Enrollment in DNP program, or permission of instructor.			
8490	Health Promotion in the Age of Personalized Health Care	G	2
Critical analysis of population-based factors that impact personal health and care including the social determinants of health contributing to health disparities, their synthesis with health behavior theories, and the evidence-based strategies to change behavior and improve outcomes. Prereq: Enrollment in the DNP program, or permission of instructor. Not open to students with credit for NursPrct 913.			
8500	Nursing Policy for Doctoral Nursing Practice	G	2
Principles of policy-making at the institutional, local, state, and federal levels to influence policy change affecting health care. Prereq: Enrollment in the DNP program, or permission of instructor. Not open to students with credit for NursPrct 940.03.			
8600	Organizational Culture	G	1
Analysis of complex culture in health care and the impact on organizational structure, relationships, evaluation, and outcomes. Prereq: 8402, and enrollment in DNP program; or permission of instructor.			
8610	Informatics for Leadership in Health and Healthcare	G	2
Health informatics, the evaluation of electronic health information resources and patient care technology, and application in DNP practice. Related policy, ethical, privacy, and disparity concerns related to access and use of healthcare data.. Prereq: Enrollment in DNP program, or permission of instructor.			
8780	Clinical Effectiveness and Translation in Clinical Science	G	3
Theoretical underpinnings of nursing knowledge and critical appraisal of clinical relevant research related to clinical effectiveness and translational science concepts. Prereq: Admission to the DNP program, or permission of instructor. Not open to students with credit for NursPrct 951 or 953.			
8781	Methods and Measurement in Clinical Practice Scholarship	G	2
Concepts and principles of practice scholarship methods and measurement for doctoral level nursing practice. Prereq: Enrollment in DNP program, or permission of instructor.			
8782	Foundations of Evidence-Based Practice (EBP)	G	2
Examination of the development and impact of evidence-based practice on health outcomes and the roles of the DNP in integrating evidence into practice. Prereq: Enrollment in the DNP program, or permission of instructor.			
8783	Implementing, Facilitating, and Sustaining EBP	G	2
Application of EBP principles and the change process to implement, facilitate, evaluate, and sustain evidence-based-practice changes to improve healthcare. Prereq: 8781 and 8782.			
8784	Disseminating Evidence to Advance Best Practices, Policy, and Outcomes in EBP	G	2
Internalization of the roles and responsibilities of the DNP in EBP through dissemination of evidence. Prereq: 8783.			
8890	Doctor of Nursing Practice Professional Seminar	G	1
Development of scholarly writing and peer review skills in scholarly nursing practice. Prereq: Enrollment in DNP program, or permission of instructor.			
8896	Practice Inquiry I	G	2 - 3
Application of evidence-based practice (EBP) principles and the change process to implement, facilitate, evaluate, and sustain EBP changes to improve healthcare. Prereq: Enrollment in the Doctor of Nursing Practice program, or permission of instructor.			
8897	Practice Inquiry II	G	1 - 3
Examination of the roles and responsibilities of the DNP in use of EBP methods and dissemination of evidence to influence clinical practice change, building upon knowledge and skills in Practice Inquiry I (NursPrct 8896). Prereq: 8896, and enrollment in the DNP program, or permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions.			
8898	DNP Clinical Immersion	G	5
Integration and synthesis of knowledge and practice experiences designed to achieve essential and specialty components of the DNP role. Prereq: Successful completion of DNP Professional Examination. Repeatable to a maximum of 10 cr hrs.			
8998	DNP Final Document Project	G	1
Students complete a scholarly clinical project based on their individualized goals and interests. Prereq: Enrollment in the Doctor of Nursing Practice Program and completion of the DNP Professional Doctoral Examination. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.			

Occupational Therapy

6110	Occupational Therapy Foundations & Theory	G	2
Students gain understanding of the scope and domain of the profession, learn basic models of occupational performance and demonstrate professional behavior. The course focuses on developing the student's understanding of OT, professional practice frameworks and professional behaviors. Prereq: Enrollment in the Doctorate of Occupational Therapy program.			
6120	Occupation in Life and Community	G	2
Students will gain an understanding of humans as being occupationally oriented as described in Occupational Science. Everyday occupations and examples of adapted occupations when a person has disability are discussed. Students will also gain a beginning understanding of the effects of disease and disability on human occupation. Prereq: Enrollment in the Doctorate in Occupational Therapy program.			
6130	Occupational Therapy Therapeutic Use of Self and Groups	G	3
Students learn the scope of domain of the Occupational Therapy profession, therapeutic interaction, professional behaviors, and group process. Prereq: Grad standing in OccTher (OTD).			
6140	Task Analysis & Foundational Skills	G	3
This course is designed to provide the student with the knowledge and skills required in the analysis of occupation and occupational tasks. The course also provides a foundation for core clinical skills in the healthcare environment. Prereq: Grad standing in OccTher (OTD).			
6150	Neuroscience for Occupational Therapy	G	2
Covers the fundamentals of neuroanatomy and neurophysiology to enable students to interpret, evaluate and treat clients with neurological impairments. Students demonstrate competence in the integration of neuroscience principles. Prereq: Enrollment in the Doctorate in Occupational Therapy program.			
6189	Level I Fieldwork in Mental Health	G	1
Students spend 40 hours of time at mental health sites throughout the continuum of care. This course utilizes observation skills, assessment, and development of OT intervention plans for people with emotional, cognitive, and/or behavioral issues. Prereq: Enrollment in the Doctorate of Occupational Therapy program. This course is graded S/U.			
6210	Neuromusculoskeletal and Sensory Function	G	5
Students learn methods of occupational therapy assessment of and intervention to improve neuromusculoskeletal and sensory function in persons with impairment or disability. Prereq: Enrollment in the Doctorate in Occupational Therapy program, or permission of instructor.			
6220	Mental and Cognitive Function: Evaluation and Intervention	G	4
Students will learn methods of screening, assessment, and intervention that remediate or compensate for the occupational performance and participation barriers of individuals with cognitive and mental impairments. Prereq: Enrollment in the Doctorate in Occupational Therapy program.			
6230	Orthopedics in Occupational Therapy	G	4
Students will use their knowledge of anatomy, kinesiology, client factors, and medical conditions to better analyze the occupations and performance skills of adults with orthopedic and musculoskeletal conditions. Prereq: Enrollment in the Doctorate of Occupational Therapy program.			
6251	Advanced Topics; Physical Agent Modalities	G	1
Students learn to apply physical agent modalities in occupational therapy practice. Prereq: Grad standing in OccTher (DOT), or permission of instructor.			
6289	Level One Physical Function Fieldwork	G	1
In this course, students will gain an understanding of practice in a physical function setting. This course will utilize observation skills, assessment, and development of occupational therapy intervention plans for people with physical impairments. Prereq: Enrollment in the Doctorate in Occupational Therapy program. This course is graded S/U.			
6389	Level One Pediatric Fieldwork	G	1
In this course, students will gain an understanding of school system practice. Students will learn specific skills in observing and evaluating students who receive occupational therapy services. Students will participate in planning intervention activities within the school setting. Prereq: Enrollment in the Doctorate in Occupational Therapy program. This course is graded S/U.			
6510S	Service Learning in OT	G	1
This course exposes students to the emerging practice areas of community health services, inter-generational interventions, and inter-professional relationships in a service learning setting. Prereq: Enrollment in the Doctorate in Occupational Therapy program. This course is graded S/U.			

6730 Research Methods
G 2

Students analyze research reports, develop research questions, identify research methods and designs, collect, analyze and interpret data related to occupational therapy.
Prereq: Enrollment in the Doctorate in Occupational Therapy program.

6740 Health Planning for Individuals and Communities
G 2

The goal of this course is for students to develop skills in using principles of evidence based practice to develop clinical pathways that guide evaluation and intervention for individual and/or diagnostic groups and develop programs through a process of needs assessment, program implementation, and evaluation.
Prereq: HthRhSc 7900 and 7910.

7189 Occupational Therapy Fieldwork II
G 9

Fulltime fieldwork in selected occupational therapy service settings.

Prereq: Enrollment in Masters of Occupational Therapy program. Repeatable to a maximum of 18 cr hrs. This course is graded S/U.

7230 Orthopedics in Occupational Therapy
G 2

Students will use their knowledge of anatomy, kinesiology, client factors, and medical conditions to better analyze the occupations and performance skills of adults with orthopedic and rheumatic conditions.

Prereq: Must be an OTD student.

7260 Occupational Therapy for Older Adults
G 2

Students will gain an applied understanding of the older adult demographic, diversity, varying roles, and systems theory including a transactional approach to understanding older adults in context. Students will gain knowledge about treatment of older adults and the systems in which care is delivered.

Prereq: Enrollment in the Doctorate of Occupational Therapy program. Not open to students with credit for 748.

7270 Occupational Performance, Environment and Context: Assessment and Intervention
G 4

Students learn to describe the interaction of client impairments with environmental and contextual factors and occupational performance. Students learn to adapt tasks, environments, and equipment to meet client goals.

Prereq: Enrollment in the Doctorate in Occupational Therapy program, or permission of instructor.

7280 Advanced Topics in Geriatrics
G 2

Students learn advanced practice skills in geriatrics, including treatment and rehab of cognitive impairment, cardiopulmonary conditions, mental health, cancer, endocrine & low vision.
Prereq: Grad standing in Occupational Therapy.

7289 Clinical Doctoral Experience I
G 3

Full-time fieldwork in selected occupational therapy service settings.

Prereq: Grad standing in OccTher (OTD). Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

7310 Occupational Therapy for Young Children
G 3

Prepares students to work with infants and young children with developmental disorders. Emphasizes developmental, sensory, motor, play-based, feeding, and interactive practice models.

Prereq: Enrollment in the Doctorate in Occupational Therapy program, or permission of instructor.

7320 Occupational Therapy for School Age and Adolescents
G 2

This course will prepare students to work with school-aged children and adolescents across different health and educational environments. This includes measuring occupational performance, completing standardized assessment and treatment.

Prereq: 7310, and enrollment in the Doctorate in Occupational Therapy program.

7350 Advanced Pediatric Occupational Therapy
G 2

Students achieve advanced skills in neonatal intensive care practice, mobile computer technologies, group interventions; social skills interventions; parent coaching; cognitive intervention; health and wellness.

Prereq: Must be enrolled as an OTD student.

7389 Clinical Doctoral Experience
G 8

This is an advanced experiential course in which the student applies knowledge and skills acquired in the Occupational Therapy program and develops new competencies based on site-specific needs and student interest.

Prereq: Enrollment in the OTD program. This course is graded S/U.

7411 Assistive Technology
G 2

Students apply principles of assistive technology to children and young adults. Emphasis on technology to promote school function and learning, augmentative communication, cognitive aids; pediatric wheelchairs; power mobility; positioning devices.

Prereq: Grad standing in Occupational Therapy.

7420 Management in Occupational Therapy
G 3

Prepares students to become managers, leaders, and advocates. Emphasizes leadership theories, management skills, human resources issues, strategic planning.

Prereq: Enrollment in the Doctorate in Occupational Therapy program.

7430 Supervision and Consultation
G 2

Prepares students to provide consultation and supervision in OT Practice. Consultation theories, models and processes are discussed. Supervision theories and principles are discussed and applied to field.

Prereq: Enrollment in the Doctorate in Occupational Therapy program.

7440 Health Planning for Individuals and Communities
G 1

Covers the theoretical basis for Occupational Therapy fieldwork education and provides students with practical information to enhance their fieldwork experience. Supervision theories and principles are reviewed and applied to Occupational Therapy fieldwork education.

Prereq: Enrollment in the Doctorate in Occupational Therapy program.

7447 Occupational Therapy Fieldwork Preparation II
G 2

This course occurs concurrently with two Level One courses (6289, 6389) and will focus on application of learning experiences to preparation for Level Two fieldwork. Social, political, and legal systems that affect each setting are considered and applied through practical opportunities.

7610 Occupational Therapy Practice Specialization
G 1 - 3

Prepares students to practice in a specialty area of occupational therapy.

Prereq: Must be MOT Student. Not open to students with credit for 793 or AlliMed 885.01. This course is graded S/U.

7620 Occupational Therapy Research Specialization
G 1 - 3

Students participate in research projects, including literature review, measurement; data collection, data analysis and interpretation, and writing research reports. Students report their activities and findings in public venues.

Prereq: Must be MOT Student. Not open to students with credit for AlliMed 885.01. This course is graded S/U.

7710 Capstone Preparation
G 1

Students are assigned to advisors who mentor them in their capstone projects. Students complete a review of the literature in a self-identified area of interest. Based on the identification of programmatic or research gaps, they will create their objectives for their capstone, their advisor, and a site for implementation of the experiences.

Prereq: Must be enrolled as an OTD student. This course is graded S/U.

7720 Capstone Proposal
G 2

With individual advisors, the students develop a capstone project proposal. Based on extensive review of the literature, proposals include a rationale, method and evaluation for 1) a new occupational therapy program, 2) an EPB clinical guideline.

Prereq: Must be enrolled as an OTD student. This course is graded S/U.

7730 Capstone Completion
G 2

The students interpret their data and write their findings for the capstone project. Students submit the final document and orally defend it.

Prereq: Grad standing in OccTher (OTD). This course is graded S/U.

7780 Advanced Neurorehabilitation Practice
G 2

Teaches the principles, evidence, practice, and documentation of clinical practice in adults with neurologic impairments, as well as analysis of how occupational therapy skills and scope of practice are applied to this population.

Prereq: Grad standing in OccTher (OTD).

7790 Advanced Topics in Orthopedic Occupational Therapy
G 2

Occupational therapy students will apply foundational and advanced knowledge and techniques to real clients and simulated client populations with musculoskeletal disorders.

Prereq: Enrollment in the Doctorate of Occupational Therapy program

Ohio State Biochemistry Program
7193 Individual Studies - Laboratory Rotation
G 1 - 12

A qualified graduate student may conduct a minor laboratory research investigation in biochemistry under the direction of program faculty members.

Prereq: Enrollment in the OSBP. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.

7600 First-Year Student Orientation
G 1

Orientation for first-year students in OSBP and partner graduate programs; lectures on topics important for successful graduate experience; training in presenting scientific work; training in research ethics.

Prereq: Not open to students with credit for 7600 (760), MCDBio 7600, MolGen 7600, Biophys 7600, or Micrbio 7600. This course is graded S/U. Cross-listed in MCDBio, MolGen, Biophys, and Micrbio.

7700 Interdisciplinary Student Seminar
G 1

Interdisciplinary Seminar in Advanced Biochemistry.

Repeatable to a maximum of 10 cr hrs.

7700.01 Interdisciplinary Student Seminar
G 1

Interdisciplinary Seminar in Advanced Biochemistry.

Repeatable to a maximum of 10 cr hrs. This course is graded S/U.

344 Ohio State Biochemistry Program

8900 Colloquium - Advanced Biochemistry Topics		G	1
Seminars presented by Ohio State faculty and by faculty and professionals from outside the University.			
Prereq: Enrollment in the OSBP. Repeatable to a maximum of 14 cr hrs. This course is graded S/U.			
Optometry			
5600 Eyes on Community Health	U G O	2	
Investigate factors that impact healthcare utilization. Community engagement opportunities include glaucoma screenings and improvisational health coaching for patients dealing with chronic health issues.			
6180 Basic and Ocular Pharmacology	G O	4	
An introduction to the mechanism of action and side effects of pharmacologic agents. Prereq: 2nd yr standing in Optom. Not open to students with credit for 680 or 681.			
6190 Introduction to Clinical Diagnostic Reasoning in Optometry	O	2	
Using a problem-based learning format, optometric cases will be utilized to model and develop diagnostic reasoning skills emphasizing basic science and systemic disease. Prereq: 1st yr standing in Optom.			
6200 Optometric Career Options and Finance	O	2	
Goal setting, modes of optometric practice, and budgeting/debt management principles for achieving personal financial success while in school and after graduation. Prereq: 1st yr standing in Optom.			
6220 Coding & Reimbursement	O	1	
ICD-9 and CPT coding procedures for vision and management/evaluation services; reimbursement issues related to fee schedules, insurance audits, and third-party billing. Prereq: 2nd yr standing in Optom.			
6240 Third-Party Payment Plans	O	1	
Issues related to joining a third-party payment plan; integrating managed care into the optometric office; evaluation of managed care contracts. Prereq: 3rd yr standing in Optom.			
6400 Optometric Examination	O	5	
The underlying concepts and interrelationships of optometric tests to permit the development of diagnosis and treatment plans for a specified series of optometric problems. Prereq: 2nd yr standing in Optom.			
6410.01 Introduction to Primary Care Testing I	O	2	
Through lecture and direct patient care, students will learn technical skills for parts of the optometric examination. Interpretation of tests will be covered superficially. Professionalism and interpersonal skills will be emphasized. Prereq: 1st yr standing in Optom. This course is graded S/U.			
6410.02 Introduction to Primary Care Testing II	O	2	
Through direct patient care experiences, students will learn technical skills for parts of the optometric examination. Interpretation of tests will be covered superficially. Professionalism and interpersonal skills will be emphasized. Prereq: 6410.01, and 1st yr standing in Optom. This course is graded S/U.			
6420 Diagnosing and Prescribing	O	1	
Techniques of investigating special types of vision anomalies; diagnosing and prescribing for vision anomalies; coding and billing. Emphasis on case analysis. Prereq: 2nd yr standing in Optom.			
6440.01 Introduction to Primary Care Practice	O	1 - 4	
Introduction to clinical experience in examining the visual system and carrying out corrective procedures. Prereq: 2nd yr standing in Optom. Repeatable to a maximum of 30 cr hrs.			
6450.01 Primary Care Practice	O	1 - 6	
Clinical experience in examining the visual system and carrying out corrective procedures. Prereq: 3rd yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.			
6450.02 Ophthalmic Dispensing	O	1 - 6	
Clinical experience in ophthalmic design and dispensing; education and experience in dispensary management. Prereq: 3rd yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.			
6450.03 Introduction to Contact Lenses	O	1 - 6	
Clinical experience in specialized phases of optometric practice: contact lenses. Prereq: 3rd yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions. This course is graded S/U.			
6450.04 Ocular Disease Practice	O	1 - 6	
Clinical experience in specialized phases of optometric practice: diagnosis and treatment of ocular disease. Prereq: 3rd yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.			
6450.05 Vision Screening	O	1 - 6	
Clinical experience in specialized phases of optometric practice: binocular vision and pediatrics. Prereq: 3rd yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.			
6450.06 Vision Therapy	O	1 - 6	
Clinical experience in orthoptics and vision therapy. Repeatable to a maximum of 30 cr hrs or 8 completions.			
6560 Ophthalmic Optics	O	5	
Optics of single-vision and multifocal lenses; measurement and fitting of spectacles; lens materials, design and manufacturing; aberrations; prism and centration; managing anisometropia; tints and coatings. Prereq: 2nd yr standing in Optom.			
6610 Epidemiology and Biostatistics	O	2	
The science of epidemiology, research and study design, evaluation of scientific literature, and evidence based medicine in optometry and vision care. Prereq: 1st yr standing in Optom. Not open to students with credit for Optomtry 401 or 722.			
6620 Practice of Optometry	O	1	
Professionalism, clinical decision making, SOAP format, medical records, patient rights, HIPAA, clinical ethics in optometry, diversity and cultural competency. Prereq: 1st yr standing in Optom.			
6760 Ocular Care Techniques	O	2	
Introduction to clinical techniques used in the assessment of ocular health and in the diagnosis and management of ocular disease. Prereq: 2nd yr standing in Optom.			
6770 Advanced Ocular Care Techniques	O	2	
Investigation of advanced clinical techniques used in the assessment of ocular health and in the diagnosis and management of ocular disease. Prereq: 2nd yr standing in Optom.			
7140 Systemic Disease for Optometry	O	3	
Systemic and ocular manifestations of cardiovascular disease, diabetes, hematology, inflammatory disorders, thyroid disorders, neurological disorders, immunology, infectious disorders, macular degeneration management, laboratory blood work. Prereq: 3rd yr standing in Optom.			
7160 Injections, Lasers and Advanced Ocular Techniques	O	2	
Practical experience in injections, ophthalmic lasers and advanced ocular techniques. Prereq: 3rd yr standing in Optom.			
7190 Intermediate Clinical Diagnostic Reasoning in Optometry	O	2	
Using a problem-based learning format, optometric cases will be utilized to further develop clinical diagnostic and management skills requiring basic and clinical science integration. Prereq: 3rd yr standing in Optom.			
7210 Optometric Economics and Jurisprudence; Practice Analysis and Practice Systems	O	3	
Benchmarks, statistical and financial data analysis systems to determine practice viability; the administrative and logistical systems used in an optometric practice; jurisprudence and malpractice. Prereq: 3rd yr standing in Optom.			
7240 Clinical and Business Aspects of Practice	O	1½	
Contemporary topics in clinical and business aspects of optometry including new diagnostic and treatment methodologies and the preparation of business plans. Prereq: 4th yr standing in Optom. Repeatable to a maximum of 10 cr hrs.			
7420 Vision of Children	O	2	
Examination of pediatric patients, including special examination procedures, development of refractive error, prescribing, ocular health, and child abuse. Prereq: 3rd yr standing in Optom.			
7440 Clinical Binocular Vision	O	5	
Classification, epidemiology, diagnosis, and management of nonstrabismic and strabismic binocular vision disorders, accommodative anomalies, amblyopia, oculomotor deficiencies, and visual perceptual lags. Prereq: 3rd yr standing in Optom.			
7450.02 Ophthalmic Dispensing	O	1 - 10	
Advanced clinical experience in ophthalmic design, dispensing, and dispensary management. Prereq: 4th yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.			
7450.03 Contact Lenses and Primary Care	O	1 - 10	
Clinical experience in specialized phases of optometric practice: contact lenses and primary care. Prereq: 4th yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.			
7450.05 Binocular Vision and Pediatrics	O	1 - 10	
Clinical experience in specialized phases of optometric practice: binocular vision and pediatric optometry. Prereq: 4th yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.			

7450.06 Vision Rehabilitation **O 1 - 10**

Clinical experience in specialized phases of optometric practice: vision rehabilitation.
Prereq: 4th yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.

7450.11 Ocular Disease Externship **O 1 - 15**

Clinical experience in specialized phases of optometric practice: ocular disease.
Prereq: 4th yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.

7450.12 Primary Care Externship **O 1 - 12**

Clinical experience in specialized phases of optometric practice: community eyecare.
Prereq: 4th yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.

7450.13 Advanced Care Externship **O 1 - 15**

Clinical experience in specialized phases of optometric practice: advanced clinical care.
Prereq: 4th yr standing in Optom. Repeatable to a maximum of 30 cr hrs or 8 completions.

7460 Low Vision Rehabilitation and Gerontology **O 5**

Assessment and management of mild to moderate visual impairment, especially related to reading and driving, with special emphasis on the needs of older adults.
Prereq: 3rd yr standing in Optom.

7500 Contact Lenses **O 2**

Optics, design, materials, and measurement of contact lenses, theory, fitting and prescribing of sphericals and torics, post-fitting care, contact lens solutions.
Prereq: 3rd yr standing in Optom.

7510 Contact Lens Lab **O 2**

Measurement, verification, and fitting of rigid gas permeable and soft spherical contact lens designs.
Prereq: VisSci 6500 (501 and 503) or 6520 (511), and 3rd yr standing in Optometry; or permission of instructor. Concur: 7500.

7520 Advanced Contact Lenses **O 3**

Theory, fitting, and prescribing of specialty contact lens designs including but not limited to torics, multifocals, corneal reshaping and fitting the diseased or irregular cornea.
Prereq: 3rd yr standing in Optom.

7530 Advanced Contact Lens Lab **O 1**

Fitting of specialty contact lens designs, such as toric, multifocal, corneal reshaping, and scleral designs.

Prereq: Optom 7500 (Optometry 433 and 653), and 3rd yr standing in Optometry program; or permission of instructor. Concur: 7520.

7710 Anterior Segment Ocular Disease **O 4**

Abnormalities and diseases of anterior segment of the eye with emphasis on identification, diagnosis and general management.

Prereq: 2nd yr standing in Optom.

7720 Posterior Segment Ocular Disease **O 3**

Abnormalities of the posterior segment with emphasis on vitreoretinal disease, vascular disease, and macular disease.

Prereq: 2nd yr standing in Optom.

7730 Ocular Neurology **O 3**

Neurology and neuro-pathology of the visual system and basics of visual field testing and interpretation.

Prereq: 3rd yr standing in Optom.

7740 Management of Glaucoma **O 2**

Glaucoma diagnosis and management including epidemiology, pathophysiology, differential diagnosis, risk assessment, testing strategy and interpretation, medical and surgical management.

Prereq: 3rd yr standing in Optom.

7770 Clinical Ocular Pharmacology **O 4**

Application of pharmacology principles in the clinical setting with emphasis on differential diagnosis and matching drug selection and dosage determination with disease severity.
Prereq: 3rd yr standing in Optom.

7790 Surgery and Comanagement of Ocular Disease **O 2**

Advanced management, pre and post operative management and surgical procedures for ocular disease.

Prereq: 3rd yr standing in Optom.

7800 Special Topics in Optometry **O ½ - 8**

Elective clinical rotations in the professional optometric curriculum.

Prereq: Enrollment in Optom, and permission of instructor or department. Repeatable to a maximum of 40 cr hrs or 20 completions.

Otolaryngology

8803 Observations in Clinical Voice Pathology **G 2**

Med 8803 is an observation course for graduate students in the Singing Health Specialization (SHS) curriculum. Provides students with an opportunity to observe the clinical management of voice disorders including the assessment, treatment.

Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

8804 Observations in Surgical Laryngology

G 2

Observation course for graduate students in the Singing Health Specialization (SHS) curriculum. Students should have completed MED 803 prior to enrollment in this course. This course provides observation experience in a voice disorders clinic with licensed speech language pathologists and is required for the singing health specialization.
Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

8809 Issues in Laryngology for the Vocal Health Professional **G 2**

Advanced anatomy and physiology of the vocal mechanism. Offered for graduate students in the Singing Health Specialization (SHS) curriculum.
Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

Pathology

4000.10S Undergraduate Research in Molecular Pathology **U 2 - 3**

Students will be doing lab research under Dr. Ramesh Ganju to analyze mechanisms that regulate various diseases. Independent Study Course for any student wishing to complete their Senior Thesis.

Prereq: Permission of instructor. This course is graded S/U.

4991 Application of Histological Theory and Techniques I **U 12**

Students in this histotechnology lab will learn gross and microtomy examination of tissue specimens in both a clinical and a research lab environment. These skills will be acquired through repeated practice to perfect each new skill.

Prereq: Admission to Histotechnology Certificate program; BS or BA (with minimum of 30 semester hours of a combination of biology and chemistry).

4992 Application of Histological Theory and Techniques II **U 12**

Students in this histotechnology lab will perform special stains, understand basic electron microscopy, immunohistochemistry, and clinical laboratory compliance. These skills will be acquired through repeated practice to perfect each new skill.

Prereq: 4991, and admission to Histotechnology program, and BS or BA degree (with minimum of 30 semester hours of a combination of Biology and Chem).

5733 Human Genetics **U G M 2**

The principles of human genetics covering mapping of disease genes, defects causing human disease, the cloning of disease genes, gene therapy, transgene, and specific pathological disorders.

Prereq: MolGen 4500 or 4606, or equiv, and Sr standing. Not open to students with credit for 733, MolGen 5733 (733), or MolBiolc 5733 (MolBiolc 733). Cross-listed in MolGen and MolBiolc.

6640 Fundamentals of Oncology **G 4**

Oriented towards graduate students in cancer-related programs and consists of a series of lectures covering a variety of aspects of experimental oncology.

Prereq: Not open to students with credit for 640 or VetBios 640. Cross-listed in VetBios.

6670 Medical Cytogenetics **G 3**

Overview of cytogenetics in medical diagnosis and evaluation, including laboratory techniques, nomenclature, structural and numerical chromosome abnormalities; prenatal, constitutional, molecular, and cancer cytogenetics. Recommended coursework in genetics and molecular cell biology.

Prereq: Not open to students with credit for 670.

7194 Group Studies in Pathology **G 1 - 4**

Group studies of contemporary topics in mechanisms of disease. Recommended strong background in biological sciences.

Prereq: Permission of instructor. Not open to students with credit for 794.

7793.01 Pathologic Anatomy **G M 3 - 9**

Students work with an attending pathologist, pathology resident and deiner in prosecting cases while they learn the technical operations of the autopsy service.

Prereq: Grad standing, or Med III and IV standing. Concur: An additional 3 hour professional course (when registration is for 3 professional credit hours). Repeatable to a maximum of 18 cr hrs or 2 completions. This course is graded S/U.

7793.09 Surgical Pathology **G 1 - 9**

Student is expected to learn and acquire progressive experience in the microscopic diagnosis of various disease entities.

Prereq: Med III and IV standing, or Grad and Prof standing, and permission of instructor. Repeatable to a maximum of 18 cr hrs or 2 completions. This course is graded S/U.

7847 Cellular Mechanisms and Pathogenesis of Inflammation **G 2**

Inflammatory processes in the human host due to interaction with viruses, bacteria, parasites, foreign antigens, or physical trauma and new immunological therapeutic strategies being developed.

Prereq: MVImg 701 or Microbiol 701, or permission of instructor. Not open to students with credit for MVImg 847.

7999 Thesis Research in Pathology **G 2 - 10**

Research in contemporary topic in mechanisms of disease leading to a Master's thesis.

Prereq: Enrollment in Master of Science program in Pathology. Repeatable to a maximum of 30 cr hrs or 10 completions. This course is graded S/U.

346 Pathology

8850 Seminars in Pathology

G 1

Faculty seminars in immunopathology.

Repeatable to a maximum of 14 cr hrs. This course is graded S/U.

Pediatrics

4998 Undergraduate Research in Pediatrics

U 1 - 3

Undergraduate Research Experience in Pediatrics.

Prereq: Permission of instructor. Repeatable to a maximum of 24 cr hrs or 8 completions. This course is graded S/U.

8999 Doctoral Thesis Research in Pediatrics

G 1 - 13

Doctoral Thesis Research in Pediatrics.

Prereq: Permission of instructor. Repeatable to a maximum of 12 completions. This course is graded S/U. Admis Cond course.

Persian

1101 Elementary Persian I

U 4

Introduction to Persian; development of listening, reading, speaking, and writing skills. Closed to native speakers of this language.

Not open to students with credit for Persian 101. This course is available for EM credit. GE for lang course.

1102 Elementary Persian II

U 4

Further development of listening, writing, speaking, and reading skills; reading of simplified Persian texts. Closed to native speakers of this language.

Prereq: 1101. This course is available for EM credit. GE for lang course.

1103 Intermediate Persian I

U 4

Further development of listening, writing, speaking, and reading skills; reading of simplified Persian texts. Closed to native speakers of this language.

Prereq: 1102. This course is available for EM credit. GE for lang course.

2104 Intermediate Persian II

U 4

Extensive reading from literary texts, with practice in conversation and composition.

Prereq: 1103.

2105 Intermediate Persian III

U 4

Continued reading from literary texts, with further practice in conversation, composition, and translation.

Prereq: 2104.

2193 Individual Studies

U 1 - 5

Individual Studies.

Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.

2194 Group Studies

U 1 - 5

Group studies.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.

2241 Persian Culture

U 3

A survey of Persian Culture through the reading of Persian literature in translation, viewing of Persian films, and listening to Persian music.

Prereq: Not open to students with credit for 241. GE cultures and ideas and diversity global studies course.

2701 Persian Literature in Translation

U 3

A study of Persian literature in translation and the history of its discourses, genres, and styles.

Prereq: English 1110 (110). Not open to students with credit for 371. GE lit and diversity global studies course.

2704 Introduction to Persian Epic

U 3

An introduction, in English, to the Shahnameh of AbolQasem Ferdowsi.

Prereq: English 1110 (110). Not open to students with credit for 374. GE lit course.

3101 Advanced Persian: Reading and Composition

U 4

Extensive reading of classical and modern Persian literary texts, with practice in grammar and composition at an advanced level.

Prereq: 2105.

4999H Honors Research

U 1 - 3

A program of research for individual students that includes individual conferences and culminates in an honors thesis or oral defense.

Prereq: Honors and Sr standing, and GPA 3.5 or above in field of distinction, and approved candidacy for graduation with distinction, and permission of instructor. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.

5193 Individual Studies

U G 1 - 10

Individual studies.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions. This course is graded S/U.

5194 Group Studies

U G 1 - 10

Group Studies.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions.

5601 Persian Prose

U G 3

Selected readings reflecting the major genres of classical Persian prose, plus a modern novel.

Prereq: 3101, or permission of instructor. Not open to students with credit for 651.

8891 Seminar in Iranian Studies

G 3 - 4

The Seminar in Iranian Studies consists of intensive investigation of a selected topic or problem in Iranian linguistics, philology, literature, religion, or culture.

Prereq: Grad standing. Repeatable to a maximum of 32 cr hrs or 8 completions.

Pharmacy

1100 Pharmaceutical Sciences Survey

U 1

Introduction to the University, strategies for student success, academic programs,

opportunities in the pharmaceutical sciences and practice, and contemporary issues.

Prereq: Enrollment restricted to students in the BSPS program, or permission of instructor.

2010 Pharmacology: How Drugs Work

U 3

This course presents an overview of basic principles underlying drug action.

2020 Job Search Preparation and Transition to Work

U 2

Practical techniques and skill development in conducting a job search, applying to graduate and professional programs, researching career information, and beginning a successful career search.

Prereq: Rank 3 or 4, and enrollment in the BSPS program. This course is graded S/U.

2100 Career Development in Pharmaceutical Sciences I

U 1/2

This class introduces students to diverse careers in the field of pharmaceutical & health sciences. Students will be grouped based on their career interests, & will work with their instructor/peers to gain knowledge on various career paths. Students will engage with guest speakers & will come away with a sense of their options and a critical understanding of career and professional development.

Prereq: Enrollment in the BSPS program, or permission of instructor.

2101 Career Development in Pharmaceutical Sciences II

U 1/2

In this professional development course, students identify a plan for pursuing their career goals and acquire practical skills to assist with job searching, networking, personal branding, and applying to graduate/professional programs.

Prereq: 2100, enrollment in the Bachelor of Science in Pharmaceutical Sciences program, and Jr standing; or permission of instructor.

2367.01 Drug Use in American Culture

U 3

This course investigates a given drug by assessing its historical use, clinical properties and risks, its role in American culture, and other issues surrounding its use/abuse in the United States. Students will analyze various sources of information and effectively communicate key messages using a variety of platforms.

Prereq: English 1110 or equivalent, and Soph standing. Not open to students with credit for 2367.02. GE writing and comm course: level 2.

2367.02 Drug Use in American Culture

U 3

This course investigates a given drug by assessing its historical use, clinical properties and risks, its role in American culture, and other issues surrounding its use/abuse in the United States. Students will analyze various sources of information and effectively communicate key messages using a variety of platforms. Online delivery only.

Prereq: English 1110 or equivalent, and Soph standing. Not open to students with credit for 2367.01. GE writing and comm course: level 2.

2400 Addicting Drugs: Effects, Introductory Neurobiology, and Regulation

U 2

Overview of effects, regulation, and mechanism of action of addicting drugs, with an introduction to function of the nervous system and how this function is altered by drugs.

Prereq: Not open to students with credit for Pharmacy 200 or 2000. Not open to professional students in the College of Pharmacy.

2410 Drugstore Science

U 2

This course introduces the science behind common drugstore products, including over-the-counter (OTC) medications and drug-cosmetics, including how these products work, potential non-drug alternatives, and various drug-related issues involving their use. Note: Content of this course is not intended to be considered as professional medical advice or to replace advice from a healthcare provider.

2500 Drug Discovery, Development and Delivery

U 3

Provides a comprehensive overview of the drug discovery, development, and delivery process within the U.S. healthcare system, exploring the roles of vested stakeholders (e.g., patients, pharmaceutical industry, providers, insurers, society, etc.) during a drug's "bench to bedside" development including its post-development place in therapy.

2510 Introduction to Pharmacy

U 2

A survey of the profession of pharmacy, dealing with its history, educational requirements, organization, regulation, and current developments.

Prereq: Not open to students with credit for Pharmacy 400 or Phr 4510.

2511H	Introduction to Pharmacy	U	3
A survey of the profession of pharmacy including its history, scope of practice, educational pathways, ethical foundations, regulation, contemporary issues, career opportunities, and prospects for the future; as well as topics relating to medication use and drug discovery/development.			
Prereq:	Enrollment in the BSPS program and Honors standing, or permission of instructor. Not open to students with credit for 2510, 4510, or 4511H.		
3100	Human Physiology and Disease	U	4
This course examines principles of human physiology and provides an overview of the most common pathophysiological diseases.			
Prereq:	Completion of one course in Biology and one course in Chemistry, and enrollment in the BSPS program.		
3191	Experiential Learning in Pharmaceutical Sciences	U	1
Students will begin to develop and solidify their career goals and improve their understanding of career and professional development in the pharmaceutical sciences through hands-on experience in an internship, course lectures and assignments. Students will work closely with supervisors and instructors to explore skills and receive constructive feedback.			
Prereq:	Permission of instructor, and students must already have secured an internship/experiential opportunity. This course is graded S/U.		
3200	Biochemistry for the Pharmaceutical Sciences	U	5
Fundamentals of biological chemistry for the study of the pharmaceutical sciences, including molecular basis of structure, metabolism, genetic replication, transcription, and translation in humans. Ties to drug processes will be highlighted.			
Prereq:	Chem 2520 or 2920H; and enrollment in the BSPS program, or permission of instructor.		
3400	Therapeutic Frontiers	U	2
Investigation of newly emerging (and at times) controversial strategies for treating disease, including biologics, cell replacement therapy, and vaccines among others. This course also explores the science behind important therapeutic factors such as the placebo effect, the microbiome, and pharmacogenomics.			
Prereq:	Not open to students with credit for 4410.		
3410	Science Communication & Engagement	U	1
Within the Generation Rx Laboratory at the Center of Science and Industry (COSI), students will practice science communication as they create and lead live, hands-on experiments teaching basic drug science.			
Prereq:	Jr or Sr standing, enrollment in the BSPS program, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
3420	Generation Rx: America's Drug-Taking Culture	U	3
This course analyzes America's drug-taking culture by examining its past, present, and future. Students will identify factors that fuel it, discuss its influence on a patient's medication experience, and evaluate its role in a current public health crisis. The course will conclude with discussing ideas that promote a culture of health.			
GE cultures and ideas course.			
3500	Pharmacoethics: Dilemmas and Decision-Making	U	2
Develops core competencies in ethical issues in healthcare settings amidst a biologically, socially, culturally diverse patient population. Discusses the pharmaceutical industry's ethical responsibilities & professional conduct, including clinical drug trials & studies, research, marketing & promotion. Discusses basic principles of business ethics in other healthcare industries.			
3520	Principles of Therapeutics	U	2
Designed to provide knowledge about medication therapies and treatment guidelines for common illnesses affecting patients.			
Prereq:	Not open to students with credit for Phr 4520. This course is graded S/U.		
3530	Drugs, Human Enhancement, and the Mastery of Nature	U	3
How should we navigate questions of identity in the world of cognitive and mood enhancing drugs? Where do we draw the line on 'smart drugs' for intellectual endeavors or the use of performance enhancing drugs in athletic pursuits? More broadly, we will debate whether and how as a society we might enact particular restraints on our pursuit of human enhancements. GE cultures and ideas course.			
3708	Vaccines: A Global History	U	3
This course examines the history and biology of vaccines. We explore the discovery and development of vaccines, along with the political and cultural controversies that have surrounded them for centuries. Team-taught course with faculty member in History.			
Prereq:	Not open to students with credit for History 3708. GE historical study course. Cross-listed in History.		
4000	Molecules to Medicines I: An Integrated Approach to the Pharmaceutical Sciences	U	5
First course in a two-course series. Principles governing the design, synthesis, delivery, action and use of drugs in disease treatment. Model disease pathophysiology and treatment will be investigated, discussing how biological differences can be targeted for therapeutic gain.			
Prereq:	3200, 4100, Biochem 4511, or 5614 (prereq or concur). Prereq or concur: Phr 3100, EEOB 2520, or Physio 3200.		
4010	Molecules to Medicines II: An Integrated Approach to the Pharmaceutical Sciences	U	5
Second course in a two-course series. Principles governing the design, synthesis, delivery, action and use of drugs in disease treatment. Model disease pathophysiology and treatment will be investigated, discussing how biological differences can be targeted for therapeutic gain.			
Prereq:	4000.		
4100	Biomedicinal Chemistry	U	3
Fundamentals of biological chemistry for the study of pharmaceutical sciences.			
Prereq:	Chem 2520 or 2950H, and enrollment in the BSPS program; or permission of instructor. Not open to students with credit for 461 and 462.		
4191	BSPS Internship for Curricular Practical Change	U	0
Provides professional experience which will prepare students for professional expectations upon graduation. This course accompanies the active pursuit of an internship experience which satisfies the requirements for curricular practical training.			
Prereq:	Enrollment in the BSPS program, submitted CPT application, letter of offer from CPT site, and permission of instructor. This course is graded S/U.		
4193	Individual Studies in Pharmaceutical Sciences	U	½ - 12
Laboratory and library work designed to give the qualified student an opportunity to complete an original investigation or pursue an interest in a special problem.			
Prereq:	COPHR 2.5 or above, and Soph standing, and enrollment in the BSPS program, and permission of instructor. Not open to students with credit for Pharmacy 493. Repeatable to a maximum of 30 cr hrs or 12 completions. This course is progress graded (S/U).		
4194	Group Studies in Pharmaceutical Sciences	U	1 - 12
Group studies topics in various fields of Pharmacy.			
Prereq:	Enrollment in BSPS program, or permission of instructor. Not open to students with credit for Pharmacy 494.01. Repeatable to a maximum of 12 cr hrs or 12 completions.		
4200	Introduction to Medicinal Chemistry	U	3
Chemical and biochemical principles governing the design, synthesis and properties of drugs.			
Prereq:	4100 and Chem 2520, and enrollment in the BSPS program; or permission of instructor. Not open to students with credit for 410.		
4210	Problem Solving in Biomedicinal Chemistry	U	2
A course designed to use problem-based learning to promote understanding of biomedicinal concepts. Case studies will be assigned allowing students to apply biochemical principles and communicate with their colleagues in the course.			
Prereq:	3200 or 4100, and enrollment in BSPS program. Not open to students with credit for 494.02.		
4330	Basic Pharmacokinetics	U	2
An elementary course designed to introduce the student to the topic of pharmacokinetics. The application of biopharmaceutics and pharmacokinetic principles as they relate to drug absorption, distribution and elimination will be discussed.			
Prereq:	Math 1141 or 1151, or permission of instructor.		
4400	Integrated Pharmacology	U	2
An overview of pharmacological, biochemical, and physiological effects of drugs to facilitate an understanding of drug mechanism and pharmacotherapy.			
Prereq:	4100 and EEOB 2520 (232), or Physio 3102 (PhysioCB 312); and Enrollment in the BSPS program, or permission of instructor. Not open to students with credit for 480.		
4420	Molecular Pharmacology-From DNA to Biopharmaceutical Products	U	2
Introduces students to pharmacological research and drug discovery through readings, discussions, and presentations.			
Prereq:	3200 or 4100; or Chem 2520 or 2920H, and Biochem 4511 or 5613. Not open to students with credit for Pharmacy 471.		
4430	GPCR Pharmacology	U	1
Focuses on the pharmacology of G-protein-coupled receptors (GPCRs). GPCRs constitute a large and diverse family of proteins whose importance is underscored by the fact that at least one third of the currently marketed drugs target these proteins.			
Prereq:	Enrollment in the BSPS program. Not open to students with credit for 472.		
4440	Pharmacology of Neurologic and Psychiatric Disorders	U	3
This course will serve as an introduction to principles of pharmacological therapy of neurologic and psychiatric diseases.			
Prereq:	3200 or 4100, or Biochem 4511 or 5613, or Neurosc 3000, or permission of instructor.		
4470	Contemporary Pharmacology	U	1
Exploration of current research topics in pharmacology through discussions of recently published pharmacology papers. Enrollment with permission of Instructor.			
Prereq:	4000, 4400, or 4460; and permission of instructor. Repeatable to a maximum of 3 ch hrs.		
4600	Pharmaceutical Sciences Laboratory	U	2
Laboratory experience in isolation, synthesis and evaluation of pharmaceutically relevant compounds.			
Prereq or concur:	3200 or 4100, or Biochem 4511 or 5613; and Enrollment in BSPS program, or permission of instructor. Not open to students with credit for 411, 421, or 481.		

348 Pharmacy

4610	Experimental Techniques in Drug Discovery	U	3		5550	Topics in International Pharmacy	U G P	2
	Examination of the laboratory instrumentation and methods used in the drug discovery process.				Seminar on global pharmaceutical issues and international practices of pharmacy.			
	Prereq: 3200 and 4000.				Prereq: Jr or Sr standing. Not open to students with credit for 5180 or 694. This course is graded S/U.			
4997	BSPS Honors Project	U	1 - 4		5560	Success & Leadership in Pharmacy	U G P	1½
	The Honors Project class is designed to provide undergraduate students with practical experience in the pharmaceutical sciences through research, outreach and engagement, internships, and other activities.				Explore the meaning of success and leadership, attributes of successful leaders and what can be done to be a successful leader.			
	Prereq: Honors standing, and enrollment in the BSPS program. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.				Prereq: Enrollment in College of Pharmacy, or permission of instructor. Not open to students with credit for Pharmacy 761 or Pharmacy 5610. This course is graded S/U.			
4998	General Undergraduate Research	U	1 - 18		5580	Professional Ethics	U P	1½
	Course credit earned by conducting research while enrolled as an undergraduate student. Repeatable to a maximum of 60 cr hrs or 12 completions. This course is graded S/U.				The conceptual basis and content of pharmaceutical ethics; significance of codified ethics, interprofessionally considered; individual and group analysis of ethical issues; methods of encouraging compliance.			
4999	Undergraduate Research Thesis	U	1 - 18		Prereq: Soph standing in BSPS program, or enrollment in PharmD program. Not open to students with credit for Pharmacy 614 or Phr 5140.			
	Culmination of undergraduate research in the form of written thesis.				5590	Chemical Dependency and the Healthcare Professional	U G P	3
	Repeatable to a maximum of 60 cr hrs or 12 completions. This course is graded S/U.				This lecture- and discussion-based course provides instruction, debate and exploration relating to the impact of chemical dependency on healthcare professionals, including the concepts of addiction, individuals at risk, intervention, withdrawal, emotions, recovery networks, regulatory actions and returning to practice.			
5000	Strategies for Interprofessional Case Management	U G P	2		5700	Introduction to Personalized Therapeutics and Pharmacogenomics	U G P	3
	A problem-focused learning approach to the interprofessional management of complex patients to develop an understanding of the roles and scope of practice of different professions and the impact of a team approach to patient care.				Exploration of the trend of therapy tailored to the individual patient rather than "one drug fits all;" inter-individual differences in drug responses, with emphasis on genetic and genomic factors; ethical, regulatory, and economic issues that impact drug therapies. Credit for introductory biology course recommended prior to enrollment.			
	Prereq: Enrollment in the PharmD program, or permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.				Cross-listed in BioPhrm.			
5005	Fundamentals of Pathophysiology	U G	3		5797	Study at a Foreign Institution	U G P	1 - 18
	This course provides a fundamental overview of human pathophysiology by comparing dysfunctional body processes to normal physiological function. Case studies will be applied to pathophysiological phenomena.				An opportunity for students to study at a foreign institution and receive OSU credit for work completed there. Students will pay OSU fees and any fees in excess of OSU tuition, as well as all travel and subsistence costs.			
	Prereq: Admission to the MS Pharmacology or Master of Applied Clinical and Preclinical Research program, or permission of instructor. Not open to students with credit for HthRhSc 5500, or enrollment in PharmD program.				Prereq: Permission of department. Repeatable to a maximum of 54 cr hrs or 3 completions.			
5010	Fundamentals of Pharmacology	U G	3		5798	International Healthcare Experience in Pharmacy	U P	3
	This course overviews principles underlying drug action, including an investigation of current treatments for a variety of common diseases. In addition, this course will implement activities that emphasize the ethical aspects and implications of a variety of drug therapies.				Preparation for traveling abroad to a destination country. Students will be introduced to the culture, history, and healthcare practice in the destination country. Evaluation will be based on participation in individual class sessions and fulfillment of assignments.			
	Prereq: Not open to students with credit for 2010, or 4400, or Pharmcl 5600, or HthRhSc 5510; or enrollment in PharmD program.				Prereq: Permission of instructor. Repeatable to a maximum of 24 cr hrs. This course is graded S/U.			
5402	Introduction to Pharmacoeconomics	U G P	3		6001	Introductory Pharmacy Practice Experiences I	P	1
	Introduction to economic evaluation of pharmaceutical interventions and pharmacy services, including evaluating costs and health outcomes, using results to inform resource allocation, interpretation and evaluation of pharmacoeconomics literature, and decision analysis in health care.				First in a two-module sequence of part-time experiences that enhance and complement first-year professional coursework. Students engage in activities in community pharmacies and with other pharmacy partners. Activities provide foundation for attitudes and skills that will be applied during the professional practice laboratory.			
	Prereq: Grad, Jr, or Sr standing. Not open to students with credit for Nursing 7402.				Prereq: Enrollment in the Doctor of Pharmacy program. Not open to students with credit for 664. This course is graded S/U.			
5460	Current Addiction Neurobiology Literature	U P	1		6002	Introductory Pharmacy Practice Experiences II	P	1
	Current research findings relating to neurobiology of addiction are explained and interpreted. Students should have some introductory knowledge of neurobiology.				Second in a two-module sequence of part-time experiences that enhance and complement first-year professional coursework. Students engage in activities in community pharmacies and with other pharmacy partners. Activities provide foundation for attitudes and skills that will be applied during the professional practice laboratory.			
	Repeatable to a maximum of 9 cr hrs.				Prereq: Enrollment in PharmD program. Not open to students with credit for 664. This course is graded S/U.			
5500	History of Pharmacy	U P	3		6010	Biopharmacy I	G P	2
	Evolution and development of the profession of pharmacy from antiquity to the present, with emphasis on its Anglo-American development since the 18th century.				The first in a two-course sequence which provides the fundamental background in modern molecular life science required for pharmacy studies.			
	Prereq: Soph standing in BSPS, or enrollment in PharmD program. Not open to students with credit for Pharmacy 513.01 or Phr 5130.				Prereq: Enrollment in PharmD program, or graduate standing in Pharmacy, or permission of instructor. Not open to students with credit for Pharmacy 601.			
5510	Basics of Pharmaconutrition	U P	3		6020	Biopharmacy II	G P	2
	Covers basic information on the effects of dietary factors on pharmaconutrition to be utilized as a foundation in solving patient-related cases in pharmacy practice.				The second in a two-course sequence which provides the fundamental background in modern molecular life science required for pharmacy studies.			
	Prereq: Sr standing in the BSPS program, or enrollment in the PharmD program.				Prereq: Enrollment in PharmD program, or graduate standing in Pharmacy, or permission of instructor. Not open to students with credit for Pharmacy 602.			
5520	Advanced Pharmaconutrition	U G P	2		6050	Medicinal Chemistry I	P	4
	Provides concepts needed by pharmacists necessary to include nutrition into their daily assessment of patients and integrate their findings into the therapeutic plan.				The first in a two course sequence covering chemical and biochemical principles governing the properties of drugs.			
	Prereq: 5510, and enrollment in the College of Pharmacy; or permission of instructor. Not open to students with credit for Phr 5155.				Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 605, 606, or 607.			
5530	The Medical Applications of Radionuclides and Radiopharmaceuticals	U P	2		6060	Medicinal Chemistry II	P	4
	A study of the theoretical and clinical aspects of the preparation, use, control, and handling of radionuclides and radiopharmaceuticals used in medicine.				The second in a course sequence covering chemical and biochemical principles governing the properties of drugs and an introduction of the application of immunology principles to pharmacology, therapeutics and patient care.			
	Prereq: Jr standing, and enrollment in Pharmaceutical Science Plan, Allied Medical Profession Plan, or PharmD Plan; or permission of instructor. Not open to students with credit for Pharmacy 616 or Phr 5160.				Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 605, 606, or 607.			
5540	Introduction to Clinical & Translational Pharmacy	U P	2					
	Introduction to conducting research in clinical pharmacy including research design issues and to ethical considerations. Faculty conducting research in various populations will discuss their research, followed by class discussion.							
	Prereq: Phr 4000, and enrollment in the PharmD or BSPS program. Not open to students with credit for Pharmacy 617 or Phr 5170. This course is graded S/U.							

6080 Physiology I	G P	3	6302 Concepts in Patient Care II	P	3
First of a two-course sequence presenting the application of physiology to the practice of pharmacy.			The second in a two-module sequence addressing concepts and skills that are essential components of exemplary patient care. This module focuses on oral and written communication and drug information skills in the context of using the patient care process to counsel patients about the selection and use of nonprescription medications, particularly in community and ambulatory care pharmacy settings.		
Prereq: Enrollment in PharmD or Pharmacy graduate program, or permission of instructor. Not open to students with credit for PhysioCB 601.			Prereq: Enrollment in the Doctor of Pharmacy program.		
6090 Physiology II	G P	3	6401 Integrated Patient Care Laboratory I	P	3
Second of a two-course sequence presenting the application of physiology to the practice of pharmacy.			First in a two-module professional practice laboratory sequence. Topics include preparation/dispensing of various dosage forms, communication, use of drug information resources, and use of instruments.		
Prereq: Enrollment in PharmD or Pharmacy graduate program, or permission of instructor. Not open to students with credit for PhysioCB 602.			Prereq: Enrollment in the Doctor of Pharmacy Program.		
6101 Transitions I	P	1	6402 Integrated Patient Care Laboratory II	P	3
Provides students with an orientation to pharmacy school as well as essential skills and tools for successful matriculation to the professional PharmD curriculum.			Second in a two-module professional practice laboratory sequence. Topics include preparation/dispensing of various dosage forms, communication, use of drug information resources, and use of instruments.		
Prereq: Enrollment in the Doctor of Pharmacy program.			Prereq: Enrollment in the Doctor of Pharmacy program.		
6102 Transitions II	P	1	6501 Principles of Drug Action I	P	5
This course builds on skills and knowledge gained in the first year of the program in preparation for a summer intensive professional experience and the second year curriculum. The major course themes are leadership, entrepreneurship, and innovation.			This module provides basic foundations in the pharmaceutical sciences necessary for the understanding of drugs and the determinants of drug action. The module covers biochemistry and physiology of drug action, physical chemistry of pharmaceutical products, medicinal chemistry and pharmacokinetics.		
Prereq: Enrollment in the Doctor of Pharmacy program.			Prereq: Enrollment in the Doctor of Pharmacy program.		
6191 Pharmacy Internship for Curricular Practical Training	P	0	6502 Principles of Drug Action II	P	9
Provides additional experience in a professional pharmacy setting which is necessary to prepare students for experiential rotations that are a required part of the curriculum as the student progresses towards their Doctor of Pharmacy degree. This course accompanies the active pursuit of a pharmacy internship experience which satisfies the requirements for curricular practical training.			This module provides basic foundations in the pharmaceutical sciences necessary for the understanding of drugs and the determinants of drug action. The module covers biochemistry and physiology of drug action, physical chemistry of pharmaceutical products, medicinal chemistry and pharmacokinetics.		
Prereq: Submitted CPT application, and letter of offer from CPT site, and permission of instructor. This course is graded S/U.			Prereq: Enrollment in the Doctor of Pharmacy program.		
6193 Individual Studies in Pharmacy	P	½ - 12	6550 Pharmacy Students East Meets West Videoconference	P	1
Laboratory and library work designed to give the qualified student an opportunity to complete an original investigation or pursue an interest in a special problem.			This is a seminar course focused on pharmaceutical issues in the United States and Taiwan. The course will provide students the opportunity to interact with pharmacy students from overseas to learn about global pharmacy practice. The students will use a team-based learning approach in a flipped classroom setting.		
Prereq: Enrollment in PharmD program, and permission of instructor. Repeatable to a maximum of 30 cr hrs or 12 completions. This course is graded S/U.			Prereq: Enrollment in PharmD program, or permission of instructor. This course is graded S/U.		
6194 Group Studies in Pharmacy	P	1 - 12	6610 Pharmacy Practice I	P	3
Group studies topics in various fields of Pharmacy.			The first in a two-course sequence covering concepts fundamental to pharmacy practice. Topics include orientation to the profession, drug information communications, and professionalism.		
Prereq: Enrollment in PharmD, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completion.			Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 661, 662, or 673.		
6201 Foundations in Pharmacy Administration I	P	2	6620 Pharmacy Practice II	P	3
An introduction to the U.S. healthcare system, management, leadership, and pharmacy law, in preparation for roles as pharmacy interns and future pharmacy practitioners.			The second in a two-course sequence covering concepts fundamental to pharmacy practice. Topics include drug information, communications, professionalism, cultural competency, and the health care system.		
Prereq: Enrollment in the Doctor of Pharmacy program.			Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 661, 662, or 673.		
6210 Drug Delivery I	P	3	6701 Program Level Assessment I	P	½
Principles that govern the design and use of solution dosage forms, including physicochemical properties, ionization, solubility and stability.			The purpose of the PLA is to assess students' competence with knowledge and skills delivered in the P1 year and readiness to proceed in the curriculum.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 621, 622, or 623.			Prereq: Enrollment in PharmD program. This course is graded S/U.		
6220 Drug Delivery II	P	3	7000 Pharm.D. Program Course Remediation	P	½
Routes of drug administration and the physiologic and physicochemical factors that influence drug penetration, absorption and bioavailability.			This course will be offered at the discretion of the Pharm.D. Academic Review Committee to remediate a course that requires successful completion as a program requirement. This may be used to fulfill the requirement of successful completion of required coursework and repeated within Pharm.D., but students cannot enroll in 7000 more than once for the same course.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 621, 622, or 623.			Prereq: Enrollment in the Doctor of Pharmacy program, and approval of the Pharm.D. Academic Review Committee. Repeatable to a maximum of 1.5 cr hrs. This course is graded S/U.		
6240 Pharmaceutical Calculations	P	½	7003 Introductory Pharmacy Practice Experiences III	P	1
Introduction to prescription terminology and pharmaceutical calculations; emphasis on measurement systems, conversions, percent preparations, units of concentrations, calculation of doses, dilutions, milliequivalents, and millimoles.			Introductory pharmacy practice experiences. Students apply didactic pharmacy course work in a variety of pharmacy practice settings.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 624.			Prereq: Enrollment in PharmD program. Not open to students with credit for Pharmacy 664. This course is graded S/U.		
6260 Laboratory and Diagnostic Testing	P	1	7004 Introductory Pharmacy Practice Experiences IV	P	1
Introduction of concepts in quantitative analysis and fundamental concepts of analytical measurement with a focus on laboratory technologies and assays relevant to the practicing pharmacist.			Introductory pharmacy practice experiences. Students apply didactic pharmacy course work in a variety of pharmacy practice settings.		
Prereq: Enrollment in PharmD program.			Prereq: Enrollment in PharmD program. Not open to students with credit for Pharmacy 784. This course is graded S/U.		
6301 Concepts in Patient Care I	P	3	7005 Introductory Pharmacy Practice Experiences V	P	1
The first in a two-module sequence addressing concepts and skills that are essential components of exemplary patient care. This module focuses on oral and written communication and drug information skills in the context of using the patient care process to counsel patients about the selection and use of nonprescription medications particularly in community and ambulatory care pharmacy settings.			Introductory pharmacy practice experiences. Students apply didactic pharmacy course work in a variety of pharmacy practice settings.		
Prereq: Enrollment in the Doctor of Pharmacy program.			Prereq: Enrollment in PharmD program. This course is graded S/U.		

350 Pharmacy

7006	Introductory Pharmacy Practice Experiences VI	P	1				
	Introductory pharmacy practice experiences. Students apply didactic pharmacy course work in a variety of pharmacy practice settings.						
	Prereq: Enrollment in PharmD program. This course is graded S/U.						
7007	Introductory Pharmacy Practice Experiences VII	P	2				
	Introductory pharmacy practice experiences. Students apply didactic pharmacy course work in a variety of pharmacy practice settings.						
	Prereq: Enrollment in PharmD program. Not open to students with credit for Pharmacy 784.						
7008	Professional Activities	P	½				
	Independent study activities related to advanced pharmacy practice experiences.						
	Prereq: Enrollment in the PharmD program. Not open to students with credit for 693.						
	Repeatable to a maximum of 3 cr hrs. This course is progress graded (S/U).						
7010	Advance Pharmacy Practice Experiences Option	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.02. Repeatable to a maximum of 12 cr hrs.						
7011	Advance Pharmacy Practice Experiences I	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.03.						
7012	Advance Pharmacy Practice Experiences II	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.04.						
7013	Advance Pharmacy Practice Experiences III	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.05.						
7014	Advance Pharmacy Practice Experiences IV	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.06.						
7015	Advance Pharmacy Practice Experiences V	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.07.						
7016	Advance Pharmacy Practice Experiences VI	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.08.						
7017	Advance Pharmacy Practice Experiences VII	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.09.						
7018	Advance Pharmacy Practice Experiences VIII	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.09.						
7019	Advance Pharmacy Practice Experiences IX	P	3				
	Advanced pharmacy practice experience rotations including ambulatory, community, institutional and elective settings. Students may receive Honors Level Performance distinction and have a textual note added to their official University transcript.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 799.09.						
7110	Dietary Supplements and Herbal Products	P	2				
	An overview of the relevant scientific aspects of dietary supplements and herbal products.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 711.						
7130	Humanistic Pharmacy	P	2				
	The fundamental principles of humanistic practice are open communication, mutual respect, and absence of judgment between patients and health care providers. This course will use current literature, patient cases, speakers, personal reflection, and group exercises to empower students to provide and advocate for humanistic healthcare.						
	Prereq: Enrollment in the PharmD program.						
7140	Neurobiology of Addiction	G P	2				
	Covers current knowledge of changes in molecular and circuit pathways in the brain that occur in response to use of addictive drugs and are thought to underlie the behavioral challenges of addiction.						
	Prereq: Grad standing in Phr, or enrollment in PharmD program, or permission of instructor.						
7150	Pediatric Pharmacotherapy	P	1½				
	A review of pediatric pharmacotherapy of selected diseases with pharmaceutical care ramifications in various settings.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 715.						
7160	Advocacy in Pharmacy	P	1				
	Informs and engages students in legislation, the role of advocacy in Pharmacy, current healthcare issues, and how students and organizations can make a difference in the future of Pharmacy practice.						
7170	Pain Palliative Care and Geriatrics	P	3				
	Chronic pain management, palliative care and geriatric pharmacotherapy. Topics address interdisciplinary viewpoints related to disease and associated symptoms management in geriatric and end-of-life care.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 717.						
7180	CNS Drug Discovery	P	1				
	The primary objective of this course is to help students learn to critically evaluate scientific papers in the area of CNS drug discovery and to present their evaluations to their colleagues. This objective will be achieved through lecture, student presentations, and group discussions of current, high-impact CNS pharmacological or related research.						
	Prereq: Grad standing, enrollment in PharmD program, or permission of instructor. Not open to students with credit for 8720.						
7190	Topics in Oncology Pharmacy	P	1				
	Collaboratively-taught course on hematology/oncology pharmacy. Students learn to apply concepts to actual patient cases. Topics include current events, supportive care, bone marrow transplant, chronic lymphocytic leukemia, head and neck cancer, renal cell cancer, oncology pharmacy administration & leadership, medication assistance programs, oral/IV chemotherapy, career paths in oncology pharmacy.						
	Prereq: Second or Third-year standing in the PharmD program, or permission of instructor. This course is graded S/U.						
7200	Patient Care Services in Community and Ambulatory Pharmacy Practice	P	1				
	Encourages application of pharmacy practice principles & project management skills to community & ambulatory pharmacy. Opportunities & barriers to providing direct patient care in ambulatory care & community pharmacy settings, maintaining collaborative relationships, continuous practice improvement, demonstrating the value of pharmacy practice for stakeholders will be discussed and applied.						
	Prereq: Completion of first year in the PharmD program. This course is graded S/U.						
7210	Strategies for Interprofessional Case Management	P	2				
	A problem-focused learning approach to the interprofessional management of complex patients to develop an understanding of the roles and scope of practice of different professions and the impact of a team approach to patient care.						
	Prereq: Enrollment in the PharmD program, or permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.						
7220	Health Analytics	G P	3				
	Exposes graduate and professional students to how analytics drive systematic changes in healthcare, focusing on evaluating pharmaceuticals. This course will address health analytics throughout the healthcare continuum, including assessing an organization's analytical capabilities, using health analytics for purchasing and treatment decisions, and developing practice priorities.						
	Prereq: Econ 2001.01, 2001.02, or 2001.03; and Econ 2002.01, 2002.02, or 2002.03; or permission of instructor.						
7240	Clinical Pharmacogenomics	G P	2				
	Principles and techniques necessary to understand the role of genetic variation in the pharmacokinetics of drugs and therapeutic management of disease.						
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 724.						

7303 Concepts in Patient Care III	P	1½
This course focuses on communication and drug information skills in the context of understanding and utilizing the patient care process. Communication and drug information skills will be discussed and applied in the context of community & ambulatory care pharmacy practice.		
Prereq: Enrollment in PharmD program.		
7304 Concepts in Patient Care IV		
The fourth in a series of modules addressing concepts and skills that are essential components of exemplary patient care. This module focuses on learning the elements and process involved in Medication Therapy Management. The module also includes skill development of working in an Interprofessional environment as well as appropriate drug information response and medical literature citations.	P	1½
Prereq: Enrollment in PharmD program.		
7305 Concepts in Patient Care V	P	3
This is the last course in a series of courses addressing concepts and skills that are essential components of exemplary patient care. This module focuses on advancing professional practice skills and concepts related to nonprescription products and integrative medicine practices. Materials will be delivered via lectures, small group activities, and case-based discussions.		
Prereq: Enrollment in PharmD program.		
7310 Clinical Pharmacokinetics I	P	3
The first in a two-course sequence in clinical pharmacokinetics and pharmacodynamics and their application to pharmacotherapy.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 731 or 732.		
7320 Clinical Pharmacokinetics II	G P	3
The second in a two-course sequence in clinical pharmacokinetics and pharmacodynamics and their application to pharmacotherapy.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 732 or 733.		
7350 Drug Discovery and Drug Design	G	2
A study of the discovery and design of new drugs; topics include natural products isolation, molecular modeling, molecular targets, and biosynthesis and metabolism.		
Prereq: Grad standing and permission of instructor. Not open to students with credit for Pharmacy 735.		
7370 Advanced Pharmaceutical Analysis	G	2
The use of NMR spectroscopy in the assay and control methods of drug preparations.		
Prereq: Chem 5420 (632), and Grad standing. Not open to students with credit for Pharmacy 737.		
7403 Integrated Patient Care Laboratory III	P	3
This course is a series of authentic, hands-on experiences that enable students to master component skills that are essential for exemplary patient care and practice integrating those skills in simulated practice settings. Topics include sterile compounding, institutional pharmacy practice, and electronic health records. Students will also continue to develop skills introduced earlier in IPCAL.		
Prereq: Enrollment in PharmD program.		
7404 Integrated Patient Care Laboratory IV	P	3
The fourth course in a series of authentic, hands-on experiences that enable students to master component skills that are essential for exemplary patient care. Students will practice integration of these patient care skills in simulated practice settings.		
Prereq: Enrollment in PharmD program.		
7405 Management of Clinical and Preclinical Studies	G	3
Fundamental principles of clinical research operations from study site selection to study closure from the perspective of sponsors and clinical research sites including an introduction to database design, management, quality assurance, and reporting for site and sponsor operations.		
Prereq: Nursing 7770 or Phr 7770; or permission of instructor.		
7406 Integrated Patient Care Laboratory V	P	2½
This is the fifth course in a series of authentic, hands-on experiences that enable students to master component skills that are essential for exemplary patient care. Students will practice integration of these patient care skills in simulated practice settings.		
Prereq: Enrollment in PharmD program.		
7460 Regulatory Strategy, Writing, and Leadership	G P	3
Explores regulatory strategy in new medical product development and the roles of regulatory professionals. Scholarly and technical writing skills for regulatory professionals for new product submissions and Food and Drug Administration (FDA) Advisory Panels. Principles of strategic planning, leadership, communication, and team building.		
Prereq: 7770, Nursing 7770, or permission of instructor. Cross-listed in Nursing.		
7470 Pharmacology and Therapeutics I	G P	8
The first in a four-course sequence in pharmacology, pathophysiology and pharmacotherapy providing a comprehensive study of the therapeutic effects, pharmacodynamics, mechanistic actions, and toxicological effects of important drug classes.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 747, 748, 777, or 778.		

7480 Pharmacology and Therapeutics II	G P	7
The second in a four-course sequence in pharmacology, pathophysiology and pharmacotherapy providing a comprehensive study of the therapeutic effects, pharmacodynamics, mechanistic actions, and toxicological effects of important drug classes. Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 748, 749, 778, or 779.		
7482 Principles of Quality Management for Medical Product Development		
Concepts and application of total quality management for federal regulation of medical product development including drugs and medical devices.		
Prereq: 7405, Nursing 7405, or permission of instructor. Cross-listed in Nursing.		
7490 Pharmacology and Therapeutics III	G P	7
The third in a four-course sequence in pharmacology, pathophysiology, and pharmacotherapy providing a comprehensive study of the mechanistic actions, therapeutic effects, pharmacodynamics, and toxicological effects of important drug classes.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 750, 751, 780, or 781.		
7500 Pharmacology and Therapeutics IV	G P	8
The fourth in a four-course sequence in pharmacology, pathophysiology and pharmacotherapy providing a comprehensive study of the mechanistic actions, therapeutic effects, pharmacodynamics, and toxicological effects of important drug classes.		
Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 751, 752, 781, or 782.		
7560 Clinical Trials I: Design and Regulation	G P	3
This course provides a fundamental overview of clinical trial design, methods, and regulation with an emphasis on medical product development, clinical trial protocols, preclinical research requirements, and the appraisal of published clinical trials.		
Prereq: Enrollment in the MS Pharmacology program, or permission of instructor. Not open to students with credit for Nursing 7770 or Phr 7770. Cross-listed in BioPhrm and Nursing.		
7561 Clinical Trials II: Site Management and Study Leadership	G P	3
This course provides a fundamental overview of best practices of clinical trial study and site management, including an emphasis on data, safety, and quality management, and study team leadership.		
Prereq: 7560, BioPhrm 7560, or Nursing 7560, or permission of instructor. Not open to students with credit for 7405 or Nursing 7405. Cross-listed in BioPhrm and Nursing.		
7562 Design and Management of Preclinical Studies	G P	3
Fundamental overview of preclinical study design, methods, and regulation with an introduction to the clinical development process. Provides a synopsis of best practices of preclinical trial site and study management, quality and data management, and leadership in the context of preclinical and translational research endeavors.		
Prereq: Admission to the MS Pharmacology program, or permission of instructor.		
7570 Pharmaceutical Safety and Risk Management	G P	3
Comprehensive investigation of pharmacovigilance initiatives and pharmaceutical safety regulation. Pharmaceutical risk management in premarket testing and development, recognition of safety signals, post-approval experience, drug production, risk mitigation, and administration of pharmaceuticals.		
Prereq: 7770, Nursing 7770, or permission of instructor.		
7572 Global Regulation of Medical Products	G	3
Exploring legal issues related to clinical research and regulatory affairs. Examining the role of regulatory authorities, regulations and guidelines (US, EU, and global) in new product development.		
Prereq: 7770 or Nursing 7770, or permission of instructor. Cross-listed in Nursing.		
7580 Principles of Safety Pharmacology	G	3
Introduction to organ system studies of current experimental models, risk assessment, and regulatory guidelines for evaluating drug candidates in various organ systems.		
Prereq: Admission to the MS in Applied Clinical and Preclinical Research program, or permission of instructor.		
7582 Organ System Toxicology	G	3
Actions of drugs on the nervous, cardiovascular, and pulmonary systems, in both normal and disease conditions. Principles of physiology and pharmacology as they relate to adverse and unanticipated drug effects.		
Prereq: Admission to the MS in Applied Clinical and Preclinical Research program, or permission of instructor.		
7583 Advanced Organ Systems Toxicology and Risk Assessment	G P	3
Principles of risk assessment, toxicology, and physiology as they relate to effects of chemical and pharmacologic agents on the blood, immune, ocular, skin, reproductive, endocrine systems. Includes a review of chemical carcinogenesis, genetic, and developmental toxicity as they relate to chemical or drug exposure.		
Prereq: 7582, or permission of instructor.		

352 Pharmacy

7584	Applied Pharmacokinetics and Pharmacodynamics	G	3	7770	Fundamentals of Medical Product Development and Regulation	G P	3
	Introduction to basic and advanced concepts in pharmacokinetics, pharmacodynamics, and pharmacology for clinical investigators and other research professionals participating in the conduct of clinical trials. Prior coursework in pharmacology recommended.				Function of clinical research in medical product development and the regulatory process of new medical products. Laws and regulations concerning the development, testing, commercialization, and total product life cycle for medical products. Regulations governing the conduct of clinical research, including study sponsors, investigators, and Institutional Review Boards.		
	Prereq: Admission to the MS in Applied Clinical and Preclinical Research program, or permission of instructor. Not open to students with credit for 8020, or 7310 and 7320, or Pharmacy 731, 732, and 733, or 802.				Prereq: Admission to the Master's program in Applied Clinical and Preclinical Research, or permission of instructor. Cross-listed in Nursing.		
7586	Integrative In Vivo Modeling for Drug Development: Application for Safety and Clinical Pharmacology	G P	3	7782	Research Design and Methods for Clinical and Preclinical Research	G P	3
	Evaluating drug effects and animal models for safety and toxicity assessment.				Study of research design and methods used in clinical and preclinical research. Measurement issues, bias and confounding, statistical considerations, evaluation of published clinical and preclinical research designs, and protocol and proposal development.		
	Prereq: 7582, or permission of instructor.				Prereq: Admission to the masters program in Applied Clinical and Preclinical Research program, or permission of instructor. Not open to students with credit for Nursing 7782. Cross-listed in Nursing.		
7588	Toxic Substances	G P	3	7784	Data Analysis and Interpretation in Clinical and Preclinical Research	G P	3
	Survey the effects of toxic substances on biological systems including the mechanism of action for major toxicants, sources of toxicants, signs and symptoms associated with intoxications, and methods of treatment. Substances presented will include those that may be encountered occupationally, environmentally, medically, and in the context of substance abuse.				Introduction to the principles of biostatistical methods used in biomedical research. Analysis of clinical and preclinical research data and interpretation of statistical results in biomedical studies.		
	Recommended prereq: 7582.				Prereq: Enrollment in Master of Applied Clinical and Preclinical Research program, or permission of instructor. Not open to students with credit for PubHBio 6210.		
7599	Capstone in Applied Clinical and Preclinical Research	G	1 - 12	7801	Interprofessional Education I	P	1/2
	Capstone project or practicum for students in the master's program in Applied Clinical and Preclinical Research. Culminating learning activity integrating core and specialization coursework. Capstone project or practicum performed at an organization involved with clinical or preclinical research with the oversight of a faculty advisor and site mentor.				This is the first of a four-course sequence designed to teach PharmD students how to advance collaboration and quality of patient care by providing interprofessional opportunities for students to learn about, from, and with other members of the healthcare team.		
	Prereq: Enrollment in the master's program in Applied Clinical and Preclinical Research, or permission of the program director. Repeatable to a maximum of 12 cr hrs or 6 completions. This course is graded S/U. Cross-listed in Nursing and BioPhrm.				Prereq: Enrollment in PharmD program. This course is graded S/U.		
7601	Integrated Pharmacotherapy I	P	9½	7802	Interprofessional Education II	P	1/2
	Teach Pharm.D. students pathophysiology, pharmacology, and pharmacotherapy using an integrated approach. This approach facilitates the development of a rigorous understanding of the scientific basis for preventing and managing human health disorders, and the ability to integrate and apply that knowledge while providing exemplary medication-related patient-centered and population-based care.				This is the second of a four-course sequence designed to teach PharmD students how to advance collaboration and quality of patient care by providing interprofessional opportunities for students to learn about, from, and with other members of the healthcare team. This required course will have 3 interactive collaborations per semester.		
	Prereq: Enrollment in PharmD program.				Prereq: Enrollment in PharmD program. This course is graded S/U.		
7602	Integrated Pharmacotherapy II	P	9½	7803	Interprofessional Education III	P	1/2
	This course is designed to help Pharm.D. students develop a rigorous understanding of the scientific basis for preventing and managing human health disorders, and the ability to integrate and apply that knowledge while providing exemplary medication-related patient-centered and population-based care.				This is the third of a four-course sequence designed to teach PharmD students how to advance collaboration and quality of patient care by providing interprofessional opportunities for students to learn about, from, and with other members of the healthcare team. This required course will have 3 interactive collaborations per semester.		
	Prereq: Enrollment in PharmD program.				Prereq: Enrollment in PharmD program. This course is graded S/U.		
7603	Integrated Pharmacotherapy III	P	8	7860	Pharmacy Practice Management	P	4
	This course is designed to help Pharm.D. students develop a rigorous understanding of the scientific basis for preventing and managing human health disorders, and the ability to integrate and apply that knowledge while providing exemplary medication-related patient-centered and population-based care.				The medication use system, resource management, and the economic evaluation of pharmaceutical services and pharmacoepidemiology.		
	Prereq: Enrollment in PharmD program.				Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 786 or 788.		
7620	Topics in Emergency Medicine Pharmacotherapy	P	2	7891	Chromatographic Methods	G	2
	Introduction to the interdisciplinary processes of care in Emergency Medicine and the practice of pharmacy in the Emergency Department. Material will be collaboratively taught by faculty members from the Colleges of Pharmacy, Medicine and Nursing through lecture and round-table discussion with active participation.				A study and application of selected chromatographic techniques for the purification of natural products or other organic mixtures.		
	Prereq: Third year standing in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 762. This course is graded S/U.				Prereq: Grad standing and permission of instructor. Not open to students with credit for Pharmacy 789.		
7630	Nonprescription Therapeutics	P	3	7893	Phytochemical Analysis of Natural Products	G	2
	An overview of non prescription therapeutics with a focus on patient assessment, product recommendations and patient care plans.				This course is intended to provide graduate students with the basic skills to be able to select and apply proper techniques to natural product samples for drug discovery, method design, and validation purposes.		
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 763.				Prereq: Not open to students with credit for Pharmacy 789.		
7702	Program Level Assessment II	P	1/2	7900	Pharmaceutical Jurisprudence	P	2
	The purpose of the PLA is to assess students' competence with knowledge and skills delivered in the P2 year and readiness to proceed in the curriculum.				A study of the laws and regulations relating to the practice of pharmacy.		
	Prereq: Enrollment in PharmD program. This course is graded S/U.				Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 790.		
7740	Professional Practice Laboratory I	P	3	8005	Fundamentals of Drug Disposition	G	3
	The first in a two-course professional practice laboratory sequence. Topics include preparation/dispensing of various dosage forms, communication, use of drug information resources, and use of instruments.				An introduction to concepts in drug disposition. Fundamental concepts in drug absorption, distribution, metabolism and excretion (i.e. pharmacokinetics) will be covered.		
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 774 or 775.				Prereq: Enrollment in the College of Pharmacy.		
7750	Professional Practice Laboratory II	P	3	8008	Pharmaceutical Sciences Research and Communication	G	1
	The second in a two-course professional practice laboratory sequence. Topics include preparation/dispensing of various dosage forms, communication, use of drug information resources, and use of instruments.				An introduction to contemporary concepts in experimental design, data interpretation, and scientific writing in the pharmaceutical sciences. Students will begin to develop their skills in scientific writing, with a particular focus on manuscripts.		
	Prereq: Enrollment in PharmD program, or permission of instructor. Not open to students with credit for Pharmacy 775 or 776.				Prereq: Enrollment in College of Pharmacy.		
8020	Advanced Pharmacokinetics	G	3				
	Coverage of multiple general areas of pre-clinical, clinical, and population pharmacokinetic data analysis, modeling and PK study design.						
	Prereq: Grad standing or permission of instructor. Not open to students with credit for Pharmacy 802.						

8025 Pharmacometrics

G 3

This is an advanced course focusing on population PK/PD modeling. The course comprises an intensive workshop with hands-on training in the application of pharmacometrics principles and use of statistical modeling software (NONMEM and R).

Prereq: 8020 and Math 2415, or any differential equations course; or permission of instructor.

8041 Introduction to Analysis, Structure and Interpretation of Genomic Data in Life Sciences G 2

The course is to form the first step in a student's development towards being genetically literate. That is, the course assumes no prior knowledge and has no prerequisites beyond those of the College of Pharmacy graduate programs. Over the program of study students will be introduced to concepts of graphical user interfaces (GUIs) and to the R platform for statistical computing.

8070 Advanced Drug Delivery Systems G 2

Topics on drug delivery systems with emphasis on tumor targeted delivery and nanovehicles. Prereq: Grad standing or permission of instructor. Not open to students with credit for Pharmacy 807.

8090 Design and Evaluation of Drug Delivery Systems G 2

Physical and biopharmaceutical principles in the design and evaluation of drug delivery systems.

Prereq: Grad standing or permission of instructor. Not open to students with credit for Pharmacy 809.

8100 Operations Finance and Revenue Cycle G 1½

Provides context, knowledge and specific detailed process recommendations for the financial management of a health system pharmacy services department.

Prereq: Enrollment in the MS in Health-System Pharmacy program, or permission of instructor.

8110 Capital Budgeting and Business Case Development G 1½

Provides context, knowledge and specific detailed process recommendations for the financial management of a health system pharmacy services department.

Prereq: Enrollment in the MS in Health-System Pharmacy program, or permission of instructor.

8120 Information Systems for Health-System Pharmacy G 1½

Provides an advanced understanding of information systems, technology and automation systems for health system pharmacy. Includes the various uses and benefits as well as challenges in implementing new technology.

Prereq: 8160, and enrollment in MS in Health-System Pharmacy program; or permission of instructor.

8130 Advanced Leadership Principles G 1

Discussion of leadership qualities and techniques required to establish a vision and strategic direction for a health system pharmacy or department.

Prereq: Enrollment in MS in Health-System Pharmacy program, or permission of instructor.

8140 Research Methodology G 2

Apply research and design methodology to resolving health system pharmacy issues.

Prereq: Enrolled in MS in Health-Systems Pharmacy, or permission of instructor.

8150 Systems Issues with Medication Safety G 2

Describes the components of an effective system for tracking, trending, and reporting adverse drug events (ADE). Understand the techniques used in investigating the causes of events. Integrate medication safety activities as a component of the organizations' safety culture.

Prereq: Enrolled in MS in Health-System Pharmacy program, or permission of instructor.

8160 Operations Management in Health System Pharmacy G 2

Reviews the medication use system, evidence-based practices in medication use systems management, operations management and compliance with regulatory and accrediting agencies.

Prereq: Must be enrolled in the MS in Health-System Pharmacy program, or permission of instructor. Not open to students with credit for Pharmacy 816 or 825.

8170 Advancement of Patient Care Services G 2

Overview of patient care services and practice models. Discussion of patient care services management in several areas of health system pharmacy. Focus on pharmacy practice model initiative.

Prereq: 8150, 8160, and 8250, and enrollment in MS in Health-System Pharmacy program; or permission of instructor. Not open to students with credit for Pharmacy 817 or 825.

8180 Economic Evaluation of Patient Services G 1½

An overview and appraisal of the economic evaluation of health care programs and services applied to health-systems pharmacy administration.

Prereq: Enrollment in MS in Health-System Pharmacy program, or permission of instructor. Not open to students with credit for Pharmacy 894.

8194 Group Studies in Pharmaceutical Sciences G 1 - 12

Group studies topics in various fields of Pharmacy.

Prereq: Permission of instructor. Not open to students with credit for Pharmacy 894.

Repeatable to a maximum of 12 cr hrs or 12 completions.

8250 Pharmaceutical Supply Chain Principles for Health System Pharmacy G 2

Exposure to the key stakeholders in the pharmaceutical supply chain and factors affecting its integrity. Basic concepts in drug procurement and inventory control.

Prereq: 8150, and enrollment in the MS in Health-System Pharmacy program; or permission of instructor.

8320 Biomedicinal Chemistry for Graduate Students

G 5

This course is specifically targeted for students in the pharmaceutical sciences graduate program. It is intended to provide a fundamental biochemistry background in modern molecular life sciences, enabling students to comprehend principles of drug action covered in other courses.

Prereq: Enrollment in the College of Pharmacy graduate program or permission of instructor.

8350 Advanced Medicinal Chemistry I

G 2

Selected topics in medicinal chemistry, the subject matter being drawn from the current literature.

Prereq: Grad standing and permission of instructor. Not open to students with credit for Pharmacy 836.

8370 Chemotherapy of Infectious Diseases

G 2

Introduction to major classes of anti-infectious drugs including mechanism of action and new drug discovery.

Prereq: Grad standing or permission of instructor. Not open to students with credit for Pharmacy 837.

8380 Advanced Medicinal Chemistry: Structure-based Computer-aided Molecular Design

G 2

Molecular dsgn covering molecular structure, basic quantum chem, molecular mechanics, conformational sampling, molecular docking, scoring function, molecular dynamics, free energy calculation, virtual screening, fragment-based dsgn, protein dsgn.

Prereq: Not open to students with credit for Pharmacy 835.

8390 Recent Advances in Pharmacognosy

G 2

Recent advances in pharmacognosy and natural products chemistry will be explored. Students will gain a more profound understanding of the contemporary scientific literature on natural products. Taught in alternate years.

Prereq: Permission of instructor. This course is graded S/U.

8510 Advanced Pharmacognosy

G 2

The study of research involving biosynthesis of plant constituents of pharmaceutical interest.

Prereq: Not open to students with credit for Pharmacy 851.

8520 Research Ethics

G P 1

Basic concepts of integrity in the process of research. The course fulfills NIH requirement for research ethics.

Repeatable to a maximum of 20 cr hrs. This course is progress graded (S/U).

8700 Theoretical and Experimental Pharmacology

G 2

Theoretical basis of pharmacologic sciences including signal transduction, dose-response curves and drug-receptor interactions.

Prereq: Not open to students with credit for Pharmacy 870 or 871.

8710 Graduate Pharmacology I

G 3

Provides a study of mechanisms of therapeutic and toxic effects of important drug classes. The course includes basic principles and a focus on cardiovascular, endocrine, gastrointestinal drugs and anti-inflammatory agents.

Prereq: Grad standing. Not open to students with credit for Pharmacy 747, 748, 750, or 751.

8720 Graduate Pharmacology II

G 3

The second course in pharmacology will provide a study of mechanisms of therapeutic and toxic effects of important drug classes. This course will focus on central nervous and pulmonary systems, and on anti-microbial and cancer chemotherapy.

Prereq: Grad standing. Not open to students with credit for Pharmacy 748, 749, 751, or 752.

8730 Contemporary Pharmacology

G 1

Presentation and discussion related to current topics in pharmacology.

Repeatable to a maximum of 20 cr hrs.

8740 History of Pharmacology and Drug Discovery

G P 1

Gain an understanding of the history of drugs and chemical and develop an essential breadth of knowledge in pharmacological sciences. Focus is on the historical key events, times, places and contributing scientists and provide a historical perspective essential for deeper analysis of scientific knowledge in therapeutics.

Prereq: Enrollment in Graduate Program, or Rank 2 or Rank 3 in PharmD program. Not open to students with credit for Pharmacy 874.

8750 Molecular and Cellular Pharmacology I

G 2

Relates to primary literature-based understanding of molecular and cellular basis of gene regulation, signal transduction, protein function and modifications, cell survival, intracellular trafficking and cytoskeletal dynamics. Importantly, the key pharmacological tools/techniques/drug actions employed in these fields will be discussed.

Prereq: 8700; and enrollment in the College of Pharmacy or permission of instructor.

8760 Molecular and Cellular Pharmacology II

G 2

This course relates to primary literature-based understanding of biochemistry and physiology of excitable tissues with an emphasis on mechanism of drug action. The content emphasizes tools/techniques/drug actions relative to ion channels and excitability, heart rhythm, muscle contraction, learning and memory, and pain.

Prereq: 8700; and enrollment in the College of Pharmacy or permission of instructor.

354 Pharmacy

8880.01 All College Seminar: Presentation	G	½	1332 Ethics in the Professions: Introduction to Engineering Ethics	U	3			
Presentation of oral and written reports dealing with recent advances in the pharmaceutical sciences.								
Prereq: Not open to students with credit for Pharmacy 850.01. Repeatable to a maximum of 20 cr hrs.								
8880.02 All College Seminar: Participation	G	½	1337 Ethics in the Professions: Introduction to Computing Ethics	U	3			
Participation and discussion of research and recent advances in the pharmaceutical sciences.								
Prereq: Not open to students with credit for Pharmacy 850.02. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.								
8881.01 Medicinal Chemistry: Seminar Presentation	G	½	This course is an introduction to ethical theory with a special focus on ethical issues that arise in the computing profession.					
Presentation of oral and written report dealing with recent advances in medicinal chemistry and pharmacognosy.								
Prereq: Not open to students with credit for Pharmacy 850.01. Repeatable to a maximum of 20 cr hrs.								
8881.02 Medicinal Chemistry: Seminar Participation	G	½	Prereq: Not open to students with credit for 1300 (130) or 1332 (131.01) or 1338. GE cultures and ideas course.					
Participation in and discussion of research and recent advances in medicinal chemistry and pharmacognosy.								
Prereq: Not open to students with credit for Pharmacy 850.02. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.								
8882.01 Pharmaceutics: Seminar Presentation	G	½	1338 Ethics in the Professions: Introduction to Computing Ethics and Effective Presentation	U	4			
Presentation of oral and written reports dealing with recent advances in pharmaceutics.								
Prereq: Not open to students with credit for Pharmacy 850.01. Repeatable to a maximum of 20 cr hrs.								
8882.02 Pharmaceutics: Seminar Participation	G	½	An introduction to ethical theory with a special focus on ethical issues that arise in the computing profession. It includes student presentations and feedback to improve discussion skills.					
Participation and discussion of research and recent advances in the field of pharmaceutics.								
Prereq: Not open to students with credit for Pharmacy 850.02. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.								
8884 Seminar: MS in Health-System Pharmacy	G	1	1500.01 Introduction to Logic	U	3			
Issues and new information for health system pharmacy will be presented by MS candidates, faculty and guest speakers covering therapeutic updates, project proposals and final results, and current topics.								
Prereq: Enrollment in MS Health-System Pharmacy program, or permission of instructor. Not open to students with credit for Pharmacy 850.02. Repeatable to a maximum of 20 cr hrs.								
8885.01 Pharmacology Seminar: Presentation	G	½	Deduction and induction; principles of clear statement and valid reasoning; fallacies; and the methods by which theories and laws are established.					
Presentation of oral and written reports dealing with recent advances in pharmacology.								
Prereq: Not open to students with credit for Pharmacy 850.01. Repeatable to a maximum of 20 cr hrs.								
8885.02 Pharmacology Seminar: Participation	G	½	Prereq: Math 1060 or 1075 or equiv; or an ACT Math subscore of 22 or higher; or Math Placement Level R or better. Not open to students with credit for 1500 (150), 1500.02, or 1501 (151). GE quant reason math and logical anyl course.					
Participation and discussion of research and recent advances in the field of pharmacology.								
Prereq: Not open to students with credit for 850.02. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.								
8993 Individual Study in the Pharmaceutical Sciences	G	1 - 20	1500.02 Introduction to Logic	U	3			
Initial research in the pharmaceutical sciences, pre-candidacy.								
Repeatable to a maximum of 20 cr hrs or 20 completions. This course is progress graded (S/U).								
8999 Research in the Pharmaceutical Sciences	G	1 - 20	Online version of Philosophy 1500.01, Introduction to Logic. Teaches students the construction and evaluation of deductive and inductive arguments; principles of clear statement and valid reasoning; fallacies; and the methods by which theories and laws are established.					
Research for thesis or dissertation purposes only.								
Repeatable to a maximum of 20 cr hrs or 20 completions. This course is progress graded (S/U).								

Philosophy

1100 Introduction to Philosophy	U	3	1501 Introduction to Logic and Legal Reasoning	U	3			
Examination of major problems, such as the nature of reality, knowledge, truth, morality, and the relation of philosophy to science and religion.								
Prereq: Not open to students with credit for 101 or 101H. GE cultures and ideas course.								
1100H Introduction to Philosophy	U	3	1520 Probability, Data, and Decision Making	U	3			
Examination of major problems, such as the nature of reality, knowledge, truth, morality, and the relation of philosophy to science and religion.								
Prereq: Honors standing or permission of department or instructor. Not open to students with credit for 101 or 101H. GE cultures and ideas course.								
1300 Introduction to Ethics	U	3	How to make rational decisions when confronted by uncertainty; foundational issues and techniques pertaining to probability, selection of utilities and analysis of data relevant to decision making.					
The nature of right and wrong, good and evil; the grounds of moral choice and decision; the resolution of moral conflicts.								
Prereq: Not open to students with credit for 130 or 130H. GE cultures and ideas course.								
1300H Introduction to Ethics	U	3	Prereq: Math 1075 or equiv, or an ACT Mathematics Subscore of 22 or higher, or Math Placement Level R or better. Not open to students with credit for 153. GE data only course.					
The nature of right and wrong, good and evil; the grounds of moral choice and decision; the resolution of moral conflicts.								
Prereq: Honors standing or permission of instructor. Not open to students with credit for 130 or 130H. GE cultures and ideas course.								
2400 Political and Social Philosophy	U	3	2120 Asian Philosophies	U	3			
Philosophical bases of social and political institutions and practices; analysis of such fundamental conceptions as rights, justice, equality, political obligation, and civil disobedience.								
Prereq: English 1110.xx or 1110.xxH, or equiv. Not open to students with credit for 230. GE cultures and ideas course.								
2450 Philosophical Problems in the Arts	U	3	2194 Group Studies	U	1 - 3			
Introduction to major philosophical issues in the arts; examination of artistic intention, representation v. abstraction, the grounds and objectives of art criticism, the import of cultural differences and their application to specific works of art.								
Prereq: Not open to students with credit for 240 or 240H. GE VPA course.								

2455	Philosophy and Videogames	U	3		3120	Engaging Time: Philosophical and Rabbinic Dimensions of Temporality	U	3
	Examination of the philosophical issues that accompany the creation, play, and critique of videogames.				This course introduces time through western philosophy and classical Jewish law, understood within its Near Eastern contexts. Topics include: how do we measure time; is time real or is it the result of subjective perception; how do perceptions of time affect one's religious life; does God know the future, and if so, are human beings free. Team-taught with faculty in Hebrew.			
	GE VPA and cultures and ideas course.				Prereq: Not open to students with credit for Hebrew 3120. GE cultures and ideas course. Cross-listed in Hebrew.			
2465	Death and the Meaning of Life	U	3		3210	History of Ancient Philosophy	U	3
	Explore the question of whether there is a relation between mortality and a meaningful life. GE lit course.				Major figures and issues in Greek philosophy: presocratics, Socrates, Plato, Aristotle. Prereq: 3 cr hrs in Philos, or permission of instructor. GE lit and diversity global studies course.			
2470H	Honors Philosophy of Film	U	3		3220	History of Medieval Philosophy	U	3
	An introduction to philosophical and aesthetic issues involved with film as an art and as an expressive medium.				Major figures in medieval philosophy, including Augustine, Aquinas, Duns Scotus, and Ockham.			
	Prereq: Honors standing or permission of instructor. Not open to students with credit for 242H. GE VPA course.				Prereq: 3 cr hrs in Philos other than 1500, or permission of instructor. Not open to students with credit for 302. GE lit and diversity global studies course.			
2500	Symbolic Logic	U	3		3230	History of 17th-Century Philosophy	U	3
	A formal presentation of the elements of modern deductive logic; decision and proof procedures in sentential logic and functional logic.				Major figures in early modern philosophy: Descartes, Hobbes, Spinoza, Locke, and Berkeley. Prereq: 3 cr hrs in Philos other than 1500, or permission of instructor. Not open to students with credit for 303. GE lit and diversity global studies course.			
	Prereq: Math 1075 or equiv, or an ACT Math Subscore of 22 or higher that is less than 2 years old. Not open to students with credit for 250. GE quant reason math and logical only course.				3240	History of 18th-Century Philosophy	U	3
2650	Introduction to the Philosophy of Science	U	3			Major figures in European philosophy in the 17th and 18th centuries. Background in 3230 strongly recommended.		
	A survey of the main philosophical problems relating to the natural sciences.					Prereq: 3 cr hrs in Philos other than 1500, or permission of instructor. Not open to students with credit for 304. GE lit and diversity global studies course.		
	Prereq: 3 cr hrs in logic or Math above 1075, an ACT Math Subscore of 22 or higher, or Math Placement Level R or better, and 3 cr hrs in natural science, or permission of instructor. Not open to students with credit for 255.				3250	History of 19th-Century Philosophy	U	3
2660	Metaphysics, Religion, and Magic in the Scientific Revolution	U	3			Major figures in 19th-century German idealism.		
	A philosophical examination and critical exploration of the interconnection between the natural scientific, religious and magical traditions in the emergence of the Scientific Revolution.					Prereq: 3 cr hrs in Philos, or permission of instructor. GE lit and diversity global studies course.		
	Prereq: Not open to students with credit for 280. GE historical study course.				3260	Movements in 20th-Century Philosophy	U	3
2670	Science and Religion	U	3			Three or more of the following Anglo-American and European philosophical movements will typically be surveyed: existentialism, philosophical analysis, positivism, Marxism, pragmatism, linguistic philosophy.		
	A philosophical examination of the relationship between science and religion, concentration on issues regarding the creation of the universe and the origins of life.					Prereq: Not open to students with credit for 518.		
	Prereq: Not open to students with credit for CompStd 2670 or RelStd 2670. GE cultures and ideas course. Cross-listed in RelStd.				3261	Fundamental Concepts of Existentialism	U	3
2680	Scientific Controversies	U	3			Key concepts of the movement: commitment, absurdity, freedom, and death, as expressed in the works of Nietzsche, Sartre, Camus, Kierkegaard, and others.		
	Modern science raises many difficult questions about the nature of the universe and our place in it. This class considers several controversies that arise within science and investigates their broader philosophical significance. How does science work in different domains and at different times, and what can science tell us about ourselves and the nature of the world?					Prereq: 3 cr hrs of Philos other than 1500, or permission of instructor. Not open to students with credit for 306. GE lit course.		
2850	Introduction to Philosophy of Religion	U	3		3300	Moral Philosophy	U	3
	A philosophical analysis of the nature of religion and the foundations of religious belief.					A rigorous examination of major issues in moral philosophy, such as the basic moral value(s); the relation between value and obligation; justification of moral judgment.		
	GE cultures and ideas course.					Prereq: 6 cr hrs of Philos course work, or enrollment in Philosophy, Politics, and Economics Major, or permission of instructor.		
2900H	Freshman-Sophomore Proseminar	U	3		3310	Morality and the Mind	U	3
	Topic varies; emphasis on current philosophical problems.					An introduction to issues in moral psychology including various interactions between moral philosophy and issues in psychology and cognitive science.		
	Prereq: Fresh or soph standing; and CPHR 3.00 or above, Honors standing, or permission of instructor. Not open to students with credit for 4900H. Repeatable to a maximum of 9 cr hrs.					Prereq: 3 cr hrs in Philos other than 1500 or 1501, or permission of instructor.		
3000	Gateway Seminar	U	3		3341H	Ethical Conflicts in Health Care Research, Policy, and Practice	U	3
	The primary purpose of the gateway seminar is to give students intensive training in reading, researching, and writing about philosophy. Topics will vary.					An interdisciplinary approach to an analysis of central moral dilemmas in health care research, policy, and practice.		
	Prereq: Philos major, or permission of instructor.					Prereq: Honors standing; or Jr or Sr standing and permission of department or instructor. Not open to students with credit for 580H.		
3001	Economy, Polity, and Community	U	3		3410	Philosophical Problems in the Law	U	3
	Examines how different ways of thinking about human nature shape our understanding of philosophy, politics, and economics.					Introduction to the nature of law and the philosophical and moral problems concerning law; justification of civil disobedience, criminal punishment, plea bargaining, and the enforcement of morality.		
	Prereq: Econ 2001.XX or 2002.01 or 2002.03H; and Philos 2400 or PolitSc 2400 or 2400H; and Econ 3400 or IntStd 3400 or PolitSc 3780 or 3780H; and PolitSc 4280 or 4380. Not open to students with credit for Econ 3001 or PolitSc 3001. Cross-listed in Econ and PolitSc.					Prereq: Not open to students with credit for 338.		
3002	Tradition, Progress, and Utopia	U	3		3420	Philosophical Perspectives on Issues of Gender	U	3
	Examines how different ways of thinking about social and political change shape our understanding of philosophy, politics, and economics.					An examination of metaphysical, epistemological, and ethical issues surrounding sex and gender, with issues chosen to represent both theoretical and practical controversies.		
	Prereq: Econ 2001.XX or 2002.01 or 2002.03H; and Philos 2400 or PolitSc 2400 or 2400H; and Econ 3400 or IntStd 3400 or PolitSc 3780 or 3780H; and PolitSc 4280 or 4380. Not open to students with credit for Econ 3002 or PolitSc 3002. Cross-listed in Econ and PolitSc.					Prereq: English 1110 or equiv. Not open to students with credit for 336. GE cultures and ideas and diversity soc div in the US course.		
3111	Introduction to Jewish Philosophy	U	3		3430	The Philosophy of Sex and Love	U	3
	A general introduction to major figures and trends in medieval, modern, and contemporary Jewish philosophy; emphasis on Philo, Saadia, Maimonides, Spinoza, Mendelssohn, and Buber.					This course will explore both historical and contemporary philosophical perspectives on both sex and love.		
	Prereq: Not open to students with credit for 321 and JewshSt 3111. GE cultures and ideas course. Cross-listed in JewshSt.					Prereq: 3 cr hrs in Philos, or permission of instructor.		
3440	Theorizing Race	U	3					
	Introduction to issues of "race," consideration of the historical emergence and development of ideas of "race" and of racist practices, along with their contemporary formations.					Prereq: GE second writing course or Philos 2400, or Jr standing or above, or permission of instructor. Not open to students with credit for AfAmAST 3440. Cross-listed in AfAmAST.		

356 Philosophy

3530	Philosophy of Logic	U	3	5193	Individual Studies	U G	1 - 6
	Introduction into a variety of distinctly philosophical issues related to logic and its formal development. Presupposes a background in formal logic.				Individual Studies. Students ordinarily earn from 1 to 3 cr hrs, but honors students may earn up to 6 cr hrs.		
	Prereq: 2500 (250). Not open to students with credit for 450.				Prereq: Permission of dept chairperson. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.		
3600	Introduction to Philosophy of Language	U	3	5194	Group Studies	U G	1 - 9
	Survey of philosophical issues regarding the nature of linguistic representation and its role in thought and communication.				Group Studies.		
	Prereq: 2500 and 6 cr hrs of Philos course work exclusive of 1500, or permission of instructor. Not open to students with credit for 473.				Prereq: Permission of chairperson. Repeatable to a maximum of 18 cr hrs or 6 completions.		
3650	Philosophy of Science	U	3	5211	Plato	U G	3
	A rigorous introduction to general methodological issues in the philosophy of science.				A survey of central philosophical themes in one or more Platonic dialogues.		
	Prereq: 2500 and either a major in Philos or 9 cr hrs of Philos course work exclusive of 1500; or permission of instructor. Not open to students with credit for 455.				Prereq: 3210, or 6 cr hrs at the 2000 level or above in Philos coursework, or Grad standing in Philos; or permission of instructor. Not open to students with credit for 601.01.		
3680	Sex and Death: Introduction to the Philosophy of Biology	U	3	5212	Aristotle	U G	3
	A survey of philosophical questions regarding the theoretical foundations and implications of research in biology.				A survey of central philosophical themes in one or more Aristotelian treatises.		
	Prereq: Philos major or 9 cr hrs of Philos course work exclusive of 1500 and 1501; or permission of instructor. Not open to students with credit for 458.				Prereq: 3120 or 6 cr hrs at the 2000 level or above in Philos coursework, Grad standing in Philos, or permission of instructor. Not open to students with credit for 601.02.		
3700	Introduction to Metaphysics	U	3	5230	Studies in 17th-Century Philosophy	U G	3
	Survey of main philosophical positions concerning the nature of reality, persons, freedom, identity, and causation.				An intensive examination of a major philosopher or philosophical problem of the rationalist period; topics vary from semester to semester.		
	Prereq: 6 cr hrs of Philos course work, or permission of instructor.				Prereq: 3230 and 6 cr hrs of Philos course work at the 2000 level or above; or Grad standing in Philos; or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
3750	Introduction to Theory of Knowledge	U	3	5240	Studies in 18th-Century Philosophy	U G	3
	Survey of main philosophical positions concerning knowledge, justification, skepticism, and rationality.				An intensive examination of a major philosopher or philosophical problem of the period; topics vary from semester to semester.		
	Prereq: Philos major, or 9 cr hrs of Philos course work exclusive of 1500, or permission of instructor. Not open to students with credit for 460.				Prereq: 3240 and 6 cr hrs of Philos course work at the 2000 level or above; or Grad standing in Philos; or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
3800	Introduction to Philosophy of Mind	U	3	5241	Studies in 18th Century Philosophy: Kant	U G	3
	General introduction to the philosophy of mind, the mind-body problem, intentionality, and the nature of consciousness.				An intensive examination of one or more important themes in Kant's philosophical writings.		
	Prereq: Philos major, or 9 cr hrs of Philos course work exclusive of 1500, or permission of instructor. Not open to students with credit for 467.				Prereq: 3230 or 3240, and 6 cr hrs of Philos course work at the 2000 level or above; or Grad standing in Philos; or permission of instructor. Not open to students with credit for 604.01		
3810	Philosophy of Action	U	3	5250	Studies in 19th-Century Philosophy	U G	3
	Philosophical examination of the nature of human action. Topics include the nature of intention, practical rationality, issues in moral psychology, and the metaphysics of free will.				An intensive examination of a major philosopher or philosophical problem of the period; topics vary from semester to semester.		
	Prereq: 6 cr hrs of Philos course work, or enrollment in Philosophy, Politics, and Economics Major, or permission of instructor.				Prereq: 3250 and 6 cr hrs of Philos course work at the 2000 level or above; or Grad standing in Philos; or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
3830	Consciousness	U	3	5260	Studies in 20th-Century Philosophy	U G	3
	An introduction to consciousness with a focus on the interactions between philosophy, psychology, and neuroscience.				An intensive examination of one or more central movement in 20th-century philosophy; topics vary.		
	Prereq: 3 cr hrs in Philos other than 1500 or 1501, or permission of instructor.				Prereq: 9 cr hrs of Philos course work at the 2000 level or above; or Grad standing in Philos; or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
4900H	Junior-Senior Proseminar	U	1 - 3	5261	Phenomenology and Existentialism	U G	3
	Topics vary; emphasis on recent philosophical writing in some specific area or on some specific problem.				Early existentialist ideas of Kierkegaard and Nietzsche; Husserl's phenomenological method and critical analysis of works of philosophers such as Heidegger, Jaspers, Sartre, Beauvoir, and others.		
	Prereq: Honors standing and 6 cr hrs in Philos 2000 level or above coursework, or permission of instructor. Repeatable to a maximum of 9 cr hrs or 5 completions.				Prereq: 3 cr hrs of Philos exclusive of 1500 and 2500; or Grad standing; or permission of instructor. Not open to students with credit for 506.		
4998	Undergraduate Research in Philosophy	U	1 - 3	5300	Advanced Moral Philosophy	U G	3
	Undergraduate research in various topics; independent study.				An intensive examination of major issues within moral philosophy such as the foundations of morality; objectivity in ethics; morality, reason and sentiment; virtues and vices.		
	Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.				Prereq: 3300, and 6 cr hrs in Philos at or above 2000-level; or Grad standing in Philos; or permission of instructor. Not open to students with credit for 631.		
4998H	Honors Undergraduate Research in Philosophy	U	1 - 3	5310	Metaethics	U G	3
	Undergraduate research in variable topics; independent study.				This course addresses abstract questions about the nature of moral thinking - such as whether moral facts exist, how to understand the contrast between moral and purely descriptive language and beliefs, and how moral judgments can be justified at all.		
	Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.				Prereq: 3300, and 6 cr hrs in Philos at or above 2000-level; or Grad standing in Philos; or permission of instructor.		
4999	Thesis Research	U	1 - 3	5400	Advanced Political and Social Philosophy	U G	3
	A program of reading arranged for each student, with individual conferences, reports, and papers.				An intensive examination of issues in political and social philosophy, including democracy, civil disobedience, anarchism, totalitarianism, and nature of the state.		
	Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.				Prereq: 2400, or 6 cr hrs in Philos at or above 2000-level; or enrollment in Philosophy, Politics, and Economics Major; or Grad standing in Philos; or permission of instructor.		
4999H	Honors Thesis Research	U	1 - 3	5450	Advanced Aesthetic Theory	U G	3
	A program of reading arranged for each student, with individual conferences, reports, and papers. Failure to receive a mark of S in this course is a disqualification for special honors.				Basic issues in philosophy of art: the definition of art; meaning, truth, and representation in art; the nature and basis of criticism; the criteria of interpretation of works of art.		
	Prereq: Sr standing with a grade of A in at least half of the Philos courses taken and with an average of B in the remainder; permission of instructor under whose supervision the work is to be completed and the Arts and Sciences Honors Committee. At least 1 semester is required of candidates for the BA with distinction in Philos. Repeatable to a maximum of 9 cr hrs and 3 completions. This course is graded S/U.				Prereq: 9 cr hrs in Philos at or above 2000-level; or Grad standing in Philos; or permission of instructor. Not open to students with credit for 640.		
5010S	Teaching Philosophy	U G	3	5460	Philosophy in Literature	U G	3
	Design a set of philosophy lessons and team-teach some of these lessons to secondary school students. Background checks will be required; students may be responsible for associated fees.				Philosophical problems as reflected in classics of literature, such as the Greek dramatists, Shakespeare, Voltaire, T. S. Eliot, Proust, and Tolstoy.		
	Prereq: 6 cr hrs of Philos course work at the 2000-level or above, or Grad standing in Philos, or permission of instructor. GE service learning course.				Prereq: 6 cr hrs in Philos at or above 3000-level; or Grad standing; or permission of instructor. Not open to students with credit for 672.		

5500	Advanced Symbolic Logic	U G	3
Introduction to the metatheory of first-order logics and languages; axiomatic development of propositional and predicate logic; model theory; soundness, completeness, and Lowenheim-Skolem theorems.			
Prereq: 2500. Not open to students with credit for 650.			
5510	Nonclassical Logic	U G	3
Study of selected systems of nonclassical logic, such as entailment systems, modal, many-valued, epistemic deontic, imperative, erotetic, tense and free logics.			
Prereq: 5500. Repeatable to a maximum of 6 cr hrs or 2 completions.			
5530	Philosophy of Logic and Mathematics	U G	3
Analysis of basic concepts used in logic and in philosophical claims about logic and mathematics, such as proposition, logical truth, mathematical objects, and necessity.			
Prereq: Not open to students with credit for 654.			
5540	Theory of Rational Choice	U G	3
Introduction to the principles and methods of the theory of rational choice with applications in the theory of knowledge, ethics, and social and political philosophy.			
Prereq: Jr standing or above; or permission of instructor. Not open to students with credit for 553.			
5550	Advanced Logical Theory	U G	3
Topics include formal arithmetic, recursive functions, Turing machines, Gödel's incompleteness theorems, Church's thesis, arithmetical truth, logical paradoxes, and higher-order logic.			
Prereq: 2500 and 5500. Repeatable to a maximum of 9 cr hrs or 3 completions.			
5600	Advanced Philosophy of Language	U G	3
Basic problems and results in the philosophy of language, concentrating on theories of reference, theories of meaning, and theories of language-use (including speech-acts, implicature). Preferable to have credit for 3600 prior to enrollment.			
Prereq: 2500, and 6 cr hrs in Philos at or above 3000-level; or Grad standing in Philos; or permission of instructor. Not open to students with credit for 673.			
5610	Natural Language Metaphysics	U G	3
Natural languages seem to presuppose that the world is a certain way. In many cases, the presuppositions are philosophically (or scientifically) contentious. We will explore a variety of such cases, noting the ramifications for both metaphysics and for semantics. Team-taught course with faculty member in Linguistics.			
Prereq: Philos 2500, and 6 cr hrs in Philos at 3000-level or above; or Ling 5001 or 5401; or Grad standing in Philos; or permission of instructor. Ling 5410 and Philos 5610 repeatable to a maximum of 6 cr hrs. Cross-listed in Ling 5410.			
5650	Advanced Philosophy of Science	U G	3
A study of the nature and structure of scientific concepts, laws, and theories; appraisal of methodologies, presuppositions, and frames of reference in science. Preferable to have credit for 3650 prior to enrollment.			
Prereq: 2500, and 6 cr hrs in Philos at or above 3000-level; or 2500, and Grad standing in Philos; or permission of instructor. Not open to students with credit for 655.			
5700	Advanced Metaphysics	U G	3
An intensive examination of major metaphysical problems: categories, universals, substance and process, causality and law, space and time, metaphysical presuppositions of knowledge. Preferable to have credit for 3700 prior to enrollment.			
Prereq: 2500, or 6 cr hrs in Philos at or above 3000-level; or Grad standing; or permission of instructor. Not open to students with credit for 663.			
5750	Advanced Theory of Knowledge	U G	3
An intensive examination of major epistemological problems: the possibility, origin, foundation, structure, methods, limits, types, and validity of knowledge. Preferable to have credit for 3750 prior to enrollment.			
Prereq: 2500, and 6 cr hrs in Philos at or above 3000-level; or Grad standing; or permission of instructor. Not open to students with credit for 660.			
5830	Introduction to Cognitive Science	U G	3
Cognitive science is an interdisciplinary study of the nature of human thought; psychological, philosophical, linguistic, and artificial intelligence approaches to knowledge representation.			
Prereq: 9 cr hrs from at least two of these areas: CSE, Ling, Philos or Psych; or permission of instructor. Not open to students with credit for CSE 5531, Ling 5612, or Psych 5612 (612). Cross-listed in CSE, Ling, and Psych.			
5840	Advanced Philosophy of Cognitive Science	U G	3
In-depth examination of the influence of results in cognitive science upon the way in which philosophers approach fundamental issues about the nature of the mind.			
Prereq: 3800, or permission of instructor. Not open to students with credit for 620.			
5850	Philosophy of Religion	U G	3
A study of religious concepts and problems; the idea and nature of God, of humans, their relation to the world and human destiny.			
Prereq: 6 cr hrs in Philos at or above 3000-level; or Grad standing; or permission of instructor. Not open to students with credit for 670.			
5891	Proseminar in Cognitive Science	U G	2
Provides an in-depth examination of cognitive science from an interdisciplinary perspective.			
Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs. Cross-listed in CSE, Ling, Psych, and SphHrg.			

8100	First-Year Seminar	G	4
A topically variable introduction to advanced philosophical methodology.			
Prereq: First year of Grad standing. Not open to students with credit for 700.			
8102	Seminar in East Asian Philosophy	G	3
Seminar focusing on a particular thinker, school of philosophy, or set of texts from the East Asian philosophical tradition. Topics vary.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 9 cr hrs. Cross-listed in CompStd 8896 and EALL 8896.			
8193	Individual Studies	G	1 - 9
Doctoral students may register for individual study in areas not normally covered by courses.			
Prereq: MA degree, or at least 30 cr hrs in Grad; and permission of dept chairperson.			
Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.			
8200	Seminar in History of Philosophy	G	1 - 4
Seminar in History of Philosophy.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8300	Seminar in Value Theory	G	1 - 4
Seminar in Value Theory.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8500	Seminar in Logic	G	1 - 4
Seminar in Logic.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8510	Seminar in Topics in Logic	G	1 - 4
Selected topics in logic and philosophy of logic; topics vary.			
Prereq: Grad standing in Philos, or permission of instructor.			
8600	Seminar in Philosophy of Language	G	1 - 4
Seminar in Philosophy of Language.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8650	Seminar in Philosophy of Science	G	1 - 4
Seminar in Philosophy of Science.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8700	Seminar in Metaphysics	G	1 - 4
Seminar in Metaphysics.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8750	Seminar in Theory of Knowledge	G	1 - 4
Seminar in Theory of Knowledge.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8800	Seminar in Philosophy of Mind	G	1 - 4
Selected topics in philosophy of mind; topics vary.			
Prereq: Grad standing in Philos, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.			
8999	Dissertation Research in Philosophy	G	1 - 9
Research for dissertation purposes only.			
Prereq: Repeatable to a maximum of 30 cr hrs or 30 completions. This course is graded S/U.			
Physical Medicine And Rehabilitation			
7999	Research in Physical Medicine and Rehabilitation	G	1 - 15
Research for thesis purposes only.			
Prereq: Grad or Prof standing, and permission of instructor. This course is graded S/U.			
Physical Therapy			
6021	Introduction to the Physical Therapy Profession	G	1
Introduction to the profession of physical therapy. Information pertaining to professional development, teaching and learning, social responsibility and individual, cultural and age related variations pertaining to the practice of PT.			
Prereq: Enrollment in the Doctorate in Physical Therapy program.			
6189	Integrated Clinical Experience	G	1
Part-time clinical experience assigned at an affiliated outpatient facility in central Ohio with the goal of practicing techniques from the musculoskeletal lab and documentation.			
Repeatable to a maximum of 2 cr hrs.			
6250	Neural Basis of Movement	G	2
Introduction to sensory and motor systems, basis of the neurologic screening examination and principles of motor control theory.			
Prereq: Enrollment in Doctorate in Physical Therapy program.			

358 Physical Therapy

6260 Pathology for Physical Therapists	G	2	8070 Management: Administrative Skills	G	3	
Introduction to pathology and medical management of disease and implications for the physical therapist.						
Prereq: Enrollment in Doctorate in Physical Therapy program.						
6410 Principles and Procedures in Physical Therapy Practice I	G	1	8071 Management II: Administrative Skills	G	2	
Introduction to basic patient handling skills and clinical measurement.						
Prereq: Enrollment in Doctorate in Physical Therapy program.						
6415 Principles and Procedures in Physical Therapy Practice II	G	1	Administrative skills for the management of PT practice in various settings, introduce basic principles of administration and management that are applicable to PT practice.			
Advances the principles and skills for patient management and measurement acquired in Principles and Procedures in Physical Therapy Practice I.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
6589 Service Based Clinical Experience	G	½ - 2	8189 Terminal Clinical Internship I	G	8	
In accordance with the mission and philosophy of the professional education program which is to prepare the student for entry-level competence in the practice of physical therapy, this course is designed to provide the student with a service based clinical experience reflecting didactic preparation to date. Clinical experiences with direct patient/client care are supervised by a licensed physical therapist at a clinical site that has been approved by and has a contract of affiliation with the Physical Therapy Division.						
This course is graded S/U.						
7012 Documentation and Reimbursement	G	1	8193 Individual Studies in Physical Therapy	G	1 - 3	
Clinical decision making and professional communication through documentation and reimbursement of clinical activities, including evaluation, goal setting and prognosis.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
7189 Intermediate Clinical Internship I	G	4	8210 Musculoskeletal Diagnosis and Management II	G	6	
Full-time clinical rotation completed in an affiliated outpatient facility with the focus on patients with musculoskeletal impairments.						
Repeatable to a maximum of 8 cr hrs.						
7220 Musculoskeletal Diagnosis and Management I	G	4	Region-specific application of the knowledge acquired in Musculoskeletal Diagnosis and Management I, gait analysis, and an introduction to acute care, integumentary system management, and oncology.			
The scientific basis for management of the client with pathology of the musculoskeletal system.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
7235 Biomechanics for Physical Therapy	G	3	8230 Clinical Applications in Pediatrics	G	3	
Introduction the musculoskeletal structure and function, the biomechanical basis of human movement, and musculoskeletal disease and injury processes.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
7250 Neurologic Basis of Rehabilitation	G	2	8250 Adult Neurologic Rehabilitation	G	5	
Analysis of normal and pathological neural systems for sensory and motor functions, mechanisms of recovery of function associated with rehabilitation, and introduction to neural development.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
7289 Intermediate Clinical Internship II	G	8	8270 Geriatric Management	G	2	
Full time clinical experience rotation completed in an affiliated outpatient facility with the focus on patients with acute or neurologic impairments.						
7420 Musculoskeletal Skills Laboratory I	G	3	8272 Cardiopulmonary Rehabilitation	G	2	
Clinical application and skill acquisition related to management of musculoskeletal conditions by physical therapists.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
8013 Contemporary Practice	G	1	8274 Integumentary Systems and Rehabilitation	G	2	
Critical appraisal of current medical, ethical, political and legal topics impacting physical therapy practice.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
8030 Topics in Pediatric Physical Therapy	G	1	8276 Adaptive Equipment and Community Reintegration	G	2	
Critical topics related to health care and education systems delivery in pediatric practice and the role of family and culture in the therapeutic program of the child.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
8050 Topics in Rehabilitation and Long Term Care	G	1	Analysis of the use of adaptive equipment such as orthotics and wheelchairs to augment rehabilitation. Evidence and rationale for the performance of functional capacity evaluations for community reintegration.			
Healthcare systems and critical topics in rehabilitation and geriatric care.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
8060 Health Care in America and its Impact on Physical Therapy I	G	1	8289 Terminal Clinical Internship II	G	8	
Analysis of the healthcare system in America and how working within this system impacts the practice of Physical Therapy.						
8061 Director's Seminar: PT as a Profession	G	1	Develop entry level competence in the clinic with patients of various diagnoses for examination, interventions, diagnosis, development of comprehensive plan of care, goal setting, documentation, consultation, delegation, and communication.			
Issues pertaining to leadership and professional responsibility in physical therapy as part of the healthcare system are discussed in a seminar format. Students will meet weekly for discussion with faculty and expert panels. Enrollment is limited to 3rd year students in the doctorate of physical therapy program.						
8065S Service Learning in Physical Therapy	G	½ - 2	8410 Musculoskeletal Skills Laboratory II	G	3	
This course was designed to provide students with service learning opportunities in physical therapy.						
Repeatable to a maximum of 16 cr hrs or 8 completions. This course is graded S/U.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
8430 Pediatric Laboratory	G	1	8450 Adult Neurologic Laboratory	G	3	
Applications and methods used in evaluation, diagnosis and intervention including neurological, musculoskeletal, cardiopulmonary and integumentary systems in children.						
Prereq: Enrollment in the Doctorate in Physical Therapy program.						
8474 Integumentary and Community Reintegration Laboratory	G	3	Clinical decision making and techniques for examination, evaluation, and interventions for those with disorders related to the integumentary system, adaptive equipment and community reintegration.			
Prereq: Enrollment in the Doctorate in Physical Therapy program.						

8610 Advanced Orthopedic Physical Therapy

G 1

Critical analysis of the current literature and the application of advanced skills related to the orthopedic patient with an emphasis manual therapy techniques and evidence-based interventions.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8612 Advanced Sports Physical Therapy

G 1

Introduction to Sports Physical Therapy concepts with emphasis on prevention, acute injury management, differential diagnosis, sports-specific rehabilitation and wellness.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8620 Entrepreneurial Leadership in PT

G 1

Develop leadership skills and integrate leadership theory in running a physical therapy private practice. This seminar progresses the learner from basic administrative and supervisory principles and theory to the application of higher level skills.

Prereq: Must be enrolled in Physical Therapy, or permission of instructor. This course is graded S/U.

8625 Private Practice Management In PT

G 1

Develop leadership skills and integrate leadership theory in running a physical therapy private practice. This seminar progresses the learner from basic administrative and supervisory principles and theory to the application of higher level skills.

Prereq: Enrollment in Physical Therapy, or permission of instructor. This course is graded S/U.

8630 Clinical Science in Pediatrics

G 2

Typical and atypical development including the effects of disease and damage to the nervous, musculoskeletal, cardiopulmonary and integumentary systems in pediatrics.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8640 Complex Scenarios in Physical Therapy

G 1

Critical issues in managing complex scenarios in physical therapy.

Repeatable to a maximum of 2 cr hrs.

8650 Advanced Neurologic Rehabilitation

G 1

Critical analysis of the current literature and the application of advanced skills related to the neurologic patient with an emphasis on evidence-based assessment.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8670 Imaging in Physical Therapy Practice

G 2

Develop an understanding of the basic principles and interpretation of musculoskeletal and neuromuscular imaging. The course will focus on the application of radiographic, CT and MRI images into physical therapy practice.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8674 Advanced Therapeutic Interventions and Progressions

G 1

Case based analysis, skill acquisition, and patient-centered clinical interventions.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8676 Differential Diagnosis for Physical Therapists

G 4

Clinical decision making related to systemic disease that can present as neuromuscular or musculoskeletal conditions. Related literature will be utilized to explore systemic origins of disorders related to PT practice.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8677 Differential Diagnosis for Physical Therapists II

G 2

Clinical decision making related to systemic disease that can present as neuromuscular or musculoskeletal conditions. Case studies and related literature will be used to explore systemic origins of musculoskeletal or neuromuscular signs and symptoms.

Prereq: Enrollment in the Doctorate in Physical Therapy program.

8680 Experimental Methods in Biomechanics

G 1½

The purpose of this Experimental Methods in Biomechanics course is to introduce you to the wide variety of equipment that is used to make biomechanical measurements in clinical and research settings. We will discuss the technology/theory that was used to develop each measurement technique, how it is typically used, and its advantages and limitations.

8989 Capstone Practicum Experience

G 4

Full-time individualized experience focusing on an aspect of physical therapy such as specialty clinical practice, administration or management, teaching, research, service or advocacy. It must include the development of a related project.

Repeatable to a maximum of 24 cr hrs. This course is graded S/U.

8998 Research Practicum

G 1 - 9

Experience within a faculty members research laboratory. Includes exposure to and practice in all aspects of the research process.

Repeatable to a maximum of 21 cr hrs or 12 completions. This course is graded S/U.

8999 Thesis

G 1 - 12

Research Thesis.

Repeatable to a maximum of 45 cr hrs or 8 completions. This course is graded S/U.

1103 World of Energy: Forces, Electricity, Magnetism, Machines

U 3

An examination of the physical concepts related to energy, including force, electricity, magnetism, and motors. Uses the hands-on discovery mode of instruction. Intended for non-science majors.

Prereq: Not open to students with credit for 103. GE nat sci phys course. NS Admis Cond course.

1104 World of Energy: Light, Thermodynamics, Energy Sources

U 3

An examination of the various forms of energy and energy production with its personal and global impact. Uses the hands-on discovery mode of instruction. Intended for non-science majors.

Prereq: Not open to students with credit for 104. GE nat sci phys course. NS Admis Cond course.

1106.01 Physics by Inquiry: Properties of Matter, Heat and Temperature, and Forces and Motion

U 5

Investigation of the properties of matter, motion and thermodynamics using the inquiry technique. Intended for non-science majors.

Prereq: Not open to students with credit for 106 and 107. GE nat sci phys course. NS Admis Cond course.

1107.01 Physics by Inquiry: Circuits, Light and Optics, and Astronomy

U 5

Investigation of the properties of electricity and circuits, light, optics with applications to real-world phenomena such as astronomy using the inquiry technique. Intended for non-science majors.

Prereq: Not open to students with credit for 107 and 108. GE nat sci phys course. NS Admis Cond course.

1110 The Physics of Sports

U 3

Examines the physics of motion set in the context of sports.

Prereq: Math 1050 (75) or equiv. Not open to students with credit for 110. GE nat sci phys course. NS Admis Cond course.

1200 Mechanics, Kinematics, Fluids, Waves

U 5

Algebra-based introduction to classical physics: Newtons laws, fluids, waves.

Prereq: A grade of C- or above in Math 1148 (148), or Math Placement Level M. Not open to students with credit for 111. This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.

1201 E&M, Optics, Modern Physics

U 5

Algebra-based introduction to electricity and magnetism, simple optics, overview of modern physics including special relativity and quantum mechanics.

Prereq: 1200 (111). Not open to students with credit for 112. This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.

1210 Bridging from 111 to equivalent of 1200: Fluids, Waves

U 2

Algebra-based introduction to classical physics: fluids and waves; for students having credit for Physics 111 needing equivalent of credit for Physics 1200.

Prereq: 111. Not open to students with credit for 1200 (113). This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.

1211 Bridging from 112 to equivalent of 1201: Optics, Modern Physics

U 2

Algebra-based introduction to classical physics: additional optics and modern physics; for students having credit for Physics 112 needing equivalent of credit for Physics 1201.

Prereq: 112. Prereq or concur: 1210. Not open to students with credit for 1201 (113). This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.

1240 Bridging from 131 to equivalent of 1250: Thermo, Waves, Fluids

U 2

Calculus-based introduction to classical physics: fluids, thermodynamics, waves; for students having credit for Physics 131 needing equivalent of credit for Physics 1250.

Prereq: 131. Not open to students with credit for 1250 (133). This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.

1241 Bridging from 132 to equivalent of 1251: Optics, Modern Physics

U 2

Calculus-based introduction to simple optics, modern physics including special relativity and quantum mechanics; for students having credit for Physics 132 needing equivalent of credit for Physics 1251.

Prereq: 132. Prereq or concur: 1240. Not open to students with credit for 1251 (133). This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.

1250 Mechanics, Thermal Physics, Waves

U 5

Calculus-based introduction to classical physics: Newton's laws, fluids, thermodynamics, waves; for students in physical sciences, mathematics, and engineering.

Prereq: 1 entrance unit of Physics or Chem. Concur: Math 1151 (152), 1161 (161), 1181H (161H), or 4181H (190H) or above. Not open to students with credit for 131. This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.

360 Physics

1250H Honors Physics: Mechanics and Conservation Laws; Special Relativity	U	5	3470 Optics	U	3			
In depth study of classical mechanics including Newton's laws, conservation laws, and introduction to special relativity.								
Prereq: Honors standing, or permission of instructor. Concur: Math 1151 (152), 1161 (161), 1181H (161H), or 4181H (191H) or above. Not open to students with credit for 131. GE nat sci phys course. NS Admis Cond course.								
1251 E&M, Optics, Modern Physics	U	5	Introduces students to the fundamentals of modern optics. Topics will include Maxwell's equations, reflection & refraction, interference & diffraction, lasers and optical imaging. Prereq: 1251 (132), 1251H (132H), or 1261. Not open to students with credit for 570.					
Calculus-based introduction to electricity and magnetism, simple optics, modern physics including special relativity and quantum mechanics; for students in physical sciences, mathematics, engineering.								
Prereq: 1250 (131), 1250H (131H), or 1260, and Math 1151 (152) or above; or permission of instructor. Concur: Math 1152 (153), 1161, 1172, 1181H, or 4181H. Not open to students with credit for 132. This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.								
1251H Honors Physics: Electricity and Magnetism; Thermal Physics, Waves, and Quantum Physics	U	5	3700 Experimental Physics Instrumentation and Data Analysis Lab	U	3			
In depth introduction to: electricity and magnetism including Maxwell's equations, thermodynamics, quantum mechanics.								
Prereq: Honors standing, and 1250H and Math 1151 or above; or permission of instructor. Concur: Math 1152, 1161, 1172, 1181H, or 4181H or above. Not open to students with credit for 132. GE nat sci phys course. NS Admis Cond course.								
1260 FEH Physics: Mechanics, Thermal Physics, Waves	U	5	Construction, simulation and statistical analysis of data from advanced experiments in nuclear processes. Introduction to advanced instrumentation and computer controlled data acquisition. Computer programming is required.					
Calculus-based introduction to classical physics: Newton's laws, fluids, thermodynamics, waves. Emphasizes group work; for students in Fundamentals of Engineering Honors.								
Prereq: Honors standing in Engineering, and 1 entrance unit of Physics or Chem. Concur: Math 1151 (152), 1161 (161), 1181H (161H), or 4181H (191H), or above. Not open to students with credit for 131. This course is available for EM credit. GE nat sci phys course. NS Admis Cond course.								
1261 FEH Physics: E&M, Optics, Modern Physics	U	5	4193 Individual Studies	U	1 - 5			
Calculus-based introduction to electricity and magnetism, simple optics, modern physics including special relativity and quantum mechanics. Emphasizes group work; for students in Fundamentals of Engineering Honors.								
Prereq: 1260 (131) and Math 1151 (152) or above, or permission of instructor. Concur: Math 1152 (153), 1161, 1172, 1181H, or 4181H. Not open to students with credit for 132. GE nat sci phys course. NS Admis Cond course.								
2095 Introductory Physics Seminar	U	1	4194 Group Studies	U	1 - 5			
Introduction to departmental research programs and to selected topics of interest in contemporary physics.								
Prereq: 1251 (132), 1251H (132H), or 1261. Not open to students with credit for 295. This course is graded S/U.								
2193 Individual Studies	U	1 - 5	4700 Introductory Electronics for Physicists	U	3			
Designed to give a properly qualified student opportunity for independent reading, study, or laboratory work in a specialized field of interest.								
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions. This course is graded S/U.								
2194 Group Studies	U	1 - 5	4998 Undergraduate Research in Physics	U	1 - 5			
Group Studies.								
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 4 completions.								
2300 Intermediate Mechanics I	U	4	4998H Honors Undergraduate Research in Physics	U	1 - 5			
Vectors and kinematics; foundations of Newtonian mechanics; momentum, work, and energy; conservative and nonconservative forces; potentials; angular momentum; rotation about a fixed axis; rigid body motion; noninertial systems and fictitious forces.								
Prereq: A grade of C+ or above in 1251 (132), 1251H (132H), or 1261. Concur: Math 2153, 2173, or above. Not open to students with credit for 261 or 262.								
2301 Intermediate Mechanics II	U	4	4999 Thesis Undergraduate Research in Physics	U	1 - 5			
The special theory of relativity; relativistic kinematics; relativistic momentum and energy. Introduction to quantum systems; photons; the Bohr atom; matter waves.								
Prereq: Math 2153 or 2173 (254) or above, and a grade of C+ or above in 2300 (261). Not open to students with credit for 262 or 263.								
2367 Uses of Science in Solving Problems of Society	U	3	5100 Physics for In-Service Teachers	U G	1 - 10			
Energy, environment, and the arms race are examined using the methods of science; focuses on interaction of science and technology; and social and ethical implications of choices.								
Prereq: Math Placement S or higher; 1 5-hr 100-level or 1000-level course in either Astron, BioSci, Chem, GeolSci, or Physics; first writing course or equiv. Not open to students with credit for 367. GE writing and comm course: level 2 and nat sci phys course. NS Admis Cond course.								
2998 Undergraduate Research in Physics	U	1 - 5	5300 Theoretical Mechanics	U G	4			
Undergraduate research or creative activities in various topics.								
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 4 completions.								
3201H Honors Holography	U	3	Development of Lagrangian mechanics, inertia and stress tensors, rigid body rotations and introduction to the mechanics of continuous media.					
The basic technique of 3D image making; construction of a diode laser and use of this device to make holograms.								
Prereq: Honors standing, or permission of dept or instructor. Not open to students with credit for Art 3201H. Repeatable to a maximum of 12 cr hrs. GE VPA course. Cross-listed in Art.								
3470 Optics	U	3	5400 Intermediate Electricity and Magnetism	U G	4			
Introduces students to the fundamentals of modern optics. Topics will include Maxwell's equations, reflection & refraction, interference & diffraction, lasers and optical imaging. Prereq: 1251 (132), 1251H (132H), or 1261. Not open to students with credit for 570.								
Prereq: 1251 (132), 1251H (132H), or 1261, and CSE 1222 (202 or Engineer 167), Engr 1281.01H (Engineer 191H), 1281.02H, or 1281.03H. Not open to students with credit for 416. GE data anly course.								
3700 Experimental Physics Instrumentation and Data Analysis Lab	U	3	5401H Honors Advanced Electricity and Magnetism 2	U G	4			
Construction, simulation and statistical analysis of data from advanced experiments in nuclear processes. Introduction to advanced instrumentation and computer controlled data acquisition. Computer programming is required.								
Prereq: 1251 (132), 1251H (132H), or 1261, and CSE 1222 (202 or Engineer 167), Engr 1281.01H (Engineer 191H), 1281.02H, or 1281.03H. Not open to students with credit for 416. GE data anly course.								
4193 Individual Studies	U	1 - 5	5498 Undergraduate Research in Physics	U	1 - 5			
Designed to give a properly qualified student opportunity for independent reading, study, or laboratory work in a specialized field of interest.								
Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions. This course is graded S/U.								
4194 Group Studies	U	1 - 5	5499 Honors Undergraduate Research in Physics	U	1 - 5			
Group Studies.								
Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions.								
4700 Introductory Electronics for Physicists	U	3	5499H Honors Undergraduate Research in Physics	U	1 - 5			
Intermediate level introduction to electronic circuits, devices, and instrumentation with emphasis on laboratory experience.								
Prereq: 1251 (132), 1251H (132H), or 1261. Not open to students with credit for 517.								
4998 Undergraduate Research in Physics	U	1 - 5	5500 Quantum Mechanics	U G	4			
Undergraduate research or creative activities in various topics.								
Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions.								
4998H Honors Undergraduate Research in Physics	U	1 - 5	Undergraduate research or creative activities in various topics; no thesis.					
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions.								
4999 Thesis Undergraduate Research in Physics	U	1 - 5	Undergraduate research or creative activities in various topics; culminating in a thesis.					
Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions.								
4999H Honors Thesis Undergraduate Research in Physics	U	1 - 5	Undergraduate research or creative activities in various topics; culminating in a thesis.					
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions.								
5100 Physics for In-Service Teachers	U G	1 - 10	5300 Theoretical Mechanics	U G	4			
Designed to deepen teachers' understanding of basic physical concepts and methods of treatment of selected topics, includes lectures, discussions, demonstrations, and individualized lab work. Intended for secondary school science teachers.								
Prereq: 10 cr hrs in Physics, and teaching experience, and permission of instructor.								
Repeatable to a maximum of 20 cr hrs or 20 completions.								
5300 Theoretical Mechanics	U G	4	5400 Intermediate Electricity and Magnetism	U G	4			
Development of Lagrangian mechanics, inertia and stress tensors, rigid body rotations and introduction to the mechanics of continuous media.								
Prereq: A grade of C+ or above in 2301 (262), and a grade of C+ or above in Math 2174 (415) or 2568 (568). Not open to students with credit for 664.								
5400 Intermediate Electricity and Magnetism	U G	4	5401H Honors Advanced Electricity and Magnetism 2	U G	4			
Introduction to the description of electrostatic fields; dielectrics; boundary-value problems; magnetic fields of steady currents; induction; Maxwell's equations; plane waves.								
Prereq: A grade of C+ or above in 2301 (263), and Math 2174, 2415 (415), 2255 (255), or 5520H (521H); or permission of instructor. Not open to students with credit for 5400H, 555, or 656.								
5400H Honors Intermediate Electricity and Magnetism I	U G	4	5498 Undergraduate Research in Physics	U	1 - 5			
Advanced treatment of electrostatic fields; dielectrics; boundary-value problems; magnetic fields of steady currents; induction; Maxwell's equations; plane waves.								
Prereq: Honors standing, Math 2174, 2415 (415), 2255 (255), or 5520H (521H), and a grade of C+ or above in Physics 2301 (263); or permission of instructor. Not open to students with credit for 5400, 555, or 656.								
5401H Honors Advanced Electricity and Magnetism 2	U G	4	5499 Honors Undergraduate Research in Physics	U	1 - 5			
Plane waves, plane waves in matter; physical optics; coherence, interference, diffraction, and dispersion.								
Prereq: Honors standing or permission of instructor; (B+ or better in 5400) or (C+ or better in 5400H) or (B+ or better in 555). Not open to students with credit for 656 or 657.								
5500 Quantum Mechanics	U G	4	5500 Quantum Mechanics	U G	4			
Introduction to quantum mechanics, including its historical background, the Schrodinger equation, solutions of one-dimensional scattering and bound state problems.								
Prereq: A grade of C+ or above in 2301 (263), and Math 2174, 2415 (415), 2255 (255) or 5520H (521H); or permission of instructor. Not open to students with credit for 5500H, 631, or 632.								

5500H Honors Quantum Mechanics I	U G 4	6809 Topics in Biophysics	G 4
Advanced treatment of quantum mechanics, including its historical background, the Schrodinger equation, solutions of one-dimensional scattering and bound state problems. Uses Dirac notation.		Experimental and theoretical aspects of areas of current interest in Biophysics. Prereq: 5501 or grad standing or permission of instructor.	
Prereq: Honors standing, a grade of C+ or above in 2301 (263), and a grade of C+ or above in Math 2174, 2415 (415), or 2255 (255); or permission of instructor. Not open to students with credit for 5500, 631, or 632.			
5501 Quantum Mechanics II	U G 4	6810 Topics in Computational Physics	G 4
Harmonic oscillator, time-independent and time-dependent perturbation theory, addition of angular momenta, fine and hyperfine structure of hydrogen, identical particles, periodic systems, modern physics applications of quantum mechanics.		Experimental and theoretical aspects of areas of current interest in Computational Physics. Prereq: 5501 or grad standing or permission of instructor.	
Prereq: 5500, and Math 2174, 2415, 2255, or 5520H; or permission of instructor. Not open to students with credit for 5501H or 633.			
5501H Honors Quantum Mechanics II	U G 4	6820 Special Topics	G 4
The Schrodinger equation in three dimensions, angular momentum, the hydrogen atom; time-independent perturbation theory, time-dependent perturbation theory, scattering theory and the Born approximation, multi-electron atoms.		Experimental and theoretical aspects of areas of current interest in physics. Special Topics. Prereq: Prereq: 5501 or grad standing. Repeatable to a maximum of 24 cr hrs.	
Prereq: Honors status; and B+ or better in 5500 (632), or C+ or better in 5500H (632H); or permission of instructor. Not open to students with credit for 633			
5600 Statistical Mechanics	U G 4	7193 Individual Studies	G 1 - 6
Thermodynamics and statistical mechanics; applications to noninteracting classical and quantum systems. Interacting systems, special states of matter, critical phenomena and phase transitions.		Designed to give a properly qualified student opportunity for independent reading, study, or laboratory work in a specialized field of interest.	
Prereq: 5500, Math 2174, 2415 (415), 2255 (255) or 520H (521H), and a grade of C+ or above in 2301 (263); or permission of instructor. Not open to students with credit for 621 or 622.		Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 6 completions. This course is graded S/U.	
5700 Advanced Physics Laboratory	U G 3	7194 Group Studies	G 1 - 5
Lab course for physics majors. Three advanced experiments from a variety of physics disciplines are carried out. Emphasis is on experimental techniques, analysis of collected data, and formal presentation of experimental results.		Group Studies.	
Prereq: 2301 (263); and 3700 (416); and 5400 (555) or 5400H; and 5500 (631) or 5500H. Not open to students with credit for 616.		Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 6 completions.	
5710 Advanced Engineering Physics Laboratory	U G 3	7401 Electromagnetic Field Theory	G 3
Lab course for eng physics majors. Experiments in optics, materials, and nuclear physics are carried out in a team approach, emphasizing DAQ methods and experimental design, analysis of collected data, and formal presentation of experimental results.		Electric and magnetic fields in material media, Maxwell's equations, electromagnetic waves, radiation by simple systems and by moving charges. Special theory of relativity.	
Prereq: 2301 (263); and 3700 (416); and 5400 (555) or 5400H; and 5500 (631) or 5500H. Not open to students with credit for 616.		Prereq: 5401 and 7701, or permission of instructor.	
5800 Engineering Physics Design I	U G 3	7501 Quantum Mechanics 1	G 3
Presents fundamentals of engineering-physics design and leads to skills development relevant to a specific design proposal. Technical communication skills, both written and oral, are employed throughout.		Postulates and Schroedinger eq., linear vector spaces, path-integral formulation; symmetry, orbital angular momentum, central potentials, spin angular momentum.	
Prereq: 2301 (263) and a Second Writing course, and Sr standing in Engineering Physics.		Prereq: 5501 or equivalent, or permission of instructor.	
5801 Engineering Physics Design II	U G 3	7502 Quantum Mechanics 2	G 3
Continues training in engineering-physics design. Preliminary designs are refined and prototypes are fabricated and tested. Technical communication skills, both written and oral, are employed throughout.		Variational method; perturbation theory, semiclassical treatment of electromagnetic radiation, quantized electromagnetic radiation, scattering theory; density matrix; Dirac equation.	
Prereq: 5800, and Sr standing in Engineering Physics.		Prereq: 7501.	
6201 Grad Holography I	G 3	7601 Classical and Statistical Physics I	G 3
Introduction to the theory and basic technique of 3D image making. Students will construct a diode laser and use it to make holograms.. For grad students in the grad specialization "Analysis of Material Culture".		Lagrangian dynamics, variational principles, Hamilton's equations, canonical transformations, symmetries and conservation laws. Introduction to statistical physics; fundamental postulates.	
Prereq: Grad standing.		Prereq: 5300 or grad standing in Physics or permission of instructor.	
6780 Special Topics Seminar	G 1	7602 Classical and Statistical Physics II	G 3
A survey of current research problems in physics.		Entropy, therm. potentials and changes of phase; microscopic expression for entropy and basis of classical ensemble theory. Canonical and grand ensembles; Quantum statistical mechanics.	
Prereq: Grad standing or permission of instructor. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.		Prereq: 5600 or equiv. or 7601.	
6802 Topics in Elementary Particle Physics	G 4	7603 Advanced Statistical Physics	G 3
Experimental and theoretical aspects of areas of current interest in physics. Elementary Particle Physics.		Interacting systems; Ising and Heisenberg models of magnetism, theory of dense gases and liquids, phase transitions and critical phenomena; non-equilibrium statistical physics, Boltzmann equation.	
Prereq: 5501 or grad standing or permission of instructor.		Prereq: 7502 and 7602, or permission of instructor.	
6804 Topics in Atomic and Molecular Physics	G 4	7701 Analytic and Numeric Methods of Physics	G 3
Experimental and theoretical aspects of areas of current interest in physics. Atomic and Molecular Physics.		Analytical and numeric boundary value problems, complex analysis, Fourier series, Legendre polynomials, spherical harmonics, and Bessel functions.	
Prereq: 5501 or grad standing or permission of instructor.		Prereq: grad standing in Physics or permission of instructor.	
6805 Topics in Nuclear Physics	G 4	7891 Departmental Seminar or Workshop	G 1
Experimental and theoretical aspects of areas of current interest in physics. Nuclear Physics.		Departmental Seminar or Workshop	
Prereq: 5501 or grad standing or permission of instructor.		Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.	
6806 Topics in Condensed Matter Physics	G 4	7998 Graduate Research	G 1 - 10
Experimental and theoretical aspects of areas of current interest in physics. Condensed Matter Physics.		Laboratory and/or theoretical research on an individual basis on topics of current interest.	
Prereq: 5501 or grad standing or permission of instructor.		Prereq: 5700, or equiv, and permission of instructor. Repeatable to a maximum of 36 cr hrs or 6 completions. This course is graded S/U.	
8802.01 Topics in Elementary Particle Physics 1	G 3	8802.01 Topics in Elementary Particle Physics 1	G 3
A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Elementary Particle Physics.		A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Elementary Particle Physics.	
Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.	
8802.02 Topics in Elementary Particle Physics 2	G 3	8802.02 Topics in Elementary Particle Physics 2	G 3
A (continued) systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Elementary Particle Physics.		A (continued) systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Elementary Particle Physics.	
Prereq: 8802.01 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		Prereq: 8802.01 or permission of instructor. Repeatable to a maximum of 6 cr hrs.	
8803.01 Topics in Astroparticle Physics 1	G 3	8803.01 Topics in Astroparticle Physics 1	G 3
A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Astroparticle Physics.		A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Astroparticle Physics.	
Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.	

362 Physics

8804.01 Topics in Atomic and Molecular Physics 1	G	3
A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Atomic and Molecular Physics.		
Prereq: 7501, or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8805.01 Topics in Nuclear Physics 1		
A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Nuclear Physics.		
Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8806.01 Topics in Condensed Matter Physics 1	G	3
A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Condensed Matter Physics.		
Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8806.02 Topics in Condensed Matter Physics 2	G	3
A (continued) systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Condensed Matter Physics.		
Prereq: 8806.01 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8808.01 Topics in the Theory of Quantized Fields I	G	3
A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Theory of Quantized Fields.		
Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8808.02 Topics in the Theory of Quantized Fields II	G	3
A (continued) systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Theory of Quantized Fields.		
Prereq: 8808.01 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8809.01 Topics in Biophysics	G	3
A systematic advanced treatment of areas of current interest in physics; topics will be announced each semester. Biophysics.		
Prereq: 7501 or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8820 Special Topics	G	3
A systematic advanced treatment of areas of current interest in physics; topics will be announced each quarter. Special Topics.		
Prereq: 7501 or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
8999 Research in Physics	G	1 - 12
Research for thesis or dissertation purposes only.		
Au, Sp, Sum Semesters. Prereq: Permission of Instructor. Repeatable. This course is graded S/U.		

Physiology and Cell Biology

3101 Human Physiology I	U	3
First of a two-semester sequence. In this course the following areas of physiology are covered: cell membrane, neurophysiology, muscle and gastrointestinal physiology.		
Au Sem. Prereq: Two semesters of Chem.		
3102 Human Physiology II		
Second of a two-semester sequence. In this course the following areas of physiology are covered: cardiovascular, respiration, renal, endocrine physiology and reproduction.		
Sp Sem. Prereq: Physio 3101 (PhysioCB 311).		
3200 Human Physiology	U	5
Teaches the physiology of human organ systems, including the following: nervous system, muscle, gastrointestinal, cardiovascular, respiratory, renal, endocrine, and reproductive systems. This course is designed for students who are planning careers in the health sciences. This is a one-semester course.		
Prereq: 6 sem cr hrs in the biological sciences.		
4998 Research - Independent Study	U	1 - 4
Students will conduct hands-on laboratory research in the areas of cell biology and physiology under the direction of a faculty member in the department of Physiology and Cell Biology. This will involve learning specific laboratory techniques related to the area of the faculty member's biomedical research program, which may include biochemical, molecular, physiological, and genetic methods.		
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.		
6101 Advanced Human Physiology I	G	3
First in two semester graduate course sequence covering Cell, Neuro, Muscle, Cardiovascular, GI, Respiratory, Renal & Endocrine Physiology.		
Au Sem. Prereq: Enrollment in one of the following graduate programs: IBGP, BiomedE, Sport & Exercise Science, Pharm, Anatomy, Pathology Associate, or permission of course director.		
Not open to students with credit for PhysioCB 601.		
6102 Advanced Human Physiology II	G	3
Second in two semester graduate course sequence covering Cell, Neuro, Muscle, Cardiovascular, GI, Respiratory, Renal & Endocrine Physiology.		
Au Sem. Prereq: A grade of C- or above in Physio 6101 (PhysioCB 601); and enrollment in IBGP, BiomedE, Sport & Exercise Science, Pharm, Anatomy, or Pathol; or permission of course director. Not open to students with credit for PhysioCB 602.		

7931 Individual Studies in Physiology and Cell Biology	G	1 - 16
Reading, conferences, and laboratory work by individual arrangement with qualified students who desire more intensive and specialized study than is available in other courses. Repeatable to a maximum of 18 completions. This course is progress graded (S/U).		
8101 Advanced Cardiac Physiology		
Advanced presentation of cardiovascular physiology. 1hr journal club and 2hr class. Au Sem. Prereq: Physio 6101 or 6102, or equiv, and permission of instructor.		
8501 Cardiovascular Journal Club	G	1
Journal Club - presentation and discussion of pertinent research articles. Au, Sp Sems. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
8999 Research (Independent Study)	G	1 - 16
Research for thesis or dissertation purposes only. Repeatable to a maximum of 18 completions. This course is progress graded (S/U).		

Plant Pathology

1100 Exploring Plant Pathology	U	1/2
Basic understanding of the global trends within plant pathology, the diversity of career opportunities within the industry, planning for a career and opportunities for professional development.		
2000 Molds, Mushrooms, and Mankind		
Fungi have influenced human health, migration, and nutrition for thousands of years. This course studies fungal biology and the impact of fungi in society both historically and currently. Sp Sem. GE nat sci bio course.		
2001 Sick Plants and a Hungry World	U	2
Review of the interactions of plants with plant pathogens and the social, economic, and historic consequences for civilization. Entirely online course. Au, Sp Sems. Prereq: Not open to students with credit for 201.		
3001 General Plant Pathology Lecture	U	3
An introduction to plant diseases caused by fungi, bacteria, viruses, nematodes and parasitic higher plants. Video-linked to Wooster. Au Sem. Prereq: Biology 1101 (101), 1113 (113), 1115H (115H), or Entmlyg 1101 (Entomol 101). Not open to students with credit for 401 or 6001.		
3002 General Plant Pathology Lab	U	2
The lab portion of general plant pathology. Lab work will include experiments involving fungi, bacteria, viruses, nematodes and parasitic higher plants. Video-linked to Wooster. Au Sem. Prereq: Biology 1101 (101), 1113 (113), 1115H (115H), or Entmlyg 1101 (Entomol 101). Concur: 3001 (401). Not open to students with credit for 6001 or 401.		
3195 Plant Health Science Forum	U	1
A seminar series for those interested in plant health science. Students will meet with professional plant health managers and take field trips. Professional development issues also covered.		
* May Term. Repeatable to a maximum of 7 cr hrs. This course is graded S/U.		
3797 Study at a Foreign Institution	U	1 - 6
Study abroad opportunities for students in plant pathology, plant health management, etc. and receive Ohio State credit for that work.		
Prereq: Pre-departure course, and permission of instructor.		
4191 Internship Experiences in Plant Health Management	U	1 - 6
Ten or more weeks of an individualized experiential learning opportunity designed to link theoretical classroom knowledge with practical field application.		
Au, Sp, Su Sems. Prereq: 3001 (401) and 3002, or 6001. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.		
4193 Undergraduate Individual Studies	U	1 - 3
Problems may be selected in the various areas of plant pathology.		
Au, Sp, Su Sems. Prereq: CPHR 2.5 or above, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 3 completions. This course is graded S/U.		
4550 Bioterrorism: An Overview	U	3
A broad awareness course on the bioterrorism threat to our food supply, crops, animals and public health, and bioterrorist organizations.		
Sp Sem. Prereq: Jr or Sr standing. Not open to students with credit for 455 or IntStd 455 (455). Cross-listed in IntStd.		
4597 Contemporary Issues: Pesticides, Genetic Engineering, and the Environment	U	3
Contemporary, cultural, and social issues related to pesticide use, genetic engineering and sustainable plant management.		
Au, Sp Sems. Prereq: Jr or Sr standing. Not open to students with credit for 597. GE cross-disciplinary seminar course.		
4998 Undergraduate Research	U	1 - 6
Conducting research.		
Au, Sp, Su Sems. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.		

4999 Research with Distinction	U 1 - 5
Conducting and reporting research with distinction. Students are expected to present at the CFAES Undergraduate Research Forum and the Denman University Undergraduate Research Forum.	
Au, Sp, Su Sems. Prereq: CPHR 3.0 or above, and GPA 3.0 or above in major, and permission of project supervisor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.	
4999H Honors Research with Distinction	U 1 - 3
Conducting and reporting research with Distinction.	
Au, Sp, Su Sems. Prereq: Honors standing, and FAES 4590.01H (590H), and CPHR 3.4 or above, and GPA 3.4 or above in major, and permission of honors project supervisor.	
Repeatable to a maximum of 6 cr hrs or 3 completions. This course is graded S/U.	
5010 Phytopathobiology	U G 2
Taxonomy, molecular biology, physiology, and ecology of plant-associated bacteria that interact with plants, especially those that cause disease and affect plant health. Video-linked to Wooster.	
Prereq: 3001 and 3002, or 6001 (401), or permission of instructor. Not open to students with credit for 600.01.	
5020 Introductory Plant Virology	U G 2
Plant virus structures, genome organizations and replication strategies. Symptoms and diagnosis of virus diseases of plants. Video-linked to Wooster.	
Prereq: 3001 and 3002, or 6001 (401), and at least one course taken in Biochem, MolBic, MolGen, or Microbio; or permission of instructor. Not open to students with credit for 600.02.	
5030 Plant Nematology	U G 2
Introduction to plant-parasitic nematodes, with emphasis on identification, epidemiology and host interactions. Video-linked to Wooster.	
Prereq: 3001 and 3002, or 6001 (401), or permission of instructor. Not open to students with credit for 636.	
5040 Science of Fungi: Mycology Lecture	U G 3
Fungi are some of the most important organisms on the planet. This course covers the diversity, biology, and genetics of fungi. Video-linked to Wooster.	
Au Sem. Prereq: A course in the Biological Sciences, or permission of instructor. Not open to students with credit for 660.	
5041 Science of Fungi: Mycology Lab	U G 1
Fungi are some of the most important organisms on the planet. This lab covers the diversity, biology and genetics of fungi. Video-linked to Wooster.	
Au Sem. Prereq: A course in the Biological Sciences, or permission of instructor. Concur: 5040. Not open to students with credit for 660.	
5050 Plant Pathogenic Fungi	U G 3
This course is designed to provide a more in-depth look at the filamentous plant pathogens, fungi, to better prepare graduate students planning on constructing careers in plant pathology. This course will cover the different groups of fungal pathogens with examples, their biology, and their impact in society both historically and currently.	
Prereq: 3001 or 6001, or permission of instructor.	
5110 Ecology and Management of Pathogens and Insects Affecting Trees in Forest and Urban Environments	U G 3
Overview of major pathogens and insects affecting health of forest and shade trees with emphasis on diagnosis, ecology, and management. Video-linked to Wooster. Offered odd years.	
Sp Sem. Prereq: Not open to students with credit for 610 or Entmlgy 5110 (Entomol 461). Cross-listed in Entmlgy.	
5120 Diseases of Ornamental Plants	U G 2
Biology and integrated control of important diseases of ornamental plants.	
Sp Sem. Prereq: 3001 (401) and 3002, or 6001, or permission of instructor. Not open to students with credit for 501.	
5130 Turf Diseases and Integrated Turf Health Management	U G 4
A detailed study of the diseases of turfgrass, factors influencing disease severity, and specific measures for disease control such as genetic, cultural, biological, and chemical.	
Prereq: 3001 (401) or 6001, HCS 3470, and Jr or Sr standing; or permission of instructor.	
Another option includes HCS 3470, and Jr or Sr standing; or permission of instructor. Concur: PLNTPTH 3001. Not open to students with credit for 612 and 613.	
5140 Diseases of Field Crops	U G 2
Key diseases that impact crop plants with emphasis on identification, management and field evaluations of management strategies. Video-linked to Wooster.	
Sp Sem. Prereq: Two courses in the Biological Sciences, or permission of instructor. Not open to students with credit for 614.	
5150 Fruit and Vegetable Diseases	U G 2
Study the major diseases of fruit and vegetable crops with emphasis on disease diagnosis and management. Video-linked to Wooster.	
Sp Sem. Prereq: 3001 (401) and 3002, or 6001, or permission of instructor. Not open to students with credit for 615.	

5550 Quantitative Methods for Agricultural Scientists	U G 3
A practical introduction to the variety of quantitative methods used for data analysis by agricultural, environmental, and life sciences researchers. Students learn how to make statistically valid comparisons, associations, and classifications, and make appropriate inferences about experimental outcomes based on them. Video linked to Wooster.	
Sp Sem. Prereq: Not open to students with credit for 655.	
5603 Plant Disease Management	U G 3
Theory and practice of plant disease management; emphasis on integration of cultural, biological, chemical methods and plant disease resistance. Video-linked to Wooster.	
Au Sem. Prereq: 3001 (401) and 3002, or 6001, or permission of instructor. Not open to students with credit for 603.	
5604 Capstone Course: Problem-Based Studies in Plant Health	U G 2
Students will be presented with a current plant health problem from the industry. They will gather diverse information from consultants, synthesize novel solutions, and develop implementation plans.	
Prereq: Jr, Sr, or Grad standing in PlntPth, Entmlgy, or Plant Health Management. Not open to students with credit for Entmlgy 5604. Cross-listed in Entmlgy.	
5685 Plant Disease Diagnosis	U G 2
Study of field and laboratory procedures for diagnosis of plant diseases.	
Su Sem, May Term. Prereq: 3001 (401) and 3002, or 6001, or permission of instructor. Not open to students with credit for 685. Repeatable to a maximum of 4 cr hrs.	
6001 Advanced Plant Pathology	G 3
An advanced level of study in plant diseases caused by fungi, bacteria, viruses, nematodes and parasitic higher plants. For graduates. Video-linked to Wooster.	
Au Sem. Prereq: A course in Biological Sciences, and Grad standing; or permission of instructor. Not open to students with credit for 3001 (401) or 3002.	
6002.01 Advanced Plant Pathology Lab - Viruses and Bacteria	G 1
This course is intended to prepare students to be able to implement techniques used by virologists and bacteriologists in both lab and field settings.	
Prereq or concur: 5010 and 5020.	
6002.02 Advanced Plant Pathology Lab - Plant Pathogenic Fungi and Nematodes	G 1
This graduate course is intended to prepare students to be able to implement techniques used by nematologists and mycologists in both lab and field settings.	
Prereq or concur: 5030 and 5050.	
6193 Individual Studies	G 1 - 6
Problems may be selected in the various areas of plant pathology.	
Au, Sp, Su Sems. Prereq: CPHR 2.5 or above, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 3 completions. This course is graded S/U.	
7002 Plant Disease Epidemiology	G 3
Study of the dynamics of plant diseases; statistical modeling of plant disease epidemics. Video-linked to Wooster.	
Sp Sem. Prereq: 3001 (401) and 3002, or 6001, and an introductory Stat course; or permission of instructor. Not open to students with credit for 702.	
7003.01 Agricultural Genomics: Principles and Applications	G 2
Reviews the principles of most genomic technologies, new developments in the field and emphasize their application in agriculture. Video-linked to Wooster.	
Sp Sem. Prereq: MolGen 4500 (500) or Biochem 5613 (613), or permission of instructor. Concur: HCS 7003.02. Not open to students with credit for 7003 (703), or HCS 7003.	
7300 Plant Health Management Seminar	G 1
This course is designed to cover current topics in plant health management for students in the Master in Plant Health Management program. Topics and guest speakers may differ from semester to semester and will depend on student interest.	
Repeatable to a maximum of 6 cr hrs. Cross-listed in Entmlgy.	
8300 Current Topics in Plant Pathology	G 1 - 2
Readings from the current literature will be examined in detail for both technical and conceptual content. Video-linked to Wooster.	
Au, Sp, Su Sems. Prereq: Grad standing. Repeatable to a maximum of 6 cr hrs.	
8300.01 Molecular Fungal Biology, Genetics, and Genomics	G 2
Designed to explore the biology and genetics of fungal microorganisms. Topics include: fungal reproduction for the major clades, molecular underpinnings of growth, development, and interactions with diverse hosts and whole genome based studies of fungi, including proteomic and systems biology analyses. Primarily literature based.	
Prereq: 5040.	
8300.02 Host Resistance: History and Future Implications for Deployment	G 2
Focuses on the development and knowledge of host resistance and pathogenic diversity in determining what type of resistance should be deployed and explore factors that may impact future success of new genetically modified techniques.	
Prereq: 5603 or 5140; or permission of instructor.	

364 Plant Pathology

8400	Molecular Bases of Plant Host-Microbe Interactions	G	3
Introduction to plant host-pathogen interactions, with emphasis on molecular bases of pathogen virulence and host resistance. Video-linked to Wooster.			
Sp Sem.	Prereq: 5010 (600.01), 5020 (600.02), 5030 (636), and 5040 (660); or permission of instructor. Not open to students with credit for 602, 841, 842 and 843.		
8899	Plant Pathology Seminar	G	1
Covers various ongoing research topics presented by current graduate students and invited speakers. Video-linked to Wooster.			
Au, Sp Sems.	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.		
8901	Mentored Teaching in Plant Pathology	G	1 - 3
Students work with faculty members to gain intensive hands-on and mentored experiences focused on direct interaction with students and on the scholarly aspects of teaching.			
Prereq: Grad standing and completion of OSU Orientation on Teaching. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.			
8902	Mentored Extension/Outreach Teaching in Plant Pathology	G	1 - 3
Provides graduate students interested in Extension/Outreach programs with hands-on experience in developing and delivering extension educational programs and materials.			
Prereq: Grad standing. Repeatable to a maximum of 5 cr hrs or 5 completions. This course is graded S/U.			
8999	Plant Pathology Research	G	1 - 15
Research for thesis of dissertation purposes only.			
Prereq: Grad standing. Repeatable. This course is graded S/U.			

Polish

1101	Elementary Polish I	U	4
Introduction to Polish; development of speaking, listening, reading, and writing skills in cultural context. Not open to native speakers of this language through regular course enrollment or EM credit, or to students with 2 or more years of study in this language in high school.			
Prereq: Not open to students with credit for 101. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
1102	Elementary Polish II	U	4
Continued development of speaking, listening, reading, and writing skills in cultural context. Not open to native speakers of this language through regular course enrollment or EM credit.			
Prereq: 1101 (101.01). Not open to students with credit for 102. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
1103	Intermediate Polish I	U	4
Continued development of speaking, listening, reading, and writing skills in cultural context. Closed to native speakers of this language.			
Prereq: 1102 (102.01). Not open to students with credit for 103. This course is available for EM credit. GE for lang course.			
2104	Intermediate Polish II	U	4
Increasing functional ability in speaking, listening, reading, and writing practice, vocabulary-building; new grammar structures; start developing higher-level language skills in Polish. Closed to native speakers of this language.			
Prereq: 1103 (104.01). Not open to students with credit for 407.01.			
3101	Advanced Polish I	U	3
Further develop speaking, listening, reading, and writing skills and grammar competence.			
Prereq: 2104. Not open to students with credit for Slavic 5194 (Au13, Cretu).			
3102	Advanced Polish II	U	3
Further develop speaking, listening, reading, and writing skills and grammar competence.			
Prereq: 3101. Not open to students with credit for Slavic 5194 (Sp15, Advanced Polish).			
5230	Polish Literature	U G	3
Polish cultural and intellectual history as represented in the major works of Polish literature and in contemporary media. Taught in English. Readings in English, but students of Polish will do portions of the readings in the original.			
Prereq: 6 cr hrs of Literature courses at the 2000 level or above, or permission of instructor. Not open to students with credit for 630 and 631.			

Political Science

1100	Introduction to American Politics	U	3
Introduction to American politics, the institutions and processes which create public policy, the strengths and weaknesses of the American political systems.			
Prereq: Not open to students with credit for 3100 (300), 101, or 101H. This course is available for EM credit. GE soc sci orgs and polities course. SS Admis Cond course.			
1100H	Introduction to American Politics	U	3
Introduction to American politics, the institutions and processes which create public policy, and the strengths and weaknesses of the American political systems.			
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 3100 (300), 101, or 101H. GE soc sci orgs and polities course. SS Admis Cond course.			

1165	Introduction to Politics	U	3
Introduction to politics and political science: power, democracy and authoritarianism, political participation, the state, political institutions, subfields of the discipline, and political research methodology.			
Prereq: Not open to students with credit for 165 or 165H. GE soc sci orgs and polities course. SS Admis Cond course.			
1165H	Introduction to Politics	U	3
Introduction to politics and political science: power, democracy and authoritarianism, political participation, the state, political institutions, subfields of the discipline, and political research methodology.			
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 165 or 165H. GE soc sci orgs and polities course. SS Admis Cond course.			
1200	Introduction to Comparative Politics	U	3
Introduction to modern nation-states outside of the United States: problems of state- and nation-building, representation, conflict, and making of government policy in selected countries.			
Prereq: Not open to students with credit for 100 or 100H. This course is available for EM credit. GE soc sci orgs and polities and diversity global studies course. SS Admis Cond course.			
1200H	Introduction to Comparative Politics	U	3
Introduction to modern nation-states outside of the United States: problems of state- and nation-building, representation, conflict, and making of government policy in selected countries.			
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 100 or 100H. GE soc sci orgs and polities and diversity global studies course. SS Admis Cond course.			
1300	Global Politics	U	3
Cooperation and conflict in world politics. Covers basic theories of international relations and key issues, including security, political economy, international organizations, and the environment.			
Prereq: Not open to students with credit for 145 or 145H. GE soc sci human, nat, and econ resources and diversity global studies course.			
2150	Voters and Elections	U	3
Study of US elections, focusing on voter attitudes, group behavior, and political participation.			
Prereq: Not open to students with credit for 201 or 201H. GE soc sci indivs and groups course. SS Admin Cond course.			
2150H	Voters and Elections	U	3
Study of U.S. elections, focusing on voter attitudes, group behavior, and political participation.			
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 201 or 201H. GE soc sci indivs and groups course.			
2194.01	Group Studies in American Politics	U	1 - 3
Group studies in American politics.			
Repeatable to a maximum of 6 cr hrs or 2 completions.			
2194.02	Group Studies in Comparative Politics	U	1 - 3
Group studies in comparative politics.			
Repeatable to a maximum of 6 cr hrs or 2 completions.			
2194.03	Group Studies in International Politics	U	1 - 3
Group studies in international politics.			
Repeatable to a maximum of 6 cr hrs or 2 completions.			
2194.04	Group Studies in Political Theory	U	1 - 3
Group studies in political theory.			
Repeatable to a maximum of 6 cr hrs or 2 completions.			
2194.05	Group Studies in Public Policy	U	1 - 3
Group studies in public policy.			
Repeatable to a maximum of 6 cr hrs or 2 completions.			
2300	American Foreign Policy	U	3
The role of the United States in world politics since the Second World War, emphasizing structural change in economic and political-military relations.			
Prereq: Not open to students with credit for 245 or 245H. GE soc sci orgs and polities and diversity global studies course.			
2367	Contemporary Issues in American Politics	U	3
Discussion of and critical writing about controversies in contemporary American politics; aimed at fostering analytical abilities in reading comprehension, oral, and written expression.			
Prereq: 101 or 300, and English 110 or 111, and Soph standing; or permission of instructor.			
Not open to students with credit for 367.01 or 367.01H. GE writing and comm course: level 2 and soc sci orgs and polities course.			
2400	Introduction to Political Theory	U	3
An introduction to the field of political theory through classic and contemporary texts and selected case studies.			
Prereq: Not open to students with credit for 210 or 210H. GE soc sci orgs and polities course. SS Admis Cond course.			

2400H Introduction to Political Theory

U 3

An introduction to the field of political theory through classic and contemporary texts and selected case studies.
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 210 or 210H. GE soc sci orgs and polities course.

3115 Introduction to the Policy Process

U 3

Introduction to the workings of policy-making processes within governments, and the use of social science reasoning to evaluate and improve the content of policies.
Prereq: Not open to students with credit for 305.

3170 Political Psychology

U 3

Introduces students to political psychology, its development from parent disciplines, its topics and problems, its research results and methods, and their applications to current affairs.
Prereq: Not open to students with credit for 403 or Psych 403.

3191 Political Science Internship

U 1

Combines experience in political institutions or policy processes with analysis of that experience.
Prereq: Permission of the department. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.

3220 Politics of the Developing World

U 3

A general introduction to the theoretical and substantive literature dealing with the historical development and contemporary characteristics of the new states of Asia and Africa.
Prereq: Not open to students with credit for 541. GE soc sci human, nat, and econ resources and diversity global studies course.

3225 Post-Conflict Reconstruction

U 3

Examines why some countries recover quickly from war while other countries remain poor and undeveloped. Examines current explanations of post-conflict development; provides background knowledge and tools to evaluated explanations.
GE soc sci human, nat, and econ resources and diversity global studies course.

3290 Comparative Public Policy

U 3

This course serves as an introduction to public policy in comparative perspective; its focus is on wealthy democracies. The first part of the course explores broad theories about how and why public policy differs so dramatically across countries. The second part of the course focuses on cross-national differences across specific policy domains.

3310 Defense Policy and National Security

U 3

This course addresses some of the basic issues surrounding national security policy. The primary focus is on policy issues related to the use of force between and within countries. The goal of the course is to provide the analytical tools and factual knowledge that are necessary to identify and assess current and future threats to national security.

3310H Honors Defense Policy and National Security

U 3

This course addresses some of the basic issues surrounding national security policy. The primary focus is on policy issues related to the use of force between and within countries. The goal of the course is to provide the student with the analytical tools and factual knowledge that they will need to identify and assess current and future threats to national security.
Prereq: Honors standing, and PolitSc 1300 (145) or 2300 (245); or permission of instructor. Not open to students with credit for 3310.

3420 Political Theories of Democracy

U 3

An examination of theories of democracy, focusing on normative and descriptive dilemmas such as participation versus liberty in democratic societies.
Prereq: 2400 (210). Not open to students with credit for 571.

3430 Political Theories of Freedom

U 3

Provides an overview of the various ways in which the value of human freedom has been understood and pursued in political life.
Prereq: 2400 (210). Not open to students with credit for 570.

3450 Ethics and Public Policy

U 3

Contemporary approaches to public policy evaluation and their ethical foundations, including efficiency, security, rights, welfare, and equity.
Prereq: Not open to students with credit for 304.

3460 Global Justice

U 3

Examines the idea of justice between states and among the people of the world. What would a just world look like? How should we live in our unjust world? Current debates about war, the environment, diversity and poverty will be considered.

3596 Nationalism and Ethnicity

U 3

Explores socio-political identities, especially ethnicity and nationality, from a comparative perspective. Drawing upon theories from political science, psychology, anthropology, sociology, and economics, we will study the origins and characteristics of these identities, as well as their consequences for democracy, economic development, and violent conflict.
GE soc sci indivs and groups and cross-disciplinary seminar course.

3596H Honors Nationalism and Ethnicity

U 3

Explores socio-political identities, especially ethnicity and nationality, from a comparative perspective. Drawing upon theories from political science, psychology, anthropology, sociology, and economics, we will study the origins and characteristics of these identities, as well as their consequences for democracy, economic development, and violent conflict.
Prereq: Honors standing, or permission of instructor. GE soc sci indivs and groups and cross-disciplinary seminar course.

3780 Data Literacy and Data Visualization

U 3

Introduction to the tools of data analysis in political science, with an emphasis on data visualization.
GE data only course.

3780H Data Literacy and Data Visualization

U 3

Most social science debates can be addressed with data, and sources of data are growing exponentially. This course introduces students to tools of data analysis and principles behind their use in the context of social-science applications.
GE data only course.

3905 Political Manipulation

U 3

Examines how political actors manipulate the rules and the salience and availability of information to shift political outcomes in their favor.
Prereq: Not open to students with credit for 577.

3910 Identity Politics

U 3

Explores who controls the meaning of identity in society; examining identity from the perspective of liberal, sociological, and social psychological, structuralist, and institutionalist theories.

Prereq: Not open to students with credit for 547.

4110 The American Presidency

U 3

An examination of the American presidency, emphasizing the contemporary role of the president, the institutionalized presidency, and theories of presidential behavior.
Prereq: Not open to students with credit for 501.

4115 Bureaucracy and Public Policy

U 3

An examination of bureaucracies as political institutions, and a consideration of their role in several areas of public policy implementation.
Prereq: Not open to students with credit for 510.

4120 U.S. Congress

U 3

Analysis of legislatures and legislators, with a focus on the U.S. Congress and some attention to state legislatures and representative assemblies in other countries.
Prereq: Not open to students with credit for 517. GE soc sci orgs and polities course.

4123 Political Crisis and Reform

U 3

A survey of previous episodes of major reform in American politics, focusing on strategies used by reformers, evaluating the policy and political impact of their reforms, and applying lessons from these cases to contemporary political problems.
GE historical study and soc sci orgs and polities course.

4125 American State Politics

U 3

Comparative analysis of politics in the American states.

Prereq: 1100 (101) or 3100 (300) or permission of instructor. Not open to students with credit for 507.

4126 Ohio Politics

U 3

Examination of state politics with special reference to Ohio.

Prereq: Not open to students with credit for 506.

4127 Governing Urban America

U 3

This course will examine the major problems facing urban communities in the 21st Century; the economic, social, and political forces that have historically shaped - and continue to influence - their development; the role of government in addressing urban problems; and the major participants and stakeholders in city politics.

Prereq: Not open to students with credit for 505.

4127H Governing Urban America

U 3

This course will examine the major problems facing urban communities in the 21st century; the economic, social, and political forces that have historically shaped--and continue to influence--their development; the role of government in addressing urban problems; and the major participants and stakeholders in city politics.

Prereq: Honors standing. Not open to students with credit for 4127 (505).

4130 Law and Politics

U 3

Analysis of the roles of judges and lawyers as participants in the American political process; analysis of courts as political institutions.

Prereq: Not open to students with credit for 516.

4132H Supreme Court Decision Making

U 3

Study of explanations for Supreme Court decisions; use of those explanations and independent research to predict justices' positions in current cases.

Prereq: Honors standing or permission of instructor. Not open to students with credit for 521H.

366 Political Science

4135 American Constitutional Law	U	3	4193 Individual Studies	U	1 - 10
Assessment of the contemporary realities of U.S. governmental authority as interpreted by the judiciary; emphasis on judicial review, case and controversy requirements, and legislative and executive power.			Students will devote their time to special projects including papers, exams and practical political experience.		
Prereq: Not open to students with credit for 520.			Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.		
4136 Civil Liberties	U	3	This course is graded S/U.		
An examination of civil liberties decisions by American courts, their legal and political bases, and their effects on government and society.			4200 Politics of Modern Democracies	U	3
Prereq: Not open to students with credit for 519.			A survey of the basic institutions and politics of modern democracies, with emphasis on representativeness and democratic stability.		
4137 The Politics of Legal Decision Making	U	3	Prereq: Not open to students with credit for 535.		
An examination of the literature relating social-science theories and research to the law, focusing on the criminal justice system.			4210 Politics of European Integration	U	3
Prereq: Not open to students with credit for 515.			A survey of the politics of European integration since the Second World War; topics include theories of political integration, institutions of the EU, its policies and decision making, common currency, and internal and external relations.		
4138 Women and the Law	U	3	Prereq: Not open to students with credit for 528.		
An examination of the legal status of women and the ways in which law affects the situation of women in American society.			4212 From Dictatorship to Democracy in Spain, Portugal, Italy and Greece	U	3
Prereq: Not open to students with credit for 514.			Survey of the emergence and distinguishing characteristics of stable democracies and modern societies in Spain, Portugal, Italy and Greece.		
4139 Gun Politics	U	3	Prereq: Not open to students with credit for 532. GE soc sci orgs and polities and diversity global studies course.		
Examination of the arguments and issues surrounding gun control in the United States.			4216 East European Politics	U	3
Prereq: Not open to students with credit for 518.			Systematic comparison of the sources, dynamics, and outcomes of political, economic, and social transformations in the former Communist countries of Eastern Europe.		
4139E Gun Politics	U	3	Prereq: Not open to students with credit for 530.		
Examination of the arguments and issues surrounding gun control in the United States.			4218 Russian Politics	U	3
Prereq: Not open to students with credit for 4139 (518).			Survey of the politics of Russia and the former soviet states with emphasis on democratization, economic reform, institutional development, elites, mass behavior, and ideology.		
4140 Black Politics	U	3	Prereq: Not open to students with credit for 533.		
Economic, political, and social constraints on the development of black political power; the efforts made by black people in recent times to organize for effective political action.			4219 European Political Development	U	3
Prereq: Not open to students with credit for 504 or AfAmAST 4504 (504). Cross-listed in AfAmAST 4504.			Uses experience of France, Germany, Great Britain, and Italy as foundation for understanding the emergence, functioning, and sustainability of different types of political regimes over time.		
4143 Race, Ethnicity, and American Politics	U	3	Prereq: Not open to students with credit for 529.		
The goal of this course is to explore, discuss, and better understand the relationship between perceptions of racial identity, attributions of racial difference, and politics, broadly defined.			4230 Chinese Political System	U	3
4150 American Political Parties	U	3	A study of the contemporary political process of Communist China; considerable time will be spent on an analysis of recent political change in China and the process of revolution.		
Theories of political parties, party organization, individual voting behavior, nomination and electoral politics, the party in government.			Prereq: Not open to students with credit for 537.		
Prereq: Not open to students with credit for 575. GE soc sci orgs and polities course.			4236 Southeast Asian Politics	U	3
4152 Campaign Politics	U	3	Government and politics in the Philippines, Indonesia, Indo-China, Malaysia, Thailand, Burma; problems of this region in relation to world politics.		
The organization and strategy of American political campaigns; practical politics seen in the light of knowledge about political behavior and public opinion.			Prereq: Not open to students with credit for 636.		
Prereq: Not open to students with credit for 502.			4240 Latin American Politics	U	3
4160 Public Opinion	U	3	A study of political processes, institutions, and groups in Latin America, with emphasis on constitutional, geographical, social, and economic environments in which they operate.		
Origins and nature of political attitudes; the content of public opinion; the public's influence on policy-making.			Prereq: Not open to students with credit for 540.01.		
Prereq: Not open to students with credit for 503.			4242 Incomplete Democracies	U	3
4162 Religion and American Politics	U	3	Explores various forms of violence including electoral violence and political assassination, organized crime, police brutality, and other human rights abuses in Latin America.		
Investigates the relationship between politics and religion in America, considering historical context and influence of religion on political culture, coalitions and political behavior.			Prereq: Soph standing or above. Not open to students with credit for 542 or IntStd 4242 (542). Cross-listed in IntStd.		
Prereq: Not open to students with credit for 576.			4245H Democratic Erosion	U	3
4164 Political Participation and Voting Behavior	U	3	How do democracies become less democratic? This course will explore the causes and consequences of democratic breakdown in countries around the world and over time.		
A study of political participation and its correlates, determinants of the vote decision, and analysis of recent American elections.			Prereq: Honors standing, or permission of instructor.		
Prereq: Not open to students with credit for 574.			4249 Domestic Politics of International Conflict	U	3
4165 Media and American Politics	U	3	Examination of war and the impact of domestic politics on the war-making decision; influence of domestic institutions and public opinion on leaders' ability/willingness to wage war.		
This course presents the modern study of the media and its role in the American political system, including supply and demand pressures and how they affect media content, its effects on citizens, and the emerging role of social media in politics.			Prereq: Not open to students with credit for 579.		
Prereq: Not open to students with credit for 509.			4250 African Politics	U	3
4170 Gender and Politics	U	3	An introductory survey of Sub-Saharan African politics from the pre-colonial period to the contemporary era. It will examine the common themes, issues, and trends that shape politics and development across forty-nine countries. Students will gain an understanding of how context shapes political behavior and how historical and political forces have influenced African politics.		
An examination of women's participation in political activity, including changes over time in women's political roles and comparison with the roles of men.			Prereq: Not open to students with credit for 4597.02 (Au13, African Politics), 4250H, or AfAmAST 4250. GE soc sci orgs and polities and diversity global studies course. Cross-listed in AfAmAST.		
Prereq: Not open to students with credit for 512.			4250H African Politics	U	3
4175 Women, Government, and Public Policy	U	3	An introductory survey of Sub-Saharan African politics from the pre-colonial period to the contemporary era. It will examine the common themes, issues, and trends that shape politics and development across forty-nine countries. Students will gain an understanding of how context shapes political behavior and how historical and political forces have influenced African politics.		
An examination of policymaking on gender-related issues and the impact of women in government.			Prereq: Honors standing. Not open to students with credit for 4597.02 (Au13, African Politics), 4250, or AfAmAST 4250. GE soc sci orgs and polities and diversity global studies course.		
Prereq: Not open to students with credit for 513 or WGSSt 4513 (513). Cross-listed in WGSSt 4513.					
4191 Internship	U	0 - 10			
Combines experience in political institutions or policy processes with analysis of that experience in light of relevant scholarly literature.					
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 3 completions.					

4270 The Canadian Political System

U 3

The Canadian political system, including institutional, behavioral, socio-economic, cultural, and ideological components, often in comparison with the United States' political system.
Prereq: Not open to students with credit for 527.

4280 State and Economy

U 3

Introduction to comparative political economy; relations between the state and the economy, politics and markets, and democracy and capitalism; the consequences of state intervention.
Prereq: Not open to students with credit for 580.

4282 The Politics of Income Inequality

U 3

Introduces fundamental politics of income inequality and redistribution, including social policy development, redistributive policy differences between countries, and popularity of differing welfare programs.
Prereq: Not open to students with credit for 582.

4285 The Comparative Politics of the Welfare State

U 3

Analyzes different kinds of welfare capitalism including social, economic, and political considerations shaping welfare policy; and contemporary welfare reform as an exercise in reallocation, reorganization, and budget-cutting.
Prereq: Not open to students with credit for 578.

4300 Theories of International Relations

U 3

Various theories of world politics, such as realism, liberalism, long cycles, domestic and bureaucratic politics, and decision-making level theory.
Prereq: 1300 (145). Not open to students with credit for 550.

4305 International Theory

U 3

Various theories of world politics, such as realism, liberalism, long cycles, domestic and bureaucratic politics, and decision-making level theory.
Prereq: 1300 (145).

4310 Security Policy

U 3

National security and military policy issues and trends since 1945; covers containment, deterrence, Vietnam, nuclear weapons, terrorism, and globalization.
Prereq: Not open to students with credit for 552.

4315 International Security and the Causes of War

U 3

Examines various issues regarding international conflict and cooperation, including theories of strategic interaction and the causes of war.
Prereq: Not open to students with credit for 544.

4318 The Politics of International Terrorism

U 3

Examines international terrorism's concepts and actors, the motivations and causes of terrorism, the experience of the United States, and tensions between freedoms and security.
Prereq: Not open to students with credit for 548.

4320 Strategies for War and Peace

U 3

Examination of how political leaders make decisions, emphasizing such issues as leaders' reasoning processes and the impact of public opinion and foreign policy bureaucracies.
Prereq: Not open to students with credit for 545.

4326 Russian Foreign Policy

U 3

Basic concepts about, and choices in, Russian foreign policy; development and presentation of patterns of relations with key nations; major problems in future relationships.
Prereq: Not open to students with credit for 555.

4327 Politics in the Middle East

U 3

Politics of Arab-Israeli relations, Persian Gulf, Islamic fundamentalism, and oil; processes of change and their effects on governments and international relations.
Prereq: Not open to students with credit for 546.

4330 Global Governance

U 3

Examination of emergence and form of global governance, including questions of legitimization, democratization, and enforcement; as well as collective security, humanitarian intervention, and proliferation.
Prereq: Not open to students with credit for 556.

4331 The United Nations System

U 3

Activities and potential of the United Nations system in promoting economic well-being, environmental management, resource sharing, social justice, and control of violence.
Prereq: Not open to students with credit for 551.

4332 Politics of Globalization

U 3

Examines globalization's origins, impacts on human welfare, and political conflicts that arise from it, including actions of governments, multinational corporations, and the anti-globalization movement.
Prereq: Not open to students with credit for 557.

4335 International Environmental Politics

U 3

Theories and debates over sustainable development, environment, and security, and effectiveness of international regimes with a focus on international fisheries management and global climate change.
Prereq: Not open to students with credit for 559.

4380 Political Analysis of International Economic Relations

U 3

Examines the relationship between political and economic events in the international system; topics include global interdependence, inequality, scarce resources, and periphery nation strategies.

Prereq: Not open to students with credit for 553 or 553H.

4381 Comparative International Political Economy

U 3

A survey of foreign economic policies followed by European and other advanced industrial economies since the Napoleonic Wars, with a special emphasis on Britain, France, Germany, the United States, and Japan.

Prereq: Not open to students with credit for 554.

4385 Quantitative Studies of International Conflict

U 3

Acquaints students with the quantitative literature on conflict and war.

Prereq: 4781 or equiv. Not open to students with credit for 4385E.

4385E Quantitative Studies of International Conflict

U 3

Acquaints students with the quantitative literature on conflict and war.

Prereq: 4781 or equiv. Not open to students with credit for 4385.

4455 Human Rights

U 3

Examines human rights, including the United Nations Declaration on Human Rights; coercive enforcement of rights; as well as hunger, violence, persecution, and economic rights.

Prereq: Not open to students with credit for 564.

4465 Feminist Political Theory

U 3

Examines concepts in feminist political theory including the articulation of feminism, the subjects of feminist theory, the relation of race, class and sexuality to gender experience, and the use of feminist theory to transform conceptions of justice.

Prereq: Not open to students with credit for WGSSt 4465. Cross-listed in WGSSt.

4553 Game Theory for Political Scientists

U 3

Provides entry-level understanding of the basic concepts of game theory and how these concepts are applied to the study of political phenomena.

Prereq: Not open to students with credit for 567.

4553H Game Theory for Political Scientists

U 3

Provides entry-level understanding of the basic concepts of game theory and how these concepts are applied to the study of political phenomena.

Prereq: Not open to students with credit for 4553 (587).

4597.01 International Cooperation and Conflict

U 3

An examination of the relationships industrialized countries have with each other and developing nations; focus on potential for cooperation and conflict.

Prereq: Jr or Sr standing. Not open to students with credit for 597.01 or 597.01H. GE cross-disciplinary seminar.

4597.02 Political Problems of the Contemporary World

U 3

Critical political problems of industrialized and developing societies, including governmental legitimacy, conflict and violence, social welfare, equality, and economic development.

Prereq: Jr or Sr standing. Not open to students with credit for 597.02, 597.02E, or 597.02H. GE cross-disciplinary seminar course.

4597.02H Political Problems of the Contemporary World

U 3

Critical political problems of industrialized and developing societies, including governmental legitimacy, conflict and violence, social welfare, equality, and economic development.

Prereq: Honors standing or permission of instructor; and Jr or Sr standing. Not open to students with credit for 597.02, 597.02H, or 597.02E. GE cross-disciplinary seminar course.

4597.03 Gender and Democracy in the Contemporary World

U 3

Highlighting perspectives from various contexts across the globe, this course explores issues of gender and democracy in the contemporary world.

Prereq: Sr standing, or permission of instructor. Not open to students with credit for 597.03 or WGSSt 4597 (597). GE cross-disciplinary seminar course. Cross-listed in WGSSt 4597.

4780 Thesis Research Colloquium

U 3

Designed for Political Science majors writing senior theses. We will study the elements of a successful research paper including how to formulate a question, how to identify the right method for investigating it, and how to conduct research.

Concur: Second semester Jr standing, or permission of instructor.

4781 Data Analysis in Political Science I

U 3

Covers basic techniques for analyzing data in political science.

Prereq: Math 1151 and one course in PolitSc at the 3000 level or above; or permission of instructor. Not open to students with credit for 485, 4781H (485H), 585, or 585H. GE data anal course.

4782 Data Analysis in Political Science II

U 3

Covers advanced techniques for analyzing data in political science.

Prereq: Math 1151 and 4781 (485), or permission of instructor. Not open to students with credit for 586.

4784 Complexity Science and the Study of Politics

U 3

Familiarize students with agent-based models and complexity science to better understand political behavior.

Prereq: 3780 or 4781, or permission of instructor. Not open to students with credit for 4784E.

368 Political Science

4784E Complexity Science and the Study of Politics	U	3	5000 Quantum Mind and Social Science	U G	3
Familiarize students with agent-based models and complexity science to better understand political behavior.					
Prereq: 3780 or 4781, or permission of instructor. Not open to students with credit for 4784.			Examines the growing, if still speculative, possibility that consciousness and therefore society are macroscopic quantum mechanical phenomena. If that's right, today's social sciences are based upon a fundamental mistake since they assume that human beings are classical machines. Replacing classical assumptions in social science with quantum ones would be a revolution in thought.		
Prereq: Permission of instructor.					
4891 Topics in American Politics	U	3	5411 Justice, Sin, and Virtue: Ancient & Medieval Political Thought	U G	3
Selected topics in American politics; topics vary by section and instructor. Repeatable to a maximum of 6 cr hrs.					
4891H Honors Seminar in American Politics	U	3	This course focuses on foundational texts in western political thought: from ancient Athens, republican and imperial Rome, the Christian middle ages, and the Italian Renaissance. These works deal with themes that remain central in modern political life, including social justice, political action and religious faith, and the struggle between civic virtue and self-interest.		
Intensive study of selected political science topics and issues in a seminar format; topics vary. Prereq: Honors standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.			Prereq: Not open to students with credit for 4411 (470), or 6411 (670).		
4892 Topics in Comparative Politics	U	3	5412 Life, Liberty, and Property: Early Modern Political Thought	U G	3
Selected topics in comparative politics; topics vary by section and instructor. Repeatable to a maximum of 6 cr hrs.					
4893 Topics in International Politics	U	3	Why do we have government? What are the proper limits of its authority? What should we do when its demands conflict with our moral or religious beliefs? These questions lie at the center of early modern political thought, and gave rise to the idea of the social contract.		
Selected topics in international politics; topics vary by section and instructor. Repeatable to a maximum of 6 cr hrs.			Prereq: Not open to students with credit for 4412 (471) or 6412 (671).		
4893H Honors Seminar in International Politics	U	3	5413 Democracy, Equality & Revolution: 19th Century Political Thought	U G	3
Intensive study of selected political science topics and issues in a seminar format; topics vary. Prereq: Honors standing or permission of instructor. Repeatable to a maximum of 12 cr hrs.			This course examines some of the earliest and most influential attempts to wrestle with the practical implications of living in a world where people were not only considered equal in theory, but were becoming equal in fact. Topics of discussion will include the relationship between liberty and equality, individualism and conformity, alienation and exploitation, and morality and power.		
4894 Topics in Political Theory	U	3	Not open to students with credit for 6413 (672) or 4413 (472).		
Selected topics in political theory; topics vary by section and instructor. Repeatable to a maximum of 6 cr hrs.			Prereq: Not open to students with credit for 4414 (473) or 6414 (673).		
4894H Honors Seminar in Political Theory	U	3	5414 Liberalism, Totalitarianism, and Empire: 20th Century Political Thought	U G	3
Intensive study of selected political science topics and issues in a seminar format; topics vary. Prereq: Honors standing or permission of instructor. Repeatable to a maximum of 12 cr hrs.			The 20th century was a time of unprecedented transformations: world wars, genocide, the collapse of colonialism and the spread of capitalism. This course examines the political theories that contributed to these developments as well as efforts to understand these changes.		
4910 Business-Government Relations	U	3	Prereq: Not open to students with credit for 4414 (473) or 6414 (673).		
Explores the relationships between business and government, including topics ranging from regulatory politics and legislative lobbying, to trade politics and multinational corporations, to business ethics.			6194.01 Contemporary Political Problems	G	3
Prereq: Not open to students with credit for 511.			Contemporary political problems.		
4910H Business-Government Relations	U	3	Repeatable to a maximum of 18 cr hrs or 6 completions.		
Explores the relationships between business and government, including topics ranging from regulatory politics and legislative lobbying, to trade politics and multinational corporations, to business ethics.			6194.02 Contemporary American Political Problems	G	3
Prereq: Honors standing or permission of instructor. Not open to students with credit for 511 or 511H.			Contemporary political problems.		
4920 Politics in Film and Television	U	3	Repeatable to a maximum of 18 cr hrs or 6 completions.		
Political films and TV shows often convey an understanding of the political world. How films portray the political process may influence society's attitudes toward politicians and government. Students will compare the portrayal of politics in films and TV to the reality as understood through political science. This is not part of the Film Studies major and does not count toward requirements.			6194.03 Contemporary Comparative Political Problems	G	3
Prereq: Not open to students with credit for 4920H.			Contemporary political problems.		
4920H Politics in Film and Television	U	3	Repeatable to a maximum of 18 cr hrs or 6 completions.		
Political films and TV shows often convey an understanding of the political world. How films portray the political process may influence society's attitudes toward politicians and government institutions. Students will compare the portrayal of politics in films and TV to the reality as understood through political science. This is not part of the FilmStd major and does not count toward requirements.			6194.04 Contemporary International Political Problems	G	3
Prereq: Honors standing. Not open to students with credit for 4920.			Contemporary political problems.		
4940 The Politics of Immigration	U	3	Repeatable to a maximum of 18 cr hrs or 6 completions.		
Provides overview of international migration phenomenon: patterns of international migration, reasons for immigration, acceptance of immigrants by governments and public, dynamics of anti-immigrant sentiment.			6194.05 Contemporary Theoretical Political Problems	G	3
Prereq: Not open to students with credit for 543.			Contemporary political problems.		
4998 Undergraduate Research in Political Science	U	1 - 10	Repeatable to a maximum of 18 cr hrs or 6 completions.		
Undergraduate research in variable topics.			6350 Politics of Global Climate Change	G	3
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.			Climate change is among the most important challenges of our time and is the subject of heated political debate within and across countries. This course provides an advanced overview of the politics of climate change, with an emphasis on its international and global dimensions.		
This course is graded S/U.			Prereq: Grad standing.		
4999 Undergraduate Thesis Research	U	2 - 4	7000 Foundations of Political Science	G	3
Thesis research with thesis adviser. Minimum of two semesters required of candidates for BA with research distinction in political science. Must meet standards for graduation with research distinction.			Introductory study of diverse efforts to ground knowledge of politics, positivist, and post-positivist views of science, sources of formal rigor, and interpretation and evaluation.		
Prereq: Sr standing, and enrollment in PolitiSc major, and permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.			Prereq: Not open to students with credit for 790.		
4999H Honors Thesis Research	U	2 - 4	7095 Teaching Political Science	G	1
Honors thesis research with thesis adviser. Minimum of two semesters required of candidates for BA with distinction in political science.			Examination of issues in teaching political science in colleges and universities, and preparation for teaching careers.		
Prereq: Honors standing, and Sr standing, and enrollment in Political Science major, and permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.			Prereq: Not open to students with credit for 795. Repeatable to a maximum of 2 completions.		
This course is graded S/U.			This course is graded S/U.		
7100 Foundations of American Politics	G	3	7101 Classics in American Politics	G	3
Introduction to central research areas and literature of the field of American politics.					
Prereq: Not open to students with credit for 709.			Examination of basic concepts and approaches; consideration of methodological and substantive problems encountered at various levels of analysis.		
Prereq: Not open to students with credit for 709.			Repeatable to a maximum of 6 cr hrs or 2 completions.		

7110 The American Presidency	G 3	7193.05 Political Methodology	G 1 - 10
Examination of presidential research and analysis of literature on selected aspects of the presidency.		Individual studies in political science; student work is evaluated by papers and/or special examinations.	
Prereq: Not open to students with credit for 701.		Repeatable to a maximum of 36 cr hrs or 36 completions. This course is graded S/U.	
7115 Bureaucratic Politics	G 3	7200 Basic Theories in the Study of Comparative Politics	G 3
Intensive readings in the research literature on American political bureaucracy.		Examination of such concepts and theories as structural-functional analysis, general systems theory, and sociocultural systems as determinants of governmental structures.	
Prereq: Not open to students with credit for 817.		Prereq: Not open to students with credit for 725.	
7120 Legislative Politics	G 3	7205 Democratic Transitions	G 3
Analysis of the functioning and policy product of American legislatures; intensive reviews of selected aspects of the legislative literature to be conducted.		Theoretical examination of the dynamics of the transition from authoritarian to democratic regimes, with special attention to southern Europe and South America.	
Prereq: Not open to students with credit for 717.		Prereq: Not open to students with credit for 744.	
7125 Federalism	G 3	7206 Comparative Political Institutions	G 3
Examination of how multi-level governance shapes the incentives of political elites and affects the ability of voters to hold officials accountable. Covers both American and comparative politics topics and substantive questions dealing with political institutions and mass behaviors.		Study of state building process, regime types, and contemporary governmental institutions from a broad cross-national perspective.	
Prereq: Not open to students with credit for 704.		Prereq: Not open to students with credit for 776.	
7130 Courts	G 3	7208 State-Building	G 3
Examination of the judicial process with emphasis on the work of trial courts and the roles of courts as policy makers.		Where do national states come from? How strong are they? Course surveys contemporary answers to both questions, examining political, military-strategic, ecological, and cultural explanations for formation and development of national states in Europe.	
Prereq: Not open to students with credit for 715.		Prereq: Not open to students with credit for 726.	
7140 Race and Ethnicity	G 3	7212 Southern European Politics	G 3
An examination of the role of race and ethnicity in American politics, including public opinion, political incorporation, electoral behavior, and minority representation.		A comprehensive overview of government and politics in Greece, Italy, Portugal, and Spain.	
Prereq: Not open to students with credit for 707.01 or 707.02.		Prereq: Not open to students with credit for 727.02.	
7150 Readings in American Political Parties	G 3	7220 The Politics of the Developing World	G 3
Intensive study of literature on selected aspects of American political parties.		Theories, approaches, and methods in the analysis of political life in Asia, Africa, and Latin America; discussion of selected case and cross-national studies with theoretical importance.	
Prereq: Not open to students with credit for 775.		Prereq: Not open to students with credit for 741.	
7155 Interest Groups	G 3	7230 Chinese Politics	G 3
Roles and impact of interest groups in American politics, including formation, recruitment, and maintenance of organizations; grassroots mobilization; and lobbying in legislatures, courts, and bureaucracies.		A seminar for the purpose of reading advanced scholarly materials on contemporary Chinese politics.	
Prereq: Not open to students with credit for 711.		Repeatable to a maximum of 9 cr hrs.	
7160 Public Opinion	G 3	7250 Comparative Political Parties and Interest Groups	G 3
Intensive analysis of literature on selected topics in public opinion.		Comparative analysis of the nature and role of political parties and interest groups in contemporary societies.	
Prereq: Not open to students with credit for 703.		Prereq: Not open to students with credit for 7789 (789) in AEDEcon or BusMktg or Econ or EduPL or Geog or JCom or Psych or PubHlth or PubPolM or Sociol, and Stat 778.	
7164 Political Behavior	G 3	7264 Comparative Political Behavior	G 3
Intensive examination of literature on selected topics in the area of participation and voting behavior in the United States.		A cross-national examination of political behavior, including such topics as socialization, participation, voting, elite behavior, mass-elite linkages.	
Prereq: Not open to students with credit for 774.		Prereq: Not open to students with credit for 777.	
7168 Political Communication	G 3	7280 Comparative Political Economy	G 3
A graduate-level examination of the role of communication in American politics, acquainting the student with the literature on political communication and stimulating ideas for original research in political communication.		A graduate-level course designed to survey contemporary theories on the interaction between economic policies, domestic institutions, the international economy, and their consequences on the macroeconomy.	
Prereq: Not open to students with credit for 713 or Comm 7713 (713). Cross-listed in Comm 7713.		Prereq: Not open to students with 1 completion for 7280 (735). Repeatable to a maximum of 6 cr hrs. Cross-listed in Econ 6745.	
7170 Gender and Politics	G 3	7281 The Political Economy of Income Inequality, Volatility, and Mobility	G 3
An examination of the role of gender in American politics, including public opinion, electoral behavior, political institutions, and policy making.		Examines patterns, political and institutional foundations, and consequences of income inequality, volatility, and mobility, plus dynamic aspects of income distributions.	
Prereq: Not open to students with credit for 712.		Prereq: Not open to students with credit for 781.	
7190 Readings on the Policy Process	G 3	7300 Theories of International Relations	G 3
Consideration of the basic theories, concepts, and techniques used in policy analysis; the determinants of public policy; and the impact and evaluation of public policy.		Examination of such basic concepts and theories as equilibrium models, balance of power, national interest, geopolitical configurations.	
Prereq: Not open to students with credit for 779.		Prereq: Not open to students with credit for 745.	
7193.01 American Politics	G 1 - 10	7310 Security Policy	G 3
Individual studies in political science; student work is evaluated by papers and/or special examinations.		Theories of conflict and war causation and an assessment of their durability in a new era of world politics.	
Repeatable to a maximum of 36 cr hrs or 36 completions. This course is graded S/U.		Prereq: Not open to students with credit for 752.	
7193.02 Comparative Politics	G 1 - 10	7312 Critical Security Studies	G 3
Individual studies in political science; student work is evaluated by papers and/or special examinations.		Introduces students to the Political Science subfield of Critical Security Studies (CSS).	
Repeatable to a maximum of 36 cr hrs or 36 completions. This course is graded S/U.		Prereq: Not open to students with credit for 8194.03 (Sp15, Critical Security).	
7193.03 International Politics	G 1 - 10	7315 Conflict and Peace	G 3
Individual studies in political science; student work is evaluated by papers and/or special examinations.		Sources and types of social conflict with special attention to international violence; causes of war; their avoidance and control.	
Repeatable to a maximum of 36 cr hrs or 36 completions. This course is graded S/U.		Prereq: Not open to students with credit for 751.	
7193.04 Political Theory	G 1 - 10	7320 Foreign Policy Design	G 3
Individual studies in political science; student work is evaluated by papers and/or special examinations.		Problems of designing foreign policy, including organizational, contextual, economic, and public opinion constraints; how to create an information retrieval system to aid decision-making.	
Repeatable to a maximum of 36 cr hrs or 36 completions. This course is graded S/U.		Prereq: Not open to students with credit for 756.	

370 Political Science

7330 International Organization: Global Governance	G	3	7720 Political Psychology and International Relations	G	3
Examination of global governance in such terms as changing political, legal, and normative contexts; security, economic, and environmental issues; state and non-state actors; and tools such as force, discipline, and law.					
Prereq: Not open to students with credit for 760.					
7334 International Organization: Rationalist Approaches	G	3	7780 Political Science Research Methods	G	3
Comprehensive view of international governmental, non-governmental, and business organizations; their roles in solving problems such as poverty, war, pollution; particular attention to the United Nations system.					
Prereq: Not open to students with credit for 759.					
7336 International Order	G	3	7781 Text as Data	G	3
Discussion of the leading books written on the subject of international order.					
7340 Social Theories of International Relations	G	3	7785 Experimental Design	G	3
An examination of the main themes, debates, and social theories of world politics.					
Prereq: Not open to students with credit for 748.					
7375 Quantitative Studies of International Security	G	3	7788 Selected Topics in Political Methodology	G	3
Survey of quantitative empirical studies of war, civil war, militarized disputes, and conflict.					
Prereq: 7553 (786). Not open to students with credit for 849.					
7380 Theories of International Political Economy	G	3	7880 The Field of Political Economy	G	3
Contemporary literature in international political economy; its ties to classical schools of thought in international relations and political economy; points of contention between them.					
Prereq: Not open to students with credit for 753.					
7381 Institutions and International Political Economy	G	3	7888 Field Research Methods	G	3
Examines international political economy from the perspective of institutions and institutionalist theories in political science, economics, and international relations.					
Prereq: Not open to students with credit for 770.					
7400 Fundamental Concepts in Political Theory	G	3	7905 Political Institutions	G	3
A graduate survey of the scope, concepts, and methods of political theory, examining important debates throughout political science through works of both canonical and contemporary thinkers.					
Prereq: Not open to students with credit for 763.					
7410 Radical Cosmopolitanism	G	3	8000 Writing and Publishing in Political Science	G	3
The notion of cosmopolitanism has enjoyed renewed interest among political and critical theorists. This course engages critically with Immanuel Kant's classic account and examines its roots and anthropological commitments seriously and puts it in dialogue with colonial and post-colonial intellectuals, including W. E. B. Du Bois who thought systematically about justice beyond the nation.					
Prereq: Not open to students with credit for 7499 (Au 2015).					
7420 Democratic Theory	G	3	8194.01 Contemporary Political Problems: US	G	3
Democratic theory.					
Prereq: Not open to students with credit for 764.					
7499 Selected Topics in Political Theory	G	3	8194.02 Contemporary Political Problems: Comparative	G	3
Intensive joint readings and discussions concentrating upon one of the major themes, problems, or movements in political theory; topic information available from instructor.					
Prereq: Not open to students with credit for 766.					
7551 Quantitative Political Analysis: I	G	3	8194.03 Contemporary Political Problems: International	G	3
Explication, interpretation, and application of techniques for quantitative analysis of political data; descriptive and inferential statistics, with emphasis on bi-variate analysis.					
Prereq: Not open to students with credit for 685.					
7552 Quantitative Political Analysis: II	G	3	8194.04 Contemporary Political Problems: Political Theory	G	3
Descriptive and inferential statistics with emphasis on multivariate analysis; additional topics offered as desired and possible: scaling, index construction, sampling, measurement reliability.					
Prereq: 7551. Not open to students with credit for 686.					
7553 Quantitative Political Analysis: III	G	3	8194.05 Contemporary Political Problems: Methodology	G	3
A continuation of subjects begun in 7552, including such topics as scaling, index construction, sampling, and measurement reliability.					
Prereq: 7551 and 7552. Not open to students with credit for 786.					
7681 Formal Theories of Politics I	G	3	8781 Research in American Politics	G	3
Major approaches used in modeling politics, including social choice, game theory, and probability models.					
Prereq: Not open to students with credit for 680.					
7700 Foundations of Political Psychology	G	3	8782 Research in Comparative Politics	G	3
Overview of the field of political psychology, causes, dynamics, and consequences of human thinking and action in politics.					
Prereq: Not open to students with credit for 806.					
7702 Survey and Questionnaire Design	G	3	8783 Research in International Politics	G	3
Theories of the survey research response process and their implications for question wording and question order effects.					
Prereq: Not open to students with credit for 702.					
7784 Research in Political Theory	G	3	8784 Research in Political Theory	G	3
Research seminar in political theory.					
Prereq: Not open to students with 12 cr hrs for 866. Repeatable to a maximum of 12 cr hrs.					
This course is graded S/U.					

8999 Dissertation Research in Political Science G 1 - 12

Research for dissertation purposes only.
Repeatable. This course is graded S/U.

Portuguese

1101.01 Portuguese I	U 4
Development of listening, reading, speaking, and writing skills in cultural contexts. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: Not open to students with credit for 101.01 or 101.51. This course is available for EM credit. GE for lang course. FL Admis Cond course.	
1101.51 Portuguese I Individualized	U 1 - 4
Development of listening, reading, speaking, and writing skills in cultural contexts. This course is designed for individualized instruction. Completion of 4 cr hrs before end of semester required for 1102.51. Progress sequential cr hr to cr hr, with 80% proficiency required for advancement. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: Not open to students with credit for Portgse 1101.01 (Portgese 101.01), 101.51, or 501. Repeatable to a maximum of 4 cr hrs or 4 completions. GE for lang course. FL Admis Cond course.	
1102.01 Portuguese II	U 4
Further development of listening, reading, speaking, and writing skills in cultural contexts. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: Portgse 1101.01 (Portgese 101.01) or 1101.51 (101.51). Not open to students with credit for Portgse 1102.51 (Portgese 102.51), 102.01, or 501. This course is available for EM credit. GE for lang course. FL Admis Cond course.	
1102.51 Portuguese II Individualized	U 1 - 4
Further development of listening, reading, speaking, and writing skills in cultural contexts. This course is designed for individualized instruction. Completion of 4 cr hrs before end of semester required for 1103.51. Progress sequential cr hr to cr hr, with 80% proficiency required for advancement. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: A grade of B- or above in Portgse 1101.01 (Portgese 101) or 4 cr hrs in 1101.51 (101.51). Not open to students with credit for Portgse 1102.01 (Portgese 102.01), 102.51, or 501. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.	
1103.01 Portuguese III	U 4
Continued development of listening, reading, speaking, and writing skills in cultural contexts. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: Portgse 1102.01 (Portgese 101.01 and 102.01), 102.51, or 501. Not open to students with credit for Portgse 5502 (Portgese 502), 103.01, 103.51, 104, or 104.51. This course is available for EM credit. GE for lang course. FL Admis Cond course.	
1103.51 Portuguese III Individualized	U 1 - 4
Continuing development of listening, reading, speaking, and writing skills in cultural contexts. This course is designed for individualized instruction. Progress sequential cr hr to cr hr, with 80% proficiency required for advancement. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: A grade of B- or above in Portgse 1102.01 (Portgese 101.01 and 102.01) or 4 cr hrs in 1102.51 (102.51). Not open to students with credit for Portgse 5502 (Portgese 502), 103.01, or 103.51. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course	
2159 Narratives of Travel and Intercultural Contact in the Early Modern Imperial World	U 3
Studies relationship between literature and empire by reading early modern narratives of travel and intercultural contact, with particular attention to Portuguese role in European expansion. Prereq: Not open to students with credit for Portgese 159. GE lit and diversity global studies course.	
2193 Individual Studies	U 1 - 9
Independent study for subject matter not covered in regularly offered courses. Prereq: Permission of instructor. Repeatable to a maximum of 59 cr hrs or 59 completions. This course is graded S/U.	
2194 Group Studies	U 1 - 9
Group Studies. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 18 completions. This course is graded S/U.	
2330 Introduction to Brazilian Culture	U 3
Integrated, multidisciplinary overview of modern Brazilian culture in terms of its visual, plastic, musical, literary, dramatic, and popular arts within socio-economic and political context. Prereq: Not open to students with credit for Portgese 330. GE cultures and ideas and diversity global studies course.

Examines Portuguese culture, taking into account intersections with other cultural contexts (e.g., in Europe, Africa, Asia, and the Americas). Taught in English. Prereq: Not open to students with credit for Portgese 331. GE cultures and ideas and diversity global studies course.	

2335 Cannibal Brazil: Cultural Encounters and Negotiations of Identity in Literature and Culture U 3

Explores a fundamental topic within Brazilian culture, from colonial times to present; cannibalism as cultural practice in both literal and discursive realms.
Prereq: Not open to students with credit for 335. GE VPA course.

2797 Topics in Foreign Study U 1 - 9

Credit from study abroad for courses not offered by department at the GE level. Courses may be taught in Portuguese or English.
Prereq: Permission of departmental study abroad advisor. Repeatable.

2798.10 Contemporary Issues in Brazil: Cultural, Environmental, & Racial Politics in the SE & NE Regions U 3

Consists of lectures on special topics by the faculty of University of the UNESP-SJRP, and of ACBEU-Salvador, fieldtrips, and survival Portuguese classes. In Salvador, the course will explore some of the contemporary advances and challenges of the people of Bahia Brazil socially, culturally and environmentally.
GE education abroad course.

3401 Advanced Portuguese Grammar U 3

In-depth examination of difficult points of Portuguese grammar; emphasis on comprehension of key grammatical concepts in the language. Not open to native speakers of this language through regular course enrollment or EM credit.

Prereq: Portgse 1103.01 (Portgese 103.01 and 104.01) or 5502 (502), or equiv, or permission of instructor. Not open to students with credit for Portgese 401.

3402 Portuguese Reading and Listening U 3

Development of students' reading and listening skills through newspapers, magazines, radio and TV stories, and newscasts. Not open to native speakers of this language through regular course enrollment or EM credit.

Prereq: Portgse 1103.01 (Portgese 104) or 5502 (502), or permission of instructor. Not open to students with credit for Portgese 402.

3403 Portuguese Conversation and Composition U 3

Intensive practice in conversation and composition based on short stories written by Lusophone authors with review of grammar. Not open to native speakers of this language through regular course enrollment or EM credit.

Prereq: Portgse 1103.01 (Portgese 103.01 and 104.01) or 5502 (502), or equiv, or permission of instructor. Not open to students with credit for Portgese 202 or 403.

3450 Introduction to the Study of Literatures and Cultures U 3

Strategies for reading and extensive practice in analyzing literary and cultural texts from the Portuguese-speaking world.

Prereq: Portgse 3401 (Portgese 401), 3402 (402), 3403 (403) or 5502 (502), or permission of instructor. Not open to students with credit for Portgese 450.

3570 CLLC Radio U 3

Student partners prepare 3 target language broadcasts, each 1 hour in length. Broadcasts stream live over the Internet, then become podcast for public use. Student "DJs" conduct target language research on radio broadcast history and at least 15 thematic topics and related music that interests them. Students choose their music and content with approval and guidelines, then produce scripts.

Prereq: Permission of instructor.

4193 Individual Studies U 1 - 9

Individual studies.

Prereq: Portgese 3401 (Portgese 401), 3402 (402), 3403 (403); or 5502 (502) and Grad standing; or permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.

4194 Group Studies U 1 - 9

Topics vary.

Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.

4510 Portuguese Translation U 3

Advanced practice in Portuguese-to-English translation based primarily on the contemporary written Portuguese of Brazil and Portugal; emphasis on formal grammar and style.

Prereq: Portgse 3401 (Portgese 401), or permission of instructor. Not open to students with credit for Portgese 510.

4550 Literatures of the Portuguese Speaking World U 3

In-depth study of a major topic or problem in the literatures and cultures of the Portuguese-speaking world (Portugal, Brazil, Lusophone Africa and Lusophone Asia).

Prereq: 3450 (450) with a C- or better; or 5502 (502) and Grad standing; or permission of instructor. Repeatable to a maximum of 12 cr hrs.

4560 Cultural Expressions of Portugal and Lusophone Africa U 3

The culture of Portugal and Portuguese Africa from their founding to the present through the study of selected Portuguese-language literature, news, and film.

Prereq: Portgse 3450 (Portgese 450); or 5502 (502), and Grad standing; or permission of instructor. Not open to students with credit for Portgese 560.

4561 Cultural Expressions of Brazil U 3

Study of the development of Brazilian culture through its Portuguese language, literature, folklore, music, art, and film; special emphasis on contemporary issues.

Prereq: Portgse 3450 (Portgese 450); or 5502 (502), and Grad standing; or permission of instructor. Not open to students with credit for Portgese 561.

372 Portuguese

4595 Special Topics in Foreign Study	U	1 - 9	5650 Studies in Literatures and Cultures of the Portuguese-Speaking World	U G	3
Credit from study abroad for courses not offered by department but eligible for Portuguese major core. Arranged only with permission of Departmental study abroad adviser.			Intensive exploration of a specific topic or problem; topic varies, for example: modern Brazilian novel, Luso-African literature, Portuguese poetry since 1974.		
Prereq: Portgse 3450 (Portgese 450); or 5502 (502), and Grad standing; or permission of instructor. Used only to convert Portgse 5797 (Portgese 697) credit to more appropriate level. Repeatable to a maximum of 59 cr hrs or 16 completions.			Prereq: 3450 (P450) and one 4500 (500) level literature and/or culture course; or 5502 (502) and Grad standing; or permission of instructor. Not open to students with credit for 650. Repeatable to a maximum of 9 cr hrs.		
4597.01 Coloniality and Postcoloniality in the Literatures of Portugal and Portuguese-Speaking Africa	U	3	5797 Study at a Foreign Institution	U G	1 - 9
Focuses on literary representations of the Portuguese colonial experience in Africa in Portuguese and African texts, and their contribution to understanding contemporary postcolonial issues.			An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.		
Prereq: English 110. Not open to students with credit for Portgese 597.01. GE diversity global studies and cross-disciplinary seminar course.			Repeatable.		
4597.02 Representing Identity in the Cinema of the Portuguese-Speaking World	U	3	6193 Individual Studies	G	1 - 9
How film in the contemporary Portuguese-speaking world (e.g., Brazil, Portugal, Angola) reflects on race, ethnicity, multiculturalism, and transnational contact.			Individual studies.		
Prereq: English 110. Not open to students with credit for Portgese 597.02. GE diversity global studies and cross-disciplinary seminar course.			Prereq: Permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.		
4606 Business Culture and Communication in Portuguese	U	3	6194 Group Studies	G	1 - 9
Use of Portuguese in work- and business-related situations; and development of oral and written language to be used in business.			Group studies.		
Prereq: Portgse 3401 (Portgese 401), 3402 (402), or 3403 (403); or 5502 (502), and Grad standing; or permission of instructor. Not open to students with credit for Portgese 606.			Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.		
4798 Study Tours	U	1 - 9	6999 Research for Thesis	G	1 - 9
Study Tour.			Research for thesis.		
Prereq: Permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.			Prereq: Permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.		
4998H Honors Research	U	1 - 9	7300 Studies in Portuguese Linguistics	G	3
Honors research.			Analysis of Portuguese morphology and phonology using contemporary linguistic framework; topic varies from year to year and may be historical or synchronic.		
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.			Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
4999 Research for Thesis	U	1 - 9	7440 Cinema of the Portuguese-Speaking World	G	3
Undergraduate research for thesis.			In-depth study of a major topic or problem in the cinema of the Portuguese-speaking world (Portugal, Brazil, Lusophone Africa, and Lusophone Asia).		
Prereq: Permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.			Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
4999H Research for Honors Thesis	U	1 - 9	7500 Studies in Literatures and Cultures of the Portuguese-Speaking World	G	3
Topics vary based on research interests.			In-depth study of topics in the literatures and cultures of Brazil, Portugal, Lusophone Africa, and Lusophone Asia.		
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.			Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
5501 Portuguese for Spanish Speakers I	U G	3	8193.01 Individual Studies	G	1 - 9
Rapid introduction to Portuguese language intended for students with at least High Intermediate-level Spanish skills.			Independent Study of a focused problem or topic in the literatures and cultures of the Portuguese-speaking world.		
Prereq or concur: Spanish 3401, 3403, or 3404, or equiv, or permission of instructor. Not open to students with credit for Portgese 1101.01 (101), 1102.01 (102), 1103.01 (103.01), 104.01, or 501, or equiv.			Prereq: Permission of instructor. Repeatable. This course is graded S/U.		
5502 Portuguese for Spanish Speakers II	U G	3	8193.02 PhD Exam Preparation	G	1 - 9
Continuation of 501; Portuguese language for students with at least intermediate-level Spanish skills.			Independent Study to prepare for upcoming PhD examination.		
Prereq: 5501 (501). Not open to students with credit for 1101.01 (101.01), 1102.01 (102.01), 1103.01 (103.01) and 104.01, or equiv.			Prereq: Permission of instructor. Repeatable to a maximum of 99 cr hrs. This course is graded S/U.		
5510 Literatures and Cultures in Portuguese, From the Middle Ages to Neoclassicism	U G	3	8194 Group Studies	G	1 - 3
Overview of literature and culture in the Portuguese-speaking world from the twelfth to the eighteenth centuries.			Group study of focused problems and topics in the literatures and cultures of the Portuguese-speaking world.		
Prereq: 3450 (450) with a C- or better, or Grad standing; or permission of instructor.			Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 18 completions.		
5520 Literatures and Cultures in Portuguese, from Romanticism to Modernism	U G	3	8500 Seminar in Literatures and Cultures of the Portuguese-Speaking World	G	3
Overview of literatures and cultures of the Portuguese-speaking world in the nineteenth to the early twentieth centuries.			Detailed exploration of advanced issues in the literatures and cultures of Brazil, Portugal, Lusophone Africa and Lusophone Asia.		
Prereq: 3450 (Portgese 450) with a C- or better, or Grad standing; or permission of instructor.			Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
5530 Literatures and Cultures in Portuguese, from Modernism to the Present	U G	3	8999 Research for Dissertation	G	1 - 9
Overview of literatures and cultures of the Portuguese-speaking world in the early twentieth to the twenty-first centuries.			Research for dissertation.		
Prereq: 3450 (Portgese 450) with a C- or better, or Grad standing; or permission of instructor.			Prereq: Permission of instructor. Repeatable to a maximum of 59 cr hrs or 16 completions. This course is graded S/U.		
5611 The Portuguese Language	U G	3	Psychology		
Focus on the diversity of Portuguese. Examines the principal areas of linguistic variation in Portuguese and the main dialect differences between Brazil and Portugal. Students conduct basic analyses of linguistic data using computerized corpus tools for hypothesis-testing. Taught in Portuguese.					
Prereq: 3401 (401); or 5502 (502) and Grad standing; or permission of instructor. Not open to students with credit for Portgese 611.					
1100 Introduction to Psychology	U	3	1100 Introduction to Psychology	U	3
A prerequisite to advanced courses; a broad survey of psychological science. Application of the scientific method to the empirical study of behavior with emphasis on individual and cultural differences.			A prerequisite to advanced courses; a broad survey of psychological science. Application of the scientific method to the empirical study of behavior with emphasis on individual and cultural differences.		
Prereq: Not open to students with credit for 100, 1100H (100H) or 1100E (100E). This course is available for EM credit. GE soc sci indivs and groups and diversity soc div in the US course.			Prereq: Honors standing, or permission of instructor. Not open to students with credit for 1100 (100), 1100H (100H), or 100E. GE soc sci indivs and groups and diversity soc div in the US course.		
1100E Introduction to Psychology	U	3	1100E Introduction to Psychology	U	3
A prerequisite to advanced courses; a broad survey of psychological science. Application of the scientific method to the empirical study of behavior with emphasis on individual and cultural differences.			A prerequisite to advanced courses; a broad survey of psychological science. Application of the scientific method to the empirical study of behavior with emphasis on individual and cultural differences.		
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 1100 (100), 1100H (100H), or 100E. GE soc sci indivs and groups and diversity soc div in the US course.			Prereq: Honors standing, or permission of instructor. Not open to students with credit for 1100 (100), 1100H (100H), or 100E. GE soc sci indivs and groups and diversity soc div in the US course.		

1100H Introduction to Psychology

U 3

A prerequisite to advanced courses; a broad survey of psychological science. Application of the scientific method to the empirical study of behavior with emphasis on individual and cultural differences.

Prereq: Honors standing, or permission of instructor. Not open to students with credit for 1100 (100), 1100E (100E), or 100H. GE soc sci indivs and groups and diversity soc div in the US course.

1200 Applied Psychology: Human Behavior in the Wild

U 3

Examines how psychological concepts & phenomena are applied in real world contexts, such as law, medicine, social communities, education, sports, business & engineering. It will introduce constructs & research in applied psychology with a focus on domains not covered in traditional intro psych courses. Practicum sessions will be used for student discussion & interactive activities.

GE soc sci indivs and groups and diversity soc div in the US course.

1300 Professional Development in Psychology

U 1

Professional Development in Psychology will provide students with information and skills to be successful as a psychology major and plan a career in psychology or a psychology-related field. Students will learn about the various resources available at the university to support their success in psychology and the options available to them following their undergraduate education.

Prereq: Psych major.

2220 Data Analysis in Psychology

U 3

Discussion of statistical analysis of psychological data - random samples, graphical and numerical techniques of descriptive statistics, correlation, regression, probability, sampling distribution, and hypothesis testing.

Prereq: 1100 (100) or 1100H (100H), and Stat 1450 (145), Math 1130, Math 1148 (148), Math 1149, 1150 (150), 1151 (151), or 152, or equiv, or Math Placement Level M or higher; or permission of instructor. Not open to students with credit for 220, 220H, 320, or 320H. This course is available for EM credit.

2220E Data Analysis in Psychology

U 3

Discussion of statistical analysis of psychological data - random samples, graphical and numerical techniques of descriptive statistics, correlation, regression, probability, sampling distribution, and hypothesis testing.

Prereq: Honors standing, and 1100 or 1100H, and Stat 1450, Math 1130, Math 1148, 1149, 1150, 1151, or equiv, or Math Placement Level M or higher; or permission of instructor. Not open to students with credit for 2220 or 2220H.

2220H Data Analysis in Psychology

U 3

Discussion of statistical analysis of psychological data - random samples, graphical and numerical techniques of descriptive statistics, correlation, regression, probability, sampling distribution, and hypothesis testing.

Prereq: Honors standing, and 1100 (100) or 1100H (100H), and Stat 1450 (145), Math 1130, Math 1148 (148), Math 1149, 1150 (150), 1151 (151), or 152, or equiv, or Math Placement Level M or higher; or permission of instructor. Not open to students with credit for 2220 (220), 220H, 320, or 320H.

2300 Research Methods in Psychology

U 3

An overview of issues, methods, and techniques of scientific psychological research. Students must be pursuing majors or minors in Psychology.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 300.

2301 Psychology of Extraordinary Beliefs

U 3

Considers beliefs in extraordinary phenomena through the application of the findings and principles of psychological science.

Prereq: Not open to students with credit for 301.

2303 Positive Psychology

U 3

Introduction to the field of positive psychology. Topics include positive affect, subjective well-being, optimism, psychological strengths, emotional intelligence, compassion, humor, and spirituality.

Prereq: Not open to students with credit for Psych 303.

2311 Psychology of Motivation

U 3

A survey of major approaches to motivation and the study of important concepts in motivation, with emphasis on everyday applications.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 311.

2333 Psychology of Human Sexuality

U 3

Overview of the psychology of human sexuality including the nature and variety of human sexual experience, theories and therapies regarding sexual issues.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 333.02.

2350 Contemporary Developmental Psychology

U 3

A survey course acquainting students with issues resulting from the social changes of the past decade and from an increased interest in the life span.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 350.

2367.01 Social Psychology

U 3

Survey of group processes as they affect individual behavior; topics include individual motivation, group behavior, attitudes, and perception of self and others.

Prereq: 1100 (100) or 1100H (100H), and English 1110.01, 1110.01H, 1110.02, 1110.02H, 1110.03, 110, or 111, or equiv, and Soph standing or above. Not open to students with credit for 3325 (325), 3325H (325H), or 367.01. GE writing and comm: level 2 and soc sci indivs and groups course.

2367.02 Abnormal Psychology Analysis

U 3

Major psychological disorders, such as anxiety, mood, & personality disorders, will be clinically described & diagnostically defined. Students will compare & contrast symptoms of psychological disorders with non-disordered behaviors, cognitions, & affects. The emphasis is on critical thinking & analysis of theories, research methods, & empirical findings regarding psychopathology & its treatment.

Prereq: 1100 (100) or 1100H (100H), and English 1110.01, 1110.01H, 1110.02, 1110.02H, 1110.03, 110, 111, or equiv, and Soph standing or above. Not open to students with credit for 3331 (331) or 3331H (331H). GE writing and comm course: level 2.

2376 Interpersonal Relationships

U 3

Surveys the scientific literature on interpersonal relationships, including family, friends, and romantic partnerships.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 376.

2389 Career Exploration in Psychology

U 3

Designed for psychology majors to explore career paths of interest, as well as facilitate vocational development and acquisition of career search skills. Credit does not apply to hours in the psychology major.

Prereq: 1100 (100) or 1100H (100H), and enrollment in Psych major. Not open to students with credit for 389.

2420 Psychology Applied to Sport

U 3

Psychological factors that influence sport participation and performance; psychological techniques to enhance performance; psychological problems associated with sport.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 420.

2462 Psychology of Creativity

U 3

A critical examination of conceptual, theoretical, and methodological problems related to the systematic study of creativity; special attention to background factors related to creative behavior.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 462 or 662.

3191 Internship in Psychology

U 1 - 12

Provides psychology majors with an opportunity to intern in a professional setting to integrate academic knowledge with experience in the world of work. Maximum 3 credit hours may be applied to the undergraduate Psychology major.

Prereq: 1100 (100) or 1100H (100H), and GPA 2.8 or above, and enrollment in Psych, and permission of instructor. Not open to students with credit for 489. Repeatable to a maximum of 15 cr hrs or 5 completions. This course is graded S/U.

3193.01 Individual Studies in Psychology

U 1 - 5

Specialized academic project by individualized agreement between instructor and student.

Maximum 3 credit hours may be applied to the undergraduate major in psychology.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 4 completions. This course is graded S/U.

3193.02 Individual Studies: Teaching of Psychology

U 1 - 3

Specialized study & experience in teaching of psychology. Classroom management, development of presentation materials & skills, demonstrations & active learning, & assessment. Maximum of 3 cr hrs may be applied to undergrad major in psychology.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 6 completions. This course is graded S/U.

3194 Group Studies

U 3

Various topics within the field of psychology.

Prereq: 1100 (100) or 1100H (100H). Repeatable to a maximum of 6 cr hrs.

3302 Perception and Language

U 3

Foundational issues in perceptual and cognitive psychology will be covered in the context of human language, examining communication via the eyes, ears, and hands.

Prereq: 1100 (100) or 1100H (100H), or permission of instructor. Not open to students with credit for 302.

3310 Sensation and Perception

U 3

Examination of how observers perceive their environment through sensory information; emphasis on major sensory systems including vision, audition, spatial orientation, touch, taste, and olfaction.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 310.

3310H Sensation and Perception

U 3

Examination of how observers perceive their environment through sensory information; with an emphasis on vision and audition.

Prereq: Honors standing, and 1100, 1100H, or 1100E. Not open to students with credit for 3310 (310).

3312 Memory and Cognition

U 3

An introduction to experimental study of human memory and cognition.

Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 312.

374 Psychology

3313 Introduction to Behavioral Neuroscience	U	3	3371H Language and the Mind	U	3
Introduction to the structure and function of the nervous system in relation to behavior. Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 313.					
3313H Introduction to Behavioral Neuroscience	U	3	3375 Stereotyping and Prejudice	U	3
Introduction to the structure and function of the nervous system in relation to behavior. Prereq: Honors standing, and 1100 (100) or 1100H (100H). Not open to students with credit for 3313 (313).					
3321 Quantitative and Statistical Methods in Psychology	U	3	3513 Introduction to Cognitive Neuroscience	U	3
A concentrated examination of applications of statistical tools in inference in contemporary psychology; hypothesis testing, regression, correlation, and analysis of variance. Prereq: 1100 (100) or 1100H (100H), and a grade of B or above in 2220 (220) or 2220H (220H). Not open to students with credit for 321 or 321H.					
3321H Quantitative and Statistical Methods in Psychology	U	3	3530 Theories of Personality	U	3
A concentrated examination of applications of statistical tools in inference in contemporary psychology; hypothesis testing, regression, correlation, and analysis of variance. Prereq: Honors standing, and 1100 (100) or 1100H (100H), and a grade of B or above in 2220 (220) or 2220H (220H). Not open to students with credit for 321 or 321H.					
3325 Introduction to Social Psychology	U	3	3550 Psychology of Childhood	U	3
An introduction to research in social psychology; topics include individual motivation, group behavior, attitudes, and perception of self and others. Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 2367.01 (367.01), 3325H (325H), or 325.					
3325H Introduction to Social Psychology	U	3	3550H Psychology of Childhood	U	3
An in-depth, empirically based introduction to research in social psychology; topics include individual motivation, group behavior, attitudes, and perception of self and others. Prereq: Honors standing, and 1100 (100) or 1100H (100H); or permission of instructor. Not open to students with credit for 2367.01 (367.01), 3325 (325), or 325H.					
3331 Abnormal Psychology	U	3	3551 Psychology of Adolescence	U	3
Examination of current theories and empirical findings regarding the major forms of psychopathology and treatment. Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 2367.02, 331, 3331H (331H), or 3331E (331E).					
3331E Abnormal Psychology	U	3	3551H Psychology of Adolescence	U	3
Examination of current theories and empirical findings regarding the major forms of psychopathology. Prereq: Honors standing, and 1100 (100) or 1100H (100H); or permission of instructor. Not open to students with credit for 2367.02, 3331 (331), 3331H (331H), or 331E.					
3331H Abnormal Psychology	U	3	3624 Primate Cognition	U	3
Examination of current theories and empirical findings regarding the major forms of psychopathology. Prereq: Honors standing, and 1100 (100) or 1100H (100H); or permission of instructor. Not open to students with credit for 2367.02, 3331 (331), 3331E (331E), or 331H.					
3335 Psychology of Adjustment	U	3	4305 Introduction to Psychopharmacology	U	3
Examination of psychological concepts and theories related to individual adjustment and adaptation. Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 335.					
3335E Psychology of Adjustment	U	3	4320 Psychological Science of Addiction	U	3
Examination of psychological concepts and theories related to individual adjustment and adaptation. Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 3335 (335).					
3340 Introduction to Life Span Developmental Psychology	U	3	4475 The Self	U	3
Consideration of theories and research on psychological development across the lifespan; includes consideration of social policies that influence developmental outcomes. Prereq: 1100 (100) or 1100H (100H). Not open to students with credit for 340, 340H, or 340E.					
3340E Introduction to Life Span Developmental Psychology	U	3	4485 Psychology and the Law	U	3
A survey of developmental psychology including some phylogenetic perspective. Prereq: Honors standing, and 1100 (100) or 1100H (100H); or permission of instructor. Not open to students with credit for 340, 340H, or 340E.					
3340H Introduction to Life Span Developmental Psychology	U	3	4501 Advanced Behavioral Neuroscience	U	3
Consideration of theories and research on psychological development across the lifespan; includes consideration of social policies that influence developmental outcomes. Prereq: Honors standing, and 1100 (100) or 1100H (100H); or permission of instructor. Not open to students with credit for 340, 340H, or 340E.					
3371 Language and the Mind	U	3	Advanced discussion of contemporary issues in behavioral neuroscience, including: synaptic pharmacology, drugs, and behavior; neurodegenerative diseases and the biological bases of psychopathology.		
Introduction to psychological processes for producing and understanding speech, the means by which these processes arise in the child, and their bases in the brain. Prereq: 1100, Ling 2000, or 5000. Not open to students with credit for 3371H, Ling 3701, or 3701H. GE soc sci indivs and groups course. Cross-listed in Ling 3701.					

4505 History of Psychology	U	3	4543 Psychology of Gender	U	3
Development of psychology from the 19th century to present status as science and profession. Emphasis on contributions and lives of psychologists.			An examination of the origins and implications of gender differences and similarities and the role that gender plays in the interpretation of behavior.		
Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 505.			Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 4543E.		
4508 Psychology of Judgment and Decision - Making	U	3	4545 Cross-Cultural Psychology	U	3
An overview of current models and empirical research on cognitive processes in human decision-making and judgment under risk or uncertainty.			Introduction to cross-cultural theories and research in various specialties in psychology (e.g., social, developmental, and counseling psychology).		
Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 508 or 4508H (508H).			Prereq: A grade of C- or above in 2220 and 2300.		
4508H Psychology of Judgment and Decision-Making	U	3	4552 Psychology of Adult Years	U	3
An overview of current models and empirical research on cognitive processes in human decision-making and judgment under risk or uncertainty.			Theory and research related to adulthood as a sequence of psychological stages involving adjustment and coping behaviors; relationship of adulthood to other life-span stages.		
Prereq: Honors standing, and a grade of C- or above in 2220 and 2300. Not open to students with credit for 4508 (508) or 508H.			Prereq: A grade of C- or above in 2220 and 2300.		
4509 Perception of Space and Motion in Sports	U	3	4554 Language Development	U	3
Discussion of cognitive, perceptual, and statistical issues that have special application to performance in sports.			A survey of children's language acquisition, including phonemes, words, morphology, and syntax. Roles for universal grammar, linguistic input, social interaction, and statistical learning are considered.		
Prereq: A grade of C- or above in 2220, 2300, and 3310.			Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 4554S.		
4510 Cognitive Psychology Laboratory	U	3	4554S Language Development-S	U	3
Training in experimental and quantitative methods in cognitive psychology; laboratory experiments include topics such as memory, perception, and attention.			A survey of children's language acquisition, including phonemes, words, morphology, and syntax. Roles for universal grammar, linguistic input, social interaction, and statistical learning are considered. Students will participate in a local elementary school literacy program.		
Prereq: A grade of C- or above in 2220 and 2300; and a grade of C- or above in 3302, 3310, or 3312; and enrollment in Psych major. Not open to students with credit for 4520.			Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 4554.		
4511 Psychological Testing	U	3	4555 Adolescent Sexuality	U	3
An overview of theoretical and practical aspects of the assessment and prediction of human behavior; topics include achievement, intelligence, personality, attitudes, interests, and interpersonal relations.			An examination of the psychological, biological, and social influences on adolescent sexuality.		
Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 511 or 597.02.			Prereq: A grade of C- or above in 2220 and 2300.		
4515 Psychology of Emotion	U	3	4571 Psychology of Developmental Disabilities	U	3
An examination of emotion focusing on how emotions are interconnected to other basic psychological processes such as cognition, motivation, decision making, and well-being.			Overview of developmental disabilities including causes, nature, and psychological characteristics; diagnosis and psychometric assessments; and behavioral, psycho-educational, and biological forms of prevention and intervention. 20-hr off-campus practicum req.		
Prereq: A grade of C- or above in 2220 and 2300.			Prereq: A grade of C- or above in 2220 and 2300.		
4518 Attitudes: Structure, Function, and Consequences	U	3	4597.01 Contemporary World: Aging, Health, and Psychological Functioning in the Modern World	U	3
Survey of theory and evidence related to the structure and functional value of attitudes and their effects on information processing, judgments, and behavior.			Addresses primary psychological, social, physical and economic changes related to aging and ramifications of these changes.		
Prereq: A grade of C- or above in 2220, 2300, and 2367 prior to SU13, 2367.01, 3325, 3325H, or 3375. Not open to students with credit for 518.			Prereq: 1100 (100), 1100H (100H), or 1100E (100E), and Jr or Sr standing; or permission of instructor. Not open to students with credit for 597.03. GE cross-disciplinary seminar course.		
4520 Social Psychology Laboratory	U	3	4623 Biological Clocks and Behavior	U	3
Training in experimental and quantitative methods in social psychology. Experiments include topics such as attitudes, persuasion, social cognition, and group processes.			The broad variety of biological rhythms of animals and humans, including ultradian, daily, lunar, tidal, and annual cycles. Properties of biological clocks and ways in which rhythms are generated and how they are synchronized to the external environment.		
Prereq: A grade of C- or above in 2220, 2300, and 2367 prior to SU13, 2367.01, 3325, 3325H, or 3375, and enrollment in Psych major. Not open to students with credit for 4510 (510) or 520.			Prereq: A grade of C- or above in 2220, 2300, and 3313; or a course in Physio.		
4521 Personnel Psychology	U	3	4630 Attitudes and Persuasion	U	3
Overview of theory, method, and practices of personnel psychology: job analysis, recruiting, personnel section, performance appraisal, and training.			Overview of the major psychological theories and research in the area of attitudes and persuasion - how people's opinions, beliefs, and evaluations are formed and modified.		
Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 521.			Prereq: A grade of C- or above in 2220, 2300, and 2367 prior to SU13, 2367.01, 3325, 3325H, or 3375. Not open to students with credit for 630.		
4522 Organizational Psychology	U	3	4644 Hormones and Behavior	U	3
Overview of theory, method, and practice of organizational psychology: motivation, job attitudes, leadership, groups, organizational design.			Exploration of the interactions among hormones, brain, and behavior through an integrative approach.		
Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 522.			Prereq: A grade of C- or above in 2220, 2300, and 3313; or a grade of B or above in 3313 and Neurosc 3000, and Neuroscience major. Not open to students with credit for 644 or Neurosc 5644 (644).		
4525 Psychology of Personal Security: Global and Local Perspectives	U	3	4998 Undergraduate Research in Psychology	U	1 - 5
Surveys the diverse psychological literature on personal security, a key ingredient in psychological well-being.			Supervised collaborative research in psychology.		
Prereq: 1100. Not open to students with credit for 525.			Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 8 completions. This course is graded S/U.		
4531 Health Psychology	U	3	4999.01 Thesis Research I	U	2
Introduction to health psychology; health-promoting and health-damaging behaviors; modification of health behaviors; stress and coping; management of illness; stress management strategies.			Seminar designed to support the writing of the Thesis proposal and data collection, including proposal structure, literature review, research ethics, the IRB process, and data collection methodology.		
Prereq: A grade of C- or above in 2220 and 2300. Not open to students with credit for 531.			Prereq: Enrollment in Psych, and candidate for degree with research distinction, and permission of department.		
4532 Clinical Psychological Science	U	3	4999.01H Honors Thesis Research I	U	2
Surveys the scientific foundations of clinical psychological interventions and assessment techniques and considers their implications for the profession of clinical psychology.			Seminar designed to support the writing of the Honors thesis proposal and data collection, including proposal structure, literature review, research ethics, the IRB process, and data collection methodology.		
Prereq: A grade of C- or above in 2220 and 2300; and a grade of C- or above in 2367.02 or 3331.			Prereq: Honors standing, and enrollment in Psych major, and candidate for degree with research distinction, and permission of department. Not open to students with credit for 783.01H or 783.02H.		
4540 Counseling Psychology	U	3	4999.02 Thesis Research II	U	2
Issues within the field of counseling psychology including assessment, counseling skills, multicultural issues, career, professional, and ethical issues.			Seminar designed to support data collection/analysis, and writing and defending of the Thesis, including quantitative methods, data interpretation, summary, and presentation, writing results and discussion, poster presentation, and oral defense.		
Prereq: A grade of C- or above in 2220 and 2300; and a grade of C- or above in 2367.02, 3331, 3335, or 3530.			Prereq: 4999.01.		

376 Psychology

4999.02H Honors Thesis Research II	U 2	5612 Introduction to Cognitive Science	U G 3		
Seminar designed to support data collection/analysis, and writing and defending of the Honors thesis, including quantitative methods, data interpretation, summary, presentation, writing results & discussion, poster presentation, and oral defense.					
Prereq: Honors standing, and 4999.01H; or permission of instructor. Not open to students with credit for 783.02H or 783.03H.					
5194 Group Studies	U G 2 - 3	5613H Biological Psychiatry	U G 3		
Topics vary from semester to semester and will be announced at least one month in advance. Prereq: 1100. Repeatable to a maximum of 12 cr hrs or 4 completions.					
5250 Mood Disorders: Classification, Etiology, and Treatment	U G 3	Provides a contemporary overview of the biological bases of several significant psychopathologies, including mood disorders, schizophrenia, and PTSD/dissociative identity disorders.			
A survey of the mood disorders, including depression, bipolar disorder, and several variants of these disorders. The course examines the mood disorders in depth, covering historical, cross-cultural, diagnostic, developmental, neuroscientific, etiological, and therapeutic issues.					
Prereq: Grade of C- or higher in 2220 and 2300, and a grade of C- or higher in one of the following: 2367.02, 3331, 3331H, 3331E, 3335, or 3530; or Grad standing.					
5309 Human Motor Control and Learning	U G 3	5614 Cognitive Neuroscience	U G 3		
Processes underlying the performance, learning, and adaptation of movement skills such as walking, running, driving, drumming, golfing, catching, text editing, and social communication. Selective perception, attention, and memory in the context of action. Multi-limb coordination and multi-tasking.					
Prereq: A grade of C- or above in 2220 and 2300; or Grad standing; or permission of instructor. Not open to students with credit for 4309.					
5425 Introduction to Functional Magnetic Resonance Imaging	U G 3	5618 Introduction to Computational Cognitive Neuroscience	U G 3		
A general introduction to the physical bases of Magnetic Resonance Imaging (MRI), the physiological bases and principles of functional MRI, MRI related safety issues, design and analysis of fMRI experiments, and the operation of the Siemens 3T Trio system with hands-on experience.					
Prereq: Grad standing, or permission of instructor.					
5600 Psychobiology of Learning & Memory	U G 3	Introductory survey of neural-network models, emphasizing their neural foundations and applications to perceptions, memory, and language. Hands-on explorations with simulation software.			
Integrate coverage of animal learning and human memory, focusing on three key components of the field: behavioral processes, brain systems, and clinical perspectives.					
Prereq: A grade of C- or above in 2220, 2300, and 3313; or a grade of B or above in 3313 and Neurosc 3000, and Neuroscience major; or Grad standing.					
5601 Comparative Psychology	U G 3	5620 Technology, Efficiency, and Happiness	U G 3		
Research on animal behavior by psychologists and ethologists; behavioral differences between species; emphasis on evolutionary and adaptive significance of the mechanisms underlying behavior.					
Prereq: A grade of C- or above in 2220, 2300, and 3313; or Grad standing.					
5602 Behavioral Genetics	U G 3	5621 Introduction to Event-Related-Potentials	U G 3		
Behavioral genetics is the field of study that examines the role of genetics in animal (including human) behavior. It is highly interdisciplinary, involving contributions from biology, genetics, epigenetics, ethology, psychology, & statistics. The goal is to provide knowledge concerning the interrelationship of genetics & behavior, & its implications for health & human development & education.					
Prereq: A grade of C- or above in 2220, 2300, and 3313; or a grade of B or above in 3313 and Neurosc 3000, and Neuroscience major; or Grad standing.					
5603 Stem Cells and the Brain	U G 3	5622 The Development of Brain and Behavior	U G 3		
This course will explore the biology, function and relevance of stem cells for brain and behavior from development through aging. Through lectures and primary research literature, we will discuss what it means to be a neural stem cell, how stem cells shape the brain, and what the role of stem cells might be in brain disorders and mental health.					
Prereq: A grade of C- or above in 3313, or Grad standing.					
5606 High-Level Vision	U G 3	5628 Developmental Cognitive Neuroscience	U G 3		
Examines the perceptual processes by which humans and other animals are able to obtain knowledge about the three-dimensional environment.					
Prereq: A grade of C- or above in 2220, 2300, and 3310; or a grade of C- or above in 3310, a grade of B or above in 3313 and Neurosc 3000, and Neuroscience major; or Grad standing.					
5608 Introduction to Mathematical Psychology	U G 3	5681 Development and Psychopathology	U G 3		
Survey of mathematical and computational modeling in psychology. Topics include psychophysical scaling, information processing, probabilistic choice, signal detection theory, model comparison, and Bayesian graphical modeling.					
Prereq: A grade of C- or above in 2300 and 3321; a grade of C- or above in 3321 and a grade of B or above in 3313 and Neurosc 3000, and Neuroscience major; or Grad standing.					
5610 Emotion Regulation: From Basic Science to Clinical Applications	U G 3	5684 Psychology of Delinquency	U G 3		
Despite the growing enthusiasm for understanding how people regulate their emotions, many questions remain unanswered. Are emotions always regulated? Can emotion regulation occur outside of conscious awareness? How can we incorporate the emotion regulation framework to understand and treat mental disorders? We will tackle these questions by adopting perspectives from various areas of psychology.					
Prereq: A grade of C- or above in 2220 and 2300; or Grad standing.					
5700 Training in Informal Science Outreach	U G 3	5797 Study at a Foreign Institution	U G 1 - 10		
The purpose of this course is to provide students with hands-on training in informal science education at the COSI museum. All students will learn to provide outreach education at the museum; advanced students will develop outreach materials, assist in the visible research operations, and mentor other students.					
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs. Cross-listed in Ling and EduTL.					
5832 Lifespan Sociomoral Development	U G 3	An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.			
Prereq: 1100 (100) and written permission of dept chairperson. Students will pay Ohio State fees and any fees in excess of Ohio State tuition, as well as all travel and subsistence costs. Repeatable to a maximum of 30 cr hrs or 10 completions. This course is progress graded.					
Cognitive, emotional and cross-cultural aspects of moral development and social behavior across the life span. Emphasis on current findings, basic theoretical issues and applied topics (e.g. treatment of antisocial behavior).					
Prereq: A grade of C- or above in 2220 and 2300; or Grad standing.					

5870	Neuroeconomics and Decision Neuroscience	U G	3
The focus of this course will be on the psychology and neuroscience underlying economic behavior. Discussion will cover various domains of economic decision making and what Neuroeconomics has taught us about them.			
Prereq: AEDEcon 2005, Stats 1450, 2450, Psych 2220, or Econ 3400; and Math 1148 or higher; and Econ 4001.01, 4001.02, 4001.03, AEDEcon 4001, Psych 3313, 3513, or 4508. Not open to students with credit for 5870. Cross-listed in Econ.			
5891	Proseminar in Cognitive Science	U G	2
Provides an in-depth examination of cognitive science from an interdisciplinary perspective. Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs. Cross-listed in CSE, Ling, Philos, and SphHrng.			
5998	Seminar in Behavioral Neuroscience	U G	3
Team-taught seminar on selected topics from contemporary research areas in the field of behavioral neuroscience.			
Prereq: A grade of C- or above in 4501, and permission of instructor; or Grad standing, and permission of instructor.			
6193.01	Individual Studies: Clinical Psychology	G	1 - 9
Individual reading or research projects by special agreement between instructor and student. Prereq: Permission of instructor. Repeatable to a maximum of 27 cr hrs or 15 completions. This course is graded S/U.			
6193.03	Individual Studies: Developmental Psychology	G	1 - 9
Individual reading or research projects by special agreement between instructor and student. Prereq: Permission of instructor. Repeatable to a maximum of 27 cr hrs or 15 completions. This course is graded S/U.			
6193.04	Individual Studies: Cognitive Psychology	G	1 - 9
Individual reading or research projects by special agreement between instructor and student. Prereq: Permission of instructor. Repeatable to a maximum of 27 cr hrs or 15 completions. This course is graded S/U.			
6193.06	Individual Studies: Quantitative Psychology	G	1 - 9
Individual reading or research projects by special agreement between instructor and student. Prereq: Permission of instructor. Repeatable to a maximum of 27 cr hrs or 15 completions. This course is graded S/U.			
6193.07	Individual Studies: Social Psychology	G	1 - 9
Individual reading or research projects by special agreement between instructor and student. Prereq: Permission of instructor. Repeatable to a maximum of 27 cr hrs or 15 completions. This course is graded S/U.			
6193.08	Individual Studies: Behavioral Neuroscience	G	1 - 9
Individual reading or research projects by special agreement between instructor and student. Prereq: Permission of instructor. Repeatable to a maximum of 27 cr hrs or 15 completions. This course is graded S/U.			
6193.09	Individual Studies: Intellectual and Developmental Disabilities	G	1 - 9
Individual reading or research projects by special agreement between instructor and student. Prereq: Permission of instructor. Repeatable to a maximum of 27 cr hrs or 15 completions. This course is graded S/U.			
6609	Introduction to Mathematical Models in Experimental Psychology	G	3
An introduction to cognition with a focus on the application of mathematical models. Topic areas include memory, decision making, categorization, word recognition, priming, and reaction time. Prereq: Not open to students with credit for 609.			
6650	Seminar in Advanced fMRI Analysis Techniques	G	3
For students who have already completed the intro-level fMRI course. We will discuss techniques such as fMR-adaptation, retinotopic mapping, multi-voxel pattern analysis, functional connectivity, representational similarity analysis, real-time fMRI, etc. We will discuss journal articles and experiment ideas applying these techniques. This course is intended for students with prior fMRI experience. Prereq: 5425, or permission of instructor. Repeatable to a maximum of 15 cr hrs.			
6652	Empirically Supported Therapies for Children with Developmental Disabilities	G	3
The course will cover empirically-supported treatments from a variety of theoretical orientations, including behavioral, cognitive behavioral, and developmental approaches, as well as process by which therapies gain empirical support and standards by which a therapy is considered empirically supported. Various formats (e.g., individual, group, parent training) interventions will also be covered.			
6700	Introduction to the Language Sciences	G	3
A core course that provides students with a general overview of linguistics and surveys the areas covered by the specialization: Language and Cognition, Language and Brain Function, Language and Society, Language and Technology, and Language Description and Fieldwork. Guest faculty will present in their areas of expertise and students will read and prepare assignments in multiple areas. Prereq: Not open to students with credit for German 6700. Cross-listed in German.			

6808	Sex Differences in the Brain and Behavior	G	3
This seminar will explore sex differences in both normal and abnormal brain function and behavior and will address the genetic, hormonal and neural bases of these differences.			
Prereq: Not open to students with credit for 809.			
6809	Historical Development of Psychology	G	3
Development of psychology from the philosophical antecedents to its present status as a science and a profession; assignments in original sources as far as possible.			
Prereq: Not open to students with credit for 809.			
6810	Statistical Methods in Psychology I	G	4
Basic concepts of descriptive and inferential statistics; includes estimation, hypothesis testing, non-parametric techniques, and analysis of variance.			
Prereq: 2220 (220), or Grad standing, or permission of instructor. Not open to students with credit for 826 and 827.			
6811	Statistical Methods in Psychology II	G	4
Simple linear regression and correlation, multiple linear regression, interactions; introduction to other related methods such as nonlinear regression and random effects models.			
Prereq: 6810 (826 and 827), or equiv. Not open to students with credit for 828.			
6820	Introduction to Bayesian Statistics for Psychological Data	G	3
An introduction to Bayesian statistics & data analysis for graduate students in the Dept of Psychology. It reviews basic probability theory & Bayes theorem, provides a broad introduction to inference from the modern Bayesian perspective & contrasts that to more traditional frequentist inference. Topics covered include analysis of proportions & means, interval estimates, regression, & Bayes factors.			
Prereq: 6810 (828), and enrollment in Psychology.			
6822	Statistical Mediation, Moderation, and Conditional Process Analysis	G	3
The application of principles of linear modeling to exploring questions about mediated (mechanisms) and moderated (conditional) effects. Topics include classic and contemporary approaches to testing mediation and moderation hypotheses, path analysis, indirect and direct effects, probing and plotting interactions, and analytically integrating moderation and mediation analysis.			
Prereq: 6811 (828) or equiv, or permission of instructor.			
6835	Child Development	G	3
Major developmental aspects of childhood; review of theory, methodology, research studies, and historical and contemporary writing about children; consideration of interdisciplinary approaches.			
Prereq: Not open to students with credit for 835.			
6849	Research Methods in Developmental Psychology	G	3
A critical survey and evaluation of concepts and techniques in study of developmental psychology.			
Prereq: Not open to students with credit for 849.			
6850	Ethics and Professional Issues in Psychology of Intellectual and Developmental Disabilities	G	3
Considers ethical questions and dilemmas that psychologists encounter in their everyday practice, research, and teaching. It will take a problem-solving approach to ethical decision-making with students working toward consensus around constructive means for preventing problems, recognizing, approaching, and resolving ethical predicaments in the field of IDD Psychology.			
6851	Seminar on the Teaching of Psychology	G	5
Designed for first-time teachers of psychology; theory, philosophy, ethics, research, course planning and delivery, and practical strategies to promote teaching excellence.			
Prereq: Grad standing. Not open to students with credit for both 851 and 852.			
6853	Lifespan Developmental Psychopathology I	G	3
Part one of a two-course sequence surveying the major psychopathological disorders across the lifespan from a developmental psychopathology perspective.			
Prereq: Permission of instructor. Not open to students with credit for 844.01.			
6854	Lifespan Developmental Psychopathology II	G	3
Part two of a two-course sequence surveying the major psychopathological disorders across the lifespan from a developmental psychopathology perspective.			
Prereq: Not open to students with credit for 854.			
6861	Research Design and Methods in Clinical Psychology	G	3
Introduction to the theory and use of clinical methods in psychology, designed for first-year graduate students in clinical psychology.			
Prereq: Permission of instructor. Not open to students with credit for 861.			
6863	Psychometrics	G	3
In-depth coverage of classic and contemporary topics in psychological measurement including test construction, reliability, validity, Item Response Theory, and computerized adaptive testing.			
Prereq: Permission of instructor. Not open to students with credit for 864.06.			

378 Psychology

6865	Introduction to Clinical Psychology: History, Ethics, and Pragmatics	G	3	7718	Interdisciplinary Perspective on Autism Spectrum Disorders	G	3
	Overview of clinical interviewing skills, theory and application of a cognitive behavioral orientation to psychotherapy, and ethical issues in clinical psychology.				Teaches the analytical skills necessary to comprehend and formulate an interdisciplinary framework relating to major scientific and theoretical perspectives in autism spectrum disorders.		
	Prereq: Admission to psychology's clinical doctoral program. Not open to students with credit for 865.				Prereq: Permission of instructor. Not open to students with credit for 717.01 and 717.02. Cross-listed in EducSt, HthRhSc, Social Work, Nursing, and SphHrng.		
6866	Empirically Supported Treatments	G	2	7816	Action and Decision Making	G	3
	Examination of current theories and empirical findings regarding the major forms of psychopathology and treatment.				Considers theories of decision making in static and dynamic environments, and theories of action control in dynamic systems (e.g., those involved in driving, sports and music performance). Includes experience with simple dynamic simulations.		
	Prereq: Permission of instructor. Not open to students with credit for 866.02.				Prereq: Not open to students with credit for both 815 and 816.		
6867.01	Behavioral Medicine	G	3	7820	Fundamentals of Factor Analysis	G	3
	Behavioral medicine is an interdisciplinary field that examines health, disease prevention, illness, and disease progression. This course surveys the contributions by health psychologists to behavioral medicine. Topics include prevention, psychological responses to diagnosis and treatment, biobehavioral mechanisms of illness/disease, response to chronic illness, health behaviors, and emerging issues.				Basic Common Factor Model and its application in psychology; model, communality estimation, factor extraction, orthogonal and oblique rotation, factor scores, confirmatory factor analysis, use of computer programs.		
	Prereq: Grad standing in any health related discipline.				Prereq: Permission of instructor. Not open to students with credit for 820.		
6867.02	Behavioral Medicine-Cancer	G	3	7821	Covariance Structure Models	G	3
	This course provides follow-up to the general offering with a focus on cancer prevention & control. Topics include overview of cancer as an illness, cancer screening, biobehavioral responses to diagnosis & treatment, factors which place patients at risk for poor psychological/health outcomes, psychological interventions, issues relevant to diverse patient groups, & late effects complicating survivorship.				Theory and methods of testing models of covariance structures; general mathematical model, identification, parameter estimation, goodness of fit, model modification, and the use of computer programs such as LISREL.		
	Prereq: Grad standing in Psych or any health related discipline.				Prereq: 6811 (828) and 7820 (820), or permission of instructor. Not open to students with credit for 830.		
6870	Basic Principles of Social Psychology	G	3	7822	Fundamentals of Item Response Theory	G	3
	An overview of theory and research in experimental social psychology, emphasizing the basic motivational and information processing principles underlying the discipline.				Basic concepts underlying item response theory; overview of more advanced topics.		
	Prereq: Grad standing. Not open to students with credit for 870.				Prereq: 6811 (828), or permission of instructor. Not open to students with credit for 821.		
7187	Introduction to Clinical Practice	G	3	7823	Analysis of Repeated Measures and Longitudinal Data	G	3
	Overview of important topics relevant to the practice of psychology, with the goal of preparing clinical graduate students for their first practicum experience. Topics include ethics and legal statutes, diversity factors, concepts relevant to supervision and consultation, professional development, and common techniques used in therapy and assessment.				Review statistical methods for the analysis of repeated measures experiments and longitudinal studies, and investigate the way that participants change over time.		
	Prereq: Permission of instructor.				Prereq: Permission of instructor. Not open to students with credit for 831.07.		
7188	Practicum in Clinical Psychology	G	1 - 9	7840	Practicum I/DD Psychology	G	3 - 6
	Supervised practice in psychological assessment and intervention in the department's psychological services center. Open only to students in clinical psychology.				Observation of children in a representative variety of clinical settings with particular reference to developmental phenomena of growth and behavior; application of research, diagnostic and intervention methodology.		
	Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.				Prereq: 2nd yr Grad standing, and permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions. This course is graded S/U.		
7189	Supervised Field Experience in Psychology	G	1 - 9	7845	Cognitive Development	G	3
	Supervised experience, either research or operational, in any agency doing professional psychological work such as a school system, a psychological clinic, an industrial personnel department, or a counseling center.				Intensive survey of theory and research in cognitive development, including development of perception, language, memory, concepts, reasoning, academic skills, and social cognition.		
	Prereq: Soph standing in Psych, and approval of local staff of area in which student is specializing. Supervised by member of local staff and, in the case of an external placement, some member of the outside agency approved by the Dept of Psychology. Repeatable to a maximum of 18 cr hrs or 15 completions. This course is graded S/U.				Prereq: Not open to students with credit for 845.		
7695.01	Seminar in Clinical Psychology	G	1 - 3	7847	Language Development	G	3
	Seminar in clinical psychology.				Survey of language acquisition, including phonemes, words, morphology, syntax.		
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: Not open to students with credit for 847.		
7695.02	Health Psychology	G	1 - 3	7858	Seminar in the Assessment of Developmental Disabilities	G	3
	Seminar in health psychology.				Expose students to relevant issues in the assessment of developmental disabilities. An emphasis is placed on intellectual disability and autism spectrum disorders.		
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: Permission of instructor. Not open to students with credit for 859.01.		
7695.03	Developmental	G	1 - 3	7864	Psychological Appraisal	G	3
	Seminar in developmental psychology.				Theories and methods of psychological appraisal; integration of different theories and approaches.		
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: Permission of instructor. Not open to students with credit for 864.01.		
7695.04	Cognitive	G	1 - 3	7871	Social Cognition	G	3
	Seminar in cognitive psychology.				Introduces research in social cognition: the study of the cognitive underpinnings of social behavior and the ways individuals think about our social world.		
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: 6870 (870), or Grad standing in Psych, or permission of instructor. Not open to students with credit for 871.01.		
7695.06	Quantitative	G	1 - 3	7872	Social Motivation	G	3
	Seminar in quantitative psychology.				Survey of Social Psychology.		
	Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions.				Prereq: 6870 (870), or Grad standing in Psych, or permission of instructor. Not open to students with credit for 871.02.		
7708	Psychology of Judgment and Decision Making	G	3	7873	Attitudes and Persuasion	G	3
	Introductory graduate course in the psychology of judgment and decision making, including applications to health, law, economics, environmental issues, and social, cognitive, and clinical psychology.				Coverage of key psychological theories and research on attitudes and persuasion - how opinions, beliefs, and evaluations are formed and modified, and how they influence thinking and behavior.		
	Prereq or concur: Grad level course in statistical methods. Not open to students with credit for 708.				Prereq: Grad standing. Not open to students with credit for 630.		
7717	Interdisciplinary Perspective on Developmental Disabilities	G	3	7874	Research Methods in Social Psychology	G	3
	Introduction to the psychosocial, medical, and educational implications of developmental disabilities.				Overview of issues in designing and conducting research in social psychology with emphasis on the statistical, internal, external, and construct validity of social psychological research.		
	Prereq: Permission of instructor. Not open to students with credit for 717.01 or 717.03. Cross-listed in HthRhSc, EducSt, SocWork, Nursing, and SphHrng.				Prereq: Permission of instructor. Not open to students with credit for both 876.01 and 876.02.		

7893 Seminar in Developmental Psychology	G	1 - 3
Topics in developmental psychology.		
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions. This course is graded S/U.		
7894 Proseminar in Cognitive Psychology	G	2
Topics in cognitive psychology.		
Prereq: Permission of instructor. Repeatable to a maximum of 24 cr hrs.		
7895 Current Issues in Cognitive Development	G	3
Current topics in cognitive development.		
Prereq: Not open to students with credit for 846. Repeatable to a maximum of 21 cr hrs or 7 completions. This course is graded S/U.		
7896 Special Topics in Quantitative Psychology	G	1 - 3
Special topics in quantitative psychology.		
Repeatable to a maximum of 36 cr hrs or 12 completions.		
7897 Topical Seminar in Social Psychology	G	2
A seminar offering in-depth analysis of a topic of current interest in social psychology.		
Enrollment is repeatable when the topic changes.		
Prereq: 6870 (870) or 8877 (875.01), or permission of instructor. Repeatable to a maximum of 16 cr hrs.		
7898 Advanced Seminar in Behavioral Neuroscience	G	1 - 3
Advanced topics in behavioral neuroscience.		
Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 12 completions.		
7899 IDD Seminar: Topics in Developmental Disabilities	G	1
This seminar course will provide students in the doctoral program in intellectual and developmental disabilities psychology with an overview of applied research and policy initiatives conducted by OSU-affiliated faculty and visiting scholars in the field.		
Repeatable to a maximum of 8 cr hrs. This course is graded S/U.		
7999 Thesis Research in Psychology	G	1 - 15
Research for masters thesis purposes only.		
Repeatable to a maximum of 60 cr hrs or 8 completions. This course is graded S/U.		
8191 Internship in Psychology	G	0 - 9
Full-time supervised training in an approved predoctoral internship agency; supervision and directed experiences coordinated by student's advisor, program training director, and internship training director.		
Prereq: PhD candidacy in clinical psychology, an approved dissertation proposal, and written permission of advisor. Repeatable to a maximum of 36 cr hrs or 4 completions. This course is graded S/U.		
8192 Internship in Intellectual and Developmental Disability Psychology	G	0 - 9
Full or part-time supervised training in an approved predoctoral internship agency; applied setting serving children or adults with IDD; supervision and directed experiences coordinated by student's advisor, program training director, and internship training director.		
Prereq: PhD candidacy in IDD Psychology, an approved dissertation proposal, and written permission of advisor. Repeatable to a maximum of 36 cr hrs or 4 completions. This course is graded S/U.		
8876 Professional Issues in Social Psychology	G	3
Overview of professional issues facing the social psychologist seeking an academic career - focus on review of journal articles and grants as well as broader issues.		
Prereq: Permission of instructor. Not open to students with credit for 876.03.		
8877 Current Research: Attitudes	G	3
Advanced training in the conduct, evaluation, and presentation of research related to attitudes, attitude change, and the consequences of attitudes for judgments and behavior. Cannot be taken concurrently with 8876.		
Prereq: Admission to Psychology's Social Psychology doctoral program. Repeatable to a maximum of 24 cr hrs.		
8878 Current Research: Social Cognition	G	3
Advanced training in the conduct, evaluation, and presentation of research related to social cognition. Cannot be taken concurrently with 8877.		
Prereq: Admission to Psychology's Social Psychology doctoral program. Repeatable to a maximum of 24 cr hrs.		
8880 Current Research in Decision Psychology	G	2
Advanced training in the conduct, evaluation, and presentation of research related to the psychology of decision making.		
Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs.		
8881 Cognitive and Affective Influences in Decision Making	G	3
Provides an introduction to recent trends in decision research. We make choices and perceive risk based on cognitive, affective, and motivational factors that influence how we perceive meaning and construct our preferences. The course will cover theoretical distinctions and their application to practical domains such as health, finances, and the environment.		
Prereq: Permission of instructor.		

8890 Topical seminar in Decision Psychology	G	2 - 5
Provides an in-depth analysis of a specialized research area in decision psychology. The course will cover theoretical distinctions and might cover their application to practical domains such as health, finances, and the environment. The course is repeatable when the topic changes.		
Prereq: Permission of instructor. Repeatable to a maximum of 30 cr hrs or 10 completions.		
8891 Advanced Seminar in Clinical Psychology	G	2 - 3
Advanced topics in clinical psychology.		
Repeatable to a maximum of 12 cr hrs or 6 completions.		
8896 Advanced Seminar in Quantitative Psychology	G	1 - 3
Advanced seminars in quantitative psychology.		
Prereq: Permission of instructor. Not open to students with credit for 831.08. Repeatable to a maximum of 15 cr hrs or 5 completions.		
8999 Dissertation Research in Psychology	G	1 - 15
Research for dissertation purposes only.		
Repeatable to a maximum of 60 cr hrs or 15 completions. This course is graded S/U.		

Public Affairs, John Glenn College

1100 Public Affairs Advising Survey	U	1
Introduction to the Public Affairs major at Ohio State, as well as University and Glenn School academic policies and procedures.		
Prereq: Permission of instructor. Not open to students with credit for 100. This course is graded S/U.		
1191 High School Internship	U	3
Part of an innovative public service internship program for selected high school seniors who are admitted to the OSU Academy. It is coupled with a related intensive academic seminar (PubAfrs 1190).		
Concur: 1190 (294). Not open to students with credit for 294.		
2110 Introduction to Public Affairs	U	3
Introduces students to the policymaking process and the core crafts on which schools of public affairs focus: policy analysis & evaluation and public administration & management.		
GE soc sci human, nat, and econ resources course.		
2120 Public Service and Civic Engagement	U	3
Introduces students to the role an engaged citizenry plays in a democracy; trends in civic engagement, the reasons behind these trends, and their consequences; issues of social equity in engagement; and strategies to increase civic participation. Recommended prereq: 2110.		
Prereq: Not open to students with credit for 240.		
2130 Leadership in the Public and Nonprofit Sectors	U	3
Students examine theories of leadership; learn the unique challenges of being a leader in the public or nonprofit sectors; analyze the practices, strategies, and habits of successful leaders; and assess their own leadership competencies. Recommended prereq: 2110.		
Prereq: Not open to students with credit for 290.		
2150 Introduction to Nonprofit Organizations	U	3
Introduces students to the world of nonprofit organizations, in particular those whose missions address social issues and public service.		
Prereq: Not open to students with credit for 337 or ArtsSci 337.		
2160 Exploring Public Affairs	U	1
Overview of public affairs as a field. Exposes students to relevant career opportunities. The course draws on experience of faculty and practicing professionals, providing public affairs perspectives in traditional and nontraditional career paths.		
Prereq: Open to John Glenn Learning Community students only or by permission of instructor.		
Repeatable to a maximum of 3 cr hrs. This course is graded S/U.		
2193 Individual Study	U	1 - 6
Individual studies in public affairs.		
Prereq: Fresh or Soph standing and permission of Associate Director of Academic Affairs and Research. Repeatable to a maximum of 12 cr hrs or 5 completions. This course is graded S/U.		
2194 Group Studies	U	1 - 6
Designed to give groups of undergraduate students an opportunity to pursue special studies in topics not otherwise offered.		
Prereq: Fresh or Soph standing and permission of Associate Director of Academic Affairs and Research. Repeatable to a maximum of 18 cr hrs or 6 completions.		
2367 Writing and Communication in Public Affairs	U	3
Being an effective communicator can determine the reach and impact of policy, as well as the ability to influence change. In this course, you will become a better writer and speaker on a topic of public policy; including communicating to diverse audiences with differing information demands.		
Prereq: English 1110 or equivalent, and sophomore standing; or permission of instructor. GE writing and comm course: level 2.		
2500 History of Public Administration	U	3
This course is an introduction to the history of public administration around the world from the earliest time up to the present, and the emergence and development of government and governing over time.		
Prereq or concr: English 1110.xx. GE historical study course.		

380 Public Affairs, John Glenn College

3000 Public Policy Analysis U 3

Introduces students to the concepts, theories, and methods of applied policy analysis. Students develop an understanding of market failures and the tools available to public sector actors to mitigate them. Students also learn various methodological approaches to analyze public policy at the formulation and implementation stages.

Prereq: Econ 2001.01, 2001.02, or 2001.03, and GE Data Analysis course; or permission of instructor.

3110 Education Policy in a Changing World U 3

Provides an introduction to education policy for public sector leaders and an overview of the following topics: education and the economy; education and governance; teaching and learning in education; student outcomes; and career opportunities in education policy.

3140 Nonprofit Management and Governance U 3

Survey and analysis of nonprofit organization management and governance, in particular those whose missions address social issues and public service.

Prereq: Not open to students with credit for 594 (WI 2011 only).

3500 Public Management U 3

Students are introduced to public management concepts and gain the competencies required to become effective public managers. They consider the unique challenges of managing public organizations and learn how to apply management tools to improve organizational performance. Recommended prereq: 2110.

4000 Public Policy Evaluation U 3

Students learn how to design and perform policy evaluations focused on policy processes and outcomes, using both qualitative and quantitative data. There is particular emphasis on the development of research designs and application of analytic methods for public policy evaluation.

Prereq: 3000, Stat 1350 or above, and Econ 2001.01, 2001.02, or 2001.03; or permission of instructor.

4010 Public Affairs Decision-Making U 3

Introduces students to research on decision-making and its practical application in the public and non-profit sectors. Draws on interdisciplinary scholarship that examines how people make decisions and considers the application of these insights in the design of public policy and the management of public and non-profit organizations.

Prereq: 3000.

4011 Public Affairs Capstone U 3

A capstone course for public affairs majors that focuses on the integration and application of public affairs knowledge and skills, as well as the transition from undergraduate study. Students complete an applied analysis or research paper on a policy or management topic of interest to them.

Prereq: 3000.

4020 Public Affairs Decision-Making: Washington DC U 3

Capstone course designed to integrate knowledge of how analysts and managers in the public sector can make decisions and pursue strategies to achieve important public goals, identifying places where positive progress can be effectuated.

Prereq: Jr standing or permission of Associate Director of Academic Studies. Concur: 4191 and 4021. Not open to students with credit for 4010 (678.01), 678.02 or 4011 (679.01).

4021 Policy Analysis Application: Washington DC U 3

Capstone course to write an analytic policy research paper that examines an important policy or management challenge in the public sector.

Prereq: Jr standing or permission of Associate Director of Academic Studies. Concur: 4020 and 4191. Not open to students with credit for 4011 (679.01) or 679.02.

4030 Public Budgeting U 3

Provides a high-level understanding of budgeting processes at all levels of government and in the nonprofit sector, as well as the fundamentals of public budgeting from the perspective of a practitioner. Reviews basic methods for public sector budgeting and analysis.

Prereq: Econ 2001.01, 2001.02, or 2001.03.

4060 Senior Leadership Seminar U 3

Students integrate multidisciplinary theoretical and practical approaches of leadership development and civic engagement to reflect on how leadership is defined, how it changes, and how individuals and groups can apply experience in college to civic minded engagement and change after graduation.

Prereq: Sr standing.

4110 Higher Education and Workforce Policy U 3

This course provides an overview of higher education and workforce training, and examines the role of government in the strategic planning, funding, and monitoring of education after compulsory schooling. The class will address both the systems in the United States, as well as workforce and higher education in developing and other developed countries.

4191.01 Public Affairs Internship U 1 - 3

Internship with a public, non-profit or similar organization in which students learn about sector combined with academic research component relevant to internship area.

Prereq: Students must have internship approved by John Glenn College prior to registering. Students may not receive credit for an internship already completed. Prior approval required. Repeatable to a maximum of 6 cr hrs or 2 completions.

4191.02 Student Internship in Public Affairs: Washington DC U 3

Washington D.C. Academic Internship Program offered through the John Glenn School of Public Affairs. Students from any discipline at the university may apply. Interns explore public policy issues and link experience to theoretical foundations. Students must be accepted to program in order to participate.

Concur: 4011 and 4021. Not open to students with credit for 589. Repeatable to a maximum of 9 cr hrs or 3 completions.

4310 State and Local Government Finance U 3

Financing public services by state/local governments. The fiscal relationship between state/local governments and the federal government. Apply techniques of economic analysis to policy issues.

Prereq: Econ 2001.01, 2001.02, or 2001.03. Cross-listed in Econ.

4510 Law and Public Affairs U 3

Introduces students to the legal environment within which public employees and administrators operate, emphasizing the work of the judiciary, and providing a legal basis for the study of public affairs, with a focus on how the courts engage in the policy making process.

4535 International Economic Development U 3

Study of the growth and diversification of developing economies and the causes of poverty and inequality. Analyze the impacts of human capital formation, markets, and public policy on development.

Prereq: AEDEcon 2001 (200) or Econ 2001 (200). Not open to students with credit for AEDEcon 435 or AEDEcon 535, or IntStd 4535 (535). Cross-listed in AEDEcon and IntStd.

4600 Ohio Public Safety Leadership Program U 10

10-week intensive course designed specifically for Ohio's Public Safety Officers to develop and refine leadership and management skills. Participants must be approved by Ohio State Highway Patrol selection process. Must have prior acceptance through Ohio State Highway Patrol selection process in order to enroll.

Prereq: Permission of unit. Repeatable to a maximum of 20 cr hrs.

4998 Undergraduate Research U 1 - 12

Individually supervised undergraduate research and project work in Public Affairs. Prereq: Jr or Sr standing, and permission of the Associate Director of Academic Affairs and instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is progress graded.

4999.01H Honors Undergraduate Thesis U 1 - 3

Honors Thesis in various topics related to Public Policy. Requires an Honors Thesis.

Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is progress graded.

4999.02H Honors Undergraduate Thesis II U 1 - 3

Honors Thesis in various topics related to Public Policy. Requires an Honors Thesis.

Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is progress graded.

5030 Local Government U G 3

Designed to provide a basic introduction to local governments and their relationship to state government. The course will cover organization, structure, responsibilities, management, and financing of local governments.

5059 Leadership Self-Development U G 1

Increasing self-awareness and being open to feedback are critical to becoming a more effective leader. Students deepen their self-awareness and develop strategies and actions for improving leadership and management competencies. This two week intensive course is designed for mid-career professionals in public and nonprofit organizations. Participants must be able to attend both 6.5-hour class sessions.

Prereq: Acceptance into the Leadership and Management Certificate Program.

5060 Managing People in Public and Nonprofit Organizations U G 2

This course is designed to enhance students' management and leadership skills, preparing them to diagnose and solve organizational problems, to influence the actions of other individuals, groups, and organizations, and to manage high-performing, successful public and nonprofit service organizations.

Prereq: 5059, and acceptance into the Public and Nonprofit Leadership and Management certificate program.

5061 Leading People in Public and Nonprofit Organizations U G 2

The course will prepare students to appropriately design, coach, develop, and lead teams in times of stability as well as change, and to do so ethically in order to lead high-performing, successful public and nonprofit service organizations.

Prereq: 5060, and acceptance into the Public and Nonprofit Leadership Certificate program.

5062 Public Leadership Application U G 1

PA 5062 is designed to hone and demonstrate students' accumulated leadership knowledge and skills through an intervention exercise. Students will be asked to identify an opportunity within a public or nonprofit organization to integrate and apply leadership concepts, diagnose, analyze and solve an organizational problem, and to explore personal styles of leadership. 2, 6.5-hour class meetings.

Prereq: 5059, 5060, and 5061, and acceptance into the Public Leadership and Management Certificate program.

5100 Contextual Awareness for Leaders In Public Organizations U G 3

Cultivates contextual awareness for public officials and the societal environment in which they operate. Effective and inspiring leadership is developed in this course through experiential learning of how one is perceived and how perceptions of others can be managed. Develops awareness of heuristics and biases that may play a role in assessing situations in work and organizational environment.

Prereq: Must be accepted to the Ohio Public Servants Leadership Academy (OPSLA). Not open to those with credit for 4600.

5101 Organizational Culture and Ethics into Practice U G 3

Intensive course on organizational culture, types of organizations and how structures influence various cultures (family, workplace, school, country, church); and the relation between organizational and individual ethics.

Prereq: Acceptance into the Ohio Public Safety Leadership Academy (OPSLA). Coreq: 5102. Not open to students with credit for 4600.

5102 Organizational Theory into Practice U G 4

Investigates various types of organizations, interagency relations, intergovernmental relations, program evaluation, budgeting and finance, data management, policy making, leadership theory and styles and the relation between type of organization and its functioning.

Prereq: Admission to the Ohio Public Safety Leadership Academy (OPSLA). Coreq: 5100 and 5101. Not open to students with credit for 4600

5193 Individual Study U G 1 - 6

Individual Studies in Public Affairs.

Prereq: Jr standing and permission of Associate Director of Academic Affairs and Research. Repeatable to a maximum of 15 cr hrs or 5 completions. This course is graded S/U.

5194 Group Studies U G 1 - 6

Designed to give groups of students an opportunity to pursue special studies in topics not otherwise offered.

Repeatable to a maximum of 18 cr hrs or 3 completions. This course is graded S/U.

5240 Race and Public Policy in the United States U G 3

This course explores race and public policy in the United States from Reconstruction to the present. In particular, the class is designed to look at the long history of hot topics in the current policy landscape, including policing, housing, wealth gap, immigration, voting, political representation, and others.

Prereq: Jr, Sr, or Grad standing; or permission of instructor. Not open to students with credit for AfAmAST 5240. Cross-listed in AfAmAST.

5400 Planning for Housing U G 3

Housing - including its uses, meaning, design, and role. The creation of a range of housing to support growth and revitalization of cities and regions.

Prereq: Not open to students with credit for CRPlan 320, 752, or 5400. Cross-listed in CRPlan.

5590 Fundraising and Philanthropy for Nonprofit Organizations U G 3

Designed for students interested in careers and/or volunteer roles in nonprofit administration and current professionals in this area: basic skills, theories, and applied methods of generating funding and creating development plans.

Prereq: Not open to students with credit for 880.06.

5591 Lobbying and Government Relations U G 3

Designed to provide an introduction to lobbying government affairs and at the local, state and federal levels of government.

Prereq: Not open to students with credit for 880.06.

5592 Marketing for Nonprofit and Public Organizations U G 3

Examines marketing principles of mission-driven organizations, specifically nonprofits and government agencies. It will provide students with an introduction to marketing theory, and will equip them with practical experience in developing a strategic marketing plan that addresses challenges unique to nonprofit and public sector marketers. 7553 is a recommended prerequisite for Grad students.

Prereq: 3140 for undergraduate students.

5600 Science, Engineering, and Public Policy U G 3

Presents the history of the interactions between science, engineering, and public policy in the United States and in the context of global concerns (e.g. climate change, competitiveness), inquires into how various federal government, universities, & corporations conduct & fund science and engineering & explore how public sector interests & processes influence sci, engr & public policy.

Prereq: Jr, Sr, or Grad standing; or permission of instructor. Cross-listed in EnvEng.

5610 Innovation, Policy, and the Global Economy U G 3

This course examines frameworks and theories of public administration, governance, and policy for science and engineering at the international level. It will critique existing theories of global knowledge development and transfer, governance, and trade through the lens of science and engineering.

Prereq: Jr, Sr or Grad Standing.

5700 Rebuilding Failed and Weak States U G 3

Tackles the question of how to design policies and programs to rebuild failed and weak states into functioning, if not vibrant, democracies.

Prereq: Soph standing or higher or permission of instructor. Not open to students with credit for 670 or IntStds 5700 (670). Cross-listed in IntStds.

5750 Public Policy: The Business-Government Relationship U G 3

Business tools and strategy for influencing government; evolution and direction of public policy toward business.

Prereq: Sr standing and permission of the Associate Director of Academic Affairs and Research. Not open to students with credit for 795.

5750H Public Policy: The Business-Government Relationship - Honors U G 3

Business tools and strategy for influencing government; evolution and direction of public policy toward business.

Prereq: Honors and Jr standing or higher, or permission of John Glenn School of Public Affairs. Not open to students with credit for 797H.

5770 Risk & Decision Analysis in Public Affairs U G 3

This course provides a comprehensive assessment of theories and tools for decision-making in the face of risk and uncertainty, giving a rigorous treatment of current issues and approaches in risk analysis through both qualitative and quantitative lenses.

5800 Special Topics Seminar in Public Affairs U G 3

Designed to give students an opportunity to pursue special studies in topics not otherwise offered.

Prereq: Jr standing or above or permission of instructor. Repeatable to a maximum of 12 cr hrs.

5881 Interdepartmental Seminar U G 1 - 3

Two or more departments may collaborate in presenting seminars in subjects of mutual interest; topics to be announced.

Repeatable to a maximum of 15 cr hrs or 5 completions.

5890 US Food Policy U G 3

An examination of national food affairs and policy at the federal level. Attention will focus on contemporary policy issues including food insecurity, health claims, obesity, novel crops, ingredients and processing techniques, sustainability, corporate consolidation, and food advertising; as well as how these issues impact the choices of federal institutions.

5900 Food System Planning and the Economy U G 3

Examines the social, environmental and economic costs and benefits of our food production, distribution, and consumption.

Prereq: Not open to students with credit for AEDEcon 5900 or CRPlan 5900. Cross-listed in AEDEcon and CRPlan.

6000 Public Policy Formulation and Implementation G 4

Overview of the public policy process and the historical and contemporary context in which policy making and implementation are carried out in the United States at the federal, state and local levels.

Prereq: Not open to students with credit for 801.

6010 Legal Environment of Public Organizations G 4

Provides students an understanding of the legal foundations of public affairs. Students use legal reasoning to examine and analyze the constraints imposed on public policy making and program management and implementation by the legal environment.

Prereq: Not open to students with credit for 802.

6030 Public Sector Economics G 4

Economic analysis in the public sector. Application of economic analytical techniques to identify and frame public policy problems; analysis of policy solution trade-offs; efficiency; market failure; public choice.

Prereq: Econ 2001, or equiv., or permission of instructor.

6040 Public Budgeting and Finance G 4

Survey/analysis of governmental fiscal activities; taxation principles, intergovernmental relations, fiscal problems; public sector budgeting; budgets as mechanism for planning/allocating/controlling resources; tools for program and results evaluation.

Prereq: 6030 or PubHHMP 7602 (CoPH students only); or permission of instructor.

6050 Managing Public Sector Organizations G 4

Learn to manage public sector organizations with a focus on the external environment: context of public sector organizations, their structure, how they operate; managing organizational performance, innovation, and change.

Prereq: Not open to students with credit for 810.

6060 Managerial Leadership in Public and Nonprofit Organizations G 4

Managerial Leadership in Public and Nonprofit Organizations with focus on internal operations, processes, and resources; human resource management, information technology; other aspects of internal capacity.

6070 Public Affairs Statistics G 4

Provides students with analytical knowledge and tools necessary to acquire, manage and analyze data. Students learn probability and statistics to conduct analysis and evaluation and evaluate the quality of analyses conducted by others.

Prereq: Not open to students with credit for both 820 and 822.

6080 Public Affairs Program Evaluation G 4

Equips students with knowledge and skills to evaluate public policies and programs. Students learn about different types of evaluations and research designs for conducting evaluations. Exposure to ethical considerations in conducting evaluations.

Prereq: 6070, 6070.01, or 6070.02.

382 Public Affairs, John Glenn College

6193 Individual Studies	G	1 - 6	7505 Wicked Policy Problems	G	3
Master's level individual studies in public affairs. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.			Elective course examines "wicked" policy problems, or policy problems that require attention to multiple causal factors (e.g. economic, financial, political, social, cultural, technological).		
6194 Group Studies	G	1 - 6	7506 Workforce Planning and Policy	G	3
Designed to give groups of students an opportunity to pursue special studies in topics not otherwise offered. Repeatable to a maximum of 18 cr hrs or 3 completions. This course is graded S/U.			Review of national level workforce systems; examination of technical aspects of workforce planning in nat'l and state policy contexts; planning governmental investments in education and workforce infrastructure using actual govt agency data.		
6460 Real Estate Finance for Planners	G	3	7507 Criminal Justice Policy	G	3
Realize plans by understanding the financial mechanisms to fund projects. Explore how public-private partnerships create opportunities for affordable housing, downtown revitalization, and neighborhood improvement. Prereq: Grad standing or permission of instructor. Not open to students who have taken CRPlan 6460. Cross-listed in CRPlan.			Overview of criminal justice system with focus on structural, organizational, and micro-level aspects of the criminal justice policy process; study of key systemic as well as current policy issues and fiscal impacts of policies. Prereq: Not open to students with credit for 840.		
6500 Public Affairs Skills: Written and Oral Communication	G	2	7509 Disasters: Preparedness and Response	G	3
Being an effective communicator can determine the reach and impact of policy, as well as the ability of a public manager to influence change. Course information includes becoming a better writer and speaker on a topic of public policy - including communicating to diverse audiences with differing information demands. Prereq: Not open to students with credit for 809. Repeatable to a maximum of 4 cr hrs.			Introduction to planning, policy and management issues that arise when disaster strikes, and the roles of government, non-profits, communities and individuals in emergency preparedness by examining a variety of recent natural and human-made disasters, both in the U.S. and abroad. Cross-listed in CRPlan.		
6505 Public Affairs Skills: Governmental Accounting	G	1	7525 Policy and Strategy in the Nonprofit Sector	G	3
Explores governmental accounting and financial reporting. Topics include long term financing and state and local government financial condition analysis. Prereq: Not open to students with credit for 852.			Provides students with a broad overview of the nonprofit sector, exploring historical and legal foundations, the environmental context (and related opportunities and threats), and critical issues for particular nonprofit subsectors. Prereq: Not open to students with credit for 880.06.		
6510 Conveying Quantitative Data in Public Affairs	G	1	7531 Economic Development Policy	G	3
Provides students with an understanding of how to convey complex information visually using software tools so as to facilitate, frame and inform debates around issues in public policy and public finance. Prereq: Grad standing or permission of instructor.			Takes a practical approach to the legal, policy and business issues related to urban redevelopment. Gain a legal perspective as they investigate business and public policy issues surrounding redevelopment in our urban core. Prereq: Not open to students with credit for CRPlan 7531. Cross-listed in CRPlan.		
6513 Excel Basic Skills	G	1	7533 Nonprofit Financial Management	G	3
This first of two Excel courses focuses on how to use Microsoft Excel from basic data entry, formatting, filtering and sorting, basic functions and formulas, basic nest formulas, and basic charts and graphs. A variety of techniques and data management concepts are presented and discussed. Real world examples are used to provide context.			Focuses on financial management in nonprofit organizations which may rely primarily on donor support through pledges, grants and endowments or on revenues generated through the provision of services.		
6514 Excel Advanced Skills	G	1	7534 Privatization	G	3
Excel Advanced Skills focuses on how to use intermediate to advanced Microsoft Excel functionality from nested formulas to data analysis through the use of pivot tables and creating interactive worksheets. A variety of techniques and data management concepts are presented and discussed. Real world examples are used to provide context. Excel Basic class not required but recommended for beginners.			Examines the theory and current practice of privatization against the backdrop of public policy and public administration. Prereq: Not open to students with credit for 880.07.		
6515 Database Management	G	1	7535 Regulation and Deregulation	G	3
Addresses the efficient and effective use of the database environment as a resource for the support of decision making at tactical, strategic and policy levels within the public sector. Prereq: Grad standing or permission of instructor. Not open to students with credit for 821.			Examine the strengths and limitations of economic and social regulation, the occasion for and evolution of their policy development, and the prospects for regulation, deregulation, and re-regulation in the U.S. economy. Prereq: Not open to students with credit for 880.05.		
6520 Balanced Scorecards and Dashboards	G	1	7550 Contract Management	G	3
Skills course that covers the development and display of performance information for decision making. Prereq: Grad standing or permission of instructor.			Provides students with a perspective on the need and methods for managing contract relationships and outsourced services in the public-sector. Prereq: Not open to students with credit for 880.05.		
6525 Survey Design in Public Affairs	G	1	7551 Dispute Resolution	G	3
Surveys key concepts and methods of survey design and implementation for public program evaluation and public policy analysis. Prereq: Grad standing or permission of instructor.			Introduces students to the field of Alternative or Appropriate Dispute Resolution (ADR) and specifically the use of ADR in managing and resolving public policy disputes. Prereq: Not open to students with credit for 880.06 or CRPlan 7500 (750). Cross-listed in CRPlan 7500 (750).		
6890 Special Topics: Skills in Public Affairs	G	1	7553 Nonprofit Management and Governance	G	3
Contains special topics exclusively appropriate to the "Skills" portion of the Glenn School Masters curriculum. Prior to scheduling, a syllabus with learning objectives, topics, and a rationale will be agreed upon by the faculty. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 8 cr hrs.			Advanced survey course on nonprofit management and governance, with a concentrated focus on evaluating and managing nonprofit capacity to achieve organizational performance and system impact. Prereq: Not open to students with credit for 880.06.		
7194 Group Studies	G	1 - 4	7554 Performance Measurement and Management in the Public Sector	G	3
Designed to give groups of students the opportunity to pursue special advanced studies in topics not otherwise offered. Repeatable to a maximum of 16 cr hrs or 4 completions.			Provides students with an understanding of performance measurement and management principles to create useful performance information, to use data to manage operations, to develop more effective employees and to make financial decisions. Prereq: Not open to students with credit for 880.05.		
7501 Grant Writing in the Public Sector	G	3	7555 Project Management	G	3
An introduction to the public sector process of grant writing including techniques and structure. Prereq: Not open to students with credit for 880.02 or CRPlan 6610 (837). Cross-listed in CRPlan 6610.			Introduction to international standards and methods for project management (PM); the application of tools, the basic, ancillary, and "soft" skills for successful PM; public sector challenges; and strengths/limitations in a complex organic environment. Prereq: Not open to students with credit for 880.05 or CRPlan 6620 (880). Cross-listed in CRPlan 6620.		
7503 Higher Education Policy for Public Leaders	G	3	7570 Public Management Information Systems	G	3
Provides an introduction to education policy for public sector leaders. Topics include Higher Education economic foundations, budget processes, current policies, and international education and practice. Prereq: Not open to students with credit for 880.06.			Critical study of the design and administration of management information systems for the public and nonprofit sectors. Prereq: Not open to students with credit for 821.		

7571 Multivariate Regression Analysis	G	3
An applied course in regression analysis in which students use multiple regression to make predictions and test hypotheses to help inform policy analysis.		
Prereq: 6070 or equiv. Grad level introductory statistics course.		
7572 Policy Simulation and Modeling	G	3
Introduction to the development of conceptual and data models for public policy analysis including hands-on experience with using simulations tools for agent-based and system dynamics modeling.		
Prereq: 6080 (804) or permission of instructor.		
7573 Public Affairs Methods	G	3
Explores quantitative and/or qualitative decision-making methods specific to public affairs context using statistics, economics, public budgeting, finance, policy, and modeling theories.		
Prereq: 6070, or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
7900 Capstone: Research Paper in Public Affairs	G	3
Students integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth policy or management analysis of a defined topic or a specific organization.		
Prereq: 6000 (801), 6070 (820 & 822), 6080 (804); or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
7910 Capstone: Public Policy Issues	G	3
Students integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth Public Policy analysis of a defined topic or a specific organization.		
Prereq: 6000 (801), 6010 (802), 6070 (820 & 822), 6080 (804); or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
7920 Capstone: Public Economics	G	3
Students integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth Public Economics analysis of a defined topic or a specific organization.		
Prereq: 6000 (801), 6070 (820 & 822), 6080 (804), 6030 (830), 6040 (730 & 834); or permission of instructor.		
7930 Capstone: Public Budgeting and Finance	G	3
Students integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth Public Budgeting and Finance analysis of a defined topic or a specific organization.		
Prereq: 6000 (801), 6070 (820 & 822), 6080 (804), 6030 (830), 6040 (730 & 834); or permission of instructor.		
7940 Capstone: Public Management	G	3
Students integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth Public Management analysis of a defined topic or a specific organization.		
Prereq: 6000 (801), 6050 (810), 6060 (811), 6070 (820 & 822), 6080 (804); or permission of instructor.		
7950 Capstone: Nonprofit Topics	G	3
Integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth Nonprofit analysis of a defined topic or a specific organization.		
Prereq: 6000, 6070, and 6080; or permission of instructor.		
7960 Capstone: Information Management	G	3
Integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth Information Management analysis of a defined topic or a specific organization.		
Prereq: 6000 (801), 6050 (810), 6070 (820 & 822), 6080 (804); or permission of instructor.		
7970 Capstone: Policy in an International Context	G	3
Students integrate the knowledge and skills gained throughout the MA/MPA program by applying theory to practice through an in-depth International Context analysis of a defined topic or a specific organization.		
Prereq: Permission of instructor.		
8000 Public Policy and Management: Foundations and Approaches	G	3
In-depth introduction to research and theory of public administration intended to familiarize students with major research streams in the field and issues and debates involved therein. Assists students in planning research directions.		
Prereq: John Glenn School Doctoral students or permission of instructor. Not open to students with credit for 880.06.		
8030 Seminar in Public Policy	G	3
Designed to heighten graduate students' ability to think critically about public policy research. It emphasizes the critical assessment of public policy research on policy formulation, implementation, and evaluation.		
Prereq: John Glenn School Doctoral students or permission of instructor. Not open to students with credit for 880.06.		
8040 Seminar in Organizational Theory	G	3
Survey of the major perspectives in organizational theory and their application to public management.		
Prereq: Not open to students with credit for 880.06.		

8050 Seminar in Public Sector Economics	G	3
The applications of rational choice modeling to public policy analysis and organizational decision-making.		
Prereq: 6030 (830), or Econ 4001 (501), or permission of instructor. Not open to students with credit for 880.02.		
8060 Seminar in Public Management	G	3
Provides an in-depth introduction to research and theory about public management. It is one of a two-course sequence in the John Glenn School of Public Affairs focusing on public management and organizations.		
Prereq: Not open to students with credit for PubPolM 880.06.		
8193 Individual Studies	G	1 - 12
Advanced individual studies in public affairs.		
Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 18 completions. This course is graded S/U.		
8194 Group Studies	G	1 - 4
Designed to give groups of students the opportunity to pursue special advanced studies in topics not otherwise offered.		
Repeatable to a maximum of 16 cr hrs or 4 completions.		
8780 Logic of Policy Inquiry	G	3
Explore research paradigms to determine how they suit one's values, research interests and objectives. Determine object of study, approaches and language used to acquire/disseminate knowledge.		
Prereq: Not open to students with credit for 890.		
8782 Seminar in Policy Modeling	G	3
Analyzes conceptual frameworks underlying scholarly products to help students plan a doctoral dissertation or a paper publishable in an academic journal.		
Prereq: Not open to students with credit for 880.05.		
8890.01 First Year Doctoral Seminar I	G	1
First in a sequential series of three, develops skills and capacities for first-year Glenn School doctoral students to succeed and thrive as scholars.		
Prereq: Not open to students with credit for 880.06.		
8890.02 First Year Doctoral Seminar II	G	1
Second in a series of three, develops skills and capacities for first-year Glenn School doctoral students to succeed and thrive as scholars.		
Prereq: 8890.01 or permission of instructor. Not open to students with credit for 880.06.		
8890.03 Second Year Doctoral Seminar	G	1
Last of three in a sequential series, develops skills and capacities for second-year Glenn School doctoral students to advance in the field as scholars and prepare for academic and non-academic careers.		
Prereq: 8890.01 and 8890.02, or permission of instructor. Not open to students with credit for 880.06.		
8890.04 College Teaching in Public Affairs	G	2
This interactive seminar assists advanced graduate students developing the necessary skills for college level teaching in public affairs: pedagogical strategies; theoretical and interdisciplinary practices; instructor professional development.		
Prereq: Grad standing, and permission of instructor.		
8998 Graduate Research Non-Dissertation	G	1 - 8
This course is designed to provide reading and research hours for students preparing for candidacy exams.		
Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 4 completions.		
8999 Research in Public Affairs: Dissertation	G	1 - 12
Research for dissertation purposes only.		
Repeatable to a maximum of 18 cr hrs or 18 completions. This course is graded S/U.		

Public Health

1100 Survey of Public Health	U	1
An introduction to the University community; strategies for successful transition to and participation in that community; information about University resources and procedures; and (4) information about the College of Public Health and its programs.		
2010 Introduction to Global Public Health		
Public health concepts examining the philosophy, purpose, history, organization, functions, and results of public health practices domestically and internationally. Presents the pressing global public health concerns of the 21st century.		
Prereq: Not open to students with credit for 400. GE soc sci indivs and groups and diversity global studies course.		
3180 Undergraduate Capstone Preparation	U	1
The purpose of the class is to prepare undergraduate students in Public Health for their Capstone Experience. Students will learn the critical elements of Public Health Practice and Research as well as professional development skills to prepare them for the workplace and equip them with the tools needed to apply for graduate school.		
Prereq: Jr standing in BSPH, or Soph standing for students who intend to complete an Honors Research Thesis. This course is graded S/U.		

384 Public Health

3180E Undergraduate Capstone Preparation	U 1		
Prepares undergraduate students in Public Health for their Capstone Experience. Students will learn the critical elements of Public Health Practice and Research as well as professional development skills to prepare them for the workplace and equip them with the tools needed to apply for graduate school.			
Prereq: Jr standing in BSPH, or Soph standing for students who intend to complete an Honors Research Thesis. This course is graded S/U.			
3189.01 Field Experience in Global Public Health: India	U 3		
Global public health concepts and associated metrics; role of cultural, social, economic, and environmental factors on public health in India; instructions in a classroom setting on an Indian campus and through field trips.			
Prereq: English 1110 (110), good academic standing, and completion of minimum 4 semesters (2 academic years) of undergraduate education.			
3189.02 Field Experience in Global Public Health: China	U 3		
Global public health concepts and associated metrics; role of cultural, social, economic, and environmental factors on public health in China; instructions in a classroom setting on a Chinese campus and through field trips.			
Prereq: Major or minor in PubHlth or in health/biology-related areas; or permission of instructor.			
3189.02E Field Experience in Global Public Health: China	U 3		
Global public health concepts and associated metrics; role of cultural, social, economic, and environmental factors on public health in China; instructions in a classroom setting on a Chinese campus and through field trips.			
Prereq: Major or minor in Public Health or in health/biology-related areas, or permission of instructor.			
3189.03 Field Experience in Global Public Health: Japan	U 3		
Global public health concepts and associated metrics; role of cultural, social, economic, and environmental factors on public health in Japan; instructions in a classroom setting on a Japanese campus and through field trips.			
Prereq: English 1110 (110), and good academic standing, and completion of minimum 4 semesters (2 academic years) of undergraduate education.			
3189.03E Field Experience in Global Public Health: Japan	U 3		
Global public health concepts and associated metrics; role of cultural, social, economic, and environmental factors on public health in Japan; instructions in a classroom setting on a Japanese campus and through field trips.			
Prereq: English 1110 (110), and good academic standing, and completion of minimum 4 semesters (2 academic years) of undergraduate education.			
3189.04 Field Experience in Global Public Health: Finland and Estonia	U 3		
Global public health concepts and associated metrics; role of cultural, social, economic, and environmental factors on public health in Finland and Estonia; instructions in a classroom setting and through field trips.			
Cross-listed in PubHlth 3189.04.			
3189.04E Field Experience in Global Public Health: Finland and Estonia	U 3		
Global public health & associated metrics, role of cultural, social, economic, and environmental factors on public health in Finland and Estonia.			
Cross-listed in PubHlth 3189.04.			
3191 Undergraduate Internship in Public Health	U 2		
Placement of BSPH students in a public health agency or related site for supervised practice experience.			
Prereq: Jr or Sr standing, enrollment in BS Public Health major, and permission of advisor. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.			
3191E Undergraduate Internship in Public Health	U 2		
Placement of BSPH students in a public health agency or related site for supervised practice experience.			
Prereq: 3180 or 3180E, Sr standing, enrollment in BS PubHlth major, and permission of advisor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.			
3193 Individual Studies in Public Health	U 1 - 3		
Individual study in a public health topic approved by and under the guidance of a faculty advisor.			
Prereq: Permission of a faculty advisor. Repeatable to a maximum of 6 cr hrs or 3 completions. This course is graded S/U.			
3550 Special Topics in Public Health	U 1 - 6		
Regular class on topics that are relevant to students enrolled in programs in the College of Public Health undergraduate program.			
Prereq: Enrollment as a Public Health major or pre-major, or permission of instructor. Repeatable to a maximum of 12 cr hrs or 6 completions.			
3999 Undergraduate Capstone Research in Public Health	U 2		
The goal of the Undergraduate Public Health Research Experience Capstone is to provide Public Health students with opportunities to apply public health principles outside of a typical classroom setting and build on public health coursework. This course allows students the opportunity to integrate classroom experiences and principles in an applied research setting. Prereq: 3180. This course is graded S/U.			
4998 Undergraduate Research in Public Health	U 1 - 6		
Undergraduate research under the guidance of a faculty mentor in a basic or applied area of public health.			
Prereq: Jr or Sr standing, and Enrollment in BS PuHlth major, and permission of advisor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.			
4999 Undergraduate Research Thesis	U 3 - 6		
Conducting a research project and writing a thesis is a Capstone Option for undergraduate Public Health majors. It allows the student a significant opportunity to apply skills learned in the classroom to an applied research project. This is done under the supervision of a faculty advisor.			
Prereq: A cumulative GPA of 3.0 or higher, and PUBHLTH-BS major, and approval of research proposal by undergraduate research committee, and permission of instructor. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.			
4999.01H Senior Honors Thesis	U 1 - 3		
An independent senior thesis course with faculty advisor; subject matter will vary depending upon student's topic. At least two semesters are required for the BSPH degree with research distinction. Failure to receive a mark of S in this course is a disqualification for special honors.			
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			
5760 Public Health Informatics	U G 3		
Introduction to the emerging and interdisciplinary field of Public Health Informatics. This course will highlight the history, current and future use of informatics in the public health settings, and give students an understanding of the role and broad application of informatics to promoting health and preventing disease.			
Cross-listed in BMI.			
6000 Introduction to Global Health	G 2		
Overview of current and emerging global health issues, their determinants, actions, and interventions.			
Prereq: Open to Grad students with registration priority for students enrolled in the Interdisciplinary Global Health specialization. Not open to students with credit for 600.			
6010 Essentials of Public Health	G 3		
An overview of the history and philosophy of public health, and the fundamental principles, concepts, and tools used in promoting the health of populations. The course is intended to orient students to the breadth of the field and introduce cross-specialization perspectives on major issues and problems in public health.			
Prereq: Enrollment in Master of Science in Public Health (PUBHLTH-MS) or Doctor of Philosophy in Public Health programs (PUBHLTH-PH), or permission of instructor.			
6189.01 Field Experience in Public Health	G 1 - 6		
Placement in a public health agency or related site for supervised practice experience.			
Prereq: Enrollment in public health degree program, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			
6189.02 Field Experience in Global Health	G 1 - 6		
Placement in a public health agency or related site for supervised international practice experience.			
Prereq: Enrollment in public health degree program, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			
7000 Public Health in Developing Countries	G 3		
Overview of core public health principles and practices applied to global health issues.			
Prereq: 6000; open to all Grad and professional students with registration priority for students enrolled in the graduate Interdisciplinary Global Health specialization. Not open to students with credit for 700.			
7040 Public Health Organization	G 3		
Review of the historical background leading to the evolution of public health with a focus on the contemporary practice of public health; a review of current policy and practice; and, an outlook for the future of public health.			
7189 Practicum in Public Health	G 1 - 6		
Placement in a public health agency or related site for supervised practice experience.			
Prereq: Enrollment in public health degree program, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			
7350.02 Topics in Applied Public Health Practice - Leadership	G 1 - 3		
Includes theory and applications relevant to specific rubrics of applied public health practice, with a theme of public health management and leadership.			
Repeatable to a maximum of 12 cr hrs or 6 completions. This course is graded S/U.			
7350.03 Topics in Applied Public Health Practice - Res Tools	G 1 - 3		
Includes theory and applications relevant to specific rubrics of applied public health practice, with a theme of public health research tools.			
Repeatable to a maximum of 12 cr hrs or 6 completions. This course is graded S/U.			

7996	Culminating Project Prep Seminar for MPH-PEP students	G	1
Course is designed for students to: complete their culminating project proposals, submit culminating project approval form, complete a basic human subject research course, submit application to the IRB and/or other review boards (if applicable), complete the beginning sections of their Culminating Project report, and develop a project management plan for implementation.			
Prereq: Permission of instructor. This course is graded S/U.			
7998	Culminating Project in Public Health	G	1 - 3
Final project for MPH degree that can be a research report, program evaluation or grant proposal. Students should see division specific requirements.			
Prereq: Enrollment in MPH degree program, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			
7999	Thesis Research in Public Health	G	1 - 12
Research for master's students: Thesis research.			
Prereq: Enrollment in MS degree program, and permission of instructor. Repeatable. This course is graded S/U.			
8802	Seminar for Graduate Interdisciplinary Specialization in Demography	G	3
Course required for students enrolled in the Graduate Interdisciplinary Specialization in Demography (GISD). Presents an introduction to demography (the study of populations) and population health.			
Prereq: Grad standing, or permission of instructor with approval by Graduate School for undergraduate credit. Repeatable to a maximum of 12 cr hrs. Cross-listed in Sociol.			
8998	Pre-Candidacy Research in Public Health	G	1 - 12
Independent research for doctoral students: pre-candidacy.			
Prereq: Enrollment in PhD program. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
8999	Post-Candidacy Research in Public Health	G	1 - 12
Independent research for doctoral students: post-candidacy.			
Prereq: Enrollment as PhD Candidate in Public Health Program. Repeatable. This course is graded S/U.			

Public Health: Biostatistics

2210	Biostatistics for Public Health Research	U	3
Hands-on experience using statistical tools to answer real-world questions. Students will design and implement a short survey and analyze their results. Emphasis on analysis of actual survey data using statistical software. Statistical topics include numerical/graphical summaries, measures of association, and hypothesis testing. Focus is on interpretation, not calculation.			
Prereq: Stat 1350 (135) or Stat 1450 (145), or equiv.			
2210H Honors Biostatistics for Public Health Research			
U	3		
Hands-on experience using statistical tools to answer real-world questions. Students will design and implement a short survey and analyze their results. Emphasis on analysis of actual survey data using statistical software. Statistical topics include numerical/graphical summaries, measures of association, and hypothesis testing. Focus is on interpretation, not calculation.			
Prereq: Honors standing, and Stat 1350 (135) or 1450 (145), or equiv; or permission of instructor.			
3193	Individual Studies in Biostatistics	U	1 - 6
Individual studies in Biostatistics focusing on applied topics.			
Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.			
5280	Introduction to Genomic Data Analysis	U G	2
Provides an in-depth analysis of a specific question to which genomic methods are applied. Intersperses experimental methods and statistical analysis of biological data. Some experience with programming is recommended.			
Prereq: Jr standing or above, and Math 1151 or 1156, Stat 2450 or 2480, and Biology 1113 or MolGen 5660; or Grad standing; or permission of instructor.			
6210	Design and Analysis of Studies in the Health Sciences I	G	3
Theory and application of basic statistical concepts for design of studies in health sciences, integrated with statistical software applications.			
Prereq: Grad standing in PubHlth, or enrollment in MS Pharmacology program, or permission of instructor. Not open to students with credit for 701.			
6211	Design and Analysis of Studies in the Health Sciences II	G	3
A second course in applied biostatistical methods with an emphasis on regression methods commonly used in the health sciences. The focus is on linear regression and ANOVA. Integrated with use of computer statistical packages.			
Prereq: A grade of B- or above in 6210 (701), or permission of instructor. Not open to students with credit for 702.			
6212	Regression Methods for the Health Sciences	G	3
Regression models for three problems: repeated measures data, logistic regression and time-to-event analysis. Hypothesis tests, evaluating assumptions, confounding, selection of predictors. Illustrated with real data sets and analysis assignments.			
Prereq: A grade of B- or above in 6211 (702), or in both Stat 6410/6910 (641) and 6450/6950 (645), or permission of instructor. Not open to students with credit for 703.			
6270	Introduction to SAS for Public Health Students	G	2
Introduction to programming using SAS software to accomplish public health data management and analysis.			
Prereq: Grad standing in PubHlth, or permission of instructor. Not open to students with credit for 604, Stat 5740, or 6740.			
7193	Individual Studies in Biostatistics	G	1 - 6
Independent study in Biostatistics.			
Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.			
7194	Group Studies in Biostatistics	G	1 - 3
Group studies in biostatistical methods. Format will include lectures, readings, presentations and discussions in an area of special interest to students and faculty.			
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.			
7215	Design and Analysis of Clinical Trials	G	2
Design, monitoring, and analysis of clinical trials; includes protocol development, randomization schemes, sample size methods, and ethical issues.			
Prereq: Stat 5301, or PubHlBio 6210, or equiv; or permission of instructor. Not open to students with credit for Stat 6615 (BioStat 615). Cross-listed in Stat 6615.			
7220	Applied Logistic Regression	G	3
Theoretical and practical training in statistical modeling of a categorical response variable; conditional and unconditional models, assessment of model performance, determination of scale.			
Prereq: A grade of B- or above in 6211 (702.xx). Not open to students with credit for 606.			
7225	Survey Sampling Methods	G	3
Sampling from finite populations, simple random, stratified, systematic and cluster sampling design, ratio and regression estimates, non-sampling errors, models.			
Prereq: 6211 (703) or Stat 5301 (529), or equiv. Not open to students with credit for Stat 6510 (651). Cross-listed in Stat 6510.			
7230	Applied Longitudinal Data Analysis	G	3
Statistical models and methods for the analysis of data arising from longitudinal studies with repeated measurements on subjects over time.			
Prereq: 6211, Stat 6450, or 6950. Not open to students with credit for 624.			
7235	Applied Survival Analysis	G	3
Introduction to time-to-event data analysis. Topics include summary statistics, non-parametric methods, semiparametric and parametric models, and competing risks analysis. Focus is on analysis of health data using statistical software.			
Prereq: 6211, Stat 6450, or 6950. Not open to students with credit for Stat 6605 (BioStat 605). Cross-listed in Stat 6605 (BioStat 605).			
7240	Applied Statistical Analysis with Missing Data	G	3
Models and methods for the dataset with missing values, including imputation, likelihood-based, and Bayesian models.			
Prereq: 6211 (703), or Stat 6201, or 6802 (622), or 6302, or 6450, or 6950, or permission of instructor. Not open to students with credit for Stat 6520 (652). Cross-listed in Stat 6520.			
7245	Biostatistical Collaboration	G	2
Basic biomedical research methodologies; collaborate with biomedical researchers to design experiments and plan analyses; protocol preparation; professional skills development; statistical report preparation.			
Prereq: Grad standing and permission of instructor; sufficient coursework in Stat or BioStat to serve as a biostatistical consultant. Not open to students with credit for Stat 7755 (BioStat 709). Cross-listed in Stat 7755 (BioStat 709). This course is graded S/U.			
7250	Special Topics	G	1 - 6
Regular class on special topics in biostatistics. Format will include lectures, readings, presentations and discussions in an area of special interest to students and faculty.			
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.			
7255	Introduction to Causal Inference in Health Science Research	G	3
This is an introduction course to the commonly used statistical methods for causal inference. The course starts with potential outcome framework as the conceptual foundation for inferring causality.			
Prereq: B- or higher in 6211, or permission of instructor.			
7899	Seminar in Biostatistics	G	1 - 3
Seminar on topics that are relevant to students enrolled in programs in the Division of Biostatistics.			
Prereq: Grad standing in PubHlth, and permission of instructor. Repeatable. This course is graded S/U.			
8230	Advanced Longitudinal Data Analysis	G	3
Classical and modern statistical approaches for continuous and discrete longitudinal data. Random effects and growth curve models, measurement error, generalized estimating equations, estimation with missing data, multivariate longitudinal data.			
Prereq: Stat 6802 (622) and 6950 (645). Not open to students with credit for Stat 7470 (726). Cross-listed in Stat 7470 (726).			

386 Public Health: Biostatistics

8235 Advanced Regression Modeling of Time-to-Event Data G 3
Advanced topics in survival analysis. Proportional hazards models, parametric regression models, length-bias and prevalent sampling, multivariate survival analysis, counting processes, recurrent events.
Prereq: Stat 6802 (622) and 6950. Not open to students with credit for 706 or Stat 7605. Cross-listed in Stat 7605.

8450 Stochastic Epidemic Models G 3
Introduces the basic methods for analyzing large population epidemic data from the viewpoint of the stochastic processes theory. The course will cover the basic SIR (susceptible-infective-removed) epidemic models both under the homogenous and restricted contact structures.
Prereq: Stat 6801, and 6540 or 7540; or permission of instructor. Cross-listed in Stat.

8899 Doctoral Seminar G 1 - 3
Seminar for doctoral students in Biostatistics.
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.

Public Health: Environmental Health Sciences

3193 Individual Studies in Environmental Health Sciences U 1 - 6
Individual Studies in Environmental Health Sciences.
Prereq: Permission of instructor. This course is graded S/U.

3310 Current Issues in Global Environmental Health U 3
Fundamental concepts and principles of environmental health are presented through a critical review and discussion of current issues in global environmental health.

3320 Fundamentals of Environmental Health Risk Assessment U 3

The scientific process used by governmental agencies to evaluate public health threats due to environmental contamination. An orientation to the fundamental and applied components of risk assessment including: hazard identification, toxicology/dose-

4530 Food Safety and Public Health U 2
Principles and practice of food safety; transmission, inactivation and control of foodborne pathogens, hazards, toxins and allergens; risk assessment, sanitation, and pest control in foods.
Cross-listed in FdScTe 4536.

5315 Principles of Toxicology U G 3
Fundamentals of dose-response, exposure, disposition and biotransformation of chemicals in mammalian systems; actions of toxicants in major organ systems.
Prereq: Not open to students with credit for 732.

5320 Climate Change and Human Health U G 3
Recognize current controversies about climate change, summarize the evidence about climate change on human health, and identify major human diseases associated with climate change.
Prereq: Not open to students with credit for 794.

5325 Principles of Occupational Health Science U G 3
Principles and practice of occupational health, including, among other topics, a history of the discipline and in-depth consideration of occupational hazards and risks, including types, sources, exposures and health impacts.
Prereq: Not open to students with credit for 830.

5395 Engineering Design for Environmental Health U G 3
Students in this course will learn how to incorporate health information into the engineering design process. This material complements risk assessment by focusing on the design of engineering systems. We will discuss balancing financial, health, performance, & other considerations. Quantitative analysis will be conducted in soil, water, air, buildings, and occupational health scenarios.
Prereq: Math 1151 or 1161.01 or 1161.02 or equiv., and Chem 1210 or 1250 or equiv., and enrollment in CivilEn or EnvEng or PubHlth-BS with a specialization in Environmental Public Health; or Grad standing; or permission of instructor. Cross-listed in EnvEng 5195.

6300 Environmental Health Science Issues in Health Administration G 1½
In this course, we will consider environmental health sciences as a cornerstone to public health.
Prereq: Enrollment in HSMP-MHA, or permission of instructor.

6305 Principles of Environmental Health for Professionals G 3
Survey of environmental influences on human health and strategies for prevention.
Prereq: Enrollment in MPH program.

6310 Principles of Environmental Health Science G 3
Survey of environmental influences on human health and strategies for prevention considering source emissions, environmental fate and transport, human exposure, dose, and biological effects.
Prereq: Not open to students with credit for 731.

6315 Advanced Environmental Health Science G 3
Survey of environmental influences on human health and strategies for prevention considering source emissions, environmental fate and transport, human exposure, dose, biological effects, and ultimately disease associated with exposure.
Prereq: Enrollment in EHS program, and Grad standing.

6320 Global Health and Environmental Microbiology G 3
Fundamentals and emerging issues of health significant microorganisms (bacteria, viruses, protozoa) from water, air, soil and food, and their sources, transmission routes, treatments, detection methods and study tools.
Prereq: Not open to students with credit for 730. Cross-listed in FdScTe.

7193 Individual Studies in Environmental Health Sciences G 1 - 6
Individual studies in Environmental Health Sciences focusing on applied topics.
Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.

7194 Group Studies in Environmental Health Sciences G 1 - 3
Group studies in Environmental Health Sciences.
Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.

7350 Special Topics in Environmental Health Sciences G 1 - 3
Opportunity for students to pursue a particular environmental health interest that is not available through existing topical offerings.
Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.

7360 Water Contamination: Sources and Health Impact G 3
Topics focus on understanding the sources, the transport mechanisms and the fate of microbial and chemical contaminants in water, human exposure risks, tracking methods, linking to other environmental matrices and the public health impacts.
Prereq: Not open to students with credit for 729.

7365 Principles of Risk Assessment G 3
Introductory course that includes discussion of a variety of topics in human exposure and related risk assessment.
Prereq: Not open to students with credit for 831.

7380 Exposure Science Monitoring Techniques G 3
Environmental health science is a multidiscipline profession focusing mainly on public (human) health issues related to food/water/beverage sanitation, and water, air and land contamination and pollution. Emphasis on the principles and practices of human exposure monitoring of contaminants in air, water, soil, and food including field sampling, analytical instrumentation, and methods.

7390 Major Human Diseases in Global Public Health G 3
Public health is focused on preventing illnesses and injuries or intervening to decrease the impact to populations of people. Emphasize on basic physiology, pathophysiology, and clinical evaluation of major human diseases that have significant global public health impact epidemiologically, politically, and economically with a focus on disease causes and prevention.

7899 Seminar in Environmental Health Sciences G 1 - 3
Seminar on topics that are relevant to students enrolled in programs in the division of environmental health sciences.
Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.

8340 Molecular Techniques for Environmental Health Sciences G 3
Practical introduction to molecular techniques, as applied to research in environmental health sciences.
Prereq: Not open to students with credit for 835.

8899 Doctoral Seminar in Environmental Health Sciences G 1 - 3
Doctoral level seminar on topics that are relevant to students enrolled in the PhD program in health environmental health sciences.
Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.

Public Health: Epidemiology

2410 Introduction to Epidemiology U 3
Introduction to the study of public health; history, methods, applications, and issues in epidemiology.

3193 Individual Studies in Epidemiology U 1 - 6
Individual Studies in Epidemiology.
Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.

3410H Honors Case Studies in Public Health U 3
This is an advanced undergraduate course in epidemiology that is designed for Honors students in Public Health or a related field. Students will learn about how epidemiology is used in the field of Public Health through a case study approach.
Prereq: Honors standing, and 2410.

4410 Social Epidemiology U 3
This is an advanced undergraduate course in epidemiology that presents students with the latest information about how social factors relate to disease outcomes. Students will learn about how epidemiologists measure social factors and then use these measures to study the relation between social factors and risk for different infectious and chronic diseases.
Prereq: 2410.

Public Health: Epidemiology 387

4432 Injury: A Public Health Problem

U 3

This introductory course in injury prevention & control is designed primarily for upper-division undergraduates. Students will be exposed to/learn to develop skills such as summarizing research findings, translating & communicating these findings to an identified audience, & utilizing policy & advocacy for initiating public health change as it relates to injury prevention and control.

Prereq: 2410, and PubHHBP 3510; or permission of instructor.

5411 Outbreak Investigations

U G 3

Principles and practice of field epidemiology, including outbreak investigation and disease surveillance.

Prereq: 2410, or Grad standing, or permission of instructor. Not open to students with credit for 615.

5412 Infectious Diseases in the Developing World

U G 3

Introduction to the study of infectious diseases in the developing world. Recommended: 2410. Prereq: Not open to students with credit for 718.

5420 Infectious Disease Modeling in Humans and Animals

U G 3

Provides an introduction to computer models of infectious diseases and their applications. It includes lecture and laboratory and focuses on applications rather than mathematical theory. Prereq: Jr or Sr standing, or Grad standing; or permission of instructor.

5421 Mathematics of Infectious Disease Dynamics

U G 3

Provides an introduction to mathematical modeling of infectious diseases, including techniques for building and analyzing disease models, and discussions of calibration and comparison of models with data. This course is intended for graduate students in public health or other related disciplines and for upper level undergraduate and graduate mathematics students. Prereq: Math 1152, 1172, or 153; or permission of instructor. Cross-listed in Math.

5438 Cardiovascular Disease Epidemiology

U G 3

Introduction to the epidemiology of cardiovascular disease; risk factors, specific diseases, diagnostic procedures; review of classic and current studies.

Prereq: 2410, 6410, or 6430; or permission of instructor. Not open to students with credit for 817.

6400 Epidemiology for Experienced Health Professionals

G 3

Introduction to the nature and scope of epidemiology; survey of basic epidemiological methods and their application to selected acute and chronic health problems. For experienced health professionals.

Prereq: Enrollment in MPH-PEP program, or permission of instructor. Not open to students with credit for 6410 and 6420.

6410 Principles of Epidemiology

G 3

Introduction to the nature and scope of epidemiology; survey of basic epidemiological methods and their application to selected acute and chronic health problems. For non-majors.

Prereq: Not open to students with credit for 6430.

6411 Biological Basis of Public Health

G 3

Molecular and epidemiologic evidence of biological mechanisms in major diseases of concern for public health.

Prereq: Grad standing in Public Health, or permission of instructor. Not open to students with credit for 704.

6412 Basic Principles in Clinical and Translational Science

G 2

Identification of clinical and translational research issues, assessment of the literature, ethically responsible research, cross-disciplinary training and mentoring.

Prereq: Enrollment in MPH-CTS program, or permission of instructor. Repeatable to a maximum of 2 completions. This course is graded S/U.

6413 Conducting and Communicating Research in Clinical and Translational Science

G 2

Design and writing of protocol, study methods and implementation, community engagement, informatics, translational teamwork. Scientific communication skills and dissemination of clinical and translational science.

Prereq: Enrollment in MPH-CTS program, or permission of instructor. Repeatable to a maximum of 2 completions. This course is graded S/U.

6415 Nutrition in Public Health

G 3

Relationships between dietary intake and diseases affecting the public health.

Prereq: 6410 or 6430, or permission of instructor.

6430 Epidemiology I

G 4

Introduction to the nature and scope of epidemiology; survey of basic epidemiological methods and their application to selected acute and chronic health problems. Lecture and laboratory sessions.

Prereq: Enrollment in MPH-Epidemiology, or any Public Health MS or PhD program, or permission of instructor. Not open to students with credit for 710.

6431 Design and Implementation of Health Surveys

G 3

Introduction to health survey methods, with public health applications.

Prereq: 6410 or 6430, or permission of instructor. Not open to students with credit for 705.

6432 Injury Epidemiology

G 2

Introduction to injury epidemiology; historical context, trends, research methods and issues; survey of areas of injury epidemiology and prevention.

Prereq: 6410 or 6430, or permission of instructor. Not open to students with credit for 714.

6435 Chronic Disease Epidemiology

G 3

Survey of the epidemiology of chronic diseases, including cancer, heart disease, stroke, diabetes mellitus, chronic obstructive pulmonary disease, and neurodegenerative diseases. Prereq: 6410 or 6430, or permission of instructor. Not open to students with credit for 814.

6436 Infectious Disease Epidemiology

G 3

Introduction to the epidemiology of infectious diseases, with focus on basic methods for investigation, control, and prevention of communicable disease.

Prereq: 6410 or 6430, or permission of instructor. Not open to students with credit for 815.

6437 Cancer Epidemiology

G 3

Epidemiology of cancer, including etiology, risk factors, neoplastic processes, screening, control; application of statistical methods; molecular genetic basis of carcinogenesis.

Prereq: 6410 or 6430, or permission of instructor. Not open to students with credit for 816.

6440 Reproductive and Perinatal Epidemiology

G 3

Epidemiology of reproductive and perinatal health and methodologic challenges unique to this area.

Prereq: 6410 or 6430, or permission of instructor. Not open to students with credit for 820.

6441 Women's Health Issues

G 3

Overview of issues related to women's health from epidemiological and behavioral perspectives.

Prereq: 6410 or 6430, or permission of instructor. Not open to students with credit for 818.

7193 Individual Studies in Epidemiology

G 1 - 6

Individual Studies in Epidemiology.

Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.

7194 Group Studies in Epidemiology

G 1 - 3

Group Studies in Epidemiology.

Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs.

7410 Epidemiology II

G 4

Design of epidemiologic studies including cross-sectional studies, case-control studies, cohort studies, clinical trials, and group-randomized trials.

Prereq: 6430, or permission of instructor. Not open to students with credit for 711.

7411 Epidemiology in Environmental Health

G 3

Principles and application of epidemiologic methods in the investigation and control of health problems stemming from environmental hazards.

Prereq: 6430, or permission of instructor. Not open to students with credit for 713.

7412 Principles and Procedures for Human Clinical Trials

G 3

Principles and procedures for clinical professionals in the design, conduct and analysis of human clinical trials.

Prereq: 7410 and PubHBio 6211, or permission of instructor. Not open to students with credit for 715.

7430 Epidemiology III

G 4

Analysis and interpretation of data from case-control and cohort studies and from clinical trials.

Prereq: 7410 and 6211, or permission of instructor. Not open to students with credit for 712.

7431 Epidemiologic Methods

G 3

Critique and justification for methods of designing, analyzing and interpreting epidemiological data; social, historical and philosophical foundations of epidemiologic methods.

Prereq: 7430 and 6212, or permission of instructor. Not open to students with credit for 810.

7830 Phytochemicals in Human Health: Crops to the Clinic

G 3

Covers the function and control of phytochemicals in plants, the function of phytochemicals in human health, delivery of phytochemicals through foods in the diet, strategies when designing studies examining foods for health, and policy and sustainability considerations.

Prereq: Biochem 4511 (511) or 5613 (613), or equiv; or permission of instructor. Not open to students with credit for FdScTe 7810. Cross-listed in FdScTe, HumnNtr, BSGP, and HCS.

7998 Culminating Project Seminar

G 1

The goal of this course is to facilitate students through the process of developing their culminating project. By the end of the semester, it is expected that students will have submitted their culminating project proposals and literature reviews, culminating project approval form, and their application to the IRB and other review boards as needed.

Prereq: Enrollment in MPH program in Epidemiology. This course is graded S/U.

8411 Epidemiology of Obesity

G 3

Prevalence, trends, risk factors, measurement, outcomes and issues related to obesity; critical reading and discussion of research on epidemiology of obesity.

Prereq: 7410 and PubHBio 6211, or permission of instructor. Not open to students with credit for 819.

8413 Molecular Epidemiology of Infectious Diseases

G 3

Provides students with the knowledge and skills to study disease outbreaks in humans and animals using molecular biology techniques. Recommended basic knowledge of infectious diseases and molecular biology.

Prereq: Permission of instructor. Not open to students with credit for VetPrev 700 or 724. Cross-listed in VetPrev 8700.

388 Public Health: Epidemiology

8430 Epidemiology IV	G 1 - 4		
Students will gain hands-on experience working with data from existing epidemiological studies. Through structured projects, students learn to develop appropriate research questions, and analyze, interpret, and present their results.			
Prereq: 7430 and PubHBio 6212, or permission of instructor.			
8899.01 Doctoral Seminar in Epidemiology: Research Methods	G 1 - 3		
Seminar for doctoral students in epidemiology with a focus on critically reviewing research articles.			
Prereq: Enrollment in PhD program. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.			
8899.02 Doctoral Seminar in Epidemiology: Teaching Methods	G 2		
Seminar for doctoral students in epidemiology with a focus on teaching methods.			
Prereq: Enrollment in PhD program. Not open to students with credit for 875. This course is graded S/U.			
8899.03 Introductory Doctoral Seminar in Epidemiology	G 1		
Designed for PhD students in the Division of Epidemiology. During the course of two semesters, students will be introduced to the faculty in Epidemiology and learn about their research programs and read important papers in the field of Epidemiology. Through these activities, students will be introduced to the philosophy and practice of epidemiology.			
Prereq: Enrollment in Public Health PhD program. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.			
Public Health: Health Behavior & Health Promotion			
3193 Individual Studies in Health Behavior and Health Promotion	U 1 - 6		
Individual studies in Health Behavior and Health Promotion focusing on applied topics.			
Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.			
3510 Role of Behavior in Public Health	U 3		
Introduction to concepts of health behavior and its role in public health; social determinants of health; applications to selected community health problems and issues.			
5520 Public Health in Action	U G 2		
Directed service learning group project in partnership with a public health agency.			
6510 Preventing Disease and Promoting Health through Behavioral Science	G 3		
Examination of behavioral and social science concepts as the basis for public health practice; topics include transferring knowledge, motivating and aiding behavior change efforts, and working with the community.			
Prereq: Grad standing, and enrollment in Public Health program. Not open to students with credit for 720.			
6515 Advanced Preventing Disease and Promoting Health	G 3		
This course will address the philosophical underpinnings, health behavior theories, and strategies for effective behavioral and social change efforts in public health.			
Prereq: Enrollment in College of Public Health Graduate Program with specialization in Health Behavior and Health Promotion.			
6535 Community Engagement and Collaborative Community Problem-Solving	G 3		
This class provides the opportunity to review a number of concepts critical to collaborative community problem-solving. A broad range of literature will be reviewed and students will have the opportunity to experience several simulated processes unique to the collaborative problem-solving process.			
Prereq: 6510, or permission of instructor.			
7193 Individual studies in health behavior and health promotion	G 1 - 6		
Individually designed study of selected topics in health behavior and health promotion.			
Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 16 completions. This course is graded S/U.			
7520 Community Health Assessment	G 2		
Models of community health assessment; skills in identifying, analyzing and integrating information concerning community resources and needs.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor.			
7522 Program Planning and Implementation	G 3		
Planning and implementation of programs to address public health issues in defined populations; development of a health promotion program for a specific community partner.			
Prereq: Enrollment in Public Health, or Grad standing; or permission of instructor. Not open to students with credit for 827.			
7528 Foundations of Professional Practice in Health Promotion	G 2		
Professional practice settings and expectations for health promotion; application of health promotion theories and perspectives to community problems.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 820.			
7532 Program evaluation in public health	G 3		
Examination of evaluation models for public health programs; exploration of philosophical and scientific issues in evaluation; and skill building in both qualitative and quantitative evaluation methods.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 824.			
7534 Research Methods in Health Behavior and Health Promotion	G 3		
Social science research methods emphasizing methods used to assess the dimensions of health-relevant behaviors and community-based prevention research.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 834.			
7542 Settings and Special Populations in Health Promotion	G 3		
Critical characteristics of principal settings in which health promotion interventions occur and populations to which they apply such as youth, elderly, racial and ethnic minorities.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 822.			
7544 Fundamental Determinants of Population Health and Implications for Public Health	G 3		
Presents the ideas that population health is determined by factors outside of health care and individual behavior occurs within a social context.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 830.			
7550 Special Topics in Health Behavior and Health Promotion	G 1 - 6		
Regular class on topics that are relevant to students enrolled in programs in the Division of Health Behavior and Health Promotion.			
Prereq: Grad standing. Repeatable to a maximum of 12 cr hrs or 6 completions.			
7552 Substance Abuse Prevention	G 2		
History of substance abuse prevention efforts; theoretical foundations and elements of successful programs.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 826.			
7554 Cancer Behavioral Science	G 2		
Overview of behavioral issues associated with cancer at the individual and community levels.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 828.			
7558 Social-Ecological Strategies in Prevention	G 2		
Community health promotion strategies using policy, systems, and environmental change perspectives.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor. Not open to students with credit for 858.			
7562 Theoretical Approaches to Health Behavior Change in Public Health Applications	G 2		
Major theories drawn from social and behavioral science literature, pertinent to understanding and addressing problems in health behavior.			
Prereq: Enrollment in Public Health, and Grad standing; or permission of instructor.			
7564 A Public Health Approach to Adolescent Health	G 2		
Focuses on the health of adolescents in the United States. Emphasis is on examining health and risk behaviors from developmental & contextual perspectives with reference to policies and programs for preventing health problems and promoting the well-being of this population.			
7570 Obesity, a Multidisciplinary Foundation	G 2		
This course examines the context, causes, and consequences of obesity in the United States today. We will begin with an examination of trends in obesity and a description of the scope of the problem. Next, the course will examine physiological, psychological, sociological, and economic factors that contribute to the obesity problem.			
Cross-listed in HDFS.			
7899.01 Seminar: Culminating Project I	G 1		
The purpose of the culminating project is to provide students with the opportunity to integrate and synthesize knowledge and experience obtained during their academic course of study. Most culminating projects focus on: (A) Community assessment; (B) Program planning and implementation; (C) Program evaluation or (D) Other projects as approved by your advisor.			
Prereq: Open only to MPH Health Behavior Health Promotion students preparing for their culminating project. This course is graded S/U.			
7899.02 Seminar: Culminating Project II	G 1		
The purpose of the culminating project is to provide students with the opportunity to integrate and synthesize knowledge and experience obtained during their academic course of study. Most culminating projects focus on: (A) Community assessment; (B) Program planning and implementation; (C) Program evaluation or (D) Other projects as approved by your advisor.			
Prereq: Open only to MPH Health Behavior Health Promotion students preparing for their culminating project. This course is graded S/U.			

Public Health: Health Behavior & Health Promotion 389

8562	Advanced Theory of Health Behavior Change in Public Health Applications	G	2	7194	Group Studies in Health Services Management and Policy	G	1 - 3
	In-depth examination of theories pertinent to health behavior including history and critique of theoretical approaches.			Group studies of special topics within health services management and policy. Repeatable to a maximum of 9 cr hrs or 6 completions. This course is graded S/U.			
	Prereq or concur: 7562.						
8899.01	First Year Doctoral Seminar in HBHP	G	1	7601	Economic Analysis of Health Services	G	3
	Seminar concerning academic and professional development topics for Ph.D. students, with a focus on selecting research topics, reviewing research, course development, and other topics. Prereq: Enrollment in Health Behavior and Health Promotion Ph.D. Program. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.			This course will cover applications of microeconomic analysis to the health services industry, with emphasis on the market structure and managerial decisions.			
	Prereq or concur: 8899.01.			Prereq or concur: 6611, or permission of instructor. Not open to students with credit for 801.			
8899.02	Second Year Doctoral Seminar in HBHP	G	1	7602	Health Insurance and Payment Policy	G	3
	A seminar for Ph.D. students in Health Behavior and Health Promotion emphasizing the selection and development of research projects including proposing preparation and funding sources.			This course examines the health insurance mechanisms used to pay for healthcare in the United States. The course will examine the U.S. system's origins, the incentives and policy implications that the system creates, past and present reforms, and how the US system compares to health care financing systems in other industrialized countries.			
	Prereq: Enrollment in PubHHBP Ph.D. Program. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.			Prereq: Grad standing in HSMP: HSMP-MHA, MPH-MP with HMP specialization, or PUBHLTH-PH with HMP specialization, or permission of instructor. Not open to students with credit for 802.			
Public Health: Health Services Management & Policy							
3193	Individual Studies in Health Services Management and Policy	U	1 - 6	7603	Economic Evaluation of Health Care Programs	G	3
	Individual Studies in Health Services Management and Policy.			Intended to give students an overview of the theory and applications of cost-benefit analysis, cost-effectiveness analysis, cost-utility analysis and related forms of economic evaluation of interventions in the health care sector.			
	Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.			Prereq: Grad standing, or permission or instructor.			
3650	Health Economics for Health and Policy Students	U	3	7605	Introduction to Health Policy	G	3
	This course is designed to provide an intuitive understanding of health economics and policy for non-economists. It will cover the basics and health markets and apply those concepts to policy applications. Economics 2001.01 recommended but not required.			Introduction to public policy concepts and processes as they apply to the organization, financing, and delivery of health services.			
	Prereq: Enrollment in HSMP-MHA program. Recommended but not required.			Prereq: 6611, or permission of instructor. Not open to students with credit for 805.			
4650	United States & International Health Care	U	3	7606	Applied Health Policy	G	3
	Introduction to the history, organization and politics of the global health care system, critical review of selected issues using different analytic frameworks.			Introduction to public policy concepts and processes as they apply to the organization, financing, and delivery of health services.			
	Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.			Prereq: 6609, or permission of instructor. Not open to students with credit for 805.			
6609	Health Care Organization for Experienced Professionals	G	3	7608	The Role of Science in Health Policy-Making	G	3
	Analysis of arrangements for the organization, financing and delivery of health care services.			This course will explore the role that science, including social science, plays in public health & health services policy-making. It will consider the conditions under which scientific research findings do & do not influence policy-making with reference to the nature of scientific inquiry & of public policy; the intellectual, institutional, and practical similarities & differences between them.			
6610	Introduction to Health Care Organization	G	3	7610	Public Health Law	G	3
	Analysis of arrangements for the organization, financing, and delivery of health care services. Prereq: Not open to students with credit for 800.			The course will focus on the use of legal tools to improve the public's health. The course will survey the legal framework in which the government may regulate for the public's health, addressing issues including the origins and scope of public health authority, constitutional limits on public health powers, emergency legal preparedness, and public health tort litigation. Cross-listed in Law 8810.			
6611	Health and Health Care Services in the U.S.	G	3	7611	Health Care Law for Managers	G	3
	This course provides an overview of the U.S. health care system. Topics covered include health and health care disparities, social determinants of health, health care access and utilization, financing of care through public and private health insurance, provider reimbursement, assessment of quality, quality improvement, and new forms of health care delivery and payment.			Overview of the U.S. legal system as it applies to the U.S. health care field.			
	Prereq: Enrollment in MPH-HMP program, or HSMP-MHA program, or PUBHLTH-PH program, or permission of instructor. Not open to students with credit for 800.			Prereq: Grad standing in HSMP-MHA, or MPH-MP and HMP subplan, or PUBHLTH-PH and HMP subplan, or permission of instructor. Not open to students with credit for 811.			
6615	Public Health Leadership and Organizational Behavior	G	3	7612	FDA Law and Policy	G	3
	This course introduces students to major theories and concepts of organizational behavior and leadership and applies these to challenges facing public health organizations.			This course explores legal, policy and public health issues related to products regulated by the U.S. Food and Drug Administration. We will critically examine the regulatory framework for food, drugs, biologics, vaccines, medical devices, and cosmetics. We will also consider the relationship between the regulatory framework and other laws, such as patent, antitrust, and products liability.			
	Prereq: Grad standing, or permission of instructor.						
6620	Critical Appraisal of Population Health Evidence	G	3	7613	Tobacco Regulation and Policy	G	2
	This course will provide practical experience in examining multiple sources of evidence on population health management and public health interventions and will introduce students to the tools used to perform systematic reviews.			This course examines the regulation of tobacco, with a focus on the role of the US FDA. This course highlights the history, significant provisions, and effects of the 2009 Tobacco Control Act, as well as the vital role that public health researchers and professionals play in influencing how the FDA implements the Act.			
	Prereq: Grad standing, or permission of instructor.						
6625	Leveraging Healthcare Data for Practice and Policy Change	G	3	7615	Health Services Organizational Management	G	3
	This course will prepare students to develop questions for and utilize results from healthcare database research. Strengths and limitations of healthcare databases commonly used for research will be considered, and special attention will be devoted to nationally representative databases and local electronic medical record data.			This course is designed to provide students with a strong foundation in health services management, focusing on human resources management and organizational behavior.			
	Prereq: A grade of C- or higher in PubHEpi 6410 and PubHBio 6210; or permission of instructor.			Prereq: Grad standing in Public Health (MPH-HMP, MHA, or PhD) or permission of instructor. Not open to students with credit for 815.			
6630	Project Management for Health Care and Public Health	G	3	7617	Health Services Leadership and Organizational Change	G	3
	This course introduces students to the role of project management in executing successful projects. The course focuses on concepts & tools of basic project management, with a special emphasis on managing projects in health care & public health settings. Students will learn fundamental techniques for project planning, scheduling & monitoring through case studies, class exercises and assignments.			Overview of leadership and organizational change theories, as well as the application of those theories to case studies in health sector organizations.			
	Prereq: Grad standing, or permission of instructor.			Prereq: 7615 and Grad standing in the HSMP-MHA program, or permission of instructor. Not open to students with credit for 817.			
7193	Individual Studies in Health Services Management and Policy	G	1 - 6	7620	Health Services Finance I	G	3
	Study of individually designed topics not otherwise available in the curriculum.			Principles of finance and accounting applied to health service organizations.			
	Prereq: Permission of instructor. Repeatable to a maximum of 16 cr hrs or 6 completions. This course is graded S/U.			Prereq: An introductory course in financial accounting, or permission of instructor. Not open to students with credit for 820.			
7621	Health Services Finance II	G	3	7622	Health Services Finance III	G	3
	Continuation of 7620 emphasizing financial analysis, financial planning, and capital project analysis.			This course continues the study of financial management in health services organizations, focusing on capital budgeting, financing, and investment decisions.			
	Prereq: 7620, or permission of instructor. Not open to students with credit for 821.			Prereq: 7621, or permission of instructor. Not open to students with credit for 822.			

390 Public Health: Health Services Management & Policy

7622	Health Services Financial Decision-Making	G	3	7685	Healthcare Management Consulting Practice	G	3
	Principles of financial decision-making in health service organizations, with emphasis on applications of decision support systems.			To develop management consulting practice skills involving strategic thinking, planning, analysis, and implementation phases of consulting engagements.			
	Prereq: 7621, or permission of instructor. Not open to students with credit for 822.			Prereq: Enrollment in HSMP-MHA program, or permission of instructor.			
7624	Health Economics for Experienced Professionals	G	3	7699	Seminar in Health Services Management and Policy	G	1 - 3
	Designed for public health professionals who wish to enhance their knowledge of the economic principles that drive the health care system. The course will introduce you to the use of economic analysis and economic evaluation for healthcare decision making.			Small group seminar with focus on integrative projects in health services management and policy.			
	Prereq: Not open to students with credit for 824.			Prereq: Grad standing in PubHHMP, or permission of instructor. Repeatable to a maximum of 4 cr hrs or 2 completions.			
7631	Strategic Management and Program Development	G	3	8671	Health Care Outcomes Measurement	G	2
	Techniques and methods for strategic management and project planning in health care organizations and settings.			Evaluation of specific techniques for measuring outcomes in clinical and health services research studies.			
	Prereq: Enrollment in MHA program, or permission of instructor. Not open to students with credit for 831.			Prereq: Grad standing in PubHHMP, or permission of instructor.			
7632	Strategic Change for Public Health and Population Health Mgmt	G	3	8672	Advanced Topics in Health Policy	G	4
	This course will provide students a foundation in the theories, concepts & methods of strategic planning and the management of organizational change as applied to public health & population health management endeavors.			Designed for doctoral and advanced masters students in the College of Public Health and other OSU colleges. It will provide students with a solid background of high-level policy scholarship on topics fundamental to the health care system.			
7640	Mental Health & Disability Policy	G	3				
	Investigation of public policy in the area of mental health and disability and the politics that are the origin and result of these policies.			Prereq: 7605 or 7640; or permission of instructor.			
	Prereq: Not open to students with credit for 840.						
7672	Clinical Rotations	G	1½	8899	Doctoral Seminar in Health Services Management and Policy	G	1 - 2
	Individual assignments within health care organizations to observe operations.			Doctoral level seminar on topics that are relevant to students enrolled in the PhD program in health services management and policy.			
	Prereq: Grad standing in PubHHMP, or permission of instructor. Not open to students with credit for 870.02.			Prereq: Grad standing in Public Health, or permission of instructor. Repeatable to a maximum of 9 cr hrs or 6 completions. This course is graded S/U.			
7673	Understanding Health Care Organization Data	G	1½				
	Application of data from various sources to inform decision making in health services settings and in health policy.						
	Prereq: PubHBio 6210, or permission of instructor. Not open to students with credit for 870.03.						
7675	Human Resources Management in Health Care	G	1½	Quechua			
	Overview of human resources and its strategic importance to health care organizations.						
	Prereq: Not open to students with credit for 870.05.						
7676	Health Care Marketing	G	1½	5501.01	Beginning Quechua I: Classroom	U G	4
	Overview of topics in marketing and communications and how they apply to health care delivery.			Quechua 5501.01 (501) is a beginning language course for students with no previous study experience in Quechua. This course will be comprehensive, integrating culture and language from the southern Quechua family spoken in Peru.			
	Prereq: Not open to students with credit for 870.06.			Prereq: Not open to students with credit for 5501.51 or 501 or to native speakers. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
7678	Approaches to Health Services Research	G	3	5501.51	Beginning Quechua I: Individualized Instruction	U G	1 - 4
	Overview of the field of health services research and the role of health services research in improving health care delivery.			Quechua 5501.51 (501) is a beginning language course for students with no previous study experience in Quechua. This course will be comprehensive, integrating culture and language from the southern Quechua family spoken in Peru.			
	Prereq: PubHBio 6210 and PubHEpi 6410, or permission of instructor. Not open to students with credit for 871.			Prereq: Not open to students with credit for 5501.01 (501) or to native speakers. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
7679	Quality & Patient Safety	G	1½	5502.01	Beginning Quechua II: Classroom	U G	4
	Examination of quality management and quality measurement in health care with emphasis on patient safety.			For students who have taken Quechua 5501.01 (501) or who have previous basic knowledge of Quechua at the beginning level. This course will be comprehensive, integrating culture and language from the southern Quechua family spoken in Peru.			
	Repeatable to a maximum of 3 cr hrs. This course is graded S/U.			Prereq: 5501.01 (501), or 4 cr hrs of 5501.51; or permission of instructor. Not open to students with credit for 5502.51 or 502 or to native speakers. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
7680	Operations Management for Health Service Organizations	G	3	5502.51	Beginning Quechua II: Individualized Instruction	U G	1 - 4
	Concepts and techniques for managing operation in health service organizations; emphasis on management perspective and decision-making.			For students who have taken Quechua 5501.01 or 5501.51 (501) or who have previous basic knowledge of Quechua at the beginning level. This course will be comprehensive, integrating culture and language from the southern Quechua family spoken in Peru.			
	Prereq: Grad standing in PubHHMP, or permission of instructor. Not open to students with credit for 880.			Prereq: 5501.01 (501) or 4 cr hrs of 5501.51, or permission of instructor. Not open to students with credit for 5502.01 (502) or to native speakers. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
7682	Information Systems for Health Services Organizations	G	1½	5503.01	Intermediate Quechua I: Classroom	U G	4
	This course is designed to provide students with an understanding of issues in the management of information and information technology in health care organizations, the role of information technologies in improving organizational performance, and the application of information technologies in health service organizations.			For students who have taken Quechua 5502 (502) or who have previous basic knowledge of Quechua at the beginning/intermediate level. This course will be comprehensive, integrating culture and language from the southern Quechua family spoken in Peru.			
	Prereq: 7680, or permission of instructor. Not open to students with credit for 882.			Prereq: 5502.01 (502), or 4 cr hrs of 5502.51; or permission of instructor. Not open to students with credit for 5503.51 or 503 or to native speakers. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
7683	Operations Management and System Design	G	3	5503.51	Intermediate Quechua I: Individualized Instruction	U G	1 - 4
	This course is designed to introduce students to fundamental theories, principles and practices for designing and managing operations. The course is structured to emphasize the unique aspects of process and system design in the health care organizations and in the community health system, including processes that cross organizational boundaries and include diverse stakeholders.			For students who have taken Quechua 5502 (502) or who have previous basic knowledge of Quechua at the beginning/intermediate level. This course will be comprehensive, integrating culture and language from the southern Quechua family spoken in Peru.			
	Prereq: Grad standing in Public Health - Health Services Management and Policy Master of Health Administration program, or permission of instructor. Not open to students with credit for 7631.			Prereq: 5502.01 (502), or 4 cr hrs of 5502.51; or permission of instructor. Not open to students with credit for 5503.01 (503) or to native speakers. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.			
7684	Health Services Strategy and Marketing	G	3	5504.01	Intermediate Quechua II: Classroom	U G	4
	Students will learn principles, discipline, & analytic tools that comprise successful strategic management in healthcare organizations, including: strategic assessment, strategy development, implementation planning, & marketing. Emphasis will be placed on exploring strategic issues related to transitioning from volume to value-based models of care, impacts of ACA & population & community health.			Quechua 5504.01 (504) is an intermediate language course intended for students with experience in Quechua. The variety taught will be from the southern Quechua family spoken in Bolivia and Peru. Closed to native speakers of this language.			
	Prereq: Grad standing in Public Health - Health Services Management and Policy Master of Health Administration program, or permission of instructor. Not open to students with credit for 7631.			Prereq: 5503.01 (503), or 4 cr hrs of 5503.51; or permission of instructor. Not open to students with credit for 5504.51. This course is available for EM credit. FL Admis Cond course.			

5504.51 Intermediate Quechua II: Individualized Instruction U G 1 - 4

Quechua 5504.51 is an intermediate language course intended for students with experience in Quechua. The variety taught will be from the southern Quechua family spoken in Bolivia and Peru. Closed to native speakers of this language. Prereq: 5503.01 (503), or 4 cr hrs of 5503.51; or permission of instructor. Not open to students with credit for 5504.01. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. FL Admis Cond course.

5505.01 Advanced Quechua I; Classroom U G 3

Quechua 5505.01 is an advanced language course intended for students with experience in Quechua. This course is comprehensive, integrating culture and language. It will be useful for students that want to travel to the Andean countries or who have an interest in studying Quechua language, culture and society. The variety taught is from the southern Quechua family spoken in Bolivia and Peru. Prereq: 5504.01 or 4 cr of 5504.51, or permission of instructor. Students enrolled in Quechua 5501.01/.51, 5502.01/.51, 5503.01/.51, and 5504.01/.51 are not eligible to enroll simultaneously in subsequent levels of Quechua. FL Admis Cond course.

5506.01 Advanced Quechua II: Classroom U G 3

Quechua 5506.01 is an advanced language course intended for students with experience in Quechua. This course is comprehensive, integrating culture and language. It will be useful for students that want to travel to the Andean countries or who have an interest in studying Quechua language, culture and society. The variety taught is from the southern Quechua family spoken in Bolivia and Peru. Prereq: 5505.01, or permission of instructor. FL Admis Cond course.

Radiologic Sciences and Therapy**3089 Radiography Practicum I U 1 - 10**

Clinical application of diagnostic radiographic and fluoroscopic imaging performed in radiology. A direct field experience will provide the student with 16-24 hours of clinical experience in imaging departments of a clinical affiliate. Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 10 cr hrs or 2 completions. This course is available for EM credit.

3189 Radiography Practicum II U 1 - 10

Clinical application of diagnostic radiographic and fluoroscopic imaging performed in radiology. A direct field experience will provide the student with 16-24 hours of clinical experience in imaging departments of a clinical affiliate. Prereq: 3089, and acceptance to the Radiography program.

3200 Evidence Based Practice in the Radiologic Sciences U 2

Scientific writing within the Radiologic Sciences and the review of practice guidelines that inform best clinical practices for imaging and treatment. Prereq: English 1110.xx, and credit for a second writing course. This course is available for EM credit.

3200E Evidence Based Practice in the Radiologic Sciences U 2

Scientific writing within the Radiologic Sciences and the review of practice guidelines that inform best clinical practices for imaging and treatment. Prereq: Honors standing, and English 1110.xx, and credit for a second writing course. This course is available for EM credit.

3289 Radiation Therapy Practicum I U 1 - 10

Clinical application of patient care, simulation and treatment procedures performed in Radiation Therapy. Emphasis is directed toward competently performing machine function and patient setup. Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3310 Introduction to the Radiation Sciences U 3

Introduction to the fields in the radiation sciences. Radiation safety, patient care, and clinical practice principles will be emphasized. Application of principles will be reinforced in laboratory sessions. Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3389 Radiation Therapy Practicum II U 1 - 10

Clinical application of patient care, simulation and treatment procedures performed in Radiation Therapy. Emphasis is directed toward competently performing machine function and patient setup. Prereq: 3289, and enrollment in RadSci; or permission of instructor.

3411 Radiographic Procedures I U 3

Principles of radiography of the chest, bronchial tree, abdomen, alimentary tract, and appendicular skeleton, with application in the laboratory. Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3412 Radiographic Procedures II U 3

Principles of radiography of the vertebral column, spinal canal, bony thorax, cerebral and visceral cranium, arthrography, urinary system, and reproductive systems. Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3414 Radiation Therapy Equipment and Instrumentation U 4

An introduction to the terminology, treatment charting, simulation, beam alignment, machine components, and the technical aspects of treatment in a clinical environment. Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3425 Radiographic Imaging I U 3

Investigation of the principles of radiation production, radiation protection and radiologic image formation. Prereq: Enrollment in RadSci, or permission of instructor. Not open to students with credit for 425 or RadTech 425. This course is available for EM credit.

3430 General Concentration in Sonography 1 U 3

An introduction to the sonography profession with an emphasis on OB/GYN medical sonography.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3431 General Concentration in Sonography 2 U 3

Provides content information about the use of sonography to image anatomy and pathology associated with the abdominal organs.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3471 Radiologic Physics U 3

Investigation of the principles of radiographic, fluoroscopic, CT equipment; radioactivity; advanced radiation production, emission spectrum, and interaction with matter.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3483 Dosimetry Calculation U 3

Principles of dosimetric calculations, terms and calculation variables are emphasized according to specific beam energies. Common dosimetry problems occurring during patient treatments are discussed.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3486 Diagnostic Medical Sonography Physics 1 U 3

A practical application of the physics of ultrasound production. Emphasis is placed on instrumentation used in medical sonography.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3487 Diagnostic Medical Sonography Physics 2 U 3

A continuation of Rad Sci 3486 with emphasis on the physics of ultrasound to better understand transducers and the interactions of sounds waves at every human interface.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3489 Diagnostic Medical Sonography Practicum I U 1 - 8

Instruction and experience in the performance and interpretation of sonographic images.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 2 completions. This course is available for EM credit.

3573 Applied Radiation Oncology I U 3

Introduction to neoplastic disease including incidence, mortality, epidemiology, etiology, detection, prevention, risk, stage and grading. Emphasis on radiation treatment positioning, fields, and doses of disease sites.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3574 Applied Radiation Oncology 2 U 3

A continuation of RadSci 3573 with an emphasis on radiation treatment positioning, fields, and doses of neoplastic disease sites.

Prereq: 3573.

3589 Diagnostic Medical Sonography Practicum II U 1 - 8

Instruction and experience in the performance and interpretation of sonographic images.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 2 completions. This course is available for EM credit.

3672 Radiologic Sectional Anatomy U 3

Identification of anatomic structures as seen in cadaver, CT, MR, and sonographic from multiple orientations, to include volumetric 3-D anatomical imaging.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

3689 Sonography Practicum III U 1 - 10

Instruction and experience in the performance and interpretation of sonographic images.

Prereq: 3589, and acceptant to the Sonography program.

4089 Radiography Practicum III U 1 - 10

Clinical application of diagnostic radiographic and fluoroscopic imaging performed in radiology. A direct field experience will provide the student with 32 hours of clinical experience per week in imaging departments of a clinical affiliate.

Prereq: 3089, and enrollment in RadSci; or permission of instructor. Repeatable to a maximum of 15 cr hrs or 2 completions. This course is available for EM credit.

392 Radiologic Sciences and Therapy

4189 Radiography Practicum IV

U 1 - 10

Clinical application of diagnostic radiographic and fluoroscopic imaging performed in radiology. A direct field experience will provide the student with 16-24 hours of clinical experience per week in imaging departments of a clinical affiliate. Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 15 cr hrs or 2 completions. This course is available for EM credit.

4289 Radiography Practicum V

U 1 - 10

Clinical application of diagnostic radiographic and fluoroscopic imaging performed in radiology. A direct field experience will provide the student with 16-24 hours of clinical experience per week in imaging departments of a clinical affiliate. Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 15 cr hrs or 2 completions. This course is available for EM credit.

4389 Radiation Therapy Practicum III

U 1 - 10

Clinical application of patient care, simulation, treatment and brachytherapy procedures performed in Radiation Therapy. Emphasis is directed toward machine function, patient set up and variation in procedures.

Prereq: 3289 and 3389, and enrollment in RadSci; or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is available for EM credit.

4426 Radiographic Imaging II

U 3

Advanced radiologic image formation, image assessment, and radiographic quality management and testing.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4432 General Concentration in Sonography 3

U 3

Focuses on the use of medical sonography to image anatomy and pathology associated with the neck, breast, scrotum, extremities and neonatal cranial structures.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4478 Radiation Therapy Physics I

U 3

Analysis of atomic structure, production, modes of radioactive decay and calculation of source activity. Fundamental applications of brachytherapy implants as it relates to specific source handling, treatment techniques, and treatment planning.

Prereq: Enrollment in RadSci, or permission of instructor.

4482 Radiation Therapy Physics II

U 3

An analysis of interaction and measurement of ionizing radiation in radiation therapy. Concepts include beam quality, measurement of absorbed dose, dose distribution, scatter analysis and electron beam radiation therapy.

Prereq: 3471, and enrollment in RadSci; or permission of instructor. This course is available for EM credit.

4485 Treatment Planning

U 2

Analysis and implementation of new and established treatment methods as it relates to the treatment plans designed for optimal coverage of the tumor volumes, avoidance of critical structures and constraints of the treatment units.

Prereq: 3483, and Enrollment in RadSci; or permission of instructor. This course is available for EM credit.

4488 Diagnostic Medical Sonography Physics 3

U 3

A continuation of Rad Sci 3487 with emphasis on the physics of spectral Doppler, color Doppler, and total quality management with practical application to sonography.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4489 Radiation Therapy Practicum IV

U 1 - 10

Clinical application of patient care, simulation, treatment, brachytherapy and treatment planning procedures performed in Radiation Therapy. Emphasis is directed toward machine function, patient set up and variation in procedures.

Prereq: 3289, 3389, and 4389, and Enrollment in RadSci; or permission of instructor. Repeatable to a maximum of 10 cr hrs or 20 completions. This course is available for EM credit.

4520 Vascular Sonography 1

U 3

An introduction to venous imaging and noninvasive testing of the upper and lower extremities and the vascular integration of transplanted organs.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4521 Vascular Sonography 2

U 3

An introduction to arterial imaging and noninvasive testing of the upper and lower extremities and vascular integration of the carotid arteries, and bypass grafts.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4530 Quality Management in Radiologic Sciences

U 3

Investigation of QM principles and techniques specific to the imaging sciences including modality specific quality control testing and national/state requirements.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4589 Radiation Therapy Practicum V

U 1 - 10

Clinical application of patient care, simulation, treatment, and treatment planning procedures performed in Radiation Therapy. Emphasis is directed toward competence in machine function, patient set up, plan changes and variations in procedures.

Prereq: 3289, 3389, 4389, and 4489, and enrollment in RadSci; or permission of instructor.

4615 Radiographic Clinical Correlations

U 3

The fundamentals of radiographic diagnosis are explored with an emphasis on the correlations of the patient's medical history with radiographic findings.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4618 Clinical Radiation Oncology

U 2

Pathology of neoplastic diseases of the human body emphasizing epidemiology, clinical presentation, detection and diagnosis, staging and treatment of the neoplasm relevant to radiation oncology.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4630 Transitions to Clinical Practice

U 2

Provides the practical skills necessary to apply radiation science theory in clinical practice and prepares students for the transition to professional in the imaging science workplace.

Prereq: Enrollment in RadSci, or permission of instructor.

4670 Radiobiology and Radiation Protection

U 2

Principles of cellular biology and the reactions from types of ionizing radiation specific to radiation sciences. Emphasis is on effects from radiation exposure, radiation safety and the radiation protection standards utilized in radiation sciences.

Prereq: Enrollment in RadSci, or permission of instructor. This course is available for EM credit.

4689 Vascular Sonography Practicum I

U 1 - 8

Instruction and experience in the performance and interpretation of vascular sonographic imaging.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 2 completions. This course is available for EM credit.

4789 Vascular Sonography Practicum II

U 1 - 8

Instruction and experience in the performance and interpretation of vascular sonographic imaging.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 2 completions. This course is available for EM credit.

5089 Computed Tomography Practicum

U G 1 - 4

Advanced operation, and application of CT technology, to include quality management, sectional anatomy, and supervised clinical practicum.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 4 completions. This course is available for EM credit.

5189 Magnetic Resonance Practicum

U G 1 - 4

Theory and clinical education in magnetic resonance imaging procedures.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 4 completions.

5289 Mammography/Breast Imaging Practicum

U G 1 - 4

An introduction to scientific writing within the Radiologic Sciences and the review of practice guidelines that inform best clinical practices for imaging and treatment.

Repeatable to a maximum of 16 cr hrs or 4 completions.

5389 Administration and Quality Management Practicum

U G 1 - 4

A supervised practicum in radiologic sciences administration and quality management.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 4 completions.

5489 Rad Sci Education Practicum

U G 1 - 4

A supervised practicum in radiologic sciences education.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 4 completions.

5589 Vascular Interventional Radiography Practicum

U G 1 - 4

Theory and clinical education in radiographic and therapeutic interventional procedures related to vascular structures and organ systems.

Prereq: Enrollment in RadSci, or permission of instructor. Repeatable to a maximum of 16 cr hrs or 4 completions.

Radiology

5680 Radiation Biology

U G 2

Effect of ionizing radiation in biological systems at the molecular, cellular, organ, organism, and community levels with specific emphasis on medical implications and radiation safety.

Prereq: Permission of instructor.

6813 Magnetic Resonance Spectroscopy and Imaging I **G M 3**
 Presentation of the basic principles of MRI/MRS, including basic MR physics, pulse sequences, adiabatic excitation, coil design, MR hardware, image formation, localized spectroscopy.
 Prereq: Grad standing, or permission of instructor. Cross-listed in BiomedE 6113 and Biophys 8813.

7193.10 Individual Studies in Radiobiology **G 1 - 6**
 Individual research study in Radiobiology.
 Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 18 completions. This course is graded S/U.

8999 Research in Radiology **G 1 - 12**
 Research for dissertation.
 Repeatable to a maximum of 12 cr hrs or 15 completions. This course is graded S/U.

Religious Studies

2102.01 Literature and Religion **U 3**
 Study of relationships between religion and secular literature; analysis of religious and spiritual elements of literature and film of diverse cultures and historical periods.
 Prereq: English 1110 (110) or equiv. Not open to students with credit for 2102.01H, CompStd 2102.01 (202.01), or 2102.01H (202.01H). GE lit and diversity global studies course.

2102.02 Comparative Sacred Texts **U 3**
 Introduction to religious views of the universe, the supernatural, social organization, ethics, etc., through sacred texts (oral and written) of diverse cultures and historical periods.
 Prereq: English 1110 (110), or equiv. Not open to students with credit CompStd 2102.02 (202.02). GE lit and diversity global studies course.

2222 From Ishtar to Christ: The History of Mediterranean Religions **U 3**
 This course introduces students to the historical facts of 10 ancient Mediterranean religions in a context that trains them to study religions more generally. It also teaches them how two of the most prominent religions today—Judaism and Christianity—succeeded within a richly diverse religious marketplace, and how religions respond to their political, economic, and social environments.
 Prereq: Not open to students with credit for Clas 2222. GE historical study course. Cross-listed in Clas.

2370 Introduction to Comparative Religion **U 3**
 Introduction to the academic study of religion through comparison among major traditions (Judaism, Christianity, Islam, Hinduism, Buddhism, etc.) and smaller communities.
 Prereq: English 1110 (110) or equiv. Not open to students with credit for 2370H or CompStd 2370H (270H) or 2370 (270). GE cultures and ideas and diversity global studies course.

2370H Introduction to Comparative Religion **U 3**
 Introduction to the academic study of religion through comparison among major traditions (Judaism, Christianity, Islam, Hinduism, Buddhism, etc.) and smaller communities.
 Prereq: Honors standing, and English 1110 (110) or equiv. Not open to students with credit for 2370, CompStd 2370 (270), or 2370H (270H). GE cultures and ideas and diversity global studies course.

2670 Science and Religion **U 3**
 A philosophical examination of the relationship between science and religion; concentration on issues regarding the creation of the universe and the origins of life.
 Prereq: Not open to students with credit for CompStd 2670 or Philos 2670 or 2860. GE cultures and ideas course. Cross-listed in Philos.

3210 The Jewish Mystical Tradition **U 3**
 The history of Jewish mysticism from antiquity to the present, with emphasis on its implications for the comparative study of religious experience.
 Prereq: English 1110 (110) or equiv. Not open to students with credit for 2210 (376), 2210H, 3210H, CompStd 2210 (376), 2210H (376H), Hebrew 2210 (376), 3210, 2210H (376H), 3210H, JewshSt 2210, 3210, 2210H, or 3210H. GE cultures and ideas and diversity global studies course. Cross-listed in Hebrew and JewshSt.

3210H The Jewish Mystical Tradition **U 3**
 The history of Jewish mysticism from antiquity to the present, with emphasis on its implications for the comparative study of religious experience.
 Prereq: Honors standing, and English 1110 (110) or equiv. Not open to students with credit for 2210, 3210, 2210H, CompStd 2210 (376), 2210H (376H), Hebrew 2210 (376), 3210, 2210H (376H), 3210H, JewshSt 2210, 3210, 2210H, or 3210H. GE cultures and ideas and diversity global studies course. Cross-listed in Hebrew and JewshSt.

3671 Religions of India **U 3**
 History and structure of South Asian religions with attention to myth, ritual, art, philosophy, and social stratification. 2370 (270) recommended.
 Prereq: English 1110 (110) or equiv. Not open to students with credit for CompStd 3671 (321) or RelStds 321.

3672 Native American Religions **U 3**
 Comparative survey of indigenous religions of North America; patterns and diversity in religious experience, cosmologies, myths, rituals, social organizations, and sacred roles. 2370 (270) recommended.
 Prereq: English 1110 (110) or equiv. Not open to students with credit for CompStd 3672 (322) or RelStds 322. GE cultures and ideas course and diversity soc div in the US course.

3673 The Buddhist Tradition **U 3**
 History and structure of Buddhism from founding to present in South, Southeast, and East Asia; emphasis on rituals, beliefs, and local and regional variations. 2370 (270) recommended.
 Prereq: Not open to students with credit for CompStd 3673 (323), EALL 3223 (323), or RelStds 323. Cross-listed in EALL 3223.

3679 Popular Culture and World Religion **U 3**
 The representation of religion in visual culture, in the United States and around the world; the ways that religious traditions are represented or misrepresented; the ways religious traditions appropriate popular culture for their own purposes; new forms of religious practice and community that grow directly out of popular culture.
 Prereq: English 1110. GE VPA course.

3680 Religion and Law in Comparative Perspective **U 3**
 Comparative, interdisciplinary approach to studying religion and law. Drawing on concrete cases, historical studies, and theoretical literature, the course explores how the relationship between religion and law has been configured differently in different liberal democracies, such as the U.S., France, and Israel, and what this might mean for contemporary debates. Team-taught w/ faculty in History.
 Prereq: Not open to students with credit for History 3680. GE historical study and diversity global studies course. Cross-listed in History.

3877 Myth and Ritual **U 3**
 Ritual, myth, and literature: structural and thematic relationships.
 Prereq: One course in CompStd, or RelStds, or permission of instructor. Not open to students with credit for Religious Studies 4877 or CompStd 4877 (541).

3972 Theory and Method in the Study of Religion **U 3**
 Survey of contemporary theories and methods used in the academic study of religion.
 Prereq: 2370 (270) or 2370H (270H) or equiv. Not open to students with credit for RelStds 4972 or CompStd 4972 (520).

4873 Contemporary Religious Movements in Global Context **U 3**
 Examination of contemporary religious movements within the context of larger political, cultural, and economic processes, including post-colonialism, modernization, and globalization.
 Prereq: One course in CompStd, RelStds, or IntStds; or Grad standing; or permission of instructor. Not open to students with credit for CompStd 4873 (525) or IntStds 4873 (525). Cross-listed in IntStds.

4875 Gender, Sexuality, and Religion **U 3**
 Explores intersections of gender, sexuality and religion in comparative and cross-cultural contexts.
 Prereq: English 1110 (110) or equiv. Not open to students with credit for CompStd 4875 (515).

5871 The Japanese Religious Tradition **U G 3**
 A survey of the Japanese tradition, including Shinto, Buddhism, Taoism, New-Confucianism, and folk religion from the 6th century B.C.E. to the present.
 Prereq: Not open to students with credit for CompStd 5871 (641) or Japanse 5271 (641). Cross-listed in Japanse 5271.

Renewable Energy

2025T Solar Energy Systems **U 3**
 This course encompasses solar energy systems including the underlying principles and concepts, system components, common system configurations, siting, design, environmental considerations, economic analysis and grid integration.
 Prereq: 2010T. This course is available for EM credit.

2035T Wind Energy Systems **U 3**
 This course encompasses wind energy systems including the underlying principles and concepts, system components, common system configurations, siting, design, environmental considerations, economic analysis and grid integration.
 Prereq: 2010T. This course is available for EM credit.

Respiratory Therapy

4320 Components of Respiratory Health and Disease **U 4**
 A study of normal respiratory mechanisms, manifestations and treatment of respiratory diseases, their clinical courses with specific consideration for the basis of respiratory therapeutics.
 Prereq: Admission to RespThr.

4400 Basic Respiratory Care **U 5**
 Study and clinical application of theories, procedures, and equipment utilized in delivering, monitoring, and evaluating basic respiratory therapeutics to patients in the hospital setting.
 Prereq: Admission to RespThr.

4410 Introduction to Clinical Respiratory Care **U 4**
 An orientation to the profession, consideration of professional ethics, introduction to basic cardiopulmonary assessment and life support techniques, infection control, medical record, hospital environment, and role of the Respiratory Therapist.
 Prereq: Admission to RespThr.

394 Respiratory Therapy

4430 Evaluation of Respiratory Function U 5

Study of methods, instrumentation, standards and clinical applications of pulmonary function testing and arterial blood gas analysis with emphasis on quality assurance.
Prereq: Admission to RespThr.

4475 Mechanical Ventilation U 5

Study of various mechanical ventilators and artificial airways, with major emphasis placed on all aspects of the management of the patient-ventilator system.
Prereq: 4320, 4400, 4410, and 4430.

4489 Clinical Experience Phase I U 2

Clinical application of basic respiratory therapeutics, intensive respiratory care, and arterial blood gas analysis.
Prereq: 4320, 4400, 4410, and 4430.

4500 Respiratory Therapy for Special Populations U 5

Theories, procedures, and equipment applicable to the delivery of respiratory therapy to special populations, including the neonatal, pediatric, home care, sleep, community, rehabilitation, and long-term acute care patient.
Prereq: 4320, 4400, 4410, and 4430.

4515 Intensive Respiratory Care U 3

The etiology, manifestations, and treatment of respiratory failure including principles, techniques and equipment associated with advanced cardiopulmonary monitoring and cardiac life support.
Prereq: 4320, 4400, 4410, and 4430.

4589 Clinical Experience Phase II U 3 - 10

Clinical application of adult, neonatal, and pediatric intensive respiratory care; home, continuing, and long-term acute respiratory care; pulmonary rehabilitation; endotracheal intubation.
Prereq: 4475, 4489, 4500, and 4515.

4593 Individual Studies in Respiratory Therapy U 1 - 5

Guided study of topics or pursuit of individual experiences in respiratory therapy.
Prereq: 4689, 5525, and 5600. Repeatable to a maximum of 10 cr hrs or 4 completions. This course is graded S/U.

4689 Introduction to Advanced Clinical Practice Phase I U 2

Clinical education and experiences in respiratory therapy competency assurance, alternate care settings, and critical care.
Prereq: 4589. This course is graded S/U.

4789 Introduction to Advanced Clinical Practice Phase II U 5

Clinical education and experience in respiratory therapy education, administration of respiratory services, and areas of advanced professional practice.
Prereq: 4689, 5525, and 5600. This course is graded S/U.

4895 Seminar U 1 - 5

Conferences, group discussion, and presentations of selected topics.
Prereq: Admission to RespThr. Repeatable to a maximum of 10 cr hrs or 4 completions. This course is graded S/U.

5520 Issues in Respiratory Care U G 2

An analysis of current administrative, legal, regulatory, and professional issues which influence the administration of respiratory care services and therapists.
Prereq: 5525, 4689, and 5600, or permission of instructor.

5525 Teaching & Learning Respiratory Therapy U G 2

Principles and practice of teaching and learning in respiratory therapy. Various education roles and strategies of respiratory therapists in academic, community and clinical settings.
Prereq: 4589, or permission of instructor.

5600 Fundamentals of Respiratory Care Research U G 2

Survey of research problems, methods, and designs utilized in respiratory care, with emphasis on data collection, analysis, and presentation.
Prereq: 4589, or permission of instructor. Not open to students with credit for 593, 600, and AllMed 680.

Romance Linguistics

5051 Latin and the Romance Languages U G 3

Examines the socio-historical factors and the linguistic processes that contributed to the formation of the Romance languages and to their divergences. Course taught in English.
Prereq: Equivalent of 1103 in Italian, French, Spanish, Portuguese, Romanian, or Latin; or permission of instructor. Not open to students with credit for 692, French 692, Italian 5051 (692), or Clas 5051. Cross-listed in Clas and Italian.

8193 Individual Studies G 1 - 3

Individual Studies.
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is progress graded (S/U).

8194 Group Studies G 1 - 9

Investigation of minor problems in the various fields of Romance linguistics.
Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs.

8999 Research in Romance Linguistics G 1 - 9

Research for thesis purposes only.
Repeatable to a maximum of 99 cr hrs. This course is progress graded (S/U).

Romanian

1101 Elementary Romanian I U 4

Introduction to Romanian; development of speaking, listening, reading, and writing skills in cultural context. Closed to native speakers of this language.
Prereq: Not open to students with credit for 101, or 2 or more years of study in this language in high school, except by permission of department. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1102 Elementary Romanian II U 4

Continued development of speaking, listening, reading, and writing skills in cultural context. Closed to native speakers of this language.
Prereq: 1101 (101). Not open to students with credit for 102. This course is available for EM credit. GE for lang course. FL Admis Cond course.

1103 Intermediate Romanian I U 4

Continued development of speaking, listening, reading, and writing skills in cultural context. Closed to native speakers of this language.
Prereq: 1102 (102). Not open to students with credit for 104 or 111. This course is available for EM credit. GE for lang course.

1111 Intensive Intermediate Romanian U 8

Combination of the content of two semesters of Romanian to complete the presentation of the basic Romanian grammar and readings based on Romanian geography, history, and customs. Continued development of listening, speaking, reading and writing with an emphasis on oral and written skills; focus on functional topics and thematic vocabulary. Not open to native speakers or with 2+ yrs in high school.
Prereq: 1101. Not open to students with credit for 111 or with 4 credits of 1103. This course is available for EM credit. GE for lang course. FL Admis Cond course.

2104 Intermediate Romanian II U 4

Increasing functional ability in speaking, listening, reading, and writing practice; vocabulary-building; new grammar structures; start developing higher-level language skills in Romanian.
Prereq: 1103 (111) or 104. Not open to students with credit for 407, or native speakers of this language through regular course enrollment or EM credit.

Rural Sociology

1500 Introduction to Rural Sociology U 3

Principles of society, major social institutions, and social change; emphasizes social changes in rural life, rural organizations, population, and family living.
Au, Sp Sem. Prereq: Not open to students with credit for 105, Sociol 1101 (101), or 201. GE soc sci orgs and polities and diversity soc div in the US course.

3580 Social Groups in Developing Societies U 3

Contemporary struggles and experiences of rural social groups in the "Third World" in the context of development and globalization; emphasis on grassroots initiatives and resistance movements.
Au Sem. Prereq: 3 cr hrs in RurlSoc, Sociol, or a related social science, or permission of instructor. Not open to students with credit for 378. GE soc sci indivs and groups and diversity global studies course.

4500 Community Development in Practice U 3

The application of an asset-based community development framework to address environmental, economic, and social issues at the community-level in the United States.
Sp Sem. Prereq: ENR 3500 or permission of instructor. Not open to students with credit for 542.

5500 Diffusion of Innovations U G 3

Examine the sociological processes involved in disseminating new ideas and technologies in U.S. and developing nations. Assess the consequences of new technologies for communities, households, and individuals particularly in rural contexts.
Au Sem. Prereq: Not open to students with credit for 562 or 662.

5520 Amish Society U G 3

Analysis of the historical, social, religious, economic and cultural dimensions of the Amish.
Au Sem. Prereq: Not open to students with credit for 622.

5530 Sociology of Agriculture and Food Systems U G 3

Overview of sociological theory and research related to agricultural change and food system development, focusing on individual, family, farm, community and environmental impacts.
Au Sem. Prereq: 6 units in RurlSoc, Sociol, or related Social Sciences, or Grad standing, or permission of instructor. Not open to students with credit for 733.

5540 Population, Place and Environment U G 3

Focuses on demographic issues in rural settings and related environmental issues, with an emphasis on population change and migration in the context of conflicts, disaster, and resource based development.
Prereq: 6-9 cr hrs taken in RurlSoc, Sociol, or related social science, or Grad standing. Not open to students with credit for 744.

5580 Assessing Human and Social Impacts of Change	U G	3
Examine the social and human impact of change on groups and communities.		
Prereq: Not open to students with credit for 688.		
5797 Study at a Foreign Institution		
	U G	1 - 15
An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.		
Au, Sp, Su Sems. Prereq: Permission of dept chairperson. Not open to students with credit for 697. Repeatable to a maximum of 30 cr hrs or 2 completions. This course is progress graded.		
6500 Rural Poverty	G	3
Evaluation of the factors which create and maintain poverty and inequality, with focus on the rural U.S., developing nations, and the comparative analysis of spatial inequalities.		
* Sp Sem (odd years). Prereq: 15 cr hrs in RurSoc or related social sciences, or Grad standing. Not open to students with credit for 666.		
7550 Rural Community Development in Theory and Practice	G	3
Theoretical foundations of rural community development; contemporary community development issues; change processes, strategies, and practices.		
* Sp Sem. (odd years). Prereq: Grad standing. Not open to students with credit for 888.		
7560 Environmental Sociology	G	3
Sociological approaches to the study of environmental policy. Analysis of major issues relating to the use and abuse of natural resources and pollution.		
Prereq: Grad standing. Not open to students with credit for 766.		
7600 Concepts and Theories in Rural Sociology	G	3
Examines the sociological significance of "rurality" and the conceptual perspectives applied to major substantive areas in rural sociology, such as community, environment, and agriculture.		
* Au Sem (odd years). Prereq: Grad standing. Not open to students with credit for 742.		
8500 Development Sociology in Theory and Practice	G	3
Overview of sociological principles, theories and research in the evolution of international development and globalization practices, objectives, and policies. Contemporary issues in development and globalization.		
* Sp Sem (even years). Prereq: Grad standing. Not open to students with credit for 892.		

Russian

1101.01 1st-Year Russian I (Classroom Track)	U	4
Introduction to Russian: development of skills in speaking, understanding, reading, and writing contemporary Russian in a cultural context. Not open to native speakers or to students with 2 or more years of high school study.		
Prereq: Not open to students with credit for 101.01, or 5 credits of 101.51, or 4 credits of 1101.51. This course is available for EM credit. GE for lang course. FL Admis Cond course.		
1101.51 Elementary Russian I (Self-Paced)		
	U	1 - 4
Introduction to Russian: development of skills in speaking, understanding, reading, and writing in cultural context. Students register for 1-4 cr hrs. Progress is sequential from one cr to next. 80% is required to advance. Not open to native speakers or to students with 2 or more years of high school study.		
Prereq: Not open to students with credit for 1101.01 or 101.01 or 5 credits of 101.51. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.		
1102.01 Elementary Russian II (Classroom Track)	U	4
Continued development of speaking, listening, reading, and writing skills in cultural context. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1101.01 or 4 cr hrs of 1101.51, or 101.01 or 101.51. Not open to students with credit for 102.01 or 5 credits of 102.51, or 4 credits of 1102.51. This course is available for EM credit. GE for lang course. FL Admis Cond course.		
1102.51 Elementary Russian II (Self-Paced)	U	1 - 4
Continued development of speaking, listening, reading, and writing skills in cultural context. Students register for 1-4 cr hrs. Progress is sequential from one cr hr to next. 80% is required to advance. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1101.01 or 4 cr hrs of 1101.51, or 101.01 or 5 cr of 101.51. Not open to students with credit for 1102.01, 102.01, or 5 credits of 102.51. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course. FL Admis Cond course.		
1103.01 Intermediate Russian I (Classroom Track)	U	4
Continued development of speaking, listening, reading, and writing skills in cultural context. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1102.01 or 4 cr of 1102.51, or 102.01 or 5 cr of 102.51. Not open to students with credit for 104.01, 104.51 or 4 cr hrs of 1103.51 or. This course is available for EM credit. GE for lang course.		

1103.51 Intermediate Russian I (Self-Paced)	U	1 - 4
Continued development of speaking, listening, reading, and writing skills in cultural context. Students register for 1-4 cr hrs during sem. Progress is sequential from one cr hr to the next. 80% is required to advance. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1102.01 or 4 cr of 1102.51, or 102.01 or 5 cr of 102.51. Not open to students with credit for 1103.01, 104.01, or with 5 credits of 104.51. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is available for EM credit. GE for lang course.		
1103.99 Intermediate Russian I (Online)		
	U	4
Continued development of speaking, listening, reading, and writing skills in cultural context. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1102.01 or 4 cr hrs of 1102.51. Not open to students with credit for 1103.01 or 4 cr hrs of 1103.51. This course is available for EM credit. GE for lang course.		
1133 Intermediate Russian for Heritage Speakers	U	4
This course is designed for students who have a Russian background, hear and/or speak (to a different degree) Russian at home and want to learn to read and write in Russian, or to develop their speaking and literacy skills through formal Russian language study. Students must take a Russian placement exam, and test out of Russian 1101 and 1102.		
Prereq: Not open to students with credit for Russian 1103.01. GE for lang course.		
2104.01 Intermediate Russian II (Classroom Track)	U	4
Increasing functional ability in speaking, listening, reading, and writing practice, vocabulary-building; new grammar structures; start developing higher-level language skills in Russian. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1103.01 or 4 credits of 1103.51, or 104.01 or 5 credits of 104.51. Not open to students with credit for 402.01, 407.01, 4 cr hrs for 2104.51, or 5 cr hrs for 402.51 or 407.51.		
2104.51 Intermediate Russian II (Self-Paced)	U	1 - 4
Increasing ability in speaking, listening, reading, and writing; vocabulary-building; new grammar; developing higher skills. Students register for 1-4 cr hrs during sem. Progress is sequential from one cr hr to next. 80% is required to advance. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1103.01 or 4 credits of 1103.51, or 104.01 or 5 credits of 104.51. Not open to students with credit for 2104.01, 407.01, or for 5 credits of 407.51. Repeatable to a maximum of 4 cr hrs or 4 completions.		
2144 Intermediate Russian for Heritage Speakers II	U	4
This is the second course designed for students who have a Russian background, hear and/or speak (to a different degree) Russian at home and want to learn to read and write in Russian, or to develop their speaking and literacy skills through formal Russian language study.		
Prereq: 1133.		
2250 Masterpieces of Russian Literature	U	3
Reading and analysis of great works of Russian literature from the 19th century to the present by authors such as Pushkin, Turgenev, Dostoevsky, Tolstoy, Chekhov, Akhmatova, Bulgakov, Solzhenitsyn, and Ulitskaya. Taught in English.		
Prereq: Not open to students with credit for 2250H (250H and 251H), 250, or 251. GE lit and diversity global studies course.		
2250H Honors Masterpieces of Russian Literature	U	3
Reading great works of Russian literature (including Pushkin, Turgenev, Dostoevsky, Tolstoy, Chekhov, Bunin, Akhmatova, Solzhenitsyn, Ulitskaya); developing analytical writing & discussion skills. Taught in English.		
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 2250 (250 and 251), 250H, or 251H. GE lit and diversity global studies course.		
2335.01 Magnificence, Mayhem, and Mafia: Russian Culture	U	3
Russian culture from its foundations to the 21st century through analysis of literature, film, music, visual arts, beliefs, and customs. Taught in English.		
Prereq: Not open to students with credit for 2355, 2335.99, 135, or 235. GE cultures and ideas and diversity global studies course.		
2335.99 Magnificence, Mayhem, and Mafia: Russian Culture	U	3
Russian culture from its foundations to the 21st century through analysis of literature, film, music, visual arts, beliefs, and customs. Taught in English. Offered 100% on-line.		
Prereq: Not open to students with credit for 2335, 2335.01, 135, or 235. GE cultures and ideas & diversity global studies course.		
2345 Russian Fairy Tales and Folklore	U	3
Examines four categories of texts, both verbal and visual: (1) a survey of Russian demonology; (2) a large selection of the best-known Russian fairy tales.; (3) scholarly articles analyzing the differences between folklore and literature; and (4) visual materials (film, paintings, graphics, and handicrafts) and music inspired by Russian fairy tales. Taught in English.		
GE cultures and ideas and diversity global studies course.		
2355.99 Russians and their Vodka: Deconstructing Myths	U	1
Interdisciplinary study of vodka and its role in Russian history, culture, and politics. Course focuses first on vodka production and its uses, then on its influence on Russian culture in present times and key historical periods. Readings alternate with film, documentaries, and advertisements as class material. Offered totally online.		

396 Russian

3101 Third-Year Russian I: Contemporary Russian in Cultural and Literary Contexts U 4

Further develop speaking, listening, reading, and writing skills and grammar competence while discussing topics of contemporary Russian life and literature.

Prereq: 2104.01 or 4 cr hrs of 2104.51, or 402.01 or 407.01, or 5 cr hrs of 402.51 or 407.51, or permission of instructor. Not open to students with credit for 501 or 560.

3102 Third-Year Russian II: Current Events through the Russian Media U 4

Introduction to the Russian mass media with an emphasis on current events; further development of speaking, listening, reading, and writing skills and grammar competence.

Prereq: 3101 (501 and 502), or permission of instructor. Not open to students with credit for 503 or 562.

3121 Advanced Reading Russian I Self-Paced U 1 - 3

Developing reading skills and strategies from a variety of authentic Russian sources, with special emphasis on contemporary materials

Prereq: 2104.01 (407.01) or 2104.51 (407.51), or permission of instructor. Not open to students with credit for 580.51 or 581.51. Repeatable to a maximum of 3 cr hrs.

3122 Advanced Reading Russian II Self-Paced U 1 - 3

Further development of reading skills & strategies from authentic Russian sources, with emphasis on contemporary materials. Students register for 1-4 cr hrs during sem. Progress is sequential from one cr hr to next; 80% is required to advance.

Prereq: 3121 (581.51), or permission of instructor. Not open to students with credit for 582.51. Repeatable to a maximum of 3 cr hrs.

3140 Russian Conversation U 1

Maintaining and further developing conversational skills in Russian at the intermediate level. Taught in Russian as round-table discussion.

Prereq: 2104.01 (402.01) or 2104.51 (402.51), or permission of instructor. Repeatable to a maximum of 2 cr hrs.

3350 Russian Culture and Politics U 3

Interdisciplinary approach to reading and perceiving Russian political culture today. The class expands the meaning of culture to include political discourse, political practices, and current societal debates. Taught in English.

Prereq: Not open to students with credit for 550.

3460 Modern Russian Experience through Film U 3

Exploration of some of the most revealing hopes and disappointments of Russian people presented in internationally acclaimed Russian films. Taught in English.

Prereq: Not open to students with credit for 360. GE VPA and diversity global studies course.

3470 Anna Karenina Goes to Hollywood: Tolstoy's Novel in Film and Popular Culture U 3

This course explores Tolstoy's Anna Karenina in relation to popular American culture. The course will consist of two parts: in the first half, we will read and discuss Anna Karenina, and we will then examine films and other popular works based on the novel.

GE VPA and diversity global studies course.

3530 Russian Cuisine in History, Literature and Culture U 3

Explores Russian cuisine: its history and its role in Russian literature and culture. We will use a variety of cookbooks and cultural histories as our textbooks, and we will read selections from classical Russian literature to see how writers incorporate ideas of food and cuisine into their works. We will also read critical articles about the relationship between food and culture.

GE cultures and ideas course.

3570 CLLC Radio U 3

Student partners prepare 3 target language broadcasts, each 1 hour in length. Broadcasts stream live over the Internet, then become podcast for public use. Student "DJs" conduct target language research on radio broadcast history and at least 15 thematic topics and related music that interests them. Students choose their music and content with approval and guidelines, then produce scripts.

Prereq: Permission of instructor.

4101 Advanced Russian I U 3

Speaking, listening, reading and writing practice in Russian at the advanced level, with focus on Russian films from the 1930s to the present.

Prereq: 3102 or 503, or permission of instructor. Not open to students with credit for 601.

4102 Advanced Russian II U 3

Continuation of Russian 4101: speaking, listening, reading, and writing practice in Russian at the advanced level, with a focus on Russian culture and national identity.

Prereq: 4101 (601) or 609, or permission of instructor. Not open to students with credit for 610.

4135 Practical Russian Pronunciation U 3

Russian phonetics, including terminology, transcription, practical exercises designed to improve pronunciation, and problems of teaching pronunciation. Taught in Russian. Not open to native speakers of Russian.

Prereq: 2104, or 30 or hrs in Russian, or permission of instructor. Not open to students with credit for 635.

4191 Internship for Russian Majors U 1 - 3

Intensive work experience or research assistance relating to Russia or Russian, conducted under the supervision of a faculty member.

Prereq: Enrollment in major or minor in Russian, and permission of the Undergraduate Studies Coordinator. Repeatable to a maximum of 6 cr hrs and 2 completions. This course is graded S/U.

4220 Love and Death in Russian Literature and Film U 3

Analysis of major works in nineteenth-century Russian literature (from the Golden Age and Realism), and major themes such as lost love in the Russian novel. Taught in English.

Prereq: Not open to students with credit for 520 and 521.

Junior-senior seminar explores issues of Russian language and literature, focusing on reading in Russian and on honing Russian and English oral and writing skills. Required for Russian major. Taught in Russian and English.

Prereq: English 2367 or equiv. Repeatable to a maximum of 9 cr hrs.

4798 Study Trip U 3 - 6

Short-term study abroad directed by a faculty member as a supplement to a course in Russian literature or culture. Students pay OSU fees, any fees in excess of tuition, travel & subsistence costs.

Prereq: Permission of dept chairperson and Office of International Affairs. Repeatable to a maximum of 12 cr hrs or 2 completions. This course is graded S/U.

5101 Adv Russian III U G 3

Continuation of Russian 4102. Development of speaking, listening, reading, & writing skills at the advanced level, with a focus on a specific theme of interest for area specialists (e.g., history, literature, culture, linguistics, health issues).

Prereq: 4102, or permission of instructor. Not open to students with credit for 711. Repeatable to a maximum of 6 cr hrs.

5102 Advanced Russian IV U G 3

Continuation of Russian 5101. Development of speaking, listening, reading, & writing skills at the advanced level, with a focus on a specific theme of interest for area specialists (e.g., history, literature, culture, linguistics, health issues).

Prereq: 5101, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

5193 Individual Studies U G 1 - 9

Individual study on topic relating to Russian culture, literature, or language under the supervision of a faculty member.

Prereq: Permission of department chairperson. Repeatable to a maximum of 18 cr hrs or 6 completions. This course is graded S/U.

5194 Group Studies U G 1 - 3

Group Studies in Slavic and East European languages and cultures.

Repeatable to a maximum of 6 cr hrs or 2 completions.

5225 Russian Emigre Literature U G 3

Analysis of the three "waves" of Russian emigration -- post-Revolutionary, post-WWII, and the so-called "third wave" in the 1970s and 80s through the poetry, fiction, and memoirs by such writers as: Ivan Bunin, Vladislav Khodasevich, Vladimir Nabokov, Nina Berberova, Sergei Dovlatov, Vasily Aksyonov, and Joseph Brodsky.

Prereq: English 1110 or equiv, or any 4000-level Russian literature, culture or linguistics course.

5250.01 The Russian Writer U G 3 - 4

Close analysis of the major works of an individual Russian writer, such as Vladimir Nabokov, Nikolai Gogol, or Mikhail Bulgakov. Taught in English. Repeatable with change of content.

Prereq: Repeatable to a maximum of 12 cr hrs or 3 completions.

5250.02 The Russian Writer - Dostoevsky U G 3 - 4

Close Analysis of the major works of Fyodor Dostoevsky.

5250.03 The Russian Writer: Chekhov U G 4

This course will cover the work of Anton Chekhov, from early satirical stories through his major stories and plays, and will make forays into other genres, particularly letters. Students will read the texts closely, considering their social, political, philosophical, and aesthetic contexts.

Prereq: Not open to students with credit for 5250 (Au15, Brintlinger).

5250.04 The Russian Writer: Nabokov U G 3

This course will cover several of Vladimir Nabokov's major works in their cultural, biographical, philosophical, and aesthetic context. Some students will be more familiar with the Russian literary tradition on which Nabokov richly draws, and others will be less familiar. Either is completely fine, as sufficient context will be provided in class and in optional background readings.

5530.01 Madness and Power in Russia

U G 3

Discussions of politics and power as related to madness; manifestations of insanity in Russian literary and film texts will accompany examination of the cultural, philosophical, legal, and historical context. Taught in Russian.

Prereq: 4102 or equiv, or permission of instructor. Not open to students with credit for 5530.02.

5530.02 Madness and Power in Russia

U G 3

This English-language version of Russian 5530.01 facilitates study and research of the important trope of madness in Russian culture for advanced undergraduates and graduate students. Primary readings, discussion and coursework will be offered in English, although parallel and additional readings in Russian will be available for students with advanced language skills.

Prereq: Not open to students with credit for 5530.01.

5601 Structure of Russian I

U G 3

Systematic synchronic description of the structure of Contemporary Standard Russian, focusing on phonetics, phonology, and morphology, and associated theoretical issues. Taught in English.

Prereq: 3102, or Grad standing in Slavic; or permission of instructor. Not open to students with credit for 6601 (640).

5630 Russian Translation: Theory, Practice, and the Profession

U G 3

Theory and practice of translating Russian literary, cultural, political, scientific, and business texts into English. Recommended prereq: 2250.

Prereq: 3102 or 3122.

5701 History of Russian I

U G 3

Survey of the most important developments in the Russian writing system, phonology, morphology, and syntax from Old East Slavic to modern times; Russian among the Slavic languages; main methodologies in historical linguistics.

Prereq: 3102 or 503, or Grad standing, or permission of instructor. Not open to students with credit for 720 or 6701.

5797 Study at a Foreign Institution

U G 1 - 9

Opportunity to study at Russian educational institution and receive OSU credit. Students pay OSU fees, any fees in excess of tuition, travel & subsistence costs.

Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 9 completions.

6171 Basic Reading Russian for Graduate Students

G 3

Russian alphabet, basic vocabulary, and basic elements of grammar for graduate students who need to develop reading skills for professional research. Taught in self-paced format. Continued by Russian 6172.

Prereq: Grad standing. Not open to students with credit for 571.

6172 Reading Russian for Research

G 3

Continuation of Russian 6171: further development of reading skills, vocabulary, and grammar for graduate students who need to read Russian for professional research. Taught in self-paced format.

Prereq: 6171 (571), and Grad standing. Not open to students with credit for 572 or 573.

6252 Issues in 19th-Century Russian Literature

G 3

Literature of the Golden Age and Realist periods in cultural and political context. Good reading ability in Russian recommended.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 750 or 751. Repeatable to a maximum of 6 cr hrs.

6253 Issues in 20th- and 21st-Century Russian Literature

G 3

Silver Age, Soviet, emigre, or post-Soviet literature in cultural and political context. Good reading ability in Russian recommended.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 752 or 754. Repeatable to a maximum of 6 cr hrs.

6254 Russian Literary Genres

G 3

Genres of Russian literature: e.g., poetry, drama, novel, short story, literary essay. Time periods, authors, and themes are variable. Good ability to read Russian recommended.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 653, 723, or 851. Repeatable to a maximum of 6 cr hrs.

7150 Language Maintenance and Professionalization

G 1 - 2

Opportunity for graduate students to maintain/enhance their Russian language abilities and improve their lesson planning and teaching skills in Russian language classes.

Prereq: Grad standing. Repeatable to a maximum of 16 cr hrs or 8 completions. This course is graded S/U.

8150 Graduate Student Teaching Apprenticeship

G 1

Graduate students will work with a faculty member who is teaching an undergraduate, non-language course. Students will work with the faculty member to develop skills in creating lesson plans and reading lists, stimulating productive class discussions, assigning appropriate workloads, and grading.

Prereq: Grad standing. Repeatable to a maximum of 4 cr hrs.

8193 Individual Studies

G 1 - 3

Individual studies under faculty supervision in Russian literature, film, culture, or linguistics.

Prereq: Grad standing, and permission of the dept chairperson. Repeatable to a maximum of 24 cr hrs or 8 completions. This course is graded S/U.

8550 Seminar in Russian Literature, Film, or Cultural Studies

G 3

Variable-topic seminar on issues in Russian literature, film, or culture. Repeatable for credit with change of topic.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 24 cr hrs.

Sanskrit**5902 Elementary Sanskrit**

U G 3

Introduction to Indo-European, Indic, and Sanskrit; reading of introductory texts.

Prereq: Not open to students with credit for Sanskrit 621.

5903 Intermediate Sanskrit

U G 1 - 3

Reading of classical Sanskrit texts.

Prereq: 5902 (621).

5904 Vedic Sanskrit

U G 1 - 3

This course involves a survey of Vedic Sanskrit grammar, especially in comparison with Classical Sanskrit grammar, and consideration of Vedi poetic metrics, in conjunction with reading of actual hymns of the Rigveda.

Prereq: 5903 (Sanskrit 622) or equiv. Repeatable to a maximum of 12 cr hrs or 4 completions.

5905 Sanskrit Reading Group

U G 1 - 3

Presents opportunities for further reading of Classical or Vedic Sanskrit texts to allow students to maintain and enhance their command of Sanskrit.

Prereq: 5902, or permission of instructor. Repeatable to a maximum of 18 cr hrs or 6 completions.

Scandinavian**3350 Norse Mythology and Medieval Culture**

U 3

The myths of the Old Norse gods and the worldview and beliefs of pagan Scandinavia.

Prereq: Not open to students with credit for Scandnav 222. GE lit and diversity global studies course.

4150 Reading the Scandinavian Languages

U 3

Fundamentals of grammar of the Scandinavian languages for research purposes in the humanities, sciences, and social and behavioral sciences.

Prereq: Not open to students with credit for 571.

5150 Old Norse

U G 3

Introduction to the grammar of Old Norse-Icelandic literature. Brief overview of Old Norse Literature and the context of its production.

Prereq: Not open to students with credit for Scandnav 710.

5151 Variable Topics in Scandinavian Studies

U G 3

Investigation of various given topics in Scandinavian studies.

Prereq: Permission of instructor (for undergraduates). Repeatable to a maximum of 12 cr hrs.

5193 Individual Studies

U G 2 - 5

Individual investigation of minor problems of Scandinavian languages or literatures.

Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 3 completions. This course is graded S/U.

5251 The Icelandic Saga

U G 3

Introduction to the Icelandic saga, the greatest vernacular prose literature of medieval Europe.

Taught in English.

Prereq: Not open to students with credit for 513. GE lit course.

Scholars, University**1100 Scholars Seminar**

U 1/2 - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholars status.

1100.01 Advocates for Communities and Education Scholars Seminar

U 1/2 - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.02 Architecture, Landscape, and City Scholars Seminar

U 1/2 - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

398 Scholars, University

1100.03 Biological Sciences Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.04 Health Sciences Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.05 Innovation, Creativity, and Entrepreneurship Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.06 International Affairs Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.07 Media, Marketing, and Communications Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.08 Mount Leadership Society Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.09 Politics, Society, and Law Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

1100.10 STEM Exploration and Engagement Scholars Seminar U ½ - 2

Scholars Program academic and co-curricular requirements and expectations; University procedures relative to the Scholars experience; resources and opportunities related to the Scholars program theme; students rights, responsibilities, and expectations; overview of relevant majors and careers.

Prereq: Scholar status.

2294 Group Studies U 1 - 3

Special topics at an introductory level. Arr.
Prereq: Scholars standing, or permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions.

Sexuality Studies

2214 Introduction to Sexuality Studies U 3

Provides an introduction to sexuality studies through an interdisciplinary approach. To apply the knowledge learned, this course requires a fieldwork component.
Prereq: Not open to students with credit for CompStd 2214 (214) or EduPAES 214. GE diversity soc div in the US course. Cross-listed in CompStd.

4998 Undergraduate Research U 1 - 4

Undergraduate research or creative project in variable topics related to Sexuality Studies.
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.

4998H Undergraduate Honors Research U 1 - 4

Undergraduate honors student research and/or creative project in variable topics.
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.

4999 Undergraduate Research: Thesis U 1 - 4

A program of reading arranged for each student, with individual conferences, progress reports, and thesis.
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.

4999H Honors Thesis Research U 1 - 4

A program of reading arranged for each student, with individual conferences, progress reports, and honors thesis.
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.

5191 Internship U G 1 - 3

Workplace experience requiring writing and/or research. A maximum of 3 credit hours can count toward the Sexuality Studies major, minor, or GIS.
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.

5193 Individual Studies U G 1 - 3

Students may register for individual directed study under this number for work not typically offered in courses.
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.

5194 Group Studies U G 1 - 3

Group studies. Topic varies according to instructor.
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions.

5620 Sexuality and Violence U G 3

Examines the relationship of sexuality and violence. Possible contexts include war, bullying, sexual assault and rape, intimate partner violence, sexual trafficking, anti-GLBT violence.
Prereq: Jr standing or above, or permission of instructor. Repeatable to a maximum of 6 cr hrs.

7100 Introduction to Graduate Study in Sexuality Studies G 3

An interdisciplinary survey of the field of Sexuality Studies.
Prereq: Grad standing, or permission of instructor. Not open to students with credit for ArtsSci 7100 (710).

Slavic Languages and Literatures

2230 Vampires, Monstrosity, and Evil: From Slavic Myth to Twilight U 3

Changing approaches to evil as embodied in vampires in East European folk belief & European & American pop culture; function of vampire & monster tales in cultural context, including peasant world & West from Enlightenment to now. Taught in English.
Prereq: Not open to students with credit for 130. GE cultures and ideas course, GE diversity global studies course.

2345 Introduction to Slavic and East European Literature and Culture U 3

Literature of a selected Slavic or East European country or countries in cultural and historical context; may include film, drama, art, music, and other media.
Taught in English. May be repeated with topic change.
Prereq: Not open to students with credit for 245 except by permission of instructor. Repeatable to a maximum of 9 cr hrs. GE lit course, GE diversity global studies course.

2367 East European Immigrant Experience in America U 3

Experiences of East European immigrants; assimilation vs. multiculturalism, American Dream, stereotypes, identity formation; development of written & oral communication skills. Taught in English.
Prereq: Level 1 writing course (1110), or English 110 or 111 with permission of instructor; Soph standing. Not open to students with credit for 367. GE writing and comm course: level 2, and diversity soc div in the US course.

2797.02 Central European Study Abroad U 3

Course for Gateway Hungary Program (May Session). Introduction to history, geography, and politics of Hungary and other Cen. Eur. countries, including Poland, Czech Republic, and Slovakia. On-site study of urban culture and development in Budapest and Warsaw; multimedia project in collaboration with Hungarian and Polish university students. No prior knowledge of Hungary or Cen. Europe required.
GE diversity global studies and education abroad course.

3310 Science Fiction: East vs. West U 3

Slavic, American, and British sci-fi on page and screen as reflection of major cultural concerns: progress, utopia, human perfectibility, limits of science and knowledge, gender, identity. Taught in English.
Prereq: Not open to students with credit for 3320 or WGSSt 3310. GE VPA and diversity global studies course. Cross-listed in WGSSt.

3333 The Soviet Space Age U 3

Exploration of Space Age as a technological/cultural phenomenon, focusing on the Soviet period and the Space Race, in historical context and in a comparative perspective. Taught in English.
GE cultures and ideas and diversity global studies course.

3360 Screening Minorities: Representations of the Other in Slavic Film U 3

Film representations of ethnic and religious others in East European cinema. Taught in English.
Prereq: Not open to students with credit for 360. GE VPA course.

Slavic Languages and Literatures 399

3800 Bilingualism: Life in Two Worlds

U 3

Exploration of multifaceted aspects of bilingual individuals: reasons to become bilingual, cognitive & social advantages of bilingualism, attitudes to people with accents, personality & bilingualism. No prior knowledge of linguistics is required.
GE soc sci indivs and groups course.

4520H Slavic and East European Cities

U 3

Literary and cultural analysis of a city in East Central, Southeastern, or Eastern Europe (e.g., Sarajevo, Budapest, Prague, Krakow) as an urban space, using sources from many periods and cultures. Repeatable with change of topic. Taught in English.
Prereq: Honors standing, and English 1110 or equiv, or permission of the instructor. Not open to students with credit for 520.01H, except by permission of instructor. Repeatable to a maximum of 6 cr hrs.

4560H Cinderella's Fantasy: Gender and Women in Western and Eastern Europe

U 3

Discussion of the complementary nature of feminists' notions in Western and Eastern European societies and cultures via literature and film. Taught in English; films have English subtitles.

Prereq: Honors standing, or permission of instructor. Not open to students with credit for 583H.

4597 Politics of Language in Southeast Europe

U 3

Social/political import of language in Balkans and neighboring countries; role of language in ethnic identities; manipulation of language to shape political and social structures. Taught in English.

Prereq: Jr or Sr standing. GE diversity global studies and cross-disciplinary seminar course.

4798 Study Trip

U 1 - 6

Short-term study abroad directed by a faculty member as a supplement to a course in Slavic and East European literature or culture. Students pay OSU fees, any fees in excess of tuition, travel & subsistence costs.

Prereq: Permission of dept chairperson and Office of International Affairs. Repeatable to a maximum of 12 cr hrs or 2 completions. This course is graded S/U.

4998 Undergraduate Supervised Project

U 1 - 3

Opportunity for undergraduate majors and minors to do non-thesis research or creative work (e.g., translations) under faculty supervision for credit.

Prereq: Major or minor status in one of dept's programs and permission of faculty member supervising the project and Undergraduate Studies Coordinator. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.

4999 Undergraduate Thesis Research

U 1 - 3

Faculty-supervised undergraduate research on Russian, Slavic, East Central European, Southeast European, or East European language(s), literature(s), or culture(s), culminating in a thesis.

Prereq: Sr standing; permission of instructor under whose supervision the work is to be completed and department Undergraduate Studies Coordinator. Not open to students with credit for 783H. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.

4999H Honors Undergraduate Research Thesis

U 1 - 3

Faculty-supervised honors research on Russian, Slavic, East Central European, Southeast European, or East European language(s), literature(s), or culture(s), culminating in a thesis. Prereq: Sr standing; a grade of A in at least half of the Slavic department courses taken and an average of B in the remainder; permission of instructor under whose supervision the work is to be completed and the Arts and Sciences Honors Committee. Not open to students with credit for 783H. This course is graded S/U.

5193 Individual Studies

U G 1 - 6

Individual study on topic relating to Russian culture, literature, or language under the supervision of a faculty member.

Prereq: Permission of dept chairperson. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.

5194 Group Studies

U G 1 - 6

Group Studies.

Repeatable to a maximum of 24 cr hrs or 4 completions.

5280 Slavic & East European Literature

U G 3

Masterpieces of Slavic and East European literatures, either in a comparative perspective or focusing on the literature of one country in its cultural context. Taught in English. Repeatable for credit with change of topic.

Prereq: Completion of GE in Literature or permission of instructor. Not open to students with credit for 519. Repeatable to a maximum of 6 cr hrs.

5450 Global Human Trafficking: Realities and Representations

U G 3

This course will introduce students to the development of human trafficking as it has been understood and represented by governments, policymakers, the media, and popular culture. The objective of this course is to scrutinize common understandings and representations of trafficking and to consider the advantages and disadvantages of such understandings and representations.

Prereq: Not open to students with credit for WGSST 5450. Cross-listed in WGSST.

5797 Study at a Foreign Institution

U G 1 - 9

Opportunity to study at an educational institution in a Slavic-speaking country and receive OSU credit. Students pay OSU fees, any fees in excess of tuition, travel & subsistence costs. Prereq: Permission of dept chairperson. Repeatable to a maximum of 36 cr hrs or 9 completions. This course is graded S/U.

6000 Slavic Literature, Film, and Cultural Studies Professionalization Forum

G 1

Biweekly colloquium for presentations and discussion of research by graduate students, faculty, and visiting scholars. Required for M.A. and Ph.D. degrees in Slavic Literatures and Cultures.

Prereq: Grad standing. Repeatable to a maximum of 8 cr hrs. This course is graded S/U.

6457 Film Theory, Gender, and National Identity in Slavic Cinema

G 3

Introduction to film theory and exploration of changes in national and gender identities during the 20th century as reflected in Slavic cinema. Taught in English.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 657.

6501 Introduction to Slavic and East European Studies

G 3

Proseminar on central topics, current research, and research methodology in the Slavic and East European area studies. Taught in English. Required for the M.A. program in the Center for Slavic and East European Studies.

Prereq: Grad standing or permission of instructor. Not open to students with credit for 700.

6600 Slavic Linguistics Professionalization Forum

G 1

Biweekly colloquium for presentations and discussion of research by graduate students, faculty, and visiting scholars. Required for M.A. and Ph.D. degrees in Slavic Linguistics.

Prereq: Grad standing. Repeatable to a maximum of 8 cr hrs. This course is graded S/U.

6625 Old Church Slavonic

G 3

Introduction to the grammar of Old Church Slavonic, with readings in authentic medieval Slavic texts. Taught in English. Prior knowledge of a Slavic language not required.

Prereq: Grad standing or permission of instructor. Not open to students with credit for 810 or 7625.

6999 Masters Research in Slavic

G 3 - 6

Directed research in Slavic for fulfillment of M.A. requirements.

Prereq: Grad standing in Slavic and East European Languages and Literatures. Not open to students with credit for 999. This course is graded S/U.

7480 Slavic Film Directors

G 3

Slavic and East European film directors as auteurs; key notions of contemporary film theory. Taught in English.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 6 cr hrs with change of topic.

7801 College Teaching of Slavic & East European Languages

G 3

Methods & techniques for teaching Slavic/Eur languages at college level; selection & preparation of teaching & testing materials & other aids. Requires participation in intensive workshop prior to Au sem. Required of all teaching assistants.

Prereq: Grad standing. Not open to students with credit for Russian 801.

7998 Doctoral Research in Slavic

G 1 - 6

Research in fulfillment of pre-candidacy requirements in Slavic Linguistics or Literature/Cultural Studies.

Prereq: Enrollment in Slavic Linguistics or Literature Ph.D program. Repeatable to a maximum of 12 or hrs or 4 completions. This course is graded S/U.

8741 Medieval Slavic Workshop

G 6

Biennial intensive Summer or May-term workshop in the methodology of working with medieval Cyrillic manuscripts using manuscripts from the Hilandar Research Library of The Ohio State University. Taught in English.

Prereq: 7625 (810), or Russian 6701 (720), or permission of instructor and accepted application to Medieval Slavic Institute through OSU Resource Center for Medieval Slavic Studies. Not open to students with credit for 812 & 814.

8802 Language and Memory: Psycholinguistic Approaches to Bilingualism

G 3

Discussion of psycholinguistic works related to memory and its role in language processing, second language learning, and forgetting. Taught in English. Elective for the GIS in Second Language Studies.

Prereq: Grad standing or permission of instructor. Not open to students with credit for 804.

8803 Language, culture, and cognition

G 3

Discussion of different methodological & theoretical approaches to the Linguistic Relativity (Sapir-Whorf) hypothesis, including data and scholarship from Russian & other Slavic languages. Taught in English.

Prereq: Grad standing, or permission of instructor.

8999 Dissertation Research in Slavic

G 3 - 12

Research in Slavic for dissertation purposes.

Prereq: Permission of dept chairperson. Repeatable to a maximum of 36 cr hrs or 12 completions. This course is graded S/U.

400 Social Work

1100	Introduction to Ohio State and the College of Social Work	U	1	3501	Engagement and Interviewing Skills	U	3	
The purpose of the Social Work Survey Course is to facilitate an eased integration to the OSU undergraduate community, and to assist students with developing relative strategies for a successful transition and participation in the community. Course is designed to provide a preliminary orientation to the social work undergraduate program and curricula.								
	Prereq: Undergraduate standing in the College of Social Work.			Addresses interviewing skills critical to social work. Didactic and experiential methods will provide a foundation for practice and facilitate entry into the field.				
1120	Introduction to Social Welfare	U	3	Prereq: Jr or Sr standing, and enrollment in SocWork major.				
An introduction to the history, structure, and function of the social welfare institution.								
	Prereq: Not open to students with credit for 220 or 520. GE soc sci human, nat, and econ resources course.			3502	Foundations of Generalist Practice	U	3	
1130	Introduction to Social Work in Contemporary Society	U	3	Introduces students to the theories, knowledge and skills of generalist social work practice, with an emphasis on work with individuals.				
An introduction to the core values, fundamental goals, unique functions and methods of the social work profession.								
	Prereq: Not open to students with credit for 230. GE soc sci indivs and groups course.			Prereq: 3501. Not open to students with credit for 645.				
1130H	Introduction to Social Work in a Contemporary Society	U	3	3503	Social Work Practice with Diverse Populations	U	3	
An introduction to the core values, fundamental goals, unique functions and methods of the social work profession.								
	Prereq: Honors standing. Not open to students with credit for 1130 (230). GE soc sci indivs and groups course.			Foundation knowledge and a social work perspective for working with diverse populations, especially those who are oppressed and marginalized.				
1140	Minority Perspectives: Race, Ethnicity, and Gender	U	3	Prereq: 3501.				
Examination of the structure of human societies, cultures, and institutions from the perspective of oppressed minority populations.								
	Prereq: Not open to students with credit for 300. GE diversity soc div in the US course.			3597	Adolescent Parenthood and Sexuality: An International Perspective	U	3	
2110	Prevention & Youth Development through Sport, Recreation, and Play	U	3	Examination of the biological, psychosocial and cultural forces that influence adolescent sexual behaviors. International comparisons will be emphasized with respect to teenage sexual trends and national policies and programs.				
Focuses on how characteristics of environmental contexts contribute to the development of social/academic/health-related problems among youth. Knowledge and skills of generalist social work practice are applied to guide the design and delivery of prevention and youth development programs in sport/recreation/play settings. There will be sports and recreational activities, so dress accordingly.								
	Prereq: Not open to students with credit for 310.			Prereq: Honors standing. Not open to students with credit for 1130 (230). GE soc sci indivs and groups course.				
3101	Professional Values and Ethics	U	3	3600	Introduction to Psychopathology and Social Work Practice	U	3	
Introduction to the NASW Code of Ethics, ethical theory, and ethical issues and dilemmas that confront professional social workers.								
	Prereq: Enrollment in SocWork major. Not open to students with credit for 690.			This course will familiarize students with the major mental disorders, offer strategies for building on clients' strengths and resilience, provide basic tools for screening and referral, and impart knowledge of the mental health delivery system and its resources.				
3201	Social and Economic Justice: Strategies for Social Work	U	3	Prereq: Jr or Sr standing in social work major, or permission of the department.				
Introduces students to social and economic justice and injustice and presents multiple strategies to pursue social justice, with a particular emphasis on the role of advocacy.								
	Prereq: Enrollment in SocWork major. Not open to students with credit for 521.			3805	Theories and Biological Basis of Addiction	U	3	
3301	Lifespan Development in Social Work	U	3	Comparative analysis of theories and models of addiction, including biological, psychological, socio-cultural, and pharmacological aspects, as well as related legal and ethical concerns.				
Students examine human development processes across the lifespan to understand human behavior.								
	Prereq: Enrollment in SocWork major. Not open to students with credit for 533 or 534.			Prereq: Soph, Jr, or Sr standing.				
3401	Research & Statistics for Understanding Social Work Problems and Diverse Populations	U	3	3806	Substance Use Screening, Assessment, Diagnosis, and Treatment Planning	U	3	
This is the first course in the BSSW program sequence preparing students to effectively work with research evidence and statistics as social work professionals. Students will develop the requisite skills and knowledge for beginning to identify, assess, and apply existing bodies of evidence to answer questions about social work problems and diverse populations.								
	Prereq: Math 1060 or 1075 or Math Placement Level R, and admission to the Social Work major. Not open to students with credit for 3401E.			The focus of this undergraduate elective course is to introduce and review concepts and current issues related to screening, assessment, diagnosis, and treatment planning for individuals with alcohol and other drug [AOD] use problems.				
3401H	Discovering Evidence	U	3	Prereq: 3805, or permission of instructor.				
Through this course honors students learn about evidence-informed practice at all intervention levels and critically examine existing bodies of evidence answering questions about problems, populations, and needs. Students will examine the interplay between theory, evidence, and the questions asked of evidence, as well as how to present evidence to constituents.								
	Prereq: Admitted to Social Work Honors program, and Jr or Sr standing.			3807	Intervention and Prevention Strategies in Substance Use	U	3	
3402	Research & Statistics for Understanding Social Work Interventions	U	3	Content includes review of the evidence base and techniques for contemporary and historical models of substance misuse prevention and intervention, including vulnerability, risk, resilience and protective factors. This course meets specified hours of chemical dependency educational content for Ohio's Licensed Chemical Dependency credentials.				
This is the second course in the BSSW program sequence preparing students to effectively work with research evidence and statistics as it applies to social work interventions at multiple levels. Students will develop the requisite skills and knowledge for beginning to identify, assess, and apply research evidence to inform and evaluate social work practices at multiple levels of intervention.								
	Prereq: 3401.			Prereq: 3805, or permission of instructor.				
3402H	Applying Evidence	U	3	3808	Group and Relationship Approaches in Substance Use Treatment	U	3	
Through this course honors students develop the requisite skills and knowledge for beginning to apply evidence to the processes of identifying and selecting social work practices at all levels of intervention. In addition to examining the interplay between theory, evidence, and practice, students will examine principles that apply to evaluating practice, programs, and policy.								
	Prereq: 3401E or 3401H.			Content includes review of the evidence base and techniques for contemporary and historical models of substance use intervention and prevention, including vulnerability, risk, resilience and protective factors. This course is designed to meet 45 hours of chemical dependency educational content for Ohio's Chemical Dependency Professional's Board credentialing.				
4188.01	Undergraduate Field Seminar	U	1	Prereq: 3805 (645). Concur: 4189. Repeatable to a maximum of 2 cr hrs.				
4188.02	Undergraduate Field Seminar	U	2	Integration of knowledge and practice; problem solving and discussion of social work practice issues, values, and ethics. Taken concurrently with field practicum.				
4189	Field Practicum	U	5	Prereq: 3502 (645). Concur: 4188.01 or 4188.02. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.				
4193	Individual Studies	U	1 - 3	Internship in a social work agency. Students integrate classroom knowledge and skills with practice experiences.				
Individual study projects in selected areas of social work and social welfare.								
	Prereq: 6 cr hrs in SocWork or related courses, and approval of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			Prereq: 6 cr hrs in SocWork or related courses, and approval of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.				
4194	Group Studies	U	1 - 3	Group study projects in selected areas of social work and social welfare.				
Prereq: Permission of instructor. Repeatable to a maximum of 3 cr hrs or 3 completions.								
4501	Generalist Practice with Families	U	3	Prereq: 3502 (645). Concur: 4188.01 or 4188.02. Repeatable to a maximum of 6 cr hrs or 6 completions.				
Application of professional values, knowledge, and skills essential for effective generalist social work practice with families.								
	Prereq: 3502 (645). Not open to students with credit for 646.			Prereq: 3502 (645). Not open to students with credit for 646.				

Social Work **401**

4502 Generalist Practice with Groups	U	3	5013 Integrative Body-Mind-Spirit	U G	2
Application of professional values, knowledge, and skills essential for effective generalist social work practice with small groups. Prereq: 3502 (645). Not open to students with credit for 646.			Introduces knowledge and skills regarding assessment and treatment techniques pertaining to a holistic approach of mind, body, and spirit treatment. Prereq: Jr, Sr, or Grad standing in SocWork, or permission of department.		
4503 Generalist Practice with Larger Systems	U	3	5014 Juvenile Delinquency and Correctional Practice in Social Work	U G	3
Application of professional values, knowledge, and skills essential for effective generalist social work practice with organizations and communities. Prereq: 4502. Not open to students with credit for 647.			Provides students with knowledge about social work with juvenile and adult offenders. Theories about criminal offending and interventions with both juveniles and adults is covered. Prereq: Not open to students with credit for 503 or 695.13.		
4996H Honors Thesis Seminar	U	3	5015 Social Work and the Law	U G	3
Through guided study, students develop knowledge and skills to develop independent research studies, culminating in preparation of proposals for knowledge building thesis projects.			The purpose of this course is to teach students the legal concepts and principles that shape social welfare policy and social work practice. In addition, the course will teach students how social research is used by the legal system to decide cases and how social activism sometimes influences the legal system. Prereq: Jr, Sr, or Grad standing. Not open to students with credit for 695.23.		
4999 Thesis Research	U	5	5016 Affirmative Social Work Practice with LGBTQ Individuals, Couples, and Families	U G	3
Non-honors thesis research. Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.			With focus on practice application, this course provides a comprehensive overview of the salient psych-social issues and life-course phenomena distinctive to the LGBTQ experience and affirmative interventions. Prereq: Sr or Grad standing in Social Work, or permission of instructor. Not open to students with credit for 715.		
4999H Engaging in Knowledge Building Research - Honors Thesis Research	U	5	5017 Social Work Practice in the Field of Intellectual/Developmental Disabilities	U G	2
Through guided group and independent study, students further develop and implement their independent social work research studies. Prereq: Honors standing, and 4996H. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.			Social work principles related to social, cultural, physical and educational/vocational issues of IDD using a lifespan perspective. Prereq: Not open to students with credit for 695.15.		
5001 Writing for Agency Practice	U G	2	5018 Interdisciplinary Case Management for Working with Underserved Populations	U G	2
Introduction to documentation skills utilized in the delivery of social work services. Prereq: Jr, Sr, or Grad standing in SocWork, or permission of department.			Provides students the opportunity to collaborate with students from other health care professions including pharmacy, health and rehabilitation sciences, nursing, medicine and social work. The students will use a problem-based learning approach to patient care in community health, focusing on populations, living in poverty, with complex healthcare needs. Prereq: Sr or Grad standing. This course is graded S/U. Cross-listed in HthRhSc 5000 and Nursing 5000.		
5002 AIDS Survey: Facts and Issues	U G	3	5020 Social Welfare and the Jewish Community	U G	1½
This course will provide a review of the physiological, global, cultural and educational issues inherent in understanding HIV disease and implications for social work practice. It will also explore the historical context of HIV and how response to the disease has evolved over the past 30 years in the United States. Prereq: Not open to students with credit for 695.17, 695.18, or 695.19.			Examines the organization, structure of Jewish communal service in the USA; Jewish culture, history, values, religious practices in relation to social service delivery and evolution; Jewish identity, minority status, and ethnicity. Other minority groups' experiences are discussed with implications for the future role of ethnic minorities in US culture and direction of social services. Prereq: Not open to students with credit for 712.		
5004 International Social Work	U G	3	5021 Summer Institute of Addiction Studies	U G	1
Examines a variety of social issues through a global perspective in order to fully appreciate the role of culturally diverse and country-specific responses to social problems. Prereq: Jr, Sr, or Grad standing in SocWork, or permission of department. Not open to students with credit for 695.08.			The Addiction Studies Institute provides students with state of the art information in working within the field of substance dependency/prevention. The goal is to provide the latest information in treatment planning, prevention, intervention, family work, wellness and recovery and current trends impacting service delivery systems.		
5005 Human Trafficking: Domestic and Global Perspectives	U G	3	5022 Social Work Interventions with Latinos	U G	3
Examines domestic and global human trafficking from a social work perspective. Prereq: Jr, Sr, or Grad standing.			Provides a comprehensive understanding of social work interventions (clinical and macro practices) with the diverse Latino population. Prereq: Jr, Sr, or Grad standing. Not open to students with credit for 301.		
5006 Sexualities, Diversity & Social Work	U G	3	5023 Family Violence: Social Work Perspectives and Interventions	U G	3
Diversity of sexual identities, beliefs, behavior, and lifestyles are explored in the context of social work's mission, values, and ethics for professional practice. Prereq: Jr, Sr, or Grad standing. Not open to students with credit for 695.20.			Introduces the fundamental knowledge and concepts for working with victims of all types of family violence. Factors that contribute to family violence and the long term consequences are emphasized. The importance of multidisciplinary teams in responding to family violence is addressed. Prereq: Soph standing or above.		
5007 Child Welfare I	U G	3	5024 Social Work Licensure Exam Strategies and Skills	U G	2
This is the first of a series of two child welfare courses designed to provide the knowledge, concepts, and tools for beginning level practice in public and private child welfare. This course focuses on interventions to protect children by strengthening, supporting, and empowering their families. Prereq: Jr standing, or above. Not open to students with credit for 695.21.			Provides instruction on test taking strategies, learning content and developing a study plan to pass the Bachelor and Clinical licensure exam. Provides students with a five volume study guide and a guarantee backed by AATBS to pass the exam. All content revised to reflect the changes in the Ohio Social Worker rules and access to multiple online practice tests in study and exam modes. Prereq: Sr or Grad standing in Social Work. This course is graded S/U.		
5008 Child Welfare II	U G	3	5025 Social Determinants of Health: An Interdisciplinary Perspective	U G	3
This is the second in a series of two child welfare courses. The first course (SocWork 5007: Child Welfare I) focuses on protecting children through strengthening and supporting their families. This course (SocWork 5008: Child Welfare II) addresses the developmental and permanence needs of children in the child welfare system. Prereq or concur: 5007. Not open to students with credit for 695.22.			Prepares students to practice in diverse health settings, with diverse populations, by providing knowledge regarding theories/frameworks related to social determinants of health and skills to apply them. Service provision for underserved populations within an interdisciplinary framework and the importance of social policy to service provision will be emphasized. Prereq: Sr, Grad or Professional standing.		
5009 Family Caregiving: Contemporary Issues, Programs, & Policies	U G	3			
Focuses on the development of knowledge and skills to address the needs of individuals providing care for an individual with a disability. Prereq: Jr, Sr, or Grad standing in SocWork, or permission of department. Not open to students with credit for 695.24.					
5011 Loss & Grief: A Social Work Practice Perspective	U G	2			
Examines the theoretical, cultural, social and personal aspects of loss and grief and introduce students to approaches and interventions with diverse populations. Prereq: Sr or Grad Standing in SocWork, or permission of department. Not open to students with credit for 714.					
5012 Social Work Approaches to Conflict Resolution	U G	2			
Introduces negotiation and mediation skills from a social work perspective to resolve conflict in work with individuals, families, groups, organizations, and communities. Prereq: Jr, Sr, or Grad standing in SocWork.					

402 Social Work

5026 Exploring Community Food Security Strategies	U G 3	6501 Engaging and Entering the Profession	G 4
Explores the complex interrelated social and environmental issues related to the food system. The development of the global food system and social, economic, health, and environmental consequences related to disparities in the food system will be discussed. Students will spend some class periods working at a food pantry, soup kitchen, produce distribution program and community garden.		Introduces students to the knowledge, skills and values needed to prepare for and engage in social work with vulnerable and oppressed populations.	
Prereq: Undergrad or Grad status in Social Work, or permission of instructor.		Prereq: Not open to students with credit for 744, 745, and 746. This course is graded S/U.	
5028 Macro-Practice in Community Youth Development	U G 3	7189 Advanced Field Practicum	G 1 - 4
Prepares students to be informed, resourceful, and proactive in addressing the complex and dynamic issues influencing youth in underserved communities. Prepares students to engage, assess, and evaluate how policy affects service delivery, and the role of macro-level social work practice in promoting positive youth development (PYD).		An internship in a social work agency where students will integrate advanced classroom knowledge and skills with practice experiences.	
Prereq: Jr, Sr, or Grad Standing.		Prereq: 6189 (789.01 or 789.02 or 789.03 or 789.04 or 789.05 or 789.06) or 7400 (or 747). Repeatable to a maximum of 8 cr hrs or 4 completions. This course is graded S/U.	
5029 SocWork Career Development	U G 1	7193 Individual Studies	G 1 - 3
This course will familiarize students with professional development tools and skills. Students will learn how to create a professional portfolio to interview, negotiate, network, and job search; to market their strengths, create a LinkedIn account, build their resume, negotiate during or after a job interview, and engage in workplace professionalism.		Individual study projects in selected areas of social work and social welfare.	
Prereq: 3502 or 6501.		Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.	
5194 Group Studies	U G 1 - 3	7194 Group Studies	G 1 - 3
Group study projects in selected areas of social work and social welfare.		Specialized topic courses in areas of social work and social welfare.	
Prereq: Permission of instructor. Repeatable to a maximum of 3 cr hrs.		Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.	
5798.01 India Study Abroad Program	U G 3	7199 Thesis Research	G 1 - 3
The course introduces undergraduate and graduate students to history, tradition, and cultural paradigms impact on the social welfare policies and practices in India, with special emphasis on socio-economic, health and mental health programs and services delivery systems.		Individual thesis research projects in selected areas of social work and social welfare.	
5798.02 Social Issues and Human Rights in Nicaragua	U G 3	Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.	
The short term study abroad program in Nicaragua will expose undergraduate and graduate students to the historical and cultural context for social issues and human rights in Nicaragua, the largest and poorest country in Central America. Students will learn about the Sandinista revolution that took place in the 1970s and the current political and development environment. GE education abroad course.		7400 Evidence in Social Work Practice	G 2
5798.03 An Exploration of Australia's Systems of Care	U G 3	Students develop knowledge, values and skills about evidence to inform practice and prepare to analyze evidence at all levels of practice.	
Course is taught in Melbourne, Australia and focuses on two systems of care in Australia: child welfare and children's mental health. Students will learn about the country's policy, research, and practices, especially in relation to Aboriginal peoples, and about Australia's use of technology. Students will reflect on differences and similarities between the US and Australian systems.		Prereq: ASAP status.	
6188 Preparing for Field Education	G 1	7401 Social Work Evaluation I	G 3
Prepares students to be active learners and leaders in field by providing an orientation to field education, policies and procedures and training on Ohio Benefits Bank, safety, mental wellness and self-care, and the importance of field education. Students will learn expectations of professional and ethical behavior and communication and how to screen and access public benefits for clients.		This is a two semester course sequence focusing on how to evaluate social work practice and programs. Over the two semesters students will learn how to design an appropriate evaluation strategy, select relevant outcome measure, collect and analyze evaluation data, and use evaluation outcomes to guide practice and policy decisions.	
Prereq: MSW I standing. Repeatable to a maximum of 3 cr hrs. This course is graded S/U.		Prereq: 6401 (770 and 771) or 7400 (770 and 771) or 8401. Not open to students with credit for 772.	
6189 Field Practicum	G 2	7402 Social Work Evaluation II	G 3
The focus in field practicum during this part of the educational program is on core social work competencies and learning activities with interrelated and interdependent human systems: individuals, families, groups, organizations, and communities.		This is a two semester course sequence focusing on how to evaluate social work practice and programs. Over the two semesters students will learn how to design an appropriate evaluation strategy, select relevant outcome measure, collect and analyze evaluation data, and use evaluation outcomes to guide practice and policy decisions.	
Prereq or concur: 6501 (744) and 6188. Repeatable to a maximum of 5 cr hrs or 3 completions. This course is graded S/U.		Prereq: 7401 or 7403. Not open to students with credit for 772 or 7404.	
6201 Social and Economic Justice	G 3	7403 Evaluating Programs and Policies	G 3
Foundation knowledge related to social justice in the context of social welfare in advancing human rights of all people.		Teaches methods for conducting social service program and policy needs assessment, process evaluation, and outcome evaluations.	
Prereq: Not open to students with credit for 720 and 721.		Prereq: 6401 (770 and 771) or 7400 (770 and 771). Not open to students with credit for 772.	
6202 Diversity and Cultural Competence	G 3	7404 Applied Program and Policy Evaluation	G 3
Conceptual framework for effective and culturally sensitive social work practice with oppressed and vulnerable populations.		MSW capstone course where students apply the knowledge and skills they have previously acquired to complete a program or policy evaluation project.	
Prereq: MSW I standing, or permission of instructor. Not open to students with credit for 709, 710, or 711.		Prereq: 7403.	
6301 Social Work Perspectives on Development and Behavior Across the Lifespan	G 3	7500 Professional Development	G 2
Examine individual and contextual development processes across the lifespan in order to understand how human behavior is impacted by risk and protective developmental factors.		Introduces ASAP student to the knowledge, skills, and values needed to prepare for and engage in the second year field practice experience.	
Prereq: Not open to students with credit for 733.		Prereq: ASAP standing. Not open to students with credit for 747.	
6302 Organizational & Community Systems	G 3	7510 Strengths-based Clinical Social Work with Individual Adults	G 3
Critically examines explanatory theory regarding the functioning of human service organizations, residential institutions, and communities with applications to social work assessment and intervention.		Focuses on using several specific clinical approaches for working with client strengths to effect change.	
Prereq: Not open to students with credit for 730.01 or 733 or 734.		Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744 or 745 or 746); or 7400 and 7500. Not open to students with credit for 741.02.	
6401 Engaging with Evidence	G 3	7511 Clinical Social Work with Children and Adolescents	G 3
Students develop knowledge, values and skills about evidence to inform practice and prepare to analyze evidence at all levels of practice.		The elements of advanced clinical social work with children and adolescents: theoretical frameworks, interviewing, diagnosis and assessment, treatment planning, practice methods, and evidenced-based interventions.	
Prereq: Not open to students with credit for 770 or 771.		Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, and 746); or 7400 and 7500. Not open to students with credit for 741.09.	
7512 Clinical Social Work with Couples and Families	G 3	7512 Clinical Social Work with Couples and Families	G 3
Course provides comprehensive introduction to several theoretical approaches to brief, strengths-based couple and family therapy with focus on practice application.		Course provides comprehensive introduction to several theoretical approaches to brief, strengths-based couple and family therapy with focus on practice application.	
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, and 746); or 7400 and 7500. Not open to students with credit for 741.03.		Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, and 746); or 7400 and 7500. Not open to students with credit for 741.03.	
7513 Clinical Social Work with Groups	G 3	7513 Clinical Social Work with Groups	G 3
Process and methods of advanced clinical social work with groups using various theoretical approaches with different types of groups and member diversity in various settings.		Process and methods of advanced clinical social work with groups using various theoretical approaches with different types of groups and member diversity in various settings.	
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744 or 745 or 746); or 7400 and 7500. Not open to students with credit for 741.05.		Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744 or 745 or 746); or 7400 and 7500. Not open to students with credit for 741.05.	

7514 Behavioral Methods in Social Work	G	3
Fundamental principles and practice of cognitive behavioral treatment (CBT) methods in social work across a variety of settings, practice problems, and client populations.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744 or 745 or 746); or 7400 and 7500.		
7515 Crisis Intervention and Trauma Treatment		
Steps for intervening with clients in crisis and effective approaches for treating clients experiencing the effects of trauma or posttraumatic stress syndrome (PTSD).	G	3
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744 or 745 or 746); or 7400 and 7500. Not open to students with credit for 741.03.		
7516 Assessment and Diagnosis in Clinical Social Work Practice	G	3
Diagnose and assess client symptoms and behavior using a formal diagnostic system such as the Diagnostic and Statistical Manual (DSM) in clinical social work practice.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744 or 745 or 746); or 7400 and 7500. Not open to students with credit for 730.02.		
7517 Social Work Practice in Schools	G	3
Prepares students to work effectively in the education setting as a licensed school social worker.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500. Not open to students with credit for 713.		
7518 Advanced Case Management	G	1½
Development of competencies in the provision of case management services to address various complex client problems.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7519 Advanced Practice in Motivational Interviewing	G	1½
Provides social work students with advanced practice skills in adopting a motivational interviewing style to help promote adolescents' and adults' intentional behavior change.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7520 Pharmacotherapy in Social Work Mental Health and Substance Abuse	G	1½
A survey of key principles, issues, and social work practice implications related to common interventions involving medications for addressing mental health and substance abuse problems.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7521 Evidence-based Substance Abuse Treatment	G	3
Examines specific evidence-informed social work practices in assessment, diagnosis, treatment, prevention, and relapse prevention with substance misuse, abuse, and dependence.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7523 Clinical SW Practice with Older Adults	G	3
Advanced clinical practice with a focus on evidenced-based treatment modalities for older persons and their families.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500. Not open to students with credit for 751.02.		
7530 Needs Assessment and Program Design	G	3
Introduces program development and design, the skills for program implementation and management, needs assessment and program design for collective decision-making in organizations, systems and communities.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500. Not open to students with credit for 742.04.		
7531 Resource Acquisition for Human Service Organizations	G	3
Offers methods of acquiring financial and material resources for human service programs through grant writing, fund raising, lobbying, and campaigns.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500. Not open to students with credit for 742.07.		
7532 Supervision and Human Resource Management	G	3
Prepares students for leadership and management in human services agencies. Students master skills in selecting and leading personnel in the context of the organizational culture.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500. Not open to students with credit for 742.02.		
7533 Financial Management	G	3
Basic knowledge and skills of financial management in nonprofit human service organizations. Financing, budgeting and accounting are covered.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500. Not open to students with credit for 742.05.		
7534 Prevention Strategies in Social Work Practice	G	1½
Examines prevention models, the evidence surrounding specific preventive interventions, and practice issues related to implementing prevention approaches.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7550 Community Practice and Development	G	3
Prepares students for social work practice in community settings including engagement, assessment, intervention, evaluation in community practice.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744 or 745 or 746); or 7400 and 7500. Not open to students with credit for 730.03.		
7551 Strategic Planning for Organizational and Community Change	G	3
Use strategic planning methods for engaging others; assessing strengths, needs, and environment; setting goals; developing plans; fostering support and partnerships; and evaluating and monitoring results.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7570 Policy Analysis and Social Legislation Process	G	3
Covers the legislative process of social welfare policy making and provides analytical skills of policy analysis to help legislators with policy choices at both state and federal government levels.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500. Not open to students with credit for 752.		
7610 Integrative Seminar I on Aging and Health	G	3
Introduces students to health, illness and geriatric social work. Theories and psychosocial implications are presented, as are experiences and outcomes for diverse populations.		
7611 Integrative Seminar II on Aging and Health	G	3
Introduces students to the critical issues, theories, and knowledge need to understand and work with older persons from an interdisciplinary perspective and at multiple levels.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7620 Integrative Seminar I on Mental Health and Substance Abuse	G	3
This course surveys: mental health practice approaches; mental health program and policy issues; mental health research and evaluation. Critical consideration is given to issues relevant to mental health and mental illness across time and stakeholder interests. Students examine public, professional, cultural, economic, and political influences on the development and delivery of mental health care.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7621 Integrative Seminar II on Mental Health and Substance Abuse	G	3
Surveys social work practice, program, and policy issues, theories, and evidence related to substance use, misuse, abuse, and dependency across the lifespan.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7630 Integrated Seminar I on Child and Youth Services	G	3
The first of two in a series, prepares students with competencies essential for working with children, youth, and families in various service settings.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7631 Integrated Seminar II on Child and Youth Services	G	3
The second of two in a series, prepares students with competencies essential for working with children, youth, and families in various service settings.		
Prereq: 7630.		
7640 Integrative Seminar I on Community and Social Justice	G	3
Focuses on multiple social systems associated with social and economic inequality. Social intervention and social work practice are critically reviewed for advancing community and social justice.		
Prereq: 6201 (720 and 721), 6301 (733), 6401 (770 and 771), and 6501 (744, 745, or 746); or 7400 and 7500.		
7641 Integrative Seminar II on Community and Social Justice	G	3
Focuses on social issues and intervention strategies at the organizational, community, and policy levels using a social structural perspective to assess social interventions and discusses alternative interventions.		
Prereq: 7640.		
7717 Interdisciplinary Perspective on Developmental Disabilities	G	3
Provides an introduction to the psychosocial, medical, and educational implications of developmental disabilities.		
Prereq: Permission of instructor. Not open to students with credit for 717.01 or 717.03. Cross-listed in HthRhSc, EducSt, Nursing, Psych, and SphHrng.		
7718 Interdisciplinary Perspective on Autism Spectrum Disorders	G	3
Teaches the analytical skills necessary to comprehend and formulate an interdisciplinary framework relating to major scientific and theoretical perspectives in autism spectrum disorders.		
Prereq: Permission of instructor. Not open to students with credit for 717.01 and 717.02. Cross-listed in HthRhSc, EducSt, Nursing, Psych, and SphHrng.		

404 Social Work

7719 Advanced Social Work Practice in Integrated Healthcare	G	3	8503 Job Search Seminar	G	3	
Focuses on practice skills and knowledge for integrated services and care to support persons with health, mental health, and substance use problems.						
8101 Research and Professional Development Seminar	G	1	Course will provide doctoral students with essential knowledge and skills for a successful academic job search. Topics include self-assessment, career planning, effective job search tools and skills, application material, interviewing, campus visits, job offers and negotiation, and transitioning to professional life.			
Provides a foundation for doctoral study in social work, emphasizing issues in translational research, standards for research and scholarship, transition from practitioner to academic. Prereq: Doctoral standing in Social Work or permission of instructor. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.						
8193 Individual Studies	G	1 - 5	8998 Research	G	1 - 12	
Independent study under the supervision of a faculty member.						
Prereq: Doct standing in SocWork. Repeatable to a maximum of 8 cr hrs or 8 completions. This course is graded S/U.						
8194 Group Studies	G	1 - 3	Research for independent project or preparation of the written candidacy examination.			
Specialized topic courses in areas of social work and social welfare.						
Prereq: Doctoral student in SocWork. Repeatable to a maximum of 9 cr hrs or 9 completions.						
8201 Knowledge Building	G	3	Prereq: Doct standing in SocWork. Repeatable to a maximum of 30 cr hrs or 10 completions. This course is progress graded (S/U).			
Examines the role of theory and elements of knowledge development for social work, social policy, and social change.						
Prereq: Doct standing. Not open to students with credit for 900.01.						
8202 Theories of Change for Social Problem Interventions	G	3	8999 Research for Dissertation	G	1 - 3	
Develops students' knowledge of theory and research concerning processes of change with individuals and larger systems, occurring with or outside of planned interventions. Not open to MSW students, but could be open to thesis master's students in other disciplines with permission of instructor.						
Prereq: Doct standing, or permission of instructor. Not open to students with credit for 900.02 or 900.03.						
8401 Foundations of Translational/Intervention Research in Social Work	G	3	Sociology			
Prepares students with basic competencies in research methods for translational and intervention research using quantitative, qualitative, and mixed methods.						
Prereq: Doct student in SocWork, or Grad standing in another field. Not open to students with credit for 901.01.						
8402 Qualitative Methods in Social Work Research	G	3	1101 Introductory Sociology	U	3	
Course reviews basic knowledge on qualitative research; the epistemologies, ontologies, and methodologies pertinent to qualitative inquiry. Paradigmatic, ethical, theoretical, historical, and political issues involved in the conceptualization and conduct of qualitative research are reviewed, with specific application to social work research.						
Prereq: Doct standing, or permission of instructor.						
8403 Methods for Translational/Intervention Research in Social Work	G	3	1101H Introduction to Sociology (Honors)			
Prepares students to apply quantitative research methods for translational and intervention research.						
Prereq: 8401 or 901.01.						
8404 Methods for Research in Context II	G	3	2194 Group Studies			
Students will develop competence in mixed qualitative and quantitative methods to study intervention adaptation and processes in social service organizations.						
Prereq: 8402 (901.02) or permission of instructor. Not open to students with credit for 902.02.						
8405 Quantitative Analysis: Special Issues and Considerations	G	3	2202 Social Problems and Public Policy			
Covers a range of quantitative methods, issues and considerations specific to social work and social sciences. Potential topics can include but are not limited to structural equation modeling, hierarchical linear modeling, measurement issues, geospatial analysis and modeling, agent-based modeling in the context of social work and social sciences inquiries.						
Prereq: Doct standing. Repeatable to a maximum of 6 cr hrs.						
8406 Analysis and Interpretation of Qualitative Data	G	3	2209 Introduction to Criminal Justice			
Introduces students to a selected group of qualitative methodologies and analysis strategies with applied focus on data analysis, interpretation, and writing up findings.						
Prereq: 8402 (901.02) or equiv.						
8501 International Social Work and Social Development	G	3	2210 Sociological Aspects of Deviance			
This course focuses on the multidimensional and dynamic local, national, regional, and international contexts and issues that help shape human welfare and social development in various parts of the globe. The course is designed to analyze theories, models, and strategies of social development in industrialized and developing countries.						
Prereq: Doct standing in SocWork, or permission of instructor. Not open to students with credit for 902.04.						
8502 Social Work Education: Pedagogy, Skills, Opportunities, and Challenges	G	3	2211S Corrections: An Inside-Out Course			
This course prepares students to assume educator roles and activities by developing knowledge and skills for effectively engaging in the development and delivery of social work education and engaging in delivering varied professional education activities.						
Prereq: Enrollment in the Doctoral Social Work program; or Grad standing, and permission of instructor.						

2330	Marriage and Society	U	3		3410H	Criminology (Honors)	U	3
	The impact of modern society and social policies on marriage forms emphasizing mate selection, cohabitation, marriage alternatives, and interactional patterns within the family.				Theories of delinquency, crime, and criminal careers; scientific aspects of crime measurement.			
	Prereq: Not open to students with credit for 330.				Prereq: Honors standing, or permission of department or instructor. Not open to students with credit for 410H.			
2340	Sex and Love in Modern Society	U	3		3430	Sociology of the Family	U	3
	How behavior and meanings relating to sex and love have changed in recent decades; what explains these changes and the consequences of these changes.				Analysis of relationships between the family and the larger society including mate selection, status of women, and patterns of husband-wife and parent-child relationships.			
	Prereq: Not open to students with credit for 340.				Prereq: Not open to students with credit for 430.			
2345	The Social Structure of American Society	U	3		3434	The Child and Society	U	3
	An exposition of the structural patterns of American society, using sociological theories and data to form an integrated perspective.				A study of the ways in which society socializes children; current breakdown in the socializing processes and implications for the school and other educational agencies.			
	Prereq: Not open to students with credit for 345. GE soc sci orgs and polities course.				Prereq: Not open to students with credit for 434.			
2367.01H	The Political Elite and Interest Groups (Honors)	U	3		3435	Sociology of Gender	U	3
	Sociological analysis of American politics and society, emphasizing political elites and interest groups, and the changing role of the state in the economy.				Analyzes multilevel processes that differentiate women and men in education, employment, and relationships. Examines variations in gendered experiences across race-ethnicity, social class, and sexuality.			
	Prereq: Honors standing, and English 1110 (110), 1111, or 111, or equivalent; or permission of department or instructor. Not open to students with credit for 367.01H. GE writing and comm: level 2 and soc sci orgs and polities course.				Prereq: Not open to students with credit for 435. GE diversity soc div in the US course.			
2367.02	Urban Social Problems	U	3		3460	Environmental Justice	U	3
	The place of the city in social organization; the emergence, nature, and problems of modern urbanism; projects based in census and field data.				Examines environmental issues from a sociological perspective, especially human causes of environmental change such as technology, population, and consumption, and social reactions.			
	Prereq: English 1110 (110) or 1111 (111) or equiv. Not open to students with credit for 367.02. GE writing and comm course: level 2 and soc sci orgs and polities course.				Prereq: Not open to students with credit for 460. GE soc sci human, nat, and econ resources course.			
2370	Social Psychology in Sociological Perspective	U	3		3463	Social Stratification: Race, Class, and Gender	U	3
	Analysis of relationships between society and the individual. Learning of motives and social roles, socialization, group organization and disorganization. Development of self and personality.				The study of social inequality with a focus on inequalities by class and status, race and ethnicity, and gender.			
	Prereq: Not open to students with credit for 370. GE soc sci indivs and groups course.				Prereq: Not open to students with credit for 463. GE soc sci human, nat, and econ resources course.			
2391	Social Organization of Communities	U	3		3463H	Social Stratification: Race, Class, and Gender (Honors)	U	3
	Development of the modern community; approaches to the study of communities; significance of processes and value systems for community organization and disorganization.				The study of social inequality with a focus on inequalities by class and status, race and ethnicity, and gender.			
	Prereq: Not open to students with credit for 391.				Prereq: Honors standing, or permission of department or instructor. Not open to students with credit for 463H. GE soc sci human, nat, and econ resources course.			
2797	Study at a Foreign Institution	U	1 - 9		3464	Work, Employment, and Society	U	3
	An opportunity for students to study at a foreign institution and receive Ohio State credit for their work. Students will pay Ohio State fees in excess of Ohio State tuition as well as all travel and subsistence costs.				Analysis of work organization; control and authority relationships in the workplace; comparative studies of work and labor movements; industrial decline; automation.			
	Prereq: Permission of department chairperson. Repeatable to a maximum of 27 cr hrs or 3 completions. This course is graded S/U.				Prereq: Not open to students with credit for 464.			
3191	Internship Program in Sociology and Criminology	U	1 - 6		3467	Sociology of Religion	U	3
	An opportunity for work experience and on-the-job learning in sociology and criminology related employment. Employment or experience through the Internship Program conducted under the supervision of the internship coordinator. Requires completion of internship learning agreement.				The social role of religious institutions and beliefs, with particular reference to the United States; the relation between religion and other aspects of society.			
	Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 3 completions. This course is graded S/U.				Prereq: Not open to students with credit for 467. GE diversity soc div in the US course.			
3200	Sociology of Immigration	U	3		3487	Research Methods in Sociology	U	3
	Provides a sociological understanding of contemporary migration both globally and with a particular focus on the U.S. The course will examine why migration occurs; how it is sustained over time; and how immigrants are incorporated into the host society. Social relations as central to understanding immigration will be a focus of the course.				Introduction to sociological research techniques, methodological approaches, and relevant quantitative procedures.			
	GE diversity soc div in the US course.				Prereq: Not open to students with credit for 487.			
3302	Technology and Global Society	U	3		3487H	Research Methods in Sociology (Honors)	U	3
	Social aspects of technology, social change, and technological development; underdevelopment and the global economy.				Introduction to sociological research techniques, methodological approaches, and relevant quantitative procedures.			
	Prereq: Not open to students with credit for Sociol 302.				Prereq: Honors standing, or permission of department or instructor. Not open to students with credit for 487H.			
3306	Sociology of Poverty	U	3		3488	Introduction to Sociological Theory	U	3
	A study of low-income peoples, especially concerning the effect of poverty on them, and their consequent social participation.				Introductory statement of the nature of sociological theory, its basic problems, assumptions, major types and orientations, and principal contributions to the discipline.			
	Prereq: Not open to students with credit for 306. GE diversity soc div in the US course.				Prereq: 3 or hrs taken at 2000-3000 level. Not open to students with credit for 488.			
3315	Sociology of Terrorism	U	3		3549	Statistics in Sociology	U	3
	Provides a broad review of the definitions, histories, types, and theories of terrorism from a sociological perspective.				An introduction to the application and interpretation of quantitative analysis in sociological research; emphasis on the description of social variables and hypothesis testing.			
	Prereq: Not open to students with credit for 315.				Prereq: Au, Sp, Su Sems. Prereq: Not open to students with credit for 549. GE data anly course.			
3380	Racial and Ethnic Relations in America	U	3		3597.01	World Problems in Global Context	U	3
	Historical and contemporary study of race and ethnicity in the U.S. with a focus on relations within and between groups.				Sociological analysis of contemporary world societies - non-industrialized, industrializing, and industrialized - with special attention to major social institutions and patterns of social change.			
	Prereq: Not open to students with credit for 2380 or 380. GE soc sci indivs and groups course.				Prereq: Not open to students with credit for 597.01. GE diversity global studies course. GE cross-disciplinary seminar course.			
3410	Criminology	U	3		3597.02	World Population Problems	U	3
	Theories of delinquency, crime, and criminal careers; scientific aspects of crime measurement.				General introduction to population studies, emphasizing how population growth and structure have caused or aggravated social problems in various countries.			
	Prereq: Not open to students with credit for 410.				Prereq: A general education quantitative reasoning course. Not open to students with credit for 597.02. GE diversity global studies and cross-disciplinary seminar course.			
3630	Medical Sociology	U	3		3630	Medical Sociology	U	3
	Sociological analysis of the distribution of disease, and the nature of health care institutions, health professions, and the delivery of health care services.				Prereq: Not open to students with credit for 630.			

406 Sociology

3798.03 Genocide and its Aftermath in Rwanda	U	3	4510 Gender, Crime, and the Criminal Justice System	U	3			
Course explores the 1994 Rwandan genocide through active learning experiences in Rwanda. Topics include: origins and causes of the genocide in Rwanda and globally; forms of violence, participants, and victims; aftermath and legal response including gacaca courts and collective memories; and human rights, development, and economic growth in Rwanda today.								
Prereq: Permission of instructor. GE education abroad course.								
4000E Social Science Business Collaborative: A Service Learning Approach	U	3	4511 Juvenile Delinquency	U	3			
Sociology 4000E is an Honors Embedded course in which students learn to develop research projects through collaboration with a local business on a service project. Uses University resources to address community issues, facilitate data collection, learn project management and present research findings in academic and applied settings and learn through improving the community.								
Prereq: Honors standing, and 1101; or permission of instructor. Repeatable to a maximum of 6 cr hrs. GE service learning course.								
4000H Social Science Business Collaborative: A Service Learning Approach	U	3	4519S Building Community Capacity: A Service Learning Approach	U	3			
Sociology 4000H is an Honors course designed to help students develop research projects through collaboration with a local business to work on a service project; link university resources to bear on community issues, facilitate data collection, learn the process of project management, present research findings in both academic and applied settings, learn through bettering the community.								
Prereq: Honors standing and 1101, or permission of instructor. Repeatable to a maximum of 6 cr hrs. GE service learning course.								
4000S Social Science Business Collaborative: A Service Learning Approach	U	3	4607 Sociological Perspectives on New Media	U	3			
Sociology 4000S is a course that helps students develop research projects through collaboration with a local business to work on a service project; link university resources to bear on community issues, facilitate data collection, learn project management, present research findings in academic and applied settings, learn through improving the community.								
Prereq: 1101, or permission of instructor. Repeatable to a maximum of 6 cr hrs. GE service learning course.								
4189.02 Fieldwork in Criminology and Criminal Justice	U	3	4609 Neighborhoods and Crime	U	3			
Practicum in criminology and/or the criminal justice system. Credit does not apply to hours in the sociology/criminology major.								
Prereq: Enrollment in Sociology or Criminology major, or permission of instructor. Not open to students with credit for 589.02. This course is graded S/U.								
4189.03 Criminal Investigation	U	3	4610 Sociology of Deviant Behavior	U	3			
Theory and practice of criminal investigation and prosecution in the U.S. Criminal Justice System with attention to: (1) the roles of the law enforcement officer, prosecutor, and court personnel; (2) familiarization with various investigative techniques; (3) the collection and preservation of physical evidence; and (4) constitutional limitations and ethical considerations.								
Prereq: Enrollment in Sociology or Criminology major, or permission of instructor. This course is graded S/U.								
4193 Individual Studies	U	1 - 6	4611 Prisons, Jails, and Community Corrections	U	3			
Individual studies.								
Prereq: 12 cr hrs in Sociol, and permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions. This course is graded S/U.								
4505 Capital Punishment in the United States	U	3	4615 Control and Prevention of Crime and Delinquency	U	3			
Examines the role of capital punishment in the contemporary United States.								
Prereq: Jr or Sr standing; or permission of instructor, or department. Not open to students with credit for 505.								
4506 Drugs and Society	U	3	4635 Men and Women in Society	U	3			
Sociological perspective on substance use. Exploration of the causes, consequences, and criminalization of substance use; consideration of race and class differences in drug enforcement; media portrayals of substance use; global perspectives on drug use and drug law.								
Prereq: Jr standing or higher, or permission of instructor.								
4507 The Criminal Justice System	U	3	4650 Undergraduate Seminar in Social Networks	U	3			
Advanced study of the role and operation of the criminal justice system: police, courts, and corrections.								
Prereq: Jr standing or above, or permission of instructor or department. Not open to students with credit for 507.								
4508 Violence	U	3						
Examines societal definitions of violence, theories that are most commonly invoked to explain violence, and research designed to critically evaluate theories of violence.								
Prereq: Jr standing or above, or permission of instructor or department. Not open to students with credit for 4670.02, 508, or 673.								
4509 Sociology of Law	U	3	4655 Sociology of Sport	U	3			
The relationship between law and social order emphasizing the structure of law, social origins of law, and law as a source of social change.								
Prereq: Jr standing or above, or permission of instructor or department. Not open to students with credit for 509.								
4998 Undergraduate Research in Sociology	U	1 - 9	4666 Power and Society	U	3			
Undergraduate research or creative activities in variable topics.								
Prereq: Permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions. This course is graded S/U.								
4999.01 Thesis Research: Sociology (Non-Honors)	U	1 - 3						
A conference-thesis course for students not enrolled in the Honors program; subject matter will vary depending upon student's topic.								
Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.								

4999.01H Honors Thesis Research: Sociology (Honors)	U	1 - 3	5194.14 Group Studies: Gender	U G	3
A conference-thesis course; subject matter will vary depending upon student's topic. At least 2 semesters are required for the degree BA with social distinction. Failure to receive a mark of S in this course is a disqualification for special honors.			Topics vary each semester offered.		
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.		
4999.02 Thesis Research: Criminology and Criminal Justice (Non-Honors)	U	1 - 3	5194.15 Group Studies: Unclassified	U G	3
A conference-thesis course for students not enrolled in the Honors program; subject matter will vary depending on student's topic.			Topics vary each semester offered.		
Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.		
4999.02H Honors Thesis Research: Criminology and Criminal Justice (Honors)	U	1 - 3	5450 Sociology of Global Health and Illness	U G	3
A conference-thesis course; subject matter will vary depending upon student's topic. At least 2 semesters are required for the degree BA with criminology distinction. Failure to receive a mark of S in this course is a disqualification for special honors.			Sociological study of health and illness from a global perspective. Topics include health, illness, and related behaviors; disease processes, correlates of diseases, global efforts to improve health, and comparative health care systems.		
Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			Prereq: Jr, Sr, Grad standing; or permission of instructor, or department. Not open to students with credit for 450. GE diversity global studies course.		
5194.01 Group Studies: Sociological Theory	U G	3	5463 Advanced Social Stratification	U G	3
Topics vary each semester offered.			In-depth theoretical and empirical questions driving the field of inequality, poverty, and social mobility in the 21st century will be explored. We will focus on class, race, and gender inequality in the US, though the course will also develop tools for understanding inequality and poverty across times and places.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Jr, Sr, or Grad standing; or permission of instructor or department.		
5194.02 Group Studies: Social Organization	U G	3	5503 Social Change in Central and Eastern Europe	U G	3
Topics vary each semester offered.			Examines and discusses various approaches to social change, focusing on Central and Eastern Europe and its transition to the post communist era. It deals with political, economic, and cultural aspects of life in the region.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: 3 cr hrs at 2000-3000 (200-400) or higher level. Not open to students with credit for 503.		
5194.03 Group Studies: Medical Sociology	U G	3	5525 Global Criminology	U G	3
Topics vary each semester offered.			Provides students an introduction to global crime from a criminal justice perspective.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Jr, Sr, Grad standing; or permission of instructor, or department. Not open to students with credit for 525.		
5194.04 Group Studies: Criminology and Criminal Justice	U G	3	5605 Sociology of Sexuality	U G	3
Topics vary each semester offered.			A social and institutional approach to the study of sexuality with a focus in sexual identities, practices, institutions, communities, and sexuality movements.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Jr, Sr, Grad standing; or permission of instructor, or department. Not open to students with credit for 605.		
5194.05 Group Studies: Sociology of Education	U G	3	5618 Sociology of Police and Policing	U G	3
Topics vary each semester offered.			Sociological understanding of the origins of routine police conduct and misconduct; representative topics include police-citizen encounters and police abuse of discretion.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Jr, Sr, or Grad standing; or permission of instructor, or department. Not open to students with credit for 618.		
5194.06 Group Studies: Race/Ethnicity/Minority Relations	U G	3	5629 Health Disparities in Social Context	U G	3
Topics vary each semester offered.			Analysis of the social determinants of health and health disparities with a focus on stratification/inequality. Includes variations in health disparities over the life course.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Jr standing or above, or permission of instructor or department. Not open to students with credit for 629.		
5194.07 Group Studies: Social Psychology	U G	3	5680 Marriage and Its Alternatives	U G	3
Topics vary each semester offered.			An in-depth look at some emerging life style patterns, such as dual-career marriages, childless marriages, single-parent families, blended families, singlehood, cohabitation, etc.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: 3 cr hrs in Sociol at 2000-3000 level or above.		
5194.08 Group Studies: The Family	U G	3	5797 Study at a Foreign Institution	U G	1 - 9
Topics vary each semester offered.			An opportunity for students to study at a foreign institution and receive Ohio State credit for that work. Students will pay Ohio State fees in excess of Ohio State tuition, as well as all travel and subsistence costs.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Permission of department chairperson. Repeatable to a maximum of 27 cr hrs or 3 completions. This course is progress graded (S/U).		
5194.09 Group Studies: Research Methodology	U G	3	6193 Individual Studies	G	1 - 12
Topics vary each semester offered.			Individual Studies. Repeatable. This course is graded S/U.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: 18 cr hrs in Sociol; or Grad standing, and permission of instructor. Repeatable to a maximum of 99 cr hrs or 99 completions. This course is graded S/U.		
5194.10 Group Studies: Urban/Community/Ecology	U G	3	6582 Sociological Theory	G	3
Topics vary each semester offered.			Analysis of classical systems and their representatives, e.g., positivistic social evolutionism (Compte, Spencer, Durkheim), historical materialism (Marx-Engels), and humanistic idealistic reactions (Toennies, Simmel, M. Weber).		
Prereq: 3 cr hrs at 2000-3000 (200-400) or higher level. Repeatable to a maximum of 9 cr hrs.			Prereq: Grad standing. Not open to students with credit for 782.		
5194.11 Group Studies: Labor Markets/Economy and Society	U G	3	6608 Qualitative Methods in Sociology	G	3
Topics vary each semester offered.			A survey of qualitative approaches to social research, including participant observation, intensive interviewing, and archival/documentary analysis.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Grad standing. Not open to students with credit for 704.		
5194.12 Group Studies: Political Sociology	U G	3	6649 Intro to Quantitative Research/Multiple Regression	G	3
Topics vary each semester offered.			Assumptions, principles, and applications of the multiple regression model in sociological practice; basic model, dummy variables, and special functional forms.		
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.			Prereq: Honors standing, and Grad standing; or permission of instructor. Not open to students with credit for 648 or 649.		
5194.13 Group Studies: Population/Demography	U G	3			
Topics vary each semester offered.					
Prereq: 3 cr hrs in Sociology at 2000-3000 (200-400) level or above. Repeatable to a maximum of 9 cr hrs.					

408 Sociology

6650 Categorical Data Analysis	G	3	7754 Introduction to Demography	G	3
Techniques of analysis for examining nominally measured dependent variables, and treatment of error structures that are heteroskedastic or correlated across cases.			An exposition of census data and vital statistics, demographic rates, life tables, cohort analysis, and similar elementary techniques and data sources in demography.		
Prereq: 6649 (649) and Grad standing, or permission of instructor. Not open to students with credit for 703.			Prereq: One course in Stat. Not open to students with credit for 754.		
6655 Sociological Research Methods	G	3	7755 Fertility	G	3
Theory and practice in essentials of the research process; comparison of alternative approaches and design models; questionnaire construction, interview techniques, and related problems.			A critical and methodological analysis of fertility, with special emphasis on the social context of reproductive behavior in American society.		
Prereq: 6649 (649) or equiv, or permission of instructor. Not open to students with credit for 651.					
6708 Design and Analysis of Qualitative Sociological Research	G	3	7756 Sociology of Immigration	G	3
Problems and techniques of non-quantitative data analysis including case studies, participant observation, field diary, autobiography, and historical records.			Theories and models of population mobility; determinants and consequences of migration and immigration processes; policy implications of cross-national and rural-urban migration.		
Prereq: 6649. Not open to students with credit for 708. Repeatable to a maximum of 10 cr hrs.			Prereq: Not open to students with credit for 756.		
6710 Design and Analysis of Sociological Research	G	3	7758 Population, Health, and Life Course	G	3
Problem formulation, hypothesis testing, argumentation from data, and writing for professional audiences; research practicum leading to a research project.			Social and demographic forces that affect well being, health, and survival.		
Prereq: Grad standing in Sociol, or permission of instructor.			Prereq: Grad standing, or permission of instructor. Not open to students with credit for 758.		
6800 Proseminar in Sociology	G	1	7760 Sociology of Conflict and Violence	G	3
Each week an area of specialization within sociology will be discussed by a professor whose major interest is in that area; provides an overview of special topics and current issues. Open only to 1st year graduate students.			Comparative analysis of the sources and impact of conflict and violence.		
Prereq: Not open to students with credit for 800. This course is progress graded (S/U).			Prereq: 10 cr hrs in Sociol, or Grad standing. Not open to students with credit for 760.		
6802 Teaching Sociology	G	2	7761 Social Stratification	G	3
Designed to prepare sociology graduate students to teach independent sections of basic sociology classes.			A survey of major theories, issues, and empirical literature on societal stratification and inequality with particular focus on the United States.		
Prereq: Grad standing in Sociol, or permission of instructor. Not open to students with credit for 802. This course is progress graded (S/U).			Prereq: Not open to students with credit for 761.		
6999 Research for Thesis	G	1 - 12	7762 Comparative Social Inequality	G	3
Research for thesis purposes only. Au and Sp Semesters Repeatable. This course is graded S/U.			Using historical and cross-national approaches, two aspects of social inequality are examined: class relations and the distribution of goods.		
Prereq: Not open to students with credit for 998. This course is graded S/U.			Prereq: Not open to students with credit for 762.		
7700 Writing and Publishing in Sociology	G	3	7780 Racial and Ethnic Differences	G	3
Designed to review the mechanics of writing and publishing in sociology and related specialty journals.			An analysis of the origin, persistence, adaptation and change of systems and racial and ethnic differentiation.		
Prereq: 6655 (651). Not open to students with credit for 700.			Prereq: Not open to students with credit for 780.		
7710 Introduction to Social Networks	G	3	7790 Social Organization of the Community	G	3
Focuses on the theoretical and methodological bases of social network analysis.			An examination of the nature, structures, processes, and trends of social organization of modern communities.		
Prereq: Grad standing, and enrollment in Comm or Sociol program; or permission of instructor. Not open to students with credit for Comm 7710. Cross-listed in Comm.			Prereq: Not open to students with credit for 790.		
7711 Sociology of Work	G	3	7806 Social Movements	G	3
A survey of selected topics in sociology of workplace relations; control, administration, leadership, and occupations; theoretical approaches to the study of workplace relations.			Explores how and why social movements arise and their impact on society.		
Prereq: Not open to students with credit for 711.			Prereq: Grad standing, or permission of instructor. Not open to students with credit for 806.		
7712 Seminar in Social Networks	G	3	7820 Sociology of Education	G	3
The theory, substance, and methods for understanding patterns, causes, and consequences of relationships among populations of actors. Sociol 6649 and 6581 recommended.			Special problems will be considered in different semesters, including urban education, student movements, bureaucratic-professional problems, school-community relations, and innovation.		
Prereq: Grad standing, and enrollment in Comm or Sociol program; or permission of instructor. Not open to students with credit for Comm 7712. Cross-listed in Comm.			Prereq: Not open to students with credit for 820.		
7718 Criminology Theory and Research	G	3	7837 Political Sociology	G	3
An advanced introduction and critical study of measurement, theory and research in criminology.			Selected topics in political sociology.		
Prereq: Grad standing or permission of instructor. Not open to students with credit for 718.			Prereq: Grad standing, or permission of instructor. Not open to students with credit for 837.		
7723 Sociology of Crime Control and Punishment	G	3	7884.01 Seminar: Sociological Theory	G	3
Theoretical survey of reactions to crime including arrest, charge, and sentencing.			Topics in sociological theory selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
Prereq: Grad standing. Not open to students with credit for 723.			Repeatable to a maximum of 12 cr hrs.		
7735 Sociology of Gender	G	3	7884.03 Seminar: Medical Sociology	G	3
An examination of current theory and research on the sociology of gender through extensive readings.			Topics in medical sociology selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 735.			Repeatable to a maximum of 12 cr hrs.		
7748 Comparative Methods in Sociology	G	3	7884.04 Seminar: Criminology and Criminal Justice	G	3
Basic review of methods of comparative analysis as used in the study of social change.			Topics in criminology and criminal justice selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
Prereq: 6655. Not open to students with credit for 748.			Repeatable to a maximum of 12 cr hrs or 4 completions.		
7753 Introduction to Demographic Analysis	G	3	7884.06 Seminar: Race/Ethnic/Minority Relations	G	3
An exposition of census data and vital statistics, demographic rates, life tables, cohort analysis, and similar elementary techniques and data sources in demography.			Topics in race/ethnic/minority relations selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
Prereq: Graduate standing, or permission of instructor with approval by Graduate School for undergraduate credit.			Repeatable to a maximum of 12 cr hrs or 4 completions.		
			7884.08 Seminar: The Family	G	3
			Topics in family studies selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
			Repeatable to a maximum of 12 cr hrs.		
			7884.09 Seminar: Research Methodology	G	1 - 3
			Topics in research methodology selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
			Repeatable to a maximum of 12 cr hrs or 4 completions.		

7884.10 Seminar: Urban/Community	G	3
Seminar on current topics in the sociological study of social and structural aspects of community and urban life.		
Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
7884.11 Seminar: Labor Markets/Economy and Society		
Topics in labor market and economy selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
Repeatable to a maximum of 12 cr hrs.		
7884.12 Seminar: Political Sociology	G	3
Topics in political sociology selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
Repeatable to a maximum of 12 cr hrs.		
7884.13 Seminar: Population/Demography	G	3
Topics in population/demography selected to give the advanced student opportunity to pursue special studies not otherwise offered.		
Repeatable to a maximum of 12 cr hrs.		
7884.14 Seminar: Gender	G	3
Topics in the sociology of gender selected to give the advanced student opportunities to pursue special studies not otherwise offered.		
Prereq: Not open to students with credit for 884.14. Repeatable to a maximum of 12 cr hrs.		
7884.15 Seminar: Unclassified	G	3
Unclassified seminar.		
Prereq: Not open to students with credit for 884.15. Repeatable to a maximum of 12 cr hrs.		
8547 Theories of Social Change	G	3
Analysis of theoretical traditions in the study of social change, and methods of constructing synthetic theories of change.		
Prereq: 6582 (782) or equiv. Not open to students with credit for 747.		
8580 Issues in Contemporary Theory	G	3
A critical examination of contemporary theory in sociology with an emphasis on individual action in the social context.		
Prereq: 6582 (782), or 6584 (784), or permission of instructor.		
8607 Causal Modeling	G	3
A survey of advanced problems in the multivariate analysis of sociological data.		
Prereq: 6649 (649). Not open to students with credit for 707.		
8632 Analysis of Longitudinal Data	G	3
Provides an introduction to event history analysis and other types of longitudinal data analysis.		
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 852.		
8651 Hierarchical Linear Models	G	3
Introduction to hierarchical linear and nonlinear models; review of three level, latent growth curve, cross-classified, and latent variable models for hierarchical data.		
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 851.		
8801 PhD Proseminar	G	1
Orientation for new PhD students in sociology.		
Prereq: Doc't standing in Sociol. Not open to students with credit for 801. This course is progress graded (S/U).		
8802 Seminar for Graduate Interdisciplinary Specialization in Demography	G	3
Core required course for students enrolled in the Graduate Interdisciplinary Specialization in Demography (GISD). Presents an introduction to demography (the study of populations) and population health.		
Prereq: Grad standing, or permission of instructor with approval by Graduate School for undergraduate credit. Repeatable up to a maximum of 12 cr hrs. Cross-listed in PubHlth.		
8888 Seminar in the American Family	G	3
An examination of relevant issues, trends, and problems with emphasis on theoretical orientations and research findings.		
Prereq: Not open to students with credit for 888.		
8999 Research For Dissertation	G	3 - 16
Research for dissertation purposes only.		
Repeatable. This course is graded S/U.		

Somali

1101 Elementary Somali I	U	4
Development of oral proficiency in Somali through basic listening, speaking, and reading skills using a competency-based curriculum. Not open to native speakers of the language through regular course enrollment.		
Prereq: Not open to students with credit for 101. This course is available for EM credit. GE for lang course.		

1102 Elementary Somali II	U	4
Continuation of 1101; further work on developing oral proficiency in Somali through basic listening, speaking, and reading skills using a competency-based curriculum. Not open to native speakers through regular course enrollment or EM credit.		
Prereq: 1101. Not open to students with credit for 101. This course is available for EM credit. GE for lang course.		

1103 Elementary Somali III	U	4
Continuation of 1102; further work on developing oral proficiency in Somali through basic listening, speaking, and reading skills using a competency-based curriculum. Not open to native speakers through regular course enrollment or EM credit.		
Prereq: 1102. Not open to students with credit for 101. This course is available for EM credit. GE for lang course.		

2201 Intermediate Somali I	U	3
Students gain enhanced proficiency in the speaking, reading, listening, and writing of the Somali language in a meaningful communicative context.		
Prereq: 1103. This course is available for EM credit.		

2241 Intermediate Somali II	U	3
Students develop skills in the ability to understand other cultures and patterns of thought and to communicate across culture, cultural ideologies, and national boundaries.		
Prereq: 2201. This course is available for EM credit.		

3301 Intermediate Somali III	U	3
Students gain a general overview of the customs and traditions of Somali speaking peoples in the Horn of Africa and the Diaspora.		
Prereq: 2241. This course is available for EM credit.		

Spanish

1101.01 Spanish I	U	4
Development of listening, reading, speaking, and writing skills in cultural contexts. Not open to native speakers of this language through regular course enrollment or EM credit or to students with 3 or more years of high school Spanish. Students with 1+ years of high school Spanish must take the MultiCAT placement exam.		
Prereq: Not open to students with credit for 102.01, 102.66, 103.01, 1101.01, 1102.01, 1155 (103.66), 1103.01 (104), or 1103.51, 2200H (104H). This course is available for EM credit. GE for lang course. FL Admis Cond course.		

1102.01 Spanish II	U	4
Further development of listening, reading, speaking, and writing skills in cultural contexts. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1101.01 or equiv. Not open to students with credit for 103.01, 103.66, 104, 1102.01, 1155, 1103.01, or 1103.51. This course is available for EM credit. GE for lang course. FL Admis Cond course.		

1103.01 Spanish III	U	4
Continuing development of listening, reading, speaking, and writing skills in cultural contexts. A grade of C- or above is required to continue to 2201.01/51 and/or 2202.01/51. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: 1102.01 (103.01) or 1155 (103.66). Not open to students with credit for 104, 104H, 2200H, 1103.51, 2201.01, 2201.51, 2202.01, or 2202.51. This course is available for EM credit. GE for lang course. FL Admis Cond course.		

1103.51 Spanish III: Individualized Instruction	U	1 - 4
Continuing development of listening, reading, speaking, and writing skills in cultural contexts. Taught in Spanish. This course is designed for Individual Instruction (I.I.). "B" average in Spanish coursework strongly recommended. Progress sequential cr hr to cr hr. 80% proficiency req for advancement. 4 cr hrs needed to move on to Spanish 2000-level. Not open to native speakers.		
Prereq: 1102.01 (103.01), 1102.30, or 1155 (103.66), or equiv. Not open to students with credit for 1103.01 (104) or 2200H (104H). Repeatable to a maximum of 4 cr hrs or 4 completions. GE for lang course. FL Admis Cond course.		

1155 Intensive Spanish for Review	U	4
Intensive beginning Spanish; emphasis on development of proficiency in listening, speaking, reading and writing in cultural contexts. Not open to native speakers of this language through regular course enrollment or EM credit, or to students with less than 3 years of high school Spanish.		
Prereq: By placement exam only. Not open to students with credit for 1101.01, 1102.01, 1103.01, 1103.51, 101.01, 102.66, 102.01, 103.66, 103.01, 104, or 111. This course is available for EM credit. GE for lang course. FL Admis Cond course.		

2150 Culture and Literature of Spain	U	3
Introduction to the principal developments of the culture of Spain through literature, art, music, film, and folklore.		
Prereq: Not open to students with credit for 150. GE cultures and ideas course. GE diversity global studies course.		

2151 Latin American Culture and Literature	U	3
Introduction to the culture of Spanish America and Brazil through literature, art, music, film, and folklore.		
Prereq: Not open to students with credit for 151. GE cultures and ideas and diversity global studies course.		

410 Spanish

2193 Individual Studies	U	1 - 9	2367S The US Experience: Hispanics, Language, and Literacy	U	3
Individual studies. Prereq: Written permission of department and additional paperwork required. Repeatable to a maximum of 60 credits or 60 completions. This course is graded S/U.					
2194 Group Studies					
Group studies. Prereq: Written permission of department is required. Repeatable. This course is graded S/U.					
2200H Honors Intermediate Spanish Language					
Intensive, intermediate Spanish for potential Spanish majors, minors, & highly-motivated students in other areas of study; emphasis on development of proficiency in listening, speaking, reading & writing & knowledge of Hispanic cultures. Upon successful completion of 2200H (104H) & the SLRPE, students & eligible to enroll in 3401 (401), 3403 (403), & 3404 (404). Not open to native speakers. Prereq: Honors standing, and 1102.01 (103.01), 1102.30, 1155 (103.66), or equiv, and GPA 3.4 or higher; or permission of instructor. Not open to students who have credit for 1103.01 or 1103.51 (104). GE for lang course. FL Admis Cond course.					
2202.01 Spanish IV	U	3	2380 Introduction to Latin American Film	U	3
Ongoing development of listening, reading, speaking, and writing skills and knowledge of Hispanic cultures. Taught in Spanish. A grade of C- or above is required to move on to Spanish 3000-level. Not open to native speakers of this language through regular course enrollment or EM credit. Prereq: 1103.01, or equiv. Not open to students with credit for 2202.51. FL Admis Cond course.					
2208.22 Andean Music Ensemble	U	½ - 1	2389 Spanish in the US: Language as Social Action	U	3
Learning to playing and performing music from Bolivia, Peru, Ecuador, Chile, Colombia and Argentina. The course explores various musical genres within the Andean region. Students study techniques and methods for playing Andean instruments and learn to sing in Spanish, Quechua and Aymara. Repeatable to a maximum of 10 cr hrs or 10 completions. Cross-listed in Music.					
2213 Spanish IV for Heritage Speakers	U	3	2504 Language, Culture & Communication in Latino Health	U	3
This course identifies & expands on Spanish heritage students' diverse identities & bilingual range through grammar review, vocabulary building, spelling and punctuation, & the development of composition skills. Listening, speaking, reading, & writing are emphasized through readings, written essays, & oral presentations. A grade of C- or above is required to move on to Spanish 3000-level. Not open to native, non-native, or non-heritage speakers of this language through regular course enrollment or EM credit. Prereq: 1103.01 or equiv., or permission of instructor. Not open to students with credit for 2202.01 or 2202.51 or equiv. This course is available for EM credit.					
2242 Introduction to Latino Studies	U	3	2506 Latin American Culture in a Business Context	U	3
Introduction to the cultures, experiences, histories and definitions of Latino peoples in the United States; taught in English. Prereq: English 1110 (110) or equiv. Not open to students with credit for 242 or CompStd 2322 (242). GE cultures and ideas and diversity soc div in the US course. Cross-listed in CompStd 2322.					
2302 Spanish Conversation	U	3	2510 Mexican Studies	U	2
Intensive practice in conversation on selected topics. Only available through transfer credit or study abroad. Prereq: 1103.01 (103.01 & 104, or 111), or 1155 (103.66), or 2200H (104H), or equivalent with a grade of C- or higher. Repeatable to a maximum of 9 cr hrs. FL Admis Cond course.					
2320 Don Quixote in Translation	U	3	2520 Latin American Literature (in Translation): Fictions and Realities	U	3
Introductory critical reading of Don Quixote in English. Prereq: Not open to students with credit for 320. GE lit and diversity global studies course.					
2321 The Spanish Don Juan Theme in the Theatre	U	3	Critical examination of modern Latin American literature (in English translation), paying close attention to its own literary and cultural traditions. Taught in English. Credit does not apply toward a major or minor in Spanish. Prereq: Not open to students with credit for 520. GE lit and diversity global studies course.		
Introduction to the Don Juan theme from its origins in Renaissance Spain, through different versions, to the 20th century. Prereq: Not open to students with credit for 321. GE lit and diversity global studies course.					
2322 Spanish Society and the Arts	U	3	2797 Topics in Foreign Study	U	1 - 9
Introduction to Spanish art and its relationship to society, from Goya to Toral: a visual approach to culture. Prereq: Not open to students with credit for 322. GE VPA and diversity global studies course.					
2330 Reinventing America	U	3	Credit from study abroad for courses not offered by department. Not applicable to Spanish Major or Minor. Prereq: Permission of departmental study abroad advisor. Repeatable.		
Introduction to visual and verbal representation of Latin American multi-ethnic cultures through literature and visual arts; emphasis on construction of American identities and nations. Prereq: Not open to students with credit for 330. GE VPA and diversity global studies course.					
2331 Caribbean Cultures	U	3	2798.11 Bolivia: Cultures and Identities	U	3
The analysis of Caribbean societies and cultures; analysis of texts to unravel the cultural processes of creolite, negritude, cannibalism. Prereq: Not open to students with credit for 331. GE cultures and ideas and diversity global studies course.					
2332 Introduction to Andean and Amazonian Cultures	U	3	This interdisciplinary course introduces students to the History, Politics, Cultures, and Identities of Bolivia. It explores its main geographical regions; the heritage and traditions of its peoples; and the different political and cultural currents within the country and its different regions. Students will be encouraged to think critically about Bolivia, the U.S. and different global forces. Prereq: 4516 or permission of instructor. GE education abroad course.		
Historical formation of contemporary societies in the Andean and Amazonian regions, including their ethnic, social, and cultural features; taught in English. Prereq: Not open to students with credit for 332. GE cultures and ideas and diversity global studies course.					
2798.30 Madrid in the World, the World in Madrid: The Spanish Capital as a Global City, Past and Present	U	3	2798.30 Madrid in the World, the World in Madrid: The Spanish Capital as a Global City, Past and Present	U	3
This interdisciplinary Global May course offered with the Office of International Affairs (OIA) introduces students to the multicultural and global history of the city of Madrid, Spain through readings and films, site visits, and lectures by local scholars and residents. Enrollment in course contingent on acceptance to the program through OIA. GE education abroad course.					
2798.80 Latin America Study Tour	U	1	This short study tour offers students the opportunity to apply and expand on what they have learned in co-requisite coursework about the language, history & culture of Latin American through guided tours and outdoor activities. Faculty-led study abroad program offered through Newark campus only. Concur: 2151 or 1103.01; or permission of instructor. Repeatable to a maximum of 2 cr hrs.		

3401 Advanced Grammar	U	3	4461 Latino Urbanism and the Reinvention of the American City	U	3
In-depth examination of difficult points of Spanish grammar; emphasis on comprehension of key grammatical concepts in the language.			Interdisciplinary course that examines a new trend of urbanism based on the urban experiences of Latinos and the study of this group's social, economic, and cultural impact on cities across the US. Taught in English. Team-taught course cross-listed in Spanish & City and Regional Planning.		
Prereq: 2200 (104H), or 2202 (250), with a grade of C- or higher. Not open to students with credit for 4532 (601), 401, or 3401H (401H). FL Admis Cond course.			Prereq: Second-level writing course, and Jr or Sr standing, or permission of instructor. Not open to students with credit for CRPlan 4461. Cross-listed in CRPlan.		
3403 Intermediate Spanish Composition	U	3	4501.51 Advanced Spanish for the Professions: STEM	U	3
Spanish prose forms and practice in writing descriptive, narrative, and expository compositions.			Provides students in STEM disciplines with background about their majors in Spanish-speaking countries; teaches culturally and linguistically appropriate presentational skills. Special project required.		
Prereq: 2200 (104H), or 2202 (250), or 3401 (401) with a grade of C- or higher. May be taken concurrently with 3401 (401). Not open to students with credit for Spanish 4603 (603), 4613 (613), 403 or to native speakers of Spanish through regular course enrollment or EM credit. FL Admis Cond course.			Prereq: Permission of department. Repeatable to a maximum of 9 cr hrs. FL Admis Cond course.		
3403H Intermediate Spanish Composition	U	3	4515 Andean Art, Culture, and Society	U	3
Spanish prose forms and practice in writing descriptive, narrative, and expository compositions.			Representations of cultural, social, and literary identities in the Andean regions in early and modern societies' daily life as embodied in maps, narratives, art, photography, autobiographical and literary texts. Not open to students with credit for Spanish 4603 (603), 4613 (613), 403 or 403H or to native speakers of Spanish through regular course enrollment or EM credit. FL Admis Cond course.			4516 The Formation of Bolivian National Cultures	U	3
3404 Spanish Pronunciation	U	3	Overview of Bolivian literatures and cultures, and how they reflect the country's identities as well as its changing social, political, and cultural realities in the process of national formation. Taught in English.		
Practice with corrective exercises; some attention to problems of teaching pronunciation.			4534 Spanish Phonology	U	3
Prereq: 2200 (104H), or 2202.01 (250.01), or 2202.51 (250.51), or 3401 (401), or 3401H (401H). All pre-requisites must be completed with a grade of C- or higher. Not open to students with credit for Spanish 4534 (604), 4534H (604H), 404. FL Admis Cond course.			Analysis of the phonological structure of Spanish and a comparison with English; practical problems of teaching pronunciation.		
3406 Intermediate Business Spanish	U	3	Prereq: A grade of C- or above in 4430 (430) or 4430H (530H). Not open to students with credit for 604 or 604H. FL Admis Cond course.		
An introduction to business Spanish with emphasis on business terminology, commercial transactions, and international procedures.			4536 Language Change in Spanish	U	3
Prereq: 3403 (403), or 3403H (403H) with a grade of C- or higher. Not open to students with credit for 406. FL Admis Cond course.			Historical development of the Spanish language, including details of phonological, morphosyntactic, and semantic changes; external history; and changes currently in progress.		
3413 Spanish for Heritage Speakers	U	3	Prereq: A grade of C- or above in 4430 (430) or 4430H (530H). Not open to students with credit for 536. FL Admis Cond course.		
Covers, reviews and practices grammatical structure through language, literature, and culture of the Hispanic world, as well as incorporate the experiences of heritage speakers in the United States. Students will produce writing in various forms & genres, including literary responses, expository essays, & short stories (narrative).			4537 Spanish Psycholinguistics	U	3
Prereq: 2200H (104H) or 2202 (250), with a grade of C- or higher. Prereq or concur: 3401 (401); or permission of instructor. Not open to students with credit for 3403 (403), 4603 (603), or 4613 (613).			Overview of child language acquisition, second language acquisition and child and adult language disorders in Spanish-speaking populations.		
3450 Introduction to the Study of Literature and Culture in Spanish: Reading Texts	U	3	Prereq: A grade of C- or above in 4430 (430) or 4430H (530H). Not open to students with credit for 537. FL Admis Cond course.		
Strategies for reading literary and cultural texts from Spain and Spanish America.			4538 Language Variation in Spanish	U	3
Prereq: A grade of C- or above in 3403, 4613, or 4603. Not open to students with credit for 450 or 3450H (450H). FL Admis Cond course.			Survey of linguistic variation across the Spanish-speaking world, including geographical and social factors.		
3450H Introduction to the Study of Literature and Culture in Spanish: Reading Texts	U	3	Prereq: A grade of C- or above in 4430 (430) or 4430H (530H). Not open to students with credit for 538. FL Admis Cond course.		
Strategies for reading literary and cultural texts from Spain and Spanish America. 3450H (450H) required of all Honors Spanish majors and minors.			4551 Spanish Golden Age Literature	U	3
Prereq: Honors standing; and a grade of C- or above in 3403, or 4613, or 4603; and GPA 3.4 or above. Not open to students with credit for 450 or 450H. FL Admis Cond course.			Introductory critical study of major literary works from the 16th and 17th centuries in Spain.		
3570 CLLC Radio	U	3	Prereq: A grade of C- or above in 3450 (450). Not open to students with credit for 551, 551H, or 551E. FL Admis Cond course.		
Student partners prepare 3 target language broadcasts, each 1 hour in length. Broadcasts stream live over the Internet, then become podcast for public use. Student "DJs" conduct target language research on radio broadcast history and at least 15 thematic topics and related music that interests them. Students choose their music and content with approval and guidelines, then produce scripts.			4551E Spanish Golden Age Literature	U	3
Prereq: Permission of instructor.			Introductory critical study of major literary works from the 16th and 17th centuries in Spain.		
4193 Individual Studies	U	1 - 9	Prereq: Honors standing; and a grade of C- or above in 3450H (450H); and GPA 3.4 or above. Not open to students with credit for 551, 551H, or 551E. FL Admis Cond course.		
Individual studies.			4552 Modern Spanish Literature	U	3
Prereq: A grade of C- or above in 3450 (450). Repeatable. This course is graded S/U.			Introductory critical study of major literary works from the 18th century to the present in Spain.		
4194 Group Studies	U	1 - 9	Prereq: Honors standing; and a grade of C- or above in 3450H (450H); and GPA 3.4 or above. Not open to students with credit for 552 or 552H. FL Admis Cond course.		
Group studies.			4552H Modern Spanish Literature	U	3
Prereq: A grade of C- or above in 3450 (450), and permission of instructor. Repeatable. This course is graded S/U. FL Admis Cond course.			Introductory critical study of major literary works from the 19th century to the present in Spain.		
4430 Introduction to Spanish Linguistics	U	3	Prereq: Honors standing; and a grade of C- or above in 3450H (450H); and GPA 3.4 or above. Not open to students with credit for 552 or 552H. FL Admis Cond course.		
Introduction to the analysis of Spanish from the perspective of modern linguistic theory.			4555 Indigenous, Colonial, & National Literatures and Cultures of Spanish America	U	3
Prereq: A grade of C- or above in 3401 (401), or 3401H (401H) and 3404 (404). Not open to students with credit for 4534 (604), 4534H (604H), 4430H (530H), or 430. FL Admis Cond course.			Introductory critical study of issues and processes in the formation of indigenous, colonial, and national expression through 19th century regional discourses.		
4430H Honors Introduction to Spanish Linguistics	U	3	Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). Not open to students with credit for 555. FL Admis Cond course.		
Introduction to the analysis of Spanish from the perspective of modern linguistic theory.			4555E Indigenous, Colonial & National Literatures and Cultures of Spanish America	U	3
Prereq: Honors standing, and a grade of C- or above in 3401 (401), or 3401H (401H) and 3404 (404), and GPA 3.4 or above. Not open to students with credit for 4534, 430, or 530H. FL Admis Cond course.			Introductory critical study of issues and processes in the formation of indigenous, colonial, and national expression through 19th century regional discourses.		

412 Spanish

4556 Modern Spanish American Literature	U	3	4581 Spanish Film	U	3			
Introductory critical study of issues and processes in Spanish American writing from Modernism through the present.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). Not open to students with credit for 556. FL Admis Cond course.								
4557.10 Introduction to Latino Literature in the U.S.	U	3	4590H Interdisciplinary Protocols: Identity and National Formation in Latin America: Perspectives from Lit	U	3			
Introductory critical study of authors, topics, and movements in Latino literature from the late 19th century to the present.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). Not open to students with credit for 557. FL Admis Cond course.								
4557.20 Introduction to Other Latino Literature in the U.S.	U	3	4595.01 Special Topics in Foreign Study	U	1 - 9			
Study of works by "other Latino" writers, that is, authors from less represented groups within the larger Latino population in the U.S. The "other Latino" writers are part of the new migratory flows between the U.S. and Latin America. Their literary production complements the Latino experience represented by Chicano, Puerto-Rican, and Cuban-American authors.								
Prereq: 3450 (450) or 3450H (450H).								
4560 Introduction to Spanish American Culture	U	3	4595.02 Special Topics in Foreign Study	U	1 - 9			
Major elements in the culture of the peoples of Spanish America.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). Not open to students with credit for 560 or 560H. FL Admis Cond course.								
4560H Introduction to Spanish American Culture	U	3	4595.03 Special Topics in Foreign Study	U	1 - 9			
Major elements in the culture of the peoples of Spanish America.								
Prereq: Honors standing; and a grade of C- or above in 3450H; and GPA 3.4 or above. Not open to students with credit for 560 or 560H. FL Admis Cond course.								
4561 Introduction to the Culture of Spain	U	3	4603 Advanced Spanish Composition	U	3			
Major developments in the culture of Spain.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). Not open to students with credit for 561 or 561H. FL Admis Cond course.								
4561H Introduction to the Culture of Spain	U	3	4606 Advanced Business Spanish	U	3			
Major developments in the culture of Spain.								
Prereq: Honors standing; and a grade of C- or above in 3450H; and GPA 3.4 or above. Not open to students with credit for 561 or 561H. FL Admis Cond course.								
4564 Spanish Culture During Francoism	U	3	4610 Contrastive Structures of Spanish and English	U	3			
Panoramic view of the culture of Spain during the dictatorship of Franco. Use of literary and filmic productions of that period as representations of the historical, social, political & economic experiences Spain lived during those years.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). FL Admis Cond course.								
4565H Latin American Indigenous Literatures and Cultures	U	3	4689S Translation and Interpreting in the Latino Community	U	3			
Introduction to continuities and transformations that link Latin American colonial indigenous texts with contemporary cultural expression.								
Prereq: Honors standing; and a grade of C- or above in 3450H; and GPA 3.4 or above. Not open to students with credit for 565H. FL Admis Cond course.								
4567 Spanish Mosaic: Catalonia, Basque Country, Galicia and Andalusia	U	3	4998 Undergraduate Research in Spanish	U	1 - 9			
Explores the fragmentation and renegotiation of Spanish cultural and political identity in tension with its peripheral "nations": Catalonia, Basque Country, Galicia, Andalusia.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). Not open to students with credit for 567 or 567H. FL Admis Cond course.								
4567H Spanish Mosaic: Catalonia, Basque Country, Galicia and Andalusia	U	3	4998H Honors Research	U	1 - 9			
Explores the fragmentation and renegotiation of Spanish cultural and political identity in tension with its peripheral "nations": Catalonia, Basque Country, Galicia, Andalusia.								
Prereq: Honors standing; and a grade of C- or above in 3450H (450H); and GPA 3.4 or above. Not open to students with credit for 567 or 567H. FL Admis Cond course.								
4568 Catalan Cultures	U	3	4999 Research for Thesis	U	1 - 9			
Critical analysis of the Catalan political history as it relates to its social and cultural history. We will address the ideological, linguistic, and political difficulties of defining Catalan cultures as separate from other cultures of other autonomous communities in the Iberian Peninsula. The course includes discussions on the current political debate surrounding Catalonia's independence.								
Prereq: 3450 (450) or 3450H (450H).								
4570 Latin Soundscapes: Musical Cultures of Latin America	U	3	4999H Honors Research	U	1 - 9			
Since colonial times, the Latin American region has produced a wealth of musical genres, styles, hybrids, & fusions that allows for exploration of relevant social, cultural, economic, and political issues. This course surveys the richness, diversity, & representation of Latin American music through selection of musical, literary, filmic, & historical texts.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H).								
4580 Latin American Film	U	3	5201 Spanish in the Health Professions					
Study of Latin American film; special attention is paid to the relationship between film and the society in which it is produced.								
Prereq: A grade of C- or above in 3450 (450) or 3450H (450H). Not open to students with credit for 580. FL Admis Cond course.								

5389 US Latino Languages and Communities
U G 3

We discuss the diversity of Latino experiences and the central role of language in the development of a "Latino" identity, as well as its role in local understandings of ethnicity, gender, and social class. Theoretical concepts include language ideologies, identity, and critical approaches to race and ethnicity. Previous coursework in Latino Studies and/or Sociolinguistics is desirable.

Prereq: 4430 (430), 4430H (430H), or equiv., or Grad standing, or permission of instructor.

5501.10 AmerIndian Languages & Cultures (Study Abroad)
U G 1 - 9

AmerIndian languages and cultures (e.g., Guarani, Aymara) offered in study abroad programs. May count toward UG Spanish or Portuguese major/minor by petition. Graduate students must consult with their Program Advisor and complete any documentation required by their program of enrollment. Course may be taught in Target Language, Spanish or English.

Prereq: Permission of department. Repeatable to a maximum of 9 cr hrs or 4 completions.

5501.20 AmerIndian Languages & Cultures (Domestic)
U G 1 - 9

AmerIndian languages and cultures (e.g., Guarani, Aymara) offered through OSU or another domestic institution. May count toward the UG Spanish or Portuguese major/minor by petition. Graduate students must consult with their Program Advisor and complete any documentation required by their program of enrollment. Course may be taught in Target Language, Spanish or English.

Prereq: Permission of department. Repeatable to a maximum of 9 cr hrs or 4 completions.

5620 Gender and Power in the Americas
U G 3

Taught in Spanish, the course focuses on the interpretation of gender and power in hemispheric Latin American and U.S. Latino/a cultural production. The seminar promotes inquiry in the areas of gender and power, performance studies, and the problems and prospects of Latinos as peoples shaped by the legacies of colonial, neoliberal, and patriarchal social orderings.

Prereq: 3450.

5630 Seminar in Spanish Linguistics
U G 3

Intensive study of major topic in Hispanic linguistics. Topics vary: e.g., the Spanish pronominal system, American Spanish dialectology, Spanish orthography. Required for students completing the Hispanic Linguistics track of the Spanish Major.

Prereq: A grade of C- or above in 4430 (430) or 4430H (530H), plus any two of: 4532 (601), 4534 (604), 4534H (604H), 4536 (536), 4537 (537), 4538 (538), 4595.01 (595), or 4610 (610). Repeatable to a maximum of 9 cr hrs. FL Admis Cond course.

5640 Globalization and Latin America: Multi-disciplinary Approaches
U G 3

Explores current debates on globalization in Latin America and recent and interrelated transformations in the economies, politics, and cultures of the region.

Prereq: A grade of C- or above in 3450 (450) or 3450H (450H), or Grad standing. Not open to students that have credit for 640 or IntStd 640. Cross-listed in IntStd.

5650 Seminar in Iberian Literatures and Cultures
U G 3

Intensive study of a major theme, author, literary, or cultural problem related to the Iberian Peninsula. Required for students completing the Iberian track of the Spanish major.

Prereq: A grade of C- or above in 3450 (450) or 3450H (450H), plus any two of: 4551 (551), 4551E (551E), 4552 (552), 4552H (552H), 4561 (561), 4561H (561H), 4564 (564), 4567 (567), 4567H (567H), 4581 (581), or 4595.02 (595). Repeatable to a maximum of 9 cr hrs. FL Admis Cond course.

5660 Seminar in Latin American Literatures and Cultures
U G 3

Intensive study of a major theme, author, literary or cultural problem related to Latin America. Required for students completing the Latin American track of the Spanish major.

Prereq: A grade of C- or above in 3450 (450) or 3450H (450H), plus any two of: 4555 (555), 4555E (555E), 4556 (556), 4557 (557), 4560 (560), 4560H (560H), 4565H (565H), 4580 (580), 4590H (590H), 4595.03 (595), or 5640 (640). Repeatable to a maximum of 9 cr hrs. FL Admis Cond course.

5680.03 Honors Seminar in Latin American Literatures and Cultures
U G 3

Intensive study of topics in Latin American literatures and cultures with an emphasis on developing research skills; topic varies.

Prereq: Honors standing, and a grade of C- or above in 3450H, and a grade of C- or above in any two of the following: 4555 (555), 4555E (555E), 4556 (556), 4557 (557), 4560 (560), 4560H (560H), 4565H (565H), 4580 (580), 4590H (590H), 4595.03 (595), or 5640 (640), and a GPA 3.4 or above. Repeatable to a maximum of 9 cr hrs. FL Admis Cond course.

5689S Spanish in Ohio: An Experiential Course
U G 3

Interaction with Hispanic communities in Ohio; intensive & extensive practice with Spanish as spoken by native speakers from the U.S. & abroad. Not open to native speakers of Spanish unless their secondary education was completed in the United States.

Prereq: Any course at the Spanish 4000-level (500-level) in Literatures and Cultures taught in the Spanish language, or permission of instructor. Not open to students with credit for 689. FL Admis Cond course.

5797 Study at a Foreign Institution
U G 1 - 9

An opportunity for students to study at a foreign institution and receive Ohio State credit for that work.

Prereq: Not open to students with credit for 697. Repeatable. This course is progress graded.

6700 Introduction to Literary and Cultural Analysis
G 3

Introduction to literary and cultural theory and methods of analysis; emphasis on the study and articulation of critical concepts. Intended for beginning graduate students; may be taken by advanced undergraduates with permission of instructor.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 702.

6705 Introduction to Latino Studies
G 4

Introduces graduate students to the broad themes, concepts, and questions raised in the interdisciplinary field of Latina/Latino studies.

Prereq: Grad standing, or permission of instructor and approved petition to the Graduate School. Not open to students with credit for 705, ArtsSci 705, or CompStd 6425 (705). Cross-listed in CompStd 6425.

7193 MA Exam Preparation
G 1 - 9

Independent study to prepare for an upcoming MA examination.

Prereq: Permission of instructor. Repeatable. This course is progress graded (S/U).

7320 Spanish Syntax and Semantics
G 3

Introduction to structural and semantic characteristics of Spanish in light of recent theoretical frameworks in linguistics.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 732.

7340 Spanish Phonology and Morphology
G 3

Introduction to phonological and morphological characteristics of Spanish in light of recent theoretical frameworks in linguistics.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 734.

7360 History of the Spanish Language
G 3

Basic concepts of historical linguistics: the major factors of change in the history of the Spanish language from Latin to the present.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 736.

7380 Spanish Sociolinguistics
G 3

Introduction to the analysis of linguistic and social factors which contribute to variation in modern Spanish.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 738.

7410 Mapping Medieval and Renaissance Iberian Literatures and Cultures
G 3

Study of significant socio-cultural moments, issues, problematics, and concepts in Iberian literatures and cultures from the medieval period to the 18th century.

Prereq: Grad standing, or permission of instructor.

7430 Mapping Modern and Contemporary Iberian Literatures and Cultures
G 3

Study of significant socio-cultural moments, issues, problematics, and concepts in Iberian literatures and cultures from the 18th century to the contemporary period.

Prereq: Grad standing, or permission of instructor.

7450 Mapping Indigenous, Colonial, and 19th-Century Latin American Literatures and Cultures
G 3

Study of significant socio-cultural moments, issues, problematics, and concepts in Latin American literatures and cultures from the pre-colonial to the national period.

Prereq: Grad standing, or permission of instructor.

7470 Mapping Modern and Contemporary Latin American Literatures and Cultures
G 3

Study of significant socio-cultural moments, issues, problematics, and concepts in Latin American literatures and cultures from the late 19th century to the contemporary period.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 760.

7510 Studies in Medieval Iberia
G 3

In-depth study of a major topic or problem in Medieval Iberia.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.

7520 Studies in Renaissance and Baroque Iberia
G 3

In-depth study of a major topic or problem in 16th- and 17th-century Iberian literatures and cultures.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.

7530 Studies in Modern Iberian Literatures and Cultures
G 3

In-depth study of a major topic or problem in 18th- to 20th-century Iberian literatures and cultures.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.

7540 Studies in Contemporary Iberian Literatures and Cultures
G 3

In-depth study of a major topic or problem in 20th- and 21st-century Iberian literatures and cultures.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.

7550 Studies in Indigenous and Colonial Latin American Literatures and Cultures
G 3

In-depth study of a major topic or problem in indigenous and colonial Latin American literatures and cultures.

Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.

414 Spanish

7560	Studies in Independence and 19th-Century Latin American Literatures and Cultures	G	3	8330	Studies in Spanish Synchronic Linguistics	G	3
In-depth study of a major topic or problem in Latin American literatures and cultures of the independence period and the 19th century.

	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.				8360	Studies in Spanish Historical Linguistics	G
7595	Comparative Topics in Luso-Hispanic Literature and Culture	G	3			3	
In-depth study of a major topic comparing the literatures and cultures of the Portuguese- and Spanish-speaking worlds.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.				Study of selected problems of Old Spanish linguistic description and diachronic evolution of Spanish.		
7650	Topics in Latin American Cultures	G	3		Prereq: 7360 (736), or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
Analysis of Latin American culture through the study of selected topics in literature, film, and the arts; topics vary.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 9 cr hrs.				8370	Studies in Spanish Psycholinguistics	G
7660	Topics in Iberian Cultures	G	3			3	
Analysis of Iberian cultures through the study of selected topics in literature, film, and the arts; topics vary.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 9 cr hrs.				Studies in child language acquisition, second language acquisition and child and adult language disorders in Spanish-speaking populations.		
7780.22	Andean Music Ensemble	G	½ - 1		Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
In this course students learn to play and perform music from Bolivia, Peru, Ecuador, Chile, Colombia and Argentina. The course explores various musical genres within the Andean region. Students study techniques and methods for playing Andean instruments and learn to sing in Spanish, Quechua and Aymara.							
	Repeatable to a maximum of 10 cr hrs or 10 completions. Cross-listed in Music.				8380	Studies in Spanish Sociolinguistics	G
7800	Latin American Film	G	3			3	
Study of Latin American film focusing on historical periods, dominant genres, distinguished directors, and relation of film to larger social, cultural and political dynamics.							
	Prereq: Grad standing, or permission of instructor. Not open to students with credit for 780.				Study of selected topics in Spanish sociolinguistics, for example: syntactic variation, discourse analysis.		
7801	College Teaching of Spanish and Portuguese	G	3		Prereq: 7380 (738), or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
Methods and techniques for teaching Spanish and Portuguese language at the college level. Three-week intensive workshop prior to beginning of semester followed by a 2-hr seminar during semester. Course does not count towards degree.							
	Prereq: Teaching associate in Spanish and Portuguese, or permission of instructor. Not open to students with credit for 801 or 6801.				8390	Seminar in Spanish Linguistics	G
7810	Spanish Film	G	3			3	
Study of Spanish film focusing on historical periods, dominant genres, distinguished directors, and relation of film to larger social, cultural, and political dynamics.							
	Prereq: Grad standing, or permission of instructor.				Collaborative investigation of specific problems in Spanish linguistics (synchronic and historical, formal, and applied topics). Individual topics not repeatable.		
7880	Interdepartmental Studies	G	1 - 3		Prereq: 8330 (833) or 8360 (836), or permission of instructor. Repeatable to a maximum of 12 cr hrs.		
Two or more departments present colloquia on subjects of mutual interest; topics to be announced.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 9 cr hrs or 9 completions.				8510	Seminar in Medieval Iberia	G
8193.01	Individual Studies	G	1 - 9			3	
Independent Study of a focused problem or topic in the various fields of Iberian and Latin American literatures and cultures and Hispanic Linguistics.							
	Prereq: Permission of instructor. Repeatable. This course is progress graded (S/U).				Detailed exploration of advanced issues in Medieval Iberia.		
8193.02	PhD Exam Preparation	G	1 - 9		Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.		
Independent study to prepare for an upcoming PhD examination.							
	Prereq: Permission of instructor. Repeatable. This course is graded S/U.				8520	Seminar in Renaissance and Baroque Iberia	G
8194	Group Studies	G	1 - 9			3	
Group study of a focused problem and topic in the various fields of Iberian and Latin American literatures and cultures and Hispanic Linguistics.							
	Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 18 completions. This course is graded S/U.				Detailed exploration of advanced issues in 16th- and 17th-century Iberian literatures and cultures.		
8320	Studies in Synchronic Spanish Syntax, Semantics and Pragmatics	G	3		Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.		
Investigation of theoretical concepts in syntax, semantics, and pragmatics and how they have been applied to the analysis of the Spanish language.							
	Prereq: 7320 (732), or permission of instructor. Repeatable to a maximum of 12 cr hrs.				8530	Seminar in Modern Iberian Literatures and Cultures	G
						3	
Detailed exploration of advanced issues in Iberian literatures and cultures of the 18th to 20th centuries.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.				8540	Seminar in Contemporary Iberian Literatures and Cultures	G
						3	
Detailed exploration of advanced issues in 20th- and 21st-century Iberian literatures and cultures.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.				8550	Seminar in Indigenous and Colonial Latin American Literatures and Cultures	G
						3	
Detailed exploration of advanced issues in indigenous and colonial Latin American literatures and cultures.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.				8560	Seminar in Independence and 19th-Century Latin American Literatures and Cultures	G
						3	
Detailed exploration of advanced issues in Latin American literatures and cultures of the independence period and the 19th century.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.				8570	Seminar in Modern Latin American Literatures and Cultures	G
						3	
Detailed exploration of advanced issues in Latin American literatures and cultures of the modern period from approximately 1880 to 1950.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.				8580	Seminar in Contemporary Latin American Literatures and Cultures	G
						3	
Detailed exploration of advanced issues in contemporary Latin American literatures and cultures.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.				8590	Seminar in Comparative Spanish and Spanish American Literature and Culture	G
						3	
Detailed exploration of advanced issues comparing Spanish and Spanish American literatures.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.				8595	Seminar in Comparative Luso-Hispanic Literature and Culture	G
						3	
Detailed exploration of advanced issues comparing the literatures and cultures of the Portuguese- and Spanish-speaking worlds.							
	Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 18 cr hrs.						

8650 Seminar in Latin American Cultures	G	3	4420 Anatomy, Physiology and Science of Speech	U	3
Intensive exploration of a cultural period, topic, or problem; topic varies. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.			Anatomy and physiology of the structures involved in speech production and the acoustic characteristics of speech sounds. Prereq: 3320 (320), or equiv course in Phonetics, and Biology 101, 102, 113, 114, 115H, or 116H. Not open to students with credit for 420.		
8660 Seminar in Iberian Cultures	G	3	4430 Introduction to Language Science and Language Disorders	U	3
Intensive exploration of a cultural period, topic or problem; topic varies. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.			Foundational to understanding normal/disordered language development or language altered by neurological disorders is the structure of language and associated cognitive processes. This course will associate the structure of language to principles in the assessment of language/disorders and treatment of language disorders, developmental and acquired, across the life span. Prereq: 2230 (230) or 3330 (330) or equiv, or permission of instructor.		
8780 Research Methods and Design	G	3	4440 Anatomy, Physiology, and Science of Hearing	U	3
Introduction to research methods and design in Iberian and Latin American literatures and cultures. Required course for Literature and Culture PhD programs. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 803.			The anatomical properties and physiological processes of the system of hearing and balance in humans and the stimulus processing capabilities of the normal auditory system. Prereq: 3340 (340) or equiv, and Biology 1101 (101), 1102 (102), 1113 (113), or 1114 (114); or permission of instructor. Not open to students with credit for 440.		
8800 Seminar in Literary and Cultural Theory	G	3	4510 Disability Studies in Context	U	3
Intensive study of special topics in literary and/or cultural theory with attention to their relationship to Iberian and Latin American literatures and cultures. Prereq: Grad standing, or permission of instructor. Repeatable to a maximum of 12 cr hrs.			The history, nature, meaning, and consequences of disability from the differing viewpoints of a range of academic disciplines and professions. Prereq: Not open to students with credit for 510.		
8890 Publication Workshop	G	3	4520 Introduction to Clinical Methods in Speech-Language Pathology	U	3
Revision and expansion of a seminar paper for potential publication in an academic journal, based on feedback from instructor and classmates. This course is progress graded (S/U).			Etiology, appraisal, and management of disorders of speech and language in children and adults. Prereq: 3320, 3330, and 4420, or equiv, or permission of instructor.		
8893 Hispanic Linguistics Colloquium	G	1	4530 Introduction to Autism	U	3
Forum for presentation of research in Hispanic linguistics; introduction to professional issues in workshop format. Repeatable to a maximum of 15 cr hrs. This course is progress graded (S/U).			This course provides an overview of the identification and diagnosis of autism, scientific perspectives on etiology, and the neurobiological underpinnings of autism, as well as treatment components of autism.		
8894 Literatures and Cultures Colloquium	G	1	4540 Introduction to Audiology	U	3
Forum for presentation of research in Iberian and Latin American literatures and cultures; introduction to professional issues in workshop format. Repeatable to a maximum of 15 cr hrs. This course is progress graded (S/U).			The nature, causes, identification, and rehabilitative treatment of persons with hearing disorders. Prereq: 4440 (440), or equiv. Not open to students with credit for 540.		
8999 Research for Dissertation	G	1 - 9	4999 Baccalaureate Research and Thesis	U	2 - 10
Research for dissertation purposes only. Repeatable to a maximum of 99 cr hrs. This course is progress graded (S/U).			A program of directed independent study for the academically strong student with an interest in research and the desire to complete a thesis. Prereq: GPA 3.4 or above in SphHrng, and Jr or Sr standing, and permission of the instructor. Not open to students with maximum cr hrs in 4999H or 783H. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.		

Speech and Hearing Science

2194 Group Studies	U	1 - 3	4999H Honors Research and Thesis	U	2 - 10
Designed to give groups of students an opportunity to pursue special studies not otherwise offered. Prereq: Permission of instructor. Not open to students with 5 cr hrs of 294. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.			A program of independent study for the student with special aptitudes; individual conferences and reports, leading to the completion of the Honors thesis. Prereq: SphHrng GPA 3.4 or above, Sr. standing, permission of the instructor and permission of the ASC Honors Committee. Not open to students with 15 qtr or hrs in 783H. Repeatable to a maximum of 10 or hrs or 5 completions. This course is graded S/U.		
2230 Introduction to Communication and Its Disorders	U	3	5193 Individual Studies	U G	1 - 3
Survey of the topics, methodologies, and applications of speech and hearing science in normal and aberrant communication; lectures and readings. Prereq: Not open to students with credit for 230.			Conference, library, and laboratory work. Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.		
3320 Principles of Phonetics	U	3	5605 Multicultural Aspects of Communication	U G	3
Provides articulatory and acoustic descriptions of speech sounds and a comparative study of phonetic transcription systems. Prereq: Not open to students with credit for 320.			Examination of normal communicative behavior, including development, and the assessment and management of speech-language-hearing disorders of culturally and linguistically diverse populations. Prereq: 3330 (330), Ling 3601 (303), or 3602 (372), or equiv, or permission of instructor. Not open to students with credit for 605.		
3330 Language Acquisition	U	3	5714 Introduction to Sign Language	U G	3
Introduction to language acquisition in normal children. Prereq: Not open to students with credit for 330 or 430. GE soc sci indivs and groups course.			Introductory course in manual sign language systems. Prereq: Not open to students with credit for 714.		
3330H Language Acquisition	U	3	5732 Introduction to Aural Rehabilitation I	U G	3
Introduction to language acquisition in normal children. Prereq: Honors standing or permission of instructor. Not open to students with credit for 3330 (330), 330H, or 430. GE soc sci indivs and groups course.			Assessment and management of communication disorders associated with hearing loss. Prereq: 4540 (540), or permission of instructor. Not open to students with credit for 734.		
3340 Introduction to the Art and Science of Sound	U	3	5741 Voice Disorders and Cleft Palate	U G	3
Designed to teach the basic principles of acoustics to undergraduate students in the Arts and Sciences who have had little previous experience with math or biological and physical sciences. The student should gain an appreciation of the concepts underlying the generation, transmission and measurement of sound waves traveling through air. Prereq: Not open to students with credit for 340.			Advanced studies of anatomy and physiology of the vocal tract with clinical emphasis on assessment and treatment of voice disorders, laryngectomy, and cleft lip and/or palate. Prereq: Grad standing in SphHrng or permission of instructor. Not open to students with credit for 741.		
3350 Speech-Language Communication Across the Life Span: Issues and Problems in Our Communities	U	3	5760 Neurology of the Speech and Hearing Mechanism	U G	3
Exploration of the development of communication skills throughout the life span and the consequences of communication disorders for individuals, their families, and their communities. Prereq: Not open to students with credit for 350. GE soc sci indivs and groups course.			Introduction to neuroanatomy and neuroscience for undergraduates in the Speech and Hearing Science major or those planning to apply for graduate school in speech-language pathology or audiology. The course includes discussion of the sensory and motor nervous systems at the cellular and system levels. Prereq: Biology 1101 (101) or above. Not open to students with credit for 765.		
3360 Observation in Speech-Language Pathology and Audiology	U	3			
Observation in appraisal and treatment of communication disorders. Prereq: 2230 (230). Not open to students with credit for 360. This course is graded S/U.					

416 Speech and Hearing Science

5785 Research Methods I	U G 3	6735 Hearing Aids I	G 3
Introduction to research design and data analysis for the hearing and speech sciences. Prereq: Grad standing or permission of instructor. Not open to students with credit for 785.			
5891 Proseminar in Cognitive Science	U G 2	6740 Fluency: Theory and Treatment	G 3
Provides an in-depth examination of cognitive science from an interdisciplinary perspective. Prereq: Permission of instructor. Repeatable to a maximum of 4 cr hrs. Cross-listed in CSE, Ling, Philos, and Psych.			
6143 Professional Issues I	G 2	6742.01 Clinical Seminar in Speech and Language Disorders I: Fundamentals of Treatment Designs	G 3
Consideration is given to the audiology scope of practice, health privacy issues, and the role of professional organizations. Prereq: Requires acceptance in AuD program. First year AuD students only. Not open to students with credit for 643.01. This course is graded S/U.			
6150 The SLPs Role Working with Individuals with Autism	G 3	6742.02 Clinical Methods in Speech Language Disorders: Specialized Topics in Treatment Designs	G 3
This course is designed to provide students with knowledge in the area of autism by integrating research results with clinical practice. Implications for assessment and treatment for individuals with autism will be discussed. Prereq: Grad standing, and coursework in language development, or permission of instructor.			
6170 Clinical and Educational Methods in the Schools	G 2	6742.03 Clinical Methods in Speech and Language Disorders: Advanced Topics	G 1
Models, strategies, methodologies, and curriculum involved in planning, implementing, and evaluating team-based instruction for students with communication, language, and learning disabilities. Prereq: Grad standing in SphHrng; or permission of instructor. Not open to students with credit for 670.			
6189 Field Experience in the Schools	G 4 - 8	6761 Cognitive Communication Disorders in Adults	G 3
Major practicum experience for students pursuing certification to practice speech/language pathology in schools. Prereq: Grad standing in SphHrng, and permission of instructor. Repeatable to a maximum of 8 cr hrs or 2 completions. This course is graded S/U.			
6194 Group Studies	G 1 - 2	6762 Language Disorders in Adults	G 3
Designed to give groups of students an opportunity to pursue advanced studies not otherwise offered. Prereq: Permission of instructor. Repeatable to a maximum of 7 cr hrs or 7 completions. This course is graded S/U.			
6243 Professional Issues II	G 2	6763 Motor Speech Disorders	G 3
Discussion centers on ethical practices and licensure issues in audiology. Issues related to counseling, voluntary credentials, and professional advocacy are considered. Prereq: Requires acceptance in AuD program. Not open to students with credit for 643.02. This course is graded S/U.			
6705 Audiologic Assessment I	G 3	6764 Evaluation and Treatment of Dysphagia in Adults and Children	G 3
Detailed treatment of the theoretical and practical aspects of standard audiologic assessment. Prereq: Not open to students with credit for 705.			
6706 Audiologic Assessment II	G 3	6766 Acoustics and Instrumentation	G 3
Detailed treatment of the theoretical and practical aspects of the physiologic evaluation of the auditory system using immittance and otoacoustic emissions. Prereq: 6705 (705). Not open to students with credit for 706.			
6707 Audiologic Assessment III	G 3	6775 Anatomy and Physiology of the Auditory System	G 4
Study of the techniques involved in the administration and interpretation of electronystagmography, rotation, and posturography assessments. Prereq: 6706 (706). Not open to students with credit for 750.			
6708 Audiologic Assessment IV	G 3	The structure, function, and stimulus processing capacities of the ear and central auditory pathways as they relate to performance on tests of auditory function in normal and impaired listeners. Prereq: Not open to students with credit for 775.	
6710 Speech Sound Disorders in Children	G 3	6786 Statistics in Speech and Hearing Science	G 3
Approaches to understanding the nature and clinical management, especially assessment and treatment, of speech sound disorders in children and youth. Prereq: Grad standing in Speech and Hearing Science, or permission of instructor. Not open to students with credit for 710.			
6725 Language Acquisition and Early Intervention in Language Delay	G 3	6843 Practicum in Audiology	G 3
Development of language in children with an emphasis on the interaction between the development of language and cognition with implications for delay. The emphasis is on children aged zero to five years. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 725.			
6726 Child Language Disorders: Assessment	G 3	Students are placed in local audiology clinics to put into practice skills learned in the classroom. Prereq: Successful completion of AuD qualifying examination. Repeatable to a maximum of 30 cr hrs or 10 completions. This course is graded S/U.	
Assessment and treatment of language disorders in preschool and school-aged children; both norm-referenced and criterion-referenced. The emphasis is on school-aged children. Prereq: 6725 (725). Not open to students with credit for 726.			
6733 Adult Audiologic Rehabilitation	G 3	6844 Practicum in Communication Disorders	G 1 - 2
The impact of hearing loss on social, vocational, and psychological well-being. Treatment options and measures of treatment outcome. Prereq: Not open to students with credit for 733.			

6850 Advanced Hearing Science

G 4

This course is designed to provide beginning graduate students with an understanding of the measurement of stimuli and responses commonly used in clinical and experimental hearing testing.

Prereq: Grad standing; or permission of instructor, and approved petition to the Graduate School. Not open to students with credit for 6766 or 6858.

6858 Introduction to Auditory Neuroscience

G 3

Theoretical concepts and psychophysical data relative to hearing and related laboratory experiments.

Prereq: Not open to students with credit for 858 or 5858.

6860 Augmentative Communication

G 3

This lecture course is designed to provide students with knowledge in the areas of augmentative communication/augmentative & alternative communication (AAC). The course will explore the assessment and management of people requiring augmentative communication secondary to a variety of diagnoses.

Prereq: 6725, Grad standing, or permission of instructor.

7143 Clinical Seminar in Hearing Disorders: Hearing Aid Applications

G 1

Readings and discussion of topics pertinent to the assessment and treatment of hearing disorders.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 743. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.

7193 Directed Doctoral Studies

G 1 - 6

Directed, individualized areas of study for doctoral students in either the laboratory or clinical research tracks; conference, library, clinic and/or laboratory involvement.

Prereq: Doctoral standing in SphHrng, or permission of instructor. Repeatable to a maximum of 30 cr hrs or 20 completions. This course is graded S/U.

7243 Clinical Seminar in Hearing Disorders: Ethics & Evidence Based Practice

G 1

Readings and discussion of topics pertinent to the assessment and treatment of hearing disorders.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 743. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.

7343 Clinical Seminar in Hearing Disorders: Counseling and Report Writing

G 1

Readings and discussion of topics pertinent to the assessment and treatment of hearing disorders.

Prereq: Grad standing; or permission of instructor. Repeatable to a maximum of 2 cr hrs or 2 completions. This course is graded S/U. Not open to students with credit for 743.

7717 Interdisciplinary Perspective on Developmental Disabilities

G 3

Provides an introduction to the psychosocial, medical, and educational implications of developmental disabilities.

Prereq: Permission of instructor. Not open to students with credit for 717.01 or 717.03. Cross-listed in HthRhSc, EducSt, SocWork, Nursing, and Psych.

7718 Interdisciplinary Perspective on Autism Spectrum Disorders

G 3

Teaches the analytical skills necessary to comprehend and formulate an interdisciplinary framework relating to major scientific and theoretical perspectives in autism spectrum disorders.

Prereq: Permission of instructor. Not open to students with credit for 717.01 and 717.02. Cross-listed in HthRhSc, EducSt, SocWork, Nursing, and Psych.

7742 Advanced Clinical Seminar in Speech and Language Disorders

G 1

Readings and discussion of topics pertinent to the assessment and treatment of speech and language disorders and to preparation for the professional life in Speech-Language Pathology. Prereq: 2 or more sem cr hrs in 6742, or 3 or more qtr cr hrs in 744; and Grad standing in SphHrng. Not open to students with 9 or more qtr cr hrs in 744. Repeatable to a maximum of 5 cr hrs. This course is graded S/U.

7805 Pediatric Audiology I

G 3

Etiology and assessment of hearing loss in children.

Prereq: 6707 or 707. Not open to students with credit for 805.

7806 Adult Hearing Disorders

G 3

The nature, diagnosis, and treatment recommendations of adult hearing disorders.

Prereq: 5705, 6706, 6707, or equiv. Not open to students with credit for 806.

7807 Pediatric Audiology II

G 4

The aural rehabilitation process in children, educational policy for children with hearing loss, and assessment and treatment of children with central auditory processing disorders.

Prereq: 6735, 7805, 7835. Not open to students with credit for 807.

7820 Acoustic Phonetics

G 3

An introduction to the acoustic characteristics of human speech sounds, the acoustic theory of speech production, and spectrographic analysis.

Prereq: Grad standing in Speech and Hearing Science, or permission of instructor. Not open to students with credit for 820.

7825 Speech Perception in the Normal and Impaired Ear

G 3

This course is a graduate seminar-format course in speech and hearing science. We will discuss the auditory processing of speech sounds and examine the ramifications of hearing loss and cochlear implantation on this processing.

Prereq: Grad standing in SphHrng, or permission of instructor. Not open to students with credit for 820.

7835 Hearing Aids II

G 3

The selection and fitting of amplification devices and the verification of patient outcomes.

Prereq: 6735. Not open to students with credit for 835.

7843 Advanced Practicum in Audiology

G 3

Students are placed in local audiology clinics, medical practices, and medical centers to put into practice skills learned in the classroom.

Prereq: Satisfactory completion of second year of AuD program. Repeatable to a maximum of 6 cr hrs or 2 completions. This course is graded S/U.

7844 Advanced Practicum in Communication Disorders

G 4

Advanced practicum with children and adults who have speech, language, or hearing problems.

Prereq: Grad standing in SphHrng. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.

7891 Clinical Seminar in Hearing Disorders: Resumes & Interviewing

G 1

Readings and discussion of topics pertinent to the assessment and treatment of hearing disorders with particular emphasis on preparing for professional practice.

Prereq: Grad standing; or permission of instructor. This course is graded S/U. Not open to students with credit for 743.

7999 Research in Speech and Hearing Science: Thesis

G 1 - 12

Research for thesis purposes only.

Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 6 completions. This course is graded S/U.

8193 Directed Doctoral Studies

G 1 - 6

Directed, individualized areas of study for doctoral students in either the laboratory or clinical research tracks; conference, library, clinic, and/or laboratory involvement.

Prereq: Doctoral standing in SphHrng, or permission of instructor. Repeatable to a maximum of 30 cr hrs or 10 completions. This course is graded S/U.

8900 Doctoral Proseminar in Speech and Hearing Science

G 1

Advanced studies in speech and hearing science to acquaint doctoral students with departmental research, to pose possible dissertation topics, and to improve research/design skills.

Prereq: Doctoral standing and permission of instructor. Repeatable to a maximum of 4 cr hrs or 4 completions. This course is graded S/U.

8931 Cochlear Implants

G 2

Cochlear implant components and functions. Patient candidacy, implant programming, and rehabilitation procedures.

Prereq: Grad standing; or permission of instructor. Not open to students with credit for 930.01

8933 Tinnitus

G 2

Potential physiologic causes of tinnitus and hyperacusis; options for assessment and treatment of the disorders.

Prereq: Grad standing, or permission of instructor. Not open to students with credit for 930.03.

8934 Hearing Conservation

G 2

The effect of noise on hearing, physiological and psychological function, productivity, and communication; federal and state regulations reviewed and effects on communities discussed.

Prereq: Grad standing; or permission of instructor. Not open to students with credit for 930.05

8935 Research to Practice

G 2

A seminar course designed to provide audiology and hearing science students with an opportunity to read and discuss recent journal articles relevant to the practice of audiology. In addition, this course is designed to provide an opportunity for audiology and hearing science students to improve their ability to conduct grand round discussions on audiological cases.

Prereq: Grad standing. Repeatable to a maximum of 6 cr hrs.

8940 Advanced Studies in Speech and Hearing Science

G 2

Advanced studies in speech and hearing science to provide doctoral students with special opportunities in advanced areas of speech and hearing science and disorders.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 10 completions.

Not open to students with 44 qtr cr hrs for 940.

8943 Externship

G 3

Students are placed in clinical sites for extended periods to solidify clinical skills and gain experience in the day to day workings of an audiology practice.

Prereq: Completion of AuD curriculum with exceptions of 8943 and 8997. Repeatable to a maximum of 12 or hrs. This course is graded S/U.

8950 Seminar in Speech and Hearing Science

G 2

Advanced seminars in speech and hearing science and disorders.

Prereq: Permission of instructor. Repeatable to a maximum of 30 cr hrs or 15 completions. Not open to students with 44 qtr cr hrs for 950.

418 Speech and Hearing Science

8997 Capstone Project	G	1 - 5	3301 Statistical Modeling for Discovery I	U	3
Students complete clinical or research-centered project depending on their career interests. Prereq: Completion of first two years' curriculum in AuD program or permission of academic adviser. Repeatable to a maximum of 14 cr hrs or 9 completions. This course is graded S/U.			Statistical models for data analysis and discovery in big-data settings, with primary focus on linear regression models. The challenges of building meaningful models from vast data are explored, and emphasis is placed on model building and the use of numerical and graphical diagnostics for assessing model fit. Interpretation and communication of the results of analyses is emphasized.		
8998 Research in Speech and Hearing Science: Thesis	G	1 - 12	Prereq: C- or better in 3202; or permission of instructor. Prereq or concur: Math 2568; or permission of instructor.		
Research for thesis purposes only. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 5 completions. This course is graded S/U.			3302 Statistical Modeling for Discovery II	U	3
8999 Research in Speech and Hearing Science: Dissertation	G	1 - 12	Statistical models for data analysis and discovery in big-data settings. The regression methods developed in Stat 3301 are extended to data settings with binary and multi-category outcomes. An introduction to some of the most commonly used statistical methods for exploring and analyzing multivariate data is provided. Interpretation and communication of the results of analyses is emphasized.		
Research for dissertation purposes only. Prereq: Permission of instructor. Repeatable to a maximum of 60 cr hrs or 20 completions. This course is graded S/U.			Prereq: C- or better in 3301, and Math 2568; or permission of instructor.		
Statistics					
1350 Elementary Statistics	U	3	3303 Bayesian Analysis and Statistical Decision Making	U	3
Introduction to probability and statistics, experiments, and sampling, data analysis and interpretation. Prereq: Math 1050 (050), or Math Placement Level S, or permission of instructor. Not open to students with credit for GEC Data Analysis (AEDecon 205, AEE 387, AnimSci 260, Astron 350, Chem 221, DentHyg 383, EarthSci 245, Econ 443, ENR 222, HCS 260, IntStds 443, Linguist 286, Philos 153, Physics 416, PolitSc 485 (585), SocWork 570, Sociol 549, SphHrg 286, Stat 135, 145, 245, 427, or 520, or semester equivs). GE data only course.			Introduction to concepts and methods for making decisions in the presence of uncertainty. Topics include: formulation of decision problems and quantification of their components; learning about unknown features of a decision problem based on data via Bayesian analysis; characterizing and finding optimal decisions. Techniques and computational methods for practical implementation are presented.		
1430.01 Statistics for the Business Sciences	U	4	Prereq: C- or above in 3301, or permission of instructor.		
Fundamentals of probability and statistics: Data collection and summaries, random variables, simple linear regression, two-way tables, conditional probability, sampling distributions, confidence intervals, hypothesis tests, analysis of variance. In-person recitation. Prereq: Math 1131, 1151, 1156, 1161.xx, or 1181H, or permission of instructor. Not open to students with credit for 1430, 1430.02, or BusMgt 2320. GE data only course.			3450 Basic Statistics for Engineers	U	2
1430.02 Statistics for the Business Sciences	U	4	Introduction to probability; Normal distribution; Confidence intervals for means; Hypothesis tests for means; Multi-factor experiments; Experiments with blocking. Prereq: Math 1152, 1161.xx, 1172, or 1181, or equiv, or permission of instructor. Not open to students with credit for 3460 or 3470. GE data only course.		
Fundamentals of probability and statistics: Data collection and summaries, random variables, simple linear regression, two-way tables, conditional probability, sampling distributions, confidence intervals, hypothesis tests, analysis of variance. On-line recitation. Prereq: Math 1131, 1151, 1156, 1161.xx, or 1181H, or permission of instructor. Not open to students with credit for 1430, 1430.01, or BusMgt 2320. GE data only course.			3460 Principles of Statistics for Engineers	U	3
1430H Statistics for the Business Sciences	U	4	Introduction to probability, random variables, distributions, expected values; confidence intervals; paired and unpaired t-tests; linear regression; analysis of variance; blocked experiments; fractional factorial experiments; quality control charts. Prereq: Math 1152, 1161.xx, 1172, 1181H, 153, or 254, or equiv, or permission of instructor. Not open to students with credit for 3450, 3470, 427, or 428. GE data only course.		
Calculus-based fundamentals of probability and statistics: Data collection and summaries, random variables, simple linear regression, two-way tables, conditional probability, sampling distributions, confidence intervals, hypothesis tests, ANOVA. Prereq: Honors standing, and Math 1131, 1151, 1156, 1161.xx, or 1181H; or permission of instructor. Not open to students with credit for 1430 or BusMgt 2320. GE data only course.			3470 Introduction to Probability and Statistics for Engineers	U	3
1450 Introduction to the Practice of Statistics	U	3	Introduction to probability, Bayes theorem; discrete and continuous random variables, expected value, probability distributions; point and interval estimation; hypotheses tests for means and proportions; least squares regression. Prereq: Math 1152, 1161.xx, 1172, 1181H, 153 or 254, or equiv, or permission of instructor. Not open to students with credit for 3450, 3460, 427, or 428. GE data only course.		
Algebra-based introduction to data analysis, experimental design, sampling, probability, inference, and linear regression. Emphasis on applications, statistical reasoning, and data analysis using statistical software. Prereq: Math 1116 (116) or 1130 (130) or above, or Math Placement Level L or M, or permission of instructor. Not open to students with credit for 2450 (245) or 145. GE data only course.			4193 Individual Studies	U	1 - 3
2450 Introduction to Statistical Analysis I	U	3	Individual conferences, assigned readings, and reports on minor investigations. Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 5 completions. This course is graded S/U.		
Calculus-based introduction to statistical data analysis. Includes sampling, experimental design, probability, binomial and normal distributions, sampling distributions, inference, regression, ANOVA, two-way tables. Prereq: Math 1131, 1151 (152.xx), 1156, 1161.xx, or 1181H, or equiv, or permission of instructor. Not open to students with credit for 245. GE data only course.			4194 Group Studies	U	1 - 5
2480 Statistics for the Life Sciences	U	3	Designed to give groups of students an opportunity to pursue special studies not otherwise offered. Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions. This course is graded S/U.		
Calculus-based introduction to the statistical analysis of biological data, including probability, common discrete and continuous distributions, experimental design, hypothesis testing, linear regression and correlation. Prereq: Math 1131, 1151 (152), 1156, 1161.XX, or 1181H, or equiv, or permission of instructor. Not open to students with credit for 2450 (245) or 218. GE data only course.			4201 Introduction to Mathematical Statistics I	U	4
3201 Introduction to Probability for Data Analytics	U	3	Basic concepts in mathematical statistics, including probability, discrete and continuous distributions and densities, mathematical expectation, functions of random variables, transformation techniques, sampling distributions, order statistics. Prereq: C- or better in Math 2153 (254), 2162.xx (263), 2182H (263.01H), or 4182H (264H), or permission of instructor. Not open to students with credit for 6201 (520), 6301 (610), 6801 (620), 420, 4202 (421) or Math 4530 (530).		
An introduction to probability and its role in statistical methods for data analytics. Equal emphasis is placed on analytical and simulation-based methods for quantifying uncertainty. Approaches to assessing the accuracy of simulation methods are discussed. Applications of probability and sampling to big-data settings are discussed. Prereq: Math 1152, 1161.xx, 1172, 1181, or equiv; or permission of instructor.			4202 Introduction to Mathematical Statistics II	U	4
3202 Introduction to Statistical Inference for Data Analytics	U	4	Decision theory, point and interval estimation, Neyman-Pearson lemma, likelihood ratio tests, tests for means, variances, and proportions, nonparametric tests, regression, and ANOVA. Prereq: C- or better in 4201 (420), Math 4530 (530), or 5530H (531H), or permission of instructor. Not open to students with credit for 6201, 6302 (623), 6802 (621 and 622), or 421. GE data only course.		
Foundational inferential methods for learning about populations from samples, including point and interval estimation, and the formulation and testing of hypotheses. Statistical theory is introduced to justify the approaches. The course emphasizes challenges that arise when applying classical ideas to big data, partially through the use of computational and simulation techniques. Prereq: C- or better in 3201, or permission of instructor.			4620 Introduction to Statistical Learning	U	2
The course provides an introduction to the principles of statistical learning and standard learning techniques for regression, classification, clustering, dimensionality reduction, and feature extraction. Prereq: C- or better in 3302, or permission of instructor.					
4998 Undergraduate Research in Statistics	U	1 - 5			
Designed to give undergraduates experience in carrying out statistics research. Prereq: Permission of instructor. Repeatable to a maximum of 30 cr hrs or 6 completions. This course is graded S/U.					

5301 Intermediate Data Analysis I**U G 4**

The first course in a two-semester non-calculus sequence in data analysis covering descriptive statistics, design of experiments, probability, statistical inference, one-sample t, goodness of fit, two sample problem, and one-way ANOVA.

Prereq: Math 1075 (104) or equiv., or Math Placement Level of R, or permission of instructor. Not open to students with credit for 5301 (528 and 529), or 5302 (529 and 530). GE data only course.

5302 Intermediate Data Analysis II**U G 3**

The second course in a two-semester sequence in data analysis covering simple linear regression (inference, model diagnostics), multiple regression models, variable selection, model selection, two-way ANOVA, mixed effects model.

Prereq: 5299, 5301, or 529, or permission of instructor. Not open to students with credit for 530. GE data only course.

5510 Statistical Foundations of Survey Research**U G 3**

Understand and practice methods of survey research and data analysis including questionnaire design and pilot testing, non-sampling and sampling errors, sampling design, descriptive statistics, estimation, and hypothesis testing; and ethics.

Prereq: 1350 (135), 1450 (145), or 5301 (528), and Math 1075 (104), or equiv; or permission of instructor. Not open to students with credit for 6510 (651) or 551.

5550 Introductory Time Series Analysis**U G 3**

Introduces the statistical methodology and models to analyze time series data in practice.

Prereq: 3301; or 4202 and 5302; or permission of instructor. Not open to students with credit for 6550 (635) or 7550.

5740 Introduction to SAS Software**U G 2**

The basic statistical procedures covered will be illustrated using SAS. The intent of the course is to cover some of the SAS statistical methods that graduate students from outside the Statistics Department require for their own research.

Prereq: 5302 (530), or permission of instructor. Not open to students with credit for 574.

5760 Statistical Consulting Support from the SCS**U G 3**

Graduate or undergraduate students enrolled in this course will work with a graduate student consultant employed by the Statistical Consulting Service for the purpose of making progress on their thesis or dissertation.

Repeatable to a maximum of 15 cr hrs. This course is graded S/U.

6040 Mentored Teaching Experience in Statistics**G 2**

The application of best pedagogical practices in selected statistics teaching experiences. A supervised teaching component is included.

Prereq: Grad standing in Statistics or Biostatistics, and permission of instructor. Not open to students with credit for 604. This course is graded S/U.

6193 Individual Studies in Foundational Graduate Topics in Statistics**G 1 - 4**

Individual conferences, assigned readings, and reports on minor investigations in foundational graduate topics in Statistics.

Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions. This course is graded S/U.

6194 Group Studies in Foundational Graduate Topics in Statistics**G 1 - 5**

Designed to give groups of students an opportunity to pursue special studies in foundational graduate topics in Statistics not otherwise offered.

Prereq: Permission of instructor. Repeatable to a maximum of 15 cr hrs or 3 completions. This course is graded S/U.

6201 Mathematical Statistics**G 4**

Probability, random variables, expectation, moment generating functions, discrete and continuous distributions, limit theorems, maximum likelihood and Bayesian estimation, confidence intervals, hypothesis tests, Neyman-Pearson lemma, t and F tests.

Prereq: Math 2153 (254) or equiv, or permission of instructor. Not open to students with credit for 6301 (610) or 6801 (620).

6301 Probability for Statistical Inference**G 3**

Introduction to probability, random variables, and distribution theory; intended primarily for students in MAS degree program.

Prereq: Math 4547 (548), or permission of instructor. Not open to students with credit for 6801 (620 or 621), Math 4530 (530), or 5530H (531).

6302 Theory of Statistical Analysis**G 3**

Estimation, hypothesis tests, best tests, likelihood ratio tests, confidence sets, sufficiency, efficient estimators; intended primarily for students in the MAS degree program.

Prereq: 6301 (610) or 6801 (620), or permission of instructor. Not open to students with credit for 6802 (621, 622, or 623).

6410 Design and Analysis of Experiments**G 4**

Principles of designing experiments; analysis of variance techniques for hypothesis testing, simultaneous confidence intervals; block designs, factorial experiments, random effects and mixed models, split plot designs, response surface design.

Prereq: 6201 (521), 6302 (623), or 6802 (622), and 6450 (645) or 6950; or permission of instructor. Not open to students with credit for 6910 (641).

6450 Applied Regression Analysis**G 4**

Simple and multiple linear regression, diagnostics, model selection, models with categorical variables.

Prereq: 6201 (521), or equiv, or permission of instructor. Not open to students with credit for 6950 (645).

6510 Survey Sampling Methods**G 3**

Sampling from finite populations, simple random, stratified, systematic and cluster sampling design, ratio and regression estimates, non-sampling errors, models.

Prereq: 5301 (529) or PubHBio 6212 (703), or equiv. Not open to students with credit for 651 or PubHBio 7225 (651). Cross-listed in PubHBio 7225.

6520 Applied Statistical Analysis with Missing Data**G 3**

Models and methods for the dataset with missing values, including imputation, likelihood-based, and Bayesian models.

Prereq: 6201, 6302 (623), or 6802 (622), and 6450 (645), 6950, PubHBio 6203, or 703; or permission of instructor. Not open to students with credit for 6520 (652) or PubHBio 7240 (652). Cross-listed in PubHBio 7240.

6530 Introduction to Spatial Statistics**G 2**

Provides an introduction to spatial statistical methods based on the viewpoint that spatial data are a realization from a random process.

Prereq: 6450 (645), 6950, or Geog 883.02, or permission of instructor. Not open to students with credit for 8530 (829) or 631.

6540 Applied Stochastic Processes**G 3**

An introduction to some of the most commonly encountered stochastic processes. Goals include understanding basic theory as well as applications. Students should be familiar with basic probability, including conditional probability and expectation.

Prereq: 6301 (610) or equiv, or permission of instructor. Not open to students with credit for 632.

6550 The Statistical Analysis of Time Series**G 2**

To develop knowledge of time series processes, modeling (identification, estimation, and diagnostics), and forecasting methods. Experience is gained in the statistical theory so as to be able to analyze time series data in practice.

Prereq: 6201, 6302 (623), or 6802 (622), and 6450 (645) or 6950; or permission of instructor. Not open to students with credit for 635.

6560 Applied Multivariate Analysis**G 3**

An introduction to classical multivariate statistical methods based on the multivariate normal distribution. Sufficient matrix algebra will be covered to enable students to understand multivariate methods using matrix notation.

Prereq: 6450 (645) or 6950, or equiv, or Math 2568 (568), or equiv, or permission of instructor. Not open to students with credit for 656.

6570 Applied Bayesian Analysis**G 2**

Introduces various aspects of Bayesian modeling (including conditionally specified models and models for non-normal data) and simulation-based model-fitting strategies.

Prereq: 6301 (610) or 6801 (621 and 622), or permission of instructor. Prereq or concur: 6450 (645) or 6950, and 6302 (623) [with 6301 prerequisite] or 6802 [with 6801 prerequisite]; or permission of instructor. Not open to students with credit for 625.

6605 Applied Survival Analysis**G 3**

Introduction to time-to-event data analysis. Topics include summary statistics, non-parametric methods, semiparametric and parametric models, and competing risks analysis. Focus is on analysis of health data using statistical software.

Prereq: 6450, 6950, or PubHBio 6211. Not open to students with credit for 6605 or PubHBio 7235. Cross-listed in PubHBio 7235.

6610 Applied Nonparametric Statistics**G 3**

Noncalculus treatment of nonparametric tests, confidence intervals, estimation; topics include one- and two-sample problems, one- and two-way analysis of variance, multiple comparisons, correlation.

Prereq: 5301 (529), 6201, or 6302 (623), or equiv, or permission of instructor. Not open to students with credit for 661.

6615 Design and Analysis of Clinical Trials**G 2**

Design, monitoring, and analysis of clinical trials; includes protocol development, randomization schemes, sample size methods, and ethical issues.

Prereq: 5301 (528 and 529), or equiv, or permission of instructor. Not open to students with credit for Biostat 615 or PubHBio 7215. Cross-listed in PubHBio 7215.

6620 Environmental Statistics**G 2**

Survey of statistical methods for environmental data, with a focus on applications. Topics include sampling, regression, censoring, risk analysis, bioassay, time series, spatial statistics, and environmental extremes.

Prereq: 6302 (529) or 6450 (645) or 6910 or Geog 683.xx or 833.01; prereq or concur: Stat 6910; or permission of instructor. Not open to students with credit for 662.

6625 Statistical Analysis of Genetic Data**G 3**

Introduction to Mendelian principles, genetic epidemiology, and molecular genetics; family studies; model-based and model-free linkage analysis for mapping disease genes; genome wide association studies; association analysis using haplotypes.

Prereq: 6301 (610) and 6302 (623), or permission of instructor.

420 Statistics

6640 Principles of Statistical Quality Control	G	3	7302 Advanced Statistical Theory II	G	3
Statistical quality control. Topics include basic concepts, common control charts for quantitative and qualitative data, graphical techniques, process capability studies, and selected additional material as time permits.					
Prereq: 6201 (521), 6302 (623), or 6802 (622), or equiv, or permission of instructor. Not open to students with credit for 664.			Hypothesis testing: likelihood ratio tests, resampling and permutation based tests, sequential tests, multiple testing, asymptotic distributions of test statistics. Intended primarily for PhD students in Statistics or Biostatistics.		
Prereq: 7301, or permission of instructor. Not open to students with credit for 822.					
6650 Discrete Data Analysis	G	2	7303 Bayesian Analysis and Decision Theory	G	3
Two-by-two tables; cross-sectional, prospective, and retrospective studies; measures and tests of association; log linear models; association graphs; analysis of stratified tables.					
Prereq: 5302 (530), 6450 (645), 6950, PubHBio 6203, or 703, or permission of instructor. Not open to students with credit for 665.			Decision theory, loss functions, subjective and objective prior distributions, posterior distribution, estimation, testing, prediction, sensitivity analysis, hierarchical modeling. Intended primarily for PhD students in Statistics or Biostatistics.		
Prereq: 7301 or 622, or permission of instructor. Not open to students with credit for 820.					
6730 Introduction to Computational Statistics	G	2	7410 Theory of the Linear Model	G	3
Introduction to computational statistics. Students will learn how to manipulate data, perform statistical analyses, perform simple Monte Carlo experiments, use resampling methods and discuss the results obtained from their analyses.					
Prereq: 6301 (610), 6302 (623), and 6410 (641) or 6910, and 6450 (645) or 6950; or permission of instructor. Not open to students with credit for 673.			Theory of the general linear model, estimability, power and sample size. Random effects and nested models. Analysis of covariance. Models with block variables. Generalized linear models.		
Prereq: 6802 (622), 6860, and 6950 (645) or 6910 (641); or permission of instructor. Not open to students with credit for 742.					
6740 Data Management and Graphics for Statistical Analyses	G	3	7430 Generalized Linear Models	G	3
Data manipulation for statistical analyses, missing data calculations, merging and transporting data sets, formatting data analysis results, using relational databases and SQL, character data, graphical presentation of data, and macro programming.					
Prereq: Not open to students with credit for 674 or 675.			Introduces the statistical theory and methods to extend regression and analysis of variance to non-normal data. Students will learn to use fixed and random effect generalized linear models to model univariate and multivariate data.		
Prereq: 6801 (620 and 621), 6802 (621 and 622), 6910 (641), 6950 (645), and 7410 (742); or permission of instructor. Not open to students with credit for 743.					
6750 Statistical Consulting and Collaboration	G	2	7470 Advanced Longitudinal Data Analysis	G	3
Role of the statistician as both consultant and collaborator; enhancement of analytical and communication skills; structuring working engagements; introduction to consulting-specific technical skills; experience working on consulting projects.					
Prereq: 6450 (645) or 6950, or permission of instructor. Not open to students with credit for 600 or 601. This course is graded S/U.			Classical and modern statistical approaches for continuous and discrete longitudinal data. Random effects and growth curve models, measurement error, generalized estimating equations, estimation with missing data, multivariate longitudinal data.		
Prereq: 6802 (622) and 6950 (645), or permission of instructor. Not open to students with credit for 726 or PubHBio 8230. Cross-listed in PubHBio 8230.					
6801 Statistical Theory I	G	4	7540 Theory of Stochastic Processes	G	3
Introduction to probability, random variables, distribution theory and principles of inference. Intended primarily for students in the PhD program in Statistics or Biostatistics.					
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Not open to students with credit for 6301 (610) or 620.			Markov chains, ergodicity, Poisson process, martingales, Brownian motion, Gaussian processes, diffusion processes. Intended primarily for students in the PhD program in Statistics or Biostatistics.		
Prereq: 7201, or permission of instructor. Not open to students with credit for 832.					
6802 Statistical Theory II	G	4	7550 Time Series Theory and Methods	G	3
Introduction to statistical inference: Estimation, hypothesis testing, confidence intervals, and decision theory. Intended primarily for students in the PhD program in Statistics or Biostatistics.					
Prereq: 6801, or permission of instructor. Not open to students with credit for 622.			A systematic advanced treatment of areas of current interest in the statistical theory and methods for the analysis of time series processes. Topics will be announced each semester.		
Prereq: 6560 (656) or 6860, 6801 (620 and 621), 6802 (621 and 622), and 6950 (645); or permission of instructor.					
6860 Foundations of the Linear Model	G	2	7560 Multivariate Analysis	G	3
Linear models; Least squares estimates; Multivariate normal distribution; Maximum likelihood estimators; Covariance matrices, information matrices; Quadratic forms; Principal components; Orthogonal polynomial regression; Non-central distributions.					
Prereq: Math 2568 (568) or equiv, or permission of instructor. Concur: 6802. Not open to students with credit for 742.			Matrix normal distribution; Matrix quadratic forms; Matrix derivatives; The Fisher scoring algorithm. Multivariate analysis of variance; Random coefficient growth models; Principal components; Factor analysis; Discriminant analysis; Mixture models.		
Prereq: 6802 (622), or permission of instructor. Not open to students with credit for 755 or 756.					
6910 Applied Statistics I	G	4	7605 Advanced Regression Modeling of Time-to-Event Data	G	3
One and two-sample problems, randomization-based inference, contingency tables, analysis of variance, the mixed model, experimental designs. Intended primarily for students in the PhD program in Statistics or Biostatistics.					
Prereq or concur: 6801, or permission of instructor. Not open to students with credit for 6410 (641).			Advanced topics in survival analysis. Proportional hazards models, parametric regression models, length-bias and prevalent sampling, multivariate survival analysis, counting processes, recurrent events.		
Prereq: 6802 (622) and 6950. Not open to students with credit for PubHBio 8235 or 706. Cross-listed in PubHBio 8235.					
6950 Applied Statistics II	G	4	7610 Theory of Nonparametric Statistics	G	3
Simple and multiple linear regression, diagnostics, model selection, the mixed model, and generalized linear models. Intended primarily for students in the PhD program in Statistics or Biostatistics.					
Prereq: 6801 (620) and 6910 (641), or permission of instructor. Not open to students with credit for 6450 (645).			Theory of distribution-free statistics based on counting and ranking; U-statistics; univariate and multivariate rank regression; additional topics on nonparametric statistics.		
Prereq: 6802 (622), or permission of instructor. Not open to students with credit for 761.					
6998 Research in Foundational Graduate Topics in Statistics	G	1 - 5	7620 Elements of Statistical Learning	G	3
Research topics in foundational graduate topics in Statistics.					
Prereq: Permission of instructor. Repeatable to a maximum of 30 cr hrs or 6 completions. This course is graded S/U.			Statistical and Machine Learning - Applied modern regression, pattern recognition and clustering techniques for discovery/understanding of underlying statistical structures within large, complex and noisy data sets.		
Prereq: 6301 (610) and 6302 (623), or 6801 (620) and 6802 (622), or ECE 6001, or 7001, or equiv; or permission of instructor. Not open to students with credit for 760.					
7201 Theory of Probability	G	3	7630 Nonparametric Function Estimation	G	3
Measure and integration, random variables, independence, integration and expectation, convergence, characteristic functions, central limit theorems. Intended primarily for students in the PhD program in Statistics or Biostatistics.					
Prereq: 6802 (622), or permission of instructor. Not open to students with credit for 722 or 723.			Function estimation with emphasis on smoothing splines, flexible model building with multivariate data, reproducing kernel Hilbert space methods, additional topics in smoothing.		
Prereq: 6802 (622), or permission of instructor. Not open to students with credit for 763.					
7301 Advanced Statistical Theory I	G	3	7730 Advanced Computational Statistics	G	3
Exponential families, sufficiency, Rao-Blackwell theorem, information, efficiency, maximum likelihood estimation, M-estimation, asymptotics, density estimation. Intended primarily for PhD students in Statistics or Biostatistics.					
Prereq: 6802 (622), or permission of instructor. Not open to students with credit for 821.			Covers modern methods of statistical computing, with emphasis on how and why they work. As a prerequisite, students should be able to program basic functions. Intended primarily for students in the PhD program in Statistics or Biostatistics.		
Prereq: 6802 (622) and 6950 (645); or permission of instructor. Not open to students with credit for 773.					

7755 Biostatistical Collaboration	G	2
Basic biomedical research methodologies; collaborate with biomedical researchers to design experiments and plan analyses; protocol preparation; professional skills development; statistical report preparation.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Not open to students with credit for 709. This course is graded S/U. Cross-listed in PubHBio 7245.		
7789 Survey Research Practicum	G	3
Hands-on applications for students interested in the planning, implementation, and analysis of a scientific sample survey.		
Prereq: Admission to Grad interdisciplinary specialization in survey research, or permission of instructor. Not open to students with credit for 7789 or 789 in AEDecon, AgrEduc, BusML, Comm, Econ, EduPL, Geog, PolitSc, Psych, PubHlth, PubAfrs, Sociol, or Stat. Cross-listed in Comm, Econ, and PolitSc.		
7998 Intermediate Graduate Research in Statistics	G	1 - 4
Research topics in intermediate graduate topics in Statistics.		
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 3 completions. This course is graded S/U.		
7999 Masters Thesis Research in Statistics	G	1 - 18
Masters Thesis Research in Statistics.		
Prereq: Grad standing in Stat. Repeatable. This course is graded S/U.		
8010 Seminar on Research Topics in Statistics	G	1
Lectures on current research by each graduate faculty member in statistics.		
Prereq: Grad standing in Statistics. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.		
8193 Individual Studies in Advanced Graduate Topics in Statistics	G	1 - 5
Individual conferences, assigned readings, and reports on minor investigations in advanced graduate topics in Statistics.		
Prereq: Permission of instructor. Repeatable to a maximum of 25 cr hrs or 5 completions. This course is graded S/U.		
8194 Group Studies in Advanced Graduate Topics in Statistics	G	1 - 5
Designed to give groups of students an opportunity to pursue special studies in advanced graduate topics in Statistics not otherwise offered.		
Prereq: Permission of instructor. Repeatable to a maximum of 25 cr hrs or 5 completions. This course is graded S/U.		
8310 Large Sample Theory	G	3
Stochastic Convergence, Delta Method, Moment Estimators, M- and Z- estimators, Efficiency of Estimators, U- Statistics, Rank, Sign and Permutation Statistics, Large sample methods for functional data.		
Prereq: 7201 (722 and 723) and 7302 (821), or permission of instructor. Not open to students with credit for 888.		
8410 Capstone Applications	G	3
Intensive, project-based investigation of applied and/or interdisciplinary statistical problems, suitable for advanced PhD students in Statistics and Biostatistics.		
Prereq: 7302 (821), 7410 (742), and 7540 (832), and Grad standing in Statistics or Biostatistics; or permission of instructor.		
8450 Stochastic Epidemic Models	G	3
Introduction to methods of analyzing large population epidemic data from the viewpoint of stochastic processes theory. Topics will cover the SIR (susceptible-infective-removed) epidemic models both under the homogenous and restricted contact structures. Lectures will introduce the necessary background in probability and statistics along with real-life applications (e.g. HIV, H1N1 and SARS).		
Prereq: 6801, and 6540 or 7540; or permission of instructor. Not open to students with credit for PubHBio 8450. Cross-listed in PubHBio.		
8460 Special Topics in Design of Experiments	G	3
Selection of Advanced Topics from: Theory of optimal design; Computational Algorithms; Design and analysis of computer experiments; Design for nonlinear models; Discrete choice experiments.		
Prereq: 7410 (742), or permission of instructor. Not open to students with credit for 847.		
8530 Spatial and Spatio-Temporal Statistics	G	3
Geostatistics, kriging, hierarchical statistical models, Markov random fields, spatial point processes, spatio-temporal statistical models. Intended primarily for students in the PhD program in Statistics or Biostatistics.		
Prereq: 6802 (622) and 6950 (645), or permission of instructor. Not open to students with credit for 829.		
8540 Topics in Advanced Stochastic Processes	G	3
Dedicated to advanced topics in stochastic processes, such as stochastic integration and stochastic differential equations (SDEs), numerical methods and inference for SDEs, etc. Applications in several areas will be discussed.		
Prereq: 7201 (722 and 723), or permission of instructor.		
8570 Advanced Bayesian Analysis: Modeling	G	3
A systematic advanced treatment of areas of current interest in Bayesian analysis. Topics will be announced each semester.		
Prereq: 7303 (820), or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8605 Advanced Survival Analysis	G	3
Counting process approach to modeling life history data, including Nelson-Aalen, product limit, and K-sample estimators. Topics from parametric models, semiparametric proportional and additive hazards regressions, and multivariate survival models.		
Prereq: 7201 (722 and 723) and 7540 (832), or permission of instructor. Not open to students with credit for Biostat 805 and 806.		
8625 Statistical Methods for Analyzing Genetic Data	G	3
Basic principles of population genetics; gene frequency estimation; likelihood computation on pedigrees using peeling algorithm, Lander-Green algorithm, Monte Carlo methods; linkage analysis, population and family based association studies.		
Prereq: 6802 (622), or permission of instructor. Not open to students with credit for 833.		
8750.01 Research Group in Statistical Learning and Data Mining	G	1
Research group in Statistical Learning and Data Mining. Topics vary by the offering.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.		
8750.02 Research Group in Design of Physical and Computer Experiments	G	1
Research group in Design of Physical and Computer Experiments. Topics vary by the offering.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.		
8750.03 Research Group in Statistical Genetics and Bioinformatics	G	1
Research group in Genetics. Topics vary by the offering.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.		
8750.04 Research Group in Quantitative Methods in Consumer Behavior	G	1
Research group in Quantitative Methods in Consumer Behavior. Topics vary by the offering.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.		
8750.05 Research Group in Ranked Set Sampling	G	1
Research group in Ranked Set Sampling. Topics vary by the offering.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.		
8750.06 Research Group in Spatial Statistics and Environmental Statistics	G	1
Research group in Spatial Statistics and Environmental Statistics. Topics vary by the offering.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.		
8750.08 Research Group in Observational Data	G	1
Research group in Observational Data. Topics vary by the offering.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.		
8810 Advanced Topics in Statistics I	G	1 - 3
A systematic advanced treatment of areas of current interest in Statistics. Topics will be announced each semester.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 24 cr hrs or 8 completions.		
8820 Advanced Topics in Statistics II	G	1 - 3
A systematic advanced treatment of areas of current interest in Statistics. Topics will be announced each semester.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 24 cr hrs or 8 completions.		
8895 Statistics Seminar	G	1
Topics range over the current research interests of statisticians from around the world; some lectures are of an expository nature.		
Prereq: Grad standing in Statistics or Biostatistics, or permission of instructor. Repeatable to a maximum of 20 or hrs. This course is graded S/U.		
8999 PhD Dissertation Research in Statistics	G	1 - 18
PhD Dissertation research in Statistics.		
Prereq: Permission of instructor. Repeatable. This course is graded S/U.		
Surgery		
7010 Seminar in Practice Management for Surgeons I	G	1
Provides surgery residents basic information on business principles related to practice of medicine and surgery.		
Prereq: Medical Degree and one year of Surgical Residency. This course is graded S/U.		
7020 Seminar in Practice Management for Surgeons II	G	1
Provides surgery residents basic information on business principles related to practice of medicine and surgery.		
Prereq: Medical Degree and one year of Surgical Residency. This course is graded S/U.		

422 Surgery

7030 Seminar in Practice Management for Surgeons III	G	1	8501 Career Development Course for Surgeons	G M	2			
Provides surgery residents basic information on business principles related to practice of medicine and surgery.								
Prereq: Medical Degree and one year of Surgical Residency. This course is graded S/U.								
7040 Seminar in Practice Management for Surgeons IV	G	1	This course is designed for surgery residents to strengthen their research practices and data collection skills, to gain the skills needed for grant writing, to enhance awareness of the Surgeon-Scientist Career Path, to develop research skills to enhance independence and career success, to facilitate selection and optimization of first faculty position, and to enhance awareness of career resources.					
Provides surgery residents basic information on business principles related to practice of medicine and surgery.								
Prereq: Medical Degree and one year of Surgical Residency. This course is graded S/U.								
7050 Seminar in Practice Management for Surgeons V	G	1	Prereq: Surgical Resident, Surgical Fellow, Surgery Junior Faculty, or permission of instructors. Repeatable to a maximum of 6 cr hrs.					
Provides surgery residents basic information on business principles related to practice of medicine and surgery.								
Prereq: Medical Degree and one year of Surgical Residency. This course is graded S/U.								
7060 Seminar in Practice Management for Surgeons VI	G	1	8814 Responsible Conduct of Research: Human Participants and the Use of Animals in Biomedical Research	G	2			
Provides surgery residents basic information on business principles related to practice of medicine and surgery.								
Prereq: Medical Degree and one year of Surgical Residency. This course is graded S/U.								
7189.02 Clinical Studies: Trauma and Critical Care	G	1 - 12	Responsible conduct of research with human participants and the use of animals in biomedical research is crucial to maintaining the public trust in both the results and the methods of biomedical research.					
Trauma and Critical Care.								
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7190.02 Research Studies in Surgery: General Surgery and Minimally Invasive Surgery	G	1 - 12	8815 Training in Clinical Research I	G	2			
General Surgery and Minimally Invasive Surgery Studies.								
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7190.05 Research Studies in Surgery: Pediatric Surgery	G	1 - 12	8850 Seminars in Surgery: Grand Rounds	G	2			
Pediatric Surgery.								
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7190.09 Research Studies in Surgery: Cardiothoracic Surgery	G	1 - 12	8860 Seminars in Surgery: Morbidity and Mortality	G	2			
Cardiothoracic Surgery.								
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7190.10 Research Studies in Surgery: Peripheral Vascular Surgery	G	1 - 12	8900 Applications of Immunology in Surgery	G	2			
Peripheral Vascular Surgery.								
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7193.01 Individual Studies: General Surgery	G	1 - 12	8999 Research in Surgery	G	1 - 12			
Conducting basic science or clinical research on a surgically related topic under faculty supervision.								
Prereq: Must be a PGY-2 or more advanced in surgery residency or related programs. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7193.02 Individual Studies: Pediatric Surgery	G	1 - 12	Swahili					
Conducting basic science or clinical research on a surgically related topic under faculty supervision.								
Prereq: Must be a PGY-2 or more advanced in surgery residency or related programs. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7193.04 Individual Studies: Surgical Infectious Diseases	G	1 - 12	1101 Elementary Swahili I	U	4			
Conducting basic science or clinical research on a surgically related topic under faculty supervision.								
Prereq: Must be a PGY-2 or more advanced in surgery residency or related programs. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7193.06 Individual Studies: Surgical Oncology	G	1 - 12	1102 Elementary Swahili II	U	4			
Conducting basic science or clinical research on a surgically related topic under faculty supervision.								
Prereq: Must be a PGY-2 or more advanced in surgery residency or related programs. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7193.08 Individual Studies: Transplantation	G	1 - 12	1103 Elementary Swahili III	U	4			
Conducting basic science or clinical research on a surgically related topic under faculty supervision.								
Prereq: Must be a PGY-2 or more advanced in surgery residency or related programs. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7193.10 Individual Studies: Wound Healing	G	1 - 12	2201 Intermediate Swahili I	U	3			
Conducting basic science or clinical research on a surgically related topic under faculty supervision.								
Prereq: Must be a PGY-2 or more advanced in surgery residency or related programs. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								
7193.12 Individual Studies: Molecular Medicine	G	1 - 12	2241 Intermediate Swahili II: Translation	U	3			
Conducting basic science or clinical research on a surgically related topic under faculty supervision.								
Prereq: Must be a PGY-2 or more advanced in surgery residency or related programs. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.								

Swedish

1101 Swedish I	U	4
Introduction to language and culture of Sweden with emphasis on the acquisition of basic communication skills in a cultural context. Closed to native speakers of this language.		
Prereq: Not open to students with credit for 101.01, or to students with 2 or more years of study in this language in high school, except by permission of dept. GE for lang course.		
1102 Swedish II	U	4
Continued development of Swedish language skills and knowledge for effective communication. Emphasis on more advanced language structures and on more nuanced cultural issues. Not open to native speakers of this language through regular course enrollment or EM credit.		
Prereq: A grade of C- or above in 1101. Not open to students with 102.01 and 103.01. GE for lang course. FL Admis Cond course.		
1103 Swedish III	U	4
Development of skills necessary for the independent use of Swedish. Discussions, presentations, writing and listening/viewing activities address topics of contemporary Sweden.		
Prereq: Grade of C- or better in 1102. Not open to students with credit for 103.01, 104.01, or to native speakers of this language through regular course enrollment or EM credit. GE for Lang Course. FL Admis Cond Course.		
2101 Texts and Contexts: Contemporary Swedish Language, Culture, and Society	U	3
Development of communication skills and knowledge about recent social, political, and cultural developments in Sweden through texts, media, and film.		
Prereq: Grade of C- or better in Swedish 1103. Not open to students with credit for 201. GE for Lang Course. FL Admis Cond course.		

Technical Physics

1150T Technical Physics	U	5
Principles and applications of forces, motion, energy, matter, heat, thermodynamics, electricity, mechanical waves, and electromagnetic radiation.		
Prereq: GenMath 1145T (145T) or Math 1148 (148) with a grade of C- or better. Not open to students with credit for 101T or 102T. This course is available for EM credit.		
2194T Group Studies	U	1 - 3

Designed to give groups of students an opportunity to pursue special studies not offered in other courses.
Prereq: Permission of instructor. Repeatable to a maximum of 10 cr hrs or 10 completions.

Theatre

2000.02 Technical Production Practicum: Sound	U	1
Provides experience in technical production activities.		
Repeatable to a maximum of 6 cr hrs or 6 completions.		
2000.03 Technical Production Practicum: Video	U	1
Provides experience in technical production activities.		
Repeatable to a maximum of 6 cr hrs or 6 completions.		
2000.04 Technical Production Practicum: Scenic Construction and Painting	U	1
Provides experience in technical production activities.		
Repeatable to a maximum of 6 cr hrs or 6 completions.		
2000.05 Technical Production Practicum: Costuming	U	1
Provides hands-on experience in practical costuming skills, such as fabric preparation, machine and hand sewing, costume maintenance, and costume crafts while working collaboratively and communicating professionally with a variety of artists involved in the theatrical production process.		
Repeatable to a maximum of 6 cr hrs or 6 completions.		
2000.06 Technical Production Practicum: Lighting	U	1
Provides training and experience in lighting production activities. Students learn to hang & focus lights & delve into associated technology. This laboratory meets irregularly; students are required to complete 42 hours of work across the semester and attendance at scheduled weekend lighting load-ins is required.		
Repeatable to a maximum of 6 cr hrs or 6 completions.		
2000.09 Technical Production Practicum: General	U	1
Provides experience in technical production activities.		
Prereq: Not open to students with credit for 205.		
2000.11 Technical Production Practicum: Box Office	U	1
Provides experience in technical production activities.		
Repeatable to a maximum of 6 cr hrs or 6 completions.		
2000.21 Technical Production Practicum: Publicity	U	1
Provides experience in technical production activities.		
Repeatable to a maximum of 6 cr hrs or 6 completions.		

2100 Introduction to Theatre	U	3
A study of the art and profession of theatre, with an emphasis on evaluating and appreciating live performance, theatre's cultural importance, and its relationship to issues of social diversity. Students study performance conventions, texts, & spaces from ancient times to present day. While not an acting class, students get firsthand experience in the collaborative process of theatre creation.		
Prereq: Not open to students with credit for 2101H (101H) or 100. This course is available for EM credit. GE VPA and diversity soc div in the US course. VSP Admis Cond course.		
2100E Introduction to Theatre	U	3
A study of the art and profession of live theatre with emphasis upon its cultural and social influences in our society.		
Prereq: Permission of instructor. Not open to students with credit for 2101H (101H), 100, or 100H. This course is available for EM credit. GE VPA and diversity soc div in the US course. VSP Admis Cond course.		
2100H Introduction to Theatre	U	3
A study of the art and profession of live theatre with emphasis upon its cultural and social influences in our society.		
Prereq: Honors standing or permission of instructor. Not open to students with credit for 2101H (101H), 100, or 100H. GE VPA and diversity soc div in the US course.		
2101H Introduction to Theatre: Making History	U	3
Introduction to theatrical performance through examining play texts and communicating with the playwrights from the archives of the Lawrence and Lee Theatre Research Institute.		
Prereq: Honors standing or permission of instructor. Not open to students with credit for 2100 (101) or 2100H (101H). GE VPA course.		
2110 Script Analysis	U	3
Fundamental principles for intensive study of the theatrical script as the basis for actor training, performance and production.		
Prereq: 2100 or 2101H. Not open to students with credit for 210.		
2211 Introduction to Production Design	U	3
Introduction to scenic, costume, lighting and sound design techniques for production; experience in research and designing projects.		
2341H Moving Image Art	U	3
The issues and concepts fundamental to the development of an understanding of the aesthetics of film and video from the standpoint of the producer and maker.		
Prereq: Honors standing or by permission of instructor. Not open to students with credit for 230H. GE VPA course.		
2351 Fundamentals of Radio and TV Production	U	3
Broadcasting techniques, skills and styles.		
Prereq: Not open to students with credit for 580.		
2367.01 Self Images: America on Stage, 1830 to the Present	U	3
Exploration of the images of Americans presented on popular stages through written analysis of theatrical and critical texts.		
Prereq: English 1110, and Soph standing or above. Not open to students with credit for 2367. GE writing and comm course: level 2 and diversity soc div in the US course.		
2367.01H Self Images: America on Stage, 1830 to the Present	U	3
Exploration of the images of Americans presented on popular stages through written analysis of theatrical and critical texts.		
Prereq: Honors and Soph standing, and English 1110 or equiv. Not open to students with credit for 2367 (367). GE writing and comm course: level 2 and GE diversity soc div in the US course.		
2367.02 African American Theatre History	U	3
Examination of aesthetic and sociological evolution in America of African American theatre, literature, and film.		
Prereq: English 1110 (110) or equiv, and Soph, Jr, or Sr standing. Not open to students with credit for 2367 (367). GE writing and comm course: level 2 and lit and diversity soc div in the US course.		
2367.03 Criticizing Television	U	3
Study of theatre history at an intermediate level with emphasis on writing skills. A critical analysis of a wide variety of television programs through viewing, discussing, reading, and writing.		
Prereq: English 1110 (110) or equiv, and Soph, Jr, or Sr standing. Not open to students with credit for 2367.xx (367.xx) or ArtEduc 2367.03 (367.03). GE writing and comm course: level 2 and diversity soc div in the US course. Cross-listed in ArtEduc.		
2811 The Craft of Acting	U	3
An introductory acting class exploring the basic techniques of imagination, concentration, character development, and script analysis through work on monologues, scenes, and plays.		
Prereq: Not open to students with credit for 280. GE VPA course.		
3000 Production Run Crew Practicum	U	1 - 2
Hands-on involvement in the production of live theatre; participation leading to a more thorough understanding of theatre and in particular theatre design and technology.		
Repeatable to a maximum of 8 cr hrs or 4 completions.		

424 Theatre

3111 Stage Directing	U	3	3825 Special Topics in Voice for the Stage	U	3
An introduction to the basic principles, techniques and challenges of directing for the stage. Prereq: 2110 and 2811. Not open to students with credit for 310.					
3221 Stage Management	U	3	3831 Movement and Voice	U	3
Principles, practices, and techniques of stage management, and a survey of modern management techniques. Prereq: 2211. Not open to students with credit for 602.					
3241 Theatre Sound Techniques	U	3	Basic study and training in movement for actors, voice production, and whole body expressiveness. Prereq: 2811. Not open to students with credit for 2831, or 383 and 386.		
3351 Television Production I	U	3	3832 Viewpoints Training	U	3
Fundamentals of television broadcasting through lectures, labs and practicum involvement with OSU's student television station and media lab. Prereq: Not open to students with credit for 300.					
3352 Television Production II	U	3	Introduction to Viewpoints Training: A method of improvisation that builds ensembles, strengthens physical range, and develops acting, directorial and choreographic skills. Prereq: 2811 and 3831, or permission of instructor. Not open to students with credit for 2832.		
3381 Introduction to Narrative Filmmaking	U	3	3921S Creation of Outreach Theatre	U	3
This course provides a foundation in the conceptual and technical building blocks of cinematic narrative. Students will investigate the nature of event, character, and place, developing their production and post-production skills in composition, camera movement, lighting, editing, and sound design to support and enhance storytelling. Prereq: Admission to Moving-Image Production major, or permission of instructor.					
3411 Introduction to Scenic Design	U	3	4000.01 Practicum: Stage Management	U	1 - 3
Introduction to basic design elements for the stage including research, sketching, color theory, model building, drafting and stagecraft. Prereq: 2211. Not open to students with credit for 220.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Not open to students with credit for 405.01. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3511 Introduction to Costume Design	U	3	4000.02 Practicum: Sound	U	1 - 3
Fundamental exploration of methods of design and production as applies to costumes. Prereq: 2211. Not open to students with credit for 222.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3551 Stage Make-Up	U	3	4000.03 Practicum: Video	U	1 - 3
Practical application of theories and techniques of make-up design. Emphasis on presentational styles. Purchase of make-up kit required. Prereq: 2211. Not open to students with credit for 353.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3597 Issues of the Contemporary World: Censorship and Performance	U	3	4000.04 Practicum: Stage Design	U	1 - 3
Exploration of censorship in live performance in both Western and non-Western communities and the ways such practice links to governmental public policy or to pressure groups. Prereq: Jr or Sr standing. Not open to students with credit for 597. GE cross-disciplinary seminar course.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3611 Introduction to Lighting Design	U	3	4000.05 Practicum: Costuming & Makeup	U	1 - 3
Introduction to basic lighting design elements for the stage including research, collaboration, basic electrical practice, color theory, drafting, and lighting stage work. Prereq: 2211. Not open to students with credit for 221.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3731 Theatre Histories and Literatures	U	3	4000.06 Practicum: Lighting	U	1 - 3
Survey of representative theatre and performance from Western and non-Western traditions from classical Greece to present day. Prereq: 2100 (100) or 2101H (101H). Not open to students with credit for 531.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3812 Acting Studio I: Stanislavski	U	3	4000.07 Practicum: Dramaturgy	U	1 - 3
An intermediate acting studio exploring the Stanislavski basic acting technique of given circumstances, intentions, obstacles and strategies, in exercises, scenes and discussion. Prereq: 2811 (280). Not open to students with credit for 2812 or 380.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3813 Acting Studio II: Contemporary Scene	U	3	4000.08 Practicum: Acting	U	1 - 3
An intermediate acting studio focusing on scene study and dramatic analysis, utilizing contemporary plays, and studying current playwrights. Prereq: 2811 (280). Not open to students with credit for 2813 (381).			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor, by audition. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3814 Acting Studio III: Special Topics	U	3	4000.09 Practicum: General	U	1 - 3
An advanced acting studio focused on various acting topics, techniques, and approaches. Topics may include Shakespeare, improvisation, period styles, and others. Prereq: 2811, and permission of instructor. Not open to students with credit for 382. Repeatable to a maximum of 9 cr hrs.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3815 Acting for the Camera	U	3	4000.11 Practicum: Theatre Management	U	1 - 3
An advanced acting class focusing on the specific challenges of acting for the camera. Prereq: 2811, and permission of instructor.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
3821 Accents and Dialects	U	3	4000.14 Practicum: Technical Direction	U	1 - 3
The fundamentals of acquiring dialects for the stage. Prereq: 2811. Not open to students with credit for 384.			Individual theatrical performance and production activities at an advanced level under faculty supervision. Prereq: Permission of instructor. Repeatable to a maximum of 18 cr hrs or 8 completions.		
4191 Internship in Theatre	U	1 - 12			
A cooperative education or internship assignment conducted under the supervision of a faculty member. Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 3 completions. This course is graded S/U.					

4194 Group Studies	U	1 - 3	5231 Topics in Technical Theatre	U G	1½
Group studies. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions.					
4821 Singing Actor	U	3	5241 Topics in Sound Technology	U G	3
The fundamentals of acting through song. Prereq: 2811.					
4921S Performance Studies in Outreach Theatre	U	3	An exploration of topics on theatrical sound including audio system form and function, live mix, aesthetics of sound, audio engineering and theatrical sound design.		
Use of improvisational acting techniques to develop the performance of an outreach touring theatre production. Prereq: Permission of instructor, by audition. Repeatable to a maximum of 6 cr hrs.					
4998 Undergraduate Scholarship: Research and Creative Activity in Theatre	U	1 - 12	Prereq: 3241 or 5212. Repeatable to a maximum of 9 cr hrs.		
Undergraduate research or creative activities in varying topics leading towards a creative project without a thesis. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.					
4998H Undergraduate Scholarship: Research and Creative Activity in Theatre	U	1 - 12	5261 Theatre Graphics I	U G	3
Undergraduate research or creative activities in varying topics leading towards a creative project without a thesis. Prereq: Honors standing, and permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.					
4999 Undergraduate Thesis Scholarship: Research and Creative Activity in Theatre	U	1 - 12	An examination of drafting techniques and graphics presentation in relation to theatre design and technology, with an emphasis on 2D environments.		
Undergraduate research or creative activities in varying topics that will lead to a thesis. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.					
4999H Undergraduate Honors Thesis Scholarship: Research and Creative Activity in Theatre	U	1 - 12	Prereq: Not open to students with credit for 621.01.		
Undergraduate research or creative activities in varying topics that will lead towards an Honors thesis. Prereq: Honors standing and permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.					
5111 Advanced Stage Directing	U G	3	5262 Theatre Graphics II	U G	1½
Principles, techniques and practices of advanced stage directing with an emphasis on text analysis, research and process. Prereq: 3111 (310). Not open to students with credit for 610.					
5177 Alexander Technique	U G	1 - 2	An exploration of advanced techniques in theatre drafting and graphics, with an emphasis on 3D environments.		
The relationship of kinesthetic perception and the postural reflexes to physical coordination in performance. Prereq: Permission of instructor. Repeatable to a maximum of 8 cr hrs or 4 completions. Cross-listed in Dance and Music.					
5189 Field Work in Theatre, Cinema, or Video	U G	1 - 12	Prereq: Not open to students with credit for 621.02.		
Planned production or management experience in an off-campus professional, educational, community theatre, film or video facility, or other agency under supervision. Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 3 completions. This course is graded S/U.					
5193 Individual Studies	U G	1 - 3	5263.01 Theatre Graphics III: Scenic	U G	1½
Conference, library, and laboratory work. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.					
5194 Group Studies	U G	1 - 3	An exploration of scenic graphics and presentation software generally recognized as industry standards in the theatre.		
Group Studies. Repeatable to a maximum of 12 cr hrs or 4 completions.					
5211 Production Design I	U G	3	5263.02 Theatre Graphics III: Lighting	U G	1½
Investigation of scenic, costume, lighting, sound, and media design techniques for production. Research, design, and preparation of design and technical materials for several playscripts. Prereq: 2211, or permission of instructor.					
5212 Production Design II	U G	3	An exploration of lighting graphics and presentation software generally recognized as industry standards in the theatre.		
Further investigation of theatre design techniques for production. Comprehensive research for a play; collaboration with a guest director. Advanced preparation of design and technical materials. Prereq: 5211.					
5220 Professional Aspects	U G	3	5263.03 Theatre Graphics III: Costume	U G	1½
Study of the professional theatre as a business; contracts, unions, the theatre marketplace; preparation of resumes, portfolios, audition pieces, interview. Prereq: Not open to students with credit for 600.					
5221 Theatre Management	U G	3	An exploration of costume graphics and presentation software generally recognized as industry standards in the theatre.		
Principles, practices, and techniques of theatre management and a survey of modern management techniques. Prereq: Not open to students with credit for 601.					
5310 Fundamentals of Media Design	U G	3	5311 Film/Video Production I	U G	3
A foundational introduction to the skills, tools, best practices, collaborative processes, and theories for media and projection design in a live performance production environment. Prereq: 2211, or permission of instructor.					
5321 Film/Video Production I	U G	3	Basics of film/video production through lectures, analysis, and projects. Camera, sound, lighting, and editing techniques are practiced in collaborative and individual settings.		
Prereq: Permission of instructor. Not open to students with credit for 634.					
5322 The Art of Editing	U G	3	Prereq: 5321 and permission of instructor. Not open to students with credit for 633.		
Exploration of post-production techniques from editorial concepts to outputting video. Students will expand their knowledge of the editorial process and their analytical skills.					
5323 Film/Video Production II	U G	3	5323 Intermediate Film/Video Production	U G	3
Intermediate film/video analysis and production through research and project assignments with camera, sound, lighting, and editing techniques. Prereq: 5321, or permission of instructor. Repeatable to a maximum of 9 cr hrs.					
5331 Screenwriting	U G	3	Prereq: 5323, or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
Exploration of creative script-writing for video/cinema; development of short or feature length scripts. Prereq: Permission of instructor. Not open to students with credit for 636.					
5341 Studies in the Documentary	U G	3	5341 Studies in the Documentary	U G	3
Exploration of the conceptual, aesthetic, critical, social, ethical, and practical issues in the practice of documentary and reality production of cinema and video works. Prereq: Permission of instructor. Not open to students with credit for 777.					
5411 Scenic Design I	U G	3	Exploration of the conceptual, aesthetic, critical, social, ethical, and practical issues in the practice of documentary and reality production of cinema and video works.		
Presentation of scenic design in three dimensional model form; emphasis on designing for non-proscenium production. Prereq: Not open to students with credit for 643.					
5412 Scenic Design II	U G	3	5412 Scenic Design II	U G	3
Presentation of multiple-setting, scenic design in three dimensional models, renderings and sketches; emphasis on story boarding to show clear progression of scenic changes. Prereq: Not open to students with credit for 644.					
5441 Period Styles for Production	U G	3	Prereq: Not open to students with credit for 649 and 650.		
An exploration of period styles from ancient to contemporary; emphasis on architecture, clothing, furniture, jewelry, textiles, and decorative objects. Prereq: Not open to students with credit for 649 and 650.					
5511 Costume Design Techniques	U G	3	5511 Costume Design Techniques	U G	3
Exploration of methods and techniques of design as applies to costumes. Prereq: Not open to students with credit for 656.					
5531 Intermediate Stage Costume Construction	U G	3	Practical application of theories and techniques of costume/clothing construction. Includes setting collars, sleeves, application of closures. Prereq: Not open to students with credit for 651.		

426 Theatre

5611	Lighting Design	U G	3	5835	Special Topics in Movement for the Stage	U G	3
	A study of light as a design element for theatrical performance; analysis and preparation of designs for realized and theoretical theatre applications.				Intensive study of a problem related to movement of the actor for the purpose of developing specific principles and practices.		
	Prereq: Not open to students with credit for 625.				Prereq: 3831 (2831), or permission of instructor. Repeatable to a maximum of 9 cr hrs.		
5621	Lighting Technology/Production	U G	3	5899	Workshops	U G	1 - 12
	An examination of the craft of theatre technology, with an emphasis on technical projects as associated with the responsibilities of a production electrician.				Intensive study of a problem common to the participants for the purpose of developing principles and practices relating to it.		
	Prereq: Not open to students with credit for 628.				Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 4 completions.		
5720	Dramaturgy: Theory and Practice	U G	3	5911	New Works Lab	U G	3
	Survey of history, theory, and practical exercises in production dramaturgy, the art of interrogating plays in production.				New writers experiment with a variety of contemporary techniques to write, act, direct and improv short plays, oral histories, video and solo works.		
					Repeatable to a maximum of 6 cr hrs or 2 completions.		
5731	London Theatre and Culture	U G	2	5921	Performing and Teaching Shakespeare for the Actor: A Toolkit	U G	3
	This course prepares students for the London Theatre Program study abroad experience at Ohio State.				An exploration of methods for interpreting, performing, and teaching Shakespeare. Emphasis on Stand Up for Shakespeare technique, the work of John Basil, John Barton, and the Lessac voice system. Students will develop exercises and lessons intended for K-12 students.		
	Repeatable to a maximum of 6 ch hrs.				Prereq: 2831 (383), or permission of instructor.		
5741	Czech Theatre and Culture	U G	3	5922S	Shakespeare and Autism	U G	3
	An introduction to the language, history, and culture of the Czech Republic designed to prepare students for an international experience. The course is a combination of instructor led lectures, discussions and presentations including a wide variety of Czech visual materials, and is a prerequisite for students participating in the Prague Theatre Study Tour Program.				An ensemble-based interdisciplinary service-learning course where students are trained in the Hunter Heartbeat Method intervention and then conduct interactive workshops with children on the autism spectrum.		
	Prereq: 2100 (100), and acceptance to the Prague Theatre Study Tour, and permission of instructor. Repeatable to a maximum of 9 cr hrs.				Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs.		
5751	Performance and Culture in Cuba	U G	2	5961	Playwriting	U G	3
	This course explores culture in Cuba, past and present, with emphasis on the performing and visual arts. We consider the important historical, economic, and political contexts that inform Cuban arts today.				Students will write 10-minute plays as exploratory exercises, analyze contemporary plays to deepen familiarity with the theatrical form, and, as a final project, write a one-act play which will receive a staged reading. Seminar and Workshop.		
					Prereq: Not open to students with credit for 660.		
5771.01	The History and Practice of Devising Theatre	U G	3	5971	Adaptation	U G	3
	Advanced study on the history of creating new performance works through the collaborative, collective artistic process of devising.				In various guises (translation, revision, revival, recycling, burlesque, travesty, parody, adaptation, theft) the stage has long been a site of mythological and textual reiteration. The course examines the ways in which a select group of texts have found their ways onto the English-speaking stage again and again. The course contextualizes adaptation as a theatrical practice elemental to cultures.		
					Prereq: Permission of instructor.		
5771.02	Theatre for Social Change	U G	3	6194	Group Studies	G	1 - 3
	Advanced study of theatre and performance strategies used for social change and community engagement which includes Theatre for Development, and Augusto Boal's theory and practice.				Group Studies.		
					Repeatable to a maximum of 12 cr hrs or 4 completions.		
5771.03	Out There Alone: The History of Solo Performance	U G	3	6421	Scene Painting	G	3
	Advanced study of the ubiquitous solo performer that considers the classical Greek rhapsodies, to Chautauqua, to contemporary solo artists, many of whom create new works.				Techniques used in scene painting; mixing and matching colors, rendering texture and form, enlarging painter's elevations; types of paints used in scene painting.		
					Prereq: Not open to students with credit for 642.		
5771.04	American Voices	U G	3	6431	Stage Properties	G	1½
	Advanced study of a focused theatre history topic such as African American, Latino/a, Asian American, Native American, women playwrights, and gay and lesbian theatre.				Exploration of scenic/design technology topics including stage properties, advanced scene painting, surface treatments.		
					Prereq: Not open to students with credit for 646.		
5771.05	All Singing, All Dancing: The History of Musical Theatre	U G	3	6651	Digital and Physical Lighting	G	4
	Advanced study on the history and contemporary practice of the art form of musical theatre including an emphasis on the American Rock Musical.				Introduction to basic principles and concepts of lighting as used in theatre and computer graphics. Working in collaborative teams, students develop and execute installation schemes.		
					Prereq: Permission of instructor. Not open to students with credit for 754. Cross-listed in ArtsCol.		
5771.06	International Theatre and Performance	U G	3	6701	Research Methods	G	2 - 4
	Advanced study of a focused international theatre history topic such as African, Spanish and Portuguese, Asian theatre, theatre masks, puppets, Irish diaspora.				Introduction to research methods, tools, and resources in live theatre and recorded performance, and directed research in student's area of focus.		
					Prereq: Not open to students with credit for 801. Repeatable to a maximum of 4 cr hrs.		
5771.07	Crones, Curmudgeons, and Living Treasures - Theatre and Aging	U G	3	6811	Advanced Acting Studio I	G	3
	History, theory and literature of the Senior Theatre Movement from its beginnings to the present from both theatrical and gerontological perspectives.				A graduate acting class focused on exploring basic realistic acting techniques.		
	Prereq: Not open to students with credit for 675.01.				Prereq: Not open to students with credit for 780.		
5771.09	Performance in Media: Film, Video and Digital	U G	3	6812	Advanced Acting Studio II	G	3
	Advanced study on the history and contemporary practice of technology and media used in contemporary live performance, such as moving lights, projections, film, video and digital animation.				A graduate acting class focused on Shakespeare and period styles.		
					Prereq: Not open to students with credit for 781.		
5771.10	Strutting and Fretting Upon the Stage: 400 Years of Shakespeare in Production	U G	3	6813	Advanced Acting Studio III	G	3
	Explores the history of Shakespeare's plays in production over the last four centuries. Students will seek to understand how his plays reflect the historical moments in which they are interpreted. Students will research and present on a specific production.				A graduate acting class focused on contemporary non-realistic acting and acting for the camera.		
					Prereq: Not open to students with credit for 782.		
5798.01	Study Tour: Domestic	U G	1 - 12	6821	Foundational Skills in Voice	G	3
	Group domestic travel experience. Specific content, location, prerequisites, and semester of offering vary.				A graduate course in voice production for the theatre.		
	Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 4 completions.				Prereq: Permission of instructor. Not open to students with credit for 786.		
5798.02	Study Tour: International	U G	1 - 12	6831	Mime and Stage Combat	G	3
	Group foreign travel experience. Specific content, location, prerequisites, and semester of offering vary.				Focus on Etienne Decroux and Marcel Marceau's techniques and styles and include techniques of Stage Combat.		
	Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 4 completions.				Prereq: Permission of instructor. Not open to students with credit for 685 and 687.		
5831	Mime	U G	3				
	Introduction to Mime: This course will focus on Etienne Decroux and Marcel Marceau's techniques and styles.						
	Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 2 completions.						

6999 Research in Theatre: Thesis	G	1 - 4	
Research for thesis purposes only.			
Repeatable to a maximum of 16 cr hrs or 4 completions. This course is graded S/U.			
7000.01 Practicum: Stage Management	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.02 Practicum: Sound	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.03 Practicum: Video	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.04 Practicum: Stage Design	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.05 Practicum: Costuming & Makeup	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.06 Practicum: Lighting	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.07 Practicum: Dramaturgy	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.08 Practicum: Acting	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor by audition. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.09 Practicum: General	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.11 Practicum: Theatre Management	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.14 Practicum: Technical Direction	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7000.18 Practicum: Directing	G	1 - 5	
Individual theatrical performance and production activities at an advanced level under faculty supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
7189 Field Work in Theatre, Cinema, or Video	G	1 - 12	
Planned production or management experience in an off-campus professional, educational, community theatre, film or video facility, or other agency under supervision.			
Prereq: Permission of instructor. Repeatable to a maximum of 36 cr hrs or 3 completions. This course is graded S/U.			
7311 Advanced Moving Image Art	G	3	
Exploration of sketchbook approach to research and development of creative cinema/video projects.			
Prereq: Permission of instructor. Not open to students with credit for 813.			
7312 Screen Media	G	3	
Exploration of video images in conjunction with live performance, installation or adaptation of theatre works through the integration and expansion of technical and analytical skills.			
Prereq: Permission of instructor. Not open to students with credit for 814.			
7511 Advanced Costume Design	G	3	
Exploration of advanced topics in costume design, including historical drama, comedy, musicals, opera and dance. Emphasis on various rendering techniques and fabrication of designs.			
Prereq: 5211 and 5212. Repeatable to a maximum of 9 cr hrs.			
7701 Greek, Roman and Medieval Theatre and Performance: History, Literature and Theory	G	4	
Advanced study and directed research in Greek, Roman, Medieval performance texts, criticism and history.			
7702 Early Modern to the Enlightenment: Theatre, Performance, Theory, Text	G	4	
Advanced study and directed research in early modern to Enlightenment theatre, performance, theory and criticism.			
7703 Mass Entertainment, Modernism and the Rise of Realism	G	4	
Advanced study of popular entertainment in the mid to late 19th century, the rise of realism, performance, theory and criticism.			
7704 Contemporary Theatre and Performance: Experimentation and New Media	G	4	
Advanced study of contemporary performance with particular focus on the Wexner Center for the Arts season, including New Works and New Media, theory and criticism.			
7821 Advanced Dialects	G	3	
Dialect analysis and acquisition for the theatre.			
Prereq: Not open to students with credit for 880.			
7831 Advanced Movement	G	3	
Fundamentals of movement for actors: Studies in how the body (the actor's instrument) works and how the body moves.			
Prereq: Not open to students with credit for 781 and 887.			
7832 Viewpoints and Suzuki Physical Acting	G	3	
Viewpoints training: Method of improvisation that builds ensembles, while strengthening acting, directing and choreography. Suzuki, a martial arts style of physical training, will be incorporated.			
Prereq: Not open to students with credit for 773 and 887.			
7841 Advanced Script Analysis for the Actor	G	3	
Advanced script analysis for the actor that explores different approaches to text based on the stylistic demands of a play.			
Prereq: Not open to students with credit for 710.			
7899.01 Criticism and Theory	G	2 - 4	
Special Topics Seminar in Criticism and Theory.			
Repeatable to a maximum of 32 cr hrs or 8 completions.			
7899.02 New Media and Performance	G	2 - 4	
Special Topics Seminar in New Media and Performance.			
Repeatable to a maximum of 32 cr hrs or 8 completions.			
7899.03 Dramatic Literature	G	2 - 4	
Special Topics Seminar in Dramatic Literature.			
Repeatable to a maximum of 32 cr hrs or 8 completions.			
7899.04 Performance Studies	G	2 - 4	
Special Topics Seminar in Performance Studies.			
Repeatable to a maximum of 32 cr hrs or 8 completions.			
7899.05 Physical and Devised Theatre	G	2 - 4	
Special Topics Seminar in Physical and Devised Theatre.			
Repeatable to a maximum of 32 cr hrs or 8 completions.			
7899.06 Playwriting	G	2 - 4	
Special Topics Seminar in Playwriting.			
Repeatable to a maximum of 32 cr hrs or 8 completions.			
7899.07 Special Topics: Theatre History	G	2 - 4	
Special Topics Seminar in Theatre History.			
Repeatable to a maximum of 32 cr hrs or 8 completions.			
7911 Composition	G	3	
Advanced instruction in learning multiple ways of creating new performance work.			
Prereq: Not open to students with credit for 888.			
8000.01 Advanced Studies: Stage Management	G	1 - 5	
Advanced Studies in Stage Management.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
8000.02 Advanced Studies: Sound	G	1 - 5	
Advanced Studies in Sound.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
8000.03 Advanced Studies: Video	G	1 - 5	
Advanced Studies in Video.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			
8000.04 Advanced Studies: Stage Design	G	1 - 5	
Advanced Studies in Stage Design.			
Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.			

428 Theatre

8000.05 Advanced Studies: Costuming & Makeup	G	1 - 5	8798.02 Study Tour: International	G	1 - 12
Advanced Studies in Costuming and Makeup. Prereq: Permission of Instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.06 Advanced Studies: Lighting	G	1 - 5	8811 Advanced Acting Studio IV	G	3
Advanced Studies in Lighting. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.07 Advanced Studies: Dramaturgy	G	1 - 5	8911 Devising: Techniques of Creating New Work	G	3
Advanced Studies in Dramaturgy. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.08 Advanced Studies: Acting	G	1 - 5	8912 Solo Projects	G	3
Advanced Studies in Acting. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.09 Advanced Studies: General	G	1 - 5	8921 Outreach and Engagement	G	3
General. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.11 Advanced Studies: Theatre Management	G	1 - 5	8990 Directed Teaching Experience in Theatre	G	1 - 3
Advanced Studies in Theatre Management. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.14 Advanced Studies: Technical Direction	G	1 - 5	8995 Proseminar	G	1 - 5
Advanced Studies in Technical Direction. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.17 Advanced Studies: Criticism	G	1 - 5	8999 Research in Theatre: Dissertation	G	1 - 3
Advanced Studies in Criticism. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.18 Advanced Studies: Directing	G	1 - 5	Turkish		
Advanced Studies in Directing. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.27 Advanced Studies: Theory	G	1 - 5	1101 Elementary Turkish I	U	4
Advanced Studies in Theory. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.37 Advanced Studies: History	G	1 - 5	Introduction to Turkish; development of listening, reading, speaking, and writing skills. Prereq: Not open to students with credit for 101, to native speakers through regular enrollment, or EM credit. This course is available for EM credit. GE for lang.		
Advanced Studies in History. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.46 Advanced Studies: Playwriting	G	1 - 5	1102 Elementary Turkish II	U	4
Advanced Studies in Playwriting. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8000.47 Advanced Studies: Dramatic Literature	G	1 - 5	Further development of listening, writing, speaking, and reading skills; reading of simplified Turkish texts. Not open to native speakers through regular enrollment or EM credit. Prereq: 1101. Not open to students with credit for 102. This course is available for EM credit. GE for lang course.		
Advanced Studies in Dramatic Literature. Prereq: Permission of instructor. Repeatable to a maximum of 32 cr hrs or 8 completions.					
8193 Individual Studies	G	1 - 3	1103 Intermediate Turkish I	U	4
Conference, library, and laboratory work. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 4 completions. This course is graded S/U.					
8411 Advanced Scenic Design	G	3	Reading of Turkish short stories and poems with attention to literary and cultural appreciation; development of basic language skills. Not open to native speakers through regular enrollment or EM credit. Prereq: 1102. Not open to students with credit for 101, 102, or 103. This course is available for EM credit. GE for lang course.		
Advanced topics in scenic design including musicals, opera and dance; design for alternative venues including industrials, themed entertainment, events and exhibitions. Prereq: 5211 and 5212. Repeatable to a maximum of 9 cr hrs.					
8521 Advanced Topics in Costume Technology	G	2 - 4	2101 Intermediate Turkish II	U	4
Advanced topic in draping, tailoring, costume crafts, millinery, wig and hair styling. Repeatable to a maximum of 12 cr hrs or 3 completions.					
8611 Advanced Lighting Design	G	3	Extensive reading from literary texts, with practice in conversation and composition. Not open to native speakers of this language. Prereq: 1103. Not open to students with credit for 201.		
Advanced topics in lighting design including musicals, operas, installations, design research and investigation in sources located in design collections held at the Theatre Research Institute. Prereq: 5611 and 6651. Repeatable to a maximum of 9 cr hrs.					
8621 Advanced Topics in Lighting Technology	G	2 - 4	2102 Intermediate Turkish III	U	4
Practical application of theories and techniques of lighting technology, with an emphasis on moving (or automated) lighting equipment, data, and control systems. Repeatable to a maximum of 12 cr hrs or 3 completions.					
8700.01 Candidacy Exam Preparation: Area of Specialization	G	1 - 4	The study of nineteenth and twentieth-century texts, with advanced composition and translation. Prereq: 2101. Not open to students with credit for 202.		
Preparation for PhD candidacy examination in the student's area of specialization to be undertaken in tutorial with their faculty advisor.					
8700.02 Candidacy Exam Preparation: Cognate Area 1	G	1 - 4	2193 Individual Studies	U	1 - 5
Preparation for PhD candidacy examination in the student's area of specialization to be undertaken in tutorial with their faculty advisor.					
8700.03 Candidacy Exam Preparation: Cognate Area II	G	1 - 4	Individual studies. Prereq: Permission of instructor or department. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.		
Preparation for PhD candidacy examination in the student's Cognate Area II to be undertaken in tutorial with their faculty advisor.					
2241 Turkish Culture	U	3	2194 Group Studies	U	1 - 5
An introduction to Turkish culture through reading of literature and criticism, and listening and viewing of films, slides, and performances arranged for the class. Prereq: Not open to students with credit for 241. GE cultures and ideas and diversity global studies course.					

2701	Turkish Literature in Translation	U	3
A study of Turkish literature and the history of its discourses, genres, and styles. Prereq: Not open to students with credit for 372. GE lit and diversity global studies course.			
3001	Advanced Turkish Syntax	U	4
Focuses on the acquisition of advanced Turkish syntax, and specifically on subordinate clauses. It will include advanced readings in literature and non-fiction. Prereq: 2102.			
4999H	Honors Research	U	1 - 3
A program of research for individual students which includes individual conferences and culminates in an honors thesis or oral defense. Prereq: Approved candidacy for graduation with distinction, which includes faculty adviser and ASC Honors Committee approval of project. A minimum 3.5 pt-hr ratio in the field of distinction, Sr standing, and CPHR commensurate with honors program membership. Repeatable to a maximum of 10 cr hrs or 5 completions. This course is graded S/U.			
5193	Individual Studies	U G	1 - 10
Individual Studies. Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions. This course is graded S/U.			
5194	Group Studies	U G	1 - 10
Group studies. Prereq: Permission of instructor. Repeatable to a maximum of 20 cr hrs or 5 completions.			
5377	Turkish Theatre, Music, & Dance	U G	3
Cross-cultural, multidisciplinary exploration of Turkish theatre, music, and dance in Anatolian folk traditions, classical Ottoman works, 20th Century movements, and those of the present day. Students address theoretical questions of Performance Studies with guided research, historical and ethnographic texts, and performance workshops. Prereq: Jr, Sr, or Grad standing; or permission of instructor.			
7193	Independent Study	G	1 - 10
Content varies. Repeatable to a maximum of 20 cr hrs or 10 completions. This course is graded S/U.			

Uzbek

1101	Elementary Uzbek I	U	4
Introduction to Uzbek language; development of listening, reading, speaking and writing skills. Prereq: Not available to native speakers. This course is available for EM credit. GE for lang course.			
1102	Elementary Uzbek II	U	4
Continued study of Uzbek Language, with appropriate cultural background; further development of listening, reading, speaking, and writing skills. Not open to native speakers. Prereq: 1101. This course is available for EM credit. GE for lang course.			
1103	Intermediate Uzbek I	U	4
Continued study of Uzbek Language, with appropriate cultural background; further development of listening, reading, speaking, and writing skills. Not open to native speakers. Prereq: 1102. This course is available for EM credit. GE for lang course.			
2101	Intermediate Uzbek II	U	4
Extensive reading from literary texts, with practice in conversation and composition. Not open to native speakers. Prereq: 1103.			
2102	Intermediate Uzbek III	U	3
Continued reading from literary texts, with further practice in conversation, composition, and translation. Not open to native speakers. Prereq: 2101.			
3102	Advanced Uzbek	U	3
This course aims: to increase fluency in oral expression; develop skills in listening, reading and writing; extend knowledge of literary Uzbek language; and enable research in Uzbek. Course will use four skills approach as well as communicative. Using authentic language materials (newspapers, journals, TV programs) will be emphasized. Prereq: 2102			

Veterinary Biosciences

6640	Fundamentals of Oncology	G V	4
Oriented towards graduate students in cancer-related programs, consisting of a series of lectures covering a variety of aspects of experimental oncology. Cross-listed in Pathol.			
7190.02	Applied Veterinary Medicine Experience	V	2 - 16
Field or laboratory study in the various areas of veterinary medicine through an approved experience with qualified professionals. Prereq: 4th yr standing in Veterinary Medicine Program. Repeatable to a maximum of 22 cr hrs or 11 completions.			

7193.01	Individual Studies in Veterinary Biosciences	G V	1 - 8
Laboratory, library, conference, and reports concerning animal disease problems. This course is to be used by Masters students for research experiences and for Doctoral students prior to candidacy.			
Repeatable to a maximum of 60 cr hrs or 60 completions. This course is graded S/U.			
7193.02			
7193.02	Individual Studies in Veterinary Biosciences	G V	1 - 2
Laboratory, library, conference, and reports concerning animal disease problems. The faculty and student agree on a course project suitable for a letter grade.			
Prereq: Grad or Prof standing in Veterinary Medicine program, and permission of instructor. Not open to students with credit for 696. Repeatable to a maximum of 5 cr hrs.			
7194.01	Group Studies in Veterinary Biosciences	G V	1
Group studies course in topic areas of veterinary biosciences.			
Prereq: Grad standing, or standing in VetMed program, or DVM, or equiv. This course is graded S/U.			
7194.02	Group Studies in Veterinary Biosciences	G V	1 - 3
Group studies course in topic areas of veterinary biosciences.			
Prereq: Grad standing, or standing in Veterinary Medicine program, or DVM, or equiv.			
Repeatable to a maximum of 15 cr hrs.			
7700	Functional Neuroanatomy	V	2
Structure and function of the Central Nervous System (CNS) studied through discussion and dissection with emphasis on three-dimensional relationships of selected brain and spinal cord regions.			
Prereq: VMColl 603. Not open to students with credit for 700.			
7710.14	Applied Veterinary Medicine: Applied Pathology	V	2
Students will perform necropsies of the major domestic species in the applied pathology rotation. The will learn to recognize and describe common gross pathologic lesions and become familiar with the role of histopathology in assessment of necropsy a			
Prereq: 4th yr standing in Veterinary Medicine Program. Not open to students with credit for VetClin 710.14. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.			
7710.50	Applied Veterinary Medicine: Clinical Pathology	V	2
Clinical experience in daily review of cytologies and blood smears from clinical cases using a multileadered microscope. Data from serum biochemical profiles and ancillary tests also will be reviewed. Teaching sets are available for additional review.			
Prereq: 4th yr standing in Veterinary Medicine Program. Not open to students with credit for 724. This course is graded S/U.			
7711	Basic Macroscopic Pathology	G V	1
Basic process of identifying gross lesions in domestic animals and some exotic species.			
Prereq: Not open to students with credit for 711.			
7712	Applied Veterinary Clinical Pathology	V	½
Designed to review how to evaluate cytology samples from various body systems using a videomicroscope and projected images.			
Prereq: VetMed 6618 (618). Not open to students with credit for 710.			
7715	Applied Virology	G V	1
Problem-based cases will be used to promote self-directed learning in the concepts of virus-induced disease. Emphasis will be on the development of thinking skills to identify questions and problems related to virus-associated diseases in animals.			
Prereq: Grad standing or professional standing in Veterinary Medicine program; or permission of instructor. Not open to students with credit for 715.			
7720	Applied Histopathology	G V	2
Interpret histological tissue in actual case material. These changes will be interpreted in the context of clinical history and gross post-mortem findings in order to reconstruct the disease progression.			
Prereq: VMColl 6550.02 (550.02) and 6530 (530), or permission of instructor. Not open to students with credit for 719 of 720.			
7741	Molecular Biology and Pathogenesis of Viruses	G V	5
An integrated study of the molecular mechanisms of virus replication and host-virus relationships that control virus pathogenesis or use as a therapeutic agent.			
Prereq: Grad or Prof standing in Veterinary Medicine program, or permission of instructor. Not open to students with credit for 741. Cross-listed in MolGen and MVImg.			
7777	Veterinary Plant Toxicology	V	1
To familiarize the veterinary student with toxic plants and their diagnosis and treatment of toxicity.			
Prereq: Prof standing in Veterinary Medicine program, or permission of instructor. Not open to students with credit for 777.			
7790	Electrocardiography	G V	2
Genesis of components of the ECG. ECG changes indicating: disturbance in rhythm, chamber enlargement, abnormal AV conduction, abnormal inter/intra-ventricular conduction, myocardial injury, electrolyte disturbance, drug toxicity.			
Prereq: grad or professional standing in Veterinary Medicine program; or permission of instructor. Not open to students with credit for 790.			

430 Veterinary Biosciences

7791	Heart Sounds, Pressure Pulses, and Pressure-Volume Loops	G V	2
Physiological origin of heart sounds, murmurs, pressure pulses, and pressure-volume loops in health and disease.			
Prereq: 2nd or 3rd year standing for Veterinary Professional students. Not open to students with credit for 791.			
7800	Canine Surgical Anatomy	V	2
Detailed study of regional anatomy of the thoracic and pelvic limbs as it relates to selected surgical approaches to the limb and joints.			
Prereq: VMColl 520, and professional standing in Veterinary Medicine program; or permission of instructor. Not open to students with credit for 693. This course is graded S/U.			
7801	Advanced Feline Veterinary Anatomy	V	2
Detailed study of feline body systems based on a regional anatomic approach and small group presentation.			
Prereq: VMColl 520, and professional standing in Veterinary Medicine program; or permission of instructor. Not open to students with credit for 693. This course is graded S/U.			
7807	Gene Expression: Post-Transcriptional Control	G V	3
Intensive study of problems in the general area of post-transcriptional control of gene expression. The course consists of student presentations and class evaluations of recently published results in these fields.			
Prereq: Grad or professional standing in Veterinary Medicine program; or permission of instructor. Not open to students with credit for 880.07. Cross-listed in MolGen 7807.			
7852	Hematology Case Discussion	V	½
A discussion of laboratory data from clinical cases in an interactive small group setting. The focus is on hematology. Weekly case discussions require student participation.			
Prereq: VMColl 6618 (618), and 3rd-year standing in Veterinary Medicine program. Not open to students with credit for 852. This course is graded S/U.			
7900	Data Management for Researchers	G	1
Covers all aspects of research data management best practices, as defined by funding agency requirements. Topics include planning for data organization, documentation, preservation, and sharing in an increasingly complex digital environment.			
8739	Specialty Training in Clinical Pathology	G	1 - 10
In-depth study of common laboratory tests, specialized and ancillary laboratory tests, principles of laboratory testing, and quality assurance with an emphasis on data analysis from clinical patients.			
Prereq: Grad or Doct standing in VMColl, or equiv, or permission of instructor. Not open to students with credit for 739. Repeatable to a maximum of 50 cr hrs or 10 completions. This course is graded S/U.			
8810	Advanced Systemic Pathology 1: Laboratory Animal Pathology	G	2
Lecture course covering the principle diseases of laboratory mice, rats, nonhuman primates rabbits, guinea pigs, hamsters, gerbils, and fish as well as lower vertebrates and animals in zoological collections and wildlife species.			
Prereq: DVM or equiv. Not open to students with credit for 810.			
8811	Advanced Systemic Pathology 2	G	2
Advanced pathology covering the reproductive, endocrine, ophthalmic, and cardiovascular systems of domestic animals.			
Prereq: VetBios students in the Combined Pathology Residency/PhD program, or DVM students; or permission of team leader. Not open to students with credit for 811.			
8812	Advanced Systemic Pathology 3	G	2
Advanced pathology covering the respiratory, nervous, and musculoskeletal systems of domestic animals.			
Prereq: DVM or equiv. Not open to students with credit for 812.			
8813	Advanced Systemic Pathology IV	G	2
Advanced Pathology covering the hemic-lymphatic, hepatobiliary, digestive systems, and dermatopathology.			
Prereq: Enrollment in DVM degree program, or equiv.			
8814	Advanced Systemic Pathology 5	G V	1
Advanced pathology covering the hemic-lymphatic system of domestic animals.			
Prereq: VetBios students in the Combined Pathology Residency/PhD Program, or DVM students; or permission of team leader.			
8815	Advanced Systemic Pathology VI	G V	1
Advanced pathology covering the urinary system of domestic animals.			
Prereq: VetBios students in the Combined Pathology Residency/PhD program, or DVM students; or permission of team leader.			
8855	Commercialization for Researchers and Healthcare Professionals	G	2
Teaches the basics of commercialization of university discoveries including invention reporting and assessment, intellectual property, project development, market analysis, marketing, licensing, startups, and conflicts of interests.			
Repeatable to a maximum of 4 cr hrs.			

8891	Research Seminar in Veterinary Biosciences	G	V	1
Presentation of new scientific knowledge in weekly seminars by faculty and graduate students.				
Prereq:	Grad standing or Prof standing in Veterinary Medicine program. Repeatable to a maximum of 18 cr hrs. This course is graded S/U.			
8893.01 Applied Comparative Pathology G 1 - 4				
Advanced training in gross dissection and interpretation of gross lesions in animals.				
Prereq:	DVM degree or equiv. Not open to students with credit for 718. Repeatable to a maximum of 12 cr hrs or 3 completions. This course is graded S/U.			
8893.02 Veterinary Surgical Pathology G 1				
Case-based from surgical biopsies from the Veterinary Medical Center. Students cut in biopsy material, interpret prepared slides, make a diagnosis and write reports under supervision of a faculty pathologist.				
Prereq:	Grad standing in Veterinary Medicine Program, and DVM degree; or equiv. Not open to students with credit for 815. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.			
8895.02 Seminars in Diagnostic Veterinary Pathology G 1				
Seminars correlating lesion interpretation, pathogenesis and clinical signs in veterinary cardio-, dermato-, gross, lab animal, large animal, neuro-, ophthalmic, surgical, and zoo pathology.				
Prereq:	Grad standing in Veterinary Medicine program, or permission of instructor. Not open to students with credit for 795. Repeatable to a maximum of 18 cr hrs. This course is graded S/U.			
8895.03 Seminar in Veterinary Clinical Pathology G 1				
Designed to prepare clinical pathology residents for a career in clinical pathology through in-depth discussion of the principles and application of laboratory testing and quality assurance and interpretation of laboratory data.				
Prereq:	Grad or Doct standing in VMColl, or equiv, or permission of instructor. Not open to students with credit for 800.01. Repeatable to a maximum of 10 cr hrs. This course is graded S/U.			
8895.04 Veterinary Histopathology Seminar G 1				
Weekly histopathology seminars to establish written and oral microscopic descriptive skills and correlate interpretation with pathogenesis.				
Prereq:	Grad standing or permission of instructor. Not open to students with credit for 800.02. Repeatable to a maximum of 18 cr hrs. This course is graded S/U.			
8999 Research in Veterinary Biosciences G 1 - 10				
Research for dissertation purposes only.				
Prereq:	Grad standing in Veterinary Medicine program; or permission of instructor. Not open to students with max credit for 999. Repeatable to a maximum of 60 cr hrs or 60 completions. This course is graded S/U.			
Veterinary Clinical Sciences				
7193.01 Independent Studies in Veterinary Clinical Sciences G V 1 - 8				
A supervised critical investigation of some aspects of animal disease about which there is mutual curiosity of both students and faculty. This course covers research experiences of Masters students and Doctoral students prior to candidacy.				
Prereq:	Standing in Veterinary Medicine program, or Grad standing. Repeatable to a maximum of 60 cr hrs or 60 completions. This course is graded S/U.			
7193.02 Individual Studies in Veterinary Clinical Sciences G V 1 - 2				
A supervised critical investigation of some aspects of animal disease about which there is mutual curiosity of both students and faculty. The faculty and student agree on a course project suitable for a letter grade.				
Prereq:	Grad or Prof standing in Veterinary Medicine program, and permission of instructor. Repeatable to a maximum of 5 cr hrs.			
7194.01 Group Studies in Veterinary Clinical Sciences G V 1 - 3				
Group studies course in topic areas of veterinary clinical sciences.				
Prereq:	Grad standing in Veterinary Medicine program, or equiv. Repeatable to a maximum of 15 cr hrs. This course is graded S/U.			
7194.02 Group Studies in Veterinary Clinical Sciences G V 1 - 3				
Graded group studies course in topic areas of veterinary clinical sciences.				
Prereq:	Grad standing, DVM or equivalent, or veterinary medicine program standing.			
7622 Advanced Equine Medical and Surgical Procedures V 1				
A laboratory course designed to develop skills in ultrasound examination, proper use of diagnostic nerve blocks and intra-articular injections, and surgical procedures in the horse.				
Prereq:	VMColl 7617 and 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 622.01.			
7700.99 Applied Veterinary Medicine: General Rotation V 1				
Students participate in various clinical rotations to reinforce knowledge and clinical practice.				
Prereq:	4th yr standing in Veterinary Medicine program. This course is graded S/U.			
7710.01 Applied Veterinary Medicine: Community Practice V 2				
Problem-solving and clinical skills taught by physical examination, diagnosis and treatment of client-owned animals. Disease prevention and client education are emphasized, such as nutrition, vaccinations, parasite control, dentistry, animal behavior.				
Prereq:	4th year standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.			

7710.02 Applied Veterinary Medicine: Shelter Medicine V 2

This two week clinical elective provides 4th year vet. students an opportunity for hands on experience in veterinary shelter medicine in a privately funded, non-profit, managed admission shelter, the Capital Area Humane Society.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.03 Applied Veterinary Medicine: Small Animal Internal Medicine V 2

Patient diagnosis and management in small animal internal medicine service, including patient care responsibility, client communication, and interactions with all members of the patient care team. Students will build on and apply knowledge gained.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.04 Applied Veterinary Medicine: Small Animal Surgery - Soft Tissue V 2

Clinical experience in the management of surgical diseases of small animal patients. Students will be responsible for the preoperative, operative, and postoperative treatment for animals presented to the small animal surgery soft tissue service.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.05 Applied Veterinary Medicine: Small Animal Surgery - Orthopedics V 2

Clinical experience in the surgical management of orthopedic diseases of small animal patients. Students will be responsible for the preoperative, operative, and postoperative treatment of patients presented for small animal orthopedic surgery.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.06 Applied Veterinary Medicine: Farm Animal Medicine and Surgery V 2

Diagnosis, management, and prevention of medical and surgical diseases of farm animals. Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.07 Applied Veterinary Medicine: Large Animal Ambulatory Services V 2

Provides students with experience working in a large animal clinic, including patient care and business management aspects. Provides instruction in production medicine and its role in modern agriculture.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.08 Applied Veterinary Medicine: Equine Medicine V 2

Application of the principles of diagnosis, treatment, and prevention of medical diseases of horses.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.09 Applied Veterinary Medicine: Equine Surgery V 2

Application of the principles of diagnosis, treatment, and prevention of surgical diseases of horses.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.10 Applied Veterinary Medicine: Equine Field Service V 2

Application of the principles of diagnosis, treatment, and prevention of diseases of horses.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.13 Applied Veterinary Medicine: Clinical Anesthesiology V 2

Students will assess large and small animal patients for anesthesia, select proper anesthesia protocols, learn proper use of anesthetic equipment, and induce, maintain, monitor, and recover patients in a supervised hospital anesthesia practice.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.15 Applied Veterinary Medicine: Small Animal Critical Care V 2

Evaluation, monitoring and management of small animal patients in the intensive care unit and interactions with all members of the patient care team. Students will build on and apply knowledge gained in the pre-clinical curriculum.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.16 Applied Veterinary Medicine: Small Animal Emergency V 2

Evaluation and management of small animal patients presented to the emergency service and interactions with all members of the patient care team. Students will build on and apply knowledge gained in the pre-clinical curriculum.

Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 710.11. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.17 Applied Veterinary Medicine: Comparative Ophthalmology V 2

Application of principles of diagnosis and treatment of diseases of the eye to animal patients, including dogs, cats, horses, and farm animals.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.18 Applied Veterinary Medicine: Dermatology V 2

Patient diagnosis and management in the dermatology service, including patient care, client communication, and interactions with all members of the patient care team. Students will build on and apply knowledge gained in the pre-clinical curriculum.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.19 Applied Veterinary Medicine: Cardiology V 2

Clinical instruction in diagnosis, treatment and prevention of cardiovascular diseases of animals, including patient care, client communication, and interactions with all members of the patient care team.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.20 Applied Veterinary Medicine: Small Animal Neurology V 2

Patient diagnosis and management in the neurology service including patient care, client communication, and interactions with all members of the patient care team. Students will build on and apply knowledge gained in the pre-clinical curriculum.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.21 Applied Veterinary Medicine: Small Animal Oncology V 2

Patient diagnosis and management in the oncology service, including patient care, cytology and imaging interpretation, client communication, and interactions with all members of the patient care team.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.22 Applied Veterinary Medicine: Theriogenology V 2

Clinical experience with diagnosis and treatment of reproductive disorders of dogs, cats, cattle and horses, including assisted reproductive procedures.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.26 Surgical Oncology V 2

Senior veterinary students will learn and understand a comprehensive approach to cancer management in small animals. They will learn the principles of surgical oncology, postoperative management, and follow-up care. This rotation is meant to strengthen and enhance their knowledge of surgical diseases, perioperative monitoring and care, and technical skills.

Prereq: 4th year standing in VetMed.

7710.50 Applied Veterinary Medicine: Diagnostic Imaging V 2

Students will further develop their image interpretation skills. Emphasis on conventional radiography but alternate imaging modalities such as CT, MRI and nuclear medicine may be included. Students may customize their learning experience based on their area of interest (e.g. equine, small animal, food animal). Students are not expected to participate in the technical aspects of diagnostic imaging.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.51 Applied Veterinary Medicine: Ultrasonography V 2

Clinical experience with diagnostic ultrasonography for veterinary students working under daily direction of the ultrasound technologist, faculty or resident in radiology.

Prereq: 4th yr standing in Veterinary Medicine program. This course is graded S/U.

7710.52 Applied Veterinary Medicine: Radiation Oncology V 2

Clinical experience in radiation oncology for veterinary students working under the daily direction of technologists, residents and faculty in radiology.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.53 Applied Veterinary Medicine: Small Animal Rehabilitation and Sports Medicine V 2

Clinical exposure to rehabilitation. Students will be responsible for patient care and selected treatment modalities of animals presented to the Rehabilitation and Sports Medicine Service.

Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.

7710.54 Applied Veterinary Medicine: Small Animal Behavior V 2

Students will observe and participate in behavioral medicine appointments as well as gain clinical experience in behavior wellness and low stress handling. Students will learn to assess and diagnose behavior and to create treatment and management plans for both Behavioral Medicine and Community Practice patients.

Prereq: 4th yr standing in the Professional Veterinary Program. Repeatable to a maximum of 4 cr hrs. This course is graded S/U.

7718 Clinical Problem Solving and Treatment in Small Animals I - Internal Medicine V 2

Exposes the student to approximately 30 clinical cases likely to be encountered in internal medicine of sick dogs and cats using an interactive format with progressive disclosure of information to the students.

Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 718.

432 Veterinary Clinical Sciences

7719	Clinical Problem Solving and Treatment in Small Animals II - Medical Subspecialties	V	2	7747	Small Ruminant Medicine and Surgery	G	V	2
	Problem-oriented course using case discussions to teach the diagnostic and therapeutic approach to the most common clinical problems in small animal internal medicine.				Common medical, surgical, and management related problems in sheep, goats, and South American camelids.			
	Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 719.				Prereq: DVM or equiv, or 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 747.			
7720	Introduction to Small Animal Clinical Nutrition	V	1	7748	Topics in Food Animal Medicine and Surgery	G	1	
	Basic concepts and principles of veterinary clinical nutrition and application of these concepts and principles to the nutritional care of small animal patients.				This literature based course affords the student opportunities to review the recent food-animal literature and present their review. Faculty will facilitate discussion.			
	Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 720.01.							
7721	Dialysis Therapy	G	1	7749	Equine Ophthalmology	V	1	
	Introduction to principles and practice of dialysis and related therapies.				Comprehensive problem-based discussions of equine ophthalmic cases, clinical patient examinations, and stall-side rounds, ophthalmic techniques laboratory and cadaver surgery laboratory.			
7722	Clinical Problems in Small Animal Cardiology	V	1		Prereq: VMColl 6612; 3rd year standing in Veterinary Medicine program. Not open to students with credit for 749.			
	Skills in physical examination, radiographic and electrocardiographic interpretation, and management of common cardiovascular diseases in a small group setting.			7750	Veterinary Anesthesia and Analgesia Pharmacology	G	2	
	Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 722.				Pharmacology of sedatives, anesthetics, and analgesics, pain mechanisms, and therapies as related to veterinary clinical patients.			
7723	Emergency & Critical Care Volunteer Program	V	1	7751	Equine Anesthesiology	G	V	1
	Clinical exposure to emergency receiving and medical management of hospitalized patients in the intensive care unit through volunteer shifts with the emergency and critical care service and attendance at clinical teaching rounds.				Review of the literature on equine anesthesia.			
	Prereq: 1st (second semester), 2nd, or 3rd yr standing in Veterinary Medicine program. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.				Prereq: DVM or equiv, or 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 751. This course is graded S/U.			
7724	Feline Medicine	V	1	7752	Advanced Veterinary Clinical Neurology	V	1	
	Survey of medical diseases unique to the cat and their management.				Presentation and discussion of common neurological problems and diseases.			
	Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 724. This course is graded S/U.				Prereq: 6603; 3rd year standing in Veterinary Medicine program. This course is graded S/U.			
7727	Avian Medicine and Surgery	V	2	7754	Veterinary Clinical Oncology	V	2	
	An overview of all aspects of avian medicine including nutrition, behavior, captive management, diagnostic and therapeutic techniques, disease problems, anesthesia and surgery. Includes companion birds, wildlife, backyard poultry and zoo species.				Provides veterinary students with advanced knowledge and understanding of oncology, including cancer diagnosis, chemotherapy, and client communications.			
	Prereq: 2nd or 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 727.				Prereq: Third-year standing in veterinary medicine program.			
7728	Veterinary Clinical Endocrinology	V	1	7762	Clinical Veterinary Ophthalmology	V	1	
	To familiarize pre-clinical veterinary students with the clinical presentation, laboratory abnormalities, and treatment of common endocrine disorders of dogs and cats.				A problem-based approach to differential diagnosis, final diagnosis, and treatment of ophthalmic diseases in large and small animals.			
	Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 728. This course is graded S/U.				Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 762. This course is graded S/U.			
7732	Equine Lameness and Gait Abnormalities	V	1½	7768	Integrative Medicine	V	1	
	Acquaints students with conditions of the horse that produce gait abnormalities as the presenting clinical complaint.				Overview of integrative medicine, including discussion of the basic science behind complementary modalities as well as their clinical effectiveness. Research considerations also will be presented.			
	Prereq: 2nd or 3rd year standing in Veterinary Medicine program. Not open to students with credit for 732.				Prereq: 1st (second semester), 2nd, 3rd, or 4th yr standing in Veterinary Medicine program. Not open to students with credit for 768.			
7733	Advanced Equine Medicine	V	2	7771	Applied Veterinary Clinical Dermatology	G	V	1
	Common medical problems in adult horses and foals using a problem-oriented, intensive approach.				Case-based problem-oriented studies of common dermatologic problems in dogs and cats.			
	Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 733.				Prereq: 6606, and 3rd yr standing in Veterinary Medicine program or Grad standing; or permission of instructor.			
7737	Equine Intensive Care	V	1	7772	Equine Cardiology	G	V	1
	Students will be taught to critically evaluate, treat and monitor patients in the equine intensive care unit through supervised patient contact and weekly seminars.				Clinical approach to the diagnosis and management of spontaneous cardiovascular diseases in the horse.			
	Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 737.				Prereq: DVM or equiv or 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 783.			
7738	Basic Equine Medicine	V	2	7773	Large Animal Radiographic Interpretation	V	2	
	Basic equine medicine and surgery, particularly as it applies to the pleasure horse population. Presented from the generalist's perspective and addressing problems most frequently encountered.				A review and practice of radiographic anatomy and interpretative skills of large animal diagnostic images with emphasis on the musculoskeletal system.			
	Prereq: 2nd or 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 738.				Prereq: 3rd yr standing in Veterinary Medicine program.			
7743	Basic Exotic Animal Medicine - Small Mammals	V	2	7774	Introduction to Alternate Imaging and Contrast Radiography	V	1	
	Provides a basic background for a new graduate veterinarian regarding exotic species commonly treated in a companion animal setting. The focus will be on mammalian species.				Basics of contrast radiography and alternative imaging modalities (ultrasonography, computed tomography, magnetic resonance imaging, scintigraphy) and an overview of their use as diagnostic tools in veterinary medicine.			
	Prereq: Grad or professional standing in Veterinary Medicine program. Not open to students with credit for 743.				Prereq: 1st yr (second semester) or 2nd yr standing in Veterinary Medicine program. Not open to students with credit for VMColl 526.			
7746	Cattle Diseases	G	V	7775	Anesthesia Case Management	V	1	
	Diagnosis and treatment of medical and surgical diseases of individual cattle.				Covers anesthetic management of veterinary patients for elective and emergency procedures.			
	Prereq: 2nd or 3rd yr standing in Veterinary Medicine program, or Grad standing.				Prereq: Third-year standing in veterinary medicine program.			
7746.02	Cattle Diseases II	V	2	7776	Radiobiology for the Radiologist	G	1	
	Builds upon concepts provided in CDE I. Like the 1st half of this course, basic organ system related diseases of cattle are covered in other courses.				This course is intended to review the ACVR Radiobiology objective in preparation for the ACVR preliminary board examination.			
	Prereq: 7746.01.			7778	Puppy Kindergarten	V	1	
					Participation in education of pet owners about behavior wellness and socialization of puppies. The course allows students to observe and influence the development of canine behavior.			
					Prereq: 1st (second semester) or 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 793. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.			

7779	Equine Colic Team	V	1	
	Diagnosis, treatment, and prevention of diseases of the equine gastrointestinal system. A practical course, in which the students are assigned on-call duty for emergency colic patients.			
	Prereq: 2nd or 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 796.03. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.			
7780	Environmental Enrichment for Shelter Dogs	V	1	
	Review the scientific literature on enrichment in shelter animals and discuss practical means of implementation. It will include discussion of means to identify and mitigate stress in shelter dogs to increase their adoptability and hands on involvement with implementing a behavioral enrichment program for dogs at the Franklin County Dog Shelter.			
	Prereq: Standing in the Veterinary Professional curriculum. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.			
7791	Small Animal Theriogenology	G V	1	
	Control of reproductive function in dogs and cats and how to diagnose and devise a treatment plan for infertility due to infectious and noninfectious causes.			
	Prereq: 2nd or 3rd yr standing in Veterinary Medicine program, or Grad standing.			
7793	Lectures in Equine Theriogenology	G V	2	
	Focuses on the pathophysiology of common reproductive disorders and how to devise plans to treat common reproductive disorders in horses.			
	Prereq: 2nd or 3rd yr standing in the Veterinary Medicine program or grad standing. Not open to students with credit for 791.01.			
7794	Equine Theriogenology Laboratory	V	1	
	A laboratory session that will enable students to practice techniques for assessing reproductive function and fertility potential of horses.			
	Prereq: 3rd yr standing in Veterinary Medicine program, and enrollment in the Equine Career Area of Emphasis; or permission of instructor. Concur: 7793. Not open to students with credit for 791.01.			
7895.02	Seminar in Reproductive Physiology and Medicine	G V	1	
	Critical review of the current literature related to comparative reproductive physiology and medicine. Primary emphasis will be placed on experimental design, methods, and conclusions.			
	Prereq: 1st (second semester), 2nd, or 3rd yr standing in Veterinary Medicine program, and DVM or equiv; or permission of instructor. Not open to students with credit for 790. This course is graded S/U.			
8100	Nuclear Medicine and Special Procedures in Diagnostic Imaging	G	2	
	Reviews basic principles of special procedures in diagnostic imaging. Interpretive principles using case examples and a current review of the literature will be targeted with a focus on the ACVR Examination Objectives.			
	Prereq: Students must have a DVM/VMD, or equiv degree; or permission of instructor.			
8781	Research Methods and Grantsmanship	G	1	
	Introduction to grantsmanship, including the development of a research question, use of appropriate statistical methods, and the preparation of a research proposal that will be reviewed by the class.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 800.			
8782.01	Techniques in Ophthalmic and Vision Research I	G	1	
	Familiarizes students with current research techniques in comparative ophthalmology. This will include, but not be limited to PCR, cell culture, drug delivery, immunohistochemistry and other common ophthalmic research tools.			
	Prereq: DVM or equiv, or permission of instructor.			
8782.02	Techniques in Ophthalmic and Vision Research II	G	1	
	Familiarizes the student with current research techniques in comparative ophthalmology. This will include, but not be limited to PCR, cell culture, drug delivery, immunohistochemistry and other common ophthalmic research tools.			
	Prereq: 8782.01, and DVM, or equiv; or permission of instructor.			
8783	Experimental Design & Data Analysis in Veterinary & Comparative Medicine I	G	1	
	Principles and practice of study designs and data analyses commonly used in veterinary and comparative medical research.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 801.			
8784	Experimental Design & Data Analysis in Veterinary & Comparative Medicine II	G	1	
	Introduction to the principles and practice of study designs and data analyses commonly used in veterinary and comparative medical research.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 801.			
8790	Veterinary Clinical Pharmacology and Therapeutics	G	2	
	Mechanism of action, indications, and potential adverse effects of commonly used drugs.			
	Emphasis will be placed on cellular effects, receptor interactions, and intracellular signaling pathways. Basic pharmacokinetic principles will also be presented.			
8791	Clinical Correlations in Large Animal Medicine & Surgery	G	1	
	The purpose of this course is to develop clinical expertise in large animal medicine through interactive case-based discussions covering pathophysiology, clinical medicine, treatment, and prognosis. Evidence-based medicine will be emphasized.			
	Prereq: DVMS in residency/Grad programs, or by petition of team leader. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.			
8822.02	Advanced Veterinary Internal Medicine: Gastroenterology	G	2	
	In-depth review of the pathophysiology, diagnosis, and medical treatment of selected gastrointestinal diseases of dogs and cats.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 822.02.			
8822.03	Advanced Veterinary Internal Medicine: Respiratory Disease	G	2	
	An in-depth review of the pathophysiology, diagnosis, and medical treatment of selected respiratory diseases of dogs and cats.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 822.03.			
8822.04	Advanced Veterinary Internal Medicine: Neurology	G	2	
	In-depth review of the pathophysiology, diagnosis, and medical treatment of selected neurologic diseases of dogs and cats. Fundamentals of neurologic examination and lesion localization. Neuro-ophthalmology, hearing disorders, and neurodiagnostics.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 822.04.			
8822.06	Advanced Veterinary Internal Medicine: Nephrology and Urology	G	2	
	In-depth review of the pathophysiology, diagnosis, and medical treatment of urinary tract diseases of dogs and cats. Renal physiology relevant to clinical medicine, diagnostic imaging techniques, management of specific urinary tract syndromes.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 822.06.			
8822.07	Advanced Veterinary Internal Medicine: Oncology I	G	1	
	This course will provide an introduction to basic cancer biology, medical cancer therapy, cancer diagnosis, experimental tumor model systems, and comparative and translational oncology focusing on lymphoma and sarcoma.			
	Prereq: DVM or equiv, or permission of instructor. Not open to students with credit for 822.07.			
8822.08	Advanced Veterinary Internal Medicine: Hepatology	G	2	
	In-depth review of the pathophysiology, diagnosis, and medical treatment of selected diseases of the hepatobiliary system and pancreas in dogs and cats.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 822.08.			
8822.11	Advanced Veterinary Internal Medicine: Comparative Structure and Function of the Integument	G	2	
	Normal anatomy, physiology and functions of the skin and related structures.			
	Prereq: DVM or equiv; or permission of instructor.			
8822.12	Advanced Veterinary Internal Medicine: Otology and Audiology	G	1	
	Designed to introduce the student to the basics of ear disease and audiology.			
	Prereq: DVM or equiv; or permission of instructor.			
8822.13	Equine Musculoskeletal Imaging	G	1	
	Covers all aspects of equine musculoskeletal imaging (radiology, ultrasound, nuclear medicine, MRI) with particular emphasis on pathologic conditions and the best diagnostic modality to document the pathology.			
8822.14	Advanced Veterinary Internal Medicine: Oncology II	G	1	
	This course will discuss principles of the clinical management of veterinary cancer patients, including: pharmacology of cancer drugs, paraneoplastic syndromes, complications of treatment, nutrition, functional imaging, and hospice care.			
8823	Veterinary Core Communications Skill Competency	G	1	
	Competency in core communication skills increases client satisfaction, adherence to treatment recommendations, better outcomes, and decreased risk of claims of malpractice.			
	Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 823. This course is graded S/U.			
8824	Congenital Heart Disease in Animals	G	2	
	An overview and in-depth analysis of congenital malformations of the heart and great vessels in veterinary species. Complex lesions are emphasized, with a focus on the pathophysiology and diagnostic findings.			
	Prereq: DVM degree, and permission of instructor.			
8825	Clinical Echocardiography in Animals	G	2	
	Presents an in-depth review on 2D, Mmode, Doppler, TDI, strain and speckle, and 3D echocardiography. Transthoracic imaging modalities and disease pattern will be studied and discussed. Species focus will be animals and people.			
	Prereq: Advanced knowledge of veterinary cardiac anatomy and physiology.			
8826	Cardiac Catheterization in Veterinary Medicine: Hemodynamics, Angiography & Intervention	G	2	
	Principles and practices of obtaining hemodynamic measurements; performing angiographic techniques for cardiac diagnosis; and delivery of catheter-based therapies in veterinary medicine.			
	Prereq: Enrollment in adv cardiology training, or permission of instructor.			
8827	Advanced Clinical Electrocardiography	G	2	
	This course considers advanced concepts in the recognition and therapy of cardiac arrhythmias in veterinary medicine using in-class EKG interpretation as the springboard for discussions of classification, diagnosis, and therapy. VetBios 7790 completion recommended but not required.			
	Prereq: Enrollment in advanced clinical training; or prior electrocardiography experience and instructor permission.			

434 Veterinary Clinical Sciences

8828.01	Heart Rhythm Disturbances in Veterinary Medicine I: Mechanisms of Arrhythmogenesis	G	1	8844.02	Advanced Large Animal Internal Medicine: Medical and Surgical Gastrointestinal Diseases	G	2½
A three-part course offered over three consecutive semesters with a focus on resident-graduate students training in veterinary cardiology. Part 1: Mechanisms of Arrhythmogenesis; Intra-cardiac electrocardiography; Cardiac conduction disturbances; Cardiac Pacing; Ablation therapies.				Comprehensive review of medical and surgical diseases of the gastrointestinal system of horses and ruminants.			
Prereq: Grad standing in adv cardiology training or instructor permission.				Prereq: DVM or equiv; or permission of instructor.			
8828.02	Heart Rhythm Disturbances in Veterinary Medicine II: Sinus, Atrial, and Supraventricular Rhythm Dist	G	1	8844.03	Advanced Large Animal Internal Medicine: Metabolic and Endocrine Diseases	G	1½
A three-part course offered over three consecutive semesters with a focus on resident-graduate students training in veterinary cardiology. Part 2: Sinus, Atrial and Supraventricular Rhythm Disturbances: Mechanisms of arrhythmogenesis; Recognition using conventional and intracardiac electrocardiography; Standard and advanced treatment modalities.				Species specific and comparative aspects of metabolic and endocrine physiology, pathophysiology and diseases in large animals.			
Prereq: Grad standing in adv cardiology training or instructor permission.				Prereq: DVM or equiv; or permission of instructor.			
8828.03	Heart Rhythm Disturbances in Veterinary Medicine III: Ventricular Rhythm Disturbances	G	1	8844.04	Advanced Large Animal Internal Medicine: Neurology	G	2½
A three-part course offered over three consecutive semesters with a focus on resident-graduate students training in veterinary cardiology. Part 3: Ventricular Rhythm Disturbances: Mechanisms of arrhythmogenesis; Recognition using conventional and intracardiac electrocardiography; Standard and advanced treatment modalities.				Pathophysiology, diagnosis and management of diseases of the nervous system of large animals.			
Prereq: Grad standing in adv cardiology training or instructor permission.				Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 822.04.			
8833.02	Advanced Veterinary Surgery: Surgical Oncology	G	1	8844.05	Advanced Large Animal Internal Medicine: Hematology and Oncology	G	2½
The purpose of this course is to provide information about surgical oncology, radiation oncology, and the most recent surgical options to treat cancer. Laboratories will be provided to apply surgical techniques for maxillectomy/mandibulectomy.				Physiology and pathophysiology of the hemic lymphatic system in large animals. Additionally, diagnosis and management of selected neoplastic conditions will be discussed.			
Repeatable to a maximum of 2 cr hrs.				Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 822.07.			
8833.03	Advanced Veterinary Surgery: Respiratory and Thoracic Surgery	G	2	8844.06	Advanced Large Animal Internal Medicine: Musculoskeletal Diseases	G	1
Fundamental respiratory pathophysiology, diagnostic techniques for respiratory disease, and respiratory and thoracic surgery methodology in comparative veterinary surgical sciences.				Physiology, pathophysiology and diseases of the musculoskeletal system in large animals.			
Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 833.03.				Prereq: DVM or equiv; or permission of instructor.			
8833.04	Advanced Veterinary Surgery: Surgical Neurology	G	2	8844.08	Advanced Large Animal Internal Medicine: Hepatology	G	½
Fundamentals of neurologic exam and lesion localization; neuro-ophthalmology, hearing disorders, neurodiagnostic techniques, neuroanesthesia. Pathophysiology of vertebral column trauma; surgical techniques; peripheral nerve injury and rehabilitation.				Unique aspects of the physiology and pathophysiology of the liver in large animal species.			
Prereq: DVM or equiv; or permission of instructor.				Prereq: DVM or equiv; or permission of instructor.			
8833.05	Advanced Surgical Sciences: Gastroenterology	G	2	8844.09	Advanced Large Animal Internal Medicine: Principles of Fluid and Electrolyte Balance	G	½
The purpose of this course is to provide information about the pathophysiology, anatomy, diagnosis and treatment of medical and surgical disorders of the gastrointestinal tract.				Principles of fluid and electrolyte balance and the pathophysiology and management of disorders of sodium, potassium and chloride balance in large animal species.			
Prereq: DVM or equiv., or permission of instructor.				Prereq: DVM or equiv; or permission of instructor.			
8833.06	Advanced Veterinary Surgery: Renal, Urologic and Reproductive Surgery	G	2	8844.10	Advanced Large Animal Internal Medicine: Respiratory Diseases	G	2½
Principles and comparative aspects of renal, urologic, and reproductive tract surgery in domestic animals; physiology, pathology, diagnosis and management of diseases of the urogenital tract in domestic animals.				Comprehensive review of selected topics in respiratory physiology and medical diseases of the respiratory tract of horses, ruminants, and camelids.			
Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 833.06.				Prereq: DVM or equiv; or permission of instructor.			
8833.07	Advanced Veterinary Surgery: Musculoskeletal Surgery	G	1	8844.12	Advanced Large Animal Internal Medicine: Toxicology	G	1
Fundamental concepts, principles, and procedures of musculoskeletal surgery in domestic animals.				Review and update on toxic agents in large animals.			
Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 833.07.				Prereq: DVM or equiv; or permission of instructor.			
8833.08	Advanced Veterinary Surgery: Wound and Reconstruction	G	1	8844.13	Large Animal Internal Medicine Seminars: Neonatology	G	1
The purpose of this course is to provide information about the physiology, anatomy, and healing principles of skin. The principles of wound reconstruction with open wound management, flaps, and grafts to be discussed. Laboratories will be provided.				Focuses on conditions affecting neonates of large animal species covering pathophysiology, clinical medicine, treatment, and prognosis. Emphasis will be on current knowledge and recent comparative literature.			
Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 833.09.				Prereq: This course is for DVMs in residency/graduate programs or by petition of the team leader.			
8833.10	Advanced Veterinary Ocular Microsurgical Techniques I	G	2	8844.14	Advanced Large Animal Internal Medicine: Special Topics	G	1
Cover microsurgical instrumentation, surgical microscopes, care of microsurgical equipment, microsurgical principles and techniques pertaining to the eye. This will include advanced blepharoplasty, corneal and intraocular surgery.				The purpose of this course is to present and discuss the most recent literature / topics (clinical, research) in large animal internal medicine that are not covered in other courses, but that are relevant to residents and grad students.			
Prereq: Veterinary Ophthalmology Resident, or permission of instructor.				Prereq: DVMs in residency/Grad programs, or by petition of team leader. Repeatable to a maximum of 2 cr hrs.			
8833.11	Advanced Veterinary Ocular Microsurgical Techniques II	G	2	8855.01	Advanced Veterinary Surgery: Large Animal Urogenital	G	2
Covers microsurgical instrumentation, surgical microscopes, care of microsurgical equipment, microsurgical principles and techniques pertaining to the eye. Will include advanced blepharoplasty, corneal and intraocular surgery.				Students will review urinary physiology and pathophysiology, and will be introduced to the principles of urogenital surgery. Specific large animal urinary and genital conditions and surgical approaches will be covered.			
Prereq: VetClin 8833.10, and Veterinary Ophthalmology Resident; or permission of instructor.				8855.02	Advanced Veterinary Surgery: Gastrointestinal Surgery	G	2
8844.01	Advanced Large Animal Internal Medicine: Clinical Pharmacology	G	1½		Covers advanced large animal surgical techniques of the gastrointestinal tract. Current literature will be reviewed and pathophysiology and medical case management will also be included in the lecture series.		
Clinical pharmacology of drugs commonly used in large animal medicine such as antibiotics, corticosteroids, and non-steroidal anti-inflammatories.				8855.04	Large Animal Neurosurgery	G	3
Prereq: DVM or equiv; or permission of instructor.				Presentation of pathophysiology, diagnosis, and surgical treatment for injury to the nervous system with a focus on large animals			
8871	Small Animal Abdominal Ultrasound	G	1	8872	Advanced Equine Sport Horse Surgery	G	1
Basics of ultrasound physics and a review of the normal and abnormal sonographic appearance of abdominal structures in small animals. Introduction to Doppler imaging, contrast ultrasound, and ultrasound-guided aspirates.				Systematic exposure of the advanced surgery trainee to the "art and science" of arthroscopy, specifically equine arthroscopy, using current textbooks as the guide for complete coverage of equine arthroscopy.			
Prereq: DVM or equiv; or permission of instructor.							

8893.01 Case Conference: Orthopedic Surgery	G	1	8895.01 Advanced Topics in Veterinary Cardiology	G	1
Offers surgery residents the opportunity to discuss small animal orthopedic/ neurosurgical cases and review relevant literature in a critical manner. Topics will be prepared for interactive discussion between residents and surgery faculty. Prereq: DVM or equiv; or permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.			Advanced topics in cardiology focusing on resident-graduate students training in veterinary cardiology. Eight topics are covered over eight repetitions of the course including cardiomyopathy, pulmonary hypertension, heart failure, systolic function and dysfunction, diastolic function and dysfunction, degenerative valve disease, endocarditis, pericardial disease, and thrombosis and thromboembolism. Prereq: DVM or equiv; or permission of instructor. Repeatable to a maximum of 8 cr hrs.		
8893.02 Clinicopathologic Conference: Canine and Feline Medicine	G	1	8895.02 Advanced Topics in Veterinary Clinical and Comparative Oncology	G	1
Case conference emphasizing advanced aspects of canine and feline medicine. Emphasis is placed on interpretation of clinical, imaging, laboratory and pathologic data. Prereq: DVM or equiv, or permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.			Critical review of literature on topics related to veterinary clinical and comparative (animal and human) oncology and neoplastic pathology review. Prereq: DVM or equiv; or permission of instructor. Repeatable to a maximum of 6 cr hrs.		
8893.03 Case Conference: Soft Tissue Surgery	G	1	8895.03 Advanced Topics in Veterinary Dermatology and Otology	G	1
Offers surgery residents the opportunity to discuss small animal soft tissue cases and review relevant literature in a critical manner. Topics will be prepared for interactive discussion between residents and surgery faculty. Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 850.09. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.			Small group discussion and critical review of current topics in veterinary medicine from selected journals and textbooks. Prereq: DVM or equiv; or permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.		
8894.01 Advanced Comparative Clinical Ophthalmology I	G	1	8895.04 Advanced Topics in comparative Diagnostic Imaging	G	1
Familiarizes the student with comparative ophthalmology. Case material will be used to enhance student knowledge of diseases and treatment of the anterior and posterior segment and ocular adnexa. Prereq: DVM or equiv; or permission of instructor.			Familiarize radiology residents and graduate students with comparative diagnostic imaging by critical review of the biomedical literature. Emphasis on evaluation of study design, methodology, and data interpretation. Prereq: DVM or equiv; or permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.		
8894.02 Advanced Comparative Clinical Ophthalmology II	G	1	8895.05 Advanced Veterinary Endoscopy	G	1
Familiarizes the student with comparative ophthalmology. Case material will be used to enhance student knowledge of diseases and treatment of the anterior and posterior segment and ocular adnexa. Prereq: DVM or equiv; or permission of instructor.			The student will be able to critically understand the standard procedures performed in small animal internal medicine with respect to techniques, required equipment, procedural decision-making, associated risks, and endoscopic interpretation.		
8894.03 Advanced Comparative Clinical Ophthalmology III	G	1	8895.07 Advanced Topics in Veterinary Neurology	G	1
Familiarize the student with comparative ophthalmology. Case material will be used to enhance student knowledge of diseases and treatment of the anterior and posterior segment and ocular adnexa. Prereq: DVM or equiv; or permission of instructor.			A small-group course based on the discussion of the current literature and review of topics of neuroimaging and neuropathology with clinical correlations. Prereq: DVM or equiv, or permission of instructor. Repeatable to a maximum of 18 cr hrs. This course is graded S/U.		
8894.04 Case Conference: Radiology	G	1	8895.08 Advanced Topics in Comparative Anesthesiology	G	1
Veterinary diagnostic imaging graduate students are presented case material and are graded on their ability to detect imaging abnormalities, create a list of differential diagnoses, achieve an imaging diagnosis and advise the next step for the case. Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 807.			Critical review of current literature related to anesthesiology with a focus on research design, methodology, and interpretation. Prereq: DVM or equiv; or permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.		
8894.05 Radiology Known Case Conference Introductory II	G	2	8895.12 Advanced Comparative Ophthalmology	G	1
Teach and train radiology graduate students the correct approach to diagnostic image interpretation during their 3 year program. Radiology graduate students are expected to formulate a ranked list of differential diagnoses and discuss other diagnostic modalities that may aid in further determining a diagnosis. Discussion of pathophysiology will be included. Prereq: 8894.04, and Veterinary Diagnostic Imaging Residency.			Familiarize the student with comparative ophthalmology by critical review and evaluation of the current and past biomedical literature with emphasis on study design, methodology, and data interpretation. Prereq: DVM or equiv; or permission of instructor. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.		
8894.06 Radiology Known Case Conference Intermediate I	G	1	8895.13 Journal Review in Comparative Emergency and Critical Care	G	1
Teach and train radiology graduate students the correct approach to diagnostic image interpretation during their three year program. Radiology graduate students are expected to formulate a ranked list of differential diagnoses and discuss other diagnostic modalities that may aid in further determining a diagnosis. Discussion of pathophysiology will be included. Prereq: 8894.04 and 8894.05, and Veterinary Diagnostic Imaging Residency.			Familiarize the student with comparative Emergency and Critical Care. The current and past primary literature from selected peer-reviewed journals will be critically reviewed with regards to study design, methodology and data interpretation. Prereq: DVMs in residency/graduate programs, or by petition of the team leader. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
8894.07 Radiology Known Case Conference Intermediate II	G	2	8895.14 Comparative Small Animal Internal Medicine	G	1
Teach and train radiology graduate students the correct approach to diagnostic image interpretation during their three year program. Radiology graduate students are expected to formulate a ranked list of differential diagnoses and discuss other diagnostic modalities that may aid in further determining a diagnosis. Discussion of pathophysiology will be included. Prereq: 8894.04, 8894.05, and 8894.06, and Veterinary Diagnostic Imaging Residency.			Critical review of the veterinary & human biomedical literature in internal medicine with respect to study design, methodology, and data interpretation and discussion of clinical implications of results. Prereq: DVMs in residency/Grad programs, or by petition of team leaders.		
8894.08 Radiology Known Case Conference Advanced I	G	1	8895.15 Comparative Small Animal Internal Medicine	G	1
Teach and train radiology graduate students the correct approach to diagnostic image interpretation during their three year program. Radiology graduate students are expected to formulate a ranked list of differential diagnoses and discuss other diagnostic modalities that may aid in further determining a diagnosis. Discussion of pathophysiology will be included. Prereq: 8894.04, 8894.05, 8894.06, and 8894.07, and Veterinary Diagnostic Imaging residency.			Critical review of the veterinary & human biomedical literature in internal medicine with respect to study design, methodology, and data interpretation and discussion of clinical implications of results. Prereq: DVMs in residency/Grad programs, or by petition of team leaders. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		
8894.09 Radiology Known Case Conference Advanced II	G	2	8896.03 Advanced Topics in Veterinary Dermatology and Otology	G	1
Teach and train radiology graduate students the correct approach to diagnostic image interpretation during their three year program. Radiology graduate students are expected to formulate a ranked list of differential diagnoses and discuss other diagnostic modalities that may aid in further determining a diagnosis. Discussion of pathophysiology will be included. Prereq: 8894.04, 8894.05, 8894.06, 8894.07, and 8894.08, and Veterinary Diagnostic Imaging Residency.			Small group discussion and critical review of current topics in veterinary medicine from selected journals and textbooks. Prereq: DVM or equivalent, or permission of instructor.		
8894.10 Radiology Known Case Conference Advanced III	G	2	8896.04 Dermatopathology I	G	1
Teach and train radiology graduate students the correct approach to diagnostic image interpretation during their three year program. Radiology graduate students are expected to formulate a ranked list of differential diagnoses and discuss other diagnostic modalities that may aid in further determining a diagnosis. Discussion of pathophysiology will be included. Prereq: DVM or equivalent, or permission of instructor.			Familiarize the student with both normal microscopic anatomy of the skin and dermatopathology of exotic, large and small animals. Prereq: DVM or equivalent, or permission of instructor.		

436 Veterinary Clinical Sciences

8896.05 Dermatopathology II	G	1	8896.20 Book Club in Comparative Emergency and Critical Care	G	1					
Familiarizes students with interpretation of dermatopathology by pattern analysis. Recognition of subtle changes, cellular infiltrates and infectious organisms will be emphasized to allow development of differential diagnoses.										
Prereq: DVM or equivalent, or permission of instructor.										
8896.06 Dermatopathology III	G	1	8896.21 Book Club in Comparative Emergency and Critical Care	G	1					
Builds on recognition of subtle changes, cellular infiltrates and presence of infectious organisms and include pattern recognition to differentiate non-neoplastic, benign and malignant neoplasms of mammalian species.										
Prereq: DVM or equivalent, or permission of instructor.										
8896.08 Advanced Topics in Comparative Anesthesiology	G	1	8896.22 Book Club in Comparative Emergency and Critical Care	G	1					
Critical review of the current literature related to veterinary anesthesiology with a focus on study design, methodology and interpretation.										
Prereq: DVM or equivalent, or permission of the instructor.										
8896.09 Comparative Ocular Histology I	G	1	8896.23 Book Club in Comparative Emergency and Critical Care	G	1					
Familiarizes the student with comparative ocular histology and ocular histopathology. Illustrative histopathologic case material will be used to facilitate discussion of disease processes.										
Prereq: DVM or equivalent, or permission of instructor.										
8896.10 Comparative Ocular Histology II	G	1	8896.24 Advanced Topics in Anesthesiology: Anesthesia Equipment	G	1					
Familiarizes the student with comparative ocular histology and ocular histopathology. Illustrative histopathologic case material will be used to facilitate discussion of diseases processes.										
Prereq: DVM or equivalent, or permission of instructor.										
8896.11 Comparative Ocular Histology III	G	1	8896.25 Advanced Topics in Anesthesiology: Respiratory Physiology	G	1					
Familiarizes the student with comparative ocular histology and ocular histopathology. Illustrative histopathologic case material will be used to facilitate discussion of diseases processes.										
Prereq: DVM or equivalent, or permission of instructor.										
8896.12 Advanced Comparative Ophthalmology	G	1	8896.26 Advanced Topics in Anesthesiology: Cardiovascular Physiology and Pharmacology for Anesthesia	G	1					
Familiarizes the student with comparative ophthalmology by critical review and evaluation of the current and past biomedical literature with emphasis on study design, methodology, and data interpretation.										
Prereq: DVM or equivalent, or permission on instructor.										
8896.13 Advanced Comparative Anesthesiology: Classic Literature Review	G	1	8896.27 Large Animal Surgery Current Literature	G	1					
A small group course based on discussion of the classic anesthesia literature with a focus on study design, methodology, and interpretation. Course format involves discussion of selected historical papers from journals pertaining to anesthesia.										
8896.14 Advanced Farm Animal Surgery	G	2	This course will be presented in journal club style, with participants presenting current literature related to equine and farm animal surgery.							
An in depth study of special topics including the surgical conditions and surgical treatments of cattle, small ruminants, and pigs.			Repeatable to a maximum of 3 cr hrs.							
Prereq: Resident/grad students in large animal, or permission of team leader.						8999 Research in Veterinary Clinical Sciences	G	1 - 15		
8896.15 Advanced Topics in Anesthesiology: Respiratory Pathophysiology	G	1	Research for dissertation purposes only.							
A small group course based on discussion of respiratory pathophysiology as it pertains to anesthetic practice. Course format involves review and presentation of information from "Pulmonary Pathophysiology" by West, other textbooks and journals.			Repeatable. This course is graded S/U.							
Prereq: Resident in Veterinary Anesthesiology, or permission of team leader.						Veterinary Medicine				
8896.16 Advanced Topics in Anesthesiology: Anesthetic Uptake and Action	G	1	6510 Veterinary Preventive Medicine 1: Introduction to Epidemiology and Population Systems	V	3					
A small group course based on discussion of mechanism of action of inhaled anesthetics, uptake, solubility, and metabolism. Course format involves review and presentation of information from "Anesthetic Uptake and Action" by Eger and other sources.			Descriptive and analytical epidemiology, including design, analysis, and interpretation of results; host, agent, and environmental factors in disease causation.							
Prereq: Grad standing. This course is designed for residents in Veterinary Anesthesiology but others may be considered upon petition to the team leader.			Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 510.							
8896.17 Journal Review in Comparative Emergency and Critical Care	G	1	6520 Gross Anatomy 1	V	4					
Familiarize the student with comparative Emergency and Critical Care. The current and past primary literature from selected peer-reviewed journals will be critically reviewed with regards to study design, methodology and data interpretation.			Body and its components as forms, relationships, and mechanical functioning.							
Prereq: DVMs in residency/graduate programs, or by petition of the team leader.			Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 520.							
8896.18 Book Club in Comparative Emergency and Critical Care	G	1	6521 Gross Anatomy 2	V	5					
Covers the principles and practice of applied renal physiology as relevant to residents in the Emergency and Critical Care residency program.			Study of the structure and function of body systems of domesticated herbivores using the equine species as a model for dissection. Common anatomic features and species specific differences of the various systems are highlighted.							
Prereq: DVMs in residency/graduate programs, or by petition of the team leader.			Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 521 or 522.							
8896.19 Book Club in Comparative Emergency and Critical Care	G	1	6525 Introduction to Veterinary Diagnostic Radiology	V	1					
Covers basic and applied physiology of coagulation/coagulation disorders. It will also cover applied systems physiology (GI, reproductive, neurologic, ophthalmologic) and nutrition as relevant to Critical Care Medicine.			Radiation physics and safety; basic principles of image interpretation; normal radiographic anatomy of small and large animals.							
Prereq: DVMs in residency/graduate programs, or by petition of the team leader.			Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 525 or 526.							

6530 Comparative Structure and Function of Tissues V 3

Correlated study of the development, microscopic structure, and ultrastructural morphology of tissues.

Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 530 or 531.

6540 Structure and Function of Cells V 2

Introduction to structure and function at cellular level including physiological principles of homeostasis, energetics, metabolism, enzymes, nutrition, and growth.

Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 540.

6550.01 Comparative Biology of Disease 1: General Pathology and Immunology V 3

An interdisciplinary study of the interactions between disease producing agents, body systems, tissues, cells, subcellular units, and selected drugs and toxins.

Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 550.01.

6550.02 Comparative Biology of Disease 2: Animal Pathogens V 3

An interdisciplinary study of the interactions between disease producing agents, body systems, tissues, cells, subcellular units, and selected drugs and toxins.

Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 550.02.

6561 Principles of Veterinary Pharmacology V 2

Basic principles of pharmacology, pharmacodynamics, pharmacokinetics, and therapeutics. Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 561.

6565 Introduction to Animal Welfare V 1

Historical, philosophical and scientific developments that have led to our current understanding of animal welfare and how it should be assessed. Welfare issues related to the different uses of animals in society.

Prereq: 2nd yr standing in Veterinary Medicine program.

6570.01 Introduction to Clinical Veterinary Medicine V 1

Introduction to the basic concepts and skills required to practice clinical veterinary medicine, including the approach to a veterinary case, and some basic psychomotor, surgical and cognitive skills required by clinicians.

Prereq: 1st yr standing in Veterinary Medicine program. This course is graded S/U.

6570.02 Clinical Veterinary Medicine Experience V 1

Experiential learning course allowing students to be immersed in various clinical settings to observe and participate in the clinical management of cases, as well as to explore alternative careers in the veterinary profession.

Prereq: 2nd yr standing in Veterinary Medicine program. This course is graded S/U.

6570.03 Clinical Reasoning and Decision-Making V 2

Serves as a capstone experience to provide students with the opportunity to integrate the clinical veterinary skills and knowledge required to "think and behave like a clinician" in preparation for their clinical year.

Prereq: 3rd yr standing in Veterinary Medicine program.

6600 Cardiovascular System V 3

A comparative study of the structure, function, and dysfunction of the cardiovascular system including arrhythmias, abnormal flow, congenital disease, etiologic agents, diagnostic methods, and therapeutic approaches.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 600.

6601 Respiratory System V 3

A comparative study of the structure, function, and dysfunction of the respiratory system including reaction to injury, ventilation defects, pneumonias, neoplastic disease, radiological diagnosis, and therapeutic approaches.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 601.

6602 Urinary System V 3

A comparative study of the structure, function, and dysfunction of the urinary system including diseases of the kidney, bladder, and urethra, and their diagnosis and treatment.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 602.

6603 Nervous System V 4

Comparative study of the structure, function and dysfunction of the nervous system including functional anatomy, pathology, and clinical evaluation of the brain and spinal cord.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 603.

6604 Endocrine System V 3

A comparative study of the anatomy, physiology, and pathology of the major endocrine systems and an introduction to diagnosis and treatment of endocrine disorders.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 604.

6605 Reproductive System V 3

A comparative study of the structure, function, and dysfunction of the reproductive system including etiologic, pathogenic, pathophysiological, therapeutic, and preventive aspects of reproductive diseases.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 605.

6606 Integumentary System V 3

Study of the structure and function of the skin and ears as a basis for studying diseases of these organs. A problem-based approach to recognition, diagnosis and treatment of skin and ear diseases of domestic animals.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 606.

6607 Musculo-skeletal System V 3

A comparative study of the structure, function, and dysfunction of the musculoskeletal system including congenital and acquired diseases, their radiographic diagnosis, treatment, and prevention.

Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 607.

6609 Digestive System V 4

A comprehensive study of the gastrointestinal system of domestic animals.

Prereq: 2nd yr standing in Veterinary Medicine program. Not open to students with credit for 609.

6610.01 Clinical Veterinary Parasitology V 1

Clinical aspects of parasitic infections of cats, dogs, horses, cattle and small ruminants, including symptoms diagnosis treatments, control measures and zoonotic concerns.

Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 610.

6610.02 Applied Clinical Veterinary Parasitology V 1

Laboratory methods used in the diagnosis of parasitic infections in small and large animals.

Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 616.

6611 Veterinary Preventive Medicine III: Emerging Diseases and Public Veterinary Practice V 3

An introduction to veterinary accreditation, selected foreign and emerging animal diseases which could pose a threat to the US agriculture and the regulatory framework governing food safety.

Prereq: Third year standing in VMColl. Not open to students with credit for 611.

6612 Introduction to Comparative Veterinary Ophthalmology V 2

Comparative anatomy, histology and physiology of the normal and abnormal eye and adnexa of domestic animals.

Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 612.

6614.01 Professional Development I-A V 1

Introduction to the profession, ethics, and a variety of communication and self management information and skills necessary to be successful in veterinary school, the veterinary profession and in life.

Prereq: First year standing in VMColl. Not open to students with credit for 560.01, 560.02, or 614.01. This course is graded S/U.

6614.02 Professional Development I-B V 1

Provides students with an introduction to leadership and builds on the foundations of ethics principles. Additional information on communication and self management is provided.

Prereq: First year standing in VMColl. Not open to students with credit for 614.02. This course is graded S/U.

6614.03 Professional Development II-A V 1

Introduction to social awareness and relationship management, continued discussion of leadership development and application of ethics to build on the foundations of ethics principles.

Prereq: Second year standing in VMColl. Not open to students with credit for 614.03.

6614.04 Professional Development II-B V 1

Advanced learning in social awareness, relationship management, leadership development and application of ethics to build on the foundation of ethics principles.

Prereq: Second year standing in VMColl. Not open to students with credit for 614.04.

6614.05 Professional Development III-A V 1

Career planning including establishing employment goals, preparing a budget and managing student debt. Resume development, interviewing strategies, evaluating employment offers, negotiation skills and understanding employment contracts.

Prereq: 3rd yr standing in VMColl. Not open to students with credit for 614.05

6614.06 Professional Development III-B V 2

Continued application of ethical decision making, expression of views through case discussions and writing assignments. Foundation in laws regulating the practice of veterinary medicine and regulating animals in society.

Prereq: 3rd yr standing in VMColl. Not open to students with credit for 614.06.

438 Veterinary Medicine

6618 Clinical Pathology	V	4	7700.02 Applied Veterinary Medicine: Shelter Medicine and Surgery	V	2
Introduction to current concepts of clinical pathology (hematology, hemostasis, clinical chemistry, urinalysis, and cytology) and quality assurance.			Clinical experience with shelter dogs and cats at the Capital Area Humane Society including anesthesia and general surgery, health and behavior screening, and infectious disease surveillance and prevention.		
Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 618.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.17. Repeatable to a maximum of 12 cr hrs.		
6641 Introduction to Animal Behavior	V	2	7700.03 Applied Veterinary Medicine: Small Animal Internal Medicine	V	2
Basic concepts and applications of animal behavior with implications for welfare. Emphasis on domesticated animals, with some coverage of laboratory and wild animals in captivity.			Patient diagnosis and management in the small animal internal medicine service, including patient care responsibility, client communication, and interactions with all members of the patient care team.		
Prereq: 1st yr standing in Veterinary Medicine program. Not open to students with credit for 641.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.02. Repeatable to a maximum of 12 cr hrs.		
6646 Veterinary Preventive Medicine II: Zoonotic Diseases	V	2	7700.04 Applied Veterinary Medicine: Small Animal Surgery - Soft Tissue	V	2
Recognition of zoonotic diseases in the US, host species, methods of transmission, risk factors for exposure, measures for control, prevention, and eradication.			Clinical experience in the management of surgical diseases of small animal patients. Students will be responsible for the preoperative, operative, and postoperative treatment for animals presented to the small animal surgery soft tissue service.		
Prereq: Second year standing in VMColl. Not open to students with credit for 646.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.03. Repeatable to a maximum of 12 cr hrs.		
7190.01 Applied Veterinary Medicine Experience	V	2 - 16	7700.05 Applied Veterinary Medicine: Small Animal Surgery - Orthopedics	V	2
Field or laboratory study in the various areas of veterinary medicine through an approved experience with qualified professionals.			Clinical experience in the surgical management of orthopedic diseases of small animals. Students will be responsible for the preoperative, operative, and postoperative treatment for animals presented to the small animal surgery orthopedics service.		
Prereq: 4th yr standing in Veterinary Medicine Program. Repeatable to a maximum of 22 cr hrs or 11 completions. This course is graded S/U.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.03. Repeatable to a maximum of 12 cr hrs.		
7190.02 Applied Veterinary Medicine Experience	V	2 - 16	7700.06 Applied Veterinary Medicine: Farm Animal Medicine and Surgery	V	2
Field or laboratory study in the various areas of veterinary medicine through an approved experience with qualified professionals.			Diagnosis, management, and prevention of medical and surgical diseases of farm animals.		
Prereq: 4th yr standing in Veterinary Medicine Program. Repeatable to a maximum of 22 cr hrs or 11 completions.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.04. Repeatable to a maximum of 12 cr hrs.		
7526 Veterinary Diagnostic Imaging	V	3	7700.07 Applied Veterinary Medicine: Large Animal Ambulatory Services	V	2
The detection, description, differential diagnosis, and case management of radiographic abnormalities.			Provides students with experience working in a large animal clinic, including patient care and business management aspects. Provides instruction in production medicine and its role in modern agriculture.		
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 616.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.10. Repeatable to a maximum of 12 cr hrs.		
7562 Introduction to Veterinary Anesthesiology	V	2	7700.08 Applied Veterinary Medicine: Equine Medicine	V	2
Introduction to veterinary anesthesia.			Application of the principles of diagnosis, treatment, and prevention of medical diseases of horses.		
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 562.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.05. Repeatable to a maximum of 12 cr hrs.		
7563 Introduction to Surgery	V	2	7700.09 Applied Veterinary Medicine: Equine Surgery	V	2
Introduction to surgery.			Application of the principles of diagnosis, treatment, and prevention of surgical diseases of horses.		
Prereq: Third year standing in VMColl. Not open to students with credit for 563.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.05. Repeatable to a maximum of 12 cr hrs.		
7564 Clinical Microbiology and Pharmacology of Antimicrobial Agents	V	1	7700.10 Applied Veterinary Medicine: Equine Field Service	V	2
Detection and differential diagnoses of bacterial and fungal disease in domestic species and clinical pharmacology of antimicrobial and antifungal agents used in veterinary medicine.			Application of the principles of diagnosis, treatment, and prevention of diseases of horses.		
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 564.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.06. Repeatable to a maximum of 12 cr hrs.		
7613 Veterinary Emergency and Critical Care Medicine	V	2	7700.11 Applied Veterinary Medicine: Equine Emergency and Critical Care Medicine	V	2
Principles and applications of fluid therapy and emergency and critical care medicine in small and large animals.			Provides students supervised experience in hospital-based emergency and critical care experience with horses.		
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 613.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.16. Repeatable to a maximum of 12 cr hrs.		
7615.01 Small Animal Operative Practice	V	4	7700.12 Applied Veterinary Medicine: Radiology	V	2
Clinical instruction in and application of surgical techniques and treatment of small animal diseases.			Students participate in all aspects of diagnostic radiology and become proficient in obtaining diagnostic radiographs, develop basic film reading skills, and understand radiology's role in clinical decision making and case management.		
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 615.01.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.07. Repeatable to a maximum of 12 cr hrs.		
7615.02 Small Animal Medicine Diagnostic Techniques and Procedures	V	1	7700.13 Applied Veterinary Medicine: Clinical Anesthesiology	V	2
Clinical instruction in and application of medical diagnostic and therapeutic techniques in small animals.			Supervised experience in hospital anesthesia practice. Students assess large and small animals for anesthesia, select proper anesthesia protocols, learn proper use of anesthetic equipment, and induce, maintain, monitor, and recover patients.		
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 615.02.			Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.09. Repeatable to a maximum of 12 cr hrs.		
7616 Farm Animal Medicine Diagnostic Techniques, and Procedures	V	1			
Instruction and self-study in minor techniques for large animals.					
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 616.					
7617 Equine Medicine Diagnostic Techniques, and Procedures	V	1			
Laboratory and self-instruction in equine techniques.					
Prereq: 3rd yr standing in Veterinary Medicine program. Not open to students with credit for 617.					
7700.01 Applied Veterinary Medicine: Community Practice	V	2			
Clinical skills taught by physical exam, diagnosis and treatment of client-owned animals. Disease prevention and client education are emphasized including nutrition, vaccinations, parasite control, dentistry, animal behavior, and screening tests.					
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.01. Repeatable to a maximum of 12 cr hrs.					

7700.14 Applied Veterinary Medicine: Applied Pathology	V	2
Students will perform necropsies of major domestic species. They will learn to recognize and describe common gross pathologic lesions and become familiar with the role of histopathology in assessment of necropsy material.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.14. Repeatable to a maximum of 12 cr hrs.		
7700.15 Applied Veterinary Medicine: Small Animal Critical Care		
Evaluation, monitoring and management of small animal patients in the intensive care unit and interactions with all members of the patient care team. Students will build on and apply knowledge gained in the pre-clinical curriculum.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.11. Repeatable to a maximum of 12 cr hrs.		
7700.16 Applied Veterinary Medicine: Small Animal Emergency		
Evaluation and management of small animal patients presented to the emergency service and interactions with all members of the patient care team. Students will build on and apply knowledge gained in the pre-clinical curriculum.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.11. Repeatable to a maximum of 12 cr hrs.		
7700.17 Applied Veterinary Medicine: Ophthalmology		
Application of principles of diagnosis and treatment of diseases of the eye to animal patients, including dogs, cats, horses, and farm animals.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.12. Repeatable to a maximum of 12 cr hrs.		
7700.18 Applied Veterinary Medicine: Dermatology		
Patient diagnosis and management in the dermatology service, including patient care, client communication, and interactions with all members of the patient care team. Students will build on and apply knowledge gained in the pre-clinical curriculum.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.15. Repeatable to a maximum of 12 cr hrs.		
7700.19 Applied Veterinary Medicine: Cardiology		
Clinical instruction in diagnosis, treatment and prevention of cardiovascular diseases of animals, including patient care, client communication, and interactions with all members of the patient care team.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.19. Repeatable to a maximum of 12 cr hrs.		
7700.20 Applied Veterinary Medicine: Small Animal Neurology		
Patient diagnosis and management in the neurology service, including patient care responsibility, client communication, and interactions with all members of the patient care team.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.20. Repeatable to a maximum of 12 cr hrs.		
7700.21 Applied Veterinary Medicine: Small Animal Oncology		
Patient diagnosis and management in the oncology service, including patient care, cytology and imaging interpretation, client communication, and interactions with all members of the patient care team.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.22. Repeatable to a maximum of 12 cr hrs.		
7700.22 Applied Veterinary Medicine: Theriogenology		
Clinical experience with diagnosis and treatment of reproductive disorders of dogs, cats, cattle and horses, including assisted reproductive procedures.		
Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs.		
7700.24 Applied Veterinary Medicine: Preventive Medicine		
Clinical experience in population-based medicine, including visits to farms, humane societies, and animal laboratory facilities. Students will learn to recognize, analyze, and manage diseases affecting populations by applying epidemiologic principles.		
Prereq: 4th yr standing in Veterinary Medicine program. Not open to students with credit for 700.08. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.		
7700.25 Applied Veterinary Medicine: Advanced Preventive Medicine		
Clinical experience in population-based medicine, including visits to farms, humane societies, and animal laboratory facilities. Students will learn to recognize, analyze, and manage diseases affecting populations by applying epidemiologic principles.		
Prereq: 4th yr standing in Veterinary Medicine program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.		
7700.26 Veterinary Surgical Oncology		
Senior veterinary students will learn and understand a comprehensive approach to cancer management in small animals. They will learn the principles of surgical oncology, postoperative management, and follow-up care.		
Prereq: 4th year standing in Veterinary Medicine. Repeatable to a maximum of 10 cr hrs.		

7720.01 Applied Veterinary Medicine: Community Practice Clerkship	V	2
Clinical skills taught by physical exam, diagnosis and treatment of client-owned animals in a private practice setting by participating practicing veterinarians. Disease prevention and client education are emphasized including nutrition, vaccinations, parasite control, dentistry, animal behavior, and screening tests.		
Prereq: Fourth year standing in Veterinary Medicine professional degree program. Repeatable to a maximum of 12 cr hrs.		
7720.02 Equine Clinical Clerkship	V	2

The purpose of this course is to provide students with primary care experience to develop clinical skills taught by physical exam, diagnosis and treatment of client-owned animals. Disease prevention and client education are emphasized including wellness exams, vaccinations, parasite control, dentistry, lameness, and emergency care.

Prereq: Fourth year standing in Veterinary Medicine professional degree program. Repeatable to a maximum of 12 cr hrs.

7720.03 Farm Animal Practice Clerkship	V	2
The purpose of this course is to provide students with primary care experience to develop clinical skills taught by physical exam, diagnosis and treatment of client-owned animals. Disease prevention and client education are emphasized including wellness exams, vaccinations, parasite control, herd health, milk quality, nutrition, and lameness.		
Prereq: Fourth year standing in Veterinary Medicine professional degree program. Repeatable to a maximum of 12 cr hrs.		

Veterinary Preventive Medicine

7193.01 Individual Studies in Veterinary Preventive Medicine	G V	1 - 8
Laboratory and library investigations of animal disease problems involving veterinary preventive medicine. Covers the research experiences for Masters students and Doctoral Students prior to candidacy.		
Repeatable to a maximum of 60 cr hrs or 60 completions. This course is graded S/U.		
7193.02 Independent Study in Veterinary Preventive Medicine	G V	1 - 2
Laboratory and library investigations of disease problems involving veterinary preventive medicine. The faculty and student agree on a course project suitable for a letter grade.		
Prereq: Grad or Prof standing in Veterinary Medicine program, and permission of instructor. Repeatable to a maximum of 5 cr hrs.		
7194.01 Group Studies in Veterinary Preventive Medicine	G V	1
Group studies course in topic areas of veterinary preventive medicine.		
Prereq: DVM or equiv, or Grad standing, or Veterinary Medicine program standing. This course is graded S/U.		
7194.02 Group Studies in Veterinary Preventive Medicine	G V	3
Group studies course in topic areas of veterinary preventive medicine.		
Prereq: Grad standing, or Veterinary Medicine program standing, or DMV, or equiv. Repeatable to a maximum of 15 cr hrs.		
7612 Nutrition of Food Animals and Equine	V	3
Nutritional diseases and feeding practices for food-producing animals and equine.		
Prereq: First-year, second semester, or second-year standing in veterinary medicine program.		
7710 Ecosystem Health Conservation Medicine	G V	3
Principles and application of ecosystem health and conservation medicine will be examined using the One Health One Medicine paradigm. This course may also serve as a component of a non-degree certificate for external veterinarians interested in gaining training in ecosystem health, conservation medicine and/or One Health.		
Prereq: CPHR of 2.50 or above; and Grad standing or, 2nd, or 3rd yr standing in Veterinary Medicine program.		
7710.25 Applied Veterinary Medicine: Advanced Preventive Medicine	V	2
Clinical experience in population-based medicine, including visits to farms, humane societies, and animal laboratory facilities. The student will learn to recognize, analyze, and manage disease conditions affecting populations.		
Prereq: Fourth-year standing in Veterinary Medicine Program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.		
7710.54 Applied Veterinary Medicine: Laboratory Animal Medicine	V	2
This course is designed to introduce fourth year veterinary students to all facets of laboratory animal medicine and its various disciplines (research, management, clinical medicine, diagnostics, husbandry, surgery and pathology).		
Prereq: Fourth-year standing in Veterinary Medicine Program. Repeatable to a maximum of 12 cr hrs. This course is graded S/U.		
7710.55 Applied Veterinary Medicine: Beef and Dairy Production Medicine	V	2
Students will accompany veterinarians as they provide routine preventive and clinical services to dairy and beef cattle. Dairy and production medicine topics will be covered. Students are expected to participate in the treatment of patients.		
Prereq: 4th yr standing in the Veterinary Medicine Program. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		

7710.55 Applied Veterinary Medicine: Beef and Dairy Production Medicine	V	2
Students will accompany veterinarians as they provide routine preventive and clinical services to dairy and beef cattle. Dairy and production medicine topics will be covered. Students are expected to participate in the treatment of patients.		
Prereq: 4th yr standing in the Veterinary Medicine Program. Repeatable to a maximum of 6 cr hrs. This course is graded S/U.		

440 Veterinary Preventive Medicine

7710.56 Applied Veterinary Medicine: Capstone Rotation in Dairy Production Medicine V 2

A two-week capstone clinical rotation in dairy veterinary production medicine. One week is devoted to acquiring, assimilating, and solidifying the principles of dairy production medicine through limited didactic instruction and visits to dairy farms. One week is devoted to acquiring the fundamentals of reproductive ultrasound through didactic instruction and extensive practice.

Prereq: 4th yr standing in the Veterinary Medicine Program. This course is graded S/U.

7711 Introduction to Shelter Medicine V 1

An introduction to shelter medicine. Material in the class will focus primarily on basic herd health principles and basic operations within a shelter environment.

7720 Laboratory Animal Medicine G V 2

Familiarizes students with regulatory and compliance issues, management of animal facilities, the scientific basics of laboratory animal medicine, and the design and performance of animal experiments.

Prereq: Not open to students with credit for 721.

7721 Epidemiology of Zoonotic Diseases G V 3

Basic epidemiology of important zoonotic diseases, focusing on their etiology and epidemiology. Common manifestations in humans and animals, diagnostic procedures, and specific preventive and control measures.

Prereq: 2nd, 3rd, or 4th yr standing in Veterinary Medicine program. Not open to students with credit for 721.

7722 Foodborne Diseases, Food Animal Production Systems, and Food Safety G V 3

Overview of how the food chain for the most common products of animal origin works, with special emphasis in pre-harvest safety, describes most common food-borne bacterial and viral diseases, antimicrobial resistance, HACCP.

Prereq: Grad standing or enrollment in Veterinary Medicine Program. Not open to students with credit for 722.

7723 Biosecurity, Environmental Health, and Other Veterinary Public Topics G V 3

Overview of biosecurity (bioterrorism, preparedness, management of zoonotic outbreaks), environmental health issues related to human and animal interactions, and other topics concerning veterinary public health.

Prereq: 1st (second semester), 2nd, or 3rd yr standing in Veterinary Medicine program, or Grad standing. Not open to students with credit for 723.

7724 Contemporary Issues in Animal Welfare V 1

Give students the opportunity to explore current issues in animal welfare through reading, presentations and discussion.

Prereq: Not open to students with credit for 724.01. Cross-listed in AnimSci.

7725 Veterinary Epidemiology and Applied Data Analysis G 3

Provides students with an understanding of the basic approaches and philosophies that are the foundation for the science of epidemiology, as well as hands-on applications of biostatistics in veterinary medicine and veterinary public health.

Prereq: PubHEpi 6410 or 6430 (710), and PubHBio 6210 (701).

7730 Emerging Zoonotic Diseases in a Global Context G V 2

Overview of the most important emerging zoonotic diseases in different geographical regions of the world, focusing in their local epidemiology, recent outbreaks, prevention, and potential impact in the United States.

Prereq: 1st (second semester), 2nd, or 3rd yr standing in Veterinary Medicine program; or grad standing. Not open to students with credit for 730.

7735 Veterinary Practice Management G V 1

Provides business skills, knowledge, and information necessary to successfully operate a veterinary practice.

Prereq: Enrollment in DVM program. Not open to students with credit for 750.

7745 Basic Exotic Animal Medicine -- Non Mammalian V 1

Provide a basic background for a new graduate veterinarian regarding exotic species commonly treated in a companion animal setting. Non-mammalian species will be covered (fish, amphibians, reptiles).

Prereq: 1st (second semester), 2nd, or 3rd yr standing in Veterinary Medicine program, or Grad standing. Not open to students with credit for VMColl 608.

7760 Opportunities in Global Veterinary Medicine and Public Health G V 2½

This elective course is designed as a preparatory course for veterinary professional (DVM) curriculum and Masters of Public Health, MPH-VPH students who plan to engage in international and non-traditional veterinary medicine and public health.

This course is graded S/U.

7761 Tropical Animal Husbandry and Health G V 1 - 3

This elective course is designed as a practical international experience for DVM and MPH students who plan to engage in international and non-traditional veterinary medicine and public health.

This course is graded S/U.

7770 Zoo and Wildlife Medicine I G V 1

General concepts and principles related to zoo and wildlife medicine. Allows Veterinary students to increase their exposure to nontraditional fields of practice.

Prereq: Grad or professional standing in Veterinary Medicine program. Not open to students with credit for 770. This course is graded S/U.

7771 Zoo and Wildlife Medicine II G V 2

Intended for students who have an interest in advancing their clinical and practical knowledge of zoo and wildlife medicine.

Prereq: 7770; and 1st (second semester), 2nd, 3rd, or 4th yr standing in Veterinary medicine program; or grad standing. Not open to students with credit for 771.

7773 Bovine Palpation V 3

Laboratory and lecture based course designed to familiarize the student with the techniques of bovine reproductive examination, rectal palpation, ultrasound, pregnancy diagnosis and management.

Prereq: VetClin 7746 and VMColl 6605, and 3rd yr standing in Veterinary Medicine program, and a Food Animal, Mixed Animal, or Individualized Career Area of Emphasis, and permission of instructor. Not open to students with credit for 796.17.

7774 Bovine Theriogenology G V 1

Physiology of the estrous cycle and synchronization strategies in the bovine. Techniques such as artificial insemination and embryo transfer, causes for embryonic loss, obstetric procedures, transition period, and bull fertility will be covered.

Prereq: 3rd yr standing in Veterinary Medicine program; or DVM or equiv; or permission of instructor. Not open to students with credit for 796.18.

7775 Interactive Experiences in Laboratory Animal Medicine V 1

Provides students with an opportunity to obtain practical and clinical experience with traditional laboratory animals and pocket pet species. Coursework is primarily hands-on with supplemental online and didactic material.

Prereq: 7720, and Professional standing in Veterinary Medicine program.

7776 Dairy Herd Management and Preventive Medicine G V 2

Applications of preventive medicine practices at the dairy herd level (small or large). Herd health programs, transition period, and laboratory practices in mastitis control will be covered. Prereq: 2nd or 3rd yr standing in Veterinary Medicine program; or grad standing. Not open to students with credit for 796.06.

7778 Topics in Dairy Production Medicine G V 1

Expose students to leaders in the dairy industry and production medicine as well as to ideas that they may not be exposed to anywhere else in the veterinary professional curriculum.

Prereq: Grad or professional standing in Veterinary Medicine program. Not open to students with credit for 796.16. This course is graded S/U.

7779 Diseases of Swine V 2

In this course some of the most commonly diagnosed swine diseases and conditions will be discussed. Emphasis is placed on disease etiology, epidemiology, pathogens, treatment, prevention and control from the practitioners perspective.

Prereq: Professional standing in Veterinary Medicine program. Not open to students with credit for 796.08.

7780 Veterinary Forensics V 2

Covers forensic examination of living and deceased victims as well as proper evidence collection and presentation to aid in the conviction of animal abusers.

Prereq: Professional standing in Veterinary Medicine program.

7781 Advanced Topics in Zoo and Wildlife Medicine G 1

Designed for residents in ecosystem and wildlife health, this course consists of weekly seminars given by the students and instructors covering current literature and topical overviews as assigned.

Repeatable to a maximum of 9 cr hrs.

7895.01 Current Topics in Laboratory Animal Medicine G V 1

This journal club is directed at laboratory animal residents, graduate students and veterinary medicine students interested in current topics in laboratory animal medicine. Emphasis is placed on the three most recent years of selected journals.

Prereq: Grad standing, Second semester of first-year, or second-year standing in the Veterinary Medicine Program. Repeatable to a maximum of 9 cr hrs. This course is graded S/U.

7895.02 Literature of Production Medicine G V 1

Introduce students to critical reading of scientific literature related to production medicine. During class sessions, selected scientific articles related to production medicine will be discussed and critically reviewed.

Prereq: Professional standing in Veterinary Medicine Program. Not open to students with credit for 769.12. Repeatable to a maximum of 2 cr hrs. This course is graded S/U.

7895.03 Literature of Production Medicine G 1

Introduce students to critical reading of scientific literature. During class sessions, selected scientific articles related to production medicine and veterinary public health will be discussed and critically reviewed.

Prereq: Grad or professional standing in Veterinary Medicine Program. Not open to students with credit for 769.12. Repeatable to a maximum of 2 cr hrs.

Veterinary Preventive Medicine 441

7896 Veterinary Disaster Response	G V 1
This course is delivered online in an asynchronous format. Students will be expected to complete relevant Federal Emergency Management Agency courses online designed to familiarize students with the Incident Command Structure and animal disaster response.	
Prereq: Current standing in CVM. This course is graded S/U.	
7998 Culminating Project in Veterinary Public Health	G V 1 - 3
The final project for the veterinary MPH degree that can be a research report, program evaluation, or grant proposal.	
Prereq: Enrollment in the MPH degree program, and permission of advisor or director of VPH program. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.	
8613 Preventing Metabolic Diseases and Records Analysis for Dairy Cattle	G V 3
Feeding management of dairy cattle for the prevention of metabolic diseases and analysis of dairy records for production medicine decisions.	
Prereq: 8796.06 or AnimSci 3130 or equiv; and third or fourth-year standing in professional program in Veterinary Medicine, Grad standing, or permission of instructor. Not open to students with credit for 796.13, or in same term as AnimSci 6303.	
8700 Molecular Epidemiology of Infectious Diseases	G V 3
Comprehensive overview and detailed discussion on the core molecular approaches that are and can be used in addressing population medicine issues and application of molecular techniques in infectious diseases.	
Prereq: Not open to students with credit for 700.	
8724 Advanced Concepts in Biodefense and Emerging Infectious Diseases	G V 2
Provides an overview understanding of the most important biodefense and emerging infectious agents, their epidemiology, pathogenesis, animal models, and medical/environmental countermeasures with reference to regulatory requirements. Lectures will focus on the "One Health-One Medicine" concept which links human medicine, veterinary medicine, and environmental science.	
Prereq: Open only for Grad and professional students.	
8782 Veterinary Clinical Epidemiology	G 1
Intended for clinical residents and veterinary graduate students with a strong interest in the application of epidemiology concepts to the clinical practice of veterinary medicine.	
Prereq: DVM or equiv; or permission of instructor. Not open to students with credit for 820.	
8810 Principles of Epidemiologic Theory	G 2
Focuses on principal theories and issues related to epidemiology. The goal of this course is to help the student to develop an understanding of important concepts and philosophical debates relevant to scientific investigation.	
Prereq: Not open to students with credit for 810.	
8830 Modeling Transmission Processes and Control of Infectious Diseases in Humans and Animals	G V 3
Intensive course that provides an introduction to computer models of infectious diseases and their applications. Includes lecture and laboratory and focuses on applications rather than mathematical theory.	
Prereq: 1st (second semester), 2nd, 3rd, or 4th yr standing in Veterinary Medicine Program, or Grad standing.	
8851 Laboratory Animal Medicine 1	G 2
A series of courses providing the student with a comprehensive view of lab animal medicine practice. Includes diseases, preventive medicine, effective management of an animal care program, performance of research, and facility design.	
Prereq: Grad standing in Veterinary Medicine program. Not open to students with credit for 793.01.	
8852 Laboratory Animal Medicine 2	G 2
Second in a series of courses to provide students with a comprehensive view of the lab animal medicine practice. Includes diseases, preventive medicine, effective management of an animal care program, performance of research and facility design.	
Prereq: Grad standing in Veterinary Medicine program. Not open to students with credit for 793.02.	
8853 Laboratory Animal Medicine 3	G 2
Third in a series of courses providing the student with a comprehensive view of lab animal medicine practice. Includes diseases, preventive medicine, effective management of an animal care program, performance of research and facility design.	
Prereq: Grad standing in Veterinary Medicine program. Not open to students with credit for 793.03.	
8854 Laboratory Animal Medicine 4	G 2
Fourth in a series of courses providing students with a comprehensive view of lab animal medicine practice. Includes diseases, preventive medicine, effective management of an animal care program, performance of research and facility design.	
Prereq: Grad standing in Veterinary Medicine program. Not open to students with credit for 793.04.	
8855 Laboratory Animal Medicine 5	G 2
Fifth in a series of courses providing students with a comprehensive view of lab animal medicine practice. Includes diseases, preventive medicine, effective management of an animal care program, performance of research and facility design.	
Prereq: Grad standing in Veterinary Medicine program. Not open to students with credit for 793.05.	

8856 Laboratory Animal Medicine 6	G 2
---	-----------------

Sixth in a series of courses providing students with a comprehensive view of lab animal medicine practice. Includes diseases, preventive medicine, and effective management of an animal care program, performance of research and facility design.

Prereq: Grad standing in Veterinary Medicine program. Not open to students with credit for 793.06, 793.07, and 793.08.

8891.01 Comparative and Veterinary Medicine Graduate Student Seminar	G 1
--	-----------------

Research seminars are the foundation of scientific discourse. This course provides graduate students with experience presenting their research and evaluating presentations by others.

Prereq: Grad standing. Repeatable to a maximum of 15 cr hrs. This course is graded S/U.

8891.02 Comparative and Veterinary Medicine Graduate Student Seminar	G 1
--	-----------------

Research seminars are the foundation of scientific discourse. This course provides graduate students with experience presenting their research and evaluating presentations by others. Repeatable to a maximum of 3 cr hrs.

8999 Research in Veterinary Preventive Medicine	G 1 - 10
---	----------------------

Research for dissertation purposes only.

Repeatable to a maximum of 60 cr hrs or 60 completions. This course is graded S/U.

Vision Science

5500 Global Issues in Eye Care	U G 1
--	-------------------

Designed for students with diverse backgrounds in healthcare. This course will provide an overview of the common causes of vision impairment and eye disease. Means to eliminate avoidable blindness will also be discussed.

Prereq: Not open to students with credit for 781.

5998 Individual Studies in Vision Research	U G 1 - 8
--	-----------------------

Individual investigation of a research problem related to vision and/or the eye.

Prereq: Permission of instructor. Not open to students enrolled concurrently in 8999.

Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.

6100 General and Histological Anatomy	O 4
---	-----------------

Gross and microscopic anatomy of the body with emphasis on head and neck anatomy and organ systems.

Prereq: 1st yr standing in Optom.

6110 General and Visual Neuroanatomy	G O 4
--	-------------------

Anatomy of the central and peripheral nervous system with special emphasis on autonomic system and anatomy of the visual system.

Prereq: 1st yr standing in Optom. Not open to students with credit for 531 or 608.

6130 Pathophysiology I	O 5
------------------------------------	-----------------

Provides a comprehensive introduction to pathology, including: inflammation, genetic disease, and neoplasia. Pathophysiology of blood, GI, endocrine, and respiratory systems will be examined in detail.

Prereq: 1st yr standing in Optom.

6140 Pathophysiology II	O 5
-------------------------------------	-----------------

The pathophysiology of the nervous system, muscle systems, cardiovascular, renal, and immune systems. Students will integrate information from VisSci 6130.

Prereq: 1st yr standing in Optom.

6160 Biochemistry for Optometry	O 1
---	-----------------

This course is designed to help optometry students integrate biochemistry with concepts related to ocular pathology, and therapeutic treatment.

Prereq: 1st yr standing Optom. This course is graded S/U.

6170 Microbiology for Optometry	O 1
---	-----------------

This course is designed to help optometry students integrate microbiology with concepts related to ocular pathology, and therapeutic treatment.

Prereq: 1st yr standing in Optom. Not open to students with credit for 508. This course is graded S/U.

6300 Visual Neurophysiology and Perception	G O 5
--	-------------------

Spatial, temporal and chromatic aspects of visual sensation by retina, lateral geniculate, cortex and other brain centers; psychophysics of visual perception; disorders affecting visual pathway.

Prereq: 2nd yr standing in Optom.

6320 Eye Movements and Binocular Vision	G O 5
---	-------------------

Characteristics of and clinical evaluation of monocular and binocular eye movements.

Prereq: 2nd yr standing in Optom.

6500 Geometric Optics	G O 5
-----------------------------------	-------------------

Vergence, ray tracing and image formation. Refracting and reflecting surfaces, lenses, prisms, model eyes. Magnification, apertures and stops, astigmatism, prismatic effects of lenses, aberrations.

Prereq: 1st yr standing in Optom.

442 Vision Science

6520 Optics of the Eye	G O	4	8010 Optics of the Eye and Specification of the Visual Stimulus	G	4
Optics of ametropias and their correction, classification and etiology of refractive errors, schematic eyes, retinal image size, optics of clinical instruments, optics of accommodation, aberrations of the eye. Prereq: 1st yr standing in Optom.			Ocular image-forming mechanisms of the eye and optics of ophthalmic instrumentation, specification of light, calibration and control of intensity and spectral composition of light. Prereq: Grad standing in VisSci.		
6540 Physical Optics and Photometry	G O	3	8020 Ocular Motility and Binocular Vision	G	4
Principles of photometry and colorimetry; light sources; diffraction, polarization, interference, electromagnetic waves, quantum optics, lasers. Prereq: 1st yr standing in Optom.			Advanced topics on eye movements, ocular motility, and sensorimotor aspects of visual perception and binocular vision. Prereq: Grad standing in VisSci.		
6700 Ocular Anatomy	G O	4	8030 Visual Neurophysiology, Biophysics, and Psychophysics	G	4
Human gross anatomy of the head and neck with special emphasis on the eye and orbit; histology and embryology of the eye and associated structures. Prereq: 1st yr standing in Optom.			Neurophysiology of the retina, the ascending visual pathway, and the brain, and their functional significance. Prereq: Grad standing in VisSci. Not open to students with credit for 803.		
6720 Ocular Physiology	G O	3	8040 Anatomy and Physiology of the Eye	G	4
Functions and organic processes of the components of the eye and surrounding structures. Prereq: 1st yr standing in Optom.			Advanced gross anatomy and vegetative physiology and molecular biology of the eye. Prereq: Grad standing in VisSci.		
7101 Basics of Graduate Work	G	1	8100 Advanced Topics in Vision Science	G	1 - 5
Basic information for graduate work, such as citation management, writing abstracts, making presentations. This course is graded S/U.			Advanced studies on special problems in vision science. Prereq: Grad standing in VisSci. Repeatable to a maximum of 60 cr hrs or 15 completions.		
7620 Public Health and Environmental Vision	G O	3	8101 Designing Clinical Studies	G	1
Public health/community aspects of providing vision care, health care organizations and policies, vision standards, environmental vision, eye hazards and eye protection. Prereq: 3rd yr standing in Optom.			Learn to design clinical studies to appropriately answer important clinical research questions.		
7940 Oral Presentation of Scientific Research	G	1 - 3	8102 Scientific Writing and Presentation	G	2
Student gives a talk based on his/her research or scholarship and improves his/her speaking skills. Prereq: Grad standing in VisSci. Repeatable to a maximum of 10 cr hrs or 10 completions. This course is graded S/U.			Developing effective scientific writing and other presentation skills. Prereq: PhD student in Vision Science.		
7950 Seminar in Vision Science	G	½ - 1	8103 Circadian Rhythms and the Eye	G	2
Series of seminars dealing with new developments in the various areas of vision science. Prereq: Grad standing in VisSci. Repeatable to a maximum of 24 cr hrs or 24 completions. This course is graded S/U.			Advanced topics in chronobiology with emphasis on the role of the eye in synchronizing circadian rhythms to the external environment. Prereq: 6300, or permission of instructor.		
7960 Ethics in Biomedical Research	G	2	8104 High Resolution Imaging of the Eye using Adaptive Optics	G	1
Provides a general understanding of the issues surrounding the ethical conduct of science including issues related to research involving human subjects, scientific misconduct, and authorship of scientific papers. Real-life case studies will be used. This course is graded S/U.			Optical imaging of the human retina now allows visualization of single cells in vivo. This course will describe how this is achieved and detail the application to retinal and optic nerve diseases.		
7970 Grantsmanship	G	2	8105 Advanced Ocular Motility	G	1
The structure of the National Institutes of Health, the principles of good grantsmanship, and description of the grant review process. Emphasis focused on Mentored Clinical Scientist Development Award (K23) and Research Project Grant (R01). Prereq: Grad standing in VisSci. Repeatable to a maximum of 4 cr hrs.			The basics of experimental design in ocular motility studies including equipment choices, properties of eye movements, and data analyses. Prereq: 8002 or 8020.		
7980 Statistics in Clinical Research	G	2	8106 Refractive Error Development	G	2
Introduction to the basic concepts and methods of statistical analysis of clinical research data. Statistical software packages will be demonstrated along with interpretation of output. Prereq: Grad standing in VisSci. Repeatable to a maximum of 4 cr hrs or 2 completions.			Students learn about ocular changes that lead to the development of refractive error in children. Prereq: Grad Standing in Vision Science or related discipline.		
7990 Assessing the Literature	G O	½ - 2	8107 Basic Science Experimental Design	G	2
In-depth discussion of scientific papers. Prereq: Grad standing in VisSci. Not open to students with credit for 799. Repeatable to a maximum of 20 cr hrs or 8 completions. This course is graded S/U.			Teaches various aspects of designing basic science experiments, from choosing controls to data analysis.		
8001 Anatomy and Physiology of the Eye	G	2	8108 Introduction to Matlab	G	2
Advanced gross anatomy and vegetative physiology and molecular biology of the eye. Prereq: Grad standing in VisSci, or permission of instructor. Not open to students with credit for 8040.			An introduction to Matlab and its applications in research. Prereq: Grad standing in VisSci or related discipline.		
8002 Ocular Motility and Binocular Vision	G	2	8109 Psychophysics	G	2
Advanced topics on eye movements, ocular motility, and sensorimotor aspects of visual perception and binocular vision. Prereq: 6300 and 6320, or permission of instructor. Not open to students with credit for 8020.			This course will cover visual psychophysical techniques commonly used in clinical research. Prereq: Grad standing in VisSci.		
8003 Visual Sensory Processes	G	2	8111 Advanced Topics in Low Vision	G	1
Neurophysiology of the retina, the ascending visual pathway, and the brain, and their functional significance. Prereq: Enrollment in Vision Science Grad program, or permission of instructor. Not open to students with credit for 8030.			Advanced topics in models for rehabilitation, patient-reported outcomes measurement, and psychophysical testing of people with permanent vision impairment. Prereq: Grad standing in VisSci.		
8004 Optics of the Eye and Specification of the Visual Stimulus	G	2	8112 Advanced Binocular Vision and Visual Plasticity	G	1
Ocular image-forming mechanisms of the eye and optics of ophthalmic instrumentation, specification of light, calibration, and control of intensity and spectral composition of light. Prereq: Grad standing in VisSci program, or permission of instructor.			Structural, molecular, and functional considerations of mechanisms underlying visual plasticity. Prereq: Grad standing in VisSci or related discipline.		
8013 Clinical Trials in Binocular Vision	G	1/2	8113 Clinical Trials in Binocular Vision	G	1/2
Review of recent clinical trials in binocular vision, such as amblyopia and intermittent exotropia. Prereq: Grad standing in VisSci.			Review of recent clinical trials in binocular vision, such as amblyopia and intermittent exotropia. Prereq: Grad standing in VisSci.		
8014 Advanced Contact Lens Topics	G	2	8114 Advanced Contact Lens Topics	G	2
Advanced topics related to contact lens materials and care, lens modalities, advanced fitting techniques, adverse events and regulations. Prereq: Grad standing in VisSci.			Advanced topics related to contact lens materials and care, lens modalities, advanced fitting techniques, adverse events and regulations. Prereq: Grad standing in VisSci.		
8015 Effective Scientific Presentation Skills	G	2	8115 Effective Scientific Presentation Skills	G	2
Develop skills to communicate scientific findings using a variety of presentation formats. Prereq: Grad standing in VisSci or related discipline.			Develop skills to communicate scientific findings using a variety of presentation formats. Prereq: Grad standing in VisSci or related discipline.		

8999 Research for Dissertation or Thesis G 1 - 15

Research on thesis or dissertation project only.
Prereq: Grad standing in VisSci. Repeatable to a maximum of 90 cr hrs or 15 completions.
This course is graded S/U.

Welding Engineering

3001 Survey of Welding Engineering U 3

Study of the principles of welding engineering, including processes, design, weldability of materials, codes and standards, and quality assurance.
Prereq: WeldEng major, Physics 1251 (132, 133), and MatScEn 2010 (205); or permission of instructor. Not open to students with credit for 300.

3193.01 Individual Studies in Welding Engineering U ½ - 6

Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.
This course is graded S/U.

3193.02 Individual Studies in Welding Engineering U ½ - 6

Investigations in areas of advanced non-thesis research. Library and/or research investigations under the directions of instructors. Comprehensive report required.
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.

3601 Introductory Arc Welding Laboratory U 1

Basic skills required for manual and semiautomatic arc welding processes.
Prereq: Chem 1250 or 1210; and Math 1151 or 1161; and Physics 1250 or 1260; and enrollment as WeldEng-BS major or pre-major student; or permission of instructor. Not open to students with credit for 350 or 351.

4001 Physical Principles in Welding Processes I U 4

Study of the application of physical principles in engineering of arc welding processes and equipment.
Prereq: 3001, and enrollment as WeldEng-BS major. Prereq or concur: ECE 2300; or permission of instructor. Not open to students with credit for 500, 550, or 600.

4002 Physical Principles in Welding Processes II U 4

Study of the application of physical principles in engineering of non-arc welding processes and equipment.
Prereq: 4001, and enrollment in the WeldEng-BS major or MatScEn-BS major; or permission of instructor. Not open to students with credit for 600, 601, and 651.

4003 Principles of Welding Process Control U 3

Study of principles and practical application of control systems and control elements of welding processes.
Prereq: 4001, and enrollment in the WeldEng-BS or MatScEn-BS major; or permission of instructor. Not open to students with credit for 605.

4012 Resistance Welding Processes U 3

Addresses the fundamentals, theory, and application of Resistance Welding processes, with emphasis on processes, equipment, materials, and quality control.
Prereq: 4002, and enrollment as WeldEng-BS major; or permission of instructor. Not open to students with credit for 602 or 702.

4021 Solid-State Welding/Joining U 3

The welding and joining of materials in the solid state with emphasis on physical processes and metallurgical principles.
Prereq: 4001 and 4102, and enrollment in the WeldEng-BS or MatScEn-BS major; or permission of instructor. Not open to students with credit for 701.

4023 Brazing and Soldering U 3

Brazing and soldering processes with emphasis on physical and metallurgical principles, materials, design and application considerations.
Prereq: 4101, and enrollment in the WeldEng-BS or MatScEn-BS major; or permission of instructor. Not open to students with credit for 703.

4024 High Energy Density Welding Processes U 2

Theory and practice of laser, electron beam, and other high energy density welding processes.
Prereq: 4001, and enrollment as a WeldEng-BS or MatScEn-BS major; or permission of instructor. Not open to students with credit for 704.

4101 Welding Metallurgy I U 3

Application of physical metallurgy principles to nonequilibrium thermo-mechanical conditions associated with welding in structural alloys and focus on carbon steels.
Prereq: MatScEn 2251 and 3141, and enrollment as a WeldEng-BS or MatScEn-BS major.
Concur: 4611; or permission of instructor. Not open to students with credit for 610.

4102 Welding Metallurgy II U 3

Addresses the welding metallurgy and weldability principles associated with stainless steels, nickel-base, aluminum-base, and titanium-base alloys and other nonferrous alloys.
Prereq: 4101, and enrollment as WeldEng-BS major. Prereq or concur: 4612; or permission of instructor. Not open to students with credit for 612.

4112 Weldability U 3

Teaches the basic concepts of weldability and focuses on failure mechanisms in welded construction. Failure phenomena that occur during fabrication, repair, and during service are discussed.

Prereq: 4101, and WeldEng-BS major; or permission of instructor. Not open to students with credit for 714 or 715.

4115 Computational Analysis of Welding Processes and Welded Materials U 3

Fundamental understanding of temperature, stress, deformation, microstructure and property evolutions in welds using an integrated computational modeling approach.

Prereq: 4101 and 4002, and enrollment in the WeldEng-BS or MatScEn-BS major; or permission of instructor. Not open to students with credit for 715.

4121 Computational Thermodynamics and Kinetics U 2

Comprehensive background on computational thermodynamics and kinetics. Includes focus on CALPHAD (Calculation of Phase Diagram) methodology.

Prereq: MatScEn 2251 and 3151, or equivalents; or grad standing in MatScEn or WeldEng, or permission of instructor. Not open to students with credit for 7121. Cross-listed in MatScEn 5321.

4189 Industrial Experience U 1

Experience in an industrial organization and the submitting of an acceptable report on the work done.

Prereq: 4002 and 4202, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 489.

4193.01 Individual Studies in Welding Engineering U 1 - 6

Non-thesis research investigations under the directions of instructors. Comprehensive report required.

Prereq: Enrollment as a WeldEng-BS major or MatScEn-BS major; and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.

4193.02 Individual Studies in Welding Engineering U 1 - 6

Non-thesis research investigations under the directions of instructors. Comprehensive report required.

Prereq: Enrollment as a WeldEng-BS major or MatScEn-BS major; and permission of instructor. Repeatable to a maximum of 12 cr hrs or 12 completions.

4194 Group Studies in Welding Engineering U 1 - 4

Special topics in Welding Engineering. Topic, credit hours, and instructor will be announced in the preceding semester.

Repeatable to a maximum of 12 cr hrs or 6 completions.

4201 Engineering Analysis for Design and Simulation U 4

Fundamentals of engineering analysis of heat flow, thermal and residual stresses, and fracture and fatigue with applications to design and simulation in welding and manufacturing.

Prereq: 3001; and Math 2177, or 2255, or 2415, or 2174; and MechEng 2040 or 2020; and Engr 1221 or 1281H; and enrollment in WeldEng major; or permission of instructor. Not open to students with credit for 620 or 621.

4202 Welding Design U 3

Fundamentals of design and application of codes and standards for welded structures.

Prereq: 4201, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 621 or 641.

4240 Fitness-for-Service of Welded Structures U 2

The interrelationship of design, fabrication, nondestructive evaluation, fracture mechanics, and reliability concepts in establishing the overall fitness-for-purpose of welded structures.

Prereq: 4201, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 740.

4301 Nondestructive Evaluation U 3

Main concepts of Nondestructive Evaluation of materials as applied to inspections of joints and structures; principles of conventional methods and their capabilities and limitations.

Prereq: 4201, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 631.

4303 Ultrasonic Nondestructive Testing U 3

Principles of ultrasonic wave generation, interaction of ultrasonic waves with material structures with emphasis on characterization of material properties, and quantitative ultrasonic evaluation of material discontinuities.

Prereq: 4103, and enrollment as WeldEng-BS major; or permission of instructor. Not open to students with credit for 732.

4406 Welding of Plastics and Composites U 3

Theory and practice in welding of plastics and polymeric composites, including theory and analysis of welding processes, part and joint design, and process selection.

Prereq: 4201, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 706.

4407 Adhesive Bonding and Mechanical Joining of Plastics U 2

Fundamentals of adhesive bonding science and technology and methods for mechanical joining of plastics including fasteners, snap-fits, press-fits, swaging, and staking.

Prereq: 4201, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 707.

444 Welding Engineering

4595 Topics in Welding Engineering	U 2	7012 Resistance Welding Processes	G 3
Theory and application of novel and hybrid welding processes. Prereq: 4002, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 695.		Addresses the fundamentals, theory, and application of Resistance Welding processes, with emphasis on processes, equipment, materials, and quality control. Prereq: 7002 or 4002, and Grad standing; or permission of instructor. Not open to students with credit for 4012 (602) or 702.	
4602 Welding procedure development	U 1	7021 Solid-State Welding/Joining	G 3
Development of welding procedure specifications for arc and resistance spot welding processes. Qualification of welding procedures to commonly-used codes and specification. Prereq: WeldEng 4002.		The welding and joining of materials in the solid state with emphasis on physical processes and metallurgical principles. Prereq: 7001, 7002, 7101, 7102, 4001, 4002, 4101, or 4102, and Grad standing; or permission of instructor. Not open to students with credit for 4021 (701).	
4606 Welding Robot Programming and Operations	U 1	7023 Brazing and Soldering	G 3
Laboratory experience programming and operation of robotic welding systems. Prereq: 3001, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 656.		Brazing and soldering processes with emphasis on physical and metallurgical principles, materials, design and application considerations. Prereq: 7101 or 4101, and 7102 or 4102, and Grad standing; or permission of instructor. Not open to students with credit for 4023 (703).	
4611 Welding Metallurgy Laboratory I	U 1	7024 High Energy Density Welding Processes	G 2
Fundamental understanding of microstructure evolution in alloys and steels during heat treatment, as well as welding through various characterization techniques. Prereq: MatScEn 3141, and enrollment as a WeldEng-BS or MatScEn-BS major. Concur: WeldEng 4101; or permission of instructor. Not open to students with credit for 661.		Theory and practice of laser, electron beam, and other high energy density welding processes. Prereq: 4001 or 7001, and Grad standing; or permission of instructor. Not open to students with credit for 4024 (704).	
4612 Welding Metallurgy Laboratory II	U 1	7101 Welding Metallurgy I	G 3
Offered in conjunction with WeldEng 4102: Welding Metallurgy 2. The course demonstrates microstructure evolution and weldability principles in stainless steels and nonferrous alloys. Prereq or concur: 4102, and enrollment in WeldEng-BS major; or permission of instructor. Not open to students with credit for 662.		Application of physical metallurgy principles to nonequilibrium thermo-mechanical conditions associated with welding in structural alloys and focus on carbon steels. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4101 (610) or 611.	
4901 Capstone Welding Design I	U 2	7102 Welding Metallurgy II	G 3
Group design projects building on all aspects of Welding Engineering. Prereq: Sr standing in WeldEng-BS major, or permission of instructor. Not open to students with credit for 690 and 691.		Addresses the welding metallurgy and weldability principles associated with stainless steels, and nickel-base, aluminum-base, and titanium-base alloys. Prereq: 7101 or 4101, and Grad standing; or permission of instructor. Not open to students with max credit for 4102 (612).	
4902 Capstone Welding Design II	U 3	7112 Weldability	G 3
Group design projects building on all aspects of Welding Engineering. Prereq: 4901, and enrollment as a WeldEng-BS major; or permission of instructor. Not open to students with credit for 692.		Teaches the basic concepts of weldability and focuses on failure mechanisms in welded construction. Failure phenomena that occur during fabrication, repair, and during service are discussed. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4112 (714) or 715.	
4998 Undergraduate Research in Welding Engineering	U 1 - 3	7115 Computational Analysis of Welding Processes and Welded Materials	G 3
Opportunity for supervised undergraduate research in Welding Engineering. Prereq: Enrollment as a WeldEng-BS major, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.		Fundamental understanding of temperature, stress, deformation, microstructure and property evolutions in welds using an integrated computational modeling approach. Prereq: 7002 or 4002, and Grad standing; or permission of instructor. Not open to students with credit for 4115 (715).	
4999 Undergraduate Research	U ½ - 3	7121 Computational Thermodynamics and Kinetics	G 2
Supervised undergraduate research on topics in Welding Engineering (non-honors version). Prereq: Enrollment in WeldEng-BS major, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.		Comprehensive background on computational thermodynamics and kinetics. Includes focus on CALPHAD (Calculation of Phase Diagram) methodology. Prereq: MatScEn 2251 and 3151, or equiv, or Grad standing in MatScEn or WeldEng, or permission of instructor. Not open to students with credit for 4121. Cross-listed in MatScEn 5321.	
4999H Undergraduate Honors Research in Welding Engineering	U 1 - 3	7193.01 Individual Studies in Welding Engineering	G 1 - 6
Honor program students are offered the opportunity for supervised undergraduate research in Welding Engineering. Student presentation and thesis writing included. Prereq: Honors standing, enrollment as a WeldEng-BS major, and permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions.		Non-thesis research investigations under the directions of instructors. Comprehensive report required. Repeatable to a maximum of 12 cr hrs or 12 completions. This course is graded S/U.	
5038 Introduction to Ultrasonics - With Applications	U G 3	7193.02 Individual Studies in Welding Engineering	G 1 - 6
The fundamental principles of ultrasonics will be covered, followed by the interaction of ultrasound with materials, and concluding with investigations of the major industrial applications. Prereq: Math 2177, 2255, or 2415, and MechEng 2040; or permission of instructor. Not open to students with credit for 638 or MechEng 638.		Non-thesis research investigations under the directions of instructors. Comprehensive report required. Repeatable to a maximum of 12 cr hrs or 12 completions.	
6194 Group Studies in Welding Engineering	G 1 - 4	7194 Group Studies in Welding Engineering	G 1 - 4
Special topics in Welding Engineering. Topic, credit hours, and instructor will be announced in the preceding semester. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 8 completions.		Special topics in welding engineering; topic, credit hours, and instructor will be announced in the previous semester. Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 8 completions.	
6999 Graduate Research in Welding Engineering	G ½ - 18	7201 Engineering Analysis for Design and Simulation	G 4
Research for thesis purposes only. Repeatable to a maximum of 45 cr hrs or 15 completions. This course is graded S/U.		Fundamentals of engineering analysis of heat flow, thermal and residual stresses, and fracture and fatigue with applications to design and simulation in welding and manufacturing. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4201 (620) or 621.	
7001 Physical Principles in Welding Processes I	G 3	7202 Welding Design	G 3
Study of the application of physical principles in engineering of arc welding processes and equipment. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4001 (500) or 600.		Fundamentals of design and application of codes and standards for welded structures. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4202 (641) or 621.	
7002 Physical Principles of Welding Processes II	G 3	7240 Fitness-for-Service of Welded Structures	G 2
Study of the application of physical principles in engineering of non-arc welding processes and equipment. Prereq: 7001 or 4001, and Grad standing; or permission of instructor. Not open to students with credit for 4002 (600) or 601.		The interrelationship of design, fabrication, nondestructive evaluation, fracture mechanics, and reliability concepts in establishing the overall fitness-for-purpose of welded structures. Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4240 (740).	
7003 Principles of Welding Process Control	G 3		
Study of principles and practical application of control systems and control elements of welding processes. Prereq: 7001 or 4001, and Grad standing; or permission of instructor. Not open to students with credit for 4003 (605) or 655.			

7301 Nondestructive Evaluation	G 3	2215 Reading Women Writers	U 3
Main concepts of Nondestructive Evaluation of materials as apply to inspections of joints and structures; principles of conventional methods, their capabilities and limitations.		Study of women writers' strategies for articulating experiences and using literature as a lens for social reality and catalyst for social and political change.	
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4301 (631).		Prereq: Not open to students with credit for 215. GE lit course.	
7302 Industrial Radiography	G 3	2230 Gender, Sexuality and Race in Popular Culture	U 3
Basic elements of industrial radiography, characterization of a radiographic system as a linear system, quality of radiographs, real-time radiography, microradiography, and computerized tomography.		Explores how popular culture generates and articulates our understandings of gender and sexuality and their intersections with race and class.	
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4302 (635).		Prereq: Not open to students with credit for 230. GE VPA course.	
7303 Ultrasonic Nondestructive Testing	G 3	2282 Introduction to Queer Studies	U 3
Principles of ultrasonic wave generation, interaction of ultrasonic waves with material structures with emphasis on characterization of material properties, and quantitative ultrasonic evaluation of material discontinuities.		Introduces and problematizes foundational concepts of the interdisciplinary field of queer studies, highlighting the intersections of sexuality with race, class, and nationality.	
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4303 (732).		Prereq: Not open to students with credit for 282 or English 2282 (282). GE cultures and ideas and diversity soc div in the US course. Cross-listed in English.	
7406 Welding of Plastics and Composites	G 3	2296H Topics in Women's, Gender and Sexuality Studies	U 3
Theory and practice in welding of plastics and polymeric composites, including theory and analysis of welding processes, part and joint design, and process selection.		In-depth study in women's, gender and sexuality studies focusing on current issues in feminist analysis.	
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4406 (706).		Prereq: Honors standing.	
7407 Adhesive Bonding and Mechanical Joining of Plastics	G 2	2300 Approaches to Feminist Inquiry	U 3
Fundamentals of adhesive bonding science and technology and methods for mechanical joining of plastics including fasteners, snap-fits, press-fits, swaging, and staking.		Introduction to principles of feminist analysis as they apply to a range of contemporary issues and institutions.	
Prereq: Grad standing, or permission of instructor. Not open to students with credit for 4407 (707).		Prereq: Not open to students with credit for 300.	
7611 Welding Metallurgy Laboratory I	G 1	2305 Gender and Sexuality in Global Perspective	U 3
Fundamental understanding of microstructure evolution in alloys and steels during heat treatment, as well as welding through various characterization techniques.		Investigates gender and sexuality in transnational and cross-cultural perspective.	
Prereq: Grad standing. Concur: 4101 or 7101, or permission of instructor. Not open to students with credit for 4611 (661).		Prereq: Not open to students with credit for 305.	
7612 Welding Metallurgy Laboratory II	G 1	2306 Girlhood	U 3
Offered in conjunction with 7102 - Welding Metallurgy II. The course demonstrates microstructure evolution and weldability principles in stainless steels and nonferrous alloys.		An examination of the contemporary contexts and social differences of female adolescence, including race, ethnicity, location, sexuality, class.	
Prereq or concur: 7102, and Grad standing; or permission of instructor. Not open to students with credit for 4612 (662).			
7895 Graduate Seminar	G 1	2325 Health and Inequality	U 3
Presentations and discussion by graduate students and involved outside speakers on thesis research and current problems in Welding Engineering.		An interdisciplinary inquiry into the relationships between health and gender under political, biological, economic, spiritual, cultural and/or socially constructed influences.	
Prereq: Grad standing in WeldEng. Repeatable to a maximum of 20 cr hrs. This course is graded S/U.			
8004 Theory of Laser Welding	G 2	2326 Feminist Perspectives on Addiction	U 3
Theory of high energy density laser welding processes.		An interdisciplinary feminist focus on addictive consequences of sex-role socialization, substance abuse, addiction in intimate relationships, and eating disorders; consequences of addiction among women.	
Prereq: 4024 or 7024, and Grad standing; or permission of instructor. Not open to students with credit for 804.		Prereq: Not open to students with credit for 326.	
8194 Group Studies in Welding Engineering	G 1 - 4	2340 Latina Experience in the U.S.	U 3
Special topics in Welding Engineering. Topic, credit hours, and instructor will be announced in the preceding semester.		Introduces the important and far reaching issues of Latinas today, recognizing the contributions of these women to U.S. history, the women's movement and feminism.	
Prereq: Permission of instructor. Repeatable to a maximum of 12 cr hrs or 8 completions.		Prereq: Not open to students with credit for 340.	
8999 Graduate Research in Welding Engineering	G ½ - 18	2350 Feminist Perspectives on Women and Violence	U 3
Research for dissertation purposes only.		Uses an interdisciplinary feminist approach to analyze selected issues of interpersonal and institutionalized violence in which women are victims or perpetrators.	
Repeatable to a maximum of 60 cr hrs or 20 completions. This course is graded S/U.		Prereq: Not open to students with credit for 350.	
Women's, Gender, and Sexuality Studies			
1110 Gender, Sex and Power	U 3	2367.01 U.S. Women Writers: Text and Context	U 3
Introduces students to the study of gender, sex, and power. We will draw on a variety of literatures to analyze gender, race, sexuality, and other identities. We will place the study of US women in broader transnational contexts.		Writing about and analysis of female experiences as represented in U.S. literature by women; emphasis on interdisciplinary relationships between literature and socio-political history.	
Prereq: Not open to students with credit for 110, 110H, WomStds 101, 101H, 110, or 110H. GE cultures and ideas and soc sci indivs and groups and diversity soc div in the US course.		Prereq: English 1110 (110), and Soph standing. Not open to students with credit for 367.01. GE writing and comm: level 2 and lit and diversity soc div in the US course.	
1110H Gender, Sex and Power	U 3	2367.02 U.S. Latina Writers: Text and Context	U 3
Introduces students to the study of gender, sex, and power. We will draw on a variety of literature to analyze gender, race, sexuality, and other identities. We will place the study of US women in broader transnational context.		Writing and analysis of U.S. Latina experiences, with emphasis on interdisciplinary relationships between literature and U.S. Latina socio-political history.	
Prereq: Honors standing, or permission of instructor. Not open to students with credit for 110, 110H, WomStds 101, 101H, 110, or 110H. GE cultures and ideas and soc sci indivs and groups and diversity soc div in the US course.		Prereq: English 1110 (110), and Soph standing. Not open to students with credit for 367.02. GE writing and comm: level 2 and lit and diversity soc div in the US course.	
2194 Group Studies	U 3	2367.03 U.S. Lesbian Writers: Text and Context	U 3
Special studies not otherwise offered.		Writing and analysis of U.S. lesbian experiences, with emphasis on interdisciplinary relationships between literature and U.S. lesbian socio-political history.	
Repeatable to a maximum of 6 cr hrs.		Prereq: English 1110 (110), and Soph standing. Not open to students with credit for 367.03. GE writing and comm: level 2 and lit and diversity soc div in the US course.	
History of Feminist Thought			
2550 History of Feminist Thought	U 3		
An introduction to and analysis of major texts of feminist theory as it has developed and changed since the Enlightenment.			
Prereq: Not open to students with credit for 550.			

446 Women's, Gender, and Sexuality Studies

2702 Modern Arabic Literature in Translation U 3

Reading and analysis of representative works of the 19th and 20th centuries by contemporary women authors.

Prereq: English 1110 (110). Not open to students with credit for 2702H (372H), 372, Arabic 2702 (372), or 2702H (372H). GE lit and diversity global studies course. Cross-listed in Arabic.

2702H Modern Arabic Literature in Translation U 3

Reading and analysis of representative works of the 19th and 20th centuries by contemporary women authors. Taught in English.

Prereq: Honors standing, and English 1110 (110); or permission of instructor. Not open to students with credit for 2702 (372), 372H, Arabic 2702 (372), or 2702H (372H). GE lit and diversity global studies course. Cross-listed in Arabic.

3191 Internship in Women's, Gender and Sexuality Studies U 1 - 3

Supervised practical experience at a departmental approved internship site related to the student's major or minor in Women's, Gender and Sexuality Studies.

Prereq: Permission of instructor. Repeatable to a maximum of 6 cr hrs or 6 completions. This course is graded S/U.

3302 Engendering Peace and Conflict U 3

Analysis of the gendered dimensions of political, ethnic, and economic situations involving armed struggle, security issues, and peace-building worldwide. Topics include terrorism, militarization, refugees, diplomacy, truth commissions, etc.

3306 Gender, Media, and New Technologies U 3

Explores how race, gender, class, sexuality, and physical ability discourses of the real world are or aren't redefined in the virtual world.

3310 Science Fiction: East vs. West U 3

Slavic, American, and British sci-fi on page and screen as reflection of major cultural concerns: progress, utopia, human perfectibility, limits of science and knowledge, gender, identity. Taught in English.

Prereq: Not open to students with credit for Slavic 3310 or 3320. GE VPA and diversity global studies course. Cross-listed in Slavic.

3317 Hollywood, Women, and Film U 3

A critical survey of the rep. of women in Hollywood cinema, examples drawn from the 1930's to present. Learn how film has functioned in its representation of women and how and why women film makers have created alternative visions of women in film.

Prereq: Not open to students with credit for 317. GE VPA course.

3320 Topics in Women's, Gender and Sexuality Studies U 3

Provides in-depth analyses of specific topics in the areas of difference and diversity, culture and representation, and political contexts and social change.

Prereq: Not open to students with credit for 320. Repeatable to a maximum of 6 cr hrs.

3370 Sexualities and Citizenship U 3

A survey of cultural, social, and political issues related to historical and contemporary lesbian experience in the United States.

Prereq: Not open to students with credit for 370. GE diversity soc div in the US course.

3385 Women in Political Leadership Internship U 3

Offers students opportunities to learn leadership and policy making skills by working with Ohio women lawmakers.

Prereq: Not open to students with credit for 385.

3505 Feminist Perspectives on Globalization U 3

Examines how feminist activists and scholars understand and interrogate contemporary globalization.

3530 Women, Environment and Development U 3

Interdisciplinary study of women's roles as environmental stewards and in resource-based development in global context. Attention given to gender differences in environmental and rural practices.

Prereq: Not open to students with credit for ENR 3530. Cross-listed in ENR.

4189.01S Reproductive Rights and Justice U 3

This class takes an interdisciplinary feminist approach to investigating the history and contemporary politics of reproduction. It focuses on both US and global contexts and links the academic investigation to service learning in the Columbus community. Students will work with organizations who seek to further the goals of reproductive justice in policy, activist, legal, and healthcare contexts.

Prereq: 1110.

4194 Group Studies U 3

Special studies not otherwise offered; topic varies; students should consult department course listing.

Repeatable to a maximum of 6 cr hrs. This course is graded S/U.

4375 Women and Visual Culture U 3

Analysis of visual images of women in historical, racial, and class contexts.

Prereq: Not open to students with credit for 375.

4401 Asian American Women: Race, Sex, and Representations U 3

Examines the experiences and cultural representations of Asian American women for insight into race, gender, sexuality, and citizenship in U.S. and Asian societies.

GE historical study and diversity soc div in the US course. Cross-listed in History 3612.

4402 Black Women: Representations, Politics, and Power U 3

Examines the ways in which black women and black womanhood are constructed and represented across cultural, social, and political contexts in the U.S., specifically how they are making meaning of their lives.

4403 Gender and Leadership U 3

Focuses on how gender can influence who becomes a leader, the styles of leadership they employ, and how effective leaders can be.

4404 Regulating Bodies: Global Sexual Economies U 3

Regulation of women's bodies and sexual practices in national and international contexts. Topics include: state regulation of reproduction, population control, and migration of sexualized labor.

4405 Race and Sexuality U 3

Placing the concepts of 'race' and 'sexuality' in the historical frameworks of colonialism, slavery, and 19th century science, we will draw on feminist, anti-racist and queer theorists, literature, and film to investigate how race and sexuality intersect in all our lives.

4465 Feminist Political Theory U 3

Examines concepts in feminist political theory including the articulation of feminism, the subjects of feminist theory, the relation of race, class and sexuality to gender experience, and the use of feminist theory to transform conceptions of justice.

Prereq: Not open to students with credit for PolitSc 4465. Cross-listed in PolitSc.

4510 American Women's Movements U 3

An interdisciplinary analysis of the American women's movements, including historical, literary, sociological, and theoretical perspectives.

Prereq: Not open to students with credit for 4510H (510H) or 510. GE diversity soc div in the US course.

4513 Women, Government and Public Policy U 3

An examination of policymaking on gender-related issues and the impact of women in government.

Prereq: Not open to students with credit for 513 or PolitSc 4175 (513). Cross-listed in PolitSc 4175.

4520 Women of Color and Social Activism U 3

Examination of multiple forms of social activism among women of color from various parts of the world concerning local, national, and international issues.

Prereq: Not open to students with credit for 520. GE diversity soc div in the US course.

4524 Women and Work U 3

The social, cultural, and historical factors that influence women's work and the multiple ways work is gendered.

Prereq: Not open to students with credit for 524.

4527 Studies in Gender and Cinema U 3

Analysis of different film types focused on women to help students understand historical scope, theoretical frameworks, and reading strategies for understanding these films; topics vary.

Prereq: Not open to students with 10 qtr or hrs of 527 or FilmStd 527. Repeatable to a maximum of 9 cr hrs.

4540 Women of Color: Art, Literature and Culture U 3

Interdisciplinary feminist study of selected historical and cultural movements through writing by women of color; topics vary by genre and by era.

Prereq: Not open to students with credit for 540.

4560 Chicana Feminism U 3

Provides a general overview of Chicana feminist theory and practice from the early 1970's to the present.

Prereq: Not open to students with credit for 560.

4575 Women's Studies Senior Seminar U 3

Examination of particular contemporary issues which have crucial implications for feminist inquiry (topics vary).

Prereq: 2300 (300). Not open to students with credit for 575.

4597 Gender and Democracy in the Contemporary World U 3

Highlighting perspectives from various contexts across the globe, this course explores issues of gender and democracy in the contemporary world.
